From information received at this office, it results that Rossi Lio, son of Romolo, ex-member of the Mussolini Black Brigades of Lucca, is presently interned in a concentration camp whose locality is unknown to this office.

Rossi Lio, against whom a warrant of arrest has been issued, is one of the chief responsible in the trial against that Black Brigade which is presently held at this office and whose preliminaries will soon come to a close in order to begin the case.

It is therefore requested that this Headquarters authorise the seizure of Rossi and his transfer to the Reali Carabinieri or Public Security agents of the region where he is interned in order to have brought to the local jail at the disposal of this Office.

Gentlemen:

I beg to mention the following for your kind consideration please.

I have received news from certain people in Syria that my son Hamdi Kamel Sukhon is a prisoner in an English camp in Terni, which is 100 K.M. distance from Rome. I beg to tell you that my son left Palestine 1937 to Syria and Iraq for the reason that I refused to give him money to proceed to Paris in order to complete his studies. (To be an artist). I am 70 years old and the bereavement of my son is a source of agony to me. Therefore I should be most grateful if you would kindly use your good offices in releasing my son. I am furthermore ready to accept any conditions you impose for releasing him on bail as well as the payment of any amount which you think necessary as expenses.

I have the honour to remain,

Could Undertakings that this
Interview accepted 12/1/46.

The undersigned, mother of the young Luciano RAMPONI di Ettore and di Cesarina TORCHI, born on the 10th of October 1924 begs this Command to examine favourably her son's position, and issue as soon as possible an order of release, so that he may come back to his anxious and worried family.

The young Luciano was arrested in Bologna on the 11th of June 1945, where he remained until the 17th of July, and then was removed to the Concentration Camp of Modena, successively to Sesndicci and then to Terni, where he is at present time.

At first he was under control of the 5th American Army subsequently under that of the British Command.

He never committed any crime/ nor against the Allies, never transgressed the Allied dispositions, even if he had been compulsorily enlisted. At any rate he endeavoured to avoid enlistment though he did not succeed, owing to the stern dispositions issued against military personnel.

As a confirmation of these words we enclose a/ letter signed by the British citizen Herbert Thomas ARDEN, stating the assistance he received by RAMPONI.

HERBERT personally witnessed at the 5th Army Command in favour of Luciano, but he was not allowed to write a statement as they did not attach much importance to this case.

On the contrary his witness is very important for RAMPONI, who run a serious risk from the Germans.

Therefore the undersigned asks to be allowed to have a talk with the Commander of the Concentration Camp of Terni, in order that she may give futher details about this matter.

Thanking

Rina RAMPONI

Dear Mrs. Ramponi,

as I have already told you, I want to confirm with this letter the following statement. While I was sheltered in Bologna, after my evasion from a Concentration Camp, owing to my wounds and in order to avoid German retaliations, Mour son Luciano, though aware of my position of British prisoner of war, kept the secret, against the disposition ordering denonciation of foreign prisoners.

With many greetings

Oggetto: Denuncia a carico di Roncarelli Renato fu Romolo e di Monti Isora nato a Bologna il 3.6.1916 senza fissa dimora

ALLA R. PROCURA
e.p.c. ALLA R. QUESTURA UFFICIO POLITICO ROMA

Verso le ore 3 della notte fra l'1 e il due Gennaio c.m. i signori Ferraris Marcello fu Bruno abitante in Via di Villa Emiliani n.10, Prosperoni Lorenzo di Crispino abitante in Via di Villa Emiliani n.7 ed Effernelli Enrico di Mario abitante in Via Donizetti n.[illegible] mentre ritornavano nelle loro abitazioni al quartiere Parioli, notarono lungo la Via Pinciana una macchina Aprilia targata R.O. 4115 con gli sportelli aperti ed incustodita. Meravigliati per tale scoperta e presagendo facilmente che si trattasse di un furto, due di loro si avvicinarono alla vettura, mentre l'Effernelli rimaneva in disparte potendo così notare la provenienza di un individuo che sbucava improvvisamente fuori dall'angolo di Via Sicilia. Quest'ultimo, che indossava impermeabile scuro e con sciarpa gialla al collo, poi identificato per il nominato in oggetto, si avvicinò alla macchina chiedendo di che si trattasse.

Informato della situazione e dell'intenzione che i predetti avevano di informare la Polizia, il Roncarelli cercò di dissuaderli dichiarando che molte altre volte a quella stessa ora aveva visto quella vettura ferma al solito posto, incustodita certamente appartenente ad americani ubbriachi in cerca di avventure; quindi il medesimo, estraendo di tasca alcune chiavi per messa in moto di autovetture e asserendo che proprio allora aveva rimesso in garage la propria macchina, cercò di allontanare il mezzo dalla vettura rinvenuta senza però riuscirvi; disse allora che non era possibile farla partire perchè il veicolo era munito di dispositivo antifurto. Dopo che che, i predetti Signori preoccupandosi di avvertire in qualche modo la Polizia, si allontanarono dalla macchina e, anche il Roncarelli seguendo la direzione opposta alla sua provenienza, si dileguava verso Via Po. I tre menzionati signori cercarono di come predetto di informare la Polizia ma non riuscendovi credettero bene ritornare sul posto. Qui giunti notarono con loro meraviglia che era sopraggiunto un tax targato Roma 56865, il quale facendo uso di una corda tentava trainare l'Aprilia.

