RIOFREDDO, 28/12/1945. *Realma 33*

SUBJECT : PALMA Alfredo, son of Sabatino and Proietti Filomena, born on the 29/5/1924 in Riofreddo, living there, soldier in the HQ 2° Coy "Parco Genio", Posta Militare 64 German spy.

I have read in the "CORRIERE DELLA SERA" of the 18/12 1945 an article where it was said that a certain PALENA Alfredo was mortally wounded. As PALMA Alfredo has a penal sentence for having collaborated with the Germans and for having been a German spy and as he is responsible for having sent to Germany 5 young boys of Riofreddo, this HQ began investigations in order to see if the subject was PALENA Alfredo or PALMA Alfredo. Therefore I telegraphed to the HQ Carabinieri of Casale Monferrata which answered with the following letter N° 17/368 of 21/12/45 :

"On the evening of the 14/12/45 some agents of this HQ were on duty in order to arrest the author of two menacing letters sent to one Dr SALA Aldo, dentist, living in ¹³⁶ ~~135~~ Casadria and working at Casale Monferrata. They ordered an unknown person to

to stop who came in the established place in order to received a packet with 80.000 lire. The unknown man fled. After having shot into the air in order to intimate him, the agents shot him in the legs and wounded him in the right thigh and in the back. He was sent to the nearest civil hospital, where he was identified as Pvt. PALMA Alfredo, son of Sebastiano (really son of Sebastino) and of Proietti Filomena, born in Riofreddo on the 21/5/1924. He was interrogated by the N.C.O. of the Carabinieri and by the C.O. of his platoon, 2^a Lt FABBRI. He replied that he was sent there by two civilians whose names he refused to reveal. He died two hours later from an internal haemorrhage.

According to our investigations, PALMA results to have been the author of these two menacing letters to Dr SALA and author of another threatening letter to the baker ROTA Carlo of Cassale Monferrate. He was also the author of theft regarding a certain number of things belonging to the baker whose watch was found on his wrist.

Thanking you for informations received, with your telegram 17/III, I would ask you to forward copy of report." Signed by Maresciallo Maggiore Comandante la Stazione : Edoardo Curti ". It results that the deceased is PALMA Alfredo, of Riofreddo, against whom more than one trial for collaboration with the Germans is pending and who was responsible for having captured American, British and Polish P.O.W. hidden in the territory of this HQ and also other Dutch and Indian P.O.W.

Attached herewith is enclosed a copy of the report we made against PALMA, which we sent to the Questura of Roma and to the HQ Carabinieri of Cassale Monferrate. This report has reference N° 5, dated 2/3/1945.

Telegrafate alla stazione CO. Prot. N° : 500/77268.

ROME, 18/11/1945.

SUBJECT : NISITEO Nicolò, Director of the Industrial Workers Trust

The 1/11/1945, NISITEO Nicolò, of Marco and Wasserman Guglielmina, born in Gravosa the 27/10/1892, living in Trieste, in Via Miramare, N° 31, has left Hambourg with the train of those who repatriate and the officier in charge of the Italian HQ of the train has received the order to deliver the a/n Subject to the Police Authority of the Italian frontier Station.

The English Military Government, which cannot tolerate his presence in occupied territories and with all the informations about his political responsibilities, has classified him as "collaborator of the enemy of the Allies and of the Social Italian Republic".

The above communication was reported to this Ministry by the Italian Liaison 521 Mil.Gov.Det. B.A.G.R. for the eventual transfer of the a/n Subject to the Judiciary Authorities. He was accused these charges :

a)- Till Germany has surrendered, NISITEO was the Director of the

= 2 =

Workers Trust of Hambourg. His proceeding during all his activity was so bad, that we must consider him as a real anti-Italian.

- b)-In all his connections with soldiers, prisoners of war in Germany, destined to the forced labour, he used to abuse all those who came in his office for any reason and often came to blows and beat those who have protested for the bad treatment.
- c)-He worked in deep collaboration with the "Deutsche Arbeitsfront" (German Workfront) and it results, he was a member of this organisation for the total disadvantage of the Italians who he should have on the contrary defended.
- d)-He was also a real and faithful collaborator of the "GESTAPO" with which he had deep connections and he denounced all the prisoners who, in his opinion, did not do his duty. Consequently to these denunciations many prisoners were transferred to the camps of punishment.
- e)-He never had, in the most absolute way, interest for all the pitiful conditions of the prisoners, either for the insufficient food and the bad accommodation or for the ill-treatment during the work.
- f)-He had dealt into the foods of the prisoners with the purveyors of the kitchens in order to supply his friends of the "Arbeitsfront". He took advantage of the foods sent from Italy for the workers welfare.
- g)-He was the intimate friend and collaborator of a certain HENCKE, chief of the "Arbeitsfront" of Hambourg and a well-known nazi-chief, now arrested by the English Military Authority and imputed as a war-criminal.
- h)-He boasted to be a friend of Germany and formerly an officer of the Austrian army and in his connections with the prisoner-camps, he made an active fascist propaganda for the Social Republic and instigated the soldiers to enlist and to fight for Germany.

As this Ministry cannot be in correspondence with the Italian authorities of Trieste - until further orders - we have informed you for the necessary action.

per l'arresto

Ref. to my denunciation of 2/6/1945 and with your intervention, the Lieut. CALFAPIETRA Giacinto, murderer of my husband, was arrested; but ^{since} one month ago, I do not know if in conditional discharge, he circulates quite free. This is the fact of one of his protector whose name he has pronounced during the time he was in prison - indeed, he has said that he never would fear something from the Questura and added he made a mistake not to have killed me and another person, a friend of us who worked with my husband in his office (Perez Francesco), but - he said - we shall pay for this.

