HEADQUARTERS ALLIED COMMISSION
Education Subcommittee
APO 394

ED/CWW/rh

ED/1E/AC

2 Jan. 1945

SUBJECT : Motor car for Education S/C.

TO : Vice President, Civil Affairs Section.

1. It is requested that an interchange of cars be made between the Education Subcommittee and the Education Division of Lazio-Umbria Region for the following reason :

2. When the present A/Director of Education was Regional Education Officer for old Region 4, in June, 1944, he was requested to help requisition cars for the Regional Hq. Recognizing the urgency of transport, he for the time being sacrificed his proper work and found and requisitioned a large proportion of the Region 4 Hq. cars. From these he was allowed to select a suitable car for his own official use.

3. The car selected, and used by him ever since with great satisfaction, is a 7-passenger Lancia, known as No.5.

4. When most of the old Region 4 Hq. staff went forward as Region 12, part of its transport was taken with it; part was turned over to the Lazio-Umbria Region. At the request of the Regional Education Officer, No.5 was transferred to Lazio-Umbria Region, where the present A/Director of Education continued to use it as Regional Education Officer for Lazio-Umbria.

5. When he was designated A/Director of the Education Subcommittee on 2 October, he arranged informally with the new Regional Education Officer of Lazio-Umbria, Major Gregory, who officially became the possessor of No.5, to allow him to continue to use it, the A/Director in exchange putting his AC Hq. car at the disposition of Major Gregory. This worked to the satisfaction of both officers concerned.

6. Now, however, Major Gregory has been ordered to turn his car into the Lazio-Umbria Hq. pool, making the former informal arrangement impossible. 4067

7. It is desirable for the A/Director of the Education

Subcommission to continue to have Car No.5, for the following reasons :

- a) It is appropriate in appearance for calls on the Minister, embassies, etc.
- b) It is large enough to make possible the transportation of the Hq. Education staff, Italian committees working with the Education Subcommission, etc.
- c) It has been continuously driven and cared for by an expert chauffeur, selected last June by the present A/Director of Education. Since this driver (Marchione) knows all the places the A/Director of Education goes to, and is also thoroughly familiar with the car, it increases efficiency materially to keep the driver with the car and to keep both with the A/Director of Education.
- d) It would be a blow to the morale and the efficiency of the A/Director of Education to lose the car and driver which he selected with great pains and has used for six months.

8. Since the car of the Regional Education in Lazio-Umbria Region must be turned into a pool, none of the aforementioned reasons apply to the use by Lazio-Umbria Region of Car No.5. Any good serviceable car would serve pool purposes equally well.

9. It is, therefore, urgently requested that the A/Director of Education be allowed to exchange the AC Hq. car officially assigned to him for the Lazio-Umbria car, No.5, and that this exchange be ordered by proper authority.

10. The Regional Education Officer of Lazio-Umbria Region has given his consent to the exchange.

CARLETON W. WASHBURN
Major, AUS
A/Director of Education.

30 October 1944

SUBJECT : Vehicles assigned and proposed
additions.

TO : G.4 (A).

1. Reference is made to CCG/CMP/fcc of the 28 October 1944.
2. Two requisitioned cars are assigned to this Subcommittee.
3. Both of them are full time vehicles. One is used by the Director and the other by the officers and specialized civilians assigned to this office.

The cars are used for supervising schools in Rome and out of Rome and for all other duties connected with Education, as printing text books distributing them etc.

For the A/Director of Education:

28 October 1944

SUBJECT: Proposed Amendment to T/E 2675th Regiment, Allied Control Commission, (Overhead)

TO : See Distribution

1. It is proposed to amend the T/E 2675th Regiment, Allied Control Commission, (Ovhd), to provide additional vehicles to meet its present and future needs.

2. In order to provide the necessary information to justify the proposed increase in vehicles, it is desired that each Section and Independent Sub Commission furnish the information hereon, in Appendix "A", together with such facts as to provide justification for submission of the T/E to the War Department.

