SUBJECT: Italian and Other Civilians Going North.

TO: See Distribution below.

1 Some misunderstanding seems to have arisen with regard to Italian and other civilians obtaining movement orders to travel by courier or other military transport.

2 It is pointed out that only civilians working for or attached to Sub-Commissions may take advantage of military transport and then only if they are going ~~to the North~~ for work in connection with the activities of the Sub-Commission or AMG.

3 In future, no orders will be signed for civilians unless at the bottom of the request for travel orders there is a statement signed by an officer to the effect that the civilian is employed or attached to Allied Commission and is going North on work in connection with AC or AMG.

ARC/1

Dear John,

I am shortly sending my Superintendent of Archives (Comm. Mascelli) to Rome on necessary archival business.

He's, of course, fixed up with a pass and so on; but it's difficult to get him transport for the journey back as we don't know how long he'll need to be in Rome.

I've therefore told him to present himself at the Sub-Commission between 15th. and 20th. June, or when he's ready, and I know your people will do their best to get him fixed up.

Hope you'd a good journey back

Yours ever,
Harry Bell

1 Heads of Sub-Commissions are warned to expect strong pressure from Ministers and other Italian civilians for permission to enter the North. directly it is liberated.

2 Such pressure will be resisted.
Movement of civilians is entirely a military matter and, until such time as the usual restriction are lifted, all travel into Army Area is controlled by the responsible SCAO or Regional Commissioner who alone can issue the necessary pass.

3 Applications will pass through Public Safety Sub-Commission as usual. Other Sub-Commissions can however, assist very materially by refusing to endorse applications which are not essential to the Allied war effort.

General Outline.

ENAC.

1. The Italian Government through its Ministry of Communications set up a Corporation to investigate the problem of Road Transport in Dec. 1943. Following upon these investigations Italian Law created the Corporation entitled :- ENTE NAZIONALE AUTOTRASPORTI COSE (National Agency Motor Transportation of Goods)., which will be referred to here after as ENAC. It was sanctioned by Lieutenancy Decree Law No. 188 dated 17 August 1944 and commenced to function 1 Feb 45. It is a non-profit organisation designed on commercial lines.

2. Under the Decree Law owners of vehicles are compelled to register with ENAC and are only permitted to trade through ENAC. It is prohibited to transport goods by road excepting with ENAC authority, and subject to ENAC terms, conditions and rates of freight. Plans are in hand for Italian Government Control of the issue of Tyres, Petrol and Spares whereby only those Commercial (Goods) vehicles operating for ENAC will be able to procure such supplies.

3. At the present time ENAC control all civilian road transport in Italian Government Territory, which territory includes all Provinces on the Mainland of Italy, south of (excluding) the Provinces of ASCOLI, PERUGIA, TERNI and GROSSETO and in addition the Island of SARDINIA. Road Transport in SICILY is at present operated by I.N.T. (National Transport Institute). It is anticipated that SICILY will be brought into the ENAC scheme in the very near future.

4. Transport within one Province or two adjoining Provinces is arranged by Provincial Directorate.

Transport outside one Province or two adjoining Provinces is arranged by Compartment Directorate, so long as it is confined to two adjoining Compartments.

Transport beyond two adjoining Compartments is arranged by H.Q. in ROME.

5. Scale of ENAC charges is given at Appendix "D".

6. Italian G.T. Coys. There are four of these Coys equipped with 120 x 3 ton Br. Lorries/trucks and driven by Italian Army drivers under the control of Italian Army Officers (for discipline and administration). Each Coy is under command of a British Major with a cadre of British Officers and ORs.

7. Q.M. Truck Coys. These Coys are each composed of 52 x 2½ tons GMC 6 x 6 trucks. Coys are organised and operated in accordance with American Army requirements. Vehicles are driven by Italian Army drivers under the control of Italian Army Officers (for discipline and administration). Each Coy is under the command of an American Army Officer with a cadre of American Personnel.

Declassified E.O. 12356 Section 3.3/NND No. 785016

8. Truck Pools. From November 1943 onwards W.D. vehicles were allotted to A.C. for the formation of A.C. Civilian Supply Truck Pools. There are at present approx 550 such vehicles, in operation in liberated Italy. In addition, suitable civilian vehicles have been organised into Pools known as UFFICI TRASPORTI COSE. These pools have operated under the supervision of Regional Transportation Officers. They are run on the lines of the ENAC organisation and operate on the same tariff. In Southern Italy and SARDINIA the control of these pools is vested in ENAC. Negociations are in hand for ENAC to take over the control of pools and other non-pool vehicles in SICILY. Vehicles are driven by civilians living under their own arrangements and in consequence, are not mobile.