I point to your attention - as this murderer is imputed with 17 articles of accusation ^{he} represents a risk for my person, so that to go to Limonta (Como) to take back my luggage I was obliged to take somebody with me.

In this locality, CALFAPIETRA is called the "red danger" I put again all my security and hopes in your intercession which ought to punish justly the murderer of my husband.

In seguito alla mia denuncia in data 2 luglio 1945, grazie al Vostro intervento, il Ten. CALFAPETRA GIACINTO, l'assassino di mio marito è stato arrestato; senonché circa l'è un mese, non so esattamente se in libertà provvisoria, egli circolava liberamente, e questo si deve ad un protettore di cui l'assassino stesso si faceva vanto durante la sua prigionia - difatti egli dichiarò che dalla questura italiana non avrebbe avuto nulla da temere; disse pure che sbagliò a non avere soppresso me ed un'altra persona nostro amico, che faceva parte dell'ufficio di mio marito (Perez Francesco) ma che lo stesso ce l'avrebbe fatta pagare.

Richiamo quindi l'attenzione di cotesta Commissione Alleata, giacché questo assassino accusato già da 17 capi d'accusa, rappresenta un pericolo per la mia persona, tanto che per recarmi a Limonta (Como) per ritirare i miei bagagli mi sono fatta accompagnare da una persona di mia fiducia.

In quella località il CALFAPETRA è chiamato il pericolo rosso.

Ripongo sicurezza e speranza nella Vostra intercessione, che dovrebbe portare al meritato castigo l'assassino di mio marito.

1. Ref. telephone conversation yesterday evening at approximately 23.30, I discovered that the rightful owner of six diplomatic bags sent by the Nunziatura Apostolica in Madrid to the Secretary of State, Santa Sede, Rome, was a Mr. Ruggiero BENINI, issued with passport No 134 (352/1945) by the Ministry of Foreign Affairs, Rome, on 20 Sept. 1945.

2. I attach hereto
a) receipts from Maj. BENINI and
b) copy of notes which I concluded at approximately 0015 this morning.

3. It is interesting to note that Mr. BENINI shares the opinion that the so-called diplomatic bags contain for the most part -judging by their weight- foodstuffs and cloth. It is only my conjecture, but naturally I have no evidence, that one of the suitcases contains something closely related to metal. It was impossible to lift this bag more than a couple of inches from the ground using full strength.

4. As you know, these bags found their way into the Principe & Savoia Hotel and were put under lock and key by Capt. GAGGIONE, who informed me of the circumstances at 17.45 on Nov. 11th.

Dear Sirs,

I want to bring the following facts to your attention.:About a year ago, I informed the U.S. Military authorities and the Yugoslave representatives in Rome, that Jaromir Hanus came from Belgrade to Rome and that he should be watched because he was a Fifth Columnist and was appointed by the Germans as Commissar for my factory and my other property in Belgrade and that therefore he still is a German spy. During the German occupation of Belgrade I did not have any specific detailed information about him. Through recently received letters, I learned that Hanus boasted while he acted as German Commissar that he stole the collected rents and made use of my property, while my family was starving. He ordered the cracking of the safe in my office and stole the content, consisting of a large amount of cash, gold coins, jewelry, a gold cigarette case, shares and other valuables.

I am a Yugoslav citizen, now an immigrant in the U.S.A., with first papers, and you would oblige me by finding Jaromir Hanus and seeing first if there is any possibility to recover the stolen goods and valuables. I also would like to get further information about him and his statements. I could furnish other material against him. My friends in Belgrade watched his action closely.

Hanus is a Sloven, a Yugoslav citizen, who betrayed his country before and during the war by helping the enemy. It would be a satisfaction to me and to every justice loving person to know that Hanus will not escape well deserved punishment.

REPORT M-B

Rome 15 October 1945

98
PALMIDORO Giuseppe fu Francesco and di PULCINI Margherita, born at Percelle (Rome) on the 7th of October 1899, undertaker of buildings, ex Lieutenant of the R. Army, in 1928 fixed his residence in Rome at 2 via Pescara.

Previous penal proceedings against him :

- a) On the 23rd of March 1926 he was sentenced by the Assize of Venezia to one year of military imprisonment. He was charged with desertion and then rehabilitated.
- b) Charged with prevarication. The sentence against him was suspended, due to an amnesty.

He was never a member of the Fascist Party, was from his file at the Political Branch of the Rome Questura it results that he had been considered as an extremist until 1930. Accordingly he was continuously watched over during the whole period.

In the early days of 1934 he transferred to 114 Via Gallia, and in the same year 30 Ostia Lido. In January 1935 he came back to Rome, via Clelia 18 c/o his own parents. In May 1935 he changed his residence to 11 Via S. Martino della Battaglia, c/o VIRIATI, in a hired room, and successively, after about two months, he returned to 18 Via Clelia. In August 1936 he transferred to 2 Via Pescara.

By an application dated 15 March 1937 to the Questore of Rome he asked that his name be cancelled from the list of extremists. His application however was not accepted, as he was not yet a member of the Fascist Party and his political behaviour with regard to the Fascist Regime was still doubtful.

Successively, by order of the Ministry of Interior P.S. Direction, issued on the 7th of November 1942, his name was actually cancelled by the a/m list.

He is married with ARGENTI Giuliana from whom he had three sons.

In October 1943 he changed his residence to Milan.

On the 19th of October 1943 he was traced by the Political Branch of the Rome Questura on warrant of arrest. We don't know whether he was actually found and arrested.

Gentlemen:

Attached is original certification of my citizenship, received from my employer, The Electric Storage Battery Company, Allegheny Ave. & 19th Street, Philadelphia, 32, Pa.

