The Minister of the Royal House.

Dear Colonel,

I am instructed by His Royal Highness the Regent General of the Kingdom to bring to your attention, for whatever action - within the limits of justice and possibility - you may think fit, the attached expense in which Mrs. Angelica Camassa Guerritore resident of Cava dei Tirreni (Salerno) at Corso Umberto I, desires that the position of her husband may be cleared up. Lt. Col. of the Air Force, Mino Bixio Camassa, has been interned these last seventeen months in the concentration camp of Padula (Salerno).

I thank you for whatever you may be able to do and I beg you to accept dear Colonel, my most cordial greetings.

Translation

Your Royal Highness,

The undersigned is the wife of Lt.Col. of the Air Force Mino Bixio CAMASSA who has been interned in the concentration camp of Padula for seventeen months.

As in these 17 months I find myself in desperate conditions, having to live with my parents who are themselves in not very good economical conditions, I have taken the liberty of asking Your Highness to please intervene with the Allied authorities on our behalf. After the 8th Sept. I was compelled to live in the Abruzzi with my son, military cavalry student devided from my husband who commanded the 54th Deposito Carburanti of the Air Force in Taranto. For three months I had to live a vagabond's life, going from one place to another so as not to let my son be found by the Germans. Having finally saved ourselves from the danger of war we reached the Allied lines in Frisco (Lanciano) on the 13 December where with the assistance of ALGOT we continued onwards to Bari.

After remaining fifteen days with my husband I was surprised one day when he did not return home. He had been arrested by the Office of the 2nd. District (English) in Bari, whilst he was asking permission to go to Lanciano where our furniture had been left abandoned. What was the motive of his arrest? He was suspected of wanting to go over to the German side during the days of the Armistice, for having attempted with us to go to Bari on a convoy - during the invasion of the Allies in Puglia - on the night of the 8 September which was leaving Taranto.

All this is false!!

Two inquests made by the Air Ministry have proved that this was not true my husband did not attempt to go with the Germans; in fact it was proved that he collaborated with an English column of the Air Born Division to the occupation of Massafra (Taranto); they have documented that the order to go off the convoy was given to him personally by Gen. Ranza, commandant of the 4th Squadra Aerea in Bari, in order that he could collect and take under custody all the aeroplane materials that were left.

Although this has been proved my husband has not been released by the Allies. He only obeyed the order that were given to him in those days when armistice had just been signed. Even the Office of Military Security of Bari have admitted the error committed. They have even issued a declaration a copy of which I have in hand.

Your Royal Highness my husband has never been a squadrista, nor sciarpa littorio or Marcia su Roma and has only served his country faithfully. He fought in the first Great War and was decorated three times for Military Valour.

I therefore beg your Royal Highness to please intervene on his behalf with the Allied Authorities in order that he may be released to return to his family who are in need of his assistance.

secondo le intenzioni di Sua Altezza Reale il Luogotenente Generale del Regno, mi permetto segnalare, per il miglior conto che, nei limiti del giusto e del possibile, crederà di farne, l'acclusa istanza con la quale la Signora Angelica Camassa Guerriero, residente a Cava dei Tirreni (Salerno), al Corso Umberto Primo, sollecita la definizione della posizione del marito, Tenente Colonnello d'Aviazione Nino Bixio Camassa, da 17 mesi internato nel campo di concentramento di Fadula (Salerno).

Ringraziandola di quanto crederà di poter fare, la prego di gradire, Illustre Colonnello, i miei più cordiali saluti.

General confederation of Italian industry
Association of the Manufacturers of the Florence Province

Florence, 3 July 1945

To Admiral Stone
Allied Commission

12 LUG 1945

ROME

Subject : Lt. Colonel Arturo PINTO (R. Navy)

On September 3rd, 1944, the above mentioned Navy officer was arrested, after being calumniously denounced by an Italian, by the F.S.S. 412 of Florence, under the charge of having collaborated with the Germans when he was head of the IA Delegation for war production, after the armistice of September 8th 1943.

Three days later, as president of the Association of the Manufacturers of the Florence Province, I sent a collective statement to F.S.S. 412, from which it clearly appeared that when in charge, Lt. Col. Pinto did his best with intelligence, and without thinking about the risk he was running, to save from the Germans all that it was possible to save in the way of men, machinery and raw materials, forming the Florentine industrial power. Among many others, the men who signed the above mentioned statement (which I enclose) can give evidence of his loyal and courageous attitude, which greatly benefited Italy as well as the Cause of the United Nations. They can also supply the best possible evidence and produce the most irrefutable documents.

In spite of this, on September 15th, 1944, Lt. Col. Pinto was interned in the Italian camp of pedula (salerno), and it seems he has not yet been released, though war is now over in Italy and in Europe.

