From our records it appear that on the 20.11.1932 he was denounced for continued theft.
After the scissions which occured in the centre of the first Association of the Patriots of Italy - veterans of the 4 Days of Naples - the Patriotic Movement of this city, which should have, with serious intention and action value the contribution of the Neapolitan patriots in sending away the Germans from Naples, degenerated in a low form of speculation due to various members who, for vanity or personal convenience formed the present associations, which of true patriots have only the name. These associations have always become more populated of all kinds of persons such as "adherents and sympathizers" who have received the identity card by paying.

The a/m Associations are always disagreeing for competition reasons as it appears from their instability and from the continuous scissions which up to now have characterized them so that they have lost the esteem of the public opinion which they had at the beginning.

Recently in the Patriotic Movement Office in Via Chiaia 197, due to quarrels between ORBITELLO Mario and the criminal MAIO Leopoldo, ORBITELLO was expulsed from the party and immediately formed for himself the Italian Patriotic Party, with Office in Vico 2° S. Giacomo N. 5, uniting with the Association of RUBINO Leopoldo, and later they divided again for money reasons, so that at present he leaning towards the Italian Democratic Party, situated in Galleria Umberto N. 50, while at the same time he is making propaganda for the "Front of the Man of the Street". ORBITELLO at the beginning showed communist tendencies, later Liberal and now he is a supporter of the Monarchy. In conclusion it can be stated that in each of the a/m Associations under-hand currents are working, which by intrigues attempt directly or undirectly to the National Unison, causing disbandments, delusions, incidents troubling sometimes also the public order, as it happened on the 27.11.1945 in Somma Vesuviana, caused by the so-called Captain CERNIA Mario fu Sigismondo and others, later dismissed from the Arditi Division and also in Pomigliano d'Arco where the socalled patriots provoked [illegible] and incited unemployed and ex PCF to devastate

After the scissions which occured in the centre of the first Association of the Patriots of Italy - veterans of the 4 Days of Naples - the Patriotic Movement of this city, which should have, with serious intention and action value the contribution of the Neapolitan patriots in sending away the Germans from Naples, degenerated in a low form of speculation due to various members who, for vanity or personal convenience formed the present associations, which of true patriots have only the name. These associations have always become more populated of all kinds of persons such as "adherents and sympathizers" who have received the identity card by paying.

The a/m Associations are always disagreeing for competition reasons as it appears from their instability and from the continuous scissions which up to now have characterized them so that they have lost the esteem of the public opinion which they had at the beginning.

Recently in the Patriotic Movement Office in Via Chiaia 197, due to quarrels between ORBITELLO Mario and the criminal MAIO Leopoldo, ORBITELLO was expulsed from the party and immediately formed for himself the Italian Patriotic Party, with Office in Vico 2° S. Giacomo N. 5, uniting with the Association of RUBINO Leopoldo, and later they divided again for money reasons, so that at present he leaning towards the Italian Democratic Party, situated in Galleria Umberto N. 50, while at the same time he is making propaganda for the "Front of the Man of the Street". ORBITELLO at the beginning showed communist tendencies, later Liberal and now he is a supporter of the Monarchy. In conclusion it can be stated that in each of the a/m Associations under-hand currents are working, which by intrigues attempt directly or undirectly to the National Unison, causing disbandments, delusions, incidents troubling sometimes also the public order, as it happened on the 27.11.1945 in Somma Vesubiana, caused by the so-called Captain CERNIA Mario fu Sigismondo and others, later dismissed from the Arditi Division and also in Pomigliano d'Arco where the socalled patriots provoked disorders and incited unemployed and ex POW to devastate the Alfa Romeo factories.

Already this Office has proposed to the local Prefettura the disbandment of said Associations, according to art. 210 of the T.U. of Public Safety Laws, as dangerous to the the Public order, especially in view of the elections, and also considering that their members for what concers their political opinions, even belonging to different parties, they can hold to their beliefs.

I refer to the reports from this Office N. 1024783 dated 1 Dec. and number 1020897 dated 20 Dec. 45
