SUBJECT: Promotion of Officers

REF : ED/25

DATE : 17 February 1944

1. On my departure from this theatre I wish to make the following recommendations for appointments and promotions of British Officers of my staff:

(a) G.S.O. I

Captain (Temporary Major) W.H. SHERWOOD, R.E. (146995) from G.S.O. II and is granted the acting rank of Lieut*Colonel w.e.f. 23 February 1944, vice Lt. Colonel G.R. GAYRE, A.E.C. to another appointment.

(b) G.S.O. II

Lieut (Temporary Captain) A.A. VESSELO, A.E.C. (163583) from G.S.O. III and is granted the acting rank of Major w.e.f. 23 February 1944 vice Major W.H. SHERWOOD, R.E. to another appointment.

(c) G.S.O. III

Lieut. J.V. VELLA, G.L. (301892) from Staff Lieutenant and is granted the acting rank of Captain w.e.f. 23 February 1944, vice Captain A.A. VESSELO, to another appointment.

2. I enclose AF's 194 D in respect of these recommendations and add the following remarks:

(a) Major W.H. Sherwood has been my assistant since last October and has had the entire administration of the sub-commission in his hands. He has, in addition handled all public relations with Italian Educational Officials and has been invaluable in the assistance he has given to my work of removal of fascist elements in the universities, work which he is to undertake after my departure, and which he may be relied upon to do with justice and competence. Apart from the fact that this officer is deserving of promotion, he should hold higher rank in order that he may have the maximum authority for the efficient carrying out of his work.

(b) Captain A.A. Vesselo was sent to take charge of Region II as Education Director, in November. Region II has proved to be the most difficult region so far as schools are concerned, so far occupied. Captain Vesselo took charge of scholastic matters in this region in the most admirable way and has done a job there deserving of the highest commendation. His promotion to the rank of Major is very strongly recommended.

-2-

(c) Lieutenant J.V. Vella has been with this Sub-commission but a short time, but has already shown admirable qualities of initiative, tact and decision which have proved of the utmost value in the examination of fascist elements in the University and in relations with scholastic officials.

The promotion of these officers ^{is} are very strongly recommended.

SUBJECT: Commendations

REF : 12/3

DATE : 9 February 1944.

1. In view of my imminent departure from this Theatre of Operation I wish to make the following special commendations:

MAJOR CARLETON W. KAMBUENE, AUS (0519832)(A)

Due to the very great energy shown by this officer it has been possible to bring to a successful conclusion the most difficult task of revising and printing the text books in the field. These books should have been prepared before the invasion and the task of revision and printing in a war-stricken country has been no light one. In recognition of his services to education the University of Messina has conferred upon him the honorary degree of Doctor of Pedagogy.

I recommend that this officer be promoted to the rank of Lieut-Colonel.

MAJOR W.H. SHERWOOD R.E. (146995) (B)

This officer has had the administration of the Sub-Commission under his control and by his work has lifted from my shoulders the bulk of the routine and military work, which has enabled me to concentrate upon the work for which I was specially sent here by the Director of Army Education, namely the removal of Fascism and the restoration of the Educational system. In addition *all* public relations with Italian Educational Officials have been dealt with by him. In recognition of his work the University of Messina has conferred upon him the honorary degree of Doctor of Letters. On my departure Major Sherwood should undertake the work of the universities with which he is completely conversant, and in order that he shall have the necessary authority I recommend that he be promoted to the rank of Lieut-Colonel.

MAJOR G.R. KOOPMAN (0517750) (A)

This officer has shown particular devotion to duty especially in the removal of Fascist Provveditori and Presidi in the schools in Sicily. I recommend that this officer be promoted to the rank of Lieut-Colonel.

-2-

CAPTAIN A.A. VISSERO, A.E.C. (168383) (B)

This officer entered Region II as the first Director of Education in the Region and has done excellent work in a territory of exceptional difficulty. Although isolated and having little contact with Hq, and needing to use his initiative, he has always done so with judgement and discretion. He has carried out scrupulously the policies laid down by this Hq.

