ALLA : Spett.le Libreria "Dante Alighieri"
S. Anna dei Lombardi 53-55 - Napoli.

OGGETTO : Distribuzione di Libri.

1. Riferendomi alla Vostra richiesta per l'autorizzazione di modificare la suggerita distribuzione dei libri di testo elementare.

2. Come gia' stabilito verbalmente vorrei vedere la nuova distribuzione contemplata prima di approvarla.

3. Sono d'accordo che sarebbe opportuno modificare tale distribuzione di tanto in tanto secondo le esigenze del mercato e le richieste delle autorita' scolastiche.

4. La richiesta di libri per Frosinone e per Littoria gia' porta una modificazione che deve essere presa in considerazione.

Vi preghiamo di volerci autorizzare alla ristampa del libro di II classe con le modifiche apportate dalle recentissime correzioni.

L'attuale disponibilità di carta ci consente pertanto una tiratura di 14.500 copie.

Vi ringraziamo per la Viva collaborazione per la sempre maggiore diffusione dei volumi e vi preghiamo confermarci la autorizzazione verbale a poter distribuire, compatibilmente con le maggiori scorte, quantitativi di volumi eccedenti le assegnazioni a suo tempo stabilito per ciascuna città e provincia. Ciò anche in considerazione che in parecchie province il quantitativo assegnato é risultato esuberante e può essere trasferito a coloro che attualmente lo richiedono e ne hanno pertanto maggiore bisogno.

Molti distinti ossequi

Attention Lt. Nevin

FROM : Education Subcommission

SUBJECT : Transportation of text-books

DATE : 13/March/1944

REF. : ED/A.2.

1. The revised text-books for the Italian schools have been prepared under the direction and supervision of Education Subcommission A.C.C. and are being printed at the present time in their printing establishment in Naples.

2. The Education Subcommission must transport the completed text-books, ten in number, from the bindery in Naples to the provincial centers in Regions, II, III, V and VI.

3. A list of the centers to which text-books are to be transported with the approximate weight of books for each center will be found on the attached sheet. In each center there will be approximately ten shipments, one for each of the ten text-books as they are completed.

4. Shipment will be ready during the week beginning 19/March/1944 and will continue during a period of approximately three weeks.

5. Kindly indicate in space provided the type of transport which can be used for shipments to each center and return one copy to us.

1. The reasonableness is seen of your suggestion of July 15 44.

2. The emphasis of this Subcommission falls upon your alternative 3b, with some graduation through 3b. We are making every effort to unload upon the Italian Government where it belongs the printing of textbooks, and they are respondingly to our effort hearteningly. Since, however, with the best of intentions and efforts the process of transfer will not be instantaneous, we shall keep an attentive eye with the aim of helping.

3. Major Koopman, who will have talked to you before you receive this, will pass readily from Region to Region of ACC territory (into which your city will be all but thrust!) by the time you get this communication. With his aid on our side and the aid of a functionary on the Italian Government side (a person already appointed and at work) I hope we shall be able to furnish you the relief which you desire and are entitled to. If the matter matures a little slowly, I know that you will be as patient and as helpful as you can.

4. Meantime, we are separating from our files, as best we can, correspondence which rightfully belongs to your region.

Palermo,21 gennaio 1944

SIG.MAGGIORE WASHBURNE

Sono molto dolente per Lei e per me dell'andamento irregolare del lavoro,che mi fa apparire manchevole,mentre non lo sono.

Il grande ritardo,e quindi lo sconvolgimento del suo programma dipende da questo:

1. il Sig.Andò si è ritirato;
2. il Sig.Biondi promette;alla scadenza del termine,invece di consegnare presenta una difficoltà non potuta superare;si trova una soluzione per altra via;si aspetta di nuovo,ed ecco che sorge un altro impedimento (ora è la distruzione dei clichés,ora il tipo della carta,ora la insufficienza di essa,etc.).Così non si può andare avanti.Egli,da tecnico,conosce bene tutte le difficoltà attuali e può prevedere quelle possibili.Perchè non le prospetta insieme,invece che ad una ad una,facendo perdere tempo? Per esempio:soltanto il 18 corrente ha dichiarato che non gli è possibile di stampare il libro della prima classe,per la distruzione delle lastre litografiche,che egli già doveva sapere e dire prima di assumere l'impegno. Penso che senza una sanzione non ce ne usciremo tanto presto. Ciò non è in potere mio. Adesso promette che potrà consegnare domani le bozze impaginate (definitive) del libro di lettura per la quarta classe e nella prossima settimana (senza precisare il giorno) quelle di lettura per la seconda urbana;

3. il Sig.Bellotti è rimasto quasi solo:egli è diligente; ma non può stampare più di due libri al mese,e però ad un solo colore, perchè gli mancano gli inchiostri.Inoltre,egli non è in cordiali rapporti commerciali col sig.Biondo;e anche ciò rallenta in parte il lavoro.

Il libro di lettura della quinta classe urbana è già in composizione,e le prime bozze si cominciano a correggere. 095

Il libro di lettura di terza urbana sarà stampato e posto in commercio tra pochi giorni dal Sig.Bellotti.

Il 25 corrente saranno ultimate le bozze del sussidiario di terza classe per tutte le materie.

Rimangono così i quattro sussidiari per le classi quarta e quinta,i libri di lettura per la seconda e terza rurali,e il sillabario,che sono tutti pronti da un pezzo per andare in composizione tipografica.

Le ragioni sopra esposte hanno ostacolato l'esecuzione.

Declassified E.O. 12356 Section 3.3/NNB No. 785016

Riguardo alle bozze che spedii a Lei per tramite del Sig.Col.Cayre,La informo che esse per la fretta che mi si fece non furono potute essere corrette definitivamente.Ciò spiega le imperfezioni trovate.

Quanto alla pagina 29 della Lettura per la quarta urbana, essa doveva essere soppressa;ma il proto,ora interrogato,dice che gli è sfuggito il segno da me fatto e che egli è in tempo a riparare nella stampa.

Le posso inviare subito tutti i libri che mi sono rimasti in ufficio.

Signor Maggiore,Le porgo tanti rispettosi saluti.

MEMORANDUM FOR LT.COL. GAYRE AND [illegible] R KOOPMAN

1. Silnberlot

It is evidently impossible to lithograph the silaberio this year. We shall therefore print it in two colors, making zinc plates of drawings copied or traced from those in the existing book. We are proceeding immediately in Naples, and will send proofs to Palermo as soon as possible for a simila job there. I will see whether it is possible to make mats of the plates, and if so of course I'll send them. But I am afraid the work will have to be redone in Palermo.

2. We are reducing illustrations in other books and printing in black and white as Bellotti did in Palermo.

3. I think the price on Bellotti's 3rd reader is way too high. How was it figured? The paper should not be more than 6 lira per kilo, or about 1 lira per book. I hope to get a definite price on newsprint in a day or two - hard to get anyone to fix it. In Palermo PWB wired Algiers for a price two or three times but had received no answer when I left.

