MEMORANDUM FOR THE ALLIED COMMISSION

Subject: Sommer Enrico

1. Some time ago the Embassy of Argentina in Rome requested this Ministry to consider the case of Sommer Enrico, a national of Argentina, who is at present interned in the concentration camp of Ghedi (Brescia), under the charge of collaboration with the German Armed Forces.
2. The aforesaid Embassy pointed out that Sommer was driven to collaborating by his dire financial situation. His children, who are Argentine subjects residing in Argentina, tried to send him money through Switzerland but it failed to reach him on account of the war situation. The money is still deposited in Switzerland.
3. In consideration of Sommer's age and of his precarious health condition, the Embassy had recommended that a/m be set free, provided that, upon investigation, no serious and specific accusations were proved to be substantiated.
4. The Italian Ministry of the Interior looked into the matter but could not find any record of charges against Sommer.
5. The Ghedi's Concentration Camp being administered by the Allied Military Authorities, the Ministry for Foreign Affairs should be very grateful to the Allied Commission if they would kindly have inquiries made concerning Sommer's guilt and possibly adhere to the request of the Ambassador of Argentina in view of the extenuating circumstances invoked by the latter.

Subject : Application.

To : The Officer Commanding - American Military Police
of Liguria - Genoa.

I, the undersigned Werle Gustavo, son of the late Giorgio and of the late Bournique Teresa, born at Savona on 21 April 1902, a resident of Bordighera (Imperia) at Via G. Verdi # 2, Casa Piccola, married and father of a girl, formerly a member of the Italian Police, state the following:

My father, a German subject, (in fact he was born on 21 June 1866 at Friedruchstahl in Germany and died on 2 February 1941 at St. Ingbert), after staying for about 30 years in Italy, in April 1915 was requested by the German Consular Authorities to repatriate as he had not lost his German citizenship.

First of all, he invited us too to follow him and for that purpose he had the Vice-German Consul of Savona, D.R. Salomone, summon us; the Consul told us that, complying with my father's desire we had been registered as German citizens and that, as a consequence, we had to follow him. My mother refused to accept such a proposal. About a week later we were summoned again and the Vice-Consul informed us, in a very mild manner, that the German Government would pay 25 thousands marks upon our departure as a compensation for the possible expenses. But this time too my mother refused. Towards the end of April the same Vice Consul summoned us for the third and fourth time and declared that, while my mother could do what she pleased, we had to go to Germany with my father as we were German subjects. He added that he would confer on the matter with the Superior General Consul at Genoa.

Upon his return home, my father appeared very angry towards all of us because he had not obtained his goal and even struck my mother and us; a few days later he departed for Germany and left us alone in Italy. During the war 1915-1918, my elder brother Nino was interned as he had refused to go to Germany while, every two or three days my house was searched by the Royal Carabinieri; it means that we were still indicated as German subjects.

When I reached adult age and my group was inducted, I was assigned to the Engineer Corps of the Italian Army. By serving the Italian Army, I obtained the Italian Citizenship.

7427

I am unable to establish how things happened thereafter, but the German Authorities still registered me as a German subject for the reason I am referring below.

On 1 June 1940, by order of the Ministry, I was recalled to serve in the Police Corps and was assigned to the Royal Questura (Police Headquarters) of Savona.

In November the German Consul communicated me that I was still a German subject and had therefore to serve the German Army in Germany. It is to be pointed out that my poor father died on 21 Feb. 1941 and before his death he had repeatedly requested our departure for Germany. I have reasons to believe that in 1941 my citizenship status was the same I had in 1915, either because I did not renounce by writing to it or because the competent Officer failed to make the proper communication to the German Authorities. Anyway, inasmuch as I was at that time serving the Italian Police Corps, I won't bother any more and in December 1942 I was transferred to Imperia. On the beginning of October I was examined by Doctor Peralta who declared I was entitled to a month of convalescence furlough which was never allowed to me. At Imperia after September 8, I was several times put at disposal of German Navy Officers for the requisition of villas, by order of the Prefect. Upon the appointment of the new Questore (Chief-Police), Mr. Durante, on December 15 I was transferred from Savona to Ventimiglia as a suspected element; in fact I had not only refused to join the republican fascist party but I had the intention to go away and had already had some troubles with the local fascist authorities who urged my transferment.

A few days later I fell sick at Ventimiglia and was allowed to stay at the Hospital " Colonia Marina Piemontese " of Loano. I entered the hospital on January 1, 1944 and was dismissed on the 19 of the same month with a 60 days convalescence furlough. Inasmuch as my disease was contracted while on duty, I was entitled to be regularly paid; on the contrary I was allowed only a third of the pay. Having been hit by this new blow, I requested and obtained to stay home for reason of health. But this decision was not well accepted as, a little later, I was called by the Germans who still insisted that I was a German citizen and invited me to choose among the Black Brigades, Germany or a Special Training Course at Lodi. I was at a loss on the decision to take; but, thru a Navy First Sergeant, with whom I was acquainted, I could be employed with the Todt organization as a superintendent although, in order to justify my stay in Italy, I was again attached to the militia in which I served in 1935, and which now depended on the Germans. Acting as a superintendent, I had to control the works of the Firms Piazzoli, Bertili, Eng. Trolli, Sicea and Eng. Grosso. A little before the departure of the Todt offices from Bordighera, I was momentarily released.

