KIDNAPPING OF TRAIN PASSENGERS BY GIULIANI GANG

"... the train on which I travelled was stopped by a gang called 'Giuliani'. (I suppose you have heard about it). They forced us to leave the train and took away all we possessed, some people lost even their clothes. Then the civilians were allowed to return to the train and to continue their journey. The soldiers instead had to follow the gang. When we finally arrived at the gang's hiding place, they took away all our luggage and even our military documents and proposed that we should stay with them, promising that they would give 30,000 lire to our families. But I didn't want to be cheated and refused to join them. However they kept me in their camp, renewing now and then their proposals, but I always refused. On the evening of the 27th January the gang took off for what we could call a 'mission'. I sneaked into their lines, and taking advantage of a spot opportunity, I escaped.

"... On Christmas when with the gang, I slept on straw in enormous caverns, which cannot be approached by anybody because the gang disposes of lots of weapons...."

ALLEGED COLLABORATION WITH GERMANS

The anonymous sender states that there is a manicurist employed at the "Club Terminus Corallo", a woman by name of GHINI Giuseppina, who is known as a person without scruples, and is suspected of collaborating with the Germans. Many senior Allied Officers go to that hotel, and it might not be difficult for the above mentioned GHINI to gather news of military importance for the benefit of the enemy. It also appears that she is a very intimate friend of an American of Italian origin, by name of GIOVANNI, and this may also make things easier for her. According to the writer, the woman GHINI has several sentences on her penal records, for theft and immoral conduct. She is said to have led a luxurious life during the Fascist regime, having also been the mistress of a high officer of the Fascist Militia.

ALLIED GOODS STOLEN BY PORT WORKERS

"....The boy who had come to see us from SALERNO has left again. He brought us a little olive oil and "pasta" because it is cheaper in SALERNO than in NAPLES. I told him to get me some boots and a few pairs of socks since he works with the Americans.
 I have met two boys who work in the harbor and every evening they bring me American bread, cans, cigarettes. We are alright as far food is concerned.
 I have read yesterday about the death of the "Gobbo" of the Quarticciuolo and of the slaughter of BORCATA Giordani. I hope nothing has happened. I am worried about PIPPINO. Send me news about them.

ATTEMPT TO ILLEGALLY OBTAIN DOCUMENTS U.S. SOLDIER INVOLVED

Kochi mi ha detto che c'è bisogno anche di un certificato medico, che deve presentare alle autorità Alleate assieme ai documenti, perché devo prendere la cittadinanza americana. Ora bisogna che tu mi aiuti a fare anche quello. Potrei farmi visitare e fare l'analisi del sangue qui, ma ho paura che il dottore nell'analisi riscontri qualche cosa che tu sai...e quindi cerca di farmelo fare da un dottore che può conoscermi, basta pagare si fa tutto. Ancora ti prego di farmi subito i documenti perché la partenza per il fronte potrebbe venire da una settimana all'altra e quando ci sono pronti i documenti sposiamo subito e lui non parte più. L'altro giorno siamo stati da S. E. Berlinguer che è di Sassari e che conosce Kochi da quando era alla commissione in Sardegna gli ha spiegato la situazione e gli ha promesso che lo farà mettere alla Commissione Alleata di qui a quindi resterà a Roma. In nostra presenza ha scritto e quattro generali Alleati e sono certa che lo aiuterà.

Translation:

"KOCHI tells me that a medical certificate needs to be submitted to the Allied Authorities, together with all the other documents, in order to obtain American citizenship.

Now you must help me to obtain this document. I could go to a doctor for a blood test, but I am afraid that the doctor might find out something, in the analysis, about which you know what I mean....So please try to obtain this certificate from e. J. J.

The day before yesterday, we went to see His Ex. BERLINGUER, who is from SASSARI and knew KOCHI when he was in SARDINIA with the Allied Commission. KOCHI explained our situation to him and BERLINGUER promised to have him attached to the Allied Commission here, so that he will remain in ROME. In our presence he wrote to 4 Allied Generals

EXAMINE and I am sure that they will help KOCHI.

Some of the side iron-plates and various aluminium fittings of the former PACCHINI Florindo, who had been charged with the watching of the motor-bus, told us that during the period from 30 December 1944 to 13 January 1945 American and Italian soldiers, led by an American Warrant-Officer, went there many times and, by means of a crane and other necessary tools, loaded the above mentioned materials on army trucks and took it away.

" Don't worry, for nobody ever went to jail for political causes and least of all your son; especially now that the Communist Party is strong.

