3rd October 1946

TO : A/Ex. Commissioner.

I have spoken again to AFHQ G-5 (Lt. Col. WHITE) on the 3rd October on the subject of proper channels to be followed as regards requests from Allied representatives in Italy for arrest of listed war criminals.

Col. WHITE said that if representatives of Allied Governments in Italy present to ALCOM requests for arresting listed war criminals, the Allied representatives should be informed that they can forward such requests either to AFHQ or to the Italian Government, since the Allied Commission is not the correct channel either to AFHQ or to the Italian Government for any Allied Government who has some sort of diplomatic relations with Italy. ALCOM is the correct channel only for AFHQ if the latter wants to ask the Italian Government to arrest a listed war criminal.

The procedure laid down on this subject by AFHQ G-5 letter of 4 February as amended by G-5 letter of 28 February 1946 to the effect that the Allied Commission will act as a channel to AFHQ A-3 Branch for the arrest of listed war criminals, applies only to requests made by the Yugoslav representative on the Advisory Council for Italy, since Yugoslavia has no diplomatic relations with the Italian Government.

As regards the French request for arresting three listed Italian war criminals, Col. WHITE said that ALCOM must not take any action on the letter from GHQ of 12th September until AFHQ G-5 clarifies the matter with GHQ-A Branch, so much so since one of the three listed Italian war criminals wanted by France, namely VALENTE, is employed by the Allies in Italy. It would be just the wrong thing to do to ask the Italian Government to arrest him.

There has been some confusion in the past as regards handling through proper channels requests from Allied representatives in Italy for arrest of listed War Criminals.

On 3rd October 46 in a telephone conversation between AFHQ (Lt. Col. WHITE) and AC Civil Affairs Section (Capt. VELLA) the following procedure has been agreed upon pending confirmation from AFHQ G-5:-

If representatives of Allied Governments in Italy present to the Allied Commission requests for arresting listed War Criminals, the Allied representatives should be informed that they can forward such requests either to AFHQ, or to the Italian Government, since the Allied Commission is not the correct channel of communication either to AFHQ or to the Italian Government for any Allied Government which has some sort of diplomatic relations with Italy.

AICOM is the correct channel only for AFHQ if the latter wants to request the Italian Government to arrest a listed War Criminal.

The procedure laid down on this subject by AFHQ G-5 letter of the 4th February as amended by G-5 letter of the 28th February 46 to the effect that Allied Commission will act as a channel to AFHQ A-3 Branch for the arrest of listed War Criminals applied only to requests made by the Yugoslav representative on the Advisory Council for Italy, since

C O P I APRO - MEMORIA

Il Comando Militare Alleato in Italia ha effettuato, anche recentemente, e su larga scala, arresti di militari italiani accusati di violazione di norme di diritto internazionale di guerra.

La violazione del diritto internazionale bellico ove siano regolarmente accertate, importano, come è noto, una responsabilità dello Stato di cui è organo il militare autore materiale del torto. Tale responsabilità si traduce nell'obbligo di questo ultimo Stato di concedere allo Stato che ha sofferto la violazione una riparazione consistente nella punizione del colpevole, punizione che, normalmente, è di competenza esclusiva dello Stato cui appartiene il militare.

E' noto tuttavia che il diritto internazionale concede eccezionalmente allo Stato lesso, quando vi sia lo stato di guerra guerreggiata, il diritto di procedere esso stesso alla punizione dei militari nemici autoriti di "war crimes" che, durante le operazioni belliche, cadano nelle sue mani. La ragione di tale eccezione che si trova ribadita dalle istruzioni militari di tutti i paesi è evidente, in quanto finchè perdura la lotta armata lo Stato lesso si troverebbe altrimenti nell'impossibilità assoluta di ottenere soddisfazione delle violazioni subite. Sia infatti che lo Stato avversario si sia rifiutato di procedere alla richiesta punizione dei colpevoli, sia che, pur volendolo, non possa farlo perchè gli organi incriminati non si trovino ormai più a sua disposizione essendo caduti in mano del nemico, i colpevoli resterebbero impuniti e lo Stato lesso non soddisfatto del torto patito se, in queste ipotesi eccezionali, non gli competesse il diritto di procedere esso stesso alla punizione.