Likewise, I am enclosing a copy of a letter written to General Mark Clark, which explains the entire case in detail, and there is not much I can add to it, except to advise you the name and address of my wife, the mother of Domenic Spadaro, the boy in question -

Caterina Spadaro,
Piazza Carlina No. 15,
Torino, Italy.

I can do nothing more than to repeat my great concern for my son and my family. As a result of the war and this present plight of my son, my wife is in poor health and troubled with a heart condition.

Will you be so kind as to write and let me know what the charges are against my son, and what can possibly be done to have him released from prison and reinstated with his family.

I regret any annoyance this letter may be, but you can certainly realize a Father's anxiety to get the family united, and have the Son returned to his mother's guidance and care, and to know that all is well.

Would you be so kind as to favor me with the courtesy of an early response, informing me of the present plight of my son and my family, and what I can do to get the entire matter amicably settled.

Thanking you for whatever you can do to help me, I beg to remain

Very truly yours,

Il Prof. Giorgio NICOLOSI, Direttore dell'Ufficio Belle Arti del Comune di Milano, riceveva, in data 16 maggio u.s., un avviso di sospensione dall'Ingegno: il giorno 24 dello stesso mese, ritenendo che il provvedimento fosse preso in seguito alle norme emanate dal Comando Alleato, presentava un'opposizione corredata da un esposto di tutta la sua esistenza di lavoro e di fede italiana.

Nell'esposto il prof. NICOLOSI, dopo aver ricordato la sua origine triestina, il patriottismo della sua famiglia e la sua partecipazione alla guerra 1915-1918, riferiva di aver tenuto dal 1919 al 1928 la direzione del Museo di Brescia, conseguita per regolare concorso svolgendo un'attività puramente culturale.

Nel 1923 riceveva l'ordine di iscriversi al cesarato partito fascista, ed in tale occasione la sua iscrizione, facendogli corrispondere le quote relative, era arretrata al 1921. Nella sua permanenza a Brescia, come può comprovare con documenti, non partecipò in nessun modo ad azioni fasciste, ne ebbe cariche, ne fece propaganda di sorta: collaborò anzi, fino a quando dovette cessare le pubblicazioni al quotidiano liberale "la sentinella". Un articolo di un giornale democratico bresciano pochi giorni or sono ricordava la sua opera con parole di lode.

Nel 1928, vincitore del concorso per il posto di Soprintendente ai Musei del Comune di Milano, iniziò le opere di riordinamento e di catalogazione dei Musei, (furono pubblicati per sua cura circa dodici grossi volumi) ottenne, sortito dal favore della cittadinanza i mezzi per arricchire le raccolte, in modo che i Musei del Castello Sforzesco giunsero ad essere il complesso museografico più importante d'Italia. Diede vita ed ordine al Museo di Milano nel palazzo Sormani, alla Biblioteca d'arte, al Museo Navale, e raccolte iconografiche, e laboratori scientifici, e numerose esposizioni e manifestazioni d'arte. Di queste ultime le maggiori furono la "Mostra storica dell'Aeronautica italiana", e quella di Leonardo da Vinci. Quest'ultima meritò di essere richiesta dagli Stati Uniti, e fu trasportata a New York nel Museum of Science and Industry, nel 1939-1940, dove fu accompagnata dallo stesso prof. NICOLOSI.

Tornato dall'America nel 1940 diede la sua opera essenzialmente a promuovere studi e opere culturali, e a provvedere alla tutela dei materiali affidati alle sue cure.

Dopo le incursioni dell'agosto 1943, nelle quali si adoperò in ogni modo per limitare i danni, e dopo l'8 settembre, tutta la sua attività fu intesa, come gli fu possibile, nel resistere alla violenza ed alla prepotenza dei dominatori locali e tedeschi, non ebbe altra cura che quella di trasportare le opere che nella Lombardia erano state recate nell'Italia Centrale in località che si potevano presumere destinate a diventare campo di battaglia, e a formare e proteggere i ricoveri nuovamente costituiti. Con i mezzi del Comune, senza ricorrere mai agli aiuti germanici che furono pure offerti,

si operarono tutti i trasporti, per questo come per ~~assistenza~~ aiutare chiunque avesse bisogno di aiuto, il prof. NICODEMI dovette mantenere i contatti con le autorità germaniche e del cessato fascismo. In nessun caso fece opera di collaborazionismo; non fece giuramento di sorta, non accettò incarichi. La sua imprudenza nel rivelare i suoi sentimenti gli fece avere avvertimenti e rimproveri dalla Segreteria del Capo del Governo e delle autorità tedesche.

Comandato a dare il testo delle lapidi da porre ai monumenti distrutti dai bombardamenti, accettò il compito soltanto perché fosse evitata ogni speculazione di propaganda. I testi che egli diede nonostante i rimproverii fatti, provocarono le ire dei tedeschi, delle autorità del cessato regime fascista repubblicano.

Non appena avvenne la liberazione egli stesso propose che le lapidi fossero subito tolte.

Non senza correre rischi si adoperò perché fosse salvato quanto era possibile dei beni reali che stavano per essere dispersi dopo la confisca, salvò un'importante biblioteca del Centro ebraico.

Come prova della sua attività presentò varie dichiarazioni. Le più importanti furono le seguenti:

a) L'ing. C. LANA, maggiore del Genio, Comandante di uno dei reparti che trovarono stanze nel Castello Sforzesco dopo il 25 luglio, testimonia l'opera fatta per lo spegnimento degli incendi, e quella per evitare la deportazione in Germania di circa 27000 soldati dei quali era stata chiesta la resa dalle SS. germaniche.

b) Padre Carlo da Milano dichiara quanto fece il prof. NICODEMI per mettere in salvo gli israeliti che stavano per essere colpiti dalle terribili misure tedesche, e come riuscì a liberare alcuni Patrioti ecc.

c) VITTORE CARIATI dichiara di aver ottenuto, per opera del prof. NICODEMI, assieme a 15 compagni, la commutazione della condanna a morte.

d) Il sacerdote Don Nicola de MARTINO e tre cittadini di S. Angelo Lodigiano ricordano che il NICODEMI salvò dalla prigionia un coraggioso sacerdote ed alcuni suoi compagni, e che, nella zona protetta da un cartello tedesco, lasciò depositare armi, avvertendo in tempo di una perquisizione che doveva essere operata dalla milizia della cessata repubblica.

e) Il pittore ALDO ZAGNI riferisce sugli accordi presi per via olandese stina per impedire che il Castello Sforzesco dovesse diventare asilo di milizie fasciste, e sulle operazioni per la difesa dei ricoveri.