I recommend that this officer be promoted to the rank of Major.

CAPTAIN GEORGE OYER (9518330) (A)

On reaching Naples as Director of Education, Region III, he found a difficult situation; the Italian officials having assumed unwarranted powers both in the school and university systems. His handling of this position, which is rapidly bringing Region III into uniformity with the policy of the rest of the territory, has been admirable.

I recommend that this officer be promoted to the rank of Major.

TO : SCAO, AMG Venezia Giulia.

Dear Al :

I am responding to your request with a personal letter so that I can be entirely frank. You have asked me to analyze the situation in regard to a possible Regional Education Officer for Venezia Giulia. Here is the entire personnel of the Education Subcommittee:

1. Lt. Col. Carleton W. WASHBURN, (A) Director
2. Captain Joseph V. VELLA, (B) Executive Officer
3. Major Francis GREGORY, (B) REO, Venetia
4. Major Arthur VESSELO, (B) REO, Lombardia
5. Captain Stanley OPENSHAW, (B) EO, Lombardia
6. Captain Sam NOE, (A) REO, Piemonte
7. Captain Paul HEILMAN, (A) EO, Piemonte
8. Captain Willis PRATT, (A) REO, Emilia
9. Captain Dexter TILROE, (A) EO, Emilia
10. Captain G.F.T. WAGSTAFF, (B) EO, Liguria
11. 1st Lt. John SIMONI, (A) REO, Liguria

Let's check them off, in order, in regard to possibility of serving you as REO:

1. Myself. With my work at headquarters, my contacts with the Minister, and the coordination of all northern Regions, my hands are more than full, and there is no one who could at this time replace me.
2. Captain VELLA. British; Italian background; no Regional education experience; indispensable here. Obviously unsuitable for Venezia Giulia.
3. Major GREGORY. British. Hands full organizing Venetia. Due for release from army next month. No use to you.
4. Major VESSELO. British. Has long job on his hands in Lombardia. Temperamentally unsuited for handling your situation. I can elaborate on this if you so desire.
5. Captain OPENSHAW. British. Brief experience as assistant REO. Due for release from army next month. No use to you.

8. Captain Willis PRATT, (A) REO, Emilia
9. Captain Dexter TIROE, (A) EO, Emilia
10. Captain G.F.T. WAGSTAFF, (B) EO, Liguria
11. 1st Lt. John SIMONI, (A) REO, Liguria

Let's check them off, in order, in regard to possibility of serving you as REO:

1. Myself. With my work at headquarters, my contacts with the Minister, and the coordination of all northern Regions, my hands are more than full, and there is no one who could at this time replace me.
2. Captain VELLA. British; Italian background; no Regional education experience; indispensable here. Obviously unsuitable for Venezia Giulia.
3. Major GREGORY. British. Hands full organizing Venezia. Due for release from army next month. No use to you.
4. Major VESSELO. British. Has large job on his hands in Lombardia. Temperamentally unsuited for handling your situation. I can elaborate on this if you so desire.
5. Captain OPENSHAW. British. Brief experience as assistant REO. Due for release from army next month. No use to you.

6. Captain NOE, American. Well qualified in experience for your job, and an excellent Education Officer. He could be relieved from Piemonte. But I seriously question whether he would have any heart for the work in Venezia Giulia - his one desire is to get back home. He is, as you know, disillusioned and embittered by non-promotion. He might rise to the occasion in Venezia Giulia, but I am afraid to risk it. If, however, you wish to take him on your own risk, I'll be glad to try to arrange for his transfer to you.

7. Captain HEILMAN, American. Temperamentally an old man. Completely lacking in initiative. A good plow horse under direction of a competent education officer, but utterly unsuitable for your purpose.

8. Captain Willis PRATT, American. If he were well and not liable to emergency release on a moment's notice, he would be the ideal man for you. Under the present circumstances I think you would seriously risk the Venezia Giulia situation and do personal damage to PRATT if you took him.