4. Proofs of each book done here will be rushed by air courier to Palermo.

5. Please send back by air courier immediately proofs of Fifthe Reader if available.

6. Binding thread is a headache. I'll give Lt. Col. Gayre the latest news on it before he goes - my man is out seeking it now. There is said to be a factory ten miles from here ready to manufacture cord if we can get electricity for them. This will be immediately investigated.

3093

7. As to IRES: I recommend immediate requisitioning of his plant and letting Bellotti run it in addition to his own until books are printed. Can you get Poletti to authorise this? Some such action is urgently needed.

8. Have not yet reached a decision on what or how to pay for the silabario paper owned by the former Italian government. If I can get any sort of answer before Col. Gayre leaves I'll pass it on to him. Otherwise I'll notify you as soon as I get an answer. My inclination is to take it over and sell it at about 8 lira or thereabouts.

9. Reverting to cord for binding - also ink, not mentioned by you. Why not get what IRES has on hand and use part or all for Bellotti? Also check with PWB there - I asked them to try to get ink from Algiers. If worse comes to worse, I'll try to fly to Algiers in search of ink and cord - but I don't know how I can get time.

10. Later: We got the cord! I bought 175 packages for Palermo, enough, according to estimates here, for about 300,000 books. I'm sending 40 packages by Col. Gayre and will ship the balance. The forty packages should bind about 68,000 books. The price is 40 lira a package. Please collect from Bellotti for those you receive and send money direct to me - Bellotti can give you a Bank of Italy draft payable to D'Andrea. Formal invoice will be sent to you when we get the rest of the cord - we have to make another trip to get cord for Naples. The place is two hours drive from here.

Declassified E.O. 12356 Section 3.3/NND No. 785016

11. Repeating my recent letter to you: the newsprint reached Palermo and was acknowledged by cable from Capt. Altherr of PWB on Dec. 28. There were 154 rolls of which 37 were for us. I attach copy of confirming letter just sent from PWB here.

12. To permit any other sillaberio would be to break faith with our printers who have been assured of a monopoly. The Catania edition was a violation of our decree and should be suppressed. I'll rush proofs of our edition of the sillaberio to you as soon as possible.

13. Still later : I've checked with the Legal Division and have been told we should seize the Rappollo paper (property of former Italian government) without compensation to Rappollo. I have decided to sell it to the printers at 5 lire a kilo. Check should be made to AMFA Naples, and sent to me for deposit.

SUBJECT: Paper for text books.

TO : Major G. R. Koopman, Chief Education Division.
Sicily Region, AMG; Palermo.

1. The paper for book covers and for the lithographed "Silibario" (First Reader) has been crated and delivered at the PBS port for immediate shipment to Palermo. The cargo consists of the following:

Cover paper from Armando De Luca;
19 crates (broad sides completely covered with wood) contain 13000 sheets (26 reams) of red paper, and 6000 sheets (12 reams) of gray paper. All of weight 150 mg; size 70x100 gm; for all book covers. 6 crates are marked IRES in crayon to be used for covers of silibario (40,000 copies). Net weight of each crate 103 kg. Total 1957 kg. Gross weight of each crate 115 kg. Total 2185 kg. Price: 23 lira per kg. Total 45,011 lire.

Paper for Silibario - from Vincenzo Raffaelo - all for IRES.
72 crates (slots only)
Contain 180,000 sheets (360 reams)(for 40,000 books) Weight 60 mg; size 70x100 cm; net weight of each crate 110 kg - total 7920 kg. Gross weight of each crate 125 kg.- total 9000 kg.
Price: - 20 lira per kg; total 158,400 lire.
Each crate is labeled on two sides with the enclosed label.

3091

2. Please contact IBS to be on the lookout for the shipment and to report to you when it arrives. Also contact Civilian Supply to be on the lookout. Instruct them where to deliver the crates -

(a) Paper for the silibario is in strip crates - i.e., not entirely covered with wood. This all goes direct to IRES, who is the only lithographer and is presumably about ready to begin printing.

(b) Paper for the covers is in crates with sides (not edges) fully covered with wood. Use your own judgement in consultation with Belotti, IRES, and Sgt. Strazzini as to distribution of this cover paper to each printer and warehouse.

Declassified E.O. 12356 Section 3.3/NND No. 785016

Six crates of it, however, with red cover paper, are marked IRES in crayon to be used for the siliberio. From the above data (para 1) the printers can estimate the number of crates to a book. And you and Baressi will know how many books each printer has in process.

3. Invoices for the paper are enclosed herewith. Have IRES and Belotti pay immediately for what they get - if possible, have checks in hand before paper is delivered. For paper you store in warehouse, try to get check or payment order on Region 3, from Civilian Supply. Send all checks to me for immediate payment of invoices.

4. If Cayre did not bring proofs or duplicate manuscripts with him (check with Baressi and Sherwood), please rush them to me one by one as completed so I can begin printing here.

5. Please let me know when paper arrives; and please drop me an informed note from time to time as to how everything is going with you and Region 1.

b. Essentials of English Grammar
by V. Grasso

Both are published at Palermo, Libreria depositaria, R. Cinc, Via D'Alessi, No. 1. Also, Mrs Grasso, the widow, may have a supply at her apartment, the address of which is known by Col. Coyre's driver, Colontoni.

2. Will you send me a statement indicating the number of copies of each of the above two books available for shipment to Naples, and the present price of each.

TO : Lieut General MASON MACFARLANE

SUBJECT : Italian text books.

1. Here are the text books which you were good enough to request from me in person. They are substitutes for what we found as state books directed at elementary students and partially fascist-ridden.

2. It is to be regretted that we do not have available a complete set of the original Fascist textbooks.

3. As the best substitute therefore, we attach a list of the pages which we have (with Italian educational aid) felt it necessary to amend.

Note: The elementary school terminates with the fifth class, so the series ends here. Secondary Schools, both lower and higher, had free choice among a great variety of titles, a considerable number of which contained little or no propaganda. It was therefore necessary only to list books to be confiscated, books approved provided specified pages were removed, and books approved in toto. Copies of these lists (B, C, and D, respectively) are attached hereto. No new secondary school books had to be prepared as there were enough on the approved list to satisfy essential needs. Some of these, however, will have to be reprinted this summer.

REF. : ED/3.12

DATE : 23 February 1944

1. Will you please send copies of the enclosed announcement, in Italian, to each of your provveditori agli Studi asking them to transmit copies through their inspectors to all directors of elementary schools immediately.

2. This is necessary to prevent deliberate or innocent violation of the decrees already issued by RSAO's in all regions forbidding the publication or use of any text books not authorized by the Education Subcommission. It is also necessary in order to be fair to the publishers of the new series who have made a large investment on the provision that there would not be competition. A number of incidents have arisen of people publishing unauthorized books and of teachers telling children to buy them.

ALLIED CONTROL COMMISSION
Education Subcommission

The Education Subcommission announces that,in cooperation with the Italian Minister of Education,it has been agreed that only one series of elementary school text books will be permitted to be published,sold,or used this year in the schools of occupied and liberated Italy. This series is being published exclusively by the firms IRES and Bellotti for Sicily and Calabria and by Dante Alighieri in all other parts of Italy now under the Italian Government or the Allied Military Government.