I suddetti, avvicinatisi videro due individui a terra ed un terzo all'interno della vettura Aprilia e chiesero pertanto agli sconosciuti che cosa stessero facendo; a questa domanda i due rimasti fuori risposero con la massima disinvoltura che la loro macchina aveva subito un guasto e perciò stavano cercando di rimorchierla. Intanto uno degli sconosciuti, con accento prettamente Napolitano interpellò il "fratello" seduto all'interno della l'Aprilia, chiamando Nuzzi a questi che, attuna coincidenza indossava impermeabile scuro e sciarpa chiara al collo, rimase in perfetto silenzio [illegible]

n.7 ed Ercolani Enrico di anni abitante in Via Dei Gerani n.7,mentre ritornavano nelle loro abitazioni al quartiere Parioli, notarono lungo la Via Pinciana una macchina Aprilia targata R.O. 4315 con gli sportelli aperti ed incustodita. Meravigliati per tale scoperta e presagendo facilmente che si trattasse di un furto, due di loro si avvicinarono alla vettura,mentre l'Afferrelli rimaneva in disparte potendo così notare la provenienza di un individuo che sbucava improvvisamente fuori dall'angolo di Via Sesia. Quest'ultimo,che indossava impermeabile scuro e sciarpa gialla al collo,poi identificato per il nominato in oggetto,si avvicinò alla macchina chiedendo di che si trattasse.

Informato della situazione e dell'intenzione che i predetti avevano di informare la polizia, il Roncarelli cercò di dissuaderli dichiarando"che molte altre volte e quella stessa ora aveva visto quella vettura ferma al solito posto,incustodita certamente appartenente ad americani ubbriachi in cerca di avventure"; quindi il meccanico,estraendo di tasca alcune chiavi per mezzo di autovetture e accertando che proprio allora aveva ricevuto in garage la propria macchina,cercò di esaminare il motore della vettura rinvenuta senza però riuscirvi;disse allora che non era possibile farla partire perchè il veicolo era munito di dispositivo antifurto. Dopo che che, i predetti signori preoccupandosi di avvertire in qualche modo la Polizia,si allontanarono dalla macchina e,anche il Roncarelli seguendo la direzione opposta alla sua provenienza,si dileguava verso Via Po.I tre menzionati signori cercarono di come predetto di informare la Polizia ma non riuscendovi credettero bene ritornare sul posto. Dei giunti notarono con loro meraviglia che era scomparso anche un tax targato Roma 65285,il quale faceva uso di una corda tentava trainare l'Aprilia.

I suddetti,avvicinatisi videro due individui a terra ed un terzo nell'interno della vettura Aprilia e chiesero pertanto agli sconosciuti che cosa stessero facendo;a questa domanda i due rimasti fuori risposero con la massima disinvoltura che la loro macchina aveva subito un guasto e perciò stavano cercando di rimorchiarla. Intanto uno degli sconosciuti,con accento prettamente Napolitano interpellò il ""fratello"" seduto all'interno della l'Aprilia, chiamando Rudi e questi che,strana coincidenza indossava impermeabile scuro e sciarpa chiara al collo,rispose in perfetto accento settentrionale.

Allora i tre signori approfittando di una macchina dell'A.C.I. che passava,provvidero ad informare agenti di P.S.

5794

Nel frattempo l'autista del tax,identificato per Tucconi Fulvio fu Andrea e fu Frullani Luisa nato a Roma il 14.II.1900 abitante in Via Alessandro Volta n.7 ,che era stato noleggiato mentre sostava in Piazza Fiume,si rifiutava di trainare l'Aprilia adducendo che la sua vettura non era adatta a certi lavori ma soprattutto perchè aveva compreso che la riduzione non era troppo chiara e così se ne era ritornato alla stazione rinunciando anche al pagamento della corsa inoltre i due malfattori avevano addotto il pretesto di non avere moneta spicciola evidentemente allo scopo di indurlo a fare quanto desideravano.

Declassified E.O. 12356 Section 3.3/NND No. 785046

Nel frattempo con la stessa macchina della A.C.I. menzionata giunsero sul posto Agenti di questo Ufficio che si diedero all'immediato inseguimendo dei due sconosciuti che alla loro vista si erano dati alla fuga e che non fu possibile rintracciarli inquanto poterono facilmente dileguarsi nell'interno di Villa Borghese favorite dalla notte.Gli Agenti seguitando poi a pellustrare la zona fermarono in Via Puccini il Roncarelli traducendolo in questo Ufficio e provvedendo a trasportare la macchina Aprilia da Via Pinciana al Super Garage di Piazza Verde.

La vettura predetta di pertinenza della Soc. Olivetti fu riconsegnata la mattina seguente all'Ing. Michelcni Aldo fu Valentino e Baldo Giovanna nato a Trento il 24.I.1901 qui abitante in Via Po n.22, il quale aveva denunciato il furto in questo Commissariato di P.S..

Interrogato il Roncarelli pur negando di avere a che fare con i ladri della Aprilia, cadde più volte in contraddizioni e,mentre aveva dichiarato altre signori di avere rimesso la propria macchina in garage a giustificazione delle chiavi che aveva, qui disse di non avere mai posseduto una macchina e che si recava""a quell'ora"" in Piazza Barberini dove era aspettato da un amico di cui però ignorava generalità e indirizzo,poi disse invece che aveva accompagnato una ragazza,ignorando anche di questa nome e recapito, in-fine,raccontò che era diretto alla stazione per fare la fila ed acquistare un biglietto per Napoli, quando in tasca non aveva invece neppure un soldo.

Avendogli poi contestato perchè essendo diretto a Piazza Barberini e comunque alla Stazione, fosse ritornato in Via Puccini e cioè in direzione opposta,rispose che tale dileguido andava attribuito alla sua scarsa pratiglità della zona.