9. Captain TILROE, American. His position is very uncertain, since he is earmarked for Austria and only on t/d with us. He is unpredictable - sometimes very good, sometimes quite irresponsible. He is dictatorial and tactless at times in dealing with school personnel. I cannot recommend him for your job.

10. Captain G. WAGSTAFF, British. An able, energetic man, with interest and plenty of initiative. Good experience as acting REO in Sardinia for a year. But he is due for release from the Army next month.

11. 1st Lt. John SIMONI, American. His only drawback is Italian ancestry and name, and the fact that he came over to Italy from America to study in the secondary schools, before taking his University work in the United States. But he is, next to PRATT, the ablest Regional Education Officer in this Sub-commission. He does not look Italian, although he speaks it perfectly. He is young, vigorous, efficient, tactful and fair. He is liked by both civilian school personnel and by all Allied officers with whom he deals. He is thoroughly experienced - the first Education Officer for Frosinone Province, Regional Education Officer for Abruzzi-Marche and Marche-Umbria, then for Liguria - knows the job from A to Z. Has had highest praise from all with whom he has worked. Is eager to do the job in Venezia Giulia, would throw his heart into it, and stay with you till the end. Perfect health.

I discussed the question as to whether his Italian ancestry would be a serious handicap with the Slav representative and National Liberation Committee representatives in all three provinces, and with all three area commissioners. They were unanimous in feeling that the Italian ancestry was of minor importance, and that if he can do the best job and be the most permanent he should be appointed. His dealings will necessarily be with the more educated part of the population - university personnel, provveditori agli studi, school heads, some secondary school professors,

occasionally teachers. The school people, your Area Commissioners tell me, are the more reasonable elements in the population.

I have watched SIMONI's work closely for a year and a quarter, and I have great confidence in him. He is serene, diplomatic, just, intelligent and very capable. I strongly recommend him to you as your staff Education Officer for Venesia Giulia. He can be sent to you almost immediately if you signal me.

With best wishes to you, Al, in your new, difficult, interesting and challenging job, I am

Sincerely yours

(Attention: Lt. Col. J. L. JONES, Executive Officer (B))

Reference your C-12/337/O of 16 December 1944.

1. Captain BEARD's unsuitability is of long standing. It is reported that while Lt. Colonel T. V. SMITH was Director of Education he repeatedly stated that if the Education Subcommittee was to be reduced to its ceiling (it then being over-strength) Captain BEARD was one of the officers it could most readily dispense with.

2. It is not desired by the Education Subcommittee to register a complaint against Captain BEARD or to place on record anything to his detriment. It is merely pointed out that neither in interest nor temperament is he suited for the particular job to which he has been assigned, or to any other available job in the Education Subcommittee. It is further pointed out that no other officer in the Education Subcommittee is available for the work being done by Captain BEARD. Therefore it is important from the standpoint of the work of the Education Subcommittee that a vigorous, capable officer (rank unimportant) be assigned in Captain BEARD's place.

To : Colonel T. V. Smith, Education Subcommittee

1. In reply to your letter of 17 July 1944, in which you asked, in the name of the three American officers on the Education Subcommittee, that their reported unfavorable attitude toward religious instruction in the Italian schools be investigated, I am glad to inform you that no facts have been presented which would in any way substantiate any such implications.

2. The Commission welcomes the addition of a Roman Catholic educator with the Education Subcommittee. It is not intended, however, that because of that fact any of the officers presently on duty with the Subcommittee shall be relieved.

Ref. Ed/3.11

17 July 1944

TO : Senior American Officer, A.C.C., Colonel Fiske.

SUBJECT : Request for Investigation of Religious Impartiality of the
Education Subcommittee.

1. This Subcommittee has been asked to replace one of its American majors -- G.W. Washburne or G. R. Koopsman -- by Major Joseph M. Murphy, being sent from the United States on or about 1 August 1944. Major Washburne I have nominated as the American officer to be replaced. But I have done this thing with no easy mind.