9. Future Increases in M.T.

According to present shipping programmes, 3174 Cased Vehicles are due to arrive in Italy by the end of June 1945. It is expected that all will be in operation by the beginning of August 1945

It is intended that all Q.M. Coys and G.T. Coys will be under Command Motor Transport Group A.C. (Italian Army Personnel).

ALLEGATO *B*.

NORME PER L'APPLICAZIONE

I. — NORME GENERALI

Agli effetti dell'applicazione delle tariffe di cui al presente decreto, s'intende:

a) per *autotreno* un autoveicolo atto al trasporto di cose composto complessivamente di motrice e di rimorchio;

b) per *autocarro* un veicolo atto al trasporto di cose costituito dalla sola motrice;

c) per *motocarro* un autoveicolo a tre ruote, atto al trasporto di cose, avente portata utile compresa fra 350 e 1000 kg. e gli analoghi tipi di portata superiore, ancora eccezionalmente in circolazione;

d) per *motofurgone* un autoveicolo a tre ruote, atto al trasporto di cose, avente portata utile inferiore o eguale a 350 kg.;

e) per *automezzo* indistintamente l'autotreno, l'autocarro, il motocarro ed il motofurgone;

f) per *portata utile* quella indicata nella licenza di circolazione e solo ad essa bisogna riferirsi nel calcolare il corrispettivo dovuto al trasporto (salvo le eccezioni più sotto elencate);

g) per *sosta*, il tempo intercorrente tra il momento in cui l'automezzo giunge al luogo di carico o scarico e quello in cui riparte da detto luogo;

h) per *luogo di ingaggio*, il luogo dove è la stazione o l'ufficio dell'ENAC dalla quale il trasporto dipende.

II. — STRUTTURA DELLA TARIFFA.

La tariffa è composta:

a) da una quota di ingaggio, dovuta indipendentemente dalla distanza che l'automezzo deve percorrere e comprensiva del compenso per il percorso autorimessa-luogo d'ingaggio e ritorno;

b) da una quota chilometrica;

c) da una maggiorazione di L. 0,06 per ogni q.le-km. effettuato, non applicabile ai motofurgoni;

d) dell'imposta sull'entrata.

— le quote di cui alle lettere *a*) e *b*) risultano dalle allegate tabelle;

Declassified E.O. 12356 Section 3.3/NND No. 785016

— le quote di cui alle lettere *c*) e *d*) devono essere computate *in aggiunta* a quelle risultanti da dette tabelle.

Pertanto, salvo le eccezioni di cui ai punti seguenti, *a ciascun trasporto* si applica:

a) la quota fissa di ingaggio;

b) la quota chilometrica e la maggiorazione di cui alla precedente lettera *c*), sia sul percorso di andata a carico, sia su quello di ritorno a vuoto o viceversa;

c) l'imposta sull'entrata sul totale delle voci precedenti, *dovuta per ciascun trasporto nella misura stabilita dalla legge.*

Dette tariffe sono le massime in ogni caso applicabili ed i prefetti, sentiti i direttori compartimentali dell'ENAC, hanno facoltà di ridurre le quote di ingaggio e le quote chilometriche nei limiti del 10 %, per quelle provincie nelle quali il minor costo della vita giustifichi tale riduzione.

Per i trasporti di massa e specialmente per quelli che interessano l'alimentazione, i direttori provinciali e compartimentali promuoveranno speciali accordi forfetari con gli Enti interessati, in diminuzione delle presenti tariffe, eventualmente indicendo la gara fra gli autotrasportatori per l'appalto di tali trasporti.

III. — Carico, sistemazione e scarico.

Il carico, la sistemazione e lo scarico delle merci devono essere eseguiti rispettivamente a cura e spese del mittente e del destinatario.

IV. — Peso tassabile.

Salvo le eccezioni di cui ai punti seguenti, le tariffe si applicano sulla portata utile dell'automezzo.

V. — Distanza tassabile.

Salvo le eccezioni di cui ai punti seguenti, le tariffe si applicano sul percorso: luogo di ingaggio, luogo di scarico del trasporto e ritorno.

L'itinerario tassabile è quello effettivamente seguito dall'automezzo tenendo conto delle necessarie deviazioni e delle circonvallazioni.