Dear Pasqualino

"..... concerning the bomb; you are in no way involved because a boy like you who is only seventeen cannot possibly know how to handle a hand grenade. This is what you should have answered to the Maresciallo. But I will fill up the paper with articles against him and everybody will know all he does. If he calls you again write a letter to the Campobasso Federation and beg them to take some measures against that rascal. I have documents with which I can catch him any time. He calls you because he wants to scare you; but do not be afraid, he is a fool and if I set myself on it I will have him transferred from Casacalenda in no time.

CONSIGLI IN MERITO AD EVENTUALE INTERROGATORIO PER LANCIO DI UNA BOMBA - MINACCE E ACCUSE CONTRO MARESCIALLO DEI CARABINIERI

Cara zia
 " Sta pur sicura che per la Politica non è andato mai nessuno in galera e tampoco ci andrà tuo figlio; specialmente ora che il Partito Comuni= sta è al potere."
 Caro Pasqualino
 "... per il fatto della bomba tu non c'antri affatto perchè un ragazzo come te di 17 anni non sa sparare le bombe a mano. Così dovevi rispon= dere al Sig. Maresciallo. Ci penserò io ad empirè il giornale di arti= coli contro di lui, e farò sapere a tutti quello che lui combina. Se ti chiamerà un'altra volta scrivi una lettera alla Federazione di Campobasso pregando di prendere provvedimenti per un farabutto simile. Ho dei docu= menti in mano, tanto da poterlo fregare in tutte le ore. Lui ti chiama perchè vuole imaurirti, ma non lo temere, perchè è un fesso e ci vuol poco a farlo trasferire da Casacalenda se mi ci metto conosco gente fino a casa del diavolo.

DISORDINI POPOLARI A GRAFFIGNANO (VITERBO)

" Il giorno 19 il popolo fece una dimostrazione, siccome hanno levato il podestà Domenico VOLPI e doveva entrare Enrico SENSI, certo come uomo non è cattivo ma è sempre con il gruppo fascista, sicchè fecero la detta dimostrazione. Il nostro maresciallo chiese il rinforzo dei carabinieri e Celleno e a Montefiascone sicchè vennero diversi carabinieri e marescialli, la popolazione calmissima solo facevano questo per parlare con i signori del Comando Alleato, perchè ancora vogliono comandare i fascisti come tempo addietro. I nostri paesani andarono a Viterbo a prendere questo nostro desiderato comando, sicchè questi non poterono venire subito. Questi signori marescialli e carabinieri che forse erano ubbriachi forzarono la gente che fosse andata via da questa porta che si doveva aprire ma nessuno si mosse, si attendeva ancora notizia di Viterbo; prima che giungesse questo, i signori marescialli dettero ordine ai suoi dipendenti di sparare, non spararono tutti ma in parte sicchè ci furono cinque feriti qualche pezzetto di scheggia od altri."

ITALIAN INTERNEE IN SWITZERLAND ADVISED TO BE

CAUTIOUS WHEN HE RETURNS.

Letter contains the following suspicious sentences:

"...I hope soon to send you a radio-message, without the help of the FERRANDIS..."

Also the sentence:

"....Try to be as cautious as possible when, as we hope, you can come back to Italy, even if your caution should keep us apart some time longer..."

This last sentence, in which the father advises his son to be cautious, when he returns home, makes one suspect that the addressee might have been once a collaborator of the Fascists or the Germans, and feared reprisals or vengeance on his coming back to Italy.

Your name has been quoted for eventual information regarding the scandalous behaviour of your daughter-in-law LIDIA, whose husband we know to be a prisoner. - We shadowed her on our own account, and discovered most infamous things. If you duly authorize us to do so, we can give you information which will certainly interest you and be for your good, but still more for that of your son; it should not be permitted that a wife of a prisoner behaves like that. - Awaiting your visit to our office in all secrecy we greet you. -

I wonder when you will cancel them from the ranks of your party, as you did with me. Besides, steps should be taken against all those who stole Army mules, horses and cars. You know very well that all the equipment of the Army camp at DAMPUGNANO has been taken away. There was stuff worth several millions: rifles, machine-guns, bombs, silk, cloth and lots of other things.... Since they searched BULLERI they should also search all the others who stole the Allied cars,.... I wrote to the Prefect and to you for the second time and I hope that you will take the necessary measures, especially against the mayor and his advisors, who took away all of FACCHINI's stuff and of so many other people, without even making a search...."

