2. On 9 September 1946, the body of Dusan RUSIC, age 37 years, a Jugoslav national was found hanging at the end of a leather belt on the Tiber Embankment near Ponte Palatino, ROME. RUSIC was a refugee living at the UNRRA Centre at Cinecitta' and was shortly due for repatriation. An Allied Expeditionary Force DP Card No. I 389763 DA, marked "Jugoslav - Immediate Repatriation - 15187" was found on the body.

3. RUSIC's brother disappeared from the Cinecitta' Camp the same day as the body was found. The Italian police have investigated this occurence and have classified it as suicide.

4. At present no information is available regarding his past activities.

5. Regarding the statement that Jugoslav refugees deal in foreign currencies is to a certain extent true. Within the past few days the Italian police made a raid on the "black Market" currency exchange at Piazza Colonna, Rome. 19 persons were arrested, this number included 7 Jugoslavs, 7 Poles 2 Austrian, 1 Dane, 1 Hungarian and 1 Czechoslovak. Nearly all are Jews. One Jugoslav was in possession of 1.047.000 Italian Lire, 1015 Swiss francs and 556 American dollars. He has since been released by the Italian authorities. Of the number arrested five have been sent to the Italian Collecting Centre at FOSSOLI di CARPI to await eventual deportation, the others have been released.

6. There are numerous aliens residing in ROME, few are registered with the Italian police and the majority are in Italy without the necessary authority of the Italian Government.

7. Regarding CCRA it is reliably reported that this organisation has its HQ at Via Quintino Sella, ROME, the building occupied by the Jugoslav Mission. 936.

4. Flight of Bandit Kovacevic

Trieste - a centre of illegal trade conducted by Fascist criminals. Dope and arms, foreign currency and anti-democratic propaganda, criminality [illegible] against the Italian and Yugoslav peoples under the protection of international reaction and the Vatican.

Declassified E.O. 12356 Section 3.3/NND No. 785016

The escape of Kovacevic from hospital aroused a great interest, but not many people are thoroughly acquainted with the facts of the criminal activity of Yugoslav refugees and also Italians who escaped from Zone B.

These people pretend to be fugitives from the infamous persecution of Tito's regime because of their inclinations towards the Monarchy or Pavelic. The Italians have been maltreated for the sole reason of being Italian. They resort to crimes, thefts, illegal trade and aggression. Their real reason of escape is fight against democracy.

Although Kovacevic managed to escape, his partners are detained. They have been involved in a dope gang and are known in the refugee camp of Modena. They have accomplices in Milan and Rome. It seems that this criminal organisation has its branches throughout Italy.

A refugee was hanged on the wall reunning along the Tiber. Many Yugoslav refugees were arrested in Trieste, denounced by other refugees who probably belong to opposing gangs. The man who was hanged apparently knew too much as it was seen from photographs and other objects found in his pockets. He knew the addresses of notorious Fascists who enjoy high protection. He became dangerous as he approached an Anti-Fascist who with his assistance discovered the truth of the behind the stage activity of certain political circles in Rome.

While weird stories about OZNA frequently appear in Italian newspapers, silence is observed with regard to the activity of Tito's enemies. Stories about OZNA are meant to terrorise. Discoveries of the illegal activity of the refugees are usually proved by incontrovertible data.

Yugoslav refugees deal in currencies. They control the exchange in Rome and Milan. Raising the price of dollar and Swiss francs, they devalue the Lire. The trial of Frankj in Susak revealed the fact that these criminals have been bringing into Yugoslavia false dinars. They aggravated the economic situation both in Italy and Yugoslavia.

The centre of reactionary bandits in Rome contains Chetniks, Ustasha, Frenchmen of Legion Darnand, Roumanian Fascists, Bulgarian nationalists, Albanian supporters of King Zogu, Nazis and Fascists etc. OZNA is not interested in their activities, but they are being followed by agents of the Vatican Centre of Information and the Anglo-American Intelligence Service.

The charitable Vatican is helping the "poor refugees". That is probably why a former SS major was seen wearing the uniform of a servant in a religious institution of Rome.

Asked by Vatican, the International Red Cross issues to these loyal friends Nansen passports so that they could continue their useful activity...for the old order.

"Progresso d'Italia" writes. "He (the man who was hanged) escorted me to the mess in Trastevere in the Vatican where the "poor refugees" feed. Two former members of the Fascist Black Brigades sat side by side comparing notes regarding the killing of Partisans and conducting raids. Visiting the mess in Via Ripetta, I observed the people who gather arms in order to provoke incidents on the Yugoslav-Italian frontier.

"A young man who looks very much like Rasputin proved to be a clergyman who collects material for propaganda against Balkan countries. I met him in a Church in Via dei Banchi Vecchi. A German clergyman who frequents the Church in Via dell'Anima devotes his efforts to helping all the Nazis concealed in Rome.

3356

Declassified E.O. 12356 Section 3.3/NND No. 785016

Remnants of Fascism are protected in Italy. They plot against democratic countries. Enemies of freedom and progress are helped by various organisations. They are all criminals and it is for their sake that our region must become another Shanghai, Tangiers or Gibraltar. It is being done to us so that they could have a safe stronghold, a freidnly refuge.

High society is protecting them. These gangsters are not favoured by working classes, who do not want Trieste to become a centre of criminality. Trieste must be a bridge between two friendly nations.

5. Shortage of Lodgings

A large two story building occupied by three small families. Addquate measures demanded.

The shortage of lodging is becoming more acute due to endless refugees who have chosen Trieste for their criminal activity. It is about time to send these people back to their countries or somewhere else out of our town. The people whose houses were damaged during the war are forced to live in most [illegible] places, badly repaired houses. Some of them are forced to stay [illegible] people's houses.

The Allies could relieve the situation. The Anglo-American forces requisitioned the best hotels, public houses, and many private residences. We recognise the right of the Army, but we would like the right of our citizens observed too.

Col. Bowman says that the soldiers deserve every attention after the strenuous war. We would like to remind him that our population also suffered from the war.

Apart from de-requisitioning houses, the Allies should take measures for repair and reconstruction of damaged houses. Crowds of people wait daily in the lodging office for accommodations which cannot provided.

Baron Economo in Piazza Liberta, 5 lives with his wife and servants in twenty rooms. This house could accommodate fifty people.

The same things can be said for the residence of Count Serramonga. Signor Ghiorini lives in a large villa with his wife and servants.

Several times decisions of the Lodging Office could not be carried out due to sudden veto. What are the forces working against the interests of the population?

Immediate measures are indicated.

MEMORANDUM

The Yugoslav civilian found dead (hanged at the end of a leather belt) on the Tiber Embankment near Ponte Palatino on 9th Sept.46, is one RUSIC Dusan, 37 years of age. He was a refugee of the Refugees Camp at Cinecitta' and was to have been repatriated very soon. On the body was found his Allied Expeditionary Force DP Index Card No.I 389763 OA, bearing the following markings "Yugoslav - Immediate Reptriation - 15187".

RUSIC was in Rome with a brother who, the same day the body was found, disappeared from the Cinecitta' Refugee Camp and has not returned since. By the post-mortem, death was due to suffocation. The Police are inclined to class the case as suicide.

The OZNA have their Hdqs in Via Quintino Sella, in the building occupied by the Yugoslav Military Mission.

They also have a "cellula" in the Refugees Camp at Cinecitta' which conducts large Communist propaganda amongst the refugees. The Police is well aware of the fact but cannot closely control their activity, as the Camp is under the jurisdiction of Allied Authorities.

A meeting place of Yugoslav Bulgarian and Albanian Communists is the "Cafe'" at 95 Via Bonaccompagni, only a block away from Via Quintino Sella.

One of its most known characters is one [illegible]OPICICH, a Yugoslav student living at No.16 Via Brescia. He passes himself off for a refugee, but he has been living in Rome since long before the war and has always been known to the Police as a Communist.

In the Trastevere District at Piazza Porta Portese there is a center for the assistance of Yugoslav refugees. It is reported that amongst them there are "Ustachas", or at least some have claimed to have the "U" tattoed under their arm-pit.

In Via Tasso, in the premises formerly used by the German Gestapo in Rome, as prisons, are at present quartered some 300 Soviet citizens (ex POW, Deserters, etc.) - As it is known, the Soviet Government is claiming their return to URSS and members of the Soviet Military Mission have repeatedly visited them trying to induce them to return to their country of their own free will, with no results.