Decrees have been issued making the publication,sale or use of any other elementary school text books punishable under military law.

The new series of text books is now in the press,and,in Sicily,two of the books are on the market. It is hoped that the entire series will be published and available generally during March. Each book will bear on the front cover the words : Edizione Autorizzata,1944.

AFB - PWB - Education Subcommission ACC

26 April 1944

1. Present at meeting: Lt.Col. MUNRO Executive Secretary AFB; Mr. Edsons (part time), Chairman AFB; Major Fielden, PRO; Capt. LEACACOS; Capt. HAAG, PWB; Major WASHBURNE, Education Subcommission.

2. It was agreed that the Education Subcommission will continue to have full responsibility for the publishing of elementary school text books.

3. For books designed for use in secondary schools and universities, the following procedure was agreed upon:

a. Manuscript will be submitted to the Education Subcommission with application of publisher and statement as to quantity proposed, availability or need of paper, and need for publishing.

b. In consultation with the Ministry of Education, the Education Subcommission will advise the AFB as to suitability and need for publication, and will submit publisher's application.

c. AFB will take whatever final action seems to it best in the light of the Education Subcommission's recommendation, the availability of paper, etc; and the other demands being made upon available supplies.

OGGETTO: Relazione.

Nella visita a Tivoli fatta ieri ho visto che anche per i tre volumi affidati a Chicca i flani sono quasi pronti.

Oltre i quattro libri in flani già mandati a Firenze credo che ne saranno pronti altri tre per il principio della settimana prossima.

Ciò che a Tivoli procede lentamente è la stampatura dei volumi dovuta alla scarsità dell'energia elettrica concessa due mesi in ritardo e soltanto nelle ore notturne.

Non si potrebbe gentilmente pregare che almeno per questo mese venisse data alla Ditta Chicca l'elettricità anche in qualche ora del giorno ?

Se questo avvenisse non avremmo ritardo alcuno nella consegna.

La stampa e la confezione degli altri libri procede soddisfacentemente ad eccezione del sillabario a colori a causa della questione delle carte topografiche del Comando militare.

Per questo è necessario sollecitare lo sblocco della macchina bicolore.

La tipografia Vallecchi ha indicato altre tipografie dove potersi rivolgere, ma sembra che il Comando militare suddetto abbia impegnato le altre tipografie senza lasciare libero Vallecchi.

Occorrerebbe consultare di nuovo il Comando alla Farnesina per la questione.

INSTRUCTIONS FOR PREPARATION OF BID.-FORM TSC/3.

1. Bidding system is designed to provide postive control of transportation by rail of civil freight traffic (both ACC and Ordinary Italian). Careful reading of these instructions and preparation of Form TSC/3, also compliance with all requirements and instructions will materially assist all concerned to obtain best possible transportation.

2. Types of Civilian Freight Traffic. Civilian (i,e, all non military) traffic falls into two broad categories, viz:-

(a) ACC Traffic. Comprises commodities which ACC considers essential to meet vital needs, and over which ACC exercises a large measure of control, such as wheat, flour, sugar, olive oil and other basic foodstuffs or supplies. Salt, fuel, fertilizer, seeds and essential products sponsored by Italian Government under ACC auspices are included in this category.

(b) Ordinary Italian Civilian Freight Traffic. Comprises all freight movements required by civilians, not coming under sub-para (a) above, such movements must be limited to capacity available after requirements of subpara (a) above, have been fully met.

3. Emergency Traffic of Extreme Urgency. Regular working of bidding system is essential. However, it is appreciated that there may arise emergencies requiring special movement arrangements. In such cases, form TSC/3 will be prepared, clearly marked "Emergency Request", and details of emergency clearly specified. Officers preparing form TSC/3 are responsible for determining that there is actual urgency.

4. ACC Official Wagon Labels: Attention is directed to the fact that wagons must bear official ACC WAGON LABELS, completed in ink. Two labels will be provided, upon acceptance of bid, for each authorized wagon. Labels will be supplied by ACC Tn. Representative to Regional and Provincial Supply Officers, who will endorse them with details of commodity, serial number of bid, date during which movement is authorized, stamp and sign them before issuing to consignor. The number of the railway wagon will be inserted in ink, by stationmaster, at time of loading. On any cancellation of movement, ACC official wagon lables must be returned to issuing authority.

5. WARNING. Italian railways have been seriously affected by ravages of war there are critical shortages of coal, supplies and wagons, and military necessities must always receive preference. Bids beyond reason or necessity must not be made & quantities shall be limited to actual requirements, and must not exceed the quantity that can be loaded within any one seven-day period. Mass bids for large quantities, to move at specified later date, or for which all details have not been fully determined, will NOT be submitted on form TSC/3. Letter giving details of such proposed or problematical shipments should be submitted to H.Q., ACC Transportation Sub-Commission in advance, through usual channels, giving all known details.

Memorandum on Needs in Northern Regions.

1. Paper, ink, binding cord and glue for the printing of 644,000 elementary school text books in Genoa, 201,000 in Milan, and 1,172,000 in Padua or some other city of Venezia will be urgently needed immediately on arrival in these northern regions. How much will be found locally is unknown. In Palermo and Naples, there was almost a complete dearth. In Rome and Florence sufficient supplies were found.

2. The same applies to paper for school note books (quaderni) for which the estimated needs in the four regions are as follows:

| | |
|---|---|
| Liguria-Piemonte | - 470,000 |
| Lombardia | - 657,000 |
| Venezia | - 857,000 |

3. Window glass will be a prime necessity for a large number of schools. Data being gathered now in Lazio-Umbria and Toscana will be used as a basis for estimates.

4. School lunches for kindergarten and elementary school children will be issued on the basis of ½lb. dried soup and ½lb. dried vegetables per child per month for the following number of children:

| | |
|---|---|
| Liguria-Piemonte | - 235,000 |
| Lombardia | - 329,000 |
| Venezia | - 429,000 |

ILL.MO SIGNOR COLONNELLO POL[illegible]I,

Mi rivolgo direttamente a Lei che tanto ha fatto e fa a prò della igiene del nostro popolo.

La di Lei encomiabile iniziativa mi ha spinto a trattare con più passione, ai miei alunni, tale necessario argomento per il quale ho disegnato dodici cartelloni didattici illustranti la "Giornata igienica del bambino" allacciata alla "Lotta contro le mosche".-

E' stato notato dalle superiori Autorità scolastiche l'efficacia ottenuta sulla formazione della coscienza igienica degli alunni mediante tali cartelloni didattici.

Perchè Lei ne abbia una semplice idea accludo alla presente un breve schizzo di uno dei suddetti cartelloni.

Sono vivamente desideroso di conoscerla personalmente e, con tale ambita occasione, sottoporLe, ai fini di potere eventualmente concretare una mia idea, i detti cartelloni, che non certo riscuoteranno la Sua approvazione ed il suo validissimo aiuto.

Pertanto Le sarò grato, Signor Colonnello, se accettando quanto Le ho sopra esposto, volesse essere così compiacente invitarmi nel suo Ufficio in un giorno ed ora da stabilirmi in antecedenza.