Since I have received no answer so far, I ask you whom I know to be his relative, to give him the following news, which I am afraid he did not receive. I left the PATRIARCA home towards the end of December 1944.....In spite of air-raids, mopping-up and reprisals, which are rather frequent at LA SPEZIA, the members of the PATRIARCA family and their houses did not suffer any harm....."

COMMENT

EVASION OF CENSORSHIP AND REMITTANCES TO ITALY

".....I suppose that by now you received my news through Silvio PIVERA, who gave you probably something on my behalf.....I hope that in the future I shall be able to send you more and, above all, that you will find some way or another, so that I can send some money. Couldn't you make arrangements with BONDI or ALMACIA for periodical remittances?.....Since I could easily send you 15 pounds a month, I made an application to that affect to the Ministry, but naturally they refused....."

Reviewer's Note: Tagliaferro, Giacomo was placed on the Watch List because of a comment by the Intelligence Division ASP (Domestic & Counter Intelligence Branch) on a letter dated 17/3/44 from Traverso, Raffaele, Sagunta, Spain, to Tagliaferro.

The letter referred to an offer of food and clothing Spain/Italy under suggested sponsorship of the Vatican, a claim to have export licenses for large quantities of ham, sardines, brandy and wine, and a proposed re-export of 250 tons of Brazilian coffee at a very high price. A hope was expressed that the addressee would soon meet the writer in Spain.

Tale operazione fu motivata in una relazione del PAPI nella quale sosteneva che era opportuno vendere l'E.N.I.C. per potenziare la produzione di propaganda repubblicana. Molti erano corsi all'attacco della diligenza (i famosi rinnegati LEONI, i non meno famosi MANFREDI ecc.); ma il PAPI aveva un suo gruppo facente capo ad alcune banche? Il ..?

ADDRESSES ON WATCH LIST.

Citation reads:
2151/513 TELESS, Mario, Signor, Lista de Correos, (Barcelona, Spain - 500 A)

The sender says that she has received a letter from the addressee. She was glad to get it but complains that he still does not give his address which she wanted to give to the Consul who has left for Barcelona; she thinks that his name is DE FRANCISCI.

Concerning her own proposed trip to Spain she says that it is the address who must claim her so that the Allies will grant her permission to go. The addressee can tell the truth, suggests the writer, and says that he is alone and sick and he is in need of his mother. The writer also states that the Spanish Consul must have her application approved in Madrid.

If the addressee knows anyone in Madrid it might help, and, again, the writer requests addressee's address, so she can put it in the application for Madrid. In this letter the writer again refers to what apparently is a money or property matter: 'How have you settled? The lawyer told me that you should have in proportion to their financial condition. Try using good means it is much better.'

The remainder of the letter is apparently innocuous. The envelope does not bear a return address but it is clear from her relation to the addressee (and the handwriting) that she is the Baronessa Anna Palorni, Via Vellestri 49, Rome, listed on the Civil Censorship Group Watch List for previous correspondence with TELESS.

REVIEWER'S NOTE: TELESE was placed on the Watch List 11-11-44 as previous releases records show that he/attempting to come to Italy with a large sum of money. It is trying to help him get there through the influence of the Vatican authorities. It is noted that in 2 previous letters there were such phrases as "Pay attention to everything" The word "tutto" was always heavily underlined.

Code and Laboratory tests negative.

He was replaced by the named Enrico Nichilo. After the illness occurred Enrico, in November last, Enrico returned to Enrico, and found in his post almost killed, he was put into office work, which against his will, because he expected to occupy his old post, and started attacking Enrico, using unjust and disloyal means. POLITICAL COMMENT IN LETTER TO WATCH LIST SUSPECT.

References to political activity are to be noted in the letter.
The text reads:-

I answer yours of the 13th inst. which is really edifying, for it contains so much news from which I gather that we have been banished.

Vitali and Medugno should never have resigned from their posts; they should have been sent away by the intrigues and threats of those "gentlemen" of the Confederation (text unclear. n.c.f.t.). ... Vitali didn't even come to Barletta and this is due to lack of organization on our part.

I don't know when we shall be able to meet. Damiani and his friends might keep me informed; instead, but for Nicola Di Andria who has informed me that you will meet on the 21st, I should be still in the dark.

