REF. : SD/701 1 May 1945
SUBJECT : Censorship of telegrams.
TO : Navy Sub Commission Hq. A.C.

1. Reference your NSC/2264 dated 27 April 1945.
2. As Taranto is entirely under Italian control, it appears to be a matter for the Italian authorities to investigate.
3. It is understood that no allied censorship of civilian communications exists in that area, but it is presumed that such matters are dealt with by the Italian censorship under Italian laws.
4. The possibility of an allied censorship being installed at this stage is extremely improbable.

Enclosure to our letter NSC/2264

From: MINISTRY OF MARINE, (Cabinet)
To : F.O.L.I. Rome.
Date: 22.2.45.
Ref.: B.2335.

Subject: Censorship of Telegrams.

1. Following arrangements made between the Italian Authorities and the Allies in April 1944, it was established that outgoing signals would not be censored.

The C. in C. Ionian and Lower Adriatic, having discovered that the stationing and movements of Warships and Merchantmen were mentioned in signals, he recently ordered - contrary to the formal accords which had been made with Allied Authorities - that in ports in his Area (Taranto, Brindisi and Bari) a censorship be instituted on signals sent outside the province, particularly in regard to all information concerning shipping movements.

I.R.N. Chief of Staff's Office, in letter No. 919 of 3rd Feb. 1945, communicated the above to the General Chief of Staff's Office.

2. The procedure adopted by C. in C. Ionian and Lower Adriatic is mistaken in that it is contrary to previous accords with Allied Authorities.

However, in view of the importance of maintaining secrecy in regard to the movements of warships, the suggestion is submitted for F.O.L.I.'s examination that it be arranged that in the Naval Bases at Taranto, Brindisi and Bari outgoing signals should be subject to a check by the competent censorship organs.

The above-mentioned check would be effected in a manner so as not to cause any appreciable delay in the forwarding of signals.

Carissimo zio Andrea

Rispondo alla vostra del giorno 4
ed ho ricevuto anche il vaglia, vi alleg-
ho la nota della merce acquistata
così voi vi potete regolare.
Vi ho già mandati i prezzi della
garza e del cotone che spero avete ri-
cevuto; Ora per procurare le vostre
richieste andiamo avanti a furia
di conoscenze, altrimenti non si
trova più niente, avevamo potuto
trovare una raccomandazione
per lo stabilimento Sereno, così vi
avrei potuto mandare di più, e pre-
gi più buoni, Michele ando a
parlare personalmente con questa

persona, ma ci fu negato tutto
perché privi di materie prime
per la fabbricazione, e allora ci
privati per nessun motivo non
viene concesso niente.

Mi auguro che tutto vada bene,
salutonandovi caramente a voi
e tutti di casa, contraccambiando
i saluti della mia famiglia
baci affettuosi da me e da

Their Excellencies the High Commis-
sioners for Sicily and Sardegna.

SUBJECT: non-observance of the laws on post office
censorship.

The Allied Commission has recently informed us
that it has come to their knowledge that the civilian population
are not carrying out the orders issued on censorship.

Such an abuse is owed to the scarce knowledge
on the point of the public of the laws themselves and to the
non perfect functioning of the postal services, which induce
them to use non authorized means to correspond. This must be
avoided at all costs, because it represents a menace for the
security of the Allied Military Forces.

The Allied Commission has asked the Ministry
of Communications to provide, by press publications to spread
the regulations on postal censorship and it is suggested that
the chiefs of Transportation Agencies, through which the a/m
rules are not observed, be cautioned not to allow their em-
ployees to transport mail illegally.

In order that these rules be observed it is
necessary that vigilance and control services be made on the
transportation means arriving, leaving or in transit.

Please let us know as soon as possible your
decision on the matter.

Oggetto: Inosservanza delle norme sulla censura postale.

La Commissione Alleata ha già recente comunicato di essere venuta a conoscenza che la popolazione civile si sottrae, in gran parte, all'osservanza delle norme sulla censura postale.

Tale abuso, dovuto alla scarsa conoscenza da parte del pubblico delle norme stesse ed al non perfetto funzionamento dei servizi postali, che induce a servirsi per la corrispondenza di mezzi non autorizzati, è da evitarsi in ogni modo, poichè rappresenta una minaccia alla sicurezza delle forze armate alleate.