Vatican authorities are making the greatest effort to oppose such a return and are doing their best to help them to go to other countries where they can settle down. Some of them, as is reported, have already succeeded in leaving Italy with said help.

Rome, 29 October 1946.

SEUFERT, Willi

In connection with my service with Lt Col. CAMERON-CURRY I state as follows:-

From March 1946, I was acting as the driver of Lieut. Col. CAMERON-CURRY. I brought the car Fiat 1500 AC CEM CAP 2-BI20 from the CEM Depot Merano to the Offices in Bolzano. Then, the car was used by Lt. Col. CAMERON-CURRY until April 1946, and was later on substituted by a Fiat 2800.

On the 4th May, at 12 p.m., the Colonel, the civil employee MACADELLA (who in any case came only as far as Florence), and myself, left, bound for Rome on board Fiat 2800. We arrived on the 4th May 1946 at 7 a.m. As luggage, we had 4 bags, 2 cases containing sugar, flour, and food rations, and my personal luggage. We unloaded it at 12 Via Luca Signorelli, Rome, where we also met Lt. FERRI, whom I had once seen in Bolzano. Lt. FERRI and myself drove the two cars to the garage.

From the 4th till the 7th May 1946, we stayed in Rome.

On the 7th May, at 9 p.m., I drove the Colonel back to Bolzano in the Fiat 2800.

The green Fiat 1500 remained in the garage at Via Sicilia.

From the 8th until the 10th May, we remained at Bolzano.

On the 10th of May, we made a trip to Turin, in order to visit the Colonel's wife, who lived there at Ing. BOIDO's. On the 12th May we travelled back to Bolzano.

On the 13th May, we again travelled to Rome in the Fiat 2800 and took with us the Colonel's secretary. We arrived in Rome on the 14th May at about 6 a.m.

Some days later, I was ordered to take the green car out of the garage in Via Sicilia at 6 a.m., and to drive it to the dwelling-house. There, as ordered, I handed it over to Lt. FERRI. Since then I never saw the green car again in its original form.

When I asked where the car was, the Colonel laughed and answered that it was in Bolzano.

Two or three weeks later, I saw Lt. FERRI driving a completely re-conditioned Fiat 1500, grey colour, with new blue linings on the seats, with the number Rome 8....., without any spare wheels. I think, and I have good reasons to believe, that it was the same green Fiat.

I was ordered to put the two spare wheels on the car, which the Colonel had in his dwelling-house. When I asked, what the aim of the trip was, I was told that Lt. FERRI was going on leave. Some time later, a wire was received from MASSA from Lt. FERRI.

Declassified E.O. 12356 Section 3.3/NND No. 785016

I never saw the car again. Some I4 days later, Lt. FERRI came again to the flat wearing civilian clothes and spent some nights there. When we left he took a sack away, the contents of which are not known to me.

After the appointment of Lt. Col. CAMMERON-CURRY to the British Embassy, I only helped in the house work. During this time Mrs. Wanda OLIVETTI used to come rather often to the Colonel's dwelling-house. Once she remarked that she thought it was strange that Lt. FERRI did not show up any more, and, as I questioned her why, she added that he still owed I50.000 Lire to John.

On the evening before I was arrested, the Colonel told me that in case I should be asked about the green car, I should state that the car was in Bolzano.

Shortly after Easter, the furnishings of the sequisitioned part of the SAVOY Hotel was loaded on to a British vehicle convoy. On this occasion, the Colonel ordered me to fetch some German P.O.W.'s and to pack and mark with the letters C.C. the pieces of a cupboard, which was in his room and had been taken to pieces. The cupboard was also loaded on the trucks of the convoy.

I am further informed that a store of tyres was situated in the Via (sic) Monte Grappa, and at the SAVOY Hotel. The key of the Hotel's store was kept by Ing. BOIDO. Out of this store, I was given a tyre for my car Fiat 2800 by Ing. BOIDO. As far as I know, some 50 tyres were in the same store when we left for Rome. Lt. FERRI, whilst visiting Bolzano with a Lancia Lambda with a CKM number, took 4 or 5 tyres from the store. The car is at present at the GACCI workshops, Rome, for repairs. I do not know the name of the street, but I can easily show the way there.

Ing. BOIDO, when travelling from Bolzano to Turin, which he did rather often, used to take with him cases containing food supplies (corned beef, tinned milk, flour, rice, pasta, etc.). Twice Lt. FERRI took rolls of green cloth for tents with him; the last time I0 of the bigger of these rolls (the weight of each roll being of about 40 Kg.), which he had loaded at I2 p.m. I personally consigned during one journey 6 of these rolls and food supplies to acquaintances of Mrs. OLIVETTI.

My relations with Lt. Col. CAMERON-CURRY were strictly official and I was never given any money for small tasks.

I hereby testify that my statement on pag. I-3 is the truth and that I have not concealed anything.

Seufert, Willi

Ueber meine Dienstleistung bei Oberst Cammeron-Curry habe ich folgendes auszusagen:

1.) Ab Maerz 1946 war ich als Kraftfahrer bei Oberst C.C. eingesetzt. Der PKW Fiat 1500 AC CEM CAP 2-B120 wurde von mir vom CEM-Lager Meran mit nach dem Buero Bozen gebracht. Der Wagen wurde dann als D Dienstwagen von Oberst C.C. bis April 46 gegen einen Fiat 2800 ausgetauscht.

Am 3.Mai 00.00 sind der Oberst, der Angestellte Macadella(dieser jedoch nur bis Florenz) und ich mit den Fiat 1500 und den Fiat 2800 nach Rom gefahren. Ankunft in Rom am 4.5. 19.00. Als Gepaeck wurden vier Koffer, 2 Kisten mit Zucker, Mehl und Rationen und mein persoenliches Gepaeck mitgefuehrt. Das Gepaeck wurde in Rom Via Luca Signorelli Nr.12 abgeladen. Dort trafen wir den Lt.Ferri den ich bereits in Bozen mal gesehen hatte. Lt. Ferri und ich brachten anschliessend die beiden Wagen in die Garage.

Vom 4. - 7.5.1946 Aufenthalt in Rom.

Am 7.5. 21.00 Uhr bin ich gemeinsam mit dem Oberst mit dem Fiat 2800 nach Bozen gefahren.

Der gruene Fiat 1500 ist in der Garage Via Sicilia stehen geblieben.

Aufenthalt in Bozen von 8. - 10.5. in Bozen.

Am 10.5. sind wir nach Torin gefahren um seine bei Ing.Boido wohnende Frau zu besuchen. Am 12.5. sind wir wieder nach Bozen zurueckgefahren.

334*

Am 13.5. sind wir dann wieder mit dem Fiat 2800 und der Sekretaerin nach Rom zurueckgefahren. Ankunft in Rom am 14.5. morgens gegen 6.00 Uhr.

Declassified E.O. 12356 Section 3.3/NND No. 785016

Einige Tage spaeter erhielt ich den Befehl morgens 6.oo Uhr den gruenen Fiat aus der Garage Via Sicilia abzuholen und nach der Wohnung zu bringen Dort habe ich den Wagen befehlsgemaess dem Lt.Ferri uebergeben. Seit diesem Zeitpunkt habe ich den gruenen Fiat in seiner urspruenglichen Form nicht wieder gesehen.

Wenn ich danqch gefragt habe, wo der Wagen geblieben sei, dann hat der Oberst gelacht und gesagt, er sei weg in Bozen.

2 - 3 Wochen spaeter erschien der Leutnant Ferri mit einem generalueberholten 1500 er Fiat, Farbe hellgrau, neue blaue Polsterueberzuege, Targa: ROMA - 8 ....., ohne Ersatzraeder. Ich glaube annehmen zu duerfen, dass es sich dabei um den ehemaligen gruenen Fiat gehandelt hat. Die in der Wohnung des Obersten abgestellten 2 Ersatzraeder des gruenen Fiat musste ich auf diesen Wagen aufmontieren, dann wurde noch Gepaeck undBilder zugeladen. Meine Frage, wohin die Reise geht wurde mir dahin beantwortet, dass er in den Urlaub faehrt. Einige Zeit spaeter kam ein Telegramm des Lt.Ferri aus M a s s a . Den Wagen habe ich spaeter nie wieder gesehen. Der Lt.Ferri hat sich ca. 14 Tage spaeter in Zivil wieder in der Wohnung eingefunden und einige Tage uebernachtet. Bei seiner Abreise hat er einen Sack mit Inhalt mitgenommen.