Se quindi questa eccezione è indubbiamente ammessa, chiari ne sono peraltro i limiti, riconosciuti da tutta la dottrina anche anglosassone, e implicati nella ragione stessa del principio: 1) non è possibile procedere, anche durante le operazioni belliche, alla punizione di un militare nemico quando esso sia già stato punito dal suo Stato nazionale per la violazione del diritto internazionale di cui esso è colpevole; 2) questo diritto eccezionale di punizione spettante ad uno Stato belligerante, cessa automaticamente col cessare della guerra guerreggiata, ossia non appena risorge per lo Stato lesso la materiale possibilità di chiedere allo Stato cui appartiene l'organismo incriminato, di punirlo e di riparare così al torto internazionale commesso.

Da tutto ciò consegue che se i Governi alleati potevano considerarsi legittimi a punire essi stessi direttamente dei militari italiani che risultassero avere a carico effettive violazioni del diritto internazionale di guerra belliche, o ancora finché perduravano?

La violazione del diritto internazionale bellico ove siano regolarmente accertate, importano, come è noto, una responsabilità dello Stato di cui è organo il militare autore materiale del torto. Da tutto ciò consegue che se i Governi alleati potevano considerarsi legittimi a punire essi stessi direttamente dei militari italiani che risultassero avere a carico effettive violazioni del diritto internazionale di guerra, finchè perduravano le operazioni belliche, o, ancora finchè perdurava il governo militare alleato, tale suo potere è peraltro assolutamente cessato dal momento in cui il territorio italiano è stato restituito alla normale amministrazione del Governo Italiano. Da tale momento non può esservi dubbio che il Governo Italiano ha riacquistato pienamente la sua esclusiva competenza a procedere esso stesso direttamente alla punizione dei colpevoli, ed a fornire così ai Governi alleati la dovuta soddisfazione per le violazioni degli obblighi internazionali che questi ultimi avessero dovuto patire.

23

X

- 2 -

Tale conclusione è del resto confermata pienamente dalle dichiarazioni alleate. Mentre infatti l'armistizio di Malta - redatto quando le operazioni perduravano e mentre qualche incertezza poteva ancora sussistere sulla sorte dello Stato Italiano e sulle possibilità di ottenere da esso la punizione dei criminali di guerra - prevedeva la consegna alla forze delle Nazioni Unite delle persone sospette di aver commesso crimini di guerra, già la stessa dichiarazione di Mosca del 30 ottobre 1943 sull'Italia, abbandonava tale criterio e stabilendo espressamente un diverso trattamento per l'Italia e per la Germania, chiedeva solo, per la prima, che "i generali dell'esercito conosciuti e sospetti per essere criminali di guerra siano consegnati alla giustizia" - espressione con la quale non si poteva evidentemente intendere altro che la giustizia per essi competente, ossia la giustizia italiana.

Il Governo Italiano è naturalmente pronto ad iniziare immediatamente tutti quei procedimenti che i Governi alleati vorranno richiedergli per l'accertamento e l'eventuale punizione delle violazioni del diritto internazionale di guerra commesso da militari italiani, e a dare per tale via la dovuta soddisfazione ai Governi alleati ogni qualvolta essa risulti giuridicamente dovuta.