Le distanze si desumono dalla carta automobilistica al 200.000 della Consociazione Turistica Italiana (T.C.I.).

Declassified E.O. 12356 Section 3.3/NND No. 785016

VI. — Effettuazione di più trasporti con lo stesso automezzo.

Se con lo stesso automezzo vengono contemporaneamente effettuate più spedizioni, da caricare e scaricare nello stesso luogo, le tasse si applicano, come se si trattasse di un unico trasporto, sulla portata utile dell'automezzo e si ripartiscono poi fra i vari trasporti in proporzione al peso di ciascuno.

Quando invece il carico e lo scarico non avvengono negli stessi luoghi, ma tuttavia trattasi di spedizioni da effettuarsi con lo stesso automezzo e sullo stesso itinerario (il cui termine sarà stabilito dal trasporto destinato più lontano) per *ciascun trasporto* sarà dovuta la quota di ingaggio che competerebbe per un automezzo di portata utile pari al peso reale del trasporto medesimo, mentre la quota chilometrica sarà calcolata sulla portata utile del mezzo e ripartita poi, così come la maggiorazione di cui al punto II lettera c), fra i vari trasporti in proporzione dei q.li-km. di ciascuno.

Qualora la somma delle varie quote di ingaggio calcolate come è detto sopra, risulti inferiore alla quota di ingaggio che sarebbe dovuta in base alla portata utile dell'automezzo, si applicherà quest'ultima, ripartendola poi, come avviene per la quota chilometrica, fra i vari trasporti proporzionalmente ai q.li-km. di ciascuno.

VII. — Trasporti effettuati utilizzando percorsi a vuoto.

L'automezzo che, in relazione al suo primo trasporto, deve effettuare un determinato percorso a vuoto, può essere utilizzato per un altro trasporto da effettuare sul percorso medesimo.

Al nuovo trasporto si applica la tariffa che competerebbe per un automezzo di portata utile pari al peso reale del trasporto medesimo e per la distanza che questo effettivamente deve percorrere.

Il noleggiante del primo trasporto pagherà in tal caso la quota chilometrica e la maggiorazione di cui al punto II lettera c) afferente al percorso che si sarebbe dovuto effettuare a vuoto, diminuita della quota chilometrica e della maggiorazione sopra detta che viene a pagare il nuovo trasporto.

VIII. — Trasporti in serie.

Se l'automezzo, effettuato il primo trasporto, anziché ritornare direttamente al luogo d'ingaggio, viene utilizzato per altre spedizioni poste su itinerario diverso da quello di ritor-

1021

Declassified E.O. 12356 Section 3.3/NND No. 785016

no, la tariffa da applicare a *ciascun trasporto* deve essere così computata come segue:

a) calcolando la quota di impiego in rapporto alla portata utile del mezzo;

b) calcolando la quota chilometrica e la maggiorazione di cui al punto II lettera *c*) per il percorso da ciascuno effettuato a carico, pure in base alla portata utile dell'automezzo;

c) attribuendo a ciascuno una parte della quota chilometrica e della maggiorazione di cui al punto II lettera *c*) competente al percorso od ai percorsi a vuoto (sempre calcolate in base alla portata utile dell'automezzo) in proporzione dei chilometri da ciascuno effettuati a carico.

IX. — Effettuazione di più trasporti nella medesima giornata.

Se un automezzo effettua più trasporti nella medesima giornata la quota di ingaggio deve essere riscossa una sola volta (calcolandola naturalmente sulla portata utile dell'automezzo) e ripartita in parti proporzionali ai q.li-km. da ciascun trasporto effettuati.

X. — Maggiorazione della tariffa.

Quando, per disposizione del mittente, che dovrà tassativamente risultare da un documento scritto, il trasporto venga effettuato nelle ore notturne (cioè da $\frac{1}{2}$ ore dopo il tramonto del sole all'alba) e dopo 8 ore dal momento in cui l'automezzo è stato posto a disposizione, la quota di ingaggio e le quote chilometriche saranno aumentate del 7 %, nel primo caso e del 4,5 %, nel secondo caso. Tale maggiorazione non si applica nel caso di prosecuzione di viaggio o di ritorno a vuoto.

Per gli automezzi costruiti con attrezzatura fissa e destinati al trasporto continuo ed esclusivo di determinate cose, la cui natura risulterà da apposita annotazione sulla licenza di circolazione, si applicheranno la quota di ingaggio e la quota chilometrica aumentate del 10 %.