Mentre dalla stessa Commissione Alleata è stato interessato il Ministero delle Poste e Telegrafi perchè provveda, mediante pubblicazioni sulla stampa, alla maggiore diffusione possibile delle norme sulla censura postale, si prega disporre perchè i titolari delle agenzie di trasporti - attraverso le quali si ha motivo di ritenere che avvenga, nella maggior parte dei casi, la prospettata inosservanza delle norme suddette - siano diffidati a non permettere ai loro incaricati il trasporto illegale della posta.

1. The Allied Command is seriously concerned at the wide spread evasion of censorship by private persons and transport firms carrying letters from one place to another.

2. Many transport firms controlled by ENAC advertise the various destinations of their motor vehicles in the Press, and it is believed that advantage is taken of this by persons who wish to send uncensored letters to any of the towns mentioned.

3. It would be much appreciated if the matter could be taken up by your Ministry with a view to preventing these evasions of the Royal Decrees.

1. Complaint has been received from G-2 RAAC regarding the widespread evasion of mail censorship in particular by the carrying of mail by firms controlled by ENAC, most of which advertise their journeys in the Press.

2. It is understood that this matter is covered by Italian Royal Decrees:

27 Feb. 1936 - XIV - N. 645 Art. 35
5 Sep. 1942 - XX - N. 1379 Arts. 5-8

3. Your opinion on the effectiveness of these decrees would be appreciated, as it is believed that the penalties are inadequate and will have little effect on this traffic which constitutes a grave security risk.

TO : Ministry of the Interior,
General Direction of Public Safety,

1. It has come to the notice of the Allied Command that the evasion of postal censorship is at present very widespread among the civil population and there is reason to believe that certain transport firms who advertise their services regularly in the Press may be used for the illegal carrying of mail in addition to private persons.

2. It would be appreciated if every possible step could be taken to prevent this serious threat to military security.

3. The Ministry of Posts and Telecommunications is being approached with a view to publishing in the Press the Decrees dealing with mail censorship, as there appears to be considerable ignorance of the Regulations.

Case No. 1941
4 April 1945

MEMORANDUM FOR THE OFFICER IN CHARGE:

SUBJECT: FORNARI, Vilfredo.

RE : Evasion of Mail Censorship.

1. On 25 March 1945 this Agent was directed by Lt. Col. Floyd C. Snowden, Chief, CIC, Hq Rome Area, MTOUSA, to investigate Subject's transportation of uncensored mail. Investigation was predicated on a report from the Rome Civil Censorship Group, dated 26 February 1945, record no. ITA 7795-45.
2. Subject's office is located at Via dei Prefetti #17, Rome.
3. Subject is about 48 years old, heavy-set, about 5' 7" tall, well dressed, has a florid complexion and thin wavy brown hair, and is the nervous executive type.
4. A check of the records of this office, the Allied Intelligence Agencies, and the Italian police authorities, reveal no adverse information concerning Subject.
5. On 27 March 1945 this Agent interviewed Subject at his office concerning his transportation of uncensored mail. Subject stated that he has been in the trucking business since 1933 at which time he operated his own trucks. Much of his business was transacted in northern Italy and Italian Africa. Subject asserted that all of his trucks were taken by the Germans. Subject said that at present he acts only as a broker or booking agent for passengers and small packages. He has no cars of his own. Subject coordinates the movements of private trucks licensed by the Italian Government Agency ENAC (ENTE NAZIONALE AUTOTRASPORTI COME). According to Subject, he secures his transportation by phoning ENAC for permission to use trucks licensed by ENAC to take trips for other purposes such as the transportation of food. Subject thereby coordinates the movements of privately owned trucks, licensed by ENAC, and his civilian travelers, utilizing the excess space in the private trucks.

CONFIDENTIAL

CONFIDENTIAL

Subject declared that he started his present business on 1 March 1945. From 16 June 1944 to 1 September 1944 he worked for the 1st Special Section of AMG, Rome. At that time he worked under Lt. Col. Harris and Lt. W. H. Munn.

Subject admitted transporting letters that had not been passed by the censor, as well as passengers. He asserted, however, that he received no compensation from this mail traffic as the fees were taken by the individual private driver.

Subject further said that he knew other trucking or booking agencies were transporting letters illegally. Subject mentioned specifically N.A.S.T.A., Via Cernaia #37, and A. FILIPUCCI, Lungo Tevere Prati #15.