2. Major Murphy is being sent as a Roman Catholic, and in itself this is perhaps as it should have been from the beginning in a country, like Italy, predominantly Catholic. Indeed in seeking a British Deputy Director for the Subcommittee, our most obvious need, I have myself more than once suggested to Lord Stansgate that this officer might well be a Roman Catholic. But to replace an officer on religious grounds, with punitive implications, is an act which I feel it my duty as a soldier and certainly my high privilege as a citizen to protest.

3. Professional competence and personal honor are both involved in the manner and the assigned motive of this replacement. Grave injustice is done the officer replaced and serious reflection is cast upon the fairness of this Subcommittee under my direction. Major General Hildring's letter to Colonel Spofford (23 June 1944) suggesting a (general) replacement, concludes with this paragraph:

"In view of the situation as you have outlined it in your letters, and as it appears here, I would suggest that the three officers who have occasioned the difficulties leading to our determination to procure and send Major Murphy -- Lt. Col. Smith, Major Washburn (sic), and Major Koopsman -- might well be assigned to appropriate duties in fields other than Education."

4. All three of the American officers named volunteered for service as educational specialists, and all of us have been continuously used in such capacity until now. There was no other adequate reason for our volunteering or for our being commissioned as specialists. To assign us otherwise, all of us or any of us, without consultation is hard enough, but to suggest such action in the spirit of reprimand surely entitles us as officers to know what we have done to warrant such treatment.

5. There have been rumors (returning heretofore from the United States) to the detriment of this Subcommittee for something reputed to have happened, or which was feared about to happen, before I assumed responsibility for this educational work. Yet my name has been invidiously connected with this. Of course no one pays any attention to rumor while it is merely

aesthetic and entertaining. But one cannot ignore it when official action appears to partake of its coloring. Taking cognizance of such rumors, involving also invidious comparisons between American and British Education officers, the Chief Commissioner, General Macfarlane, wrote (23 March 1944) to Headquarters, Allied Field Force, MGS, a report which closed with this paragraph:

"That the change of education leadership from Lt. Colonel Gayre (B) to Lt. Col. T.V. Smith (A) has not changed the policy or the direction of effort accepted by both and furthered by them both in entire accord. That there is no justification for discrimination between the policies of American and British education officers and that there is no ground for apprehension regarding our policy toward the Church in Italian education under Allied Military Government. I regard the insinuations that the policy of one of my Subcommissions is effected by the nationality of its Chief or members with regret and resentment. All responsible members of the A.C.C. work together as an Allied Team. That is their task and that is what they strive to do."

This Subcommission has not hitherto thought it necessary or appropriate to defer to rumor, however natural against non Catholics in a Catholic land and in the field of education; but has contented itself with such report of facts as requested of us.

6. Perhaps, however, this is enough, Sir, to indicate a situation involving the good reputation of impartiality of certain American officers and to justify this request to you, as the Senior American Officer of this command, for an impartial investigation of our record. As for me, the matter has both a personal and a patriotic side. It is a serious personal consideration to have honor impugned at the very spot which is quickest to a professional man whose lifelong business it has been and will be to be fair. As a former Representative-at-Large in Congress, from Illinois, with constituents of every kind and of all religions, I should not have to go home after the war to fellow-citizens who are already remarking that I let charges of religious bias go unanswered against me. As a university teacher of youth, I should not permit to go without public proof insinuations against my impartiality and fairness. Nor can I as a patriot permit to pass unchallenged the fear or suspicion that religious sectaries can get fair treatment only at the hands of, or under the scrutiny of, like-minded devotees. The sending of a Roman Catholic as Catholic to replace a non-Catholic as non-Catholic (after months of functioning of a Subcommission in whose list not a single Roman Catholic had originally been included by American Higher Authority, though we now have one British Roman Catholic in the Subcommission) raises an issue, supposed to have been settled by Jefferson long ago, which is entitled to stand the light of public inspection in a democratic society.

7. I respectfully request, therefore, that you facilitate for the Education Subcommission an investigation into the facts, if any, which underlie the transfer on religious grounds of one of my valuable officers and the suggested relief by General Hillering of all three of us ranking

- 3 -

American officers. As American citizens in the United States Army we are surely entitled to meet rumors with the support of our superior officers and to face facts in the full light of day. If the investigation reveals adverse facts rather than baseless fears, I am myself the responsible officer and would welcome discipline through court-martial.

