SUBJECT:- CONTI Edoardo

TO:- AC HQ., Security Division
(Attn. Capt. HAYES)

1. Reference is made to my S/I400 of 19 September 1945 and your SD/I40LL of 25 September 1945.

2. Attached hereto is a copy of my S/I440 (App. n.1) of 25 September 1945, addressed to 75 Section S.I.B. 59 Area, and a copy of the reply (Ref. SIB75/M/45/I29) of 27 September 1945 (App. n.2).

3. It is interesting to note that, according to your report (App. n.3), Subject remained on active duty with the rank of "Caporal Maggiore" with the Command of the open city of Rome after the 8th of September 1943 and that as late as 18 March 1944 the Republican Command requested information about him from the local Questura. On his scheda personale, he has stated that he was a sergeant in the 8th Rgt. of Genio. Presumably on the 18th March 1944 he was not yet a sergeant and it is unlikely that if he were declared a deserter, he would have been promoted. Attached hereto is his scheda personale which please return at your convenience.

4. Meanwhile, as telephoned to Public Safety Sub-Commission (Col. CHAPMAN) at 1250 on 27 September 1945, a telegram was received from London via N°3 S.C.I. Unit in which it was indicated that a certain Edoardo CONTI was reported to have been a parachutist-saboteur (nuotatore

paracadutista). So far, we have been unable to confirm it this end, but it is thought that you may have access to records regarding members of the X.Mas which was, you will recall, commanded by Prince BORGHESE.

In this connection, it is suggested that Walter LIONETTI, Viale Carso 34, Rome (teleph. 368-406) who belonged to the X.Mas, might be able to identify the Edoardo CONTI reported by London. For your information, Walter LIONETTI was working for the Gruppo Montezemolo and I am almost certain that his integrity can be vouched for by the Marchesa MOROZZO DELLA ROCCA, née GASPERINI, residing at Via S.Erasmo 4, Rome (teleph. 763.773). This lady acted as a liaison officer during the clandestine period and is believed to be a thoroughly reliable person. Her husband is a Major commanding the Grenadier Battalion in Rome.

It will be noted that at the time of employment with 75 Section S.I.B., vetting was carried out by 97 F.S. Section. Presumably records can be traced through G-2, R.A.A.C.

5. It is observed in your a/q report (App. n.3) that Subject "has a brother who presumably resides in London". It would be appreciated if particulars and possibly the address of this brother could be forwarded to this R.S.O.

6. Meanwhile, local enquiries are being continued by N°3 S.C.I. Unit, SIM and this R.S.O. Any further information, together with clarification of the points raised in this correspondence, would be very much appreciated.

(Attn. Lt. BARKLEY)

1. Yesterday afternoon I received a visit from Sgt. CLARK who stated he was making enquiries with regard to Subject, with your knowledge, on behalf of Lt. Col. HARRIS, Transportation Sub-Commission, AC Adv. HQ.

2. He had in his possession a confidential report which had been sent by me to the HQ. Commandant these HQ. and forwarded to Col. HARRIS for information. He stated that this document had been handed to him by Col. HARRIS yesterday afternoon.

3. I understood that Sgt. CLARK had been requested by Col. HARRIS to enquire into the activities of Subject.

4. As I understood from Sgt. CLARK that Subject had formerly been employed by a S.I.B. Unit in Rome and was well-known to him, I should be grateful if you would forward copies of any reports submitted to you to this R.S.O. and to N°3 S.C.I. Unit. Meanwhile I would be most grateful if you could furnish me with particulars regarding Subject's employment with the a/m S.I.B. Unit., as also an appraisal of his work during the period June-October 1944 whilst in Rome. I gather that Subject was also attached to the S.I.B. Unit. which entered the City of Florence either during or shortly after its capture by

H.Q., A.M.G., Lombardy Region, APO 394.

1. Reference your S/I440 dated 25th September 1945, respecting the above subject. It is confirmed that Sergt. CLARK of this Section, has been requested by Colonel HARRIS to make enquiries regarding alleged 'Black Market' activities alleged to have been conducted by the above named subject.

2. The above named was previously employed by 75 Section, Special Investigation Branch, Corps of Military Police, and commenced employment with that Unit at ROME on 25th June, 1944, as Interpreter. CONTI continued to be employed as Interpreter until, at his own request, he ceased to be employed on 10 October, 1944. At the time of employment vetting was carried out by 97 F.S. Section.

3. During the period of employment CONTI moved with 75 Section, S.I.B., from ROME and entered the City of FLORENCE shortly after its capture. At all times the work of this civilian was of the highest standard and his only reason for leaving the Unit, to my knowledge, was to obtain a higher grade of employment with the Allied Forces, in view of his outstanding knowledge of the English language.

Appendix n.3

Rome 23 September 1945

CONTI Edoardo -named Giorgio- di Giuseppe and di ALLARI Ermelinda, born in Piacenza on the 21st of February 1920, employee at present time domiciled in Milan, coming from London, in February 1939 came to Rome where he still resides. During his 5 years stay in this town, where he was domiciled at Via Augusto Aubry No. 5 (and not No. 9) he has lead a normal life.

Having been formally enlisted, after the 8th of September 1943 he remained on active duty with the rank of "Caporal Maggiore", with the Command of the open city of Rome. The Personnel Section of the above mentioned republican Command by a letter No. 569, dated 18 March 1944, asked the local Questura for information on account of CONTI Edoardo, who had been designed for a promotion to the rank of sergeant.

The reply was that CONTI was supposed to have deserted after some time and after the Allied arrival in Rome to have been enlisted as a volunteer and to have fought against the Germans as far as Pisa, where he was sent on leave for convalescence after a very serious illness.

CONTI's father is domiciled at Via Augusto Aubry 5. His name is CONTI Giuseppe fu Angelo, born in Piacenza on the 7th of October 1880, Superior Officer of the R. Army on leave. His mother is ALLARI Ermelinda fu Secondo, born at Calestrano on the 1st of June 1889, householder, and his sister Dolores, born in Piacenza on the 22nd of February 1924.

He has a brother who presumably resides in London.

V.4.

Rome 23 September 1945

COMPTI Edouardo named Giorgio di Giuseppe and di Allardi Emelinda, born in Piacenza on the 21st of February 1920, employee, at present time domiciled in Milan, coming from London, in February 1939 came to Rome where he still resides. During his 5 years stay in this town, where he was domiciled at Via Augusto Aubry No. 5 (and not No. 9) he has lead a normal life.

Having been formally enlisted, after the 8th of September 1943 he remained on active duty with the rank of "General Maggiore", with the Command of the open city of Rome. The personnel Section of the above mentioned Republican Command by a letter No. 369, dated 12 March 1944, asked the local Questura for information on account of COMPTI Edouardo, who had been designated for a promotion to the rank of sergeant.

The reply was that COMPTI was supposed to have deserted after some time and after the allied arrival in Rome to have been enlisted as a volunteer and to have fought against the Germans as far as Pisa, where he was sent on leave for convalescence after a very serious illness.

COMPTI's father is domiciled at Via Augusto Aubry 5. His name is COMPTI Giuseppe di Angelo, born in Piacenza on the 7th of October 1880, Superior Officer of the R. Army on leave. His mother is Allardi Emelinda di Secondo, born at Calciostro on the 1st of June 1889, householder, and his sister Dolores, born in Piacenza on the 22nd of February 1924.

He has a brother who presumably resides in London.

CONTI Edoardo-detto Giorgio-di Giuseppe e di Allari Ermelinda, nato a Piacenza il 21 febbraio 1920, impiegato, attualmente residente a Milano, proveniente da Londra, nel febbraio del 1939 si stabilì nella Capitale e durante i suoi cinque anni di permanenza in questa Via Augusto Aubry n.5 (e non 9) ha serbato regolare condotta in genere.

Già in servizio militare di leva, dopo l'8 settembre 1943 rimase in servizio, col grado di Caporal maggiore, presso il Comando della città aperta di Roma e l'ufficio personale del predetto comando repubblicano, con nota n.565 del 18 marzo 1944 chiese, alla locale Questura, informazioni sul conto del CONTI Edoardo, il quale era stato proposto per la promozione al grado superiore di sergente.

Viene però assicurato che il CONTI qualche tempo dopo avrebbe disertato e dopo l'arrivo delle Truppe Alleate a Roma si sarebbe arruolato volontario e combattuto contro i tedeschi fino a Pisa, da dove sarebbe stato inviato in licenza di convalescenza per grave malattia subita.