As I know that the highest ranking Authorities in the Italian Navy have asked the highest ranking Allied Authorities to liberate Lt. Col. Pinto, I feel it is my duty, as president of the Association of the Manufacturers of the Florence Province, which owes so much to the said officer, to ask for your personal intervention to have Lt. Col. Pinto liberated at once, to clear up the mistake of which he has been a victim, and do him justice.

I would greatly doubt about the possibilities of human justice if the utmost wasn't done by all concerned to make good the mistake because of which Col Pinto has been a prisoner for ten months.

Trusting that you will solve without delay this question of elementary justice, I remain,

C O P YStatement

The undersigned, directors of firms and industrial plants which are among the most important in the Florence province, state, with full freedom of judgement and assuming complete responsibility for the truth of what they are stating, for what concerns their work and within their knowledge, that Lt. Col. Pinto Arturo, *11 head of the IX Delegation during the period*September 1943 - 12 August 1944, during the absence of the titular of the said Delegation, followed a line of conduct conform to the interests of the nation.

From what they know, the undersigned can give evidence that the above mentioned Head of the IX Delegation made ceaseless and intelligent efforts to save the machinery and equipment, the raw materials and the personnel from the systematic spoliation and destruction of the Germans.

Thanks to his help and work, it has been possible to save from the German commands part of a valuable industrial patrimony which is now being handed over to the country and to the cause of the Allies; to do this he had to run the gravest risks.

The undersigned are able to prove what they have just said with facts and irrefutable proofs, concerning the relations between the various concerns and the Command of the IX Delegation.

Il 3 settembre 1944 l'Ufficiale di Marina in argomento, dietro calunniosa denuncia italiana, è stato fermato dal F.S.S. 412 di Firenze sotto l'accusa di aver collaborato coi tedeschi in quanto Capo della IX Delegazione per le fabbricazioni di guerra dopo l'armistizio dell'8 settembre 1943.

Due giorni dopo, nella mia qualità di Presidente dell'Associazione degli Industriali della Provincia di Firenze, ho inviato al F.S.S. 412 una dichiarazione collettiva, dalla quale risulta inoppugnabilmente che il T.Col. Pinto nell'esercizio delle sue funzioni si è prodigato con intelligenza e sprezzo del pericolo a salvare dai tedeschi tutto il salvabile del potenziale industriale fiorentino in uomini, macchine e materie prime. Della sua condotta leale, coraggiosa, proficua e altamente benemerita per l'Italia e per la Causa delle Nazioni Unite sono testimoni, fra i tanti, i firmatari della sopradetta dichiarazione (che allego), i quali sono in grado di fornire le più certe testimonianze e di esibire i più irrefutabili documenti.

Nonostante ciò il T.Col. Pinto il 15 settembre 1944 è stato internato nel Camp Italia di Padula (Salerno), e tuttora non risulta che sia stato ancora rilasciato, benchè sia finita la guerra in Italia e in Europa.

Poichè mi consta che le massime Autorità della Marina Italiana hanno fatto passi presso le massime Autorità Alleate per la liberazione del T.Col. Pinto, nella mia veste di Presidente dell'Associazione degli Industriali della Provincia di Firenze, che tanto deve al predetto Ufficiale, sento l'assoluto dovere di cortesemente pregarla ad intervenire personalmente perchè il T.Col. Pinto sia immediatamente liberato, almeno perchè possa essere chiarito l'equivoco di cui è rimasto vittima, e perchè gli siano resi giustizia ed onore.

In perfetta coscienza ritengo che la fede nelle possibilità della umana giustizia sarebbe gravemente pregiudicata se non si facesse da parte di chiunque tutto il possibile per riparare all'errore che ha trattenuto il T.Col. Pinto prigioniero per dieci mesi.

Nella certezza che Ella risolverà senza indugio questa questione di elementare giustizia, Le invio coi migliori ringraziamenti i più deferenti ossequi.

DICHIARAZIONE

I sottoscritti dirigenti ditte e stabilimenti industriali fra i più importanti della Provincia di Firenze dichiarano, in piena sincerità e libertà di giudizio ed assumendo piena responsabilità sulla verità di quanto sono in grado di attestare, per il campo di proprio lavoro e conoscenza, che il Ten. Col. PINTO Arturo, reggente la IX Delegazione durante l'intero periodo 11 settembre 1943-12 agosto 1944 in assenza del titolare della Delegazione medesima, ha seguito una linea di condotta consona ai veri interessi nazionali.

Per quanto a loro conoscenza, i sottoscritti sono buoni testimoni che il sopra menzionato Reggente la IX Delegazione si è costantemente e intelligentemente prodigato per raggiungere il triplice obiettivo di salvare dalla sistematica spoliatura e demolizione dei Comandi tedeschi le macchine e attrezzature industriali, le materie prime e il personale.