Ma numerose altre testimonianze di persone aiutate a sfuggire alle deportazioni in Germania, alla persecuzione della polizia, ecc., facevano parte dell'incartamento.

Pochi giorni dopo la presentazione del memoriale il prof. NICODEMI riceveva l'avviso del Comando Alleato di Milano che egli era stato asseso, e che temporaneamente il suo posto era occupato dal ¹⁹⁹ COSTANTINO BARONI.

Non riusciva quindi a sapere che indirettamente le accuse, alle quali

1. Il Prof. Giorgio NICODEMI, già direttore dell'Ufficio Belle Arti del Comune di Milano, sospeso dall'impiego dal 15 Maggio u.s. si è rivolto a questa Divisione affinché la pratica inerente al suo caso venga riesaminata e la sua posizione definitivamente chiarita.
2. Da indagini svolte da questa Divisione risulta che il Prof. NICODEMI ebbe contatti con i Comandi Germanici unicamente per ragioni inerenti al suo ufficio e ben si adoperò per la protezione ed il mantenimento delle opere d'arte della Provincia.
3. Da molte testimonianze risulta inoltre come il Prof. NICODEMI abbia aiutato ed in diversi casi salvato da morte sicura ebrei, patrioti e partigiani arrestati o detenuti dai nazisti fascisti.
4. Quanto alla compilazione dei testi delle lapidi da apporre ai monumenti distrutti dai bombardamenti, il Prof. NICODEMI accettò tale compito solo perché comandato. I testi comunque redatti furono alieni da ogni speculazione propagandistica e suscitavano per questo il malcontento e la conseguente revisione da parte delle autorità repubblicane e Tedesche.
5. Si prega codesta Commissione di voler cortesemente tenere informati del caso della suaccennata pratica.

ESITO informazioni assunte sul conto del Prof. NICODEMI Giorgio fu Edoardo e fu Maria Vertinga, nato a Trieste il 29 maggio 1891, qui residente in Via Previati 3.

Il professor NICODEMI è uno studioso dell'arte antica ed in questo ramo ha una cultura veramente eccezionale tanto che gode larga risonanza di dotto nell'arte antica non solo in Italia ma anche all'estero.

Durante la guerra 1915-18 prestò servizio nell'Esercito Italiano quale capitano del genio e fu incaricato della salvaguardia delle opere d'arte della zona di frontiera.

Nel 1919 vinse il concorso per la nomina a Direttore del Museo arti antiche di Braccia, rimanendo in carica sino al 1928, anno in cui vinse il concorso per la nomina a Direttore del museo di arti antiche di Milano.

Assunta quest'ultima direzione, si adoperò con passione per arricchire il museo di varie opere d'arte e col suo lavoro costante e tenace, riuscì a farlo diventare uno dei musei più completi.

Ha allestito diverse mostre ed esposizioni. Ha saputo convincere diversi nobili possessori di varie opere d'arte a farne dono al Museo. Per merito suo la famosa Collezione Tribulziana, di grande importanza artistica e del valore di vari milioni, venne acquistata dal museo di Milano per l'aiuto di alcuni magnati dell'industria incitati a ciò dal Nicodemi.

Nel 1940 venne invitato in America dal Governo Americano, per allestire la mostra di Leonardo da Vinci al museo della Scienze e del Commercio di New York.

Fecce ritorno in patria nel dicembre dello stesso anno quantunque l'Italia fosse già in guerra con l'Inghilterra, sotto la protezione del Governo Americano.

Durante l'occupazione nazi-fascista di Milano, si adoperò con infaticabile volontà a salvaguardare le varie opere d'arte in sua consegna e dovette mettersi a contatto con alcune personalità tedesche per impedire che i valori artistici venissero asportati dalle truppe tedesche o dagli sherri fascisti.

Si rivolse più volte al comando tedesco per poter ottenere di recarsi personalmente nell'Italia Centrale in previsione del passaggio della guerra guerreggiata in quei luoghi e perciò mettere in salvo le preziose opere artistiche colà esistenti, rischiando mitragliamenti e bombardamenti.

Il 12 settembre 1943 nel castello sforzesco vi si trovava la guarnigione italiana della forza di circa duemila uomini comandati dal maggiore LINA Cesare, abitante in Duto Arcimio in ~~1943~~ ¹⁹⁴⁴ ~~Settembre 3~~ ^{Settembre 3} fu all'improvviso circondata dalle Forze motorizzate tedesche per la cattura della guarnigione. Il Prof. Nicodemi allora si recò personalmente a colloquio col comandante tedesco e mentre egli diplomaticamente temporeggiava il personale del Castello riuscì a far uscire da un passaggio segreto tutta la guarnigione evitando così il

- 2 -

loro internamento in Germania.

Durante il periodo della ex-Repubblica fascista, più volte si prestò patriotticamente, grazie alla sua influenza, per salvare diversi Partigiani; si citano alcuni esempi:

Il figlio del custode Caristi, condannato alla fucilazione dai tedeschi per sabotaggio, venne salvato dal Nicodemi che riuscì a far sospendere l'esecuzione della condanna.