In questa Via Augusto Aubry n.5, risiede tuttora il padre CONTI Giuseppe fu Angelo, nato a Piacenza il 7 ottobre 1880, Ufficiale superiore del R.Esercito, in congedo, la madre ALLARI Ermelinda fu Secondo, nata a Calestrano il 1 giugno 1889, casalinga, e la sorella Dolores, nata a Piacenza il 22 febbraio 1924.

Altro fratello, si vuole che risiede a Londra.

1. Reference is made to our conversation on 18 September 1945 regarding Subject.

2. Subject was originally employed as a Technical Interpreter in the Trans. Div., AMG, Region IV, from 7 November 1944. Enquiries at the time proved negative and clearance was given for employment.

3. On or about the time the Allied Troops took FLORENCE, it is claimed that Subject was working for S.I.B. (unit no. not known) and to have 'entered the city under fire'.

4. On 29 May 1945 the Asst. R.T.O. these HQ. submitted an application for his immediate employment and requested a security check.

Whilst such investigations were being conducted information reached this R.S.O. that Subject's name was being linked with persons believed to be engaged in black market activities. These enquiries were being conducted by Capt. NUNN, Milan Prov. Transport Officer. I have so far received no information confirming or otherwise the suspicions.

5. Subject has now been transferred to the staff of the Transportation Sub-Commission AC Adv. HQ. (Col. HARRIS).

6. It is noted on Subject's scheda personale that he was residing in the U.K. up to the outbreak of war. N°3 S.C.I. Unit has agreed to make enquiries in London.

7. Meanwhile, it would be appreciated if enquiries could be made in Rome with respect to Subject's background and activities. An early reply would be welcomed.

I, No. 58512 Sgt. L. A. du Plessis make oath and say:

1. I was a member of the 1st S.A. Irish Regiment and was taken prisoner of war at Sidi Rezegn on the 24th November 1941.
2. At present I am on 90 days leave granted on my return to the Union of S.A. on the 7th June 1945.
3. After my being taken prisoner of war I was removed to Italy and taken to Camp 107, situated at South of Udine.
4. On the 11th September 1943 I escaped from prisoner of War Camp 107, and took to the hills. After 8 months in the hills I arrived on the 1st June 1944 at the home of Giuseppe Bonaldo which is situated 8 kilos North East of Treviso. Through the Bonaldo family I was accommodated next door with the Corazzin Family. I remained with them until 29 April 1945 when the Anglo American Forces arrived in that area.
5. During my stay there I got to know the Bonaldo family very well and was given every protection by them and also well cared for by them.
6. The members of the Bonaldo family whom I met were Mr. and Mrs. Bonaldo, their two daughters and their two sons ages 18 and 19 years respectively.
7. I also learned that there was an elder son of the Bonaldo family who had been arrested for committing some criminal offence and that he had been given the option of either joining the Fascist Army or serving a sentence of 10 years imprisonment. I was informed that he elected to and was serving with the Fascist Army.
8. I was also informed that this son named Beppi was aware that I was being sheltered at the Corrazin Home.
9. I have now been advised that Beppi Bonaldo has been arrested by the Partisans and is to stand trial owing to his being a Fascist.
10. From my own knowledge and observations I am convinced that his Family are not Fascist and that his having joined the Fascist Army was not because he was a Fascist but because he was compelled to do so.
11. I would like these facts to be brought to the notice of the Partisan Authorities and am prepared to proceed to Italy to give evidence of these facts.

Letter n.03136/Gab. dated 15/9/45 from Castro Pretorio P.S. Office.-

Subject : Mackowitz Max of Antonio, born at Smirne on 30/6/1905, war criminal, wanted.-

To : Lt.Col. R.T.Millhouse, L.O.

On 13/9/45, at about 14,00 hrs., a/m person accompanied by american army Lt. Graig C.Scott of A.C.Bolzano put up at the Allied requisitioned Excelsior hotel.-

Mackowitz wore Allied uniform and was soon recognised by P.S.Vice Brig.Francia Marice of this Office attached to a/m hotel, and by the hotel's staff (principally by the manager Armanni Armanno, by the first janitor Pinto Alberto and by the second janitor Falsini Silvio) as one of the most active collaborators of the famed Major Schultz who, during the German occupation was operating at Excelsior hotel.- Mackowitz during the same period was even noticed disguised as a priest, evidently to carry on his criminal activity, since it has resulted that he partook even of raids of shops and flats sponsored by a/m Major Schultz's gang.- This Office immediately informed american M.P. Command at Excelsior hotel that Mackowitz was there in allied uniform and accompanied by a/m american Lieutenant and that he was to be considered as wanted by Italian authorities for cooperation with the Germans and more crimes which would have been ascertained after investigations.- This Office was given assurance that allied Police Command had been informed.-

Simultaneously this Office reported both to Questura and Allied Commission Public Safety Liaison Office.- Similar confirmation was given next day to Public Safety Sub-Commission upon Col. Chapman's request.- Later C.I.C. of n.59 Via Sicilia through Lt. Merriman ordered V.B.Francia Mario to arrest Mackowitz when he would be back.- But Mackowitz who had gone out in the morning along with Lt. Graig on his way to Allied Commission did not return to the hotel any more and allied police Command informed later that he was at large.-

90

The most active hunt has been arranged for Mackowitz' arrest but up to now it gave no result and nor gave enquiries carried out at his sister's Nerina Marchi of n.29 Via G.Battista Vico.- In the room formerly occupied by Mackowitz at Excelsior hotel has been found a leather suit-case left by him which has been impounded along with the garments and items listed in a separate report.-

On 13/9/45, at about 14.00 hrs., a/m person accompanied by american army Lt. Graig O.Scott of A.C.Polzano put up at the Allied requisitioned Excelsior hotel.-

Mackowitz were Allied uniform and was soon recognised by P.3.Vice Brig.Francia Marion of this Office attached to a/m hotel, and by the hotel's staff (principally by the manager Armanni Armanno, by the first janitor Pinto Alberto and by the second janitor Falsini Silvio) as one of the most active collaborators of the famed Major Schultz who, during the german occupation was operating at Excelsior hotel.- Mackowitz during the same period was even noticed disguised as a priest, evidently to carry on his criminal activity, since it has resulted that he partook even of raids of shops and flats sponsored by a/m Major Schultz' gang.- This Office immediately informed american M.P. Subject : Mackowitz Max of Antonio.-

To : Lt.Col.R.T.Millhouse, L.O.

Further ^{to} my report even number dated 15/9/45
Inquiries carried out by Flaminio P.S. Office
showed that the apartment at N29 Via Giambattista Vico
is occupied by Mackowitz Iolanda of Giovanni and of
Benvenuti Luisa, born at Fiume on 20/1/1913, residing at MI-
LAN - Via Montesanto N.7 and temporarily in Rome, and by
Lt. VILLALTA, on duty at A.P.C. offices - Via Veneto.

Excelsior Hotel staff has informed that in the
morning of 14/9/45 Mackowitz received an outside phone-call
after which he asked the lounge for the morning newspapers.
Later he went out along with Lt. Graig C. Scott bound for
A.C. at Via Veneto.

It is reasonable to think that the call was
coming either from Mackowitz Iolanda or from Lt. Villalta,
both of whom are likely to be aware of the circumstances
under which Mackowitz later made his escape.

It would be therefore useful to carry out an
investigation about them. Owing to Lt. Villalta's
position this investigation should be made by Allied Police.

SUBJECT : MACKOWITZ Max

TO : Director, Public Safety Sub Commission

1. Today, Friday, 14 September 1945, many of the Rome daily papers gave much prominence to the arrival of the above named in this City. The articles stated MACKOWITZ was staying at the Excelsior Hotel and was in the company of an Allied Officer from the Allied Commission at Bolzano.

2. MACKOWITZ is remembered in Rome as the close associate and enthusiastic agent of Major SCHULZ of the German SS during the German occupation. These two are regarded as the Chief looters and torturers of anti-fascists and patriots.

3. As a result of the publicity given to MACKOWITZ's presence in Rome a number of his previous victims attended at the Excelsior Hotel with a view to making known their complaints. The civilian staff employed at this 5th Army Officers Rest Hotel have called at this office today to give information.

4. Enquiries at the Excelsior Hotel reveal that MACKOWITZ arrived in company with 1st Lt. Craig SCOTT. The billeting slips issued by Sgt. Bob WHITE of R.A.A.C. show that both are in Rome for the purpose of reporting to Hq. Allied Commission and travelled on Special Orders 57 issued by AMG Bolzano province. Subject's organisation is shown as "Displaced Persons Centre". Date of departure is expected to be 16th September 1945.

5. Subject is wanted by the Italian Authorities on charges of collaboration with the Germans during the occupation, further enquiries are being made regarding him wearing Allied Military uniform.

Naples, September the 22nd. 45.