Per i colli di straordinario peso, cioè per quelli eccedenti la metà della portata utile dell'automezzo, la quota di ingaggio e la quota chilometrica saranno pure aumentate del 10 %.

Per gli autotreni cisterna e le autocisterne saranno invece aumentate del 20 %.

Declassified E.O. 12356 Section 3.3/NND No. 785016

XI — TEMPO A DISPOSIZIONE PER IL CARICO E LO SCARICO.

Le presenti tariffe sono comprensive del tempo occorrente per le operazioni di carico e scarico, che devono effettuarsi nel tempo massimo di 80 q.li all'ora per gli autotreni e di q.li 40 all'ora per gli altri automezzi.

Ogni perditempo dovuto ad operazioni di carico e scarico oltre i limiti sopra indicati, o ad altre ragioni comunque imputabili al mittente od al destinatario, è penalizzato nella misura seguente per ogni ora o frazione di ora:

L. 300 per gli autotreni di portata utile superiore a 120 quintali;

L. 250 per gli autotreni di portata utile fino a 120 q.li;

L. 200 per gli autocarri di portata utile superiore a 30 quintali;

L. 150 per i motocarri ed i motofurgoni.

XII — PERNOTTAZIONI.

Se un automezzo resta impegnato durante la notte, cioè da due ore dopo il tramonto all'alba del giorno successivo, deve essere corrisposto al vettore, in aggiunta alla tariffa, la somma di L. 400 per ogni pernottazione.

Dear

I am writing to ask if you will kindly help us in the following matter:

A Dottoressa Elena Moneti (of the Biblioteca Governativa, LUCCA) is returning to her post after a prolonged official visit to ROME. Authorization for the trip was granted by AMG, 5 Army, LUCCA and her pass (No. 127560) has been extended to 10 April 1945 with their permission.

Dottoressa Moneti will leave here on the courier Friday 6 April 45, but this will take her only as far as FLORENCE. What then is needed is that transport be arranged for her to proceed to LUCCA as soon on possible. She will be directed to deal on arrival at FLORENCE with the MFAA Office, and in especial with you, in order to determine her next move.

Dottoressa Moneti realizes that she must, in all probability, spend a night at FLORENCE, and so has written to a friend asking for lodging. We should be grateful if you would have her letter (enclosed) delivered.

We'll notify the actual departure of Dottoressa Moneti from here by phone and, since a new directive calls for this, will you kindly do the same for LUCCA when she begins the final leg of her journey.

(iii) To question or detain for investigation persons whose conduct or "story" is suspicious.

(b) Italian Government Territory.

Declassified E.O. 12356 Section 3.3/NND No. 785016

Transport tickets must not be issued by the railway authorities or other travel agencies to places within the Army or Restricted Zone unless the persons applying for tickets are in possession of civilian movement passes to their intended destination. This will be a Ministry of Interior responsibility in Italian Government territory, and an Allied Military Government responsibility elsewhere.

13. Military Travel Authorisation (to travel outside Italy).

Applications for Military Travel Authorisations will be dealt with in accordance with the instruction contained in Executive Memorandum No.61.

14. Check Posts.

(a) In Allied Military Government Territory.

In the Army Zone and in territory outside that Zone administered by Allied Military Government, every effort will be made to enforce the above restrictions by means of a widespread system of "snap" check posts, which will be established for a few hours daily at irregular times and at varying points. The responsibility for arranging such checks will rest with the Military Security Authorities.

The object of these check posts will be :-

(i) To turn back those seeking to move outside the prescribed limits without a pass.

(ii) To take action against those who have committed serious and flagrant breaches of the regulations. 2239

(iii) To question or detain for investigation persons whose conduct or "story" is suspicious.

(b) Italian Government Territory.

In the territory administered by the Italian Government a similar system of "snap" check posts will be established. In this instance, however, the object will be limited to :-

(i) Briefly questioning those passing the point with a view to discovering suspicious individuals who should be subject to further interrogation and investigation, and

Declassified E.O. 12356 Section 3.3/NND No. 785016

(ii) Instilling a sense of insecurity in the minds of agents or other undesirable individuals so that they may hesitate to move about or even abandon their mission.

(c) Organisation and Composition.

This system of check posts will be organized by Army, Corps, District and Base Section Headquarters and not by Allied Military Government/Allied Commission, both in Military Government and Italian Government territories.

These check posts will normally be manned by appropriate combinations, according to circumstances, of Field Security and Counter Intelligence Corps personnel, Italian Army Intelligence (Security Police), Carabinieri and Guardia di Finanza.