Si interessò pure per la sorte del Prof. Giolli suo amico e noto antifascista, tanto che il suo vivo interessamento venne preso in sinistra parte dal comandante della ex-Muti.

Da tutti è amato e benvenuto ed il personale del Castello lo definisce un vero padre di famiglia perché oltre a trattarli con la massima affabilità, si interessava personalmente di ogni singolo caso facendo di tutto per eliminare le eventuali precarie situazioni.

Dopo l'insurrezione venne sospeso dal suo ufficio perché accusato di collaborazionismo col tedesco, avvisando evidentemente i fatti che luneggiava l'opera da lui svolta e, come risulterebbe da varie informazioni, per un rancore personale.

Nel maggio 1937 lo scultore Vertex avuto in appalto un lavoro da eseguire, venne tenacemente ostacolato dalla signora Wittgens e dal comm. Modigliani personalità quest'ultima molto conosciuta nell'ambiente artistico. Ricopriva la carica di sovrintendente generale delle arti e benché ebreo di razza fu un acerrimo sostenitore dell'ex regime fascista dal quale ebbe cariche ed onori.

Il Vertex sentendosi offeso ed ostacolato ingiustamente dal Modigliani e dalla Wittgens, fece loro causa ed in suo favore citò come testimoni il fotografo Lissone, il Prof. Giolli Raffaello (deceduto nel gennaio s.a. in campo di concentramento in Germania) il sacerdote Tamburini ed il Prof. Nicodemi. Ma benché fosse pienamente risultato l'operato irregolare del Modigliani ed della Wittgens, il tribunale d'allora non osò dar torto al noto fascista e diede causa persa al Vertex che per l'affronto subito di suicidò.

Sembra che la Wittgens abbia covato odio contro tutti i testimoni a discarico del Vertex ed in un'occasione ebbe a dire che sarebbero sempre stati da lei perseguitati con ogni mezzo, qualunque la vertenza si fosse risolta a favore del suo amante.

Risulta sia stata la Wittgens a denunciare il Prof. NICODEMI per collaborazionismo, mentre tutte le prove e testimonianze escludono senz'altro questa sua colpa, poiché persona che ha dedicato tutta la sua esistenza all'arte, senza mai interessarsi di politica.

Il personale dipendente è concorde nel dire che mai ha avuto alla direzione una persona di tanta competenza, infaticabile nel lavoro e comprensivo come il Prof. Nicodemi e tutti si augurano il suo ritorno.

Amogliato con un figlio. Di ottima condotta morale.

2) Subject was born in prison of a Jewish father and Christian mother; her mother died and subject's husband, a soldier of the Green, her father and her sister, were reported to concentration camps by the Germans and are presumed to have perished. Subject worked in offices and factories in Warsaw, in constant terror of her Jewish parents coming to the notice of the Germans. She in 1944 made her way to London, arriving in September in the German Embassy. In May 45 she transferred to 111, 112 and 113 and was evacuated via of children to 114.

3) Subject quit her job in 1946, under a special permit for camp life as a doctor and took a room in Via Cassanese, a neighborhood where there are many Poles. Subject is a subscriber of £1,000 from 1946, via 1946. Subject, who applied to the British Embassy to join her mother, was rejected. Subject in 1946 and also tried to get a post with the British, where she was told that very few vacancies were occurring.

4) Subject is not willing to return to USSR under Russian administration. She wishes to be totally independent, anti-Jewish and anti-Polish. She reasons for her latter sentiment, wishing to be partly Polish upbringing and partly she said that Jewish people all her worldly possessions from her. The situation was also aggravated recently by one Dr. Kowalski, a Polish-Jewish doctor at 111, 112, 113, subject claims, offered to get her free the medical and dental treatment she needed, i.e., USSR would pay for her. For treatment at the Russian Clinic in the strength of subject's signature, on condition that subject would sleep with him; there were no discussions to this proposal.

5) Subject, knowing in general that Jewish boys were heavily involved in the various illicit markets and is illegal immigrants into Poland, and seeing money, she decided to offer her services as paid informant to the Poles, and with this subject went to 111, 112, 113. Under the name, she was reported back to 111, 112, 113 and explained the circumstances of her visit to a Polish doctor in the presence of a Polish-Jewish man is interpreted. The latter apparently named GEMINOVSKY, Hungarian official of 111, 112, 113, and subject's aim of subject's actions.

6) To-day GEMINOVSKY told subject that he was with her in her stipendium because of her visit to the police, and that she would be sent back to Poland; subject, however, apart from her desire not to go to Poland and to avoid a visit to 111, 112, 113, is unwilling to return to GEMINOVSKY, where she thinks she will be victimized by Jewish spies.

7) Subject has mentioned regarding the information she had provided, but it is too general at the present stage to be of value, and it is thought that personal contact would disturb the objectivity of any reports she might later make. The above circumstances are nevertheless reported for possible reference to G-2, as virtual blackmail of an informer, whatever the informer's motives, is not desirable.

SUBJECT : 1) JEVRENOVIC Miograd
2) PIGRE Alfredo

TO : H.C.I. "E"
(Attn. Capt. PATERNI)

1. Reference conversation on 31 October 1945 at 1500 (Capt. PATERNI-Lt. DE THOMASIS), the following is recorded for your information and whatever action you may deem advisable.

2. At 1130 on 31 October 1945 the Commissario P.S. MORICI, attached to the Ufficio Politico of the Questura and a Spaniard, Manuel PELAEZ (c/o Federazione Socialista, Piazza S. Sepolcro) came to this Office and reported the following.

3. An SD Agent, Miograd JEVRENOVIC (Jugoslav), who was very active in Paris during the war, appears to have crossed the Swiss frontier proceeding to Milano, on 19 June 1945, together with his mistress, Eloisa GALLERAN, a Spaniard. He had a false passport in the name of Vincente PELAEZ.