Dr. Paul Burkhard
International Red Cross Committee
Naples Delegation
Via Tasso 58. Naples.

Dear Dr. Burkhard,

As Director of the Naples Zoological Station I apply to you in your quality of delegate of the Red Cross Committee and wish to draw your attention to the following case:

Our Assistant Dr. Gustav KRAMER, head of our physiological Department, who had been serving in the German army since 1941/42, was not dismissed as the rest of his unit but is being detained in a war criminal camp.

The reason for this is the sad coincidence of possessing the same name as another man accused of espionage and as yet not found. I am appealing to your help in clarifying this mistake, and hope you will be able to direct this written statement through proper channels to the right authorities. You yourself will realize how urgent the matter is.

I am informed by the Italian Brother and sister-in-law of Dr. Gustav Kramer that a German railway transport official - whose name is also Gustav Kramer - is being searched for, charged for espionage. He is reputed to be from Vienna, about 50 years old, brown and short.

75
Instead of that our friend as you know comes from Mannheim(Baden), born the 11th. of March 1910, medium size and fair. He has been in Italy since 1934-35, first as assistant in the Zoological Station in Rovigno (Istria) and then since 1937 in our Institute. In 1939 he married Dr. Farragiana Romilde, an Italian citizen.

During his military service (1941-1945) he served first as Interpreter with the German Airforce in Sicily and

and then in Naples, where in his spare time he continued his zoological research work in our laboratory. He left Naples in September 1943 with the German forces and subsequently we heard that he worked as a bacteriologist in military hospital in Northern Italy, including among others Bernobbio (Como) and Merano.

In the beginning of August 1945 Dr. Gustav Kramer was called from Merano to Bolzano to be released and sent home to Naples, (his place of residency since 1927), instead of which he was arrested and transferred to a war criminal camp in Modena or Piss.

As soon as I heard about the case, I applied to the Public Safety Office here in Naples and through them sent a written evidence to the Public Safety Office, H.Q., Rome. A similar step was taken by Prof. Silvio Ranzi, professor of zoology in the University of Milan, who having been for many years the head of our Zoology-Department here in Naples has known him as a colleague over a long period. Prof. Ranzi delivered with his written evidence two certificates of Dr. Kramer's bacteriological activity in Meran hospitals, Dr. Kramer's wedding certificate and a photograph showing Dr. Kramer on board a collecting ship during research fishing near Naples, to the Public Safety Office, H.Q., in Rome.

I sincerely hope that the information given by us will help to rapidly clear Dr. G.K. and release him in the near future from his predicament of being mistaken for a criminal.

If there should be any other way in which I can cooperate with you or any other form of evidence I can give to help this honest and extremely correct man I beg you to inform me.

Thanking you for your contribution to our endeavor

SUBJECT : KRAMER Doctor Gustav, German Citizen.

With reference to the notification sent by Prof. DONTN, Director of the Zoological Station in Naples, of the alleged arrest of Doctor KRAMER Gustav, occurred in Rome, as the a/n was mistaken for a German, suspected of espionage, bearing his identical name, we ordered the Questura to make inquiries. The Questura reported as follows:

"This Office has not received any information of the arrest of KRAMER Gustav, born in Manheim on the 11th of March 1910.

The a/n, against whom nothing results in this file, is not registered at the file of the local jails. Moreover we could not ascertain whether he is interned in a P.O.W. Camp.

Something results from our file regarding the German citizen KRAMER Gustav fu Gaspare and STEER Maria, born in Hammerstein on the 21st of March 1899, formerly agent for the German Railway Company in Italy. Since June 1942 his address has been unknown."

Therefore we send you back the enclosed documents and we beg you to let us know further particulars, as we may accomplish other investigations/

Subject: Witness for Dr. Gustav Kramer.

As Director of the Zoological Research Station, Naples, I wish to draw your attention to the following facts:

I have been informed through his wife's family (who are Italians), that Dr. Gustav Kramer, a German citizen who was Assistant Director in this Laboratory, is being held by the Public Safety Office, H.Q. Rome (see attached copy of telegram).

This information continues to the effect that a German railway transport official of the same name is required on a charge of espionage. And because of this identity of names, Dr. Kramer has been unable to obtain his release which has been granted to the other personnel of his unit.

Since I and my colleagues on the Research staff here know Dr. Gustav Kramer personally and are convinced of his innocence, I earnestly wish to offer to your commission our testimony of his identity.

G.K. born 11 March 1910 at Mannheim, was Assistant Director at the Zoological Research Station, Naples, from 1937. (During that time he married an Italian, Romilda Farragiana).

Previously he had been for three years Assistant Director at the Zoological Research Station of Rovigno in Istria).

In 1941(1942) he was called up for military service as an interpreter first in Sicily and later in Naples until September 1943.

While he was in Naples he continued his zoological research in his spare time at this Laboratory.

He left Naples with the German forces in September 1943 and subsequent we heard that he worked as a bacteriologist in military hospitals in Northern Italy - latterly in Cernobbio (Como) and Merano (Bolzano).

I sincerely hope that the above information will help to establish the identity of our former Assistant Director, Dr. Gustav Kramer as entirely distinct from that of the Gustav Kramer who is wanted for espionage.

I and my colleagues will be glad of the opportunity to give you any further information which you may require to hasten the clearing of this case.

I attach a photograph of Dr. G.K., taken on board of our collecting boat whilst he is inspecting the material trewled.

Object: Witness for Dr. Gustav Kramer.

Dr. Gustav Kramer, Sanitäts-Obergefreiter in German Military Hospital Service, was arrested in Bolzano under war crime charge and is now held probably in a camp in Pisa.

As far as I could make out there is a case of namesakeness. The Gustav Kramer which is searched, was active in railway service in northern Italy during the German occupation. He is said to be about 50 years old, dark brown and undernormal sized. The Dr. Kramer which is kept in custody instead, is 35 years old (born 1910 in Mannheim), blond and medium sized.

I can witness that he is in Italy since more than 10 years. I know him as having been assistant in the Marine Biological Institute of Rovigno (Istria). Afterwards he was my colleague in the Zoological Station in Naples. He was called to military service as far as I remember, during winter 41/42 as interpreter first in Sicily, Naples, and Bergamo. Afterwards he was taken over into Hospital Service as bacteriologist. His activity is witnessed for by the attached two certificates which we were able to procure from his superior officers in the Merano P.O.W. Hospital. Dr. Kramer got married to Dr. Romilde Farragliana, an Italian, in 1939 (see attached certificate please).

Il Belli fu diffidato per opera della Serveau della gendarmeria, sotto l'accusa di essere un antifascista e di propagandista di radio Londra, giusta dichiarazione del Belli. Il Belli durante il soppresso regime era fascista e fu squadrista.

Ricci Giuseppe fu Alessandro e fu Caffari Maria, nato ad Arsoli il 25/5/1906, ivi domiciliato, ha dichiarato che la Serveau era tenuta a bada dalle autorità fasciste e quindi additata da elementi locali e dell'antorità tedesca. La stessa che ricoverò due prigionieri inglesi per cui fu perquisita la di lei casa con la pistola alla mano della polizia tedesca. Ha fatto inoltre presente che in seguito alla persecuzione dei tedeschi si decise di mettersi a lavorare con loro. La Serveau forniva il Ricci di medicinali, tè, sigarette, libri ed altro per i prigionieri inglesi. Il giorno 31 dicembre 1943 il Ricci fu avvertito dalla Serveau che dietro denuncia di alcuni cittadini di Vivaro Romano, il Comando tedesco in Arsoli stava organizzando un rastrellamento nel comune di Vivaro Romano, dove vi erano rifugiati 41 prigionieri allcati e il Ricci subito partì per detto comune per avvertire i prigionieri. Al dire del Ricci alla Serveau veniva dato ordine di prendere oggetti ed altro ed ella si portava in quello caso di fede fascista, giusta dichiarazione rilasciata dal Ricci.

La Serveau effettivamente nei primi tempi che giunsero i tedeschi si faceva vedere contraria di essi e risulta di avere soccorso i prigionieri inglesi, come dichiara il Ricci, persona degna di fede.

Negli ultimi mesi si cambiò poichè divenne vera e propria amante di un capo sarto tedesco e si dice che lo stesso andava a dormire nella casa della Serveau e che insieme commettevano delle violenze contro i cittadini. Infatti molte persone la sera del 29 giugno u.s. vicino la caserma si volevano scagliare contro la Serveau poichè dicevano che ella aveva

Non è ammissibile che lei fu costretta ad occuparsi con i tedeschi, ma ammettendo essendo belga, non doveva divenire l'amente di uno di essi poichè anche la sua Patria era invasa e soffriva al pari di noi per la dominazione tedesca. Da allora dimostrò simpatie con i tedeschi e con gli stessi menomava l'Italia, per cui se la Sarveau si trasformò derivò senza dubbio dal fatto di essersi accettata da un affetto.

