 To : S.E. Mauro Scoccamarro,
 Minister of Occupied Italy.

Your Excellency,

I wish to draw your attention to the recent appointment of Dr. Sciorilli Borelli, Umberto as Chief of Cabinet to the Ministry of Occupied Italy.

Information has been received from reliable sources concerning him and his activities in the past which proves his appointment to be most undesirable.

In view of the above facts which render him non persona grata with the Allied Military Government it is a matter of urgency that he should be replaced immediately by a suitable official.

Yours very truly

G.R. UPJOHN, Brigadier,

SUBJECT : SCIORILLI BORRELLI, Umberto

TO : Director, Public Safety Sub Commission

1. The following information has been received regarding the background of the above named who has recently been appointed Chief of Cabinet at the Ministry of Occupied Italy, by H.E. SCOCCIMARRO.

2. Subject was born at Chieti on 12-4-1892 and now lives at 29, Via Luigi Luzzatti, Rome. He joined the staff of the Ministry of the Interior as a clerk in 1911. Subsequently he was appointed Vice Prefect at Salerno where his record was decidedly bad. Later he was appointed to the Public Health department under Giovanni PETRAGNANI, an ardent Fascist from early days.

3. In September 1942, Subject was appointed Prefect of Taranto and owing to his arrogant manner he was not liked. During the corn thrashing in 1943, BORRELLI attended a banquet of Major Importance with all the higher Fascist leaders. At the time there was a food shortage and the public outcry was so great that the Fascist Government instituted an enquiry with the result that the Fascist "Gerarchi" were punished by the Party and BORRELLI was relieved of his office. Subject, however, succeeded in getting his removal cancelled by the then Under Secretary of the Interior ALBINI.

4. In January 1943, he was awarded the German Eagle Order of Merit on the direct request of the German Embassy in Rome. Photographic copies of the relevant documents are in the possession of this Division.

5. He was appointed Prefect of Cattaro Dalmazia, in August 1943 during the first Badoglio Cabinet and continued

until October. BORRELLI returned to Italy in November of the same year and this suggests that he must have been favourably regarded by the German authorities because at the time no Italian was permitted to return to Italy unless he had sworn allegiance to the Fascist Republican Government.

6. After the arrival of the Allies in Rome he endeavoured to re-establish himself with the new authorities Seeking the support of the Communist Party and especially that of SCOCIMARRO he was appointed to the Epuration Commission set up for the police This man cancelled in October 1944 by a decree of the Prime Minister owing to subject's somewhat doubtful background. This Sub Commission I understand are in possession of this information.

7. During the autumn of 1944 he was by some subtle arrangement he became the President of the Co-operative Movement within the Ministry of the Interior but was later removed by the employees themselves. In the course of this work he obtained a circular permit for a motor car on the statement that the vehicle would be used in connection with the co-operative movement. The car was hired by a certain RUGGERI, who used it for black market dealings and to transport persons at high rates.

8. Subject was in October 1944, interviewed by Col. Spicer of this Hq. and his behaviour was far from proper.

9. BORRELLI has now been appointed by SCOCIMARRO, Chief of Cabinet, of the Ministry for Occupied Italy.

10. In view of this man's past history, which shows he was on very good terms with the German authorities, his recent appointment might be considered undesirable from a military security and Military Government standpoint when occupied Italy is taken over by the Allies.