Mr. Manuel PELAEZ reports that Subject had assumed his name (i.e. PELAEZ), because he believed that the real PELAEZ was dead. In fact PELAEZ, who had been the chief of a Republican Unit during the Spanish Civil War, was arrested in Paris by JEVRENOVIC and sentenced to death. Subsequently he was sent to a concentration camp in Germany.

4. In the files of the Ufficio Stranieri of the Questura of Milano it appears that PELAEZ (alias JEVRENOVIC) actually resided in Milano, Corso Concordia 12, c/o Ansonia DE LUGHI. The police have interrogated the latter, but she said that Subject had left her apartment and that she did not know his present address. She added that Subject was a friend of a certain Alfredo ⁸⁴ ~~PIRE~~, who is living on the 4th floor in the same building.

- 2 -

Police Agents interrogated FIORE, but he stated that he was working for Capt. PATERNI, giving the address of Via Telesio, 8. Pending a further check the police agents decided to take no action.

5. In the meantime, the Commissario P. S. MORQOI and Mr. PBIABZ reported that of recent date a man whose features were the same as JEVREMOVIC's, together with a woman who may be identical with the s/m CALDERAN, have been seen three times in the Garage BOSI at Corso Sempione. The man claimed to be a certain Marchese DEL POZZO, wore an Allied uniform and drove once a Mercedes, another time a truck and the third time an armoured car. (see!)

6. It is understood that JEVREMOVIC was arrested some months ago. It is not known at whose disposal he was and whether he is still detained.

As for FIORE, it is understood that, although he claims to have belonged to an OSS mission, he enrolled himself in the Muti Legion. At any rate he is not working for OSI "E". It is suggested that an enquiry be made to ascertain whether and why he had contacts with JEVREMOVIC.

7. It would be appreciated if you would kindly inform us of ~~any~~ developments, if any.

SUBJECT: Riccardo Viccil Picciolo an Italian National arrested by Italian and British officials.

TO : Commanding General,
Mediterranean Theater of Operations,
APO #512, c/o Postmaster,
New York, New York.

The following message from Commanding Officer, 412th Fighter Group, SMAAF, Santa Maria, California, is quoted for such consideration and action as may be deemed appropriate in the case of Riccardo Viccil Picciolo, alleged collaborator:

"Attention invited following matter; Lt Roane T Sias, O-740570, 445th Sqdn, this command, was a prisoner of war in Northern Italy in fall of 1943. In December 1943 he escaped. Through the efforts of one Riccardo Viccil Picciolo, an Italian National, and at great personal risk to the said Picciolo, Lt Sias and other allied aviators were able to live in hiding and eventually make their way back to allied lines. Sias has just received communication from relatives of Picciolo indicating that Picciolo has been arrested by Italian and British officials, and charged with treason for collaborating with German agents in Northern Italy. Sias has information definitely tending to show that any collaboration by Picciolo was either for purpose of deceiving Germans or to save his life after he was arrested by Germans for sabotage. Affidavit signed by Sias containing full facts is now in my hands. No information is available as to just where in Italy Picciolo is confined. Since Picciolo is apparently in immediate danger of trial and execution it is urged that necessary action be initiated to advise proper authority of above cited facts, which will cause the Italian government to postpone action in this case until Sias's testimony can be presented. Your instructions are awaited."

The other day I received a visit from a Mr. Emilio Benasaglio, who was the subject of one of my green reports, I believe No. 98.

I think this man is wanted by G-2. As I can remember he was connected with the Indian Movement in Italy on behalf of Bose, the Indian leader working for the Japanese in Burma. He was entrusted by one of the Indian leaders in Italy with five or six personal letters, one or two of which should have been turned over to Russian emissaries. They were letters which we were unable to find among our documents.

I am turning this information over to you to do what you wish with it.

Enclosure to despatch no. 502.

12th January, 1945.

To: P. W. E., London,
C. W. I., Washington,
I. P. I., London (Attention: Miss Mathew)

From: D. Gnudi, Head Italian Documents, Italy - PVB - Unit 12.

Among the Indians at the service of the Italian Government, for monitoring and broadcasting to India, was a certain LABH SINGH, member of the Nationalist Movement, which was headed by CHARI DASS ROSE, now in Burma at the service of Japan. LABH SINGH died in Rome on the 15th September, 1943 leaving 15 letters with Mr. T. BENASAGLIO to be sent to the different addressees. From a statement made by another Indian M. I. SCHEDAI (See report No. 98) some of the letters were intended for the Russian Government, stressing the point that SINGH had relations with the Committee. Mr. BENASAGLIO was an Italian Foreign Office employee, at that particular time attached to the Ministry of Popular Culture, and was also a former Italian Consular officer in India. Knowing the past activities of LABH SINGH and his relation with the Nationalist Movement and from the fact that though the names and the different addresses appear to belong to his family, I would advise a check on the activities of those persons in the U.S.A., Panama and Argentine, as those elements may have been used for espionage purposes.

I would refer you to Special Report No. 98 on BENASAGLIO and LABH SINGH, and inform you that a further report is being completed.

Among the Indians at the service of the Italian Government, for monitoring and broadcasting to India, was a certain LABH SINGH, member of the Nationalist Movement, which was headed by CHARI DASS BOSE, now in Burma at the service of Japan. LABH SINGH died in Rome on the 15th September, 1943 leaving 15 letters with Mr. E. BENASAGLIO to be sent to the different addresses. From a statement made by another Indian M.I. SCHEDAI (See report No. 98) some of the letters were intended for the Russian Government, stressing the point that SINGH had relations with the Comintern. Mr. BENASAGLIO was an Italian Foreign Office employee, at that particular time attached to the Ministry of Popular Culture, and was also a former Italian Consular officer in India. Knowing the past activities of LABH SINGH and his relation with the Nationalist Movement and from the fact that though the names and the different addresses appear to belong to his family, I would advise a check on the activities of those persons in the U.S.A., Panama and Argentine, as those elements may have been used for espionage purposes.