Ciò lo avvalorò il fatto che negli ultimi giorni della occupazione poteva eclissarsi mentre seguì i tedeschi, rimanendo con loro fino al 28 aprile 1945 e quindi fino agli ultimi giorni, pur stando a ciò che ha dichiarato lei.

Pertanto questo Comando denuncia in istato di arresto la Sarveau per collaborazione con i tedeschi in base all'art. 5 del R.D.L. del 27 luglio 1934 n° 159, significando che la stessa trovandosi nelle carceri di Anzoli a disposizione di codesto Sig. Pretore.

We enclose herewith copy of a letter we have received from one Ann Blanche SERVELANI, who claims to be the British born widow of an Italian and who is in gaol at Arsoli.

The letter speaks for itself.

for H.M. CONSUL.

ON THE ALLIED MILITARY GOVERNMENT

FROM ROM.

Dear Sirs,

I am alone here in Italy and I do not know how to do to have some help so I am charging my brother in law to bring you this, his name is Clindo RAPOLEONI.

I am ANN- BARONNE SERVANI, born in Brussels 24-5-7 my father and family is English/was I till I married Brminio Napoleoni from Arsoli, Rom. We came here in Italy in January 1940 from Brussels, my husband had left Italy from 20 years, so he could not support the fasciste regime any more came ill and died after one and half year illness and operation here at Arsoli the 10-5-1941.

So, I was here all alone, I asked to work, to the Italian Government, but there they told me, for strangers we have no work. I asked everybody to give me work there was nothing to done for me. I asked the fasciste the same thing, stranger and English - we have no work. I asked then to let me go back to Brussels, strangers are not allowed to leave Italy, so every time I had to go in some place I had to ask a permess to move myself on the Carabinieri.

At last I asked in the village where I live to have a help to live, then they allowed me one lire a day for 2 month. You can have an idea how they treated me, only because I was English.

I found then a place as servant in Rom for 2 month later I found an other one als teacher in a family that was better for me because I speak English-French-German-Italian-Spanish-Gemisch. With all that, I was able to have work to help me to live, on the end from September I left that family because the English front was near to the village Arsoli and I came back here; only I found here the Germans then started everything to go bad for me, an Italian denounced me as English to the Germans, they came to my home, and obliged me to work for them. I could not do other, so I went to work for them. As I was the only one who spoke German apart a German woman who is married here in Arsoli, the obliged to go in 3 hours to ask for a Radio as interprite, later I'll have to speak of that again.

Then can here in Arsoli an Hospital, als they knew I had made nurse school, they transferred me als sister in the Lazaritt, they had a lot of pour boys and nobody could understand them, that why they transferred me Sister diance, naturally

I am Ada- Barbara Barvegni, born in Brussels 24-5-7 my father and family is English/was I till I married Arminio Rapoisoni from Arsoli, Rom. We came here in Italy in January 1940 from Brussels, my husband had left Italy from 20 years, so he could not support the fasciste regime any more came ill and died after one and half year illness and operation here at Arsoli the 10-5-1941.

As I was the only one who spoke German apart a German woman who is married here in Arsoli, the obliged to go in 3 hours to ask for a Radio as interprite, later I'll have to speak of that again.

Then cam here in Arsoli an hospital, als they knew I had made nurse school, they transfered me als Sister in the Lazaritt, they had a lot of pour boys and noboddy could understand them, that why they transfered me Sister Bianca, naturally all the boys were very pleased to have me, and myself very happy that I could make something for them all.

In the same time, in my home herein Arsoli I used to help the English prisoners who runed away from Tagliacozzo, the Germans came nearly every day in my house with revolver in hand, but the never found me out, one day I had two boys on the first floor but they did not go upstairs.

PTO

I knew an Italian boy here who used to help the English too, so together I gave him all I could take away from Germans to eat, to drink, to read, tea, cigarettes, medicinal for the ill and wounded boys in the mountains.

The last few days of May, the hospital left from here and the English they obliged me to go with them to serve the sister in hospital, from here we went to Ascoli, from Ascoli to Battaglia Terme, Padua. I was there considered the sister international - they always treated us very nicely the wounded soldiers and myself.

There I could help a lot the poor boys who starved, they had in the last moment somebody near them, to whom they could speak and had the idea that the enemy or the wife was their that they did not starve alone the sister Bianca was there. You can ask on the Madri Superiora from Battaglia Terme what the sister Bianca did for the wounded soldier, I always had the English - American - Italian and other - I worked then 10 months, on 28 April we left from there, they would not leave us there because to dangerous for us, from there we went to Brunico, and let us in liberty because then were other Italian sister - from then I left alone to Cortina, I thought to find some Italian girls I knew but I did not find them. I stopped there a few days 20 days and came back on 29-6/45 to Ascoli.

I only was a few hours in liberty, a man in the street smacked my face, injured me, and would take my cloth off, that man was before the best friend from the Germans then they arrested me and put me in prison.

From that day 30 days today, I am in prison, they accuse me to have helped the Germans to take a radio, yes but I only served as interpreter and before they left they gave it back, an other because they took a field glass, they can to take the radio, the radio was there no more, they found the fieldglass and took it away and at last that I was a nurse in German hospital.

Sirs, please believe me, all the peoples from Ascoli have been working for the Germans only one is in prison and that is myself and only I have been forced to work.

Yes, I have been a nurse but I surely did a lot better stopping by my poor soldiers and helped them more als if I stopped here in the village.

If I did bad, you can punish me but I know, that I did all I could to help them, I loved them all, you that are soldiers know what a sister is in a front hospital I only have you to help me, please do not forget me here, please, please help

them to serve als Sister in hospital, from here we went to Ascoli, from Ascoli to Battaglia Terme, Padua. I was there considered als Sister International - they always treated us very nicely the wounded soldiers and myself.

7. When France collapsed in 1940 they went to the South of France and from then on, according to their own story, spent their time hiding Jews; helping refugees to leave France and similar missions. They also went to Spain and were incarcerated for seven months in a concentration camp in France. They allege that they obtained their release by offering to join the Todt Organisation and later were able to leave this organisation by bribing German officials. In 1943 the brother Torquato states that he was in Barcelona in contact with the Consul General of the Italian Republican Government. In 1944 they were living in the South of France somewhere in the NICE area and were evacuated with the remainder of the civilian population by the German authorities.

8. The brothers then made their way to Venice where they resided until the collapse of the German Armies in Italy. Since this time they have been residing in and around Padova, interesting themselves in various transport enterprises.

9. The brother Romano is aged about 45 to 50, five feet nine, light brown hair, clean-shaven, stockily built. The brother Torquato is about 40 to 45 years of age, about six feet one inch, fair-haired, clean-shaven, thin build. Both brothers state that they are of Italian nationality and carry papers to bear this out. As far as is known they have never used names other than their own.

10. During their travels since 1939 the brother Torquato has been accompanied by his mistress, Miss Eskenazi, a Jewess of Turkish nationality.

11. It may well be that subjects are only international adventurers, but the fact that they were in Paris in 1939 and from the time of the collapse of France appeared to have moved quite freely in that country, with the exception of their seven months in concentration camps, also that they were in the South of France immediately prior to the Allied landings, from where they proceeded to Venice where Torquato on his own admission worked with the transportation side of the German Army, throw some doubt on their story that they were not helping the Germans.

12. Another interesting point is that when subjects came to Italy from the South of France in 1944 they were able

13. Despite the fact that subjects do not appear to be wanted by Allied Intelligence and Security Units in this theatre of operations, it may well be that they were G.I.S. agents in France and may be wanted either in that country or in the United Kingdom.

3 SET. 1945

Public-Safety Subcommittee

Subject: Signor Lionello CANALI and Signor Paolo KORRHER -
Detention by the Allied Authorities.

1. In the first days of July the Allied police arrested ad Genoa Signor Lionello CANALI, honorary consul of Japan, proprietor of the Canali Naval and Insurance Agency, Signor Alfredo KORRHER, accountant of the Naval Insurance Co. and his son Paolo KORRHER, a former employee of the Canali Co.

A nephew of Signor CANALI, Edoardo, having gone a few days later to the C.I.C. for information, was also detained.

2. After a few days Signor Alfredo KORRHER and Edoardo CANALI were released, while Lionello CANALI and Paolo KORRHER were brought to Rome, accompanied by an American officer. They were delivered to the Italian police and, on grounds of health, taken to a nursing-home where they still find themselves under police supervision, at the disposal of the Allies.