Nach der Versetzung von Oberst C.C. zur engl.Botschaft habe ich nur noch im Haushalt geholfen. Waehrend dieser Zeit war Signora Wanda Olivetti oefters in der Wohnung des Obersten. Dabei hat sie einmal geaeussert, dass sie es komisch faende, dass der Ferri nichts mehr von sich hoeren laesst. Auf meine Frage warum, anwortete sie, John bekommt noch 150000 Lire von ihm.

3343

Der Oberst hat mir am Vorabend meiner Verhaftung gesagt, wenn ich nach dem Verbleib des gruenen Fiat gefragt wuerde, sollte ich angeben, dass

Declassified E.O. 12356 Section 3.3/NND No. 785016

sich der Wagen in Bozen befindet.

Kurz nach Ostern wurde durch eine engl. Fahrzeugkolonne unter Fuehrung eines Capt. die Hoteleinrichtung des beschlagnahmten Teiles vom Albergo Savoy ausgeraemut und verladen. Bei dieser Gelegenheit gab mir der Oberst den Befehl, einige deutsche PCWs zu holen und einen in seinem Zimmer auseinander gebauten Schrank zu verschnueren und mit C.C. zu signieren. Diese Dinge wurden ebenfalls auf den Lkws verladen.

Weiter ist mir bekannt, dass sich in der Via Monte Grappa und im Hotel Savoy ein Reifenlager befunden hat. Den Schluessel vom Lager im Hotel Savoy hatte Ing. Boido. Aus dem Lager im Hotel Savoy habe ich von Ing. Boido einen Reifen fuer meinen Wagen Fiat 2800 erhalten. Meines Wissens nach haben sich noch saemltiche Reifen (ca.50 Stueck) bei unserer Abreise nach Rom in diesem Lager befunden. Lt. Ferri hat bei seinem Besuch in Bozen, wobei er einen Lancia Typ di Lampda mit CEM Nr. benuetzte, ca. 4 - 5 Reifen aus diesem Lager mitgenommen. Mit diesem Wagen hat Lt. Ferri wie mir der Oberst spaeter einmal sagte, einen Unfall gehabt. Der Wagen steht in beschaedigtem Zustande in der Reparaturwerkstatt G a c c i - Rom. Den Namen der Strasse kenne ich nicht, kann aber jeder Zeit den Weg dorthin zeigen.

Ing. Boido hat auf seinen oefteren Fahrten von Bozen nach Torin Kisten mit Lebensmittel (Cornedbeef, Buechsenmilch, Mehl, Reis, Pasta usw.) mitgenommen. Lt.Ferri hat zweimal, das lezte Mal 10 grosse Rollen gruenes Segeltuch (Gewicht pro Rolle ca. 40 Kilo) die wir nachts um 12 Uhr aufgeladen haben, mitgenommen. Auch ich habe bei einer Fahrt 6 solche Rollen und Lebensmittel bei Bekannten der Signora Olivetti in Mailand abgegeben.

Mein Verhaeltnis zu Oberst C.C. war rein dienstlich, irgendwelche Gelder ausser fuer kleinere Ausgaben, habe ich nicht erhalten.

Declassified E.O. 12356 Section 3.3/NND No. 785016

Ich erklaere hiermit, die auf Seite 1 - 3 gemachten Angaben und Aussagen als wahrheitsgetreu und dass ich nichts verschwiegen habe.

Rappold was employed by the Mittelmeer-Reederei (M.M.R.) and did present himself in April at the office of the Seeschiffahrtsamt in Hamburg.

He intimated that he was in possession of authority to proceed back to Italy, and that he already held an authorisation from the American authorities to this effect. Therefore there was no need for this Branch to sponsor this journey through ZECO to Exits and Entries Branch of I.A. & C. Division if we had been so minded as to send him on a mission, which we would not have done.

However, as he was in possession of this authority, and as we are most anxious to discover the whereabouts of the records of M.M.R., which were scattered at the time of the capitulation, and as this company is being liquidated, Seeschiffahrtsamt wrote a letter on 12th April, copy of which we enclose, with the request that we, as a Branch, gave it our blessing, which we did do. This copy is marked "A", and the stamp which would have been used on the letter is marked "B".

Rappold would have no authority whatsoever to abstract or remove any files. When we knew the whereabouts, it was our intention to pass the request through the proper channels of the Control Commission to the Supreme Allied Commander in Italy for the files to be sent to Germany. It was only in October of this year that we ascertained for the first time that Mr.Mario Troncon had been appointed a liquidation commissioner by the Italian authorities.

From our angle, Rappold would appear to have done his best to secure the required information. His financial activities are not a matter which concern this Branch.

3338

We enclose letter marked "C" which is an extract from a letter written by Rappold, which would seem to prove that the journey was sponsored by the United States authorities, and not by this Branch, which, as is said above, only gave its blessing.

Translation. C.

Extract from a letter of Capt. Rappold, dated Roma 29 Sept 1946.

..... As I wrote to you already I continued my voyage from Bozen to Rome. In Merano I located five cases with records and I now had to ask Mr. Sembt here whether he knows anything reg. the whereabouts of the remaining 27 cases. This voyage I undertook with the permission and upon instruction of the American Military Government through which I also received the travelling permit from the questor's office in Bozen. Due to the fact that also Mittelmeer-Reederei wanted me to communicate with Mr. Sembt I did not hesitate to go to Rome. There I reported to H.Q. but Mr. Sembt does not work there anymore. But I had his private address and so I met him. He, however, could not give me any definite information and so I returned to H.Q. the next day and inquired at the record-office. This office caused my immediate examination by "Intelligence Corps" (F.S.W.) C.C. No.276 Section and on 20 Sept 1946 I was arrested and cast into prison. The British Police asserts my papers to be forged and that my statements do not correspond with the facts. I asked them to investigate by telephone in Bozen, which however was rejected.

Please connect Mr. Hirdes at once, because the order came from him, that he induces through Sea Shipping Board the British Officer at Shipping Branch in Hamburg that this officer sends a telegramme to Rome addressed to the Police (F.S.S.) by which my order will be confirmed and my setting free requested. My order was issued by Sea Shipping Board on 19 April 1946 and sponsored and confirmed by Shipping Branch Officer .....

1. On 20 Sep 46 this Sec was informed that Dr [redacted], now under surveillance of this Section, ex employee of OI TUNG KUNTZE (KUK) and suspended employee of of Archives Sec AC, had been visited in his hotel [redacted] by German with whom he had conversed concerning a number of KUK files which th[redacted] were to take back in Germany.

2. As the KUK files, in possession of Archives Branch AC of great importance and an investigation is being undertaken to establish the implication of alleged loss of documents from these files, inquiries were made and the two individuals identified as Dr [redacted], ex KUK employee now living in ROME, and Captain REPOLD, (ex German Merchant Navy), who had arrived in ROME on the previous day and was staying at the Hotel LUDOVISI.

3. REPOLD was called to this Sec and gave the following account of himself:-

He is a retired Austrian Sea captain, who during hostilities, was working for the Germans in TRIESTE under the firm MITTELMEER-REEDEREI, which had the control of all ship building undertaken in German occupied Italy.

After the German capitulation he went to BOLZANO where he stayed until August 45 when he went to PARMA where he worked as interpreter in a British camp. In Oct 45 he was sent back to LIENZ in Austria in the course of the normal movement of DPs.

In Apr 46 he went to HAMBURG to settle up the question of his pay with MITTELMEER-REEDEREI, which was still functioning under the control of the Shipping Branch of British M.G. Later on, Shipping Branch, HAMBURG gave subject the mission of going to ITALY in order to trace the files of MITTELMEER-REEDEREI and bringing them back to HAMBURG. He was given a certificate by Shipping Branch to facilitate his journey and mission.

Subject came back to MUNICH where in [redacted], he was given a pass to come to BOLZANO by Col [redacted], British liaison officer at French HQ.

