SUBJECT : Agents' Movements in A.C.T.

TO : See Distribution.

Interrogation of a recently captured agent disclosed that in two days he had passed through five roadblocks and check points without having his papers scrutinized. At three of these no checking was done, at the other two he was riding in a civilian horse-drawn vehicle and although the driver's papers were examined in each case he merely pretended to pull out his documents for examination and did not actually present them.

When eventually arrested his identity card was found to contain certain irregularities which would have aroused suspicion had any earlier examination been carried out.

SUBJECT : Parachute Agents.

One of the recently captured agents trained at the MORTINE school stated that a new method would probably be used for dropping other agents from the same school.

They would be dropped three at a time in a box. The box is described as having collapsible sides and is large enough to hold three men lying flat. It is supported by four parachutes and is carried in a horizontal position below the fuselage of the plane. This method is supposed to have been used successfully in RUSSIA.

MARULLO Luciano - Student aged 17.

Arrested: 5 July 1944 by the Allied Police of Via Sicilia 59 and now detained in the "Riformatorio per minorenni" "Aristide Gabellini" of Rome.

Accused of espionage.

His father, Signor Fortunato Marullo, Via Dalmata 29 Rome, asks that the young man's case be reviewed and that the testimony of the family be given special consideration inasmuch as the family (and the young man himself), it is stated, can prove their anti-Nazi-Fascist sentiments and their patriotic activity during the period of the German occupation of Rome.

The father earnestly asks that his son be released, at least on parole, from the reformatory and its influences and states that he will guarantee all conditions which the Security Officers may wish to stipulate.

Reference in favour of the young man: The Reverend Pastor of the Church of "San Giuseppe in Via Nomentana."

10 December 1944

CARLO PELLEGRINI.

Was arrested by the Allied Authorities, tried for espionage and condemned to death, the sentence subsequently being commuted to 20 years imprisonment.

His mother, Signora Amelia Tropeani, vedova Pellegrini, petitions a reconsideration of his case stating that her son, aged only 18 years, is really a victim of Germans and although he succeeded several times in escaping from their control, he was recaptured each time.

Signora Tropeani adds that her son is suffering from tuberculosis and she submits the enclosed medical certificate testifying to his condition. She petitions therefore that he be given the necessary medical care.

On the 2nd of January 1945 at 2 o'clock Di Marco Silvio son of Virgilio and of Ciamparini Teresa, born in Pittoli (Aquila) on the 18th of November 1923, peasant, living in contrada Tagliatella (Rome) presented himself to the General Direction of the meccanica manufactures of the Legnano group at S. Maria Galera. He said that at 6 o'clock of the same day a fellow about 24 years of age came to his house and stated he was an Italian soldier going to Rome on leave. He wore a civilian light grey suit, a dark blue coat, a dark blue sweater with a zip, and his height seemed to be about 1,70. On his coat there were some blood spots on his coat, his forehead and his cheeks were injured, and his right shoulder ached. In order to explain his condition he said that, being drunk, he fell on the evening before, and affirmed that he was going from Viterbo to Rome on leave. He left the house at eight o'clock leaving his knapsack and saying his father would come and fetch it in three or four days. The Commandant of the CC.RR. 51 section Mista p.m. 155 ordered to fetch the knapsack. Said sack was very worn out and contained a very small German transmitting and receiving radio apparatus, a camera "Leica" with a film and some identity documents released by the commune of Zevio (Verona) which showed the below mentioned particulars, some writings noted on an attached sheet of paper. On the night from the first to the second inst. in a certain locality was heard an aeroplane and a little while afterwards some persons called each other in a loud voice. FATTORI Giulio of Franco and of Marigo Lilliana, born on the 29.8.1925 in Zevio (Verona), living there at via Roma, 15, student".

The above stated fact is transmitted to you for your information.