3. In consideration of the fact that consul CANALI is a business man of undoubted integrity and that his functions as a representative of Japan at Genoa were merely honorary, the Ministry for Foreign Affairs would be very grateful if the Allied Commission could kindly inquire into the reasons of his arrest and detention advising the former of the results.

SUBJECT: Petition made by Marinnucci Adorino.

We hereby forward a petition made by the a/m subject which was sent to us by the Direction of the Judiciary Jail of Ascoli Piceno, where he is at present detained, with note n.202 of the 31st of July 1945.

TRANSLATION

TO: The Allied Commission, Public Safety Sub-Comm. Rome.

The undersigned Marinucci Adorino di Guido was arrested at P.S. Giorgio (Asedi Prov.) by the F.S.S. Allied Command of Asedi Piceno and then transferred to the judiciary jail of this city where he is still detained.

On the next day I was interrogated but no record was made of my interrogation.

Successively I sent a petition to the a/m Command asking to be interrogated again in order to correct some of my declaration, but the petition was returned to the jail direction, who had provided to forward it because the F.S.S. Allied Command who had arrested me had been transferred from Asedi Piceno.

Therefore I sent another petition to the F.S.S. Allied Command of Ancone in order to find out if my file had been passed by the F.S.S. Command of Ascoli Piceno to that of Ancona renewing in the same time the desire of being interrogated again, but up to this date I haven't received the most minimum reply.

75 days have already passed since the arrest and I have not yet had the satisfaction to know on which F.S.S. Allied Command's desk my file is laying.

I now bring to your notice the contrary to what I have declared in my first and last interrogation:

"In June 1944 I went up North Italy & being that I had nothing to make a living with as the subsidy assigned to me by the P.F.R. has been suspended and also for the fact that I was to enlist in the army as I was born in 1921 I enlisted in the Republican Army rendering service as a 2nd Lieutenant in the "1st Reparto di Assalto, Onore e Combattimenti"

On the 25-4-1945 my Reparto reached Como as it was put in charge to guard the "Duce" (Mussolini) and on the 26th the Commander in Chief following the requests of some members of the C.L.N. of Como, started the treaty of surrender of the Reparto.

In result to the a/m treaty my Reparto ²²surrendered delivering the Arms to the C.L.N. of Como which was functioning in those days, as the legitimate Government. The then issued to all the members of my reparto a safe-guards in order to reach the own residences.

The a/m statement can be controlled at the C.L.N. of Como to whom Viet Dei delivered a list of all the names of

In result to the a/m treaty my Reparto surrendered delivering the Arms to the C.L.N. of Como which was functioning in these days, as the legitimate Government. The then issued to all the members of my reparto a safe-guards in order to reach the own residences.

The a/m statement can be controled at the C.L.N. of Como to whom Maj. Gai delivered a list of all the names of members belonging to the Reparto and according to this list they issued the a/m safe-conducts. My safe-conduct is in the possession of the Command that arrested me.

It is also possible to control and get all the informationa possible from the C.L.N. regarding the Reparto's activities because almost all the documents and files were delivered to the a/m organ.

Guaranteed by the safe-conduct which was available from the 27-4-1944 up to the 5-5-1944 the undersigned attempted to reach his residence at Petritoli (Ascoli Prov.)

(Over)

I left Como on the 1st of May after having reported at the Questura of that city to find out of any eventual dispositions regarding the soldiers of the Republican Army but I always had negative replies. I reached, with means of fortune, P.S. Giorgia (Ascoli Prov.) on the 7-5-1945 and while I was just a few kilometers from my residence I was arrested.

The reticence of declaring my military position was determined by the ignorance of the dispositions regarding military personnel coming from North.

I therefore beg you, in accordance to the Allied Military Command's dispositions, to qualify me as a prisoner of War and put me under the regulations regarding the prisoners of War.

Awaiting for a kind reply I thank you with my regards

SUBJECT : YASILLI Emilio Paul

TO : Director, Public Safety Sub Commission,

1. The following information has been obtained about the above named.

2. Subject was born at ROCCARASO (Prov. of Aquila) on 9 February 1880, of Italian parents, his father was Giorgio YASILLI and his mother Erminia FALCHINI. He is at present residing at Via Lovanio 6, Rome, with his wife Pie, born at Naples on 25.1.1891; daughter Diana, born in New York on 26-6-1926; and son Giorgio Rollini, also referred to as Roberto, born in Berlin on 4-11-1937.

3. YASILLI was taken to the United States by his parents in 1887 and his father was granted United States citizenship through naturalization at the Common Pleas Court Newark, New Jersey on 10-2-1888, being a minor at this time Subject claims the same nationality.

4. Whilst in the United States he practised law and advertised himself at the present time as an "American Lawyer, formerly Deputy U.S. Attorney for the Southern District of New York". He acts as a lawyer in Rome but his name does not appear in the Register of Lawyers, neither does it appear in the records of Procurators of these practising in the local Court of Appeal. Although claiming to be a United States citizen he is not registered as such at the Quotura or at the Ufficio Anagrafe.

5. Subject has travelled extensively in Europe, he claims he lived in Italy and Germany for a few months during the years 1913, 1919 and 1922. In 1926 or 1927 he left the United States for Italy where he remained for about one year. From 1928 to 1931 he lived in Germany and then returned to U.S.A. where he remained until 1934. He then lived in Italy for a short time after which he returned to the U.S.A. where he stayed until June 1935. YASILLI then went to Berlin where he remained until 1940, during this period he visited U.S.A. for a short while

TO : Director, Public Safety Sub Commission,

1. The following information has been obtained about the above named.

2. Subject was born at RACONASCO (Prov. of Aquila) on 9 February 1880, of Italian parents, his father was Giorgio YASULLI and his mother Teresina FACCULLI. He is at present residing at Via Ioviano 6, Rome, with his wife Pia, born at Naples on 25.1.1891; daughter Diana, born in New York on 28-6-1926; and son Giorgio Hollnik, also referred to as Roberto, born in Berlin on 4-11-1937.

3. YASULLI was taken to the United States by his parents in 1887 and his father was granted United States citizenship through naturalization at the Common Pleas Court Newark, New Jersey on 10-2-1888, being a minor at that time Subject claims the same nationality.

4. Whilst in the United States he practised law and advertised himself at the present time as an "American Lawyer, formerly Deputy U.S. Attorney for the Southern District of New York". He acts as a lawyer in Rome but his name does not appear in the Register of lawyers, neither does it appear in the records of Procurators or those practicing in the local Court of Appeal. Although claiming to be a United States citizen he is not registered as such at the Questura or at the Ufficio Anagrafe.

5. Subject has travelled extensively in Europe, he claims he lived in Italy and Germany for a few months during the years 1913, 1919 and 1922. In 1926 or 1927 he left the United States for Italy where he remained for about one year. From 1928 to 1931 he lived in Germany and then returned to U.S.A. where he remained until 1934. He then lived in Italy for a short time after which he returned to the U.S.A. where he stayed until June 1935. YASULLI then went to Berlin where he remained until 1940, during this period he visited U.S.A. for a short while during the latter part of 1937. In Berlin he practised as a lawyer and administered two properties belonging to his wife which he valued at \$ 250,000. These were purchased in 1922 during the inflation period. It is understood that one of the buildings was destroyed during an air raid.

6. In April 1940 he returned to Italy and on 21 May he applied for a renewal of his U.S. passport at Naples, this was to facilitate his travel to Germany. The application was at first refused on the grounds that he had allowed his citizenship to lapse by extended residence abroad. However the State department eventually authorized the issuance of a passport for return only to the United States for permanent residence and then only if he could prove he had not lost his American citizenship in the meantime. He did not return to

CONFIDENTIAL

the United States.

7. From June to August 1940 he was in Germany; he then returned to Italy until January 1941 when he again left for Germany and stayed there until June 1942. He states that he resided in Germany un molested during the war even though he was an American citizen, a fact which is difficult to believe. As his passport had expired he required a special dispensation to return to his family in Rome and in this he was assisted by the German Commander of that City for whom his daughter Diana was working as an interpreter.

8. When the Allies arrived in Rome YASILLI had left and eventually turned up when ORVINO was taken. He worked as an interpreter for a few days and arrived back in Rome about the end of June 1944. Subject then obtained work with the Film Division of P.M.A. and after three months again started to practice as a lawyer.

9. Subject has offices at Via De Pretis, No. 43, Scala A, where he carries on business as a lawyer. In the same building are the offices of E.M.A.C., a transport firm which does not appear to have any motor vehicles. The owners of this firm are regarded suspiciously and the offices are frequented by a number of doubtful characters. It is thought the YASILLI has some connection with this business and is collaborating with two of the so called directors, Giuseppe GAMBALDI and Bett. Luigi MARCHON, both of whom have been denounced for theft and petty crimes.