3. Due to the urgent requirements for additional transportation reported by many of the Sub Commissions, it is requested that the information be returned to G-4 (A) by 1200 hours, 30 October 1944 in order that the table may be prepared and submitted to AFHQ by Wednesday, 1 November 1944.

4. The detailed information is necessary since the T/E 2675th Regiment, Allied Control Commission, (Ovhd), is being made up into two tables of Equipment:

a. To provide organic transportation for the U.S. Personnel in 2675th Regiment, Allied Control Commission, (Ovhd).

b. The additional requirements required in addition to a. above for Allied Control Commission operation.

8 Jan. 1945

SUBJECT : Exchange of Car.

TO : G-4 American
(Attention - Lt. Amoroso)

Confirming our conversation of today

1. The Director of the Education Subcommittee needs a first rate, 7-passenger car for such things as long trips with the Minister of Public Instruction, calls on Ministers and Ambassadors, transporting Commissions of important officials, transporting groups of Education Officers, etc.
2. The car at present assigned to the Director (Hq.152) is entirely unsuitable :
 - a) it is much too small,
 - b) its internal appearance is shabby,
 - c) it is laid up for repairs.
3. It is, therefore, requested that a good-looking, efficient, 6-passenger or 7-passenger car, with tools and tires suitable for long trips be assigned to the Director of the Education Subcommittee in place of the one at present assigned.

27 Dec. 1944

SUBJECT : Return of Requisitioned Motor Vehicle

TO : Regional Commissioner,
Lazio-Umbria Region.

Reference your MRO/157 of 28 December.

1. The requisitioned car (No.5) assigned to me when I was Regional Education Officer in Lazio-Umbria Region was turned over to Major Gregory when he became Acting Regional Education Officer and I became Acting Director of the Education Subcommission. I have had an Allied Commission Hq. car ever since. Car No.5 is in Major Gregory's possession and, as always, is kept in the Lazio-Umbria Hq. garage.

2. When Major Gregory's car has been laid up for repairs, or he has for any other reason needed my AC Hq. car, I have been glad to lend it to him for a few hours or a day at a time. He has been equally obliging when I have needed his car. We work in close cooperation in all ways, as witness, for example, the fact that when you were unable to furnish him an Enlisted Man I lent him, indefinitely, one of the two enlisted men assigned to my subcommission; this Enlisted Man (Ed Marco) has been with him continuously from 2 October.

3. Except for a car which I requisitioned last summer for the use of the Provveditore agli Studi, and which Major Gregory is sometimes able to use for his assistants, Car No.5 which I turned over to him, is the only car assigned to your Regional Education Officer. As A/Director of the Education Subcommission I strongly recommend that Major Gregory be not deprived of this car. In every Region we have found that one car assigned for the exclusive use of the Regional Education Officer is an absolute minimum for his effective work.

CARLETON W. WASHBURN
Major, AUS

(16) Suggested draft of letter. (62)

SUBJECT: Education Division
Transport.

December 1944

TO : A/RC, Lazio-Umbria Region.

1. Major Washburne tells me that you have asked him to turn into our Garage the car (No. 5) he formerly had.

2. This car was turned over to me by Major Washburne when I became Acting Regional Education Officer. It is my only car for regular use. There is one other car in the Division, but it was requisitioned by Major Washburne last summer for the use of the Provveditore agli Studi, who cannot carry out his functions without transport. When the Provveditore is not using this car, it serves as a second car for this Division, used by my assistant.

3. Through a personal arrangement between Major Washburne and me he gives me the use of his headquarters AC car and uses my car part of the time, my car being one which he personally found and requisitioned, and being driven by a chauffeur he found and who has driven him for the last six months. I am glad to extend this personal favor to Major Washburne, since it in no way interferes with my work. His Headquarters car serves my purposes equally well, and when I need my own larger car, Major Washburne is always willing to make it available to me. I am the official custodian of car No. 5; it is driven by a Lazio-Umbria Region driver, and is kept in our garage. Officially and actually this is the only car assigned to me and is essential to my work.