Mercoledì il concorso di detta persona e dei suoi uffici si è potuto in buona parte sottrarre ai Comandi tedeschi un prezioso patrimonio industriale, che viene oggi restituito alla Patria e alla Causa degli Alleati, non senza essersi esposto ai più gravi rischi e pericoli.

Quanto sopra i sottoscritti sono in grado di comprovare con dati di fatto e testimonianze irrefutabili, nel campo sempre dei rapporti intercorrenti tra le rispettive aziende e il Comando della IX Delegazione.

In fede.

Taranto 50 June 1945

TO : Allied Commission - Liaison officer - BARI.

The undersigned Gilda Bidoli, mother of the internee, Rag. Luigi Bidoli, wishes to expose the following :

Following the denunciation of an unknown person, my son was arrested in September 1944 by the Allied Military Police and sent to the jail of Bari in order to be questioned. But he was never questioned and had to remain in prison for over three months. After that without being interrogated or told the reason why he was interned at the concentration camp of Fudula. When the war ended it was hoped that he would return to his family but, instead, although others are being released every day, my son is still interned.

He has nothing to reprove himself with because he has always led an honest life and during his service at the Distretto Militare of Taranto has made himself esteemed by all his superiors. After his work he dedicated himself to his home and little daughter.

Therefore I, his mother pray and beg you to re-examine the case of her son so that he may gain his freedom in order to be able to work for his little daughter.

Respectfully,

/s/ Gilda Bidoli

SUBJECT : DI LORENZO Andrea - interned at Padula.

For action, we transmit the attached appeal, sent us by the wife of the a/m subject who asks for the release of her husband from the concentration camp. On behalf of Mrs. Matilde Di Lorenzo's request the R. Prefettura refers the following.

"Referring to your above mentioned reference we communicate to you that the declarations made by Mrs. Matilde Di Lorenzo responds to the truth.

Di Lorenzo Andrea was an officer of the m.v.s.n. in service with the 137th Legion of Lanciano in the last years. Confiding himself with his friends he criticized the militia as well as the fascist party revealing their misdeeds. He justified his belonging to the party, as a necessity to earn his living.

In December 1943 he was arrested by the Allied Command, was released and again arrested and interned on the 8th February 1944.

It is the conviction of most of the citizens of Lanciano, that the new arrest of the internee is owed to the fact, that ordered by the 1st Officer Carella to consign the postcards for military call in the area under his jurisdiction, he took the occasion to go with the car of the command to a small village where he had some property to get food for his family.

According to the advice of the CC.RP. we express our favourable opinion to his release.

TO: H.E. BONOMI, President of the Council of Ministers. Rome.

Your Excellency,

I am taking the liberty of writing to your Excellency knowing your kindness and how you understand other peoples unhappiness. My husband Andrea Di Lorenzo, major of the Army and Officer in temporary service in the ex-militia since June 1935 during the African War, returned after two years absence owing to liver trouble contacted in that zone. He was re-called in service in Sept. 1941 for the areas around the coast and was afterwards sent to Croazia returning once more having undergone a new attack of liver trouble in June 1943 retaking service as soon as he got better. After the entry of the Allied troops in Lanciano on the 3 Dec. 43, he was denounced and imprisoned in the local jail and although he was released seven days afterwards because no charge was found against him, he was re-arrested on the 8 February 1944 and immediately sent to the concentration camp of Apula and then to Padula where he is now.

All these incidents and above all his internment of 15 months have placed the undersigned in the most miserable conditions. She has no help and has received no subsidy. Under her care she has to sons and a sister-in-law. Her first son who is 20 years old is inscribed to the first year of University. He has not been able to render any help because wherever he has been to seek work have all refused to give him any. The other son is only twelve years old.

We have no money put aside and so are in such desperate a desperate condition that I have been compelled to turn to you for help.

If his return is not possible, would it be possible to get his office to pay the last months of service (October 43 to Feb. 44) which has not yet been paid or a subsidy? From the 8 Feb. 44 right up to Dec. 44 he was considered a P.O.W. but neither he nor us had any subsidy.

Hoping that your Excellency will consider our case.

I remain,

Yours obediently,

/s/ Matilde Di Lorenzo.

To: The Allied High Command in Italy

I have the privilege of calling your attention on my former request to you wherein I asked to be released from internment in 374 P.M. Camp, on parole. At the same time I gave every formal assurance that I would have kept myself at the disposal of any court of justice to whom I might have been referred feeling at ease that I would have been in a position, at any time to prove that I had never ever entertained the slightest intention of committing any hostile act, against the Allied Armed Forces, not to speak of my even having actually been guilty of such acts. At the time I wrote my aforesaid request I however did not know of the rules which apparently prevent civilian or military internees from being released on parole. I was notified about this by the courtesy of the Commandant of this camp.