1. Your EDN/1755 of 30th September 1944.

2. I enclose a copy of Professor Giordani's letter giving the estimate of books to be prepared for Sardinia during the present printings in Naples.

3. Reference paragraph 4 of Giordani's letter. I have given a copy of your above quoted letter to Giordani for information. It should be borne in mind however that this "libro di stato" will not be imposed for the scolastic year 1945/46 and that a surplus of these books is therefore not desirable.

4. Every effort will be made to obtain the necessary transport for these text-books and quaderni so that they reach Sardinia as early as possible. Your attention is drawn to the suggestion made in paragraph 7 of Giordani's letter. As there is no Education Officer stationed permanently in Naples a representative from Sardinia would no doubt be of the greatest value and help to Professor Albin, who is this Office's and the Ministry's representative in Naples for elementary text-book printing.

Egregio Signor Capitano Beard

1. In riferimento alla sua telefonata riguardante ciò che poteva provvedersi per la Sardegna e dopo aver sentito il Sig. Colonnese le espongo quanto segue: In complesso potrebbero essere inviati nell'isola 73 mila volumi così distribuiti:

| | |
|---|---|
| I4.000 | Sillabari |
| I0.000 | Lettura 2° |
| 8.000 | " 3° |
| 8.000 | Sussidiario 3° |

| 6.000 | Aritmetica 4° |
| 6.000 | Religione 4° |
| 5.000 | Lettura 5° |
| 5.000 | Religione 5° |
| 5.000 | Aritmetica 5° |

2. Questi libri verrebbero ceduti alla media di L. 30 ciascuno per un importo quindi di L. 2.I90.000.

3. Oltre i libri potrebbero essere inviati in Sardegna I50.000 quaderni a L. 5 ciascuno per un importo di L. 750.000.

4. Nel caso che questi quantitativi dovessero essere aumentati o diminuiti basterà avvertire in tempo utile.

5. Questi libri e questi quaderni potrebbero essere disponibili per i primi del prossimo novembre a Napoli.

6. Essi verrebbero ceduti franco porto a Napoli e cioè depositati sotto stiva.

7. Perchè poi non succedano inconvenienti occorrerebbe che il Sig. Rag. Dessy, che sembra essere l'uomo di fiducia dell'A.C.C di Cagliari si portasse in Napoli a conto dei cartolai sardi e quivi pagasse la merce in contanti dopo averla controllata.

UFFICIO "EDUCATION" GAP BEARD.

Libri di testo per le elementari.

I)- In base al buono trasmesso per la assegnazione dello spago ,3 Q.li, per Napoli, Palermo e Roma, ho preso accordi con l'ufficio di Napoli dell'ammasso canape e lunedì ritireremo lo spago da Frattamaggiore.
Lo spago lucido ,titolo 16 capi 2,non si fabbrica più. Abbiamo però potuto avere uno spago poco più doppio,titolo 10 a 2 capi,al prezzo di lire 105,65 al Kg più I lira e bollo.
La prego di inviarmi al più presto il buono da Roma dalla HQ ACC per la assegnazione di spago lucido relativa al mese di ottobre che deve essere ritirata entro il 30 novembre.

2)-Si è iniziata la tiratura del sillabario affidata alla Ditta Scarpati al prezzo di lire 9- per la tipografia.
Tale prezzo è stato stabilito comprensivo degli aumenti salariali ed è migliore di quello fissato a Roma (£ 13.93 per le prime 100.000 copie e 8.26 per le successive) per le seguenti considerazioni.
La Ditta Scarpati lo scorso anno stampò solo 50.000 copie ed ha poi mantenuta in piedi la composizione per sei mesi,apportandovi inoltre correzioni prima di rimettere il tutto in macchina per la nuova tiratura.In più la scarsezza di carta non le permetterà di fare un unico tiraggio. Malgrado ciò il prezzo da me ottenuto è migliore di quello di Roma, tanto che la stessa ditta potrebbe offrire il prezzo di £ 10.50 franco Roma.

3)- Procede favorevolmente la fissazione dei prezzi con le altre tipografie, almeno sino ad oggi.

4)-In base alla lettera per i Provveditori,ho provveduto all'invio agli stessi di una circolare per l'annuncio delle prossime spedizioni dei libri e per una attiva propaganda sulla obbligatorietà per quest'anno del testo di stato.

5)-Spero di preparare in settimana la prima spedizione per la Sardegna.

1. There is an acute shortage of secondary school text books in Rome. The Publishing Houses Dante Alighieri and Luigi Macri' of Rome have a considerable deposit of books in Citta' di Castello which they wish to bring down to Rome.

2. Since schools are now open and the need for books is urgent, it is requested that Dante Alighieri and Luigi Macri' be permitted to transport said text books from Citta' di Castello to Rome.

SUBJECT: Publication of Text Books

REF : ED/3

DATE : 17 February 1944

1. Your letter of 12 February received and discussed with Lt. Col. Cayre and Lt. Col. Smith. I am directed to reply as follows.

2. The fact that without authorization from this Hq, Capt. Crivon authorized the publication of a sillaberio in Messina is regretted, but will be recognized.

3. An announcement should be immediately published in all Sicilian newspapers that no more text books will be allowed to be published without written authority from the ACAC. He will, of course, not give such authorization without prior advise, and you will not give your consent without approval of the Education Subcommission. Arrangements with the Italian Government will confirm this procedure.

4. You are requested to take no action against the Catania and Messina publishers for the publication of the sillaberii they have already published.

5. You are requested to notify all Provveditori:
   a. that use of the sillaberio published in Catania and Messina will not be forbidden.
   b. that a much better sillaberio, in four colors, 128 pages, is nearing completion and will be sold at a price of about 25 lire, and that you recommend waiting for it if possible.

6. You will withdraw any unused sillaberio paper from printers and hold it for the new sillaberio. Any books now in press will use newsprint. The new sillaberii will use the paper consigned to you for that purpose as far as it will go, and then will use newsprint.

7. Manuscript of one sillaberio has been sent to you. That of the other will go forward soon.

8. Col. Cayre will discuss with you on Sunday or Monday, the problem of Part II of the elementary program.

1. We can get the silabario printed here by photooffset in four colors at a cover price of about 25 lire. I can send the offset matrices,or whatever they are called,to you for reproduction if ENIC,Bellotti or anyone else has the necessary equipment for using them. Please investigate and instruct me.

2. For binding the silabario we are using three wire staples instead of thread. I have examined a sample book and find it strong and quite satisfactory.

3. We have copy the newsprint sent to PWB in Sicily is for AMG and your RCAC has authority to allocate any portion of it to you. Major Ellis of PWB,Naples,says this is perfectly understood by PWB Palermo and needs no confirming letter from here. PWB acts only as transfer and storage agent and the RCAC has full authority over the paper. Since the 37 rolls we ordered were supposed to be full rolls and turned out to be half rolls,you should request an additional 37 rolls - or more if you find we underestimated.

4. When our cuts for illustrations are made can your printers make their own zinc plates? Have they the zinc,acids,etc.,necessary? Or will it be necessary for us to ship our zinc plates to you?