Every effort will be made by Allied Commission officers to ensure the fullest co-operation of the Italian Police in connection with these duties.

15. Amendments.

Any future alterations to these regulations, which are now to be considered as standard, will be issued in the form of amendments to this Memorandum.

Executive Commissioner.

Subject: Personnel, Proposed
Inspection tour of Tuscany.

Reference is made to your request that Sig. Adorno Pucci replace Sig. Roberto Ceccatelli as auto-mechanic for your proposed trip to inspect Libraries in TUSCANY.

In view of the trouble (especially to the busy forward AMG HQ.) that would be caused by putting through the requests for cancellation and substitution which the proposed change would involve, I am forced to decide that either Sig. Ceccatelli be asked to lose from his University studies the time requisite for making the trip or that you proceed without an auto-mechanic. In the latter case, should some mishap occur on the road, it is reasonable to suppose that help could be secured from some passing vehicle or at a garage en route.

The passes executed in respect of Sig.ri Giovanni and Roberto Ceccatelli are returned herewith.

Very truly yours

My dear Mr. Bagge:

You request for authorization to proceed to FLORENCE for the purpose of collecting privately owned paintings to be restored by you has been communicated to me.

Since the visit as planned is not one which contributes to the war effort, this office is not in position to apply for the necessary permission, conditions governing civilian movement into FLORENCE being such that only those trips which advance the war effort can be authorized.

I regret to have to make this decision in a matter in which, were it possible, I should gladly do what I could to help you. Might it not be well to apply at the Questura?

SUBJECT: Handing over P.O.L. activities to Italian Authorities.

TO : All Divisions of Lazio-Umbria Region.

In line with the Allied Commission's policy to turn all possible activities over to the Italian Authorities, this Division has been instructed to turn over the work of its P.O.L. Section to the Ufficio Provinciale del Commercio e dell'Industria "U.P.C.I." (Camera di Commercio, Industria e Agricoltura "C.C.I.A.").

Therefore, from and after March 1st, 1945 all requests for petroleum products, for any and all civilian activities, will be referred to the above named "U.P.C.I." (C.C.I.A.). This in no way affects military projects. They continue to receive their petroleum requirements as heretofore.

All requests for circulation permits will also be screened and issue at the direction of the "U.P.C.I." (C.C.I.A.) except for all trucks and three wheelers of more than 3½ quintals carrying capacity which are registered with E.N.A.C., and operated directly by them, will apply directly to Ispettorato Compartimentale della Motorizzazione Civile's trucks permit office.

From and after March 1st, no Allied Military Division will make any requests for petroleum products for civilian persons, companies, societies, etc. but may give, if necessary, certificates to such contractors and other persons certifying the existence of a contract, or detailing the nature of the work they are doing or about to do, its military importance, if any, and such other data as will enable "U.P.C.I." (C.C.I.A.) to intelligently estimate the petroleum needs of the persons or companies concerned (a suggested form for data is enclosed).

All designated Italian Authorities may be subjected to change or alteration by future Italian Governmental directives.

The Division and Provincial heads are also instructed to have their Italian counterparts, if any, to submit all future bids and estimates of petroleum requirements to the "U.P.C.I." (C.C.I.A.) in exactly the same manner as the Divisions and Provinces have heretofore submitted these bids to Regional Petroleum Section, to wit on form "in lieu of Pet. form 6" (copy enclosed) on or before the 3rd day of the month preceding the month for which requirements are being submitted, e.g.: - for April, bids are due at the Office of "U.P.C.I." OGGETTO: Rimini-Tempio Malatestiano.

Al T.Colonnello E.De Wald
Direttore della Sottocommissione Alleata per i Monumenti le Belle Arti e gli Archivi
ROMA

Come si ebbe occasione di far presente con la lettera 24 novembre 1944 n.740, questo Ministero avrebbe assoluto bisogno di profittare della possibilità di usufruire di speciali mezzi di trasporto per far raggiungere a suoi funzionari tecnici località prossime alla zona del fronte.

Sarebbe, infatti, necessario che una ristretta Commissione di esperti si recasse a Rimini per rendersi conto delle condizioni statiche del Tempio Malatestiano, che è rimasto, come è noto, gravemente danneggiato dalle offese belliche.

Tale Commissione, composta dal Prof. Carlo Roccatelli, della R.Università di Roma, e dai Proff.Emilio Lavagnino e Guglielmo De Angelis d'Ossat, di questo Ministero, avrebbe il compito preciso di proporre - d'accordo con i tecnici del Governo Militare Alleato - le provvidenze indispensabili per assicurare la stabilità e garantire la conservazione dell'insigne monumento.

