Other similar or more complete demonstrations and confessions would be produced by hundreds of other local citizens. It is even generally said that Subject's parents would do so, since they have been caused to suffer so much at the hands of this man.

It is recommended that Subject be interned for the duration of the war as a military security hazard, and that he subsequently be turned over to the competent Italian Judiciary authorities to answer the charges he is accused of as civil violations; and the political charges that the German authorities should wish to judge.

Subject's partisan identity card signed by PIVRO of the XIth Zone (Barga area) is also enclosed here with the original of the arrest report. When this card was shown to Capt. VIGNI, C.M. Italian officer in the Barga area with the Partisans, he was of the opinion that the card was false, and that the counter signature by Lt. Michael Pissidelli was a forgery. The first signature that of PIVRO, is frequently forged too, says Capt. Vignani, inasmuch as it is easy to imitate.