TO : Chief Staff Officer, CA Section.

1. Lazio-Umbria Region is for the moment without any education officer. The need for one is urgent as Perugia province is just in the process of being organized, and Viterbo, Rieti, and Terni need much help in opening the schools this month.
2. Captain F.F. GREGORY was Education Officer in Lazio-Umbria Region, knows the situation well, and is the only available officer at the moment for this work.
3. Captain GREGORY was, at the request of the Regional Commissioner of Venezia Region, relieved from duty in Lazio-Umbria last month, assigned to Venezia, and sent forward to Venezia Headquarters with his enlisted man, T/5 Apicella.
4. At the present time Captain GREGORY informs me that he has no duties in Venezia Region and that neither he nor Apicella is needed there. He has all his directives prepared, approved, and mimeographed; his supplies and files are all in order and at Venezia Headquarters; he is thoroughly briefed in the procedures of that region and needs no additional time to plan for it.
5. In view of the delayed need in Venezia Region and the urgent immediate need in Lazio-Umbria Region it is requested that Captain GREGORY and Corporal Apicella be temporarily assigned to Lazio-Umbria Region.
6. Within the next three weeks the initial organization of Lazio-Umbria can be completed. Major MURPHY will by then have completed his temporary assignment in Naples, and can be assigned as Regional Education Officer for Lazio-Umbria. Major MURPHY is wholly inexperienced, but when the first organization is complete and he has had a chance to be broken in, he should be able to carry on. It will therefore be possible to

1. Mr. Manuel Sanchez, official representative of the Library of Congress here, has been attached to the Information Division, although from the beginning he and we agreed that he should logically be attached to the Education Subcommittee, since universities, learned societies and libraries fall within our jurisdiction.

2. Now that the Information Subcommittee has been merged with the P.R.O., it would be suitable to effect the transfer of Mr. Sanchez to Education.

3. Lt. Colonel Smith, Director of the Education Subcommittee, has conferred with Major Fielden, P.R.O., who has no objection to the transfer.

4. You are therefore requested to attach Mr. Sanchez to the Education Subcommittee, it being understood that this attachment shall not be considered on our strength in terms of our ceiling as to actual members of the Subcommittee.

SUBJECT : Temporary release of Officer and EM.

TO : Regional Commissioner, Venezia Region.

1. Captain F.F. GREGORY, previously assigned to Region IV was designated by the Education Subcommittee for Venezia Region. Major WASHBURN informs me that when the Venezia Region was being organized he discussed the assignment of GREGORY and said GREGORY, if permitted to remain in Lazio Region to complete his work, would be immediately dispatched to Venezia Region when the Venezia staff actually moved into its Region. He informs me that you verbally agreed to this arrangement, stating, however, on a later occasion, that you would not be responsible for GREGORY's transportation if he remained behind.

2. On 2 Sept. you wrote to the Education Subcommittee asking for the immediate dispatch of Captain GREGORY and his E/M, Corporal Apicella. They were promptly sent to you in spite of real need for their continued services in Lazio Region.

3. Since that time, Major WASHBURN, who was Regional Education Officer for Lazio Region, has been made Acting Director of the Education Subcommittee, leaving Lazio Region with no Education Officer.

4. Within the next two or three weeks, the organization of educational work in Lazio Region will be completed, and a new man, as yet inexperienced in this work, can be brought up and broken in to carry on.

5. Meantime the need for Captain GREGORY and Corporal Apicella in Lazio Region is acute. They are fully ready to begin work in Venezia the moment your Headquarters moves into the Region - their directives have been approved and mimeographed, their supplies and files are in order and at your Headquarters Captain GREGORY is thoroughly experienced in the procedures and needs no additional time for preparation.

6. It will therefore be appreciated if you will release Captain GREGORY and Corporal Apicella until your Headquarters moves into your Region, or until Captain GREGORY can, under 8th Army, enter the region in advance of the move of your Headquarters, or until he has completed the initial work in Lazio Region and broken in his successor -- whichever of these comes first. At that time he will be sent forward to you without delay.