I hereby wish to express my firm desire not to be kept further from the field of battle where the Allies are struggling for the freedom and independence of all peoples, in the defence of civilization. I intend most positively to do my share with all my heart and strength.

There is a division of Italian volunteers: who are fighting vigorously in Yugoslavia under Marshal Tito. That division is named after my Grand Father Giuseppe Garibaldi, who was a champion for the liberty of all Nation, It's colours are those of my family. I took part, as a boy, in the Greek-Turkish war of 1912 in defence of Greek independence, and in 1941 I volunteered to fight in France, on the Argonne battlefields, where my brothers Bruno and Costante gave their lives. And now

you wherein I asked to be released from internment in 374 P.W. Camp, on parole. At the same time I gave every formal assurance that I would have kept myself at the disposal of any court of justice to whom I might have been referred feeling at ease that I would have been in a position, at any time to prove that I had never ever entertained the slightest intention of committing any hostile act, again the Allied Armed Forces, not to speak of my even having actually been guilty of such acts. At the time I wrote my aforesaid request I however did not know of the rules which apparently prevent civilian or military internees from being released on parole. I was notified about this by the courtesy of the Commandant of this camp.

I hereby wish to express my firm desire not to be kept further from the field of battle where the Allies are struggling for the freedom and independence of all peoples, in the defence of civilization. I intend most positively to do my share with all my heart and strength.

There is a division of Italian volunteers: who are fighting vigorously in Jugoslavia under Marshal Tito. That division is named after my Grand Father Giuseppe Garibaldi, who was a champion for the liberty of all Nation, It's colours are those of my family. I took part, as a boy, in the greek-Turkish war of 1912 in defence of greek independence, and in 1941 I volunteered to fight in France, on the Argonne battlefields, where my brothers Bruno and Costante gave their lives. And now I ask to be taken out of my idleness at Padula to go and fight with the Garibaldi division in Jugoslavia.

I do not think my request may meet with difficulties on the part of the Italian government, at the Garibaldi Division in which i hope to be included irrespective of any consideration or rank. I should be

./.

quite satisfied with being admitted as a private is not under the Authority of said government.

Hoping I will not be denied this opportunity if proving my loyal feelings for the Allied Cause.

On the 30th of August 1944 the following persons were stopped by the Allied Police at Sellia: Cav. Mannarino Michele fu Nicola, Corea Nicola fu Antonio, Neter Federico Placida fu Francesco, Der Mannarino Nicola di Michele, Greco Antonino fu Giovanni and Corea Antonio di Nicola, all domiciliated and residing in Sellia and after a brief permanence at the Judiciary Jails of Catanzaro, during which they were interrogated, they were interned in the concentration camp of Padula.

With a petition sent to the Ministry of Interior (P.S. General Direction) the a/m internee's families show how no elements could exist to justify such measures taken. And the investigations made by the R. Questura of Catanzaro concludes that not even the minimum element of accusation exists against the a/m Internees. Consequently the Ministry of made a proposal to the Allied Commission for the liberation of the a/m persons.

It seems that the A.C. has answered to the Ministry's proposal saying that they would have the cases re-examined by the Italian Judiciary Authorities for the eventual charges.

(Mrs. Corea Maria sister of the internee Corea Nicola had made an appeal to your Highness who kindly considered the fact and informed Mrs Corea that the Allied Commission was going to pass the brother's case to the Italian Judiciary Authorities.)

Successively your Highness informed us that the R. Procura had asked the A.C. for Corea and that he was not sent. And that Corea together with Mannarino Michele have been requested by the R. Procura of Catanzaro to start a process against them for being accused of having Fascist qualifications (which will be proved that it is not true). And therefore the steps taken for their internment remains also independent from the result of this process.

We are convinced that these steps were taken on account of false accusations made by unjust persons who wanted to give vent to their personal hate, and it would be nothing else but right to release the a/m internees to their work and families who need their help and who with their effecton would help them finish their life (Mannarino - Placida - Corea's case) or who would like to assist their sicknesses (case of Nicola Corea who suffers of pernicious anaemia and need special assistance).

We therefore beg your Highness to taken in consideration the case through the A.C. in order to obtain our relative's liberation.

Camera dei Deputati

Rome 2 July 1945

Excellency,

The family of Miss Ernesta Vacca, at present interned in Padula, sent me a memorandum to answer the possible charges which are supposed to have caused the present sentence, which she has been serving for about nine months.

A similar request, for similar reasons was sent to me by the family of Mr. Anselmo Della Casa, who is also interned in Padula.

As this is a matter of justice for which it is advisable to take in consideration all the reasons given, I thought it my duty to forward to your Excellency the documents which had been sent to me, asking you to give them due attention.