Sarò, pertanto, oltremodo grato a codesto Ufficio se vorrà esaminare con ogni migliore proposito la possibilità di provvedere al trasporto delle persone suddette sino a Rimini e al loro ritorno a Roma, secondo il cortese affidamento dato di recente in proposito.

La ripartizione della ben ina alle autovetture Ministeriali fu regolata, nel passato, d'accordo con la Commissione Alleata, con i seguenti criteri:

a) - I Ministeri trasmettevano a questo Ufficio l'elenco delle autovetture in servizio presso ogni Amministrazione;

b) - Questo Ufficio inviava gli elementi alla Commissione Alleata, la quale, in relazione al numero delle autovetture, rilasciava un contingente mensile di benzina;

c) - Questo Ufficio ripartiva quindi il contingente ricevuto, rilasciando le carte carburanti ad ogni macchina ministeriale.-

.//.

Declassified E.O. 12356 Section 3.3/NND No. 785016

Dal mese di ottobre s.c., invece, la Commissione Alleata assegna per le autovetture ministeriali un determinato contingente, senza prendere in considerazione il numero delle autovetture circolanti.

In conseguenza, poichè il numero delle autovetture segnalate dai Ministeri è stato in costante aumento, questo Ufficio si è trovato costretto a diminuire progressivamente ogni assegnazione unitaria, senza poter compiere una discriminazione tra le esigenze di servizio di ogni Amministrazione.

Pertanto, lo scrivente, mentre continuerà a svolgere il proprio interessamento presso la Commissione Alleata per ottenere un aumento del contingente destinato alle Amministrazioni dello Stato, è venuto nella determinazione di ripartire tale contingente assegnando un quantitativo globale ai diversi Ministeri, anzichè disporre le singole assegnazioni alle autovetture.

A tale scopo, a decorrere dal mese di febbraio, sono stati istituiti, in sostituzione delle "carte carburanti" - dei "bloccheti di buoni di prelevamento" - che saranno distribuiti con le seguenti norme:

1) - Ogni Amministrazione (Gabinetto) riceverà, mensilmente, un numero di bloccheti, pari al quantitativo globale di benzina e di olio lubrificante che l'Amministrazione stessa ha ricevuto in assegnazione per quel mese.

2) - Ogni "blocchetto", debitamente numerato, è costituito da un numero di 10 buoni di prelevamento per 10 unità di benzina ciascuno e n.4 buoni di prelevamento per ½ unità di olio lubrificante ciascuno.

Ogni unità corrisponderà, fino a nuovo avviso, a 1 litro di benzina e un litro di olio.

3) - I buoni, validi unicamente nel mese di emissione, sono spendibili, presso il distributore del C.I.P. sito in Via Romagna, al quale, a scarico della merce consegnata, dovrà essere rilasciata la matrice del buono.

.//.

Declassified E.O. 12356 Section 3.3/NND No. 785016

4) - I buoni saranno intestati dallo scrivente alle Amministrazioni assegnatarie che, a loro volta, provvederanno a completarli con gli altri elementi richiesti, ivi compresa la firma del funzionario, che ogni Amministrazione incaricherà della consegna dei buoni stessi e della conservazione delle contromatrici dei buoni spesi.

Mensilmente, nel comunicare l'assegnazione spettante ad ogni Amministrazione, questo Ministero ne darà comunicazione al Provveditorato Generale dello Stato e al C.I.F.

Sarà cura di ogni Ministero comunicare a fine mese al Provveditorato Generale, il quantitativo effettivamente prelevato in rapporto all'assegnazione ricevuta.

Tale comunicazione sarà valida per il Provveditorato Generale dello Stato, quale documento probativo della lettura che sarà presentata dal C.I.F.

Con l'applicazione delle norme di cui alla presente circolare si rende superflua l'invio, da parte dei Ministeri interessati, dell'elenco mensile delle autovetture al loro servizio, richiesto con circolare n.20 del 19/12/1944.

1. The Ministry of Public Instruction has expressed a desire that Prof. Luigi DE GREGORI, General Inspector for Libraries, proceed shortly after the beginning of February to points in TOSCANA and the MARCHE where there are urgent problems connected with war-damage to libraries requiring the attention of the Ministry. Cities (among others) which would be visited are: PISA, LIVORNO, LUCCA; ASCOLI-PICENO, ANCONA, URBINO, PESARO. With this desire the MFAA Subcommission is in full accord.