As I still suffered from my disease, I stayed for a while at home and then in January 1945, started working for the Lamberti Settimo Firm as a Forest-Guard. This Firm supplied wood to the bakeries and to the Italian and German Armies; I was a dependent of the Forest Militia. In the month of March I was abusively fired by the Manager of the Firm, Mr. Lamberti Settimo, for the reasons I will refer below. This is summarily, my " curriculum vitae " which I will detail and complete with eventual verbal statements.

Illustrious Commander of the American Police, before starting to relate the reasons which caused my arrest, occurred on 5 May 1945, I take the liberty to recommend myself to your kindness also on behalf of my wife and my daughter, who find themselves in very dire financial conditions because of my inactivity. A plot without any basis either moral or juridical, has been schemed against me in a very devilish manner; in fact no one is able to charge me with illegal and dishonest acts producing proofs. My only fault is that of having had a German for a father: I have always loved and respected him following the human and divine Law. In the present conditions I am unable to defend myself as I would and should do, because former partisans belonging to the Communist Party headed by Martinez, arrested by the Americans and taken to Turin, have menaced me with death.

Up-to-date I have done my best to suffer silently every hardship and not to accuse anybody as the Italians are already so much suffering; yet, now my situation is impossible to be faced and I am compelled to tell all the truth even is painful not to accuse anybody but to defend myself. Therefore I take the liberty, Sir, to implore your kind intervention in order to obtain a full investigation of my case: whenever the results of this investigation will indicate me as guilty, let me be deported to America, India or to wherever place you prefer, but, I pray you, don't abandon me because I am afraid, so much afraid. If you have a family, think that an innocent girl implores and cries her father away. If you deem it advisable I will go to work even in countries far away in order to be able to support my family.

The reasons of my arrest, the ones of which I am aware, would be the following:

1. Three cases of Police service happened at Imperia in 1943.
2. Todt organization or SS ?
3. The arrest of Mrs. De Marchi at Bordighera.

7425

First : Services accomplished at Imperia in 1943.

As I did already state, I do not believe that I can be charged with the service accomplished at Imperia in 1943, inasmuch as I was ordered to act personally by the Chief-Police Benedetti who, on his turn, had been urged by the local fascist section, directed by the Political Secretary Archi Roberto. Consequently I did but accomplish even partially, the orders received; never I acted of my own motion.

Second : Todt Organization or SS ?

Engineer Trolli, owner of the ononimous Firm located at Bordighera, saw the document Mod. D issued to me from the Todt and can testify on the question. He knows very well that I was superintendent at the Todt and he was also informed by me of the plot schemed against him by the Piazzoli Firm. Beside him, also Brama Domenico, Marshal of the Public Security Forces on duty at the Police Headquarters of Imperia, can testify that I was in the Todt organization inasmuch as he too saw my paper and promised me to help me in whatever the Todt was involved. Moreover the Public Security Sergeant who presently is on duty at Imperia, knows that I was working with the Todt as sometimes he came to visit me, sent by the above said Marshal Brama who had explained to him of what nature were our relations.

As far as I know, there are no specific charges indicating that I was a member of the SS but that of a woman who declared that, on an unprecised day, while entering the barber-shop located at Bordighera, Via Vittorio Emanuele and which she and her lover Piron were running, saw me exhibiting a document which she recognized as issued by the SS.

Well different is the truth. Before all, even though I was in possession of such a document, it would have been very childish of me to show it in a crowded place and in presence of a man and some women assistants. On the other hand, how could she distinguish the document which she only glimpsed in some corner? The fact is that this woman, whose name is Foïs Renata, having known that I belonged to the Todt requested my personal intervention on behalf of a youngster who was going to be inducted. I could not do anything for him inasmuch as there were strict rules forbidding the employment of male workers who had to serve in the Army. Beside this connection I never talked with her any more; moreover due to the fact that her barber-shop was always frequented by German Officers and

soldiers, I changed shop. I still say that the truth is different. Mrs. Fois Renata lied and she knew she was lying; his act was caused by feelings of revenge and hatred against me for the following reasons:

Mrs. Fois Renata, a loose woman, well known in all the area, after having been for several years the lover of a certain Pironi, married a member of the Police who, a little afterwards, left her to her destiny. She, once again, went back to her former lover, Pironi, but also this relation did not last long. Yet she was able to start a new relationship with a certain Lamberti Settimo, a bad character at least from the moral viewpoint. He had just come back from France and, having made a contract with the Commune of Bordighera to cut timber in a forest near Montenero, he had hired several workers and, among those, I too was employed as a superintendent. Lamberti, an arrogant character and a swindle, was led and inspired in every action by his Mistress, Fois Renata, and committed a lot of mistakes and injustices towards his employees.

As I was aware of the situation, I was chosen as a trustee' by the Syndicates and had to protect the interests of the workers. In fact, when Lamberti fired some workers only to perform the whims of his lover, I immediately informed of it the representative of the Syndicate Mr. Varardo G. Batca named "Bacicin" and requested that Lamberti paid whatever the workers were entitled to.

Moreover on 15 January 1945, the named Lamberti and his lover went through the Traffic Control Post of San Remo, riding a truck loaded with victuals, that is rice, potatoes, cheese etc.; he stated the food was solely to be used for the workers mess, but instead it was sold on the black market.

Lamberti's lover pretended that I had to restrain all the wood carried away by the people from the forest without first ascertaining whether it was Lamberti's or not. In fact, according to an agreement made between Lamberti and the Black Brigades Commanding Officer, whatever timber was found in possession of privates, it would have been restrained and divided in two equal parts. Once Lamberti requested the above said Commanding Officer to requisition all the timber possessed by privates in the Arziglia District, but he, upon my advise, refused to do it.

Due to the fact that I always refused to do such ⁷⁴²³ illegal and unjust acts, as requested by Lamberti and his Mistress, I was fired. As far as the irregular and crooked activities of Lamberti are concerned, you may ascertain the truthfulness of what I have been stating above, by questioning two Carabinieri who worked for Lamberti: that is Venturino and Calcagno who, on 25 April, were

sent to Genoa on duty. Another Carabinieri who may witness that I helped him to get timber from the forest, is Vice Brigadier Salvo. He has gone to Genoa too.

Inasmuch as I know many of their business and I was informed of what Lamberti has performed in France, his Mistress plotting with other persons, is trying to knock me down although she is unable to prove, what she is charging me of.

The named Lamberti, thru his connections among the personnel of the State Railways, made a contract for the removal of the poles of the railroad Mentone Ventimiglia. Among the workers who were authorized by the German Command of Mentone to pass the border-line, in order to perform this work, there were many who used to go across the border-line only to accomplish their clandestine activities. I can cite the name of a certain Dianda Alibrando, lately arrested as a member of the Black Brigades and sent to the Concentration Camp of Fossano; he was included in the above said list of workers and for 6 months and 16 days he has almost every day crossed the frontier to accomplish his crooked activity in France. Beside having paid 50 thousands lire to obtain the authorization, he paid every day 1000 lire to a man whose name I am unable to remember and 500 lire to a certain Galli Francesco, administrator of Lamberti and my brother-in-law. He is father of 4 children and was compelled to obey to make a living. Why did Dianda pay such sums? Once the same Dianda had a meeting with four German Officers at the Sea Restaurant at Bordighera and exchanged with them, 70 thousand lire with 140 thousand francs and would have exchanged a bigger sum of money if the same officers had not made a better deal with the inn-keeper.

Lamberti was informed of this activity and protected it by procuring authorizations and permits from the German Commander of Mentone. The same Lamberti has still now in his possession a great deal of material removed and hidden abusively in several ware-houses. An investigation be made on Lamberti and then we will see what conclusion will come out of it.

What I have been summarizing above, represents the reasons why Lamberti's mistress, who always hated me, is trying to knock me down. She does not want me to talk.

Unfortunately I do not have big sums of money and am forced to make it known that misery is knocking at my family's door.

7422

Third : The case "De Marchi" (Villa Monteverde)

I will not refer all the painful accident of which everybody may be informed in the least details, but I solemnly state that there is no responsibility of mine in the fact. Furthermore, while I am disposed to give all the information which may be required, I am going to demonstrate with precise facts and several witnesses, the responsibility of certain persons who were first arrested and later released upon intervention of some Authorities.

Count Civalieri and his wife.
(German origin, residing at Bordighera)

Being informed that, even though in an uncertain and dubious manner, a certain responsibility was laid on me, I have, in my own interest, done all the possible enquiries for the purpose of clarifying my situation; consequently I am taking the liberty to relate below what resulted from my investigation, even by citing facts and persons who can testify.

1 It is known in Bordighera that Count Civalieri's wife was a regular member of the German Military Corps as well as of the German Police and that she was skillfully coadjuted by her husband in her work.

2. Very frequently German Officers called upon Villa Les Pins, when the couple resided there for a long time, and spent their evenings there or took Mrs. Civalieri out. A German Officer stationed at Ospedaletti was her assiduous visitor. Almost daily Mrs. Civalieri used to go down to the German Command of Ventimiglia and Bordighera. On several occasions she has been seen having breakfast at San Remo with the German Officers.

3. Before enumerating other details of the case, I cite what I have been told by a certain Lorenzi Angelo, a resident of Bordighera, held in the same jail where I was. In fact, while we were talking about Civalieri, he declared:

" Some day in March 1944, while I was in my villa's garden at Bellavista di Bordighera. I saw a German Non-commissioned officer talking in German with Count Civalieri and heard him congratulating Count Civalieri upon the fact that the latter was a member of the German Police. When the German Sergeant took off, Civalieri approached and requested me to be allowed to use my garage for parking the

car of a German Police Officer. As I feared a possible requisition of my own car and garage by the Germans, Civalieri abandoned his idea and asked for some wine and fruits. Later I knew that he had taken the garage of Villa Monteverde." That is what Lorenzi told me.

4. A few days before Mrs. De Marchi was arrested, the above said Count Civalieri, with whom she was having a feud because of land troubles, told her: "Within few days you will be all right!" Mrs. De Marchi as well as her father are informed of this fact.