Yours truly,

TranslationNote about Ernesta Vacca, Interned in Padula

Ernesta Vacca, born in 1922, physics student in the Rome University, daughter of Prof. Giovanni Vacca, well known professor of the Rome University, was arrested by the American police on October 5th 1944, kept two months in the Mantellate, and sent to the concentration camp of Padula, on Dec. 1st 1944.

The family never succeeded in discovering the charges made against her.

It appears that the harsh treatment to which she was and is still submitted, is caused by the fact that Ernesta Vacca had been in relations with the X Mas flotilla.

As a matter of fact, Miss Vacca, knew some people in the Flotilla, whom she had met in 1943, while she was doing service in the Relief organization for the town of Rome, to help the victims of the San Lorenzo bombardment.; during the Spring of 1944, she worked for the relief of the men of the said flotilla who had been wounded and were being taken care of in the Rome hospitals.

With the said flotilla, she had no other relations than some connected with the relief work she had undertake in a generous and humanitarian spirit, to fulfil what she considered to be a superior duty; at the same time, her anti-fascist spirit can be proved by the manifests she wrote ever since 1942.

For this reason, she refused to enlist in the X Mas, took no oath, received no salary, never wore any uniform.

Her fellow-students and former teachers can give evidence about her straightforwardness, the esteem that people had for her and the confidence they had and still have in her; during the time when she was obviously in relation with the X Mas, Jewish friends entrusted their papers to her and communist friends remained in friendly relations with her.

As it is obvious, when Rome was liberated, she had nothing to do whatever with the above mentioned persons and concerned herself exclusively with her studies, and with relief work on favour of the refugees, with the Pontifical Commission (Don Carbone, Don Piacentini).

The moral and political precedents of her family are well known and in her favour.

Her father, Prof. Giovanni Vacca, was one of the founders of Italian socialism (1890-1907*); her grandfather Federico, had been secretary to Giuseppe Garibaldi in Naples in 1866 and was exiled for patriotic motives with his brother Giuseppe Vacca, who was later Minister of Justice. Her Grand mother, on her mother's side, Lilianna De Bosis, is American; on her mother's side, her uncle was the well known anti-fascist Lauro De Bosis.

From Padula, Miss Vacca wrote to her family that the colonel in charge of the Camp was satisfied with her conduct, for she was most useful for the organization of the camp services, and gave her the hope she might be liberated when the war was over.

- 2 -

We ask her personal and family precedents to be taken in consideration as well as the straightforwardness of her character incapable of dissimulation or reprehensible activities; the non-political intentions which caused the activity which is supposed to have brought about her imprisonment, this because of her impulsive generosity; the fact that she kept quite apart from suspicious elements; the fact that any suspicion about her political feelings, and her ensuing activity is entirely unfounded.

e/c/

4893

Mr. Adelmo Della Casa was arrested in Rome on June 5th, 1944 by an American Officer and released on June 14th, 1944.

Apparently Mr. Della Casa had been accused of being an influential member of the fascist party and eventually of having been associated with the Italian secret police.

Mr. Della Casa's line of work in life has been always Hotel business in which he succeeded in securing a rather important position. In fact he was managing director of a company which owns the Hotel Palace Ambassador in Rome, and of another company which owns the Hotel Palazzo in Fiumi.

In his capacity he has had the opportunity of meeting people of all classes including those that have had high positions in the fascist regime. Mr. Della Casa does not deny of having been a member - like most Italians - of the fascist party, but he proclaims that he has never had direct or indirect interest in politics either foreign or internal. Never has he been associated with any secret service organization of any kind.

He was rearrested on Sept. 23rd and since then was assigned to concentration camp at Padula where he still is.

Mr. Della Casa is a man of over 60 years of age and is in a very poor state of health. A few months before his arrest he has been very seriously ill for a long period and several prominent doctors have certified that Mr. Della Casa is to be considered chronically ill, and without proper care and a peacefully organized living condition, he is in danger of his life.

Now that the war is over it would be very much appreciated if the case of Mr. Della Casa were again and benevolently examined in view of a possible liberation which would practically mean the saving of Della Casa's life.

LEOPOLDO SIANO born from Leopoldo and Maria Di Navi at Castellammare di Stabia on the 18 of April 1920.

Arrested on the 26 of April 1945 at Castellammare with 11 young men by the Policemen of C.S. was put in the prison of Naples awaiting the result of some inquiries about him, as he had been charged with fascist advertising.

Many researches were made by the Policemen of C.S. about him, at last Major Pecorella declared that Leopoldo Siano could be accused of nothing serious, therefore Major PECORELLA declared him unpunishable.

