REF : ED/3.2

I wish to bring to your attention a case which exists now regarding the lack of availability of transport.

An Officer of my Subcommittee is under orders to proceed on duty to Matera. He has been waiting since Monday 6th March and daily has been informed that no transport is available for this purpose.

The impression was conveyed that an unduly large proportion of transport is retained solely for the needs of service officers.

Since this state of affairs leads to delay in official business, can something be done about it, please?