Subject's advertised service extends from Rome to Pano, Foligno, Fabriano, Jesi, Senigallia, Perugia, Sangemini, Todi, Ancona, Ascoli Piceno, S. Benedetto, Porto S. Giorgio, Porto Recanati, Macerata, Visso, Siena, Tolentino, Cecina, Grosseto, Portofino, Poggia, Napoli, and Avellino.

6. On 2 April 1945 this Agent interviewed Lt. W. H. Munn, AMG Civil Transportation officer at Via Lucullo #6, concerning his knowledge of Subject.

Lt. Munn stated that Subject had never worked directly for him, and he had no personal knowledge of Subject. Moreover, this region's files are no longer available here.

Lt. Munn stated that all local trucking is now controlled by the Italian Government Agency ENAC, Via Colina #31. Lt. Munn further said that ENAC has little real control over the private Italian chauffeurs who secure their permits from this agency. Permits are usually issued for ten days whereas the business licensed by ENAC can usually be transacted in two or three days. The remaining time is entirely at the disposal of the trucker who can do whatever he pleases in the remaining time. The Italian police have no control at this time. Furthermore, the original shipper and trucker can strike a private bargain with the countenance of ENAC.

Lt. Munn stated that there are between twenty and thirty trucking firms now transacting business similar to Subject's, with trips scheduled to all sections of the liberated country. The AMG is now working on a plan for AMG territories in an endeavor to control this unrestricted traffic which provides loopholes for many forms of illegal commerce.

7. In addition to the subject, a number of trucking firms, offering similar services to various sections of liberated Italy, have been observed advertising their services regularly in the Italian newspapers. Included are A.L.A., Via Regina 6689

Elena #60; TRANSITAL, Piazza S. Eustachio #84; N.A.S.T.A., Via Cernaia #37; S.A.T.E.M., Via Torino #5; A.M.A., Via Catanzaro #17; TRASPORT "G. MAGGI", formerly TRANS-ITALIA, Via Flavia #42; AUTOVIX, Via Vittoria Colonna #27; S.P.E.V.I., Via Plaminia #56; "BOHAVEITA", Via Tomacello #147; A. FILIPPUCCI, Lungo Tevere Prati #15; TERMAR, Via XX settembre #5; C.I.T.E.C., Via IV Pontane #20 bis; S.T.A.I., Via XX settembre #58; PANTHER A.C.I.L., Via Gregoriana #12; ATAS, Via Santa Maria in via #37; A.L.A., Via Regina Elena #60; and "VIAGGI" PIER BUSSETI, Via Tritone #75.

8. On 13 April 1945 this Agent, together with Agents Lyons and Zullo of this office and 1st Lt. Polesky of the Civil Censorship Group, interviewed Lt. TOBIA of the Regia Questura di Roma concerning the cooperation of the Italian Government in tightening censorship regulations. Lt. TOBIA stated that Italian royal decree of 27 February 1936 - XIV - N.645, article 35, and royal decrees of 5 September 1942 - XX - N.1379, articles 5 & 6, could be invoked. A proclamation could be printed in all Italian newspapers forbidding the transportation of mail by other than official means. KNAC will also be advised to search chauffeurs and passengers at all road blocks for illegal mail.

9. On 13 April 1945 this Agent interviewed Capt. William L. Wilson of the Public Safety Sub-Commission, ACC, concerning civilian driving permits. Captain Wilson stated that it would be impossible for the ACC to rescind civilian driving permits for a censorship violation in territories under control of the Italian Government. Neither could it, ACC, rescind travel permits. The above actions would have to be undertaken by the Italian Government and would necessitate court action. In AMG controlled territory, licenses and permits could be withdrawn.

AGENT'S COMMENTS:

Subject's illegal transportation of uncensored mail is an instance of a widespread practice. At the present time, the civil population takes as a matter of course the transportation of mail by other than governmental means. In order to correct this situation, this Agent believes that a complete system for checking illegal transportation of mail through other than censorship channels must be established. This is the responsibility of the Italian Government in areas under its jurisdiction, and of AMG in Allied controlled territory.

RECOMMENDATIONS:

As outlined above, this Agent recommends that the Italian press office releases to all newspapers for publication a pro-

6008

lation against the use of unauthorized mail channels specifying penalties for violation. Road blocks and patrols, now in existence or to be established, should search all trucks, passengers, and chauffeurs for illegal mail. If possible, chauffeurs carrying illegal mail should be fined and lose their trucking permit. Travel permits of chauffeurs should be stamped at road blocks to eliminate free roving time on the part of chauffeurs. AMG should be contacted in order that a similar system may be set up in AMG controlled territory.