Nonostante la protesta di innocenza del Roncarelli e quantunque l'autista del tax messo con lui a confronto non sia stato in grado di identificarlo,tuttavia è indubbio che il suddetto Roncarelli sia complice dei due malviventi riusciti a dileguarsi, nel furto dell'Aprilia. Infatti,avendo i tre malfattori rubata la macchina che si trovava incustodita nel cortile di Villa Macchiagni in Via Po n.21/a dopo aver forzato il cancello di ingresso alla Villa stessa,si erano subito accorti che la vettura era priva di benzina e provvista di dispositivo antifurto e che pertanto l'Impresa presentava difficoltà impreviste.Allora,approfittando di una breve discesa che dall'angolo della Villa porta in Via Pinciana, avevano trainato a motore spento la vettura riuscendo momentaneamente ad occultarla dalla prima eventuale scoperta del derubato. Quindi,non rassegnandosi alla rinuncia del colpo facilmente iniziato,avevano lasciato a gradi il Roncarelli il quale eventualmente avrebbe dovuto presentarsi come un passante casuale,ed intanto gli altri due si erano recati in Piazza Fiume a noleggiare il tax con la speranza di poter trainare la macchina rubata. Infatti,mentre soltanto due individui avevano noleggiato il tax ne furono visti poi tre al momento della tentata trazione e quello seduto all'interno dell'Aprilia vestiva come il Roncarelli, aveva la sua stessa prenuncia e rispondeva al nome di Rudi che effettivamente é il diminutivo con il quale gli amici sogliono chiamare il Roncarelli.

Pertanto Roncarelli Renato fu Romolo, a margine meglio generalizzato, viene denunciato a dodorta A/ Procura per concorso in tentato furto.

Durante l'interrogatorio e le prime indagini sul conto del Roncarelli si é ap-

Infatti,avendo i tre malfattori rubata la macchina che si trovava incustodita nel cortile di Villa Mascagni in Via Po n.21/a dopo aver forzato il cancello di ingresso alla Villa stessa,si erano subito accorti che la vettura era priva di benzina e provvista di dispositivo antifurto e che pertanto l'impresa presentava difficoltà impreviste.Allora,approfittando di una breve discesa che dall'angolo della Villa porta in Via Pinciana, avevano trainato a motore spento la vettura riuscendo momentaneamente ad occultarla dalla prima eventuale scoperta del derubato. Pertanto Roncarelli Renato fu Romolo, a carico meglio generalizzato, viene denunciato a codesta R/ Procura per concorso in tentato furto.

Durante l'interrogatorio e le prime indagini sul conto del Roncarelli si é appreso che il medesimo risulta ricercato dalla Questura di Roma con circolare fonso di codesta R. Questura n.0[illegible].U/P/A.4.C. del 23 [illegible] 1945 perché responsabile di omicidio ed inoltre é ricercato dalla Questura di Terni perché erasi da quel tempo,di concentramento assieme ad altri,giusta Circolare di codesta R. Questura n.028598.U.P.A.4.B. del 18 Ottobre 1945.

Contestate al Roncarelli tali responsabilità egli ha dichiarato che durante l'occupazionetedesca apparteneva alla Polizia Ausiliaria di stanza a Bologna e che il giorno tre Aprile 1945 mentre si trovava insieme ad altri colleghi ed a militi delle brigate nere nell'albergo moderno, maneggiando una pistola distratta, ne partiva certamente un colpo che andava a colpire all'inguine un Ufficiale che si trovava nel crocchio e da cui il Roncarelli ignora le generalità. La vittima era stata subito soccorsa ed il Roncarelli stesso si preoccupò di

portarla al più vicino c[illegible]edale, ma appena qui giunt[illegible],l'ufficiale cessò di vivere.D'iniziativa il Roncarelli fu invitato al Commissariato di P.S. "Due Torri" dove,per ordine del questore locale repubblicano,fu trattenuto in arresto fino al 12 Aprile,data in cui fu rimesso a piede libero in attesa di giudizio.Il 19 dello stesso mese fu incaricato di accertare un'autocolonna che si recava a Milano,intanto però la situazione bellica precipitava ed i tedeschi,ormai in rotta bruciarono gli automezzi per evitare che cadessero in mano agli alleati e così il Roncarelli proseguì a piedi e con mezzi di fortuna fino a Milano. Il 29 Aprile,mentre si trovava al Piazzale Loreto dove di recente si erano svolti i noti avvenimenti,il Roncarelli fu arrestato da partigiani e tradotto al Carcere di Via Crivelli dove rimase trentacinque giorni e cioè fino a quando elementi partigiani Bolognesi non vennero a prelevarlo traducendolo nella di lui città natale. Ivi rimase per diciassette giorni in un carcere controllato da militari alleati e poi fu provvisoriamente inviato al campo di concentramento di Modena,poi a quello di Certisi(Firenze) e quindi fu definitivamente assegnato al campo di Terni.

Il Roncarelli,rimase in quest'ultimo campo di concentramento circa cinque mesi,finchè,una mattina dell'Ottobre scorso verso le ore dieci,eludendo la vigilanza dei custodi e seguendo l'esempio di altri riuscì ad evadere attraverso un esiguo passaggio che immetteva in una fognatura sottostante alla strada nazionale.

Appena libero il Roncarelli venne a Roma,poi si recò a Bologna dove però rimase pochi giorni perchè braccato dalla Polizia non ritenne prudente rimanervi più a lungo e ritornò quindi alla Capitale.

A Roma,sprovvisto di mezzi e nell'impossibilità di trovare un impiego data la sua posizione,prima vendette qualche oggetto di valore rimasto in suo possesso, poi finì per bussare nei vari conventi dell'Urbe per cercare sostentamento;infine ebbe il movimento Monarchico Democratico Italiano(M.M.D.)con sede centrale al Largo del Pallaro n.2,del di cui Ufficio assistenza ebbe qualche aiuto. Data la sua difficile situazione è certamente non bastando al Roncarelli gli aiuti dei suddetti benefattori, è certo che il medesimo sia finito in qualche banda di malviventi forse specializzata in furti di macchine.

Fra i documenti rinvenuti al Roncarelli è stata trovata una tessera del movimento Partigiani d'Italia rilasciata al suddetto dalla Brigata Carlo Rosselli nel Marzo 1944,epoca in cui invece il Roncarelli prestava servizio nella Polizia Ausiliaria di Bologna;inoltre,una tessera del partito Monarchico Italiano e una della concentrazione democratica Italiana. Dette tessere sono già state inviate inviate all'Ufficio Politico di codesta R/ Questura.

Il Roncarelli fu presentato alla direzione del Partito Monarchico dal Sergente Maggiore paracadutista Cavalli,non meglio identificato.