Officer and Enlisted Man.

TO:- Establishments Officer.

1. I attach a request by the Acting Director Education sub-commission for the temporary reassignment of Captain R.F. GREGORY and T/5 Apicella to Lacio and Umbria Region. They are both at present assigned to Venezia Region.

2. The recent losses in Education personnel have left Lacio and Umbria region without an Education Officer at a very critical time. I therefore consider that the reassignment of Captain Gregory is absolutely essential, will you therefore please issue the necessary orders for his reassignment forthwith.

3. I understand that Captain GREGORY is at the present moment in Rome, and in any case has very little work to do at the present time for the Venezia Region.

Education Sub-Commission

19 October, 1944

To: A/ Director, Education Sub-Commission

1. In view of the announcement of Capt. Gregory's promotion to Major, w.e.f. April of this year, may I please be permitted to put my own case.
2. I have worked in the Educational Sub-Commission as a Captain for thirteen months, and have won high commendation from all my chiefs for the work I have done. I was the first member of the Sub-Commission to work as a Regional Education Officer on the mainland of Italy, and had for seven months what was recognized to be one of the most difficult Regions, with at one time ten Provinces to deal with, and the minimum of assistance.
3. Capt. Gregory, though senior to me in length of service, was later in the Sub-Commission (February) and was actually my Assistant for a period in Southern Italy.
4. The above is not to suggest the slightest complaint or resentment on my part at Capt. Gregory's promotion, which is no doubt fully merited. But I would respectfully suggest that if it is considered possible and desirable to promote an Officer who entered the Sub-Commission later than I did, in my own rank, and who actually worked under me for a time, then justice would indicate that at least this should be accompanied by my promotion at the same time.
5. I am now the only one of the four British Officers in the Sub-Commission who has had no promotion of any kind since joining the organization.
6. I have been commissioned since February 1941.
7. May I add that I am led to write this begging letter by the feeling of profound and utter discouragement which the present situation has induced in me.
8. I would be extremely grateful if you would kindly pass on the gist of these remarks to the proper quarter.

SUBJECT : Education Officers.

TO : Regional Commissioner, Piemonte Region.

1. Reduction in personnel of the Education Subcommittee and increase in number of regions to be manned finds us short of competent, experienced Regional Education Officers.

2. The best solution we see for giving Piemonte a first rate officer is to ask Major Birt to combine jobs and be Regional Welfare and Education Officer as he was in Region V.

3. Major Birt has stated that he believes that he can swing the double job effectively as he did in Region V, and would enjoy doing it.

4. The matter has been cleared with the Public Health Subcommittee and its Welfare Division, and has their approval.

5. We propose to assign as Regional Education Officer in Liguria Region, Lieutenant Simoni, who worked with Major Birt in Region V and succeeded him as Regional Education Officer there. That Region having only four provinces, Lieutenant Simoni would probably be able, on request and under the direction of Major Birt, to help out also in the southern provinces of Piemonte Region.

6. May we have your approval to the designation of Major Birt as Regional Welfare and Education Officer for Piemonte Region.

Date of my embarkation ex-UK was 29 October 1940.

In view of my contacts with Italy for over sixteen years and my experience in Administration of Italian occupied territories for three years, this need not be taken as an application for return to UK-yet.

I would appreciate it, however, if my name were sent in accordance with the above quoted para. just in case I wish to avail myself of this eligibility.

This will be the case as soon as there is any chance of demobilization.

A. Education Subcommission as is

1. Education Subcommission now has five officers and three enlisted men at Headquarters. Their present assignment is not on the basis of continuing functional requirements, but reflects, in two cases, diminishing needs.

(1) The Director of Survey is to be assigned to a Region when his work is finished sometime in September (or earlier if urgent).

(2) The text-book consultant is to be assigned otherwise when and if our efforts succeed in getting Italians to take over and see that enterprise through.