REGULATIONS FOR THE TRIAL OF WAR CRIMES

1. As used in these regulations the expression "war crime" means a violation of the laws or customs of war.
2. Military commissions appointed by the Theater Commander or by other commanders under authority delegated to them by the Theater Commander, shall have jurisdiction to try all cases referred to them of persons accused of committing war crimes.
3. A military commission shall consist of not less than three officers, the senior present at any trial being president. For each military commission there shall be appointed a judge advocate and a defense counsel with such assistants as may be required, whose duties shall be similar to those of like officers before general courts-martial.
4. The president of a military commission is empowered to appoint court reporters and interpreters who shall be entitled to such compensation as may be authorized by law and regulation.
5. A formal charge and investigation as provided for court-martial procedure is not required for military commissions. The charge may state the offense by its legal name or may describe it in terms of international law. The specification may in non-legal terms set forth the details of the act constituting the offense. It should also include expressions to enable the commission to determine its jurisdiction both in respect of the offense and the accused. The charge should be subscribed by any person subject to military law but need not be under oath.
6. Members of a military commission may be challenged for cause either by the accused or by the judge advocate, but they shall not be subject to removal upon a peremptory challenge.

e. Any diary, letter or other document may be received in evidence as to the facts therein stated.

f. If any original document cannot be produced or, in the opinion of the president of the commission, cannot be produced without undue delay, a copy or translated copy of such document or other secondary evidence of its contents may be received in evidence. 1. a. The Combined Chiefs of Staff have stated that a directive defining responsibility in respect of war crimes is awaiting governmental decisions. Directions have also been received that upon receipt from the United Nations War Crimes Commission of lists of war criminals, and pending further instructions from the Combined Chiefs of Staff, the persons listed may be taken into custody and detained without further evidence against them. They will not, however, at present be arrested as "WAR CRIMINALS" but as normal PW or on security grounds.

b. Italians who are listed as war criminals and who are at large in ITALY may also be apprehended, but further directions are to be sought in all cases in which they may already have been detained by the Italian authorities or in cases in which the persons listed are now collaborating with us.

2. Up to the present moment seven (7) lists of war criminals have been received from the United Nations War Crimes Commission. It is anticipated that further lists will be issued and copies of all lists (except lists of Japanese) will be circulated to all concerned.

3. A Central Index has been established for AFHQ in G-1(Br) on which all information as to the arrest and disposal of persons listed is to be recorded.

4. a. Commanding Generals, Fifth and Eighth Armies, PBS and No. 1 District are respectively responsible for determining whether any persons on the lists are under their control.

b. If any person under their control is identified as a person on any list, or there are reasonable grounds to believe that he is identical with a person listed, they will order the status of such person (if not already a PW or interned as a security suspect) to be changed to that of a PW or internee on security grounds, and he will be passed through the normal channels to the appropriate detention area.

5. In order that accurate information may be available in the Central Index office at this headquarters concerning the status and location of each suspect apprehended, an immediate report by signal if practicable will be transmitted to this headquarters in all cases in which action is taken under paragraph 4b above. This report will include the name, the enemy unit, the date of arrest and the place and mode of detention. Any change in the place of detention will be notified in the same way. All reports relating to suspects will include the words "WAR CRIME". If report is made other than by signal it will be prepared in duplicate, one copy marked for G-1(Br) and the other for Theater Judge Advocate, MTOUSA.

6. Addressees will report to this headquarters any cases which may come to their knowledge in which Italians listed as war criminals have already been detained by the Italian authorities. Any available information as to place of and

reason for detention will be included in the report which will also include the words "WAR CRIME"; no steps will be taken to request the Italian authorities to hand over any person in their custody; any further action necessary will be taken by this headquarters.

7. If in any case an Italian at large in ITALY is identified as a listed war criminal and he is known to have been collaborating with the Allies he will nevertheless be taken into custody as a security suspect, but a full report on the nature and extent of his collaboration will be forwarded as soon as possible after the preliminary report of his detention.

8. No person in detention as a listed War Criminal will be surrendered to the representatives of a nation other than UK or US.

9. In the event that any commander, other than those referred to in paragraph 4a, discovers a person under his control who is listed as a War Criminal, he will take action in conformity with this directive.

The following procedure will be adopted by British forces in this theater in order to implement the directive of the Combined Chiefs of Staff of 29 Oct 43 and Allied Force Headquarters Circular (War Criminals) under reference AG 000. 5-1 G.A.P.--A.G.M., dated 27 Nov 43.