5. Thru confidential several sources I was informed that towards the end of April 1944, the named Civalieri made some statements to a person who had called on him, which were useful for my defense and investigation. Inasmuch as Mr. Lorenzi Angelo is the owner of the Villa where Count Civalieri dwelled, I applied to him in order to obtain help while I was trying to discover what he had stated. Mr. Lorenzi was moved by my request and declared the following: "On 20 April I went down to Villa Les Pins to collect the rent from Count Civalieri. We started talking about Mrs. De Marchi and when I asked why she had been apprehended, Civalieri, behaving himself as a superman, replied: 'We handed her over to the Germans; my wife is a member of the German Police and whatever she asks is performed because she is trusted. Mrs. De Marchi will be away from Bordighera till after the war, if goes all well!' " This is what Lorenzi told me.

Owing to the intransigent stand of Count Civalieri, I was unable to obtain Mrs. De Marchi's release while, on the contrary, I succeeded as far as her father's release is concerned. In fact, I was advised not to pay consideration on De Marchi's case, inasmuch as a fiduciary of Bordighera had put his veto on Mrs. De Marchi's return to Bordighera. Her father is aware of the circumstance and can testify on it.

6. The second meeting of Mr. Lorenzi with Count Civalieri took place on 19 October 1944 and here is what Mr. Lorenzi recalls about it: "On 19 October I went again to Count Civalieri's to collect the rent. He invited me to take a chair, what he never did in the past, and told me he wanted a favour from me. As I replied that I would have done it if it was possible, he added: 'You should try to find out what family in Bordighera has two members patriotes with respectively the name of: Lupo and Volpe.' As I appeared surprised for such a request he excused himself by saying that he only wanted to take a revenge because the two patriots had damaged her brother's estate in Cuneo district. Upon such a conclusion, I ⁷⁴²⁰ could not do him that favour."

8. It is known that Civalieri's wife used to go down to Merano to pay a visit to her mother sheltered in a sanatorium and that often she went to Germany where she had meetings with German Minister Funk, who corresponded with her husband.

On 13 May Count Civalieri and his wife were arrested and taken to the Miramare Hotel in Bordighera together with other persons. During his stay at this hotel, frequent quarrels took place between them and once the Count beat her wife saying: "It is all your fault if we are here now!" All those who at that time were in the Hotel, are able to testify what above. They offered a member of the Police a golden bracelet and a wrist watch, if he would have gone to their previous dwelling to destroy all the German issued documents bearing their names. The Policeman did what they requested but afterwards denounced his own act.

Witnesses to this fact are:

1. Massaferrero Luciano residing at the Lodging-Board "Italia" at Bordighera.
2. Bono Angelo from Ventimiglia, held at Concentration Camp of San Martino in Remo.
3. Lombardi Adriano, son of the hostess of the Hotel Belvedere.

On 9 June, all the persons arrested in Bordighera were transferred to the Concentration Camp of San Martino in Remo. Civalieri, who was held in a big room together with me and some others, tried to interest some persons who could take him out of troubles. In fact, serious charges were pending against him as stated by the A. M.G. Police Supervisor Mr. Ferrero Egidio.

Really, to say the truth, Civalieri was once taken as an hostage by the Germans together with the Lawyer Pencucci, Colonel Quadrone and Mr. Aprozio. But, one or two days later, he was released and no other hostage was taken in Bordighera. It was only a skillful manouvre to simulate Civalieri's connections with the Germans and his crooked activity.

After a month spent at the above said Concentration Camp of S. Martino in S. Remo, Civalieri and his wife were questioned for the 3rd ~~time~~ time by Mr. Bertocchi and by the Public Security Agent Beltrame and were released. The same official had questioned me in regard to Civalieri's activities a little before their release, but they did not pay any consideration to what I was about to state and dismissed me.

7419

When I heard of their release, I was surprised as I was informed of the charges pending against them, charges confirmed by the

A.M.G. Police Supervisor Mr. Ferrero Egidio and started to lighten the mystery thru my personal investigation.

After two months of active investigation and contacts with persons who were acquainted with the Civalieris, I happened to talk with Mr. Ropetto, a contractor from San Remo, he too held at the same Concentration Camp, about Count Civalieri. As I asked him if he knew anything about his release, he said, in a very confidential way, what follows:

"The Count was able to contact Countess Borea D'Olmo thru the help of the Nurse of the Camp, a woman of valuable goodness. They met in the Camp-Dispensary, in presence of the nurse, and the Count requested the intervention of the Countess to save him and his Lady from a very critical and dire condition. The Nurse felt herself disgusted for what she had heard but said she had to cooperate with the Countess because she was the Nurse's Supervisor."

This explains why the A.M.G. Police Supervisor Mr. Ferrero Egidio and Mr. Bertocchi have released the Civalieri and why no serious charges have been found pending against them. The conclusion is always the same: while the poor have always to pay even though innocent, persons who have been repeatedly denounced are released without any trouble.

But, before closing, I'll refer another fact: In summer 1943, Count Civalieri succeeded in making friends with Prince Achwar-senberg, nephew of the old Prince Schwarsenberg, who lived at Villa Cava in Bordighera. Soon after the Prince started to dislike this friendship and succeeded in keeping away from the Count; but in November of the same year the Prince was surprised in being arrested by the SS. It seems that lately he was executed, as stated by a German Navy Officer who had requisitioned the Villa Cava upon the arrival of the German Navy.

