SUBJECT : University courses for service men.

TO : Sgt. Angelo Lucia.

Confirming our conversation of even date.

1. The University of Perugia has established a program of courses for service men, and courses have also been arranged at the University for Foreigners in Perugia.
2. The University of Florence has established courses in Italian literature, history, language, art, and politics for Canadian troops, holding three classes daily for three consecutive days for each group. A further plan is under way then for beginning and advanced classes in Italian and in the history, literature and art of Italy for Allied personnel in general.
3. It would seem very desirable that similar arrangements be made at the University of Rome.

Italian Pioneer Companies

Large numbers of Italians have been recruited and formed into Pioneer Companies attached to R.A.M.C., R.A.O.C., R.A.S.C. etc. under British Officers, as part of the Allied Forces.

They are in urgent need of reading matter of all kinds. It is hoped, therefore, that this need could be supplied by contributions of literature from Italian civil sources.

Large quantities of literature of every description will be gratefully received by these men. The distribution will be made by this Directorate.

Parcels should be forwarded addressed to Director of Welfare (I.S.) A.S.S. B.S.A.F. Direct, or handed in to one of the following, for forwarding.