For the purpose of this directive war crimes are defined as violations of the laws and customs of war, examples of which are set out in paragraph 443, chapter XIV, Manual of Military Law.

As soon as any circumstances suggesting the commission of a war crime come to the notice of any officer he will immediately notify his commanding officer who will cause an investigation to be made and if necessary, apply through the usual channels for the assistance of the Field Security Police. Statements will be obtained from any available witnesses.

When the investigation has been completed a brief report together with any statements obtained from witnesses will be forwarded through the usual channels to D.I.G., A.M.D., who will advise G-1(B) whether a court of inquiry should be assembled, its terms of reference, and the witnesses to be summoned. If a court of inquiry is ordered to assemble, it will do so, when practicable, at or near the scene of the alleged crime. It will consist of two officers, the president being a member of the Deputy Judge Advocate staff of the Judge Advocate General and the convening officer will order that the evidence be taken on oath.

Whenever practicable the accused will be present and will have the right to be represented by a military officer as counsel.

The court will record all relevant evidence whether for or against the accused and will receive any evidence which in their opinion has probative value.

The evidence will be recorded in narrative form except that the cross-examination of witnesses will, upon the request of the accused, be recorded in the form of question and answer.

Each witness will sign his name at the foot of the record of his evidence.

The examination and cross-examination of witnesses will normally be conducted by a military officer, termed military counsel (when practicable a member of the JAG's legal staff) and by a military officer, termed defence counsel (when practicable an officer with legal qualifications).

The president may question any witness in order to supplement the information adduced by counsel.

The following certificate will be signed by the president and member at the foot of the proceedings:-

INVESTIGATION OF WAR CRIMES

1. The following procedure is established to effect the purposes of the directives concerning war crimes of the Combined Chiefs of Staff of 29 October 1943 and Allied Force Headquarters Circular of 27 November 1943.

2. For the purpose of this directive war crimes are defined to be violations of the laws and customs of war, examples of which are set forth in paragraphs 347 and 355 of the Rules of Land Warfare, U. S. Army.

3. In order that the testimony of witnesses may be recorded in such form that it shall be admissible in their absence before legal tribunals in accordance with generally accepted rules, the following procedure is prescribed:

a. Whenever practicable, witnesses will be examined and cross-examined under oath on oral interrogatories in the presence of the accused and before a military officer termed a commissioner, who, for the purpose of such examination, shall have authority to administer oaths as an officer detailed to conduct an investigation within the purview of Article of War 114, U. S. Army.

b. The accused shall be entitled to be represented by counsel.

c. The oral examination of witnesses shall normally be conducted by military officer termed military counsel and by a military officer termed defense counsel, if the accused desires counsel. The commissioner before whom a witness is being examined may interrogate the witness in order to supplement the information adduced by counsel.

d. The examination of witnesses will take place when practicable at the scene of the alleged crime and as soon thereafter as circumstances permit.

4. a. The Commanding General of each Army shall designate, from officers of his command, one officer of field grade with legal qualifications as commissioner, one officer as military counsel and one officer as defense counsel.

b. Each Army Commander shall refer to the commissioner designated by him all cases involving war crimes in which the accused is in the custody of the Army Commander. He may also refer to such commissioner cases involving war crimes if witnesses are available in his command though the accused may not be in custody or even identified.

5. a. The commissioner to whom cases are referred is responsible for their prompt investigation and reduction of the available evidence to permanent form,

as prescribed herein. To accomplish this result he is authorized to give necessary instructions to the military counsel and the defense counsel in the preparation of interrogatories and cross-interrogatories and take such action with respect to time and place for conducting the taking of testimony as circumstances warrant.

b. The commissioner is responsible for the taking of all available testimony and for submitting the same in due form to the Army Commander by whom he was designated. He will authenticate the testimony of each witness at the end of the transcript by certificate as follows:
