SUBJECT: Use of ex-Gil by University.

TO: Education Subcommittee, A.C.  
(Attention: Lt.Col.C.W.Washburne, Director)

1. Ref. your ED/7H/2.20/AC of 7 July 1945.
2. Inquiries have already been made about the possibility of using the property of the ex-GIL.
3. This property is now occupied by the main British post office for all northern Italy. The City Command advises me that it will be some time before it can be evacuated.
4. When Bologna was occupied not a single piece of equipment was found left in this building.
5. Since the building itself has been badly damaged and since it will be occupied for some time, I doubt if it will serve the university in the near future.

Subject : Survey of Buildings Repairs

To : Education Subcommittee, A.C.  
(Attention: Major C.W.Washburne, Director)

1. Enclosed you will please find a copy of the survey of buildings which we have just completed in the 19 communes in the southern part of Forli Province.
2. This information I am making available to our Public Works Division for possible action.
3. We are making a similar survey in the other communes of Forli Province and thus will soon have a complete picture of the school building needs of one badly-devastated province in Italy.
4. Perhaps you may find this information of some value in advising the Minister of Education and the Allied Commission of what building needs there will be in a typical province which has undergone considerable damage.