This is against our interests and against our propaganda... with the coming of good weather we must meet oftener in order to decide upon matters which can't be put off. Our aim is to win a struggle against opponents who are using the worst weapons to over rule us. Reviewer's Note: TURRONI was placed on the Watch List 11/8/44 as the result of censorship of a letter from ITALO DEL PROPOSTO, VIOLIG DEL CINQUE #30A, ROME, which spoke of the clandestine publication of an anarchical newspaper "UMANITA NUOVA". Another cover from and to same sender and addressee, contains a two page letter in Italian, dated 31 January 1945; also enclosed is a snapshot of sender. The sender has seen "Hello" (see previous records) and he has told her that the Ambassador will not be in Rome until the middle of March so she will have to wait for then for addressee's news. The addressee has offered sender financial help through Bello and she has recently taken advantage of it to defray the expenses of her sister's sickness. The amount borrowed is Lire 10,000 - and she intends repaying by sending him an object of value or, maybe, by direct payment since the "sum is not large in sterling". Restitution of the money will be made through the Secretary of the Embassy in London who is to leave Rome in March, and will stop over in Lisbon a few days. The remainder of the

The sender has seen "Bello" (see previous records) and he has told her that the Ambassador will not be in Rome until the middle of March so she will have to wait for then for addressee's news. The remainder of, the letter is apparently innocuous.

Reviewer's Note: Writer in early records shows fascistic tendencies and regrets the end of the German occupation. The Bello mentioned has before been referred to as intermediary. He is apparently employed at a foreign diplomatic mission in Rome. Code and laboratory tests negative.

- 1.) CROSSING OF THE FRONT-LINES.
- 2.) THE SITUATION IN BOLOGNA.

"...Yesterday I talked to Aldo GIORDANI. He left BOLOGNA on the 22nd of December. News regarding BOLOGNA, published in the papers is a bit exaggerated: Life is difficult, especially in the crowded center of the town, where there is no danger of air-raids and where the entire population of the town is now living, but though people live one on top of the other; the food situation is good; everything is to be found and at a fair price. There are clashes in the town between partisans and Fascists, but the population remains chiefly indoors and is not disturbed in their homes. There are few Germans.. The countryside to the north is still fairly quiet. The two towers are still standing, more firm than ever!
 No epidemics. There are round-ups, but if one is careful, one can succeed in avoiding them. The gravest danger arises from reprisals after the killing of a German or a Fascist."

COMMENT

SENDER AND ADDRESSEE ON ITALIAN WATCH LIST

The sender says that he has received "four more letters dated October", from the addressee. The writer thinks that he may be assigned abroad soon (see C/S 331), and, indeed, he hopes to be because then it would be easier for the addressee to join him. He also wants to know more about the people the addressee is working with, Mrs. Parker.

Under separate cover from and to same parties there is a letter, also in English, dated 29 January 1945. Much of the information contained in previous letter is also contained here; the letter is apparently innocuous.

Under another cover the sender states that there was a chance of his being transferred to the Far East (he works at the Ministry of For. Affairs) but that he didn't like the idea of going so far from his sweetheart, the addressee. In any case the writer states: "now I am not going, I know".

In paragraph four the writer asks addressee to seek him a job in Portugal, because he "doesn't see too bright a future for himself here".

The remainder of the letter is apparently innocuous.

When cover is from CAMAROTA, Grazia, Viale Elena 23,

Another cover is from CAMMAROTA, Grazia, Viale Elena 23, Naples, to the same addressee. Mrs. Cammarota is Di Bona's aunt, she has never met the addressee but talks to her like a prospective daughter-in-law. The letter is innocuous; it is written in Italian, and dated 9 January 1945.

Reviewer's Note: Sender & addressee were placed on the Watch List 26/10/44 because it appears from previous intercepts that the sender works for the Foreign Ministry while the addressee is employed by the Zuid Afrikaansch Handelshuis who (at a LOURENCO MARQUES address) appears on the U.S. Watch List for security reasons. The sender sent a letter on 8/11/44 to LAURI, Paola, Hotel Gluke, LOURENCO MARQUES. Code & laboratory tests negative.

FALSIFICATION OF DECLARATION OF DAMAGE

The news of the theft of the furniture really stunned me. But I can't help pointing out one thing: If we wanted to buy again all we lost, we would spend at least 400,000 lire. Why then did you put down only 230,000 lire in your declaration of damage? The amount of the damage should be exaggerated in the declaration. You should have declared 600,000 lire of damage - Don't you know that the Governmental authorities always cut down the damage indemnities? Mostly they give even less than half of the sum requested....By the way, I told FERRAJOLO that with the furniture they took also our good table, set of dishes and glasses - (which is instead at MURO LUCARO) and much bed and table linen (whilst not all of it was there)...."