The the papers were submitted to the judgment of Major ARAKI of the 3th District Sirignano Quarter. Meanwhile the other eleven young men were set at liberty. Only Siano remained in prison as he was charged of knowing some things about such advertising, things told him by a friend of him professor ABBATE, also he in prison, and SIANO should have denounced him. He never collaborated with anyone, as he was adverse to any party. He is now at the concentration camp of Padula and we are told that he is obliged to remain there six months after languishing thirty five days in an inhuman prison of Poggioreale. His parents implore that their son is given back to them, charging themselves with every responsibilities, being their son suffering from chronic nephritis with eschaustion, an illness caught in Africa in 1941 being there on service and for this reason he was sent back to his country and afterwards declared disabled soldier an obtained a war allowance, as you can see from the military paper

- 2 -

given to Major Pecorella.

Leopoldo SIANO on September 1943 fought in Castellammare against the Germans. He hid in his house several Italian soldiers to avoid them that were captured by the Germans, he took care of the wounded and he did not present himself to the call, risking to be killed; as you can see that in a letter written by some friends of him who were near him during the fighting.

If there are mitigatory circumstances for him who kept a good behaviour why not to be indulgent towards him who did not hesitate to give his life for his country?

We have confidence in your goodness, we make appeal to the human feelings of your heart and hopeful we are waiting our son, and in the case is impossible we beseech you to reduce his punishment.

Believe us

Yours faithfully

LEOPOLDO SIANO

The undersigned, Maria Longi in Blandino, wife of the internee Emanuele Blandino of Niche, begs that your Excellency intervenes on behalf of her husband.

He was a state employee and was Vice general Secretary of the Provincial Administration of Enna, and as all the employees had to inscribe to the Fascist party in order to keep his office. He has always been an honest worker.

In order to be able to earn for his family, he was obliged to accept the position of Vice Federal of the Administration, This office he held for a year.

Blandino never abused nor made illicit gains.

The citizens can bear witness for him as well as the authorities who know how he behaved during the period he held his office.

The undersigned takes the liberty to inform you that early in February 1945 her husband underwent a medical examination and was declared unable to support camp life. He also needs to undergo an operation.

Hoping that you will grant my request,

yours obediently,

For the actions you deem necessary, we transmit the attached appeal regarding the a/m subject who is interned in the concentration camp "A" of Padula.

The Prefecture of Florence, who was asked to furnish information regarding Maioli, has communicated as follows:

"As requested by the Allied Police Command, we transmit the attached appeal with the relative order of conveyance, begging you to bring this case to the Public Safety Sub-Comm. Hq. A.S.'s notice.

From the information we have gathered here it seems that it is effectively a matter of mistake between two persons and that the a/m person is interned in the concentration camp of Padula in the place of a certain Maioli Alberto fu Basilio e fu Panichi Artenisia born in Lastra a Signa on the 16th of March 1905, resident in Monteveroni.

The latter, as the carabinieri of Lastra a Signa have informed, has always demonstrated to be a tenacious maintainer of Fascist ideas and disliked by the population.

Squadrista and strongly compromised with the Nazi-fascists Maioli results to be escaped up North, also because he was issued a warrant of arrest by the local General procurator of the Kingdom, as he was accused of robbery, and for suspect of him being the author of a very great theft of goods, committed in the territory of Monteveroni.

Instead, although it results that Maioli Alfredo was inscribed to the Fascio since 1932 it also results that he was never interested in politics and there are no accusations against him.

The mistake has been caused on account of both having the same sir name, for both being straw industrialists and for both having invariable bordering property.

MEMORANDUM REGARDING THE POSITION OF MAIOLI ALFREDO

On the 29th of August 1944 at about 1800 hrs, the RR.CC. of the 427 company (if not mistaking), arrested Maioli Alfredo fu Giovacchino at his home in S. Romolo (Ginestra) by order of the Allied Military Police.

The a/m company was immediately following the advancing troops. According to the informations assumed, they were coming from Montevarchi, arrived at Ginestra (where the arrest was ordered) and then they passed at Montelupo and Signa and further on.

Alfredo Maioli was sent to the concentration camp of Padula. Without knowing the reasons for such steps or the accusations made against him, various documents were gathered, from various societies and persons from Florence from which it appeared how Maioli Alfredo had never covered any fascists charged, but that he put himself at the disposition of the discharged Officers' union for any eventual actions against the Germans.

The a/m documents were attached to a brief memorandum and delivered to the F.S.S. in Florence and also to the Concentration camp Commander & to the governor of Florence (Brig. Gen. E. Nune), but always in vain. It was not possible to know where the same were to be addressed.

Successively we came to the knowledge that there was another Maioli Alberto fu Basilio also interested in the straw industry, had also relatives in Signa and domiciliated in Florence at that time in Viale Belfiore right near the house of Maioli Alfredo, he was compromised with the nazi-fascists during their occupation in Toscana (9 Sept. 1943 - 13 Aug. 1944) and therefore we suspected that there could be a mistake between the two persons.