2. Prof. DE GREGORI would be accompanied by Sig. Giovanni CECCATELLI (owner of the vehicle which would be used and its driver) and Sig. Roberto CECCATELLI (assistant driver). Particulars on all three persons are subjoined.

3. It is therefore requested that the necessary permission be secured from A.G. 5 and 8 Armies for these three persons to proceed as above and that such permissions be notified to this office.

Dear Fred,

I am submitting thro' official channels a request for permission to send on a brief trip to FLORENCE Prof. Kirkpatrick, who has been working for the Subcommission for several months. The official purpose of his visit is to contact Minto - he is an archeologist - but he has also urgent personal business (his flat in FLORENCE was very badly damaged, as Berthoven reports) and I should be very grateful therefore if you could give him any help within your power.

Yours

SUBJECT : Control Civilian Movement.

TO : See Distribution list.

1. The importance of exercising a strict control over the movement of civilians, especially in the Army Zone, needs no emphasis.

2. Recent reports, however, indicate that:

(a) standard passes are being issued to places north of the Rear Army Control Line without reference to the S.C.A.O/RC concerned;

(b) passes are not completed correctly before issue;

(c) members of the Italian and United Nations Armed Forces and Members of the CC.RR. and CC.II., are attempting to enter the Army Zone with spurious duty passes and otherwise in contravention with the regulations relating to movement;

(d) civilians in possession of letters of "authority" and "recommendation" from Military Units, Embassies, Legations, Vatican, etc, attempt to enter the Army Zone without standard Movement or Civilian Passes.

3. In future the issue of passes to places north of the Rear Army Control Line without reference to the S.C.A.O/RC concerned will be regarded as a grave breach of security. This instruction will be drawn to the attention of all concerned.

4. With regard to the issue of passes :-

(a) a separate pass must be issued in respect of each person;

(b) applicants full name, address, and identity card number must be shown on the pass;

(c) the holder will not be authorised to be out of doors after curfew except for valid reasons; 2155

(d) each pass must be signed by the applicant before issue;

(e) no alterations or additions will be made to a pass except by way of endorsement on the back;

(f) facsimile signatures

(f) facsimile signature stamps will not be used.

5. Regional Commissioners and Questori will refuse all applications for passes to places north of the Rear Army Control Line unless the journeys will directly benefit the war effort.

6. Applications for passes which are referred to S.C.A.O/RC's for approval will contain full particulars of itinerary, reasons for travel, and dates involved, as well as other details necessary to complete passes in full.

8. Passes to places in the vicinity of the Rear Army Control line will not be issued unless the issuing office is satisfied that the reasons for the journey are good and sufficient. Many cases are occurring of persons travelling to such places with regular passes and on arrival making application for additional passes into the Army Zone.

9. It is emphasized that the only regular pass is the standard yellow Movement of Civilian Pass. All irregular passes found in use will be confiscated and forwarded to this Headquarters with a covering report. After investigation a proper pass may in suitable cases be issued in place of a confiscated pass.

10. Passes or Permits which purport to enable persons to use motorcars or perform special duties in the Army Zone will not be issued unless in conjunction with regular Movement of Civilian passes approved by the S.C.A.O/R.C. concerned.

SUBJECT : Control of Civilian Movement.

TO : Regional Commissioners,
Regions I, Southern, IV, V, VI, VIII, IX, X, XI, XII.
S.C.A.C's 5th and 8th Army.

1. A complete set of instructions (Executive Memorandum No. 77) dealing with restrictions on civilian movement is forwarded for the guidance of all concerned.

2. As the instructions are lengthy and involved, the following brief sketch may be of assistance in determining the broad outlines of the control, but officers issuing passes must refer to the detailed instructions which alone are authoritative.

3. Zones and Boundaries.

Three zones and two boundary lines affect civilian travel in Italy:

(i) The Army Zone (north of the Rear Army Control Line)

(ii) Rear Army Control Line.

(iii) The Restricted Zone (between Rear Army Control Line and Restricted Line)

(iv) The Restricted Line.

(v) The Free Zone (South of the Restricted Line)

(See diagram Appendix "A")

The boundary lines are liable to change.

4. A civilian cannot cross either of the boundary lines without a pass. As to movement within the zones, see para 5.

5. Restrictions within the Zones.

(a) Army Zone.