Sir, I beg you to pardon me if I was so long in explaining my situation; indeed my only hope rests in you as I do not trust anybody else. My money was stolen from me and I can't even talk of this theft as I have been threatened. Moreover my wife's conditions are such as to make me believe that she will fall sick.

Sir, I am applying to you on behalf of my daughter; send me to work even if far away from Italy; if you want information from me, I'll be glad to help you. While I am still asking pardon ^{7/18} she troubles I am giving you, I trust in your Goodness and in your help. I thank you for whatever you will and might do for me.

yours respectfully
s/ Werle Gustavo.

My dear Mr. Ortona:

As you suggested during your telephone conversation with Mrs. Doelger, I am asking if it is possible for H.E. the Italian Ambassador to do anything in the following matter.

Bruno Marco Musa is at present a civilian internee at Keffiefontein, Orange Free State, South Africa. His wife, Ida Berni Musa, an American citizen by birth, is at present in the United States. Mrs. Musa went to Europe at the age of 16 as a student and stayed in England, France and Italy. In 1935 she and her husband went to live in South Africa.

Mrs. Musa explained to us that in 1940 she and her husband together with their child were ready to leave South Africa for the United States, but just before their departure Mr. Musa was detained due to insufficient documents. This case first came to our notice in July 1940 when Mrs. Musa called at our office and asked us to assist her in filing documents in order to have her husband proceed to the United States. The necessary forms were filled with the Immigration service and we were later advised that they were approved. In November of 1940 we learned from Mrs. Musa that she had received a cablegram from her husband to the effect that he had been placed in a concentration camp by the British.

Since the armistice between Italy and the Allied Nations, Mrs. Musa has tried every means in order to have her husband released from the internment camp, but has been unsuccessful.

It is for this reason that we are now writing to you, to learn whether it would be possible for your office to do anything towards his release. Thank you for whatever information you may be able to give us.

Sincerely yours

Con istanza in data 6 dicembre 1944, diretta

ai Ministri del LL.Pr. e delle Colonie, reiterata

- in data 12 maggio 1945 - alla Presidenza del Con-

siglio dei Ministri, la sottoscritta, DE BENEDETTIS

Clelia, chiedeva il rimpatrio del marito - RIZZETTI

Ing. Antonio fu Pietro, funzionario già dell'Ammi-

nistrazione del LL.Pr. (Genio Civile) ed ind. del

Servizio Tecnico Coloniale - internato nel "Italian

Evacué Camp n. 1/A - 1550 - KENYA COLONY.

Considerati i motivi posti a base della richie-

sta, valutate le circostanze particolari della re-

miglia dell'internato, esperite le opportune inda-

gini circa l'impiego in Patria del Rizzetti, circa

i precedenti morali e politici di lui, circa le

condizioni di salute, rese precarie dal lungo soggior-

no in terra d'Africa (dieci anni ormai)-data anche

l'età non più giovane di esso rimpatriando, le con-

potenti autorità Alleate aderivano al rimpatrio, rinviandone logicamente l'attuazione al verificarsi delle disponibilità dei trasporti marittimi, compatibilmente con le esigenze della guerra.

In tali sensi era la comunicazione data dal Ministero del LL.PP. in data 4 agosto 1945 n. 6098 - Divisione II°, riferentesi alla nota 23 luglio 1945 del Ministero degli Affari Esteri.

La sottoscritta rivolge commossa gratitudine alle Autorità Alleate ed Italiane per il benevolo interessamento; ma il caso, ritenuto meritevole di considerazione, è divenuto, frattanto, degno di umana pietà.

Sono cessati da qualche tempo i messaggi diretti del Rizzetti, che è stato pur sempre assiduo e presente alla famiglia con frequenti missive, mentre sono pervenute notizie indirette, affatto rassicuranti sullo stato di salute di lui, da persone che vivono nello stesso campo.

L'ing. Presutti Ugo (n. R 40924) derivando alla moglie - Sig.ra Presutti Giuseppina - Roma Via degli Scipioni 232 int. 6 - scrive in un messaggio datato

29 aprile 1945:"chi è proprio già, è l'ing.

Ed. in altro messaggio datato 24 giugno 1945:

"...Chi sta malissimo (e ne ne duole) è l'ing. Rizzetti: speriamo che Iddio gli consenta almeno di rivedere la famiglia!..."

Anche il Cappellano addetto al campo ha diretto un messaggio ad una figliuola del Rizzetti, annunciando che il poveretto va soggetto a crisi, non meglio specificate, che gli impediscono di scrivere....

Tutto ciò ha messo in subbuglio gli animi dei familiari, ha fatto svenire bruscamente quell'atmosfera di fiducia, serena attesa del ritorno del caro lontano.