Reviewer's Note: In view of the reference in the text to Sardinia, the Falchi mentioned may be identical with FALCHI, Nicolo or FALCHI, Giuseppe subject of previous C/S as above. These men were suspected of using code by underlining in many communications to Spain; Portugal, Switzerland etc. It has not been possible to establish a definite code either by this Group or by Imperial Censorship but the names have been added to the British Security List. The firm may be connected with GUGGENHEIM, Renato, placed on the Watch List at the request of S12 FSS.

The FALCHI'S were both connected with medical and pharmacist practices and therefore the commodities mentioned also help to confirm identity. A telegram of 8 January 1945 (our C/S ITA 6908-45 refers) to Dott. FALCHI showed this person then to be at ~~the~~ ROME address.

LETTER FROM SWITZERLAND FORWARDED BY MEANS OF VATICAN - NEWS OF
PEOPLE RESIDING IN NORTHERN ITALY

"About once a month, I receive news from my parents through unauthorized channels of communication. They assure me of being well... Regarding the bombings of MILAN, do not feel preoccupied, because father has assured me that the residential section has never been bombed. Father continues his work and tells me of feeling always fine.

Now they are all in MILAN and no longer evacuated. I cannot understand this... I have written to him to be prudent, but evidently if they acted in that way, it is because it is safer in town than in the country....

Dear VITTORIO, if you receive this letter, write to me at once by the quickest possible means. Find some means to let me know something and I will do my best to forward you letter to MILAN....

I am now in a village 6 km. from BERNE and besides this town, which by now I know as well as MILAN, I also know ZURICH, WINTERTHUR, OLTEN and many others."

PHARMACIST DENOUNCED FOR IRREGULAR PRACTICE, SALE OF DRUGS, AND BLACK-MARKET IN OTHER ARTICLES
DENUNCIA CONTRO UNA FARMACISTA PER ESERCIZIO ABUSIVO E VENDITA DI STUPEFACENTI E MERCATO NERO DI ALTRI GENERI

Nel 1941 morì il titolare della farmacia di Ortona de' Marsi Sig. Cesare BUCCELLO, di conseguenza la farmacia doveva o venir chiusa, o almeno esser nominato un direttore per seguirlo a tenerla aperta. Invece, nulla di tutto questo, la figlia del defunto, (non farmacista) Sig. na Annita, ereditava la farmacia e senza dare alcuna comunicazione della morte del padre a chi di dovere seguiva impunemente a tenerla aperta a nome del padre, e Vei, nella qualità di medico provinciale ne siete al corrente. La Signorina, percepisce senza alcuna interruzione, il sussidio che il Comune concede alla farmacia, fin dalla morte del padre, e firma le quietanze a nome del defunto. La farmacia, ripetiamo è senza alcun direttore, e chi fa tutto è la Sig. na BUCCELLA; il popolo, non fidandosi di questa profana, è costretto a fare con grave disappunto, le disagi (specie nella stagione invernale) molti chilometri per spedire le ricette nel non troppo vicino comune di Pescina, (a meno che il medico MAGGI, coininteressato nella farmacia, non li accompagni di persona dalla cognata Sig. na BUCCELLA).

Le ricette dei poveri, vengono scritte dal medico MAGGI, firmate al Comune, ma poi alla farmacia, vengono spedite solo a metà, consentente al Dr. MAGGI e all'insaputa del Comune; così pure quelle di altri enti. I medicinali vengono ora venduti a prezzi iperbolici, spesso il pagamento si fa in natura.

Non crediamo, ad ogni modo anche se così fosse la farmacia bisogna ricordare che è aperta abusivamente.

A qualcuno che lo chiedeva hanno risposto dicendo che il direttore della farmacia è il fratello Filippo. Innanzi tutto questi non risiede ad Ortona, in secondo luogo da informazioni assunte ci risulta che il suddetto non è dottore, poiché non ha conseguito laurea, ma solo il diploma, ed inoltre non ha potuto sostenere gli esami di Stato per l'abilitazione poiché il suo diploma non è in regola, e questo risulta

OSSERVAZIONI

Nella farmacia, si vendono (naturalmente, mercato nero e contrabbando) con poco decoro della classe farmaceutica, le tinte per le stoffe, i cerini, sigarette americane, varecchina cacao, ecc... insomma la farmacia serve (senza il termine) per far da ruffiana alla Signorina BUCCELLI, la quale a suo piacere la tiene aperta e chiusa per diversi giorni (ad esempio quando va fuori di paese, si rifornirsi di generi di contrabbando). Inoltre con la scusa, della farmacia quest'anno sono stati tolti alla popolazione civile, oltre 70 Kg. di zucchero (i buoni li faceva il Dr. MAGGI, che ripetiamo ha interesse di aiutare la cognata, in quanto questo vive con lui, e quindi i benefici di questa ricadono sulla famiglia... forse solo un Kg. è stato adoperato per usi di farmacia, e poi a prescindere da questo l'assegnazione dei tempi normali era forse di 70 Kg? Non crediamo, ad ogni modo anche se così fosse la farmacia bisogna ricordare che è aperta abusivamente.