10. During 1937 YASILLI was the representative of "A & R General Agencies Inc.", an import and export firm. He worked in Europe in the interests of this firm until 1939 when business was suspended. This business has now been revived under the title of "American and European Agencies Inc" with head office at 51 Chambers Street, Manhattan, New York City. The Legal Announcements for the Province of Rome, published on 27 April 1943 contains particulars of the Executive Commission nominated together with outlining the powers of the President of the Commission, YASILLI. This body consists of three members, YASILLI, Giuseppe GAMBALDI, mentioned in para 9 above, and Marchese Paolo DE CRISTOFARO. Subject is permitted to sign all contracts and agreements in the name of the Corporation, to open bank accounts, deposits etc. banks are also authorized to pay and receive all bills signed by YASILLI without investigating the circumstances of the issue or of the dispositions gained by the same, even if it deals with himself individually etc.

11. Subject is assisted by a man named Juan GATTI, who also uses the name of Don de las Flores. GATTI was born at Buenos Ayres on 4-6-1900 and is a reporter. He lives at Corso Vittorio Emanuele No. 87, in a large apartment, is friendly with a Russian Prince (?) named Sergio GALLITZIN, an unemployed drunkard living at Via Margutta No. 51. GATTI founded a weekly newspaper, "Il Progresso", published for its publication was granted in December 1944 was refused. He also 1945, a previous request for the benefit of Religious Institutions, organized letteries etc. for the Argentine Army in 1934, from GATTI has served as a volunteer in the Argentine Army in 1934, from

9. Subject has offices at Via De Pratini, No. 45, Milan 4, where he carries on business as a lawyer. In the same building are the offices of E.H.A.G., a transport firm which does not appear to have any motor vehicles. The owners of this firm are regarded suspiciously and the offices are frequented by a number of doubtful characters. It is thought the YASILLI has some connection with this business and is collaborating with two of the so-called directors, Giuseppe GARIBOLDI and Dott. Luigi MANCINI, both of whom have been denounced for theft and petty crimes.

11. Subject is assisted by a man named Juan GATTI, who also uses the name of Don de los Flores. GATTI was born at Buenos Ayres on 4-6-1900 and is a reporter. He lives at Corso Vittorio Emanuele No. 87, in a large apartment, is friendly with a Russian Prince (7) named Sergie GALITZIN, an unemployed drunkard living at Via Margutta, No. 51. GATTI founded a weekly newspaper, "El Progreso", authority for its publication was granted by the Prefect of Rome on 23rd March 1945, a previous request in December 1944 was refused. He also organizes lotteries etc. for the benefit of religious institutions. GATTI has served as a volunteer in the Argentine Army in 1934, from 1937 to 1938 he was a political prisoner at FUSCALDO (Cosenza). He has been convicted and sentenced to varying terms of imprisonment on five occasions for violence, forgery etc.

12. YASILLI has on occasions been to this office and handed in petitions on behalf of civilian internees. It seems that he has built up some reputation by advertising himself as an American lawyer and claimed he has influence with various Allied Military organizations. It has not been possible at the moment to ascertain the names of any persons for whom he has acted as all papers handed in by Subject are

retained at "A" Internment Camp but enquiries will be made at the next weekly visit.

13. At Naples on 13 March 1936 YASULLI was arrested on charges of assault, abuse and violation of domicile, the result of this case is not known. In August 1942 he was arrested for illegally possessing firearms and was fined L. 300.

R O M E file

I am a poor woman who is speaking to you; please listen to me:
The armistice surprised me and my husband at Teramo. My husband was an artillery officer in that City and we led together a life full of sufferings, awaiting for the liberating troops.

Meanwhile the Germans raided the men sending them to the front line.

The turn of my husband came and he, against his will, was obliged to wear again the uniform and no sooner he ought to have reached Germany.

It is very gloomy to leave the own country at the age of 24 years without any ideal to reach.

The Prefetto of the Province of Teramo imposed upon my husband the charge of Chief Economic Police against the black market.

Very soon they were tired of this young man (my husband) because he was too carefully, to honest and the same Prefetto, who had assigned the charge to him, took it off and sent him, as an officer, to Vercelli.

So he had to take the gun again and fight.

We left with a German column but when we reached Riccione, we escaped. And here, with fatigues and renunciations (we were poor) we awaited for the Allies to whom my husband presented himself reporting the activity he had developed in Teramo.

We obtained an English document which testified that the 1st Lt. L. Giorgio De Maria could enter Bari without any disturbance as investigations had been made and there were no objections against him. (This document at present is at the Questura of Teramo).

But the Italian Police did not pay attention to this document and arrested my husband on the 7th-4-45.

Within a few days it will be four months since he is imprisoned and the trial has not yet been made.

Why have they not paid any attention to the document left by the liberators?

So that this poor woman has appealed to you who are the liberators and, as such, show to our people your magnanimity.

I therefore beg you to please put my husband (Luigi Giorgio De Maria detained in the judiciary jail of Teramo) be put at your disposition. I know also that my husband has asked to go to Japan and fight.

I have put my only affect in your hands.

Hoping in your kindness, yours truly

2. He was engaged by Captain Slates, at that time my Staff Captain, on the 12th May 1945, in connection with the Repatriation work of this Group.

He was passed by All F.S.S. and subsequently by the Labour Division of this H.Q. He seemed to be thoroughly aware that there was such an organization as Security, which seemed a little strange in a refugee, who had just come into the Camp a day or so previously.

3. During his employment in this organization, he has worked exceedingly well and efficiently. He seemed a little distraught during the last two weeks but for what reason I do not know. I have nothing more to add regarding his behaviour.

4. About five weeks ago Mr. I.W. Craandijk, Minister Plenipotentiary and Delegate of the R. Netherland Government in Italy called on me, and amongst other matters stating that Noels was known to him as having worked with the Nazi organization in Rome, and that he would produce documents in proof.

I took no further action, pending their arrival except to check with Capt. Slates on his general behaviour and that he had been cleared by Security.

Mr. BUCELLI Tullio, ex auxiliary Captain of the P.S. Agents Corps and ex Commandant of the "Economic Police" in Northern Italy.

Captain BUCELLI Tullio, who was in charge of a squad of P.S. Agents of the E.N.A.C. in Rome, dependent on a Superior Officer of the Allied Police, was transferred to Milan and was in charge of the traffic in all Northern Regions. Therefore he formed various sections of "Economic Police" in Turin, Milan, Venice and Bologna. The central Command of that Police was in Milan. His task was to hinder contraband of goods between the North and the South; to verify all vehicles and make sure that they were authorized by regular permits to travel and confiscate all goods and vehicles which did not possess a regular authorization according to the dispositions of the Allied Military Authority. In order to carry out this job he hired in Rome many vehicles and drivers, whom he promised to give 1000 lire a day.

But it is reported that among those drivers some very wealthy persons were hired, and they gave their vehicles for the only purpose of having the possibility of going North as soon as possible, buy all the goods they liked at low prices and bring them down to Rome; in other words, practise the contraband of goods with the same vehicles which had to be used to hinder it! Among those wealthy drivers there was ATHOS MAESTOSI, rich wholesaler, living at Via Balbo No. 39, where he has two buildings.

It is reported that when Capt. BUCELLI was in Rome, there were some rumors about his conduct; that is, he never fulfilled his office duties in the proper way, he thought only of trading on circulation permits and transport of goods. He used to lead a life much superior to his economic possibilities. He used to live with a woman who needed a lot of money.

As soon as he got in Northern Italy he hired some personnel among the partisans, and although he took care of many services through the depending branches, his principal activity was to take care of his own interests. In fact it is reported that contraband of goods from North to South was started very soon and the vehicles which were at ~~Minguzzi~~ the disposal of the Economic Police were used (they were escorted by his Agents and the permits were signed by him and by the officer of the Allied Police, his direct superior).

It is sure that millions of goods have been transported from North to South. One of the most important persons interested in this business is COMM. LEONI of the "Scalera Film", a very wealthy Jew, well known in Milan and in Rome. He is considered to be a "big shot" and is a friend of high personalities; it is also said that he was a good friend of Col. FOLETTI's.

The following is reported about COMM. LEONI: in the first days of last June, five big trucks loaded with goods (clothes and other things), left Milan for Rome, escorted by to N.C.O. and Agents of the Economic Police. The goods were to be delivered to the Ministry of the Interior, General Direction of P.S. and had regular permits.