It is further recommended that this case be held open pending the action of the Italian Government in putting the above-outlined system into effect.

RE KILLING OF AMERICAN OFFICER

- The caller - You do not know anything about that American who has been killed at Piazza Ersilia (?) the thieves, well let us say thieves, last night?
- The callee - No I do not know anything, why?
- The caller - I was just asking you, in any case if you want to know, ask your porter, he will be able to tell you something, because they afterwards brought him there, to be medicated, even if he is dead, it is the case that you interest yourself.
- The callee - But I don't understand, what has that to do with him?
- The caller - Of course it does, he had to leave with him.
- The callee - Then they are not going away anymore?
- The caller - Of course they are going. The reason is that I am not feeling well, lots of things I cannot do.
- The callee - But how did it happen? Is he seriously wounded?
- The caller - I have already told you that your porter knows everything, don't make me angry; make him tell you.
- The callee - I have understood. But tell me, how do you know about it?
- The caller - Ask him, don't worry me, I do not remember anything more, I have already told you enough, you are curious... Well if you wish to know, it went like this: There were two American officers and two young ladies in a car, they were drunk, two unknown persons tried to stop the car, they did not manage to, but then they fired hitting one of the officers killing him. Are you contented? Are you satisfied now?
- The callee - You must not get so angry, dear, listen Maria, owing to all what has happened I must see you, I do not understand you, you are very strange, today, I cannot think that..... meantime if you would like them, I can send you some flowers, then you need not think anymore.....

The caller - It is simply ridiculous, what you are doing, how you are behaving, forgive me, Gino, it is not the case to send me any flowers? You are being funny please stop now, you have annoyed me enough.

The callee - My love, why are you treating me like this, what have I done to you, I only want to help you.

ARRANGEMENTS MADE FOR INDIVIDUAL WHO IS SUBJECT TO IMPRISONMENT IN ITALY, TO TRAVEL TO U.S. AS STOWAWAY.

Addressing "Dear Grandfather", writer states that it is to addressee's advantage not to be permitted to withdraw the money deposited with the Banca d'Italia, as the present rate of exchange is unfavorable.

Writer further states: "Regarding the matter which I wrote to you from Rome and father from Nola, I understand your situation. However, I hope that you will help me, because I am badly in need of it. I will take care of the expenses for the trip, since I have a small sum put aside. The President of the Neapolitan Patriots, that is my President, because I am a patriot, as already spoken with the captain of the Italian-American ship named Erik. This man is agreed to let me embark as a stowaway and will see to it that I enter the Port of New York. It is then necessary that I become an American Citizen so that the italians cannot harm me. Afterwards with your ingenuity, you will present me and tell him who I am. Dear grandfather, I beg you not to let me serve an indefinite prison term and I will be most grateful."

In a footnote, writer adds: "The matter is that I have killed a Townman of mine, because of mother's property".

13 décembre 1944.

Mes deux chers je suis heureuse de pouvoir vous
 donner de ~~bonnes~~ bonnes nouvelles, après le terrible orage
 que nous avons passé. Les petites et Lorenzo sont en
 bonne santé ainsi que moi-même, ce qui est le principal.
 Nous avons reçu votre message daté du mois de août et
 plus rien, nous sommes ex souci et nous désirons de vos
 nouvelles. Nous sommes installés tous à la campagne
 nous avons subi de grosses pertes mais nous avons la
 nécessaire pour aller avec courage de l'avant. La
 maison a subi des dégâts mais ils sont déjà réparés
 et nous pouvons affronter l'hiver sans trop de soucis

Es ferois que nous pourrions faire le prochain hiver
 tous réunis nous dirions tous revoir la Suisse sans
 tarder, peut-être les événements nous permettront-ils de nous
 mettre en route sans trop tarder. Nous parlons et
 pensons continuellement à vous. Lorenzo a été assez secoué
 par les jours tragiques que nous avons passés mais
 heureusement il a retrouvé un peu de tranquillité et courage
 il a fort à faire pour remettre la barque à flot. Töche
 et M. Pierre il me suffisait de savoir que vous êtes bien.
 Nous nous apprêtons à faire Noël sans avoir les allemands
 m'ont emporté tout le nécessaire pour le garnir. Toute la
 famille vous embrasse tendrement. Mariette va à l'école
 à Fierol. Avec toute mon affection. Maman SECHER

Pro memoria written and signed by ANGELELLI and submitted to Mr. FLORES.

