Reason for Arrest

Subject was sent down with BIAGETTI Duilio, because they had signed a declaration th the effect that they had captured 6 American prisoners. Gorini and Biagetti maintained that four months after the capture of the Americans, they were approached by Cambiniera (CELONNA of Forcali. Celonna stated that he had captured the Americans, but that by reason of the fact that he was of the police, he was not able to collect a reward. Celonna, therefore, requested subjects to sign the declaration, collect the reward and turn the money over to him; which in fact he did. Subject joined the PNF in 1921 and the PNF in May 1944. There is nothing to indicate that subject was involved in the capture of the Americans. However, the fact that they were on such good terms with Celonna, assisted him in securing a reward for an anti-allied act, had a long Fascist record, and joined the PNF as late as May 44, indicates that they are not desirable from a security standpoint at Forcali with the front lines nearby.

Recommendation for length of Internment.

Until [illegible] is taken, release subject to remain

The Board are of the opinion that Subject should be released for the following reasons.

(a) A policeman who admits the charges on the arrest report and states that he was NOT involved in the capture of the Americans.

(b) Recommended for internment until [illegible] was taken and not now a danger to security

Occupation: Salesman | Date of Arrest: 21.8.44. | Category: —

Unit affecting Arrest: 1st Div CIC | Arrested at: Foreoli | Province: EGADI

Reason for Arrest

Subject was sent down with BIAGETTI Emilio, because they had signed a declaration to the effect that they had captured 6 American prisoners. Cmdnt and Biagetti maintained that four months after the capture of the Americans, they were approached by Carabinieri COLONNA of Foreoli. Colonna stated that he had captured the Americans, but that by reason of the fact that he was of the police, he was not able to collect a reward. Colonna, therefore, requested subjects to sign the declaration, collect the reward and turn the money over to him; which in fact he did. Subject joined the PNF in 1921 and the PNF in May 1944. There is nothing to indicate that subject was involved in the capture of the Americans. However, the fact that they were on such good terms with Colonna, assisted him in securing a reward for an anti-Allied act, had a long Fascist record, and joined the PNF as late as May 44, indicates that they are not desirable from a security standpoint at Foreoli with the front lines nearby.

Recommendation for length of Internment.

Until La Spezia is taken, release subject to restraint

The Board are of the opinion that Subject should be released for the following reasons.

(a) A salesman who admits the charges on the arrest report and states that he was not involved in the capture of the Americans.

(b) Recommended for internment until La Spezia was taken and not now a danger to security

Occupation Skin dealer Date of Arrest Dec 44 Category ——

Reason for Arrest For security reasons it is requested that subject be interned for the duration of the war in Europe. He is a German national, now stateless, and was recruited at Casablanca. At that time he stated his willingness to engage in work of the type undertaken by this organisation. After a period of training during which he obtained considerable knowledge of the objects, training procedures and personnel of this organisation and particularly of the group to which he was attached, he refused to continue the type of training or to perform the work for which he was recruited. It is obvious from his behaviour that his statements at the time he was recruited regarding his willingness to serve the Allied cause were and that his intention in joining this organisation was simply to procure a means of travel from Africa to Europe in order to facilitate an early return to his native country for personal reasons. This office does not regard subject as an enemy agent but his behaviour makes it clear that his motivation is purely selfish and it is felt that if released in Italy his presence here will constitute a threat to this organisation.

Recommendation For length of Internment.

The Board are of the opinion that Subject should be released for the following reasons.

(a) A Jew who was a fish-dealer in North Africa, interned by the Vichy in early 1941 in MOROCCO.

(b) He was released in 1943 and started to work for the Resistance, in a store near MEKNES.

(c) He states that later he agreed to work for the American espionage organisation and began training with them.

(d) He was brought by this unit to CASABLANCA and then refused to continue the work.

(e) States he will first go to ITALY if released and live on what money he has and then try to get to MOROCCO.