4. If the Education Division is to be deprived of one of its two cars, the one requisitioned for the Provveditore agli Studi is the one. I should turn in to the pool, not my No. 5. But it will be a serious handicap to the educational work of the Region-particularly of Rome Province, if this car, used both by the Provveditore and my staff, is taken away.

5. You are therefore requested to allow the present arrangement to stand.

Statement of Capt. Joseph Vincent VELLA, General List 301892

On Monday 6th November, 1944, at 14-35 hours I parked a motor car, Lancia Aprilia, No. ROMA 66722, HQ. AC. No. 521, in Via Molise, close to the Headquarters of the Allied Commission. The car was secure. This vehicle is allotted to the Education Subcommission of my Headquarters and used by me in the course of my official duties.

In consequence of what I was told, at about 16-30 hours, I went to Via Molise and after making a search failed to find the car. I informed immediately my Headquarters and both Military and Civil Police.

On Sunday, 19th November, 1944, I went to San Vito Romano with some Italian civil police officers and in a garage there I saw a Lancia Aprilia, AC. HQ?, No. 521. I identified the car as the one which I had left in Via Molise on the 6th November, 1944. The AC. HQ. markings had been painted over but could still be clearly seen under the surface.

I took possession of the car and returned with it to my Headquarters. No person had authority to take this car without my permission and which was not given by me on the 6th November, 1944.

Joseph Vincent Vella

TO : G. 4
(Attention Lt. Amuroso)

Date: 7 November, 1944

SUBJECT: Civilian requisitined car stolen

I very much regret to inform you that the car Lancia Aprilia 521 Hq. Rome license 66722 has been stole yesterday between 14.35 and 15.30 hours.

The car, demobilised and secured, was parked in Via Molise and it was situated on the pavement close against the wall.

I stated it was stole between 14.35 and 15.30 hours, because when I left the Hq. at 14.35 with an ACC taxi, the car was still there.

G.D.S. Blant tells me that when he took over from Pvt Jackson at 15.05 the car was not there.

I first got to know about it at 16.30 and I immediately informed the Provost, Transportation Division and the Questura as well as you and Capt. Whiley.

I am at your disposal for any other information you may require.

I attach herewith a few testimonials; that of G.D.S. Blant is not available because he is not at Hq. To-day.

J.V.Vella,
Capt.
Executive Officer

ED/1.6/AC

23 November 1944

SUBJECT: Stolen car.

TO : V.P., CA Section.

1. As you know, one Education Subcommittee car, Hq. 521, was stolen when parked in a supposedly protected place by Captain Vella, our Executive Officer, who left it in charge of an unofficial civilian driver, who without authorization left it unguarded.

2. A court of inquiry made a thorough investigation as to Captain Vella's responsibility, and, I understand, exonerated him.

3. Nevertheless, Captain Vella, with great persistence and ingenuity, working with the Questura, set about a most diligent search for the stolen car.

4. I am happy to report that Captain Vella and the Questura were successful in finding the car in a small town some miles from Rome. The car is now in our possession and a ring of ten car thieves are in jail.

CARLETON W. WASHBURN
Major, AUS
A/Director of Education.

To : - Charlton W. Washburne, Major AUS, Deputy Education Officer, Education Subcommission, HQ, A.C.C.

Subject : - Break-down of education transport, HQ 121 A.C.C.

1. The Italian "Lancia Lambda" HQ 121 ACC assigned to me for use in the field on official business for Region 5 Education Division requires repairs before it can be of further use.
2. The Italian Garage (under AMG supervision) at Chieti informs me that the following parts are needed to place the car on the road again.

Dischi per frizione completa Lancia Lambda 8 Serie

3. The required parts for repair of transport are not available in this region. The needed parts are required as soon as possible. The break down of the only means of transportation that the education Officer has in this region has created a difficult problem.
4. I request that the "Lancia" HQ 121 be transferred to Region 5 Education Division.