Poiché nullo degli informatori ha parlato di male acuto, violento, è dato pensare che il Rizzetti, di temperamento un po' misantropo, riflessivo al massimo, allontanato d'un tratto dal lavoro che costituiva la sola ragion di vita, lontano dalla famiglia, cui era peraltro attaccatissimo, costretto a ripiegare il pensiero sulle sventure proprie e su quella delle Patrie, nella vita chiusa del campo, subisca una forma depressiva psichica che, per la trascuranza, che ne consegue, della funzione vegetativa, si ripercuote sulle condizioni fisiche con un'ag-

Poiché niuno degli informatori ha parlato di male acuto, violento, è dato pensare che il Rizzetti, di temperamento un po' misantropo, riflessivo al massimo, allontanato d'un tratto dal lavoro che costituiva la sola ragion di vita, lontano della famiglia, cui era peraltro attaccatissimo, costretto a ripiegare il pensiero sulle sventure proprie e su quelle della Patria, nella vita chiusa del campo, subisca una forma depressiva psichica, che per la trascuranza, che ne consegue, della funzione vegetativa, si ripercote sulle condizioni fisiche con un aggravamento generale che - senza l'adozione dei rimedi del caso - può portare alla fatale conseguenza del collasso.

Sarebbe buon consiglio il mutamento delle condizioni ambientali, per il paziente; ma è chiaro che ogni ritardo costituisce grave pregiudizio, ogni giorno che trascorre si può dire un passo verso l'irreparabile.

A por fine al martirio di un onesto, integerrimo lavoratore, apprezzato fra i più valorosi tecnici e funzionari delle Amministrazioni che lo hanno avuto alle dipendenze; di un cittadino come pochi volentieri netto, che ha accettato come dovere e non come sacrificio una missione da compiere nelle zone più squallide ed insidiose dell'Africa - in nome della Patria e della Civiltà; di un uomo che ancora molto può dare alla Società con i tesori della sua competenza, della sua cultura, della sua abnegazione; a por fine all'ansia che attanaglia l'animo d'una famiglia per la sorte del suo capo, la sottoscritta implora dalle Autorità cui la presente è diretta il tempestivo intervento per affrettare al massimo i tempi del rientro dell'ing. Rizzetti - con qualunque mezzo, non escluso l'aereo - ed a spese del rimpatriando che offre garanzie di rimborso con la proprietà in Roma.

La sottoscritta confida nel senso di equanimità, giu-

parabile.

DI SUA SANTITA'

No. 101372/SA

Dal Vaticano, li 25th August 1945

Dear Major Harvey:

In the pursuance of the charitable and humanitarian mission of the Holy See, the Secretariat of State of His Holiness takes the liberty to recommend to the competent Allied Authorities, for the attention and consideration which it may be deemed to merit, the request of Ten. Col. Giorgia Roda and Capt. Edmondo Scorretti for release or for classification as prisoners of war under the jurisdiction of the Allied Forces.

These two men, formerly officers of the Italian Fascist Republican Army and of the "Brigata Nera" are now detained in the "Carcere Giudiziario" of Alexandria --through the influence, they say, of the Partisans-- rather than in an Allied POW Camp. These men relate that the Allied Military Government authorities at Alexandria, under date of July 19th, 1945, have notified the Italian Civil authorities that they do not fall under the competency of the civil courts--for membership in the Fascist Party and Army. The two prisoners affirm also that they have received assurances from the A.M.G. Regional Commissioner that he has nothing against their being released or transferred to a P.O.W. Camp provided A.C. Headquarters is in agreement with such action. Accordingly they ask the competent Allied Authorities at A.C. Headquarters to consider their case.

With sentiments of high esteem, I am

Very sincerely yours,

Pro Memoria

JANNONE TOMMASO, tenente-colonnello d'Artiglieria.

Alla data dell'8 settembre 1943, egli si trovava a Roma essendo rientrato dalla Grecia per malattia con 90 giorni menomazione fisica e fu ricoverato al Celio. Dall'ospedale sortì qualche tempo dopo con una licenza di convalescenza.

Terminato il periodo di convalescenza, si tenne nascosto non avendo alcuna intenzione di far parte delle FF.AA Repubblicane e con me ed i figlioli si recò a Palestrina (Roma).

In questo periodo fu a contatto con diversi partigiani del posto. Fra nostro ospite anche un tenente di mio marito, Bisantis Gaetano, che si nascondeva con lui e con mio figlio Giovanni - del 1924. Ma, dopo poco tempo, dato il piccolo centro, la sua presenza e il suo grado furono conosciuti e pensò bene allontanarsi con mio figlio ed il tenente recandosi in un appartamento a Roma.

Una sera del Gennaio 1944, mentre erano in casa tutti e tre, venne avvertito dal portinaio del palazzo (un ex carabiniere che conosceva bene la posizione di mio marito) che la questura lo ricercava. Con l'aiuto dello stesso riuscì ad evitare per quella notte la cattura, perché il carabiniere stesso lo fece passare in un'altra ala del palazzo, in un appartamento disabitato.

L'indomani di buonora si recò in un albergo di via Napoli, ove conosceva il proprietario e lo supplicò di dargli ospitalità; ma lì continuò la sua odissea, perché di giorno e molte volte di notte i tedeschi e questura facevano irruzione e, spesso notti, fu nascosto sui tetti fra i cassoni dell'acqua.