Per gli accertamenti inerenti alla attività politica del Roncarelli lo si fa tradurre in data odierna all'Ufficio Politico di codesta Questura che è pregato di provvedere agli ulteriori sviluppi della pratica allegando al presente rapporto gli atti assunti di numeri di dieci.

TRANSLATION

From : Ministry of War Ref: 263

To : Artillery Captain Fernando PIGNONE (Officer-reserve)

Dtd: 10 Sep 45

Facts have been brought to light and charges brought against you, all of considerable importance, (which require (also for screening purposes) a precise clarification and justification.

We beg you therefore, to reply truthfully to the following questionnaire.

1

It appears that you asked for, and obtained, an enlistment in the Quartermaster Corps of the Fascist Republican Army, for a certain period, in fact until the departure of General Faldella.

Please State:

a. on what date you commenced serving with the said Q.M. Corps and in what capacity;

b. on what date the service expired and for what reasons.

11

After the departure of General Faldella, you - no longer obliged to serve - asked Captain Vassalli for a fixed monthly compensation, which, by mutual agreement, was stabilished at L. 3.000. On another occasion you insisted that, also your brother, a medical officer, should be employed under the same conditions, with the agreement that this latter would not have worked, while you would have performed the work of two informers.

Please state:

a. on what grounds - or for what eventual service - was the compensation of L. 3.000 monthly requested of Captain Vassalli;

b. from what date, and until what date, was the above-mentioned allowance paid to you;

c. whether the payment of such an allowance was actually the object of a "mutual agreement" between yourself and Captain Vassalli;

d. why you proposed the enlistment of your own brother, a docotr and under the above mentioned conditions, and what were the decisions made by Captain Vassalli concerning this.

For your guidance, and in so much as this concerns part of the foregoing requests in this section (11), there appears to be no doubt that, at the beginning of t the month of February 1944, Captain Vassalli became determined to remove you from your group, placing in charge of it another agent of the same organisation (Captain Vittorio Curti), with whom you ought to have remained in liaison, You, however did not adhereto this order, and continued to present yourself, at your own pleasure at the residence of Captain Vassalli, at 13 Via di Villa Massimp, where, one day (about the 10th February) you arrived in a state of drunkenness, justifying such a condition by the statement that you were celebrating your birthday. At the end of February, Captain Vasselli payed you the ususal allowance, stating that this was the last time that it would be paid because the group had to reduce its personnel

At the end of February, Captain Vassalli payed you the ususal allowance, stating that this was the last time that it would be paid because the group had to reduce its personnel owing to the lack of funds. And, in fact, at the end of February, you were dismissed from all service, for lack of fulfillment of duty, and placed at liberty.

What have you to say against such evidence?

5679

III

You will please supply precise answer to the following questions:

a. as soon as you were dismissed from the duty which had been entrusted to you by Captain Vassalli, he and some of his companions were arrested by the Germans. How can you explain this strange coincidence if not as revenge on your part for your dismissal (or forother reasons); a revenge confirmed by the fadt

Declassified E.O. 12356 Section 3.3/NND No. 785016

that, during the cross-examination at the trial which followed, the German Military Tribunal, in addition to showing itself to be completely aware of the various movements of a wireless to which we shall refer below, and of the various activities of the Vassalli group, did not interest itself in you to the slightest degree, although you has had many contacts with the arrested persons? How was it, as well, that your name was never once mentioned during the trial, although it directly concerned you as a member of the incriminated clandestine group?

b. On the afternoon of the 14 March, Signora Vassalli was arrested at her home by men of the German counter-espionage organisation. She was confronted by twelve armed men who, having interrogated her and searched the apartment, left her in the custody of an agent, he after having slept in the same room as the lady, on the following morning telephoned his HQ. for instructions, and was told, in reply, that he had not been relieved, because they had neither the address nor the telephone number of the apartment from which he was telephoning, but that, having heard from him, they assured him that they would come there as quickly as possible.

It is therefore evident that the German Counter-espionage organisation was guided in the above agression by a confidant who was not part of the organisation. Since you were one of the very few persons who frequented the residence of Captain Vassalli at No. 13 Via di Villa Massimo, and considering that (from an examination of the facts) only you, among these few remain unaccounted for, it is clear that you, only are under suspicion and therefore must answer to the doubts held against you, supplying facts and witnesses which may aid your defence.

c. one of Captain Vassalli's most intimate collaborators was the "Alpini" Major, Marco Elter, who, after Vassalli's arrest, had to abandon his home and hide himself. Sometimes he used to spend the night at the home of his mother-in-law, Signora Corradi, at No. 5 Lungotevere Michelango, and as long as this fact remained known to his family, was not disturbed by the police. But on the 19 March, the said Major met you, and after having conversed with you, asking for news of Captain Vassalli, had given you the address and telephone number of his mother-in-law, begging you to inform him of any eventual news. The day after, Sunday the 20th of March Major Elter was arrested in the house of his mother-in-law.

This coincidence-the third of a series-would seem too strange were it not attributed to you, who were the only persons who had obtained knowledge of the said residence, with the exception of the family of Signora Corradi, who for natural reasons, must be excluded.

How can you explain thus event?

Have you evidence or witnesses contradicting the accusations made against you?