To: Director, Education Sub-Commission, ACC, APC 394

1. Reference basic communication, the vehicle in question is repairable, but cannot be repaired at present location. It will be necessary for the ACC Garage to send a wrecker to Civitavecchia to tow it in to Rome.

2. In addition to a new differential, this vehicle frequently stops on the road due to overheating and is generally very unsatisfactory to drive under existing road conditions. It would seem most logical that if possible the vehicle be salvaged and replaced.

3. The tally-in slip which I originally sent to you has been destroyed and the vehicle now is simply stored at 3458th Ord. M.A.M. Co., APC 782 awaiting action from ACC Garage or further instructions.

4. Letter from Ordnance officer is inclosed.

SUBJECT: Report of Stolen Vehicle
TO : G-4, ACC

1. On the 6th of July 1944, the vehicle which I had been driving - Lancia Sedan, Roma License #57852, Motor # 97-2453, Telaio # 38-4787 - requisitioned by ACC and assigned to the Education Subcommittee, was stolen from its parking place in front of Hotel Flora, Rome.

2. When I left the vehicle it was locked, and the lead wire from distributor to coil was removed. A sentry who was on duty at the entrance to the hotel and within 50 feet of the vehicle was requested to watch the vehicle. Upon my return about 45 minutes later, the sentry had been relieved and the vehicle was missing. I immediately called the Rome Allied Military Police and reported the facts as stated. I also reported the theft of the vehicle to the ACC Garage, Piazza Verdi, where note was made on the registration card for the vehicle of its theft.

Attention : Lt; Col. Scoggins

SUBJECT : Reassignment of Cars.

FILE No.: H4/ED/1.1A

1. Fiat 500, License TS 13481, Motor 1342, was regularly requisitioned by ACC after having been brought in by the Education Subcommittee. It has been in continuous use by the Education Subcommittee ever since.

2. On 20 July, when all cars should have been assigned, Lt.Col.Smith and I went to see Col. Purcell regarding the Education Subcommittee cars, two of which were in the field and not immediately available. Col. Purcell was away for the day and we could get no information as to procedure. One of our cars is still in the field (in Region V) (a Lancia Astura—number not known). It will be in for assignment 5 August.

3. The Fiat 500 (TS 13481) referred to in the first paragraph, did not get assigned on 20 July. Today when the driver went for gasoline the car was impounded. It is in the super garage now.

4. The Education Subcommittee is using this car for the supervision of the printing of text books. The work is at a crucial stage and we need the car continuously. The other cars of the Subcommittee are not available for this work for the following reasons:

- a) Lancia Astura in the field in Region V.
- b) Buick 47532 back and forth in field (Region VIII & IV)
- c) Lancia Ardea (no license - Motor 4764) without tires and without 4023 chain spring. Useless.
- d) Hq. 52 Brought from Sicily - In use by

2.

Lt.Col.Smith and Major Koopman.

5. You are, therefore, urgently requested to assign Fiat 500, TS 13481 to the Education Subcommittee for immediate use.

21 July, 1944.

SUBJECT : Cars for Education Subcommittee.

FILE No.: R4/ED/1.1A

1. The Education Subcommittee has found and arranged for the requisition of the following cars which it is using:

- a) Fiat 500, TS13481. In constant use by Subcommittee in and around Rome.
- b) Lancia Artura (no record of license number). Being used for field work by member of Education Subcommittee - now travelling in Region V.
- c) Lancia Ardea 4764. Being used for field work by member of Education Subcommittee - now travelling in Region VIII.

2. Another car - Lancia Aprilia, 57852, - was stolen a few days after being requisitioned. Theft promptly reported. Car c of above paragraph substituted for it.

3. A car (Hq. 52) was brought by the Education Subcommittee from Sicily and is used for field work by the Education Subcommittee field officer for Italian Government Territory.

4. A 1933 Buick, 47532, without tires, was requisitioned in situ and still presumably is in its garage at Via Gustavo Modena 95C. This should either be released to the owner or supplied with tires and put in the ACC. motor pool.