La sua posizione si era resa insostenibile, anche perché il proprietario dell'albergo si esponeva giornalmente ad un pericolo, ed allora, in febbraio, non so come esattamente, a mezzo di un suo maresciallo che era nell'esercito repubblicano, ma lavorava esclusivamente per i partigiani, fu consigliato a presentarsi al Generale Faldella e da questi assunto e mandato a Trescore Balneare (Bergamo). Da qui fu mandato a Padova e successivamente a Mira alla delegazione Intendenza. Qui venne messo a dis-

- 2 -

posizione, per cui non prestò mai effettivo servizio.

In data 20 Agosto 1944, in seguito al trasferimento del Coll. Barbara, gli venne ordinato di assumere il comando della Delegazione, ma dopo solo 8 giorni questa venne disciolta e lui venne messo nuovamente a disposizione del Comando provinciale di Venezia; per non prestare servizio, chiese visita medica ed ottenne l'invio in osservazione all'Ospedale di Valdobbiadene.

Con foglio 6/10/1944 No. 02/867/R del Comando militare provinciale, gli venne comunicato che il 203-o Comando militare regionale lo aveva collocato in licenza illimitata in attesa di provvedimento.

Nel frattempo cercò di entrare in contatto con qualche esponente del C.N.I. del Veneto ed espresse questo suo vivo desiderio al Dott. Gerasmo Messinis ed al Dott. Giuseppe Betetto, ambedue personalità di Venezia e suoi buoni amici, i quali ne parlarono all'Avv. Toscani, importante membro del Comitato di liberazione. Purtroppo, la sua adesione non fu accettata, perché gli si disse che il Comitato aveva esuberanza di ussiciali superiori. In data 2/2/1945, con foglio 02/378/U, il Comando militare provinciale gli comunicava che il Sottosegretariato di Stato dell'esercito aveva disposto il suo richiamo in servizio per essere avviato al 51-o distretto militare di Venezia in Mestre.

Assunto servizio, sua prima preoccupazione fu quella di evitare il più possibile di indossare la divisa, adducendo a sua scusa una grave lussazione al piede che gli impediva di calzare gli stivaloni, procurandosi dei certificati medici; in secondo luogo, tentò tutto quanto era in lui e in conseguenza del posto che occupava di rendersi più utile possibile.

Infatti, non pochi furono coloro che denunciati per renitenti alla leva vennero fatti immediatamente avvertire da mio marito per sottrarli all'arresto; come non pochi furono coloro che beneficiarono di falsi documenti e false licenze da mio marito ⁷³⁶⁶rilasciate.

Per il suo modo di agire, per l'evidente contrasto alle idee repubblicane, egli venne sottoposto ad una continua vigilanza da elementi fascisti. Da ricordare che, per quanto pressato dal Comando provinciale per l'iscrizione al partito fascista, egli

- 3 -

mai volle aderire.

A tale proposito devo far presente che a causa del mio unico figliolo, della classe 1924, renitente alla leva per incondizionata approvazione del padre e mia, mio marito ha dovuto subire non poche persecuzioni da parte dei superiori repubblicani e di ciò mio marito conserva dei documenti.

Mio figlio, purtroppo, ancora ignora la sorte, venne dal padre affidato al ~~Capitano~~ ^{Capitano Raimondo Bruno} Ravello Bruno, dell'Intendenza esercito, che si trovava nell'Esercito repubblicano per il doppio gioco con grado di sergente maggiore, e dal tenente Isone Vincenzo, anch'esso nell'Esercito repubblicano con il grado di maresciallo d'artiglieria.

Furono questi due che per i primi tempi lo assistirono, lo aiutarono fornendogli di falsi documenti, per aver modo di sfuggire più facilmente ai rastrellamenti della Genia fascista.

Non sono troppo addentro delle cose di mio marito, non amando egli parlare di queste cose in famiglia, per cui quanto ho avuto modo di esporre non sono che sole notizie frammentarie che ho potuto raccogliere dalle poche parole che mio marito scambiava su questo delicato argomento. Quello però che posso con tutta coscienza affermare è che mio marito non solo non ha mai nutrito alcun sentimento fascista (e quanti lo hanno conosciuto lo possono attestare), quanto molto egli ha arrischiato per rendersi utile alla causa giusta, sia aiutando, sia consigliando, sia avvertendo tutti coloro cui minacciava un pericolo, sia fornendo notizie di carattere strettamente militare a partigiani ed altri ch'io non conosco personalmente. Purtroppo, non sono nelle possibilità di far nomi o comunque dare più ampie delucidazioni, cosa questa che può fare solo mio marito se interrogato.

7365

Il giorno 20 Aprile 1945, chiese ed ottenne dal Col. Comandante una licenza per Torino. Scopo di detta licenza fu quello di poter tentare di avere notizie del proprio figliolo Giovanni che agiva nelle formazioni partigiane del Bergamasco o del Piemonte, dato che da circa un anno la famiglia non aveva, come tutt'ora non ha, sue notizie.

Senonchè, trovatosi colà in quel periodo d'insurrezione, non essendo conosciuto

- 4 -

dai partigiani del Piemonte, fu arrestato insieme agli altri ed inviato in campo di concentramento a Modena. A Venezia invece era già stato destinato a prendere parte, con le forze di patrioti che aveva disponibili, alla lotta contro i tedeschi ed i fascisti ed avrebbe occupato un posto importante nel Comitato di liberazione o comandi militari.