On their way down one of the trucks broke down and had to stop at a workshop and get repaired. The other four went on and had order to stop outside of Rome and wait for the broken one. But only two of them reached Rome and stopped to wait for the others. But after having waited for several hours, the drivers got tired and decided to unload the goods at the Technical School of the Police. Meanwhile the other three trucks got in Rome and they drivers were surprised of not finding the others. After a while, COMM. LEONI showed up and he seemed to be annoyed about what had happened. He made enquiries at once and found out that the goods were at the Technical School of the Police. So he arranged for the other trucks to unload the goods in his warehouse. Then COMM. LEONI went to the school and

authorities according to the dispositions of the Allied Military Authority. In order to carry out this job he hired in Rome many vehicles and drivers, whom he promised to give 1000 lire a day.

But it is reported that among those drivers some very wealthy persons were hired, and they gave their vehicles for the only purpose of having the possibility of going North as soon as possible, buy all the goods they liked at low prices and bring them down to Rome; in other words, practise the contraband of goods with the same vehicles which had to be used to hinder it; among those wealthy drivers there was ANTONIO MASTROSI, rich wholesaler, living at Via Balbo No. 39, where he has two buildings.

LEONI went to the School and had authorization to load the goods and take them to his own warehouse. After a few days the Police arrested one of the drivers and gave order to seal the goods that were in the warehouse of Comm. Leoni. But then they withdrew that order and the goods remained in Comm. Leoni's hands. It is known that actually the General Direction of P.S. must get some clothes for the Agents from the North. But considering what has been stated above, it seems that Comm. Leoni had arranged for those goods to be sent down here for his own good, and that he has promised the General Direction of P.S. to get the stuff for the Agents in his next trip. Precise information about this matter can be given by the Chief of the Police.

This is one of the several trips made by the vehicles working for the Economic Police in Milan. Such things have happened in the depending branches of Turin and Venice.

CONFIDENTIAL

In Turin many P.S. Agents have protested, because they noticed that many things were wrong and they went to Milan to speak to Capt. BUCELLI, but he didn't give much importance to the matter. In Turin the chief of that branch is an ex officer of the P.A.I.

Capt. BUCELLI's actions and those of ~~the~~ some of his dependents have caused the closing of that Office. He resigned from the post of P.S. Officer and from S.P.E. Officer. He is now at Terminillo (Rieti) resting

BUCELLI says that he has nothing to worry about.

It is public opinion that everything will be forgotten because Comm. LEONI has much influence and also because many "big shots" of Rome and Milan are involved in this matter.

Sig. BUCELLI Tullio, ex capitano ausiliario nel Corpo degli Agenti di P.S. ed ex comandante della "Polizia Economica" in Alta Italia.
=====

Com'è noto, con la liberazione dell'Italia del Nord, il capitano BUCELLI Tullio, che comandava a Roma - alle dipendenze di un Ufficiale Superiore della Polizia Alleata - un reparto di Agenti di P.S. addetti all'E.R.A.C. fu trasferito a Milano con l'incarico di provvedere alla vigilanza del traffico stradale in tutte le Regioni del Nord. Pertanto, sempre alle dipendenze della Polizia Alleata, istituì nel Settentrione vari compartimenti della "Polizia Economica" con sedi a Torino, Milano, Venezia e Bologna. - A Milano, dov'egli risiede, vi era il comando centrale di detta Polizia.

Compito: vigilanza per impedire il contrabbando di merci contingentate fra il Nord e il Sud; verificare gli automezzi in circolazione per accertarsi della regolarità dei permessi e procedere al sequestro delle merci e degli automezzi non in regola con le disposizioni delle Autorità Militari Alleate.

Per attuare tale servizio, detto Ufficiale, provvide ad ingaggiare a Roma, molti automezzi con relativi autisti, ai quali fu promesso un compenso giornaliero di L. 1000.

Però si ha notizia che tra detti autisti sarebbero stati ingaggiati vari milionari, grossi commercianti, i quali fornirono i loro automezzi al solo scopo di poter per primi giungere al Nord, accaparrarvi merci di loro gradimento, a prezzi bassi, e quindi trasportarle in Roma: fare, cioè, in poche parole, il contrabbando di merci, proprio con gli automezzi ingaggiati per combatterlo! Fra detti autisti milionari si fa il nome del commerciante grossista di seterie, ATHOS MAESTOSI, via Balbo N° 39, dove egli ha due palazzi di sua proprietà.

...//...

(2)

Si premette che già da quando il cap. Bucelli era a Roma, circolavano voci poco lusinghiere sul suo conto, e precisamente sulla sua correttezza, nell'adempimento dei suoi doveri di ufficio. Si diceva che non curava affatto l'andamento del delicato ufficio cui era preposto, che pensava solo a trafficare in permessi di circolazione di macchine e per il trasporto di merci contingentate, e che conduceva un tenore di vita molto superiore alle sue possibilità economiche. Si sapeva che egli convive con una amante da circa dieci anni, amante che aveva molte pretese, per cui aveva bisogno di molto denaro.

Appena giunto al Nord, ingaggiava altro personale fra i partigiani e pur facendo vari servizi a mezzo dei Compartimenti dipendenti la sua principale attività era di curare i propri interessi. Difatti si ha precisa notizia che ben presto incominciarono i trasporti di contrabbando di merci dal Nord verso in Sud, con gli automezzi che aveva a disposizione della "Polizia Economica" (scortati da gli Agenti alle sue dipendenze e con permessi firmati da lui e dall'Ufficiale della Polizia Alleata, suo superiore diretto.)

Si assicura che sono stati contrabbandati centinaia di milioni di merci, trasportandole dal Nord al Sud.

Uno dei più importanti interessati sarebbe stato tal Comm. LEONI, concessionario della "Scalera Film", ebreo multimilionario, molto conosciuto a Milano e a Roma. Questi viene indicato come un "pezzo grosso", amico di molte personalità e si vuole che fosse in cordiali rapporti anche con il Colonnello FOLETTI.

Del Comm. Leoni, si cita il seguente episodio: nelle prima metà del mese di giugno scorso, partì da Milano una colonna di cinque autotreni carichi di merci (tessuti ed altro) diretta a Roma, debitamente scortata da due sottufficiali di P.S. e alcuni Agenti, della "Polizia Economica".

Detta merce risultava come da regolare permesso diretta al Ministero dell'Interno, Direzione Generale di P.S.

Lungo il percorso uno degli autotreni, marca O.M., ebbe un guasto

...///...

(3)

al motore, per cui dovette fermarsi in un'officina per le necessarie riparazioni.

Gli altri quattro autotreni proseguirono il viaggio, con l'ordine di fermarsi alle porte di Roma e di attendere quello in riparazione.

Però soltanto due dei suddetti autotreni giunsero nei pressi della Capitale, per primi, e giusta istruzioni avute - si fermarono ad attendere gli altri. Ma passarono molte ore senza che si vedesse nessuno, e poichè gli autisti era stanchi, pensarono di andare a scaricare la loro merce alla Scuola Tecnica di Polizia, dove - secondo quanto risultava ufficialmente - il carico dei cinque autotreni in parola era diretto.

Intanto sopraggiungevano alle porte di Roma gli altri autotreni, compreso quello che era stato portato in riparazione, e il personale restava meravigliato di non trovare i due autotreni che li avevano preceduti.

In breve, poco dopo giungeva sul posto il Comm. Leoni, il quale si mostrò molto contrariato quando seppe che i due primi autotreni erano... irreperibili! Fece subito varie telefonate ed infine appurò che avevano scaricato la mercanzia alla Scuola Tecnica di Polizia.

Ciò seccò molto il Comm. Leoni, il quale provvide a far scaricare i tre autotreni nei suoi depositi.

Quindi - non si sa bene come - ma evidentemente in seguito ad autorizzazione della Direzione Generale della P.S. - il Comm. Leoni si recò alla Scuola Tecnica di Polizia e ricaricò la merce sui due autotreni, facendola trasportare nei suoi depositi.

Dopo qualche giorno, la Squadra Mobile, fermò uno degli autisti dei suddetti autotreni e mise i sigilli ai depositi del Comm. Leoni, dove era depositata la merce in questione. Ma successivamente tali sigilli furono tolti e la merce sarebbe restata in possesso del suddetto Commendatore.

Si ha notizia che effettivamente la Direzione generale ⁶ di P.S. deve

....///....

(4)

ricevere dal Nord della stoffa per gli Agenti, con regolare permesso.

Ma dato quanto è stato dianzi esposto, si presume che detto Comm. Leoni si sia lui preso l'incarico di provvedere al trasporto della merce in quistione e che abbia fatto però - col permesso regolare per la merce della Polizia - un viaggio per suo conto, riservandosi di effettuare un altro per la Direzione Generale di P.S.