RAPPORTO M+G

Lì 22 ottobre 1945

BENASAGLIO Emilio fu Agostino e fu Bruni Bianca, nato a Brescia il 10/10/1886, si trasferì in Roma, proveniente da Frosinone, nel maggio 1941, stabilendosi in Via del Boccaccio n° 22 int.7.

A Frosinone egli prestava servizio presso quel Distretto Militare, quale capitano di cavalleria.

Il 26/II/1940 rimpatriò con la Missione Consolare dell'India, ove era addetto alla stampa presso il R.Consolato d'Italia in Calcutta.

E' stato iscritto al disciolto P.N.F. dal 15/7/1925 - Federazione di Brescia e poi trasferito a quella di Calcutta. Non è in possesso della relativa tessera perchè gli venne sequestrata dalle autorità Britanniche di Calcutta l'II giugno 1940. Data la sua anzianità fascista, si ritiene che lo stesso abbia ottenuto la qualifica di "squadrista".

Durante la guerra 1915-18 prestò servizio, in qualità di tenente, presso il 27° Cavallleggeri Brescia. Successivamente prestò servizio presso l'ufficio censura militare di Milano -sede di palazzo Reale-, e poi a quello di Como, quale aiutante maggiore.

E' celibe, decorato della medaglia commemorativa delle campagne 1915-18 e cavaliere ufficiale della Corona d'Italia.

Nel 1941 era occupato, nelle ore pomeridiane, presso il Ministero della Cultura Popolare - Ispettorato Radio.

Le informazioni di cui sopra si riferiscono a tutto il 1941, epoca in cui -si ritiene- il Benasaglio si trasferì dalla capitale. =

CASALUCE Angelo of the late Giuseppe and of D'Angelo Assunta, born at Biserta on 1st July 1900, resides in Italy since 1941, coming from Tunis, and lives at Via Lima No. 41, with his mother, sister and brother Giacinto, born at Tunis on 10th August 1921.

CASALUCE and all the members of his family are of good conduct and have no unfavourable precedents. He is the owner of the Casaluze Firm at Via ex 23 March No. 20, which commenced its activity in Rome in 1941, when Casaluze repatriated from Tunis.

The Firm, which was started with a capital of 200.000 lire, in few years increased it, and at present it counts several millions.

Casaluze, who possessed a great business at Tunis, has a rich private patrimony in Italy, too: he is the owner of a building at Via Zanardelli 70, a track of land at Via Terme Deciane, 5 hectares of land at Via Salaria, II. kilometer, and 2 hectares of land with a house in Velletri Comune.

The above mentioned Firm worked until 8th September 1943 for the Genio Militare, and made shelters for the ex-Governatorato of Rome, and made railway works for the State Railway Company.

After 8th September 1943, it was requisitioned by the Germans, but it is said that Casaluze has strongly hindered the works required by the Germans and he was menaced to be committed to the German Military Court for sabotage.

He states that during the period of the German requisition the Firm worked under the direction of the Communist deputy DI VITTORIO, at present director general of the Labour Confederation.

During the German occupation he developed partisan activity furnishing financial means to the Clandestine Internal Front and trying to interfere with the transfer of workmen and material to the North.

He was inscribed in the fascist party in 1935 (he was in Tunis) only with the purpose of obtaining the passport; it does not result that he had charges in the said party, since he resides in Italy. He is a person who, in few years, was able to put up a strong construction Firm in Italy, and he is suspected of having become illicitly, but there is no evidence to prove it.

It is known that on 27th July 1944, a Commissary was appointed for the Firm and that Casaluze made a claim against such arrangement, as it appears from the attached memorandum, of which a copy was taken in a very secret way.

Rome, 23 January 1945.

CASALUCE Angelo fu Giuseppe e di D'Angelo Assunta, nato a Biserta il 1 luglio 1900, risiede in Italia dal 1941, proveniente da Tunisi, e abita in via Lima 41, insieme alla madre, una sorella e il fratello Giacinto, nato a Tunisi il 10 agosto 1912.

Sia il Casaluce Angelo, che i componenti la sua famiglia, risultano di buona condotta in genere e in atti non hanno precedenti sfavorevoli.

Egli è proprietario dell'Impresa Cassaluce, con sede in via ex 23 marzo n. 20, che ha iniziato la sua attività in Roma nel 1941, epoca in cui il Casaluce rimpatriò in Italia da Tunisi.

L'Impresa, che ha iniziato con un capitale di lire 200.000, in pochi anni lo ha aumentato, tanto che attualmente è di vari milioni.

Il Cassaluce, che possedeva una vasta azienda a Tunisi, si è costituito anche in Italia un cospicuo patrimonio privato: è proprietario di uno stabile in via Zanardelli 70, di un lotto di terreno in via Terme De-
ciane, di un appezzamento di terreno, sulla via Salaria all'II° chilometro, di ettari 5, e di un altro appezzamento di terreno di 2 ettari con casa annessa nel comune di Velletri.

L'Impresa suddetta fino all'8 settembre 1943 ha eseguito lavori, in appalto, di fortificazioni per conto del Genio Militare, di ricoveri antiaerei per conto dell'ex Governatorato di Roma, e di sistemazioni ferroviarie, per conto delle Ferrovie dello Stato.

Dopo l'8 settembre 1943, fu requisita dai tedeschi; ma si vuole che il Cassaluce abbia ostacolato fortemente i lavori richiesti dai tedeschi, tanto che sarebbe stato anche ^{minacciato di essere} deferito al tribunale militare germanico, per sabotaggio.