5. I shall investigate the possibility of having mats made of our completed pages and shipping these to you for all books above the silabario. Of course if this is possible it will save you much time and expense. But I do not yet know whether the necessary (2) equipment exists here.

6. The balance of your binding thread leaves in a large wooden box addressed to you,by ship,this week.

7. Please send me your office telephone number - it helps us to contact you when shipment arrives.

8. The 20 lire price on newsprint is absurd. Cables have gone to Washington and Algiers requesting price. If they confirm any such exorbitant figure, the Finance Subcommission will authorize us to sell at a cost that makes it possible for children to buy the books. Tentatively, I am estimating 6 lire per kilo, but will give you a definite figure in a couple of days.

9. Where is the Fifth Reader? If you have sent me copy of the book or proofs, please follow through with another copy sent by Col. Gayre. If he has left before you get this, please send one by air courier.

(Attention: Director, Lt.Col. T.V. Smith)

1. I enclose a report on the text-book situation which I hope will be found exhaustive as a report, even though the situation may not be very satisfactory.

2. I should like to add a word of praise for Pfc Di Marco, for the way in which he has kept the wheels going round whenever it was possible (and advisable) to keep the machine working.

3. Also I should like to say that the choice of Sig. Albano as technician in this field has proved a happy one.

4. With regard to "quaderni" if there is any need for them where the schools are remaining open I suggest that they be sent to those districts.

5. Some are going to be sold on the Naples market as arranged by Capt. Pratt. I have advised the Education Officer Region III and suggested that the Provveditore inform all Elementary school circuits so that the sale of these will benefit the schools.

6. So far Montanino has not received payment for any of these quaderni a fact not calculated to make him highly enthusiastic over the work allotted to him. I have written to all Regional officers concerned to solicit, at least, part payment.

Situation Report

1. The distribution of first (Naples) editions is completed.

2. The preparation of "flani" (matrices) has not begun.

Prior to Maj. Washburne's departure, but also before I had obtained precise information on the subject, I reported verbally that the preparation of "flani" was evidently not going to be such an easy matter as had been supposed.

On June 26th. I wrote to Maj. Washburne forwarding a letter from Colonnese which stated:

> "From ours, the editorial point of view, we add that both for a clear execution of the work and for the sake of lighter cost of production the 'flani' and corresponding 'stereotipie' (lead moulds) would cost much more than a new composition in linotype".

I also forwarded a letter from Morace which explained certain technical points which should have been considered before ever embarking upon this "flani" enterprise. For example, Morace permitted himself most humbly to bring to our notice that,

> "mechanical composition does not lend itself to the preparation of 'flani'."

He explains that this is an account of "the limited depth of the characters". He also points out in this letter that,

> "as forced pressure would damage the compositions..... so that we would find it impossible to print the new edition with that limpid precision which characterises the first edition".

He also explains in the same letter the technical difficulties with regard to the "clichets".

0359

Declassified E.O. 12356 Section 3.3/NND No. 785016

I attach copies of both Colonnesi's and Morace's letters, which strike me as going perfectly sound and logical objectives to the preparation of "flani".

I have had no direct reply to my letter of June 26th and its enclosures, but on receipt of Maj. Washburne's ED/3.19 of 3rd July 1944, I reluctantly embarked upon a policy of bullying and cajolery which presupposed that all our experts here were liars and rogues, and arranged for "flani" to be done at the "Risorgimento" press. At that time I had not inquired very deeply into the complications of the "flani" process, and I assumed that those who had embarkedupon this scheme had done so after due consideration of the matter. Then the problem of Religion arose (see my ED/2.12 of 12th July 1944); and, as the first books prepared for "flani" contained sections of religious instruction, a further delay was caused.

Shortly after (on 15th July) Colonnese produced a new bolt from the blue. He informed me that he had been to Rome, and had discussed the matter of "flani" with Maj. Washburne, and that he had been referred to a "Consorzio" of Rome editors. In the conference which ensued it was decided that the "flani"for the Rome printing of the books be cancelled. Attached copy of Colonnese's own statement. Meanwhile I was left ignorant of this decision and was thus constrained to continue my hectoring of the printers in order to get "flani" done at all costs.

I have now suspended everything with regard to preparation of "flani", including those for Middle East for which the same objections apply.

At first I could not have explained these objections, as I am no printing technician, but I am now in a position to give some idea of what they are: (a) the print used for Naples editions is not deep enough to make a clear impression on the card matrices from which leads are moulded (b) with mechanical composition the print is sometimes a fraction of a millimetre out of the vertical which is exaggerated by the deep impression which has to be made on the matrices, and is then emphasised a second time in the making of the lead moulds. (c) The print is already worn with former printings (d) the print would be spoiled for successive editions. (e) The cliches are very shallow and would not reproduce at all.

"Flani" are normally made from fresh compositions, which are then impressed ruthlessly on the matrices, and the lead moulds made from these are used for the actual printing, whilst the leads

0354

Declassified E.O. 12356 Section 3.3/NND No. 785016

of the original composition are put back into the melting pot.

We have set out on this "fiasi" enterprise with the cart before the horse, and the horse is of the pantomime variety into the bargain.

A conferma di quanto gia' dettovi dettagliatamente circa i "Flani" vi rimettiamo le lettere della Ditta Mertamine e Morese che vi illustrano dal punto di vista tecnico l'impossibilita' di eseguire i flani in questione.

Dal nostro punto di vista editoriale aggiungiamo che sia per una pulita esecuzione del lavoro che per un minor costo di produzione i flani e le relative stereotipie costerebbero molto di piu' di una nuova composizione a Lynotipe.

Con riferimento alla richiesta esecuzione dei "flani" di tutta la composizione dei sei Libri di Stato per le classi elementari, ci spiace di doverVi confermare che il nostro Stabilimento non e' attrezzato per la esecuzione tecnica di tale lavoro.

Nessuna difficolta' da parte nostra per la consegna delle singole pagine allo stereotipo, ma ci permettiamo subordinatamente farVi presente che la composizione meccanica non si presta alla esecuzione dei "flani", come del resto e' stato gia' praticamente dimostrato dall'unico stereotipo esistente a Napoli, il Sig. Gaudenzi, e questo per la limitata profondita' del carattere delle Linotypes, la cui fusione e' assai superficiale e pertanto diversa dal carattere usato per le composizioni a mano.

Una forzata pressione danneggerebbe la composizione con evidente danno per noi stessi, che ci troveremmo nella impossibilita' di potere stampare la nuova edizione con quella precisione e limpidezza che ha caratterizzato l'allestimento della prima serie.

Vi sono ancora da considerare i clichets, di cui i grafici non sono impressibili per il limitato spessore della zinco di assai scadente qualita', ricavato a suo tempo addirittura da lamine di tettoie, ed i retinati, che sono del tutto da escludersi, perche' il piano completamente livellato di essi, non consente l'impressione in profondita' del relativo disegno.

Il fattore tempo avrebbe da per se' tutta la sua importanza, dati i numerosi "flani" che bisognerebbe allestire, e la spesa, a nostro avviso, supererebbe quella della composizione stessa, ma risulta esclusa dalle precedenti e superiori considerazioni.