IV

In a residence situated at 90 Via Padova, Captain Vassalli, kept hidden, the groups radio-transmitting set, for about two months (Oct and Nov 43). You were staying at this residence with a woman a certain Anita Garibaldi, not with standing the Captain in Vassalli's prohibition; this you contradict. There is also the fact that you, however, not only aware of the existence of the apparatus, knew also that same was subsequently transferred (Dec 43) from Via Padova to the residence of Corrado Vinci at 42 Via Angelo FAVA. Transportation would have been carried out by the said Signor Vinci. On the 26 Jan 44, you sent, together with the son of General Faldella to withdraw the radio set from the house of Vinci, taking it ti the Q.M. department. Shortly afterwards, following an anonymous denunciation made towards the midd;e of February, Vinci and his companions were arrested. The denunciation was worder as follows: "Corrado Vinci, Iolanda Vinci and Maria Gatti, residing at 42 Via Angelo Fava, held a clandestine radio Transmitting set, which was withdrawn on the 26 January 44. We state the aforementioned persons from part of a band commanded by a certain Signore del Erance and Signora Bice. Signore Turi

Declassified E.O. 12356 Section 3.3/NND No. 785016

It is therefore evident that the German Counter-espionage organisation was guided in the above agression by a confidant who was not part of the organisation. We state the aforementioned persons from part of a band commanded by a certain Signore del Franco and Signora Bice. Signore Turi and a certain Bergamini are also members of this band".

How do you explain this other strange communication bearing names and facts well known to you? Can you prove any inconsistency in the doubts which rise against you concerning the above mentioned arrest?

Will you please explain the following circumstances which confirm the above doubts:

a. during the trial the Germans never asked the name of the person who went to withdraw the said radio set notwithstanding the fact that Captain Vassalli, denied having participated in such a withdrawal was carried out by another person.

It is logic that the significant silence maintained by the Germans on the naming of the person whi had made the withdrawal - yourself - the fact is consequent that they already recognised in you the object of discussion and the author of the subsequent denunctiation.

b. during the said trial, because of the negative attitude assumed by

Declassified E.O. 12356 Section 3.3/NND No. 783016

Vinvi regarding possession of the radio transmitter and the circumstances of its withdrawal, the Germans told Vinci that the radio had been withdrawn in a car of the Fascist Republican Army, giving also the number of the car. How could this fact have been made known to the Germans had they not been aware of all the procedure adopted by you?

The persons who withdrew the radio were two in number: yourself and General Faldella's son. The latter (for reasons, also obvious to you) must be excluded. Well then? Who, if not yourself could have made the denunciation?

Supply facts, circumstances and witness to oppose these occupations.

In order that you may not be able to prevaricate upon the facts contained in paras. a) and b) of the present section, we add the following particulars:

From the interrogation of Signora Bice Bertini and the report relative to this, it appears that the Germans possessed knowledge of the address of the residence at Via Padova and knew the location of the radio transmitted, which was hidden in a wardrobe in the studio-parluor. Since the said residence was left at the end of November, 1943 and owing to the fact thet it was known only to the above-mentioned Signora Bice Bertini, to Captain Vassalli and to yourself, who had also stayed there-as formerly stated-with a woman, it is easy to deduce the source of information.

V

You were in the habit of consuming your meals in the "Ernesto" restaurant in the Vicolo del Piombi, together with Capt. Vassalli and his wife. Sometimed there were to be found in the same restaurant, Professor Ferrari, Signora Felci, Signore and Signora Chellini - friends of Professor Ferrari - and Signora and Signore Ronconi - friends of Captain Vassalli-all members of the clandestine group, with the exception of the Chellini and the Ronconis. During the interrogation of Signora Bertini the Germans declared that they had followed Captain Vassalli and to have observed them together at the said restaurant, them making various arrests. But is appears very strange that also, in this case, the Germans did not bother themselved about you, whereas they concerned themselves about all the others, even those who had the right to pass onobserved, such as the Ronconis and Signore Chellini; the latter also was even arrested and then quickly release, not being one of the parties under suspicion.

What can you do to dissuade the suspicions which, even in this instance are held against you?

How was it that you, after the arrests made by the Germans were able, with impunity, still to frequent the restaurant, while all the others had to agree to abstain from visiting that place?

Where you then, sure of immunity: and why?

What purpose had your visits - even though only sporadic-after the events which occurred? Even the fact that you had gone there at the hours when nobody ate, to escape from all vigilance, does not justify your actions: rather does it cast more suspicion on them, inasmuch as ti confirms the execution of a preconceived plan, certainly not unfavourable to you; hence your secure state of mind that nothing could happen to you.

VI

I appears that you belonged to the Fascist Republican Army.

How was it that in Personal Record Card No. 11533, compiled on the 25 June 44, you declared that you neither belonged nor swore an oath to the above?

Again, how was it that in the said Record you did not indicate in the

Declassified E.O. 12356 Section 3.3/NND No. 785016

mentioned Signora Bice Bertini, to Captain Vassalli and to yourself, who had also stayed there-as formerly stated-with a woman, it is easy to deduce the source of information.

Facts have been brought to light and charges brought against you, of considerable importance, (which require (also for "screening" purposes) a precise clarification and justification.

We beg you therefore, to reply truthfully to the following questionnaire.

I

It appears that you asked for, and obtained, an enlistment in the Quartermaster Corps of the Fascist Republican Army, for a certain period, in fact until the departure of General Faldella.

Please State:

a) on what date you commenced serving with the said Q.M. Corps and in what cap city;

b) on what date the service expired and for what reasons.

II

After the departure of General Faldella, you - no longer obliged to serve - asked Captain Vassalli for a fixed monthly compensation, which, by mutual agreement, was established at L.3.000. On another occasion you insisted that, also your brother, a medical officer, should be employed under the same conditions, with the agreement that this latter would not have worked, while you would have performed the work of five informers.

Please state:

a) on what grounds - or for what eventual service - was the compensation of L.3.000 monthly requested by Captain Vassalli;

b) from what date and until what date, was the above-mentioned

Please state:

b)from what date,and until what date,was the above-mentioned allowance paid to you;

c)whether the payment of such an allowance was actually the object of a "mutual agreement" between yourself and Captain Vassalli;

d)why you proposed the enlistment of your own brother, a doctor and under the above-mentioned conditions,and what were the remarks made by Captain Vassalli concerning this.