Non credo che la sorte che gli è toccata sia la migliore ricompensa che egli si meriti per i numerosi servizi resi, e per avere tutta la famiglia sofferto per lunghi mesi disagi morali e finanziari. Io e mia figlia continuamente ci siamo spostate dal Bergamasco in Piemonte, poi in Lombardia ed infine nel Veneto, per nasconderci, dato che continuamente ci ricercavano per la scomparsa di mio figlio che era stato dichiarato disertore.

E PERTANTO CHIEDO :

Visto che mio marito trovasi in campo di concentramento per isbaglio, mentre se si fosse trovato a Venezia colà conosciuto avrebbe avuto la giusta ricompensa, - che venga fatta luce sulla sua innocenza e sull'opera da lui svolta a favore della Patria, e sia quindi rilasciato al più presto con la prescritta discriminazione.

Dichiarazione:

Io, partigiano, ebbi modo di conoscere il T. Colonnello

Iannone Tommaso in esplicazione della mia attività patriottica.

Tengo in fede a dichiarare che il suddetto T. Colonnello

è sempre stato durante tutto il periodo dell'oppressione repubblicana di fede assolutamente antifascista ed

ha più volte fornito nominativi, a me che li trasmettevo, di

patrioti, disertori ecc. ecc., permettendo che gli stessi si

sottraessero alle sanguinarie fasciste.

Anche dallo stesso mi venne trasmesso elenco di criminali

fascisti di modo che ancor prima dei moti insurrezionali

ci fu possibile assicurare alla giustizia alcuni dei tali.

OGGETTO

Prot. N. 10.000.000.000.000

Si richiama l'attenzione del Com. Col. Pennone, Comandante
del 51° Distretto Militare di Venezia, sulla seguente:

La matricola è effettuata presso il personale del Distretto di
Venezia dipendente dal suddetto ufficio (Serg. Magg. Lucio
Riva, Sott. Magg. Taccari, Sott. Magg. Siro, Siro, Siro, Siro,
etc.) e dichiara che, negli ultimi il suo periodo di servizio
militare, ha sempre dimostrato sentimenti antifascisti, agendo
con dichiarazioni il personale militare richiama perché ri-
sponde al proprio dovere. La matricola è stata
dichiarata per il personale rastrellato della classe 1925, perché
fosse proceduto a ogni modo, e rimanendo legittimata la
loro assenza e libertà.

Si asteneva dal comunicare alla truppa - periodo del quale fu
capo ufficio e Vice comandante del Distretto - le varie circo-
lari a carattere propagandistico da leggere e ~~discutere~~, asten-
endosi dal far dichiarazioni circa il vero materiale stampa e
propaganda per la diffusione.

Risulta altresì, che gli era nota l'esistenza nel Distretto di
una cellula del C.L.N. e che esibiva ad un inviato del partito
Aldo di una cellula, agendo in seno al partito d'azione, e es-
sere infiltrata, dimostrando una certa attività di agitazione.

Si è mia personale conoscenza che il Col. Pennone, Comandante
del Distretto di Venezia, ha parte di qualche gruppo partitico
dipendente dal C.L.N. di Venezia, e per uno dei membri del
gruppo, data la sua localizzazione che il Distretto opponeva al suo
gruppo, interpretando mio figlio Rino Pennone, Partigiano nel
la 17 Brigata Gruppo di Pianura, perché interpretando a suo
ricordo entrasse a far parte del C.L.N. di Venezia. Si richiama
l'attenzione della Gruppo circa il suo interessamento.

COMANDANTE DEL DISTRETTO
(Col. Pennone, Comandante)

Nei riguardi del Ten. Col. Jannone Tommaso già Vice Comandante del Distretto di Venezia - Capo Ufficio Mob. e Forze in Congedo posso dire quanto segue che dell'espiazione delle proprie mansioni ha sempre agito con molta bontà e comprensione nei riguardi dei renitenti che la guardia repubblicana traduceva al Distretto rilasciando più volte agli stessi, false dichiarazioni attestanti la loro regolare posizione militare, dichiarazioni che il sottoscritto vedeva in quanto provvedeva a munirle segretamente di bollondo .-

Anche nell'esprimersi l'ufficiale in parola lasciava trapelare una certa avversione per l'istituzione repubblicana..

Di quanto sopra esposto ne è ha perfetta conoscenza anche il Signor Acciarilli Giuseppe che unitamente al sottoscritto si firma.-

Dear Capt. Ellis,

thank you so much for you kind letter from Jan. 16th, containing the pleasant news about your being successful in tracing my passport and newspaper cuttings. A pity we cannot find out all the other missing things, such my Leica and the diaries of my cousin Griesheim etc., I am quite touched about your kindness in having taken over this task and cannot express my thanks sufficiently. I certainly agree with your suggestion that Avv. Orlando Antonucci might collect my belongings but I can just as well fetch them from you in one of these days as I shall take over my Institute in Rome in due course future. Looking forward to thank you once again personally,

I am always yours sincerely