It is necessary to appoint a "Commissario to the Fondazione Sabina Papoli". The Commissario must not have any contact with state Bodies or with the Ministry of Agriculture. The Commissario will increase the incomes of the firm by practical and economical means, employing only the necessary personnel, and giving a sure income every year. It is suggested to not appoint another official, already filling a post, in order not to do the same mistake of the Fascism when one person used to accumulate so many posts. For the appointment of the Commissario to "Fondazione Papoli" is suggested G.R. Uff. ANGELELLI Attilio, a Senior officer of the Army, who took active part, as a patriot, to the War of Liberation in the Lazio Region.

Fondazione Sabina Napoleone G. Pepoli presso Monte Leone Sabino (Rieti).

Alla Fondazione Sabina M.G. Pepoli (Monte Leone) occorre nominare un Commissario che non abbia vincoli con Pubblici Uffici Statali o Parastatali e dipendenti dal Ministero dell'Agricoltura.

Il Commissario della predetta Fondazione deve a questa unicamente dedicarsi per svilupparne l'efficienza ed il reddito con principi particolarmente pratici e di massima economia, limitando il personale allo stretto necessario e cercando di garantire un reddito certo annuale e non troppo aleatorio, ai fini benefici della Fondazione.

Non può essere consentito ad un funzionario di altro Ufficio di dedicarsi a tale istituzione per non creare, come nel passato regime, il cumulo inutile e decorativo delle cariche.

Si provveda alla nomina a Commissario della Fondazione Napoleone G. Pepoli del Gr. Uff. Tecnico Agricolo Attilio Angelini di Palombara Sabina competentissimo in materia, benemerito agricoltore Ufficiale Superiore di complemento dell'Esercito, che ha preso parte attiva come patriota, alle ultime fasi della guerra liberatrice nel Lazio

SPECIAL REPORT NO. 68

SUBJECT: Robberies and Banditry in Rome.

TO : G-2 (Communications Censorship), AFHQ, APO 512.

This report is based on letters examined at our Rome station and written during the two weeks ended 24th October 1944. None of the extracts quoted later have been used in any previous report.

There has been very little mention of robberies and violence until recently, and the sudden appearance of letters dealing with these acts suggest that they had reached proportions sufficient to impress themselves on the public.

The majority of the letters are concerned rather with the danger of the streets after dark than with housebreaking. They mention various types of hold-up. For example, armed men will enter a restaurant and relieve the customers of their wallets and other loose valuables. But the most disagreeable form of hold-up is that in the darkened street in which the unfortunate victim is relieved of his or her clothes, or most of them, including shoes.

It is alleged that some of the robbers have become so bold that they carry out assaults in daylight. It is also said that organized gangs are responsible for some of these acts. There is also mention of shops and houses that have been broken into.

The writers suggest various reasons for this outbreak of lawlessness: lack of restraint due to the war; unemployment; and the scarcity of police. These are obvious enough, but they do not explain why such attacks should have resulted in the apparently sudden increase in crime during the latter part of October or a little earlier. The explanation probably is that a steadily mounting tide of robbery and assault suddenly impressed itself on the population, thus leading to an unusual amount of correspondence on the subject within a short period.

This report can do no more than reveal a trend of comment as thrown up by the censored civilian mail, and it should be read solely as a censorship report and not as an actual report on crime. 6039

The following extracts from letters illustrate the various types of robbery and the fears arising from them:

"Here in Rome, thank God, politically things are quiet, but not economically. There are robberies and armed aggressions in the streets as soon as it gets dark. Masked thieves enter restaurants, and under the threat of a revolver they compel the customers to give up their pocketbooks just as we used to see in the American films. They also undress people, taking away their clothes, shoes and shirts. If they don't put a stop to this, who knows how it will end". (31/10/44)

"There is nothing to fear from the military police nor from our police. There are only the nocturnal vultures, and it is as well to be on one's guard concerning them. In Rome, stealing by night is in full swing, and there was the case of a person who, having met these 'gentlemen' going about undisturbed thanks to the civil police, returned home in shirt and drawers, not having anything else to give the worthy thieves except his suit. The profession of a thief is not very risky at present. I believe it is more risky to be a policeman". (23/10/44)