5674

For your guidance,and inasmuch as this concerns part of the foregoing requests in this section (II),there appears to be no doubt that,at the beginning of the month of February 1944,Captain

Declassified E.O. 12356 Section 3.3/NND No. 785016

Vassalli became determined to remove you from your group, placing in charge of it another agent of the same organization (Captain Vittorio Curti), with whom you ought to have remained in liaison. You, however did not adhere to this order, and continued to present yourself, at your own pleasure at the residence of Captain Vassalli, at 13 Via di Villa Massimo, where, one day (about the 10th February) you arrived in a state of drunkenness, justifying such a condition by the statement that you were celebrating your birthday. At the end of February, Captain Vassalli paid you the usual allowance, stating that this was the last time that it would be paid because the group had to reduce its personnel owing to the lack of funds. And, in fact, at the end of February, you were dismissed from all service, for lack of fulfillment of duty, and placed at liberty.

What have you to say against such evidence?

III

You will please supply precise answers to the following questions:

a) as soon as you were dismissed from the duty which had been entrusted to you by Captain Vassalli, he and some of his co-workers were arrested by the Germans. How can you explain this strange coincidence if not as revenge on your part for your dismissal (or for other reasons); a revenge confirmed by the fact that, during the cross-examination at the trial which followed, the German Military Tribunal, in addition to showing itself to be completely aware of the various movements of a wireless-th which we shall refer below-, and of the various activities of the Vassalli group, did not interest itself in you-- th the slightest degree, although you had had many contacts with the arrested persons? How was it, as well, that your name was never once mentioned during the trial, although it directly concerned you as a member of the incriminated clandestine group?

b) On the afternoon of the 14 March, Signora Vassalli was arrested at her home by men of the German counter-espionage organization. She was confronted by twelve armed men who, having interrogated her

at liberty.

What have you to say against such evidence?

III

You will please kindly precise answers to the following questions:

a)As soon as you were dismissed from the duty which had been entrusted to you by Captain Vassalli,he and some of his companions were arrested by the Germans. How can you explain this strange coincidence if not as revenge on your part for your dismissal (or for other reasons);a revenge confirmed by the fact that,during the cross-examination at the trial which followed,the German Military Tribunal,in addition to showing itself to be completely aware of the various movements of a wireless-to which we shall refer below-,and of the various activities of the Vassalli group,did not interest itself in you in the slightest degree,although you had had many contacts with the arrested persons? How was it,as well,that your name was never once mentioned during the trial,although it directly concerned you as a member of the coordinated clandestine group?

b)On the afternoon of the 24 March,Signora Vassalli was arrested at her home by men of the German counter-espionage organization. She was confronted by twelve armed men,who, having interrogated her and searched the apartment,left her in the custody of an agent;he, after having slept in the same room as the lady,on the following morning, telephoned his H.Q. for instructions,and was told,in reply,that (he)had not been relieved,because they had either the address nor the telephone number of the apartment from which he was telephoning,but that,having heard from him,they assured him that they would come there as quickly as possible.

Declassified E.O. 12356 Section 3.3/NND No. 78 Sp 16

It is therefore evident that the German Counter-espionage organization was guided in the above aggression by a confidant who was not part of the organization. Since you were one of the very few persons who frequented the residence of Captain Vassalli at No. 13 Via di Villa Massimo, and can declare that (from an examination of the facts) only you, among these few remain unaccounted for, it is clear that you, only are under suspicion and therefore must answer to the doubts held against you, supplying facts and witnesses which may aid your defense.

c) One of Captain Vassalli's most intimate collaborators was the "alpini" Major, Remo Ulter, who, after Vassalli's arrest, had to abandon his home and hide himself. Sometimes he used to spend the night at the home of his mother-in-law, Signora Corradi, at No. 5 Lungotevere Michelangelo, and as long as this fact remained known to his family, was not disturbed by the police. But on the 19 March, the said Major met you, and after having conversed with you, asking for news of Captain Vassalli, had given you the address and telephone number of his mother-in-law, begging you to inform him of any eventual news. The day after, Sunday the 20th of March, Major Ulter was arrested in the house of his mother-in-law.

This coincidence-the third of a series-would seem too strange were it not attributed to you, who was the only person who had obtained knowledge of the said residence, with the exception of the family of Signora Corradi, who for natural reasons, must be excluded.

How can you explain this event?

Have you Evidence or witnesses contradicting the accusations made against you?

But on the 19 March,the said Major met you, and after having conversed with you,asking for news of Captain Vassalli, had given you the address and telephone number of his mother-in-law, begging you to inform him of any eventual news. In a residence situated at 90 Via Palova,Captain Vassalli, kept hidden,the groups radio-transmitting set,for about two months (Oct and Nov 43). You were staying at this residence with a woman - a certain Anita Garibaldi-,notwithstanding the prohibition Capta in Vassalli's prohibition;this you contradict. There is also the fact that you,however,not only were of the existence of the apparatus,knew also that same was subsequently transferred (Dec 43) from Via Palova to the residence of Leonardo Vinci at 42 Via Angelo Emo. Transmissions would have been carried out by the said Signor Vinci. On the 26 Jan 44, you went,-together with the son of General Calvalin- to withdraw the radio set from the house of Vinci,taking it to the S.M. department. Shortly afterwards,following an anonymous denunciation made towards the middle of February,Vinci and his companions were arrested. The denunciation was worded as follows:"Corrado Vinci,Iolanda Vinci and

Declassified E.O. 12356 Section 3.3/NND No. 785016

Mario Gatti, residing at 42 Via Angelo Fava, held a clandestine radio transmitting set, which was withdrawn on the 26 January 44. We state the aforementioned persons form part of a band commanded by a certain Signore Del Tredo and Signore Dice. Signore Turi and a certain Bergamini Tomm are also members of this band."

How do you explain this other strange communication bearing names and facts well known to you? Can you prove any inconsistency in the doubts which rise against you concerning the above-mentioned arrest?

Will you please explain the following circumstances which confirm the above doubts:

a) During the trial the Germans never asked the name of the person who went to withdrew the said radio set, notwithstanding the fact that Captain Tessalli denied having participated in such a withdrawal and Vinci ~~xxxxxxxxxxxxxx~~ stated and confirmed that the withdrawal was carried out by another person.