2. The permanent functional arrangement can be met with four officers as follows:

- (1) Director (opposite the Minister).
- (2) Director of Universities (opposite a similar member).
- (3) Director of Schools (opposite four similar members).
- (4) Executive Officer (opposite Capo di Gabinetto).

BEGINNING IN SEPTEMBER EDUHAN CAN SUFFER LOSS OF ONE OFFICER AND ONE ENLISTED MAN WITHOUT IMPAIRMENT OF CENTRAL FUNCTION.

If, however, the expected British Deputy does not fit one of the four functions, he should be added to the four officers; and if the Roman Catholic dispatched from the U.S. does not fit, he too should be added.

This would make six officers at Headquarters; for four specialists, as indicated, are the irreducible minimum required to match the Italian Division of Labor.

B. A POSSIBLE REALIGNMENT

IF THE MEMBERSHIP AND FIVE ARMS Subcommission were combined with EDUCATION (as once was in AMI and now is in the Italian Ministry), there would appear at least a twofold saving:

- (1) Two officers (one Director and one Deputy)
- (2) Two enlisted men: one alert and my interpreter-translator (since I would not be an appropriate Director of the Realignment).

(b) REDUCTION OF FUNCTIONS:

Education has dropped or is dropping all functions that should be dispensed with, to accomplish our mission and finish our job.

(c) SUBSTITUTION ^{for} ALLIED PERSONNEL: No further hope here in Education, save specialist civilian help from Britain or United States.

(d) WITHDRAWAL OF NON-ESSENTIAL PERSONNEL

3749

Upon a happy functional Realignment, the present Director of Education and his translator-interpreter could both be withdrawn as non-essential.

1. Of the 14 officers working at Education in Italy 9 are technically "assigned" to Headquarters. Of this 9 only 4 work at Headquarters. They are:

Lt. Colonel T.V. SMITH, (A) (Salerno)
Major W.H. SHERWOOD, (B) (Naples)
Major T.G. BERGUN, (A) (Salerno)
Lieut. J.V. VELLA, (B) (Naples)

2. Of the 10 others the disposition follows by Regions:

REGION I

Major G.R. ROBERTSON, (A) (Assigned)
Lieut. H.R. BEANO, (B) (Attached)

REGION II

Captain A.A. VESBERLO, (B) (Attached)
Captain F.F. GIBSON, (B) (Attached)

REGION III

Captain S.V. FUR, (A) (Assigned)
Captain P.L. HILLMAN, (A) (Assigned)

REGION IV

Major C.V. BARNES, (A) (Assigned)
Captain S.E. PRATT, (A) (Assigned)
Captain D.G. TILGNE, (A) (Assigned in process)

DISPLACED PERSONS

Lieut. H.T. COCHRAN, (A) (T/D)

3. This is the best "functional" utilization of the personnel now available to Education. The concentration, technically, at Headquarters gives mobility for a changing situation. As matters now stand, we have no officer to spare to Savinina (and are having to impose formal educational duties upon a reluctant officer of another Sub-Commission). As for Regions VI and VIII, we are making ready for them by perfecting policies at Headquarters, techniques in the Regions, and jointly making ready for all regions elementary text-books and operative types of extra-class organizations (of teachers, of parents, of youth).

4. This Sub-Commission, like others, could do a better job with a larger staff. It could do a less poor job without a depletion of staff. That said, I do not make a special appeal for differential treatment. We will adapt

ourselves to whatever common sacrifice the general situation requires and will aim as heretofore to get maximum results from resources however minimal.

5. If we must suffer depletion to 11 officers, I ask only to be allowed to select those who can least harmfully be spared to our work. The plan of operation would then, eventually, be:

AT HEADQUARTERS -- 3, one operating continuously in the Regions as Inspector General.....	3
IN SANTIAGO -- 0, (indispensable work done as now and through Inspector General.....)	0
FOR REGIONS I, II, III, V, VIII -- one officer each.....	5
FOR REGION IV -- 3 officers.....	3
TOTAL.....	11

- 1 C-5 AFHQ are preparing a study on the possibilities of the gradual replacement of military by civilian personnel within the AOC framework prior to the cessation of hostilities in Italy. In the event of it being decided that this can and should be done it is desired to attach to this study an appendix showing the posts now held by military personnel under AOC which could be occupied by civilians.
- 2 Directors of Sub-Commissions will please therefore submit on the attached pro-formae a list of posts in Sub-Commissions including their specialists with Regions in the field which could be filled by civilian representatives. This list will be returned without fail by 1200 hours on Thursday 27 July as the committee now studying this problem wish to leave on Friday morning.
- 3 This list should be in two parts:

Part I: officers who can be replaced during the continuance of hostilities.