Egli afferma che durante il periodo di requisizione tedesca, l'Impresa lavorò sotto le direttive del deputato comunista On. Di Vittorio, attualmente direttore generale della Confederazione del Lavoro.

Durante il periodo di occupazione tedesca avrebbe svolto attività partigiana, fornendo mezzi finanziari al Fronte Interno Clandestino ed adoperandosi per evitare il trasferimento al Nord di operai e di materiale.

- 2 -

Si sarebbe iscritto nel 1935 al disciolto partito fascista (trovandosi a Tunisi) al solo scopo di ottenere il passaporto; non consta che abbia ricoperto cariche in seno a detto partito, da quando risiede in Italia. Trattasi in complesso di persona che in pochi anni è riuscita a costituirsi una solida Impresa di lavori edili, in Italia, ed è sospettata di essersi illecitamente arricchita; ma non si hanno elementi probatori in proposito.

Risulta, però, che il 27 luglio u.s. è stato nominato per detta Impresa un Commissario di gestione e che avverso detto provvedimento il Casaluce ha inoltrato ricorso, come rilevasi dall'unito memoriale, di cui è stato possibile avere una copia, in via strettamente riservata.

Roma, 23 gennaio 1945.

Il segnalato Casaluce Angelo, da Tunisi, si identifica per CASALUCE Angelo fu Giuseppe e di D'Angelo Assunta, nato a Biserta il 1 luglio 1900, qui dimorante da pochi anni.

E' titolare dell'Impresa Casaluce per lavori Edili, con uffici in via Antonio Salandra 6.

E' in possesso di passaporto rilasciato dal Console Generale a Tunisi nel 1937, rinnovato il 23.10.1940 dal Console di Svizzera a Tunisi, incaricato degli interessi italiani.

Qualora si tratti della persona che interessa codesto Ufficio, saranno assunte informazioni sul conto.

TO : Allied Command

The undersigned, parents of the deceased Lelia Tullia BRINI, who, only 20 years old, was barbarously and unfairly murdered by the Germans in August 1944, beg your Command to trace and arrest the murderers of their daughter.

The horrible murder occurred at S. Giovanni alla Vena (Pisa Province), while the Allied troops were fighting on the Arno. With the a/n four other young women were murdered.

Their corpses were found in a pit, nearby the house of the undersigned in January 1945.

These are the murderers' names:

Captain RAISER Claudio of the Medical Corps from Frankfurt and Major WOLL From Berlin.

They themselves, after having perpetrated the crime, confirmed their guilt to Mrs. Amelia ROGGIERI (of German origin) and to a priest of Lugnano (Pisa province).

The undersigned beg your Command to trace and punish the a/n, in case they are still in Italy, or eventually in a Concentration Camp.

With our apologies and thanks

Caterina and Lelio BRINI

It does not result that DE LELLI (and not DELELLI) Mario di Umberto and di SEBASTIANI Matilde, born in Rome on the 2nd of June 1915, domiciled at via Plinio 22, has escaped from the Terni Concentration Camp. As he is affected with a paralysis, at medical examination of 1935, he was declared invalid.

At present time he works as a mechanician for Tasca firm, at 10 Via Plinio. He has worked over here since the 1st of September 1944. He is always to be found and can be useful in case of necessity. Please give us a reply.

8.9.1945.

Mrs. Mabel Elizabett Howol (nee Brown), internate inglese, begs to draw the attention of the Ministry to the fact that she has received no subsidy whatever from the Italian Government since the month of February of this year.

Further, a so called Pacco of clothing has recently been distributed by the municipal authorities here in Cellero, of which the heavy-say has been her only part.

She wishes, therefore, to thank the Italian Authorities in anticipation of an early enquiry into the matter.

1. Inquiries into the above named have revealed very little in Rome as his activities have been carried out mostly in Bolzano and Alto Adige.
2. He was born at Trento on 22nd June, 1888 and was a lawyer by profession. On 14th May 1921 he was appointed Deputy in the Italian Parliament by the college of Bolzano, and was a member of the permanent Commission of communications in 1922-23. His speeches in Parliament dealt with Government communications, political conditions of the new provinces (Alto Adige), ethnical minorities etc.
3. His other activities dealt with:-
recruitment in the new provinces;
delegation of Public Security of Trento;
pensions for invalids in the new provinces;
removal of ammunition near Bolzano; Val d'Adige and Tesero
teaching of German in the schools of Bolzano;
reformation of financial laws.
4. He was an advocate for the independence of the Tyrol.
5. In 1931 the Italian Police ordered a very strong vigilance on his wife when she was about to enter the country from Innsbruck.
6. The above, and the information already forwarded by you, indicate that he is a man who has been very pro-German, and one whom we will have to watch closely, as he is almost certain to be a factor in the "free Austria" and "Free Germany" movements.

Avv. REUT-NIKOLUSSI

Deputy of Bolzano at the Italian Parliament from 1919 to 1924, showing particular hostility to Italy.

In 1925 he went abroad and stayed in Monaco di Baviera where he became a violent agitator of the German people. He adhered to the nazi-socialist movement and formed various political and cultural associations, strongly anti-Italians.

In 1937, when Hitler marked the borders of Brennero for Italy, Reut-Nikolussi passed to the opposition.

After 8th September 1943 he stayed at Innsbruck and started a violent agitation for the annexion of the Alto Adige to Germany.

After the armistice Avv. Reut-Nikolussi started again his activity as chief of the South-Tirolese irredentist movement from Innsbruck, in contact with the military authorities of Tyrol. It is probable that the present leaders of the Volkspartei are always in contact with him and they follow his instructions.

He was seen recently at Bolzano.