It is logic that the significant silence maintained by the Germans on the name of the person who had made the withdrawal - yourself - the fact is course meat that they already recognised in you the object of discussion and the author of the subsequent denunciation.

b) During the said trial, because of the negative attitude assumed by Vinci regarding possession of the radio transmitter and the circumstances of its withdrawal, the Germans told Vinci that the radio had been withdrawn in a car of the Fascist Republican Army, giving also the number of the car. How could this fact have been made known to the Germans had they not been aware of all the procedure adopted by you?

The persons who withdrew the radio were two in number: yourself and General Talpelle's son. The latter (for reasons, also obvious to you) must be excluded. Well then? Who, if not yourself could have made the denunciation?

In order that you may not be able to prevaricate upon the facts contained in paras. a) and b) of the present section, we add the following particulars:

From the interrogation of Signora Dina Bertini and the [illegible] interpret relative to this, it appears that the Germans possessed knowledge of the entrance of the residence at Via Padova and knew the location of the radio transmitter, which was hidden in a wardrobe in the studio-parlour. Since the said residence was left at the end of November, 1943, and owing to the fact that it was known only to the above-mentioned Signora Dina Bertini, to Captain Vassalli and to yourself, who had also stayed there-as formerly stated-with a woman, it is easy to deduce the source of information.

You were in the habit of consuming your meals in the "Ernesto" restaurant in the Vicolo del Piombo, together with Captain Vassalli and his wife. Sometimes there were to be found in the same restaurant, Professor Ferreri, Signore Felci, Signore and Signora Chellini - friends of Professor Ferreri - and Signore and Signora Roncoroni - friends of Captain Vassalli - all members of the clandestine group, with the exception of the Chellinis and the Roncoronis. During the interrogation of Signora Bertini the Germans declared that they had followed Captain Vassalli and to have observed them together at the said restaurant, then making various arrests. But it appears very strange that also, in this case, the Germans did not bother themselves about you, whereas they concerned themselves about all the others, even those who had the right to pass unobserved, such as the Roncoronis and ~~Chellinis~~ Signore Chellini; the latter also was even arrested and then quickly released, not being one of the parties under suspicion.

What can you do to dissuade the suspicions which, even in this instance are held against you?

How was it that you, after the arrests made by the Germans were able, with impunity, still to frequent the restaurant, while all the others had to agree to abstain from visiting that place?

Were you then, sure of immunity: and why?

In What purpose had your visits -even though only sporadic- after the events which occurred? Even the fact that you had gone there at the hours when nobody ate, to escape from all vigilance, does not justify your actions: rather does it cast more suspicion on them, inasmuch as it confirms the execution of a preconceived plan, certainly not favourable to you; hence your secure state of mind that nothing could happen to you.

b. on what date the service expired and for what reasons.

After the departure of General Faldella, you - no longer obliged to serve - asked Captain Vassalli for a fixed monthly compensation, which, by mutual agreement, was established at L. 3.000. On another occasion you insisted that, also your brother, a medical officer, should be employed under the same conditions, with the agreement that this latter would not have worked, while you would have performed the work of two informers.

Please state:

a. on what grounds - or for what eventual service - was the compensation of L. 3.000 monthly requested of Captain Vassalli;

b. from what date, and until what date, was the above-mentioned allowance paid to you;

c. whether the payment of such an allowance was actually the object of a "mutual agreement" between yourself and Captain Vassalli;

d. why you proposed the enlistment of your own brother, a doctor and under the above mentioned conditions, and what were the decisions made by Captain Vassalli concerning this.

For your guidance, and in so much as this concerns part of the foregoing requests in this section (11), there appears to be no doubt that, at the beginning of the month of February 1944, Captain Vassalli became determined to remove you from your group, placing in charge of it another agent of the same organisation (Captain Vittorio Curti), with whom you ought to have remained in liaison, You, however did not adhere to this order, and continued to present yourself, at your own pleasure at the residence of Captain Vassalli, at 13 Via di Villa Massimo, where, one day (about the 10th February) you arrived in a state of drunkenness, justifying such a condition by the statement that you were celebrating your birthday. At the end of February, Captain Vassalli payed you the usual allowance, stating that this was the last time that it would be paid because the group had to reduce its personnel

Declassified E.O. 12356 Section 3.3/NND No. 78 SP 16

It appears that you asked for, and obtained, an enlistment in the Quartermaster Corps of the Fascist Republican army, for a certain period, in fact until the departure of General Faldella.

Please State:

a. on what date you commenced serving with the said Q.M. Corps and in what capacity;

b. on what date the service expired and for what reasons.

II

After the departure of General Faldella, you - no longer obliged to serve - asked Captain Vassalli for a fixed monthly compensation which, by mutual agreement, was established at L. 3.000. On another occasion you insisted that, also your brother, a medical officer, should be employed under the same conditions, with the agreement that this latter would not have worked, while you would have performed the work of two informers.

Please state:

a. on what grounds - or for what eventual service - was the compensation of L. 3.000 monthly requested of Captain Vassalli;

b. from what date, and until what date, was the above-mentioned allowance paid to you;

c. whether the payment of such an allowance was actually the object of a "mutual agreement" between yourself and Captain Vassalli;

d. why you proposed the enlistment of your own brother, a doctor and under the above mentioned conditions, and what were the decisions made by Captain Vassalli concerning this.

For your guidance, and in so much as this concerns part of the foregoing requests in this section (II), there appears to be no doubt that, at the beginning of the month of February 1944, Captain Vassalli became determined to remove you from your group, placing in charge of it another agent of the same organization (Captain Vittorio Curti), with whom you ought to have remained in liaison. You, however did not adhere to this order, and continued to present yourself, at your own pleasure at the residence of Captain Vassalli, at 13 Via di Villa Massimo, where, one day (about the 10th February) you arrived in a state of drunkenness, justifying such a condition by the statement that you were celebrating your birthday. At the end of February, Captain Vassalli paged you the usual allowance, stating that this was the last time that it would be paid because the group had to reduce its personnel owing to the lack of funds. And, in fact, at the end of February, you were dismissed from all service, for lack of fulfillment of duty, and placed at liberty.