"Here we lack security for our persons and for our wallets, both day and night. At nine o'clock at night it is necessary to shut oneself up at home if one does not wish to find oneself relieved of something. Let us hope that the authorities will quickly succeed in putting a check on this". (23/10/44)

"In Rome too life is not very calm, because thefts are the order of the day, and the thieves have gained such courage that they assault anyone even in broad daylight. It is a consequence of this war". (12/10/44)

"I go out a little or not at all because the streets are not as safe as before. The police are nonexistent, or nearly so, and it is known, and one reads in the papers, that there have been numerous episodes of real brigandage. For this reason it is more prudent for me to remain at home, only going out when necessary". (12/10/44)

"To walk about after eight o'clock in the evening is dangerous. You run the risk of being plucked or of being robbed of everything. Everyday the papers report something of this kind. In fact this evening the papers report the news of an armed assault on a night pharmacy in the center of the city". (19/10/44)

"The reader of any newspaper in Rome today can get an idea of the place in which we are living: thefts, housebreakings, armed highway robberies are commonplace everywhere and, one or two hours after sunset, one must be very careful when going through the streets. It is better to stay at home". (20/10/44)

CONFIDENTIAL

"Also in Rome there is little discipline, and the robbers give points to those of Naples". (14/10/44)

"Even here in the building where we live, in flat number 19, there was a robbery and nobody was aware of it. In the building next door, four apartments had been left unattended; the owners returned and found nothing in them. This happens frequently at all hours of the day and night. We cannot go out even in the daytime, and this is the result of hunger and unemployment". (16/10/44).

FORGERY OF A NOTARY TO PASS AS A REFUGEE.

The sender, after describing the difficulties he had to overcome to pass through the strait of Messina, says: The next day we boarded the train bound for GICIA TAURO, and there we bought the "salcil". By means of a trick we get the secretary of Gicia to draw a notarial act, proving that Mrs. QUARTUCCI CONCETTA, evacuated with her 3 children from the battlefield, had been robbed of her purse containing her documents. Then we left on a cart full of evacuees. After two days' journey we arrived in Naples (a cursed land) where we had to stop for a week, as no transport means could be found. The authorities showed no pity on us, poor refugees?! At last we went to AVERSA, and from that place, always travelling as if we were refugees, we reached our destination, after so many hardships.

COMMENT ON THE MILITARY AND MORAL SITUATION

The sender tries to persuade her son to come to Rome and not to hope to have a position, with companies fighting against the Germans because "the Allies don't want the Italians to fight because they don't want to modify the shameful conditions of the Armistice. Italy must no longer have an Army so that, while Gen. ALEXANDER long-windedly praises the Patriots who really render useful aid to the United Nations with acts of real heroism, when it is time form again an Army, then politics prevail and the answer to all is "no".....- Why deny to this people the right to defend their own soil, their own houses and humiliate them again by putting them below all the others? This is why those who have red blood in their veins and Latin pride, feel depressed, discouraged, with no hope left."

"Do you know at what point we have reached? The troops who are at camped at Villa Glori have put up a sign with: "We do not want women" and goes on to speak of regrettable incidents provoked by the Moroccans."-

COMMENTS ON THE CONDUCT OF THE ITALIAN POPULATION

The bread two hundred grams per day, is without yeast and salt!...
"Hurrah for liberty.....Still we deserved it, in fact I marvel
that until now they have not killed us all. Perhaps it is out of
regard for our women, whom they need to improve the race. Was the
blood that flowed in our veins so bad! - It has been good to mix
it with Canadian, Newzeland, Australian, English, American, Polish,
French, Moroccan, Indian, Algerian blood, the more they add the
better! Ah! forgot to mention the Chinese and the Japanese. Even
the yellow race to complete the mixture.
Just think what fine offspring and what a bad lot of women who will
always eventually marry italian-men.
I have nothing to eat, yet I confess that the thought alone makes
me vomit."

RIOTING AT DECOLLATURA AND S. BERNARDO IN CATANZARO PR.LAD TO FLOUR MILLS DISPUTE

The sender, an Italian Carabinieri, writes: "Two days after we had left Decollatura on leave, there occurred a large scale popular demonstration involving more than 1,000 rioters who assaulted the City Hall. Armed with sticks, clubs, hand bombs etc. they wanted to burn to death the Mayor, the Secretary and others because they said they wanted to close down the flour mills. The Secretary escaped thru the opposite window. The Mayor, they carried off but later released.