Comunque notizie precise al riguardo potrà darle soltanto il Capo della Polizia.

Questo sarebbe uno dei numerosi viaggi irregolari fatti con mezzi in servizio presso la "Polizia Economica" di Milano.

Gravi irregolarità si sono verificati anche nei Compartimenti dipendenti di Torino e Venezia.

A Torino vi è stato addirittura una protesta da parte di vari agenti di P.S.; i quali avendo constatato varie scorrettezze, si recarono a Milano a reclamare dal cap. Bucelli, il quale però non diede seguito alla cosa. A Torino, comandante del Comp. sarebbe un ex ufficiale della P.A.I.

In conclusione, le malefatte del cap. Bucelli e di alcuni suoi dipendenti, sarebbero state tali da provocare lo scioglimento del suo Ufficio. Egli stesso si sarebbe dimesso dal posto di Ufficiale ausiliario degli Agenti di P.S. e anche da quello di Ufficiale in S.P.E. del R. Esercito. Attualmente è al Terminillo (Rieti), in meritato... riposo!

Il Bucelli dice di essere tranquillo, essendo stato carpita la sua... buona fede.

Invece è impressione di chi è al corrente delle cose, che tutto sarà posto a tacere, perchè il Comm. Leoni è persona molto influente e perchè vi sarebbero implicati pezzi grossi, di Roma e di Milano.

Translation

BUCCILLI Tullio of Raniero, Captain of the Infantry, in permanent service - at the beginning of 1944, during the pseudo republican government, enrolled voluntarily in the Corps of the Auxiliary Police Officers, with the same rank of Captain.

He was assigned to the Detachment of the Auxiliary Police Agents, where he remained up to July 1944, passing over to the Special Division of Police Agents and at the same time was placed at the disposition of the Allies - always in Rome.

As Officer of the army, there is nothing to say on his account: he is a very brave soldier, and has been decorated for Military value, several times. He initiated his career as Officer, and participated in the Italo-Ethiopian war, during which he was promoted Officer in active service.

He is young, intelligent, clever, knows how to get on and has a discreet culture.

On the political side he is alright: evidently he passed to the Corp of the Auxiliary Police Officers so as not to give his services to the republican forces. It results that even in that period he was a patriot, and that he took part in an independent group belonging to General Roberto Benziwanga.

However as a political officer, he is incompetent and has never wanted to do anything. He was noted wherever he has been to be unindulgent.

Even at the EMAS, where he had a Police office under his direction, he very rarely went, stating the "his office" was his car.

In short, the mentioned officer has always looked after his own interests more than his office and for this reason is not very esteemed amongst the officers of the Police Corps.

Regarding his uprightness, not very nice voices are going around. But these voices to be controlled must take time.

Just for information, below are some of the voices that are going around: that he has made illicit gains on car permits and materiels. Proof is that now he is the owner of some trucks and a private car (it is not known if they are under his name): that he has become a very rich man; and that even up North he is carrying out his commerce, so much that the officer attached to the same service, in Milan, coming to the knowledge of such, and for fear of being blamed of conspiracy, is avoiding any relationship with him. It is said that even an official of the P.S. attached to the same service in Genova has broken off all relationship with him.

It is said that the officer is now carrying on quite a brilliant life, which before was very modest.

It also results that the War Ministry has in course a proceeding of epuration against Cap. BUCCILLI, for having remained in service - with the Auxiliary Police Force - after the 8th Sept. 43, and it seems that he took oath as well. They have asked him to give himself up to the Army and have destined him to the Distretto Militare in Rome.

Anyhow, owing to his having been a patriot, it is retained that epuration will be favourable for the Captain.

BUCCELLI, for having remained in service - with the auxiliary Police Force - after the 8th Sept. 43, and it seems that he took oath as well. They have asked him to give himself up to the Army and have destined him to the D. L. tratto militare in Rome.

Anyhow, owing to his having been a patriot, it is retained that operation will be favourable for the Captain.

He is the son of the Head Commissioner of P.S. BUCCELLI Beniero, director of the Squad for the Royal External Service of the P. Questura of Rome and after the 8 Sept. 43 was appointed Chief of the Special Office of P.S. at the Presidenza del Consiglio.

Capt. BUCCELLI Tullio was born in America, where his father was working before he was appointed P.S. Official.

Rome 4 July 1945.

BUCELLI Tullio di Raniero, Capitano di Fanteria del R. Esercito - in servizio permanente effettivo - al principio del 1944, durante la pseudo repubblica sociale, si arruolò volontariamente nel Corpo degli Ufficiali Ausiliari di Polizia, col suo stesso grado di Capitano.

Fu assegnato al Battaglione Agenti Ausiliari di Polizia, dove rimase fino al Luglio 1944, epoca in cui passò in forza alla Divisione Speciale Agenti di Polizia e, nello stesso tempo messo a disposizione degli Alleati, sempre in Roma.

Con la liberazione del Nord, egli si è trasferito a Milano, quale dirigente dei Nuclei di Polizia Stradale, sempre alle dipendenze degli Alleati.

Come Ufficiale del R. Esercito, nulla da dire sul suo conto: è un valoroso, più volte decorato al Valor Militare. Ha iniziato la carriera da Ufficiale di Complemento, ed ha partecipato alla guerra Italo-Etiopica, durante la quale fu promosso Ufficiale in Servizio Attivo.

È giovane intelligente, svelto, molto intraprendente ed ha una discreta cultura.

Anche politicamente risulta a posto: evidentemente egli passò nel Corpo degli Ufficiali Ausiliari di Polizia, per non prestare servizio nell'esercito repubblicano. Consta, inoltre, che già in quell'epoca era partigiano, ed ha fatto parte di un gruppo dipendente dal Generale Roberto Bencivenga.

Come, però, Ufficiale di Polizia, è un incompetente e non ha mai voluto far nulla. Dovunque è stato, brillava per la sua poca reperibilità.

./K

(2)

Anche all'ENAC, dove aveva un Ufficio di Polizia alle sue dipendenze, ben raramente si recava, asserendo che il "suo ufficio" l'aveva nella sua automobile!

In sostanza, detto ufficiale ha sempre più curato i suoi interessi, che ~~quelli~~ quelli di servizio, da quando presta servizio nella polizia, e pertanto non è molto stimato nell'ambiente Ufficiali del Corpo di Polizia.

Quanto poi alla sua rettitudine morale, corrono insistenti voci poco lusinghiere sul suo conto. Voci che per controllarle richiedono tempo e mezzi adatti.

A solo titolo di notizia, si segnalano alcune di dette vociferazioni: che avrebbe trafficato il materia di automezzi e di permessi di circolazione, traendone lauti profitti, tanto che ora sarebbe proprietario di alcuni camions e di auto private (che però non si sa se sia intestate al suo nome); che avrebbe fatto dei milioni; che anche al Nord continuerebbe la sua attività affaristica, tanto che il Tenente addetto allo stesso servizio, a Milano, accortosi di ciò, e per tema di essere coinvolto nelle sue malefatte, cercherebbe di non aver rapporti con lui. Così anche si dice che un funzionario di P.S. addetto allo stesso servizio a Genova, anch'esso al corrente dell'attività del capitano Lucelli, avrebbe rotto i rapporti con lui.

Si ripete che queste sono voci, che se pure circolano con una certa insistenza, non possono ~~controllarsi~~ e non a seguito di accurate e delicate indagini che richiederebbero tempo e mezzi adeguati.

Si vuole, infine, che il predetto Ufficiale conduca ora un tenore di vita agiato e brillante non confacente alle sue originarie condizioni economiche che erano fino alla sua destinazione all'attuale incarico molto modeste.

Consta, inoltre, che il Ministero della Guerra ha in corso procedimento

di epurazione nei confronti del cap. Bucelli, per essere rimasto in servizio nel Corpo degli Ufficiali Ausiliari di Polizia-dopo l'8 settembre 1943 e, sembra, per aver prestato giuramento. Pertanto ha richiesto che sia restituito al R. Esercito e l'ha destinato in forza presso il Distretto Militare di Roma.

Comunque, dato il suo passato di patriota, si ritiene che in giudizio di epurazione si chiuderà favorevolmente per il Capitano Bucelli.

Questi è figlio del Commissario Capo di P.S. BUCELLI Raniero, già dirigente della Squadra per i Servizi Reali Esterni della R. Questura di Roma e che dopo l'8 settembre 1943 è stato nominato Capo dell'Ufficio Speciale di P.S. presso la Presidenza del Consiglio.

Il Cap. Bucelli Tullio è nato in America (U.S.A.), dove il padre si trovava per motivi di lavoro, anteriormente alla sua nomina a funzionario di P.S.