Such suspect has been affirmed by considering the fact that the police who gave the order of arrest were coming from (Montevarchi) where Maioli Alberto had carried out the principal part of his activities during the a/m period. In addition during these last days writing to the family Maioli Alfredo has informed them that following an interrogation asked by him he understood that he was accused of activities carried out as a nazi-fascist and for being inscribed to the Republican Fascist Party: Characteristic of Alberto and not of Alfredo Maioli.

(Over)

Then the RR.CO. interested themselves in the matter and it has been ascertained how the two persons of Alfredo and Alberto Maioli, are absolutely unfusible. To the first nothing is possible to blame him for, instead, against the second there are many serious accusations.

Recently we found out that a special Sub-Commission in Rome is interested in the matter. We retain that the documents and appeal made by the RR.CO. have been sent to them.

TO: The Allied Commission, Public Safety Sub-Comm. HQ.
ROME,

The undersigned Silvano Maioli di Alfredo, resident in Florence, via Carlo Parenti n.4, exposes as follows:

"In August 1944 the undersigned's father Maioli Alfredo di Giovacchini e di Fagni Palmira, born in Empoli on the 14th of Jan 1888, domiciliated in this city, Via Carlo Parenti n.4, industrialist of straw objects, was stopped by the F.S.S. (^{New Zealand} ~~see Selandesi~~) and after some time interned in the concentration camp of Padula.

The undersigned has not yet been able to know the reasons for which such steps were taken.

Being that my father has never compromised himself for any reason during the passed Fascist regime (the attached statements demonstrate effectively what he did in the past) and that a certificate appears under the name of Maioli Alberto fa Basilio e fu Panichi Artemisia, born at Lastra a Signa on the 16/3/1905, resident in Florence, via Bolognese N.170, Industrial in straw objects, known in Florence, Montevarchi & Lastra a Signa for his favourable ideas towards Fascism and for criminal activities carried out especially during the Nazi-Fascism domination and who went up North Italy right before the arrival of the Allies in Toscana, the undersigned fears that for homonymy reasons and other casual coincidences the Allied agents have stopped & sent to the concentration camp Maioli Alfredo instead of Maioli Alberto.

The undersigned has forwarded various appeals to the Allied Police authorities & Commands of Florence to obtain the re-examination of the procedure adopted against the own father, without results.

Therefore the undersigned applied to this Allied Commission in order to have justice made for his father who suffers of diabetes.

Doc N° 17

FROM THE ALLIED COURIER OF THE 19th OF AUGUST 1944.N° 11

The Citizen situation examined by the Communal Authorities

ABSTRACT

"Taking care of the problems of the most arguent solutions, the Mayor and his committee have placed among the first, that of the dispersed persons' return to their original localities - Hundreds and hundreds of persons have no other desire than this and Prof Pieraccini hopes that the journey can be arranged for many; many immigrants as the decentralization would facilitate more the general situation, first in the hygienic side and then the alimentary side, due to the actual difficulties of Transportation. Since a day or so the send back of some has been started, even though in a reduced measure, yesterday morning it endured a contradiction for the determined cause of the actual circumstances, but it will be doubtlessly re-started - In any case it would be advisable for all those who have their habitual residence in a locality not far from Florence to not wait for the Authority's help....."

TO : The High Commissariat for the Operations, Rome.

The undersigned Maria Gasperini Colaninzi expresses the following case to the kind consideration of this High Commissariat for Operations:

My husband Ing. ITALO COLANINZI, ex National Councilor, Director of the Unione Esorcismi Elettrici of Ancona & Pesaro and who has not adhered to the P.F.R. was stopped by the Polish Police of Ancona on the 6th of August 1943 and on the 11th of the same month he was transferred to the concentration camp of Padula.

For many years he has suffered of diabetes and with "calcoli vescicali" (under the care of Dr. Salvemini & Dr. Venturo from Ancona) was operated in the Canali clinic in Ancona in 1938 for the extraction of the "Calcoli alla vescica" and had another operation made at the same clinic in Sept. 1940 for the supervised re-plantation of the "Calcoli".

For about two years after such operation he didn't have any disorders, but in 1943 (during the months Jan & Feb) my husband's health conditions were bad again due to the continuous bombardments which increased his work and for the consequent work he had to do after the German occupation to save what was possible to this salvage work all the employees of his esercizio collaborated with him in the same time a re-plantation of the "Calcoli" was noticed but due to his internment at the concentration camp of Padula he did not have a chance to cure himself.

Since the internment his sickness has become more serious and on about the 15th of April 45 he was recovered in the camp's clinic and afterwards he was transferred by the British Doctor of the same camp to the Umberto 1° hospital in Nocera Inferiore.