They burnt the Customs Office at S. Bernardo. The intervention of the local carabinieri was utterly ineffective. After about an hour a reinforcement arrived of some 30 carabinieri who, armed with automatic rifles and hand grenades, managed to disperse the demonstrators.

ITALIAN CONSPIRACIOUS PROPOSALS DISSEMINATION

The writer, who gives both his AFO number and his location-a practice not uncommon in Italian cabelligerent mail-further states:

1. "Now there is some slight chance we're going into combat. Let me know if you have that circular or at least know about it. I hope we don't go. But if we are to go, I'll go back home and I'll not return. It's possible they've set the quota of 2000 volunteers and that falling short of that number they'll take us by force. Well, they've made a mistake. We'll do like the others did; they went home and didn't come back.
2. Today I'm on police duty at the Lariano City Hall to put down any violent demonstration that may occur.

"Last Sunday our city had a disorderly demonstration. They broke (also) the Mayor's head, the Archbishop's head, burned the Mayor's office, the Customs House and the Ambasciata (Public Brain Deposit) Office as well as a room in the Municipal Hall."

Examiner's Note: From other information (see comment sheets # 30 & 31) riots caused by food shortages. Additional information on aforementioned riot occurs in unsigned letter of an Italian Police man on duty at Laterana Prefecture. It says he couldn't have a tougher assignment, mentioning that on December 13, 1943 the people stormed the Municipal Hall, and the Customs House and adding that the Mayor, who was hurt about the head, had asked to resign.

LOCATION OF GANG OF HOODLUMS

The following is a summary of the letter:
In the borough of Piazza Montegraffa there is a gang of hoodlums and thieves who commit acts of thievery every night, especially stealing American gas. A few nights ago, some Americans chased them as far as the Piazza, firing at the gang and wounding one of them, MAZZARA, Giovanni, in the leg. At present this man is doctoring himself at his home in the same Piazza.

The composition of the gang is as follows:

MAZZERA Giovanni, a herdsman living in the Piazza.

MODICA Antonino " " " " "

CARVARUSO Santo " " " " "

CARUSO Michele a gardener, living at Via Enrico Tati

CERRESE a vagabond " " Via Carrabia

MUSE Pietro a herdsman " " Via Pietro Messineo

All the empty gasoline tins are being bought by Austina Calderaio living on Via Pietro Messineo.

There is a little terrace on the roof of the house where Modica lives. On this terrace is a chicken-coop; in the coop there is a small door opening into the attic of the next house. Here are stored all the stolen goods.

1. FASCIST ACTIVITIES IN SCIOLI

1. The following is a summary of the letter in question:

In Scioli, a Fascist organization, called "Ferrea", has been formed, whose members have to fill out a regular form. (It has been impossible to secure a copy as yet.)

Most of the members are young students who have been promised promotions to higher classes and also prizes of 3000 lire for the poorer ones.

A search has been made by the Questura of Ragusa of 55 homes, but in only one of these was anything incriminating found. In the home of Avv. COTTONE G. Battista a fascist manuscript was discovered. Cottone has since been sent to a concentration camp.

Meetings have been held in various places:

Nov. 30 at 0900 at the home of Gr. Uff. MORMINO Emanuele

Nov. 30 at 1830 at the home of Ing. EMMOLO Francesco

Dec. 1 at the home of the parish priest of the Church of S. Maria La Nuova. This last meeting was given the appearance of a religious gathering because they had become aware of the fact that they were being watched.

In the country, a machine gun and a bayonet have been dug up.

The most influential members of the group of about 50 are:

Gr. Uff; MORMINO Emanuele

Barone Penna Tommaso

Avv. FERRO Paolo

Dottore SPADARO Raimondo

Avv. COTTONE G. Battista

Ing. EMMOLO Francesco

With the exception of Cottone, no concrete evidence has been found against the above men.

Inasmuch as there have been several demonstrations at Scioi since the occupation by the Allies, and because of the turbulence of the population, we ask your office (Direzione) to establish an office of the P.S. (Polizia Segreta) here having a chief and four men.

COMMENT

LOCATION OF STOLEN GOODS.

The writer states that two storekeepers, GUIDO AND FILIPPO ARDIZZIONE, dealing in rationed goods have stolen large quantities of these goods from their normal allotment, hiding some of them at their home on the 4th floor of 16 Via Francesco Lojacono and part of them in the apartment of the Randise family located on the 3rd floor of the same building. The storekeepers have the keys to this apartment.