Subject came to BOLZANO on 20 Aug 46, staying in the Hotel [redacted]. He contacted Col MILLER of AC, who facilitated subject's work and subject traced part of the MITTELMEER-REEDEREI files in the Infantry Barracks in BOLZANO. Subject's investigations took him to BRUNICO, TRENTO and VERONA. He lived on credit as he was well known, Col. MILLER having promised to settle the question of expenses when subject should complete his task.

His task completed in BOLZANO, subject proceeded to GENOA. He admitted with some reluctance that a distant cousin, TORRILI Silvestre, Villa [redacted], BOLZANO had lent him 2000 lire for the fare. In GENOA subject visited another relation, FERRARI Candida, leaving for ROME on the same day, and booking at the Hotel LUDOVISI. Questioned as to how he hoped to pay his bill, subject stated that TORRILI had sent him in all 10,000 lire.

On 19 Sep 46 subject went to CMP Branch of the Allied Coordination in ROME, where he spoke to the Chief Clerk, who told him to report back on the following day. Subject left [redacted] Hotel [redacted]

He is a retired Austrian sea captain, who during hostilities, was working for the Germans in TRIESTE under the firm MITTELMEER-REEDEREI, which had the control of all ship building undertaken in German occupied Italy.

After the German capitulation he went to BOLZANO where he stayed until August 45 when he went to PADUA where he worked as interpreter in a British camp. In Oct 45 he was sent back to INNS in Austria in the course of the normal movement of DPs.

In Apr 46 he went to LINDAU to settle up the question of his pay with MITTELMEER-REEDEREI, which was still functioning under the control of the Shipping Branch of British C.C. Later on, Shipping Branch, HAMBURG gave subject the mission of going to ITALY in order to trace the files of MITTELMEER-REEDEREI and bringing them back to HAMBURG. He was given a certificate by Shipping Branch to facilitate his journey and mission.

Subject came back to AUSTRIA where in INN BRUCK, he was given a pass to come to BOLZANO by Col [illegible], British Liaison Officer at French HQ.

Subject came to BOLZANO on 30 Aug 46, staying in the Hotel LUNA. He contacted Col MILLER of AMG, who facilitated subject's work and subject traced part of the MITTELMEER-REEDEREI files in the Infantry Barracks in MERANO. Subject's investigations took him to MERANO, TRENTO and VERONA. He lived on credit as he was well known, Col. MILLER having promised to settle the question of expenses when subject should complete his task.

His task completed in BOLZANO, subject proceeded to GENOA. He admitted with some reluctance that a distant cousin, [illegible] Elevetia, Villa [illegible], [illegible] had lent him 5000 lire for the fare. In GENOA subject visited another relation, FERRARI Camillo, leaving for ROME on the same day, and booking at the Hotel LUDOVI I. Questioned as to how he hoped to pay his bill, subject stated that [illegible] had lent him in all 10,000 lire.

On 19 Sep 46 subject went to CIC Branch of the Allied Commission in ROME, where he spoke to the Chief Clerk, who told him to report back on the following day. Subject went back to his hotel and did not have further contact with anybody until the following day, when he reported to CIC Branch Archives Section.

Subject was then informed that he had been seen in contact with Dr [illegible] and invited to tell the truth about his activities on the 19 Sep 46. He then said that he had phoned up Dr [illegible], ex-employee of HGW, whose address he had been given in BOLZANO, and that [illegible] had given him an appointment for 1500 hrs that afternoon, when he had accompanied him to the Hotel COLONNA, where subject Dr [illegible] was introduced to Dr [illegible], whom subject asked whether he could assist him in tracing HGW records in ROME. Dr [illegible] said that he knew nothing about the files, and suggested CIC Branch, or in case of difficulty, the British Embassy. The conversation lasted on hour.

5. Subject was then asked to empty his pockets, which contained 67,000 lire and a 100 dollar notr. He stated that he had been given 100,000 lire by [illegible]

and had bought the dollars in a bar in GENOA. He was not clear how he intended to repay TOMBILL for the debt. Subject was in possession of no authority to be in ITALY, and his only authority for his mission was the attached document, purporting to be issued by Shipping Branch HAMBURG. This document bears no stamp or signature, is a carbon copy of the original; and subject was unable to name a single officer working in Shipping Branch HAMBURG.

6. Had Shipping Branch intended to recover the [redacted], it is presumed that the would have used normal channels of correspondence, and not have dispatched a stray Austrian citizen, armed with a mandate which looks like a forgery, and whose mission has not apparently even been advised to MC. On the other had, it may be presumed that [redacted] would have some interest in attempting to recover the files from ITALY.

7. On these grounds and in view of subject's evasion of a correct account of his activities, [redacted] was lodged in the Security Gaol in ROME on 20 Sep 46.

8. It is recommended that:-

(a) [redacted] be sent back to LINZ as a DP through CC.RR. channels, through Italian Liaison Road.
(b) A copy of this report be furnished to SHIPPING BRANCH HAMBURG with the request that they institute enquiries into the validity of [redacted]'s mission.

1. With reference to your letters, 98402 of 14 December 1946 and 98533 of 18 December 1946, please be advised that at this time we have no knowledge of the sugar in question and as far as can be ascertained at this time this sugar does not belong to the Allied Forces.

2. Furthermore, we can find no record of any organization which calls itself T.W.F. 192nd Headquarters, Food Supplies. We are therefore unwilling to accept any responsibility for the sugar now in the hands of Customs at Turin or for any future sugar that may supposedly come from Czechoslovakia.

3. This morning I talked with Colonnello Raffaele Meluzzo and upon investigation of the documents which he brought we came to the conclusion that this was a matter to be taken up by the Italian Police.

4. In regard to this, please assure yourselves that we will extend every effort possible that you may need to aid you in the course of this investigation.

Statement of Eugene STEELE, manufacturer, residing at Via Constantino Morin 14, ROME.

In April 1946 I was in Trieste on private family business I met Comm. Michele M. GENILACHI a general import merchant of 3 Via Ariosto 3, Trieste, who offered me 4,000,000 kilos of refined Czecho Slovak sugar. He claimed he had an export permit from the Czecho-Slovak Government and that it would be delivered in Trieste by UNRRA transport. The price was 36cents per kilo. The payment was to be made in dollars to the Czecho Slovak Government Bank in Prague. I thought the offer might interest the Coco-Cola Coy, who have requisitioned my premises in Rome. I made this offer known to Mr. Hosier the local officer in charge of the Coco Cola plant in Rome. After two weeks he informed me that the Coco-Cola Coy was not interested and I allowed the matter to drop. I did not know GENILACHI previously. I made the appointment by telephone as I had seen his offer in the office of a business friend of mine when I was in Milan.

THEIL - SALMOIRAGHI, Dino Edmondo di Francesco Giuseppe and di Italia Salmoiraghi, born at Milano on 25 July 1913, living at VARNA (Prov. Bressanone) Novacella N. 21 -.Journalist, art - historian - ex-Lt. of the German Army.

In 1915 his father with the family went to Germany for business reasons. Subject returned to Milan in 1929. Towards the end of 1929 he went back to Germany in order to finish his studies (art history and Italian Literature at the University of LIPSIA). In 1937-38 he went to the Balkan States to study and returned to Italy towards the end of 1938.

At the beginning of 1939 Subject asked for the Italian Citizenship and was helped by Col. PINELLI (S.M.R.E.) Rome. As the case was not finished on September 1st 1939 he was drafted into the German Army. He was inducted at CELLE Germany on 15 September 1939 as second Lt. in a Decontamination Co. and remained there until June 1940, when he went with his company to France. On 15 July 1940 Subject was transferred to 689 Propaganda Co. as War Correspondent. In September the Comany went to Poland and after a few days he was transferred to Africa. On his way through Rome, instead of going to Africa, he was given a new position as Liaison officer to the Italian War Minister, Via IV Fontane N. 15, Rome. His work consisted in the compilation of the Italian-German War Bulletins and in assisting the Italian Troops of the C.S.I.R. On 15 November 1942, subject was sent to Tunisia as adjutant, attached to the Command of the African Army Group. He remained there until May 1943 and then returned to Rome where he took up his old position until 8 September 1943.

Afterwards he became adjutant with the German Liaison officer of the Army of Marshall KESSELRING. His work consisted in technical questions (car and personal affairs) and he remained in that position until the armistice. Subject went with the Army to the following places:

Rome until 4 June 1944
Recoaro until 21 April 1945
Vocata (Parma) until 15 September 1944
Bolzano until the end of the hostilities

Subject claims that it is not true that he belonged to any SS group as officer. As proof he cites the fact that he married his wife DE COURT Zenta of French origin but German nationality, at Bolzano on 12.12.1944. His wife was married previously to a JEW and according to the Nuernberg laws she no longer belonged to the German people. She was a movie actress and was forced by Goebbels to leave Germany in 1936 and go to Austria. From there she escaped in 1938 into

Unclassified E.O. 12356 Section 3.3/NND No. 785016

Italy. It was difficult to hide this fact from the Germans as Subject otherwise would have been degraded. The following persons can testify to have seen me always in the uniform of an officer of the German Army and not of the SS.

1. Family COVI living at VARNA, Novacella N. 21
2. Mrs. GORDON, jewish, living at Vipiteno
3. Miss HALAMA, living in Vipiteno with Mrs. Gordon
4. All the components of the ENIAR, Rome, who know me.

Subject denies having been commander fo the escort and having accompanied into Germany the Princess MAFALDA, who afterwards died. During his stay in Rome subject acted only twice as an interpreter for the two Italian Functionaries FARINACCI and VITTORIO MUSSOLINI, when by order of Col. EVOS, personal adjutant of Kesselring he had to accompany them on place flights.

On 26 July subject was ordered to go to the aerodrome CIAMPINO (when he went with FARINACCI to Munich) and towards the middle of August (when he went with Vittorio Mussolini). Both times he did not know the persons he had accompany. Farinacci identified himself only at Munich. The same happened with Vittorio Mussolini, whose name was learned only through an unidentified third person.

In the "Corriere Lombardo' between the 19 and 22 November 1945, there were published the following articles:
"KAPUT" the last hours of the German General Headquarters in Italy."
These article which were written by subject were also regularly signed by him. Very soon there will also be published in the same newspaper the articles regarding the escape of Farinacci, Vittorio Mussolini and Ricci, articles written by subject.

After the armistice, from 2 to 26 May subject remained at Bolzano and worked with the Allied Commission. On 26 May subject was assigned to accompany a column of 100 trucks to Ghedi in order to deliver them to the American Command. Subject was then interned at Ghedi for 7 weeks and worked there as Welfare officer for the prisoners. On 12 July subject was released from Ghedi and went to Novacella, where he continued his studies regarding the paintings of that convent.

With regard to subject's attitude towards Italians information can be obtained from the following persons:
Gen. GANDIN, Col. VECCHI, both of the Supreme Command,
Mr. CANALI, Assistance office M.A.G., Cap. FERRARI, Assistance Office.

During his stay at Rome subject tried to lighten the hard lot of the Italian population. During Xmas 1943 subject brought to Rome, on his own initiative, 20 tons of potatoes to be distributed to the personnel of the ENIAR, Rome. For that reason subject was tried before the German Tribunal on the charge to having used military vehicles for civilian use. All the employees of the ENIAR can testify in this case.

./.

Declassified E.O. 12356 Section 3.3/NND No. 785016

Towards the end of April 1945 subject contacted the C.N.L. of Bolzano in order to deliver three motorized Wireless-sets. For subject's intervention with arms in a premature act of surrender he was condamned to death by Marshall Kesserling. For that reason subject was not able to deliver the three radio-trasmitters. One of them was destroyed by German parachute troops. Subject declares that he has never undertaken any criminal acts against the Italian population; on the contrary, due to his mother he has always had pro-Italian f elings. All the relatives of subject's mother live in Milano and subject is always in direct contact with them.

Particulars regarding subject's family:

Father - In 1942 in Northern countries as representative of an important firm. Since that date subject has not heard anything from him.

Mother - Lived in Dresden - for two years subject has not heard anymore news.

Brother- One step-brother Federico BUSH - appointed as legal adviser with the Italian General Consulate at Dresden.
Since 8 September 1943 subject had no more news.

Sister - One sister by the same of Lidia - married to an Czechoslovak. For two years subject has no nwes.

On 22 August 1945 subject presented his application for Italian citizenshi through the Prefettura of Bolzano. It is subject's desire to become a member of the Italian community. Subject's work as a scientist will be a modest contribution to the glorious name of the great cultural Italian people and he hopes to become a citizen who will demonstrate himself worth to belong to the Italian state.

Bolzano until the end of the hostilities.

Subject claims that it is not true that he belonged to any SS group as officer. As proof he cites the fact that he married his wife DE COURT Zenta of French origin but German nationality, at Bolzano on 12.12.1944. His wife was married previously to a JEW and according to the Nuernberg laws she no longer belonged to the German people. She was a movie actress and was forced by Goebbels to leave Germany in 1936 and go to Austria. From there she escaped in 1938 into Italy. It was difficult to hide this fact from the Germans as Subject otherwise would have been degraded. The following persons can testify to have seen me always in the uniform of an officer of the German Army and not of the SS.

1. Family COVI living at VARNA, Novacella #21
2. Mrs. GORDON, Jewish, living in Vipiteno.
3. Miss MARAMA, living in Vipiteno with Mrs. Gordon
4. All the components of the ENAR, Rome, who know me.

Subject denies having been commander of the escort and having accompanied into Germany the Princess MAFALDA, who afterwards died. During his stay in Rome subject acted only twice as an interpreter for the two Italian functionaries FARINACCI and VITTORIO MUSSOLINI, when by order of Col. EVOS, personal adjutant of Kesselring he had to accompany them on plane flights.

On 26 July subject was ordered to go to the aerodrome CIAMPINO (when he went with FARINACCI to Munich) and towards the middle of August (when he went with Vittorio Mussolini). Both times he did not know the persons he had to accompany. Farinacci identified himself only at Munich. The same happened with Vittorio Mussolini, whose name was learned only through an unidentified third person.

In the "Corriere Lombardo", between the 19 and 22 November 1945, there were published the following articles:
"KAPUT" the last hours of the German General Headquarters in Italy."
These articles which were written by subject were also regularly signed by him. Very soon there will also be published in the same newspaper the articles regarding the escape of Farinacci , Vittorio Mussolini and Ricci; articles written by subject.

After the armistice, from 2 to 26 May subject remained at Bolzano and worked with the Allied Commission. On 26 May subject was ordered to accompany a column of 100 trucks to Ghedi in order to deliver them to the American Command. Subject was then interned at Ghedi for 7 weeks and worked there as Welfare officer for the prisoners. On 12 July subject was released from Ghedi and went to Novacella, where he continued his studies regarding the paintings of that convent.

With regard to subject's attitude towards Italians information can be obtained from the following persons:
Gen. GANDIN, Col. VECCHI, both of the Supreme Command,
Mr. O'NEIL, Assistance office M.d.d., Cap. FERRARI, Assistance office.

During his stay at Rome subject tried to lighten the hard lot of the Italian population. During X-Mas 1943 subject brought to Rome, on his own initiative, 20 tons of potatoes to be distributed to the personnel of the MIAR, Rome. For that reason subject was tried before the German Tribunal on the charge to having used military vehicles for civilian use. All the employees of the MIAR can testify in this case.

Towards the end of April 1945 subject contacted the C.M.L. of Bolzano in order to deliver three motorized Mirelens-sets. For subject's intervention with arms in a premature act of surrender he was condemned to death by Marshall Kesselring. For that reason subject was not able to deliver the three radio-transmitters. One of them was destroyed by German parachute troops. Subject declares that he has never undertaken any criminal acts against the Italian population; on the contrary, due to his mother he has always had pro-Italian feelings. All the relatives of subject's mother live in Milan and subject is always in direct contact with them.

Declassified E.O. 12356 Section 3.3/NND No. 785016

Particulars regarding subject's family:
Father - In 1942 in Northern countries as representative of an important firm. Since that date subject has not heard anything from him.
Mother - Lived in Dresden - for two years subject has not heard any more news.
Brother- One step-brother Federico BUSCH - appointed as legal adviser with the Italian General Consulate at Dresden. Since 8 September 1943 subject had no more news.
Sister - One sister by the name of Lidia - married to an Czechoslovak. For two years subject had no news.

On 22 August 1945 subject presented his application for Italian citizenship through the Prefettura of Bolzano. It is subject's desire to become a member of the Italian community. Subject's work as a scientist will be a modest contribution to the glorious name of the great cultural Italian people and he hopes to become a citizen who will demonstrate himself worthy to belong to the Italian state.

Documents in possession of subject:

1. Document by the Allied authorities - 12 July 1945 - indicating the length of stay and the date of release from the internment camp CIMADI.
2. Another document from the British Police - 30 August 1945 with the permission to remain in Italy.
3. Documents which proves that subject drafted to the Decontamination Co.

SUBJECT: THAM - SALMOIRAGHI, Dino Edmondo di Francesco

Subject was captured by the Allies in this area during the liberation. Subject was officer of the Wehrmacht, he was interned in PW Camp at GRUMI (Bergamo) from where on 12 July 1945 he was discharged to Novacella di Varna where he worked studying (medieval) art.

Subject published in "Corriere Lombardo" at Milan seven articles with which he showed the overbearing attitudes and the disagreements among the German Commands. Subject has been preparing a book about art which is to be published in Milan. (This book "Michael PACHER - MEISTER" was published in June and was well received by critics, but has had a limited sale.)

In the Monday-Edition of the daily newspaper "Alto Adige" of the 8, 15, 19 April and 6, 13 May of this year subject published a series of articles which were signed E. SALMOIRAGHI describing the last dramatic days of the German Command in Bolzano.

During his stay at Bressanone there have been no reports about subject. Subject does not hold any political belief and he is not member of any party. Subject is impartial towards the population of the two groups. Subject also shows symphony for Italy and lets it be known that he is the son of an Italian Mother. There are no reports regarding his conduct in Italy after September X 1943. Subject's economical conditions are moderate and he is living from his journalist activity. Subject has applied for Italian citizenship.

Subject's mother, SALMOIRAGHI Italia, who was born in Milan and his father, Francesco TUSTI, are living in DRESDEN (GERMANIA). Subject also has a sister named ILDIA who is married to a Czechoslovakian, VOKROT Francesco, both of whom are living in Prague.

Regarding subject's activity during the German occupation in Italy, in addition to that mentioned in the enclosed interrogation report, is to be added that subject in 1941 was interpreter at the Supreme Headquarters for a commission of Italian officers whose head was a Col. of the air-force named VECCHI. This commission went to Germany, France, Belgium and Letland in order to inspect the military installations and the Italian-German troops located in those sectors.

At Rome subject was liaison officer between the Propaganda and Welfare offices of the Italian Ministry of War and the High Command where he had made reports regarding propaganda with an officer who was appointed to the Press-Office of S.I.M. During his stay at home subject also devoted himself to the translations of articles on "Marco Aurelio" which were published in a German edition as presentation of the war-office.

In February 1944 subject was named adjutant to the Count BOSSI-FEDRIGOTTI with whom he remained during the retreat to Florence, Brendola and Recoaro (Vicenza)

The German newspaper "Front und Heimat" which was published at Bressanone with Military assistance, was directed by the German Lieutenant PRESS from the Propaganda Ministry at Berlin. The newspaper of the German Air Force "ADLA" which was printed at Venezia was directed by Col. KOHL.

Subject, although knowing all the collaborators, never had any relations with the above mentioned newspapers.

SUBJECT : Loss of 2 Micro-films

TO : A/Director, Public Safety Sub Commission.

49

1. Inaccordance with your instructions I have made enquiries regarding the loss of two micro-films despatched from Air Ministry, LONDON to this HQ on 9 and 20 July 1946.

2. The films were contained in two canvas bags, both similar to military kit bags.

3. The bag forwarded on 9 July contained a form of receipt which showed that the bag should have contained 72 films, each packed in a circular tin container.

4. The bag sent on 20 July contained a receipt showing that 54 films were despatched, packed in identical manner.

5. When the bags were eventually checked at this HQ, some two weeks after original receipt it was found that two films were missing from the bag sent from LONDON on 9 July 1946.

6. It was learned from the Chief Clerk, Message Centre, this HQ (S.S.M. Seed) that unregistered mail or packages are not recorded on receipt but delivered to the Section or Sub Commission to which the package is addressed. From an examination of the two labels he identified both as coming from Message Centre, R.A.A.C.

7. From enquiries made of the civilian staff of this office it was found that one clerk remembered collecting the first bag from R.A.A.C. on or about 21 July and delivering it to the Chief Clerk's office, C.S.M. Branch, the following morning. So far as his memory goes the bag was securely fastened with string.

8. On 29 July, this same clerk delivered the second bag to C.S.M. Branch and obtained the signature of one of the military clerks (J. Dalimar). This package was received at this HQ on 28 or 29 July 1946.

9. The responsibility for checking the contents of such unregistered and unclassified packages, according to practice in Message Centre, appears to

10. The Chief Clerk, C.E.M. Branch (S/Sgt. ROBINSON) was seen and from his statement he says he remembers finding one bag in his office some days previously, this would be about 20 July 1946. He opened the bag saw it contained a number of tins and found a receipt form inside. He did not check the contents against the receipt, further he does not remember what details were on this receipt.

11. S/Sgt Robinson on finding the tins contained films he reported the receipt of this bag to Major Bates. The bag was then taken into Lt. Col. CAMPBELL's office and locked in a cupboard.

CONFIDENTIAL

Declassified E.O. 12356 Section 3.3/NND No. 785016

12. This H.C.O. remembers receiving the second bag on or about 29 July, 1946, and by feeling the bag on the outside decided it contained similar tins to the previous one. He did not open this bag but reported its receipt to Major BATES and it was locked up in the same cupboard as the other.

13. The following day, 30 July 1946, S/Sgt. ROBINSON, on the instructions of Major BATES delivered both bags personally to Archives Branch.

14. Major BATES was interviewed and agreed that his Chief Clerk reported receipt of both bags and that he arranged for them to be locked up in Lt. Col. CAMPBELL's Office.

15. The key of this particular cupboard is hidden in Col. CAMPBELL's office and its whereabouts is supposed to be known only to the Colonel's Secretary and Major BATES.

16. Major BATES stated he told Col. CAMPBELL of the receipt of the films after the second bag was delivered. He claims he assumed the films were connected with the RUK files as they were, so far as he knows, the only documents micro-filmed for C.E.M. Branch.

17. From his statement it will be seen that he admits he considered it dangerous to leave them in C.E.M. Branch, yet he did not at any time think it desirable to check the contents of either bag. His reason for not doing so is that RUK files are no longer connected with C.E.M. Branch.

18. On receipt of the two bags in Archives Branch on 30 July 1946, they were checked by Major HARRISON against the receipt contained in each bag. It was then discovered that two tins, each contained a micro-film were missing from bag sent from Air Ministry, LONDON on 9 July 1946.

19. I have examined both bags and find that the string used to secure them at the top is of extremely poor quality and could quite easily be broken in normal handling during transit.

20. The fact that both packages have received very rough handling during transit is evidenced by the crushed and battered condition of some of the tins now in Archives Branch.

21. It is true that one piece of string has a lead seal, but in view of the weakness of the string it seems reasonable to assume that the bag in question may have been accidentally opened during transit rather than wilfully opened with some criminal intent.

22. Further the tins or wrapping material bears no marks or indication of what information is recorded on the films which would be likely to attract the attention of some person not acquainted with the importance of RUK records.

23. There is no reason whatsoever to doubt that the missing films were not despatched from Air Ministry as the receipt were obviously completed at the time of packing each respective bag and any request made to Air Ministry for confirmation of the contents of each bag would only elicit the same information as contained on each receipt.

24. The two bags in question were sent unclassified and enquiries along the route of transit would undoubtedly prove fruitless as the many people engaged on the handling of the packages could hardly be expected to remember these identical items after such a long period.

25. I do respectfully suggest, however, that when these bags were received in C.P.M. Branch their contents should have been immediately checked, as this Branch, with the exception of Archives, were the only people in a position to appreciate the importance of these films.

I am the Chief Clerk of the Message Centre at Allied Commission.

The two bags and labels shown to me should have passed through this office because on examination of the two labels I find that both packages were received at this HQ. From Message Centre, R.A.A.C. Such packages are not registered when received at this HQ.

On examining the receipt books of the Messengers I find that the bag bearing label No. 1536 was signed for by a "J. MILLER" in C.S.M. Branch on 29 July 1946 at 0900 hours.

Both the packages in question were addressed to C.S.M. Branch and therefore the contents would not be inspected or checked in this Message Centre. The responsibility for seeing the contents of such packages are correct rests with the addresse.

I am employed as a clerk in the Message Centre of Allied Commission.

About two weeks ago I went in the course of my work to the Message Centre of Rome Area Allied Command where I was handed various mail this included a bag in which was a number of tins. The top of the bag was so far as I remember tied up with string. I do not remember if it was sealed or not. I took the bag to the Message Centre at Allied Commission. The next morning I took this bag to C.I.M. Branch and handed it to one of the soldiers, I do not remember who, a signature was given in the book which I have for that purpose.

A few days ago I found another bag, put for me to deliver from Message Centre A.C. to C.I.M. Branch. This bag I remember was tied securely with string. This I took to C.I.M. Branch and gave it to one of the clerks. He signed in my book for it.

Statement of S/3254721, S/Sgt. ROBINSON K., R.A.S.C., Chief Clerk C.E.M. Branch, Allied Commission.

About 10 to 12 days ago I returned to my office at HQ Allied Commission and saw a kit bag standing on the floor. The bag was loosely tied with string at the top and bore a label addressed to "Chief Commissioner - Captured Enemy Materials Branch, HQ., Allied Commission". I opened the bag and found it contained a number of tins. I did not count them. I also found a receipt form requesting acknowledgement be sent to Air Ministry. I do not remember if the contents of the bag was contained on this chit. On examining one of the tins I found it contained films. In view of this I took them to Major BATES and the bag was then locked up in a cupboard in Lt. Col. CAMPBELL's office.

On or about Monday, 29 July 1945, a second bag arrived at the office, this was also loosely tied and contained similar tins I think. I did not open this bag as it was addressed in a similar manner to the other. This was locked in the same cupboard as the other.

On 30 July, in accordance with Major BATES' instructions I handed the two bags to Archives Branch.

At no time were the contents of these bags checked whilst in C.E.M. Branch or has any notification been received as to how many tins each bag contained. No receipt has been given for the contents of the two bags by this Branch so far as I know.

Statement of Major A.C.G. BATES, R.A.S.C., C.E.M. Branch,
HQ. Allied Commission

On or about 20 July 1946 I cannot be sure of dates S/Sgt. ROBINSON the Chief Clerk of C.E.M. Branch reported to me that a bag containing micro-film was in his office. I saw the bag but did not open it. I instructed the Staff Sgt. to take the bag into Lt. Col. CAMPBELL's office where we would look it in one of the cupboards. This we did and the keys were handed to a secret hiding place in the office. So far as I know only the Colonel's Secretary and myself knew of this hiding place. I.e. Col. CAMPBELL was told by me that the bag had been placed in one of his cupboards and he instructed that it should remain there for the time being. About a week ago on Monday I think, a second bag arrived and I instructed that this was to be looked in the same cupboard this was done.

The same day I spoke to Col. CAMPBELL about these films, which I had every reason to assume were connected with NUK as these were the only files so far as I know micro filmed for C.E.M. Branch, as I considered it was dangerous to leave them where they were and as my Branch is no longer interested in the NUK files it was agreed that with Col. WILDE's consent they should be handed over to Archives Branch. The consent was obtained and I instructed S/Sgt. ROBINSON to deliver them to Archives Branch, this was done same day and a receipt was obtained. I did not at any time check the contents of the two bags. Both bags were tied with string and so far as I remember they were not sealed in any way.

As I have previously said C.E.M. Branch is no longer connected with NUK matters and I did not therefore consider it my duty to check the contents of the bags, I was only concerned with their safe custody until I could obtain instruction for their disposal.

Statement of Harold Frederick BOWELL, Security Guard, H.M. Embassy - ROME

I am employed as a security guard at H.M. British Embassy, Rome, having taken up this employment on 7 January 1946 on being released from H.M. Forces.

I joined the Grenadier Guards on 13 January 1938.

I cannot truthfully say I have ever seen a man named DURANT, but I have heard his name mentioned by my mother and brother.

About March 1941 I was discharged from hospital after a serious opration and sent on sick leave for two months. I went to my home in Bruce Avenue, Worthing, not the house my mother is living in at the moment.

During my leave I saw furniture in the house which I have no seen before and asked my mother where it had come from. She told me it belonged to a man who was in the Army, she had heard nothing of him and was not in possession of the address or any of his relatives. I said that as he was not paying any rent we would get rid of it. I looked at this stuff, there were some clothes, a camera and some other thing. I took the camera, a small cine camera, and sold it to a camera dealers opposite the Rivoli Cinema in Chapel Road. I think I got about £ 7.10.0d for it. This would be towards the end of April. The camera is the only article I took and sold, I do not know what the make was.

On April of this year I received a letter from my mother in which she told me of his trouble. I sent a telegram to my brother at Bruce Avenue, Worthing and told him to pay the £ 10 to the solicitor. I do not know anything about the other camera, lighting set or film. The only thing I sold was the one camera.

I have read this statement over and it is true.

SUBJECT:-

Larceny of cinematograph material

Sir,

I beg to report that on 14th March, 1946, Joseph Henry DURRER of 54, Hermitage Lane, Charles Hill, N.W.11 reported to this Station that on the 25th September, 1939 he had enlisted in the R.A.S.C. and had left his personal belongings in the care of his landlady, Mrs.Millicent Ellen BOWTELL now living at 30, Bruce Avenue, Worthing. She undertook to look after his property until his return. His property included a black case which was specially designed to and did contain a 200b.Pathe Cine Projector complete with two 300 ft. spools; a 'Baby Pathe' cine-camera; a "Cornette" cine-camera; a photographic lighting set; one 1200 ft. film and three 300 ft. films. The total value of these articles is £100.

Durrer was captured at Singapore and was a prisoner of war until August, 1945. He returned to England and in November, 1945. he called on Mrs.Bowtell in order to collect his property. She told him that a girl with whom Durrer had worked prior to his enlistment, a Winnie Mooney, had called about three years before and had taken away the case containing the cinematograph material alleging that Durrer had asked her to collect it for him. Mrs.Bowtell added that this girl had since been killed in a factory which had been bombed.

As Durrer was not satisfied with this story, he made enquiries and found that Winnie Mooney was alive and living at an address in London.

Enquiries were made and this woman was seen. She had stayed with Mrs.Bowtell on several occasions but denied that she had anything to do with the matter and

emphatically denied having collected the case from 30,Bruce Avenue, Worthing.

As a result of this report, I called at 30,Bruce Avenue, Worthing, at 6.15 p.m. on 1st April, 1946, where I saw Mrs.Bowtell. I told her who I was and that I was making enquiries about a black case containing cinematograph material belonging to Henry Durrer. She said "He hadn't come back so I sold it". I cautioned her and she made a statement which I took down in writing, read over to her and which she signed. In it she said that as she had been short of money about the end of 1942, she had sold it to a second hand dealer and jeweller in North Street, Worthing. He had paid £10 for it.

On the 2nd April, 1946, I made enquiries in North Street at the premises described to me by Mrs.Bowtell. The proprietor, a Mr.Taylor who has been in business at this address for many years, said that he had not bought a quantity of cinematograph material at any time and searched through his books to make sure.

At 5.15 p.m. the same evening I called on Mrs.Bowtell and she agreed to show me the shop at which she stated she had sold the property. I took her to North Street where she pointed out the shop owned by Mr.Taylor. We went in and she said "I'm sure this is the shop but the counter was the other way round". Taylor then said "This shop has always been arranged like this". I said to Mrs.Bowtell "Are you quite sure this is the shop?" She replied "No. It wasn't me, it was my son who sold it".

We then went to the Police Station where Mrs.Bowtell was seen by Detective Inspector Eagle. She said "I took all the blame myself. My son sold the things and we had some of the money each. I did not tell you this before because I wanted to protect my son". She then expressed a desireto amend her statement so that the contents would be true. I cautioned her again and she made a statement incorporating the above facts.

Her son, Harold Frederick BOWTELL is now employed as a clerk at the British Embassy, Rome. He has just been demobilised from the Grenadier Guards in which he was a C.Q.M.Sgt.

In order to obtain the complete story and to assist in deciding process to be taken in this matter, it is necessary for a statement to be taken from Harold Bowtell, under caution if the facts justify it, and I accordingly respectfully suggest that a copy of this report be forwarded to the Deputy Chief Constable so that application may be made of the Foreign Office, through the Home Office, for Bowtell to be interviewed regarding this matter.

Worthing DETACHMENT
1 April 1946.

Name : Millicent BOWTELL.
Address: 30 Bruce Avenue, Worthing.

Profession of
Occupation: Widow. Age 56.

" I have been cautioned that I am not obliged to say anything unless I wish to do so but whatever I say will be taken down in writing and may be given in evidence".

(Sgd) M.BOWTELL

" In 1939 Harry Durrer stayed with me at odd week ends when I lived at 27 Chancton View Road. He was working as a chauffeur.

Shortly after the outbreak of war, Durrer joined the Army and before he left he said he would leave his personal belongings with me until he came again. His personal belongings were a suit, a pair of white shoes and a bag of golf clubs and a black case which I knew contained cinematograph material but I did not know exactly what. He did not send any clothing back to me from his Army depot.

Towards the end of 1942 as I had not heard from Durrer I sold the back case containing the cinematograph material to a jeweller and second hand dealer in North Street. He gave me £10 for it. I did not sell anything else. I was very hard up at the time and wanted money.

Durrer came to see me just before Christmas (I am not quite sure if it was before or after) This was the first time I had seen him since he left me. He asked me about his property and I gave him all I had of his. He asked about the cinematograph material and I said that a girl named Winnie Mooney had called for them some years before. This was not true. He left after giving me £1 for looking after his other things".

(Sgd) M.BOWTELL.

" I have been invited to make any additions, deletions or alterations I wish. I make this statement voluntarily."

He was on leave (towards the end of 1942) and I was short of money. My son, Harold Frederick Bowtell, went out and made some arrangements and a man called the same day to collect the black case containing the cinematograph things and he gave us £10. I did not see the man. He paid my son, who gave me £5 and kept £5 himself. I have no more things belonging to Durrer".

22nd May, 1946

Dear Hutchinson,

We have been considering the report which you submitted on the 8th April about the complaint made to the Worthing Police by Mr. Joseph Henry Durrer that certain cinematograph equipment which he had left in the care of his former landlady, Mrs. Millicent Ellen Bowtell, of 30, Bruce Avenue, Worthing, has been disposed of without his authority during his absence as a prisoner of war in the Far East.

As regards your request that action should be taken in accordance with the last paragraph of the report, we assume that the immediate purpose for which the desired statement from Bowtell is required is to enable you to consider whether the circumstances warrant the institution of proceedings against Mrs. Bowtell, for, even assuming that there was sufficient evidence against her son to justify bringing a charge against him, no proceedings could be taken unless and until he returns to this country. It seems very unlikely, however, that even if a prima facie case was disclosed against her, proceedings could be taken against Mrs. Bowtell, unless her son was available to give evidence, as any statement which he might now make would not be admissible in evidence in his absence.

We appreciate that, quite apart from the possibility of the institution of proceedings, it is desirable, both from the point of view of the complainant and of the police, that this matter should be sifted as soon as practicable, but, at any rate on the information at present available, which does not establish beyond all doubt that, if Bowtell did dispose of the equipment, the circumstances were such as would justify a prosecution for larceny, we feel that there would be objection to the matter being pursued through the Foreign Office, who, for practical purposes, are in the position of Bowtell's employers. If Bowtell had been engaged in some private employment in a foreign country, there would have been no question of asking his employers to arrange for him to be interviewed regarding his complicity in the affair, thereby bringing to their notice the fact that he was suspected of having committed a criminal offence, and we do not think that it would be justifiable in the circumstances to take a different course because he happens to be a Government servant. There is also the consideration that the taking of a statement under caution is essentially a police function and not one which the Embassy could properly be asked to perform. Moreover, even if

(continued over)

Declassified E.O. 12356 Section 3.3/NND No. 785016

we could be sure that due precautions would be taken to ensure that the caution, if required, was properly administered, the officials at the Embassy might be placed in an invidious position if they were required to take such a statement from a member of their own staff.

For these reasons we do not feel that we would be justified in taking the matter up with the Foreign Office, but if you should feel that the matter is of sufficient importance to warrant your making enquiries through police channels in Rome, the suggestion has been made to us that it may be that if you were to communicate with Colonel E.J. Bye, who is in charge of police administration at the Headquarters of the Allied Control Commission in Rome, he might be able to be of some assistance to you in obtaining information from Bowtell, possibly by arranging for one of his officers to call on him privately while he is away from his work, and inviting him to make a statement. You may wish to consider taking this course.

Yours sincerely,

(sd) ? ?

I) On 9 Jul 46, information was received from Security Division, AC, to the effect that a Director of the BANCA D'ITALIA, Sig.DARONA, had informed Communications Sub-Commission AC that a supposedly unauthorised transmitting aerial had been erected by troops of POL-Corps on the roof of premises belonging to the bank at Via SIMON BOCCANEGRA I4, ROME, and that the Chief Signals Officer, AFHQ had requested an investigation.

2) On I2 Jul 46 a visit was paid to the premises by an NCO and CC.RR. Mllo. of this section, and it was found that a British No I9 receiving and transmitting set was being operated on the roof of Via BOCCANEGRA 8 by Polish troops who had occupied the premises a few days previously :the aerial belonging to the set runs between the roofs of Nos. I4 and 8 Via BOCCANEGRA and No 52 Via LIVORNO.

3) The procedure of occupying the roof of No I4 Via Boccanegra and gaining access to it without reference to the owners of the premises is apparently considered irregular by them and is presumably the grounds for their complaint. This would appear to be a matter for Real Estate Section.

4) It was not possible at the time to contact the OC of the Polish detachment, but the following information was elicited from the troops operating the set:-

I was acting RPHO, Lombardia Region from August 10 to Oct. 45 succeeding Col. BIZZOZERO.

No penicillin was ever issued to Lombardia Region and therefore no penicillin was ever issued to Dr. BOZZI from AMG.

Some sulfadiazine was issued to Lombardia Region and this was all distributed as far as I know to the Italian Public Health Authorities, Col. BIZZOZERO, when he came from Naples, brought a quantity (unknown) of sulfadiazine tablets, for the use of the staff. I personally let Dr. BOZZI have on one occasion about 48 tablets, and on a second occasion, about 80. I understood that there were used for emergency cases which not infrequently come to all public health officers. Dr. BOZZI did not ask personally, but his female secretary rang up. On the first occasion she told me that Col. BIZZOZERO used to let the Doctor (BOZZI) have it. No record was kept of the issue of this sulfadiazine, and it was frequently given to EMs or ORs for sore throat, dysentery, etc. I made no charge for issuing this sulfadiazine and I do not think Col. BIZZOZERO made any charge for it. I did not tell BOZZI to make a charge, and received no money from BOZZI for the sulfadiazine.

The issue of sulfadiazine to Italian Public Health officers was made free of charge.

None of the sulfadiamine was ever issued to Dr. BOZZI, he being an employee of Public Health Milan City, not a civilian public health official. The sulfadiazine issued to Milan City was done from AMG Public Health direct to the Ufficio Sanitario, Milan, and BOZZI was in no way concerned with this.

I did not know BOZZI was selling any medical goods until about 3 weeks before I left when I was approached by a Signora BORDONI, of English birth, employed in the Public Health and Welfare, AMG Milan City, who told me that she was worried because Dr. BOZZI was selling sulfadiazine at 50 Lire a tablet. She produced 2000 Lire which she said she had received for the sale of the tablets and wanted to know if it was wrong to sell them and, if so, what she should do with the money. I told her to return it to the purchaser and I would take steps in the matter. She said she would do so. She also told me that BOZZI was giving someone penicillin treatment and she wondered where he was getting the penicillin. She also said that BOZZI talked to someone on the telephone about the purchase of silkes, etc, and during the conversation he said that the materials were for AMG. Signora BORDONI appeared genuinely upset and worried over the matter.

I reported this to Co. HERSHENSON (?) American, who said he would keep his eye on BOZZI.

My conversation with Signora BORDONI occurred when BOZZI was on his honeymoon.

Dr. BOZZI has no authority whatsoever to order or obtain cement in the name of AMG. All cement needed for, for example repairs to hospitals would be referred to Public Works.

I have read this statement and it is correct.