A qualcuno che lo chiedeva hanno risposto dicendo che il direttore della farmacia è il fratello Filippo. Innanzi tutto questi non risulta che il ad Ortona, in secondo luogo da informazioni assunte ci risulta che il suddetto non è dottore, poichè non ha conseguito laurea, ma solo il diploma, ed inoltre non ha potuto sostenere gli esami di Stato per l'abilitazione poichè il suo diploma non è in regola, e questo risulta presso la R. Università di Roma. Sappiamo ancora che con l'accordo del cognato, nella farmacia si vendono stupefacenti senza ricetta.

EXCUCINATION OF A FASCIST

"We learn to our amazement that the former 'consigliere nazionale' (national councillor) Professor Fernando Maria BRIGNOLI, former principal of the ill-fated Fascist Institute of Via Frangipane (of which he was the founder and who's even the janitors were Fascist Militiamen) has now dared to present to the school authorities a.....brief to prove that he....was not a Fascist! On the contrary....an Anti-Fascist! Wasn't the fanatical stooge of BOTTAI and LAZZARI a Fascist? An expliciter, in the name of the regime, of the above-mentioned institute, famous source of profitable swindles and falsifications? The National Councillor who worked his way into many, most Fascist commissions at Ministry and elsewhere? The brave haranguer of the young members of IMI (Fascist Youth Organization), who, at their meeting used to attack England, France, and Russia in the square of the botanical gardens?....Listening to this thoroughbred Fascist, who has acquired many millions (he should be denounced to the High Commissioner for Puration), having to swallow the incredible impudence, the unheard of shamelessness of BRIGNOLI, is enough to try the almost exhausted patience of the real anti-Fascists. What are we aiming at? Revolution? This Fascist, who should have been operated, is allowed to open a new school "Fascist" in the name of his secretary MURGHETTI, who was the key man in all the black intrigues of the Institute of Fascist Culture in Via Frangipane!"

THEFTS IN PLANT NEAR ROME

"The 14th of last month with a letter of mine addressed to the Director, Mr. MONTALTO of COLLE FERRO I warned him of the contemplated theft of 50,000 hunting ammunition caps. The would-be thieves were a certain CARRI Aristide, and a friend of his, CURTI, store-keeper for the brother-in-law of the former, a certain Mr. Commander of the guards deemed it convenient only to change the Chief, Mr. CARRI. Unfortunately, after about ten days I was able to notice that a portion of these stolen goods had already reached the large shops of ROME. The new guards cannot be trusted, especially in these days, because they were all picked out by the Commander, Mr. FERRI and they are all very close to, and recommended by the great STAGIO."

THEFTS IN PLAINS NEAR ROME

The 14th of last month with a letter of mine addressed to the Director, Mr. MONTALTI of COLLE FERRO I warned him of the contemplated theft of 50,000 hunting ammunition caps. The would-be thieves were a certain GABRI Aristide, and a friend of his, accompanied by the brother-in-law of the former, a certain Mr. CURTI, store-keeper for the above-mentioned material. In order to forestall such large theft Mr. MONTALTI and his favorite Commander of the Guards deemed it convenient only to change the Chief, Mr. GABRI. Unfortunately, after about ten days I was able to notice that a portion of these stolen goods had already reached the large shops of ROME. The new guards cannot be trusted, especially in these days, because they were all picked out by the Commander, Mr. FERRO and they are all very close to, and recommended by the great BLAGIO.

SECRET WRITING IN LETTER TO SWITZERLAND.

This letter written in good French in typical French handwriting was tested in the laboratory and revealed signs of secret writing. After further treatment and study the examiner was certain that it was in German script. The message was not clear but is believed to read:-
"pp 11, 11, 44. (illegible word) 14 Schütze 14."

This is the form normally used in German army for a report of a patrol of 14 men.

The message has been photographed and copies will be forwarded to all agencies receiving allocation of this comment sheet.

Correspondence of both parties is being watched.
