Transportation for Puns

AMGOT 8551/A/ED

Colonel Caspaccio,
General Patton's HQ.

17 November 3

In confirmation of our conversation this morning, I have talked with Lt. Col. G. H. Wayne, Educational Advisor to the Sub-Commission, and report as follows:

1. We are deeply interested in getting all qualified schools open and are therefore desirous of helping in any way conducive to that end.
2. The transportation problem is acute in the island and the best we can promise is to do our best to get transportation to Palermo for the Puns whom you and we wish here in Palermo for educational duties.
3. If you will be good enough to furnish Lt. Colonel Wayne, this office, or have the Arch-Bishop do it, the number to be transported, the specific duties for which transport is sought, and the date it is desired, he will do his best to further our joint purpose.

Lt. Col. F. V. Smith,
Deputy for Education.

 AMGOT HQ. SICILY
 11 October 1943

SUBJECT: Railways - Instructions to
 C.A.O.'s Concerning Permits
 to Travel.

TO : All S.C.A.O.'s.

1. The Military Services who are charged with the responsibility for supervising the operations of the railways have complained that passes signed by C.A.O.'s are constantly presented to officers of their units. These passes state that the bearers are entitled to ride on trains or that they are authorized to ride on trains if any are available.

2. The operating battalions cannot permit civilians to ride freight trains. An unnecessary burden is placed on the officers of the battalions when they are compelled to explain to civilians that notwithstanding a pass signed by a C.A.O. they will not be permitted to ride freight trains.

3. At such time as AMGOT is given supervisory control of railway, necessary directives concerning operation and use of the railways will be issued.

4. In the meanwhile S.C.A.O.'s are directed to instruct C.A.O.'s that no permits should be issued to civilians authorizing requesting, or suggesting train transportation. This does not apply in those instances where prior arrangements have been made with the military operating services for passenger trains.