Ci dichiariamo comunque a Vostra completa disposizione per ogni eventuale maggiore chiarimento potesse occorrerVi.

Con devota osservanza

Vi confermiamo anzitutto la nostra del 22/6 rimasta tuttora inevasa. In essa vi dettagliammo le ragioni tecniche (e commerciali) che rendono impossibile la esecuzione dei Flani sulle composizioni esistenti.

A quanto anzidetto va aggiunto che il n/ Sig. Colonnese in una sua breve escursione a Roma ha avuto occasione di parlare dei Flani e della impossibilita' della esecuzione di essi sia col Sig. Magg. Washburne che con i Sigg. Giordani e Torrani, rispettivamente Segretario e Presidente del Consorzio creatosi a Roma per la preparazione - per l'Italia centrale - dei testi ufficiali per le scuole elementari, per l'anno 1944-45.

Cosi' mentre il Sig. Magg. Washburne propose tre possibilita' e cioe': I. L'invio a Napoli di tecnici per assicurarsi della non possibile esecuzione dei Flani; II. lo scambio dei cliche' nel caso che i Flani non si sarebbero potuto effettivamente eseguire: III. l'esecuzione ex novo delle composizioni, i Sigg. Giordani e Torrani ed i consiglieri tutti del Consorzio riuniti espressamente in seduta straordinaria ed esaurientemente vagliate le ragioni esposte dal n/ Sig. Colonnese decisero di preferire di ripetere la composizione di tutti i libri di testo, a garenzia della perfetta esecuzione dei singoli libri; con i relativi cliche'.

Riteniamo pertanto che sia del tutto inutile insistere per un lavoro che sarebbe soltanto dannoso per le composizioni esistenti che, deteriorate dalla inevitabile pressione per i Flani, pregiudicherebbero di molto anche le edizioni locali; per le edizioni per la zona di Roma e' oramai definito che la composizione sara' ripetuta e quasi certamente con sensibile vantaggio sul costo dei Flani stessi e delle relative stereotipie.

Le stesse considerazioni che hanno favorito tali decisioni per il Lazio subordinatamente pensiamo debbano valere anche per l'Africa ove non mancherà' qualche linotipe per la rapida composizione del testo; ma se non fosse comunque possibile provvedere diversamente e si rendesse inevitabile la riproduzione dei flani, questi, con maggior vantaggio, precisione e sollecitudine potrebbero essere eseguiti a Roma, sulla nuova composizione ad incisione piu' profonda, e sui nuovi cliche', che in previsione di cio' saranno fatti ripetere a retina larga e su zinco piu' spesso.

Nel dichiararci sempre a Vostra disposizione per tutti quei dettagli che anche a Vostro discarico potreste desiderare, distintamente Vi salutiamo.

Edn.

1. Attached two letters from Captain WAGSTAFF in Region VI about the irregular delivery of school textbooks.

2. The case of the 706 missing books has already been discussed with the publisher Colonnese who asked me to find out whether all cases (packing) arrived and in what condition.

3. You will find some earlier correspondence on the subject on the Text Books Distribution file (ED/2.9).

4. The final paragraph of Captain WAGSTAFF's ED/1755 of 17th July clearly indicates that the service of transporting the books for the publisher was carried out satisfactorily. Beyond that we cannot accept any responsibility .

5. I suggest that you pass the information contained in Captain WAGSTAFF's letter of the 17th to Albano for the publisher.

6. Captain WAGSTAFF's ED/1755 of 15th July and the accompanying schedule could be checked with the consignment notes which you have on the file (ED/2.9), this too Albano should do. If consignment notes and schedule tally could you inform us so that we can pass the information to Captain WAGSTAFF? If they do not tally the publisher should be informed and asked for any explanation.

1. A consignment of books arrived in 6 cases yesterday. Today I, personally, have unloaded, checked them and counted every one myself and I enclose a list together with the prices - see schedule 1.

2. One case, which contained the Libri Religione di classe IV; was damaged and broken but it contained 200 books and it did not look as if any had been stolen therefrom. The others were all nailed down and on opening them I checked and there were no vacant spaces.

3. I cannot understand to what consignment they belong as they do not correspond with your Memo of 19th June 44; Reference ED/3.6/ACC or with the Memo of 8th July 1944, reference ED/2.9/ACC and they appear to be a "job" lot.

4. A cheque will be sent to you in due course.

With reference to your Memo of 10th July 1944, reference ED/2.9, Consignment of Sillabari. I have made a full enquiry into the alleged loss of 706 books and here are the facts:

(1) Two of the 5 cases which arrived were badly smashed - one had been lashed with rope but there was no vacant space from which books could have been taken. The other damaged case had been tampered with and there was space for a few more books and I have been informed these "may have fallen out" - the total of these books would not amount to more than 10 or a dozen at most. No one could give me definite evidence.

(2) All these boxes were opened in my presence at the Prefettura and the books were stacked on shelves in lots of 20 and each lot was counted by me with the Prefect's Agent.

(3) The other 3 cases were undamaged and had no vacant spaces in them.

(4) I have checked with Major Sullivan (who controls imports) and he states the cases were kept under lock and key at Mepticatini warehouse here, and I can state that when I went to collect them both then and today the shed was locked up, the key being in the possession of the Manager.

If I may venture to suggest what has happened it is what has happened today, ( see letter of 15th July 1944, reference ED/1755) i.e. a "job" lot has been sent to me without any correct or adequate checks at your end.

I am satisfied that with the exception of perhaps 10 or a dozen books there has been no leakage this end.

TO : Regional Education Officer

1. Attached copy of letter to Col. Holmes to whom I spoke this morning about paper.

2. One point Col. Holmes made quite clear was that paper (newsprint) costs 17,50 lire a kilo not 6 lire. This is a point that I had made myself when writing to the Subcommission from Sicily; it is also repeated in Col. Evans's letter of 6 June 1944. This will be a matter for me to clear up in Rome. Col. Holmes will not release any paper except at 17,50. I have told Colonnese the facts.

3. Ref. the last paragraph of my memorandum to you: Colonnese has paid the Mattino for these flani. I must find out if they are wanted in Rome and if not will write to the Mattino (Risorgimento press) and ask them to reimburse the sum paid to Colonnese on receipt of the flani.

4. For your information I quote the final paragraph of a letter just received from the Deputy Director of Education: -

> "The division of labour between Giordani representing the Ministry, and the Education Subcommission is this: -
>
> a) Giordani is responsible for the whole publishing programme.
> b) The Education Subcommission is responsible for giving basic materials when not locally obtainable and for helping wherever military help or permission is needed.

1. Ref. 8 tons paper for Education Subcommission signalled as being due about this period (see Director of Industry and Commerce Subcommission's ACC/5269/I c of 13 July 1944).

2. The paper need not be transhipped but can be warehoused for use here.

3. I have informed the Regional Education Officer Region III that you are able to release 16 tons of newsprint in rolls to us, and he will get in touch with you.

Memorandum for Capt. Heilman.