Part II: officers who can be replaced after the cessation of hostilities and assuming also that only very few combat troops will remain in Italy.
- 4 In compiling the list under Part II, Directors can assume either that their functions at HQ and in the field will remain as at present or alternatively if they feel that in the circumstances envisaged in Part II it will not be necessary to maintain so large a staff at HQ or in the field they may so state in the remarks column, and in such case will show what total number of personnel will be required and which may be civilian.

In all these cases, knowledge of the Italian language is highly desirable though not imperative in any of them.

If replacement be by infiltration, the order of listing is the indicated order for replacement -- from HQ to Regions.

PART II
PRO FORMA

(Format similar to PART I)

FOR EDUCATION, PART II is the same as for PART I. Education is particularly the case where little if anything would be lost by trading the insignia of military power for the substance of civil influence through personal tact and professional skill. SUBJECT: Officer Personnel for Education Sub-Commission.

TO : Establishments Officer.

- 1 Reference your I6004/I5/G-I dated 16 Jul 44. I have investigated this matter further. I consider it most important that the Deputy Director of the Education Sub-Commission should be a British Officer of the rank of Lt Colonel.
- 2 It was my intention to recommend Lt Colonel C.R.S. HARRIS for transfer to this appointment; it now seems unlikely that he will return to the Commission for a considerable period, and I feel that the appointment should be filled.
- 3 The qualifications for the Deputy Director of this Sub-Commission are an officer of Lt Colonel's rank, with experience of educational matters up to the highest grade. (Suggest one of the less senior fellows of one of the colleges at one of the larger universities would probably be suitable). The officer needs to have experience both of teaching and organisation on a national basis, and if possible, a knowledge of Italy.
- 4 That he should be a Roman Catholic would be an advantage.
- 5 I am not aware of any British officer at present serving in the Control Commission who has the necessary qualifications, and therefore recommend that one be requested from War Office for dispatch at the earliest possible date.

(3) Lt. Simoni released from Region IV and assigned to Education Subcommittee on T/D in Region V.

SUBJECT: Recalling of C.I.C. Agent George S. Houser.

TO : Lt. Col. Thomas V. Smith, Chairman, Educational
Sub-Commission, Allied Control Commission.

1. Due to operational necessity it has been necessary to recall Mr. George S. Houser, C.I.C., who has been on loan to your office from this command. It is very doubtful at the present writing that he will be available for reassignment to your commission upon the completion of his present assignment.

2. Mr. Houser advised that he had been clearing and checking into the background of various professors and teachers in the "Educational Department", primarily to uncover any Fascist tendencies. This office recognizes the importance of such work and wishes to be of continued assistance to your commission. Consequently, all requests for investigations of backgrounds of professors and teachers should be forwarded to this office where they will be handled as we handle all other similar requests. Due to an increasing shortage of personnel it is impossible for us to assign one man to handle such work only. Mr. Tyng, Chief of our A.M.G. Liaison Squad, will call upon you to discuss this matter in further detail.

3. It is hoped that the recalling of Mr. Houser and the impracticability to replace him will not work too hard an inconvenience upon you.

His experience in Sicily should indicate to him the necessary first steps in a newly occupied area.

The experience in Sicily has indicated that many of the conditions we had to cure were preventable.

The individuals concerned are planning according to this letter subject of course to such modifications as you deem necessary.

I believe it would be advisable to request that Major Koopman come to Naples to discuss major aspects of policy as soon as the modus operandi has been established with