The doctor certificate (of which I attach a copy) points out that three "calcoli" are existing at the "vescica" and an injury of neoplastic nature for which two surgical interventions will be necessary.

Considering the fact that there are no specialists in the hospital of Nocera for my husband's operation it will be necessary to call the specialists who are living outside of the country which would be impossible for us to do on account of our limited financial conditions, it would be desired to at least have him interned in the (Cianciulli clinic in Rome) where a guarantee of a more favourable result could be given and where he could be assisted by us.

For many years he has suffered of diabetes and with "calcolosi vescicali" (under the care of Dr. Salvolini in Ancona in 1939 for the extraction of the "calcoli alla vescica" and had another operation made at the same clinic in Sept. 1940 for the supervised re-prodaction of the "Calcoli").

For about two years after such operation he didn't have any disturbs, but in 1943 (during the months Jan & Feb) my husband's health conditions were bad again due to the continuous bombardments which increased his work and for the consequent work he had to do after the German occupation to save what was possible (to this salvage work all the employees of his exercise collaborated with him) in the same time a re-prodaction of the "Calcoli" was noticed but due to his internment at the concentration camp of Padula he did not have a chance to cure himself.

I therefore beg your High Commissariat to kindly examine this case so that he may be returned under our care, even in a controlled liberty form.

I inform you in addition that the Direction of the Unione Esportiva Elettrica in Rome, via Torino 117 has suspended the pay which by husband is entitled to since he was stopped being that the suspension decree has not yet been sent to them as my husband is at the disposal of the Allied Authorities.

As I understand that such decree is to be issued by your office I insist on the matter being that my husband is in great need of money for his health expenses and I beg you to intervene on the matter so to obtain his back wages.

ESAME CISTOSCOPICO = Il basso fondo della vescica é occupato da 3 calcoli - 2 di colorito bruno - uno incrostato di fosfati della grandezza di un confetto medio. La parete laterale destra presenta chiazze diffuse di cistite cronica. Nulla a carico della cupola vescicale. La parete laterale sinistra invece si presenta di aspetto cerebriforme con qualche punto addirittura mammellonato con numerosi punti emorragici. La mucosa appare infiltrata. TranslationMEMORANDUM

Avv. LUIGI SCOPONT of Ancona, was arrested in June 1944 at Civitanova Alta, (Marche) where he lived with his family since 1943, having evacuated there.

The same night that the Allies entered Civitanova he was conducted to the jail there without any explanation and after 15 days was released by the Polish Command, with the promise of not moving from the town.

On the 18 August, when Ancona was taken, he was once more arrested by the patriots of that city and by a civilian who stated that he was an officer belonging to the English Police. He was once more imprisoned in the Jail of Civitanova, after a month at the Questura of Ancona and on the 6 of Oct. 1944 after several journeys up and down was sent to the concentration camp of Padula where he is still now.

Only a month ago he was called by the Commandant of the camp, who finally told him what were the accusations made against him:

- 1) For having been Preside of the Province of Ancona.

This charge was purely civil and administrative.

- 2) For having been President of the Istituto of Cultura fascista for the City of Ancona up to 1943.

This date is not correct because it was up to 1943.

- 3) For having been in the Dirretorio Federale up to 1943.

As President of the Istituto di Cultura, automatically he held this charge and only remained up to 1942.

- 4) For having had a recompence from the germans.

This was conferred on him because he had obtained locally to have the german language taught. This allowance was given to him in 1941 and is considered a civil reward.

The English Command has declared to know perfectly that he was not inscribed to the fascist republican party and that he has never collaborated with them, because since 1943 he had retired to Civitanova Alta (Marche) without interesting himself anymore in politics.

This is all that he is accused of.

TO: Allied Command

M I L A N

Colonel Savino NUZZI sends the following statement on his son, with the hope of gaining his release from the concentration camp.

On the night of the 14 October 43, his son Riccardo aged 16 left his house in Milan. In his room he left the following note: "I am leaving to enroll myself voluntary against the Germans. I am sorry to give you this displeasure but the hate I have against these people is more stronger than the love I have for you all. I will write every day so that you may know where I am" I recommend you to keep calm because I will be prudent. Goodbye all Duccio(Riccardo)"

The Col. was not very surprised over this because his son had already expressed many times his desire to join the Allies. From that time no news has been heard of him, only an illustrated postcard from Rimini, dated 15 Oct. 43.

Only now when the Col. was hoping to see his son return victorious he has heard news that his son was made prisoner by the Allies and interned first at Turi and then Padula. He often writes to his parents, but they are unable to send him anything because it is prohibited.

The Col. is sure that there must have been a mistake, because his son's character was good. He had been educated to hate and despise the Nazis.

The undersigned Colonel therefore begs that his son's case be re-examined so that he may return to his family.