1. I attach copy of the information which Capt. Pratt left for me.

2. For all matters in connection with publication of Elementary school text-books I recommend that you deal only with the publisher Colonnese, using Albano as contact.

3. All first printings are completed, Colonnese has obtained the release but not the delivery of paper for a further 25.000 sillabari.

4. Miss De Lorenzo has been through all text-books making necessary corrections and Colonnese has instructions to send several copies of each proof page to Rome. The hold up on account of questions regarding Religion in the text-books is at an end, by order of Col. Smith.

5. Such deliveries as we undertook to carry out have been completed except for one or two packages for Littoria and Frosinone that should be put on the Rome courier, if I am not able to take them with me. There are also 17 cases awaiting shipment to Sardinia total weight 2031 kgs. Arrangements have been made with Sgt. Cantor of Water Transport P.B.S. for the shipment of this consignment. Your office will be informed when shipping space is available for these, and transport will be required to convey the cases from Colonnese's warehouses to the port. I am leaving the delivery of text-books file with you in case any matters have to be dealt with in which case Albano and Colonnese would almost certainly be the people to consult. The file is divided into general matters and regional sections. Future distributions should be decided by the publishers themselves in conjuction with the Ministers text-book representative, Giordani. I am quite sure that it will not be possible for you to provide transport for any such deliveries. In Sicily we left it to the publishers to effect deliveries through the "Messagerie Italiane" - an agency. Possibly trains will be running more frequently by the time the new books are ready.

6. Quaderni. Have been distributed by Colonnese on behalf of this office. Payment is made to Montanino by the Provveditori. There is a slight divergence which Colonnese must clear up, namely that the delivery of 2.243 quaderni has not been accounted for. I suggest that you let Albano sort this out for you if Colonnese still cannot account to Montanino for these quaderni. Possibly Maj. Washburne took some for Region IV in the same way that Capt. Pratt did. I will inquire in Rome.

There is no point in continuing the distribution of quaderni to Provveditori as the school year is ended. As you see, it was contemplated that Montanino be allowed to dispose of the quaderni at the specified price locally if not disposed of before end of school year and departure of A.C.C., HQ.

7. Paragraph on supplies does not apply to hand over. All has been done anyway.

8. Paragraph on programmes likewise does not apply and has been dealt with.

9. Text-book materials. Paper is arriving from time to time and notice is being given to Subcommission through Economics and Supply Subcommission. I am going to see Col. Holmes today about the two consignments pending, and will report to you.

10) Flani I have disposed of in a former report, but I have had no instructions as to withdrawing the virgin flani sheets from the printers amongst whom they were distributed. I have instructed Albano to withdraw them, however, and to hold then here pending further orders. There were some special Middle East "flani" cards which I am taking to Rome.

## Information for Capt. Beard

### Textbooks

1. Names of Publishe r/ and Binders, & printers

Scarpati- ~~Publisher~~ printer of First Grade Syllabario

Morace- ~~Publisher~~ printer of books for Classe 2,3,and 4.

Legatura- Bindery for boo s printed at Morace.

Montanino- ~~Publisher~~ printer of books for Classes V

Addresses for al publishers will be found inthe files. The publisher is Colonnese, Dante Allieghieri.

2. Present status of printing.

a. All except a few copies of each of three books have been completed and th se are due for distribution dur ng this coming week. Morace has been authorized to reprint 5000 copies of each of three ad itional books. These sh uld be all be ready with in the next week of ten days and this will complete all the printing of this year. An accountof the number of books printed and distributed to date will be found in the Textbook file.

3. Presentstatus of delivery.

a. Delivery of books is in charge of Private DiMarco. The truck, furnished by ACC leaves the first of each week, usually on Monday or Tuesday. DiMarco and the Publisher, Colonese both accompany the truck. Colonese collects fromthe booksellers. In the Textbook file will be found the number of texts allotted to each province. There is also a detailed account of the number delivered to each province to 5/June/1944. With each deliver five consignment slips are made and returned to t h s ffice. One copy s given to the publisher, one sent for our files and three sent to the Regional Direcotr of Education, one of which is marked for the Provveditore, one for the provincia commissioner and the other his own files. One or two more trips wh uld finish the delivery of textbooks for this year.

b. In the textbook file will be found a revised allocation for Sardinia. One shipment of books has been made. Albano has been given a copy of this revision and is preparing the books for shipment to Sardinia. As soon as this shipment is ready DiMarco will file thenecessary request for transportation. The officer to call is listed inthe textbook file.

## Quaderni

1. Publishing

a. Publisher of the quaderni is Montanini who is to print as many copies as paper is available. These are to be sold to the provveditorati studi for 1.6 lire for small ones and 4 lire for the large ones. An agreement with Montanini will be found in the quaderni file. This allows him dispose of the quaderni at the specified price locally if they are not all disposed of before the close of the present school year, or before we leave here.

b. Quaderni are distributed in the same way as textbooks and have to thepresent time been sent withthetextbooks. As soon as delivery ofthe textbooks has been completed it will be possible to utilize the truck for the exclusive distribtuion of the quaderni.

c. At the present time about 25,000 have been delivered and more are comingfrom the press each week. Montanini should be urged to increase the number available fromtime to time. Atpresent only the large quaderni are being printed. The smaller ones will be prepared later. In the quaderni file will be found a detailed report of the number requested, the number allocated and the number delivered todate to each province. Regional Officers have been requested to collect for quaderni from Provveditori and forward to Montanini through this office. A check should soon be made on these collections.

## Supplies

1. Regional Direcotr were asked at the meeting to submit their requests forsupplies for next year in accordance with the study of needed supplies here, a copy of which will be found in the file on supplies.

2. When requisitions are received they should be sent to the Industry and Commerce section in accord with their request which will be found in the same file.

3. In submitting requistions to Industry and Commerce estimate needs based on school ~~population~~ and include for 8 an 9.

1. At Montanini's are 2000 copies of the Programs for the Liceo Ginnasio, with pasted over labels, which should be sent on request to Regions VIII and IX. In process of completion now are theprograms ~~xxxxxx~~ for the Tecnici Schools. These should be sent to the various regions in the same numbers as will be found on the distribution of programs in the file.

1. Materials

Materialshave been ordered from the states and a detailed ~~xxx~~ acc unt will be found in the textbook f le. Materials received here will be used for pr ting textbooks in Regions II,III,and VI. As soon as these arrive, arrangements should be made for their storage and for their transportation ~~with~~ to the appropriate printers. For this purpose consult Economics and Supply and Transport.

2. Publishing

Colonese has been given the c ntract for publishing the books for next year and the same prnters will be utilized. This summer Scarpati is trying to find sufficient paper locally to beg n the reprt'ng ofthe syllaberio.

3. IMPORT NT- Flanni

Morace and M natnaini have been given flanni for the preparation of mats for Rome region this summer. Work on the preparation of these materails should be checked from time to time and as mats for each book are printed should be shipped into Rome.

SUBJECT : Printing material.

TO : Regional Commissioner, Region III
(Economics and Supply Division, Supply Accountant).