What have you to say against such evidence?

5669

III

You will please supply precise answer to the following questions:

a. as soon as you were dismissed from the duty which had been entrusted to you by Captain Vassalli, he and some of his companions were arrested by the Germans. How can you explain this strange coincidence if not as revenge on your part for your dismissal (or for other reasons); a revenge confirmed by the fact

I, the undersigned, Attilio Emilio Torriti, son of Attilio, partisan of "CODURA" Brigade, "Pionero" Division, a member of the Committee of National Liberation of Chiavari and a political internee during the Fascist Republic, state the following:

Thru the information I gathered, it results that no charges are pending against Carlo Guazzo (S.L. 1056), at present internee in the Civilian Camp "R" at Collescipoli (Province of Terni).

Moreover it results that he was never a member of the Fascist Party and that he never took part in Fascist activities.

Therefore I beg your Command to obtain his release also in consideration of the fact that his family is finding itself in very dire financial conditions.

SignorGUAZZO CARLO of Chiavari, prisoner n. 1388 R. Internee Camp Collescipoli (Terni)

Signor GUAZZO was the agent of this Firm, with Depot and prowy for the whole Northern Italy.

When Rome was liberated by the glorious Allied Army, and the connection between this Head Office and the said Agent was broken, Signor GUAZZO had negotiations on our behalf with 37 different Firms, with undertakings which involved about 6 millions lires.

As soon as all Italy had been liberated, Signor Guazzo was taken prisoner and so unespectedly given up the conduct of our affairs before he could be able to give us any information as his work and about the state of our property.

During a short talk with him at the Camp, he told us that he had bought on our account, some trucks which in part have successively been hidden by the agent now prisoner.

He could not give us more information because document have been seized.

This Firm (the head of which and her son Signor Giulio GABELLI, were threatened by Germans under the charge of sabotage for having hidden machinary and material which was confiscated afterwards) was not aware of the political activity developed by Signor Guazzo during that time and now the Firm run the risk of lising an important property, the only one left by the Germans.

Therefore we beg to ask you to concede to Signor Guazzo a 15 days permit against his word and our assurance, that he will be back to the Camp in due time.

During his permission, we shall accompany Signor Guazzo on his trying to find out our properties and after we shall take him back again to the Camp.

Trusting you will accept our demand, we thank you in anticipation.

L'Ing. Pero GIUKANOVICH del fu Ing. Marco, già Presidente del Senato del Montenegro, dopo l'avvento del Governo rosso iugoslavo facente capo al Maresciallo Tito, abbandonò il Montenegro e a bordo di un motoveliero, da lui acquistato a Scutari assieme ad altri suoi connazionali, riparò il 20 novembre 1944 a Monopoli presso Bari.

Qui giunto fu assieme agli altri internato dalle autorità militari inglesi nel campo di concentramento di Carbonia, a pochi Km. da Bari.

Dopo circa una trentina di interrogatori e di una inchiesta che si protrasse fino al mese di febbraio 1945, fu passato nell'ultima barracca nella quale si trovava in una situazione di quasi libertà.

Senonchè nel marzo u.s. anzichè essere rimesso, secondo quanto egli sperava, in completa libertà, fu inviato al campo ci concentramento di Terni.

La stessa sorte è toccata al fratello Jovo, maggiore dell'esercito jugoslavo. Anche questi da Bari è stato trasportato nel medesimo campo di concentramento di Terni.

Da varie informazioni assunte anche attraverso personalità italiane che sono state soggette allo stesso trattamento e che sono state poi rimesse in libertà, risulterebbe che le autorità inglesi non avrebbero trovato nessun particolare capo di accusa contro l'Ing. Giukanovich, ma avrebbero ancora qualche dubbio da chiarire sull'attività da lui svolta durante l'occupazione italo-tedesca della zona montenegrina.

Il Dott. Pietro Sessa ha fatto anche dei passi presso il Vaticano perchè la famiglia dell'Ing. Giukanovich composta della moglie Elena Anopoff e della figlia diciottenne Tatiana, rimaste a Ragusa in Dalmazia, possa raggiungere Roma. Purtroppo finora ha potuto solo ottenere la trasmissione di qualche messaggio.

Subject: Lieut-Gen.(A.N.) Enrico BIANCO DI SAN SECONDO, No. 753.

1. With reference to your letter RIC/753/D dated 21st June 1945, the following information has been received from the Italian Ministry of Marine:-

2. Subject has been denounced to the Epuration Commission by the High Commissioner for Epuration under Article 17 of Lieutenant - General of the Realm's decree No. 159 dated 27th July 1944. As a precautionary measure he has been removed from the active list of the Italian Royal Navy.

3. The Italian Naval Intelligence Department of the Ministry of Marine report:-

"General Bianco, although not formally joining the Republican Party nor taking the oath, worked diligently in collaboration with the German authorities.

Indeed, after the Armistice he was given a technical appointment, as extraordinary commissioner with the F.I.A.R.V.E.T. Factory at Viareggio and he showed great zeal in carrying out the orders of the German authorities in spite of the great reluctance to work for the enemy which was several times manifested by the workers.

Furthermore, he made efforts to ensure that the materials under trial in the workshops should not fall into the hands of the partisans, and when the store of projectiles for the firing range was destroyed by an explosion, as a member of the Board of Enquiry he tried to have the theory of sabotage adopted and even made insinuations against certain of the employees.

He is accused by some to have disclosed to the Germans particulars of the delayed action bombs which were undergoing tests at the S.M.G. However, no definite information about this has emerged.

It appears, also, that he forwarded a letter to the National Labour Commissioner at Lucca to which was attached a list of names of employees who were available for transfer to Germany; another was addressed to the