1. It would be appreciated if you would prepare an issue voucher to be used for billing S.A. Editrice Dante Alighieri for 14,895 Kgs. of newsprint at Lit. 6 per Kg.

2. With reference to para 6 of Executive Memorandum 71 of 21 July the origin of the newsprint was U.S.A. The name of the ship, quantity shown on ship's manifest and quantity actually received from ship are details which cannot be given as the paper was drawn from P.W.B. stocks.

3. The price of Lit. 6 per Kg. is indicated above and was fixed by agreement between Col. Evans and Maj. Washburne before the Lit. 17.50 had been decided upon, see copy of Maj. Washburne's ED/3 of 16 Feb./44. attached.

4. It would be appreciated if you would hand the Issue Voucher used for billing the customer to the Regional Education Officer (Capt. Heilman) who will see that the matter is attended to, as indicated in paragraph 7 of the above quoted Executive Memorandum.

ALLIED CONTROL COMMISSION
Education Subcommission

TO : Industry and Commerce - Attention Col. Wm. P. Evans.

FROM : Education Subcommission

SUBJECT : Price of Newsprint.

REF : ED/3

DATE : 16 February 1944.

1. This is to confirm our telephone conversation of this morning.

2. The Education Subcommission has obtained a supply of American newsprint for the publication of a series of non-fascist elementary school text books in Palermo and Naples. This paper is being sold to the printers ( IRES, BELLOTTI, and ANDO' in Naples Morace and MONTANARI in Naples). The price at which the text books are sold to the school children is fixed by this Subcommission on the basis of a cost analysis of printing and publication. The price at which paper is sold to the printers is therefore one determining factor in the price which children must pay for the text books.

3. This Subcommission has tried to get a price fixed for the newsprint delivered to it and sold to the printers. The Industry and Commerce Division has repeatedly cabled to Washington for this information and has been unable to get a reply. The books are in press and the price thereof has to be printed on the covers. Therefore this Subcommission in consultation with you and with your consent is fixing a price of six lire per kilo for paper delivered to the printers.

4. This price has been fixed on the following basis: a) Informal estimates by persons who know something about the paper market in the United States; b) The pre-invasion price of paper in Italy; c) The price of eight lire per kilo established for a superior grade of paper used in color printing for the first book of this series; and d) primarily on a price which will make the cost of the text books sufficiently low so that school children can buy them.

5. The last named factor (para 3 d) is so important that it had been informally agreed with Capt. Ecker Race of Finance that if Washington had quoted a price much over six lire per kilo, delivered, we should attempt to arrange, as a virtual subsidy, to sell the paper at six lire any way. It is essential to get the books published at a price within reach of the school children. 2994

6. We are, therefore, arranging to have the printers in Palermo and Naples pay to A.M.F.A. six lire for each kilogram of paper delivered to them, and are pricing the text books accordingly.

1. We have in our stores already packed 32 boxes of Elementary text books addressed to the Regional Education Officer Region VI, Sardinia. The weight of the above mentioned boxes is Kg. 4063.

2. This is to let you know that the forwarding of these boxes is of a very urgent character for the following two reasons:

a. The books are to be used in Summer-Schools which end on August 31st and a delay of distribution would affect upon the sale causing a sever economic damage to us.

b. On account of the lack of space the boxes hinder us from doing our daily work.

3. We are sure you fully realize our present conditions and we greet you respectfully.

DATA : 23 marzo 1944

Ci meraviglia il riscontrare che finora non sono stati ancora consegnati tutti i cliches riguardanti le pubblicazioni ufficiali per le scuole elementari.

Cio' causa un danno grevissimo agli alunni ed all'ufficio.

Pertanto, qualora per la prossima settimana non consegnerete alle rispettive tipografie Laterza e Montanari i cliches di cui sopra, vi sara' applicata una penale di L. 200 per ogni giorno di ritardo nella consegna dell'ultimo dei cliches occorrenti per i libri.

Non possiamo essere di accordo con la vostra lettera del 18 andante indirizzata al signor Colaneso e da questi trasmessaci, perche' il quantitativo di zinco a disposizione del nostro lavoro e' di mq. 5,553 cioe' sufficientissimo per i cliches occorrenti.

SUBJECT : Delivery of text-books

1. In reply to your R/ ED/100.0 of 12 June 1944.

2. We have not been able to use an ACC truck for deliveries of text books this week as none was available.owing to ACC moves north. (Some local deliveries to Benevento, Avellino and Campobasso have been effected however). Now is there any longer a Region IV Transportation officer here.

3. I am arranging for as many of the books as is possible to be parcelled up in half hundredweight parcels and sent to Littoria and to Fiuggi by courier day by day.

4. I am having 2 parcels each containing 100 Sillabari and 100 2nd Class Readers and 2 parcels each containing 50 copies of each of the other readers sent off immediately to both Littoria and Fiuggi. (Numbers of books are approximate and will depend on ultimate weighing).

5. Other parcels will follow.

ALLIED CONTROL COMMISSION
Education Subcommission

TO : Provincial Commissioner, Foggia Province
Attention Education Officer, Major Birt

FROM : Education Subcommission

SUBJECT : Paper for text books.

DATE : 24 February 1944

1. When I was in Foggia and visited the paper mill with the SCAO I was told that the paper on hand there was allocated one part to Fifth Army, one part to Eighth Army and one part to the Italian government. I then went to Bari where I saw Major Ellis of PWB. He confirmed this statement. I therefore proceeded to Brindisi and proposed to the Italian government that if it would release to the Education Subcommission 100 tons of its part of the paper in Foggia we would print text books for the parts of Italy under Italian government Control at the same time that we printed for regions under military government. This proposal was agreed to by Cuomo, the Minister of Education and he gave orders that 100 tons of the paper at Foggia be released to us.

2. In Naples we were first told that requisition for freight transport from Foggia to Naples for this paper must originate with Region 3. Region 3 officials agreed to set things in motion, but a change in personnel resulted in a change in ruling. It now seems that the requisition for freight transport of the paper must originate in Foggia.

3. The requisition must, we are told, contain the following information:

a - Department (i.e., Education Division Region 5 to Education Division Region 3, AMG)
b - Description of commodity and how packed ( flat paper for text books, crated)
c - Date of completion of requirement ( March 20, 1944)
d - Total tonnage (105 tons - to include crates)
e - Tonnage to be loaded daily - ?
f - Consignor's address
g - Consignee's address ( Education Division, Region 3 AMG, Prefettura, Naples)
h - Reason for movement ( supply paper for printing non-fascist text books)
i - Signature

29.6

4. For transporting the paper to the freight car, and loading, you may employ civilian help and bill same to this Subcommission which will collect from the publisher of the text books. Here, for similar work, we employed one competent man full time to take full charge, and he employed other labor and supervised all crating, labeling, handing, etc. He also found and bought the necessary lumber and wire for crating. For some of these items, where they were small, we paid directly from ACC funds; others were billed and paid by the publishers. We will take care of collecting from the publisher and transmitting to you for handling you bills.

Declassified E.O. 12356 Section 3.3/NND No. 785016

5. Can you and will you proceed along these general lines and try to get the paper to us?