No civilian may travel more than 10 km. or enter or leave the zone without a pass approved by A.M.G. Fifth or Eighth Army. When, however, a province within the Army Zone has been handed over to Regional Control, the competent authority to issue a pass is the Provincial Commissioner of the Province concerned, and not S.C. A.C. 5th or 8th Army.

Requests for passes to enter the Army Zone will not be considered unless the journey is in the direct interest of the war effort.

Note: Circulation is free on the islands of Elba, Sicily and Sardinia, but movement between the islands and the mainland is restricted. See para. 6 (c).

4. Details concerning the Rear Army Control Line and the Restricted Line are given in Appendix "A" to this memorandum. Details of these lines must be publicised locally from time to time. This will be an AMG/ACC responsibility.

5. Enforcement Orders.

(a) Army Zone - Proclamation No.1.
(b) Restricted Zone : AMG territory (General Order No.24 (Revised))

(d) Elba - Orders issued by the Prefetto.

6. Restrictions and Issuing Authority for Passes.

(a) Army Zone and Rear Army Control Line

When, however, a province within the Army Zone has been handed over to Regional Control, the competent authority to issue a pass is the Provincial Commissioner of the Province concerned, and not SCAO Fifth or Eighth Army.

(ii) Civilians resident outside the zone who wish to cross the control line into the Army Zone will make application for passes to the Questura or AMG/ACC office at the point of departure. Regional Commissioners will refer all such applications direct to the SCAO or Provincial Commissioner concerned within the zone (see preceding sub-paragraph) for his approval.

(i) Civilians are forbidden to travel more than 10 kms, or enter or leave the zone, unless in possession of a pass issued by the SCAC Fifth or Eighth Army. When, however, a province within the Army Zone has been handed over to Regional Control, the competent authority to issue a pass is the Provincial Commissioner of the Province concerned, and not SCAO Fifth or Eighth Army.

(v) The issue of passes will be strictly limited to those cases where the journey will directly benefit the Allied cause, and applications must not be forwarded to SCAO's Armies or Provincial Commissioners except in such cases.

(vi) Where, in cases of extreme urgency, the procedure outlined in sub-paragraph (a) (ii) would be impracticable owing to the time factor, the passes may be issued at the point of departure providing prior approval is obtained from the SCAO or P.C. concerned by signal or telephone. In all such cases details of the issue of such passes will be forwarded immediately to the SCAO (or Provincial Commissioner) of the area of destination. The back of every such pass issued will bear the following endorsements

Declassified E.O. 12356 Section 3.3/NND No. 785016

(viii) Attention is drawn to ACC letter 309/102/CA of 29 July 1944 as to ACC Officers visiting Army and Corps Areas.

(b) Restricted Zone and Restricted Line.

Regional Commissioners will supply Questori with the necessary "Movement of Civilian" passes for this purpose. (iv) In AMG Territory in the Restricted Zone, Provincial Commissioners may authorise specified approved officers of the Questure and CC,RR to issue passes for travel south of the Rear Army Control Line.

(v) It is emphasized that civilians wishing to cross the Rear Army Control Line must be in possession of passes issued by SCAO/ Provincial Commissioner within the Army Zone.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(i) Passes will be completed in ink or typewritten - pencil will not be used.

(ii) The identity card number of the bearer will be endorsed on every pass at the time of issue.

(iii) All amounts, weights, sizes, involving the use of figures will be written in words as well as figures.

(iv) The precise nature of the journey must be clearly defined, and the nature and quantity of goods to be carried must be stated.

(v) No pass shall be issued in one province to enable persons to purchase "amassed" foods in another province without the prior approval of the Provincial Authorities concerned.

(vi) Particulars of motor vehicles will not be recorded on the passes unless a motorvehicle circulating permit covering the use of the vehicle has already been issued for the journey in question.

(vii) Permission to travel during hours of curfew will be granted only in exceptional circumstances.

(viii) The limit of availability of the pass shall not exceed the minimum of time necessary to complete the proposed journey and to transact the applicant's business. If unforeseen circumstances render an extension necessary the officer amending the pass will advise the original office of issue of his action. All amendments to, or endorsements upon, passes (e.g. with regard to extension, validity or duration) will be made on the back of the pass, and worded simply and clearly so that no question of ambiguity arises. In the case of the Army areas, however, passes will not be made out for indefinite periods nor for more than one specific journey.

8. Emergency Passes issued by Military.

It has been agreed with AAI that if a responsible Allied Military authority has occasion to employ a civilian on a particular operational or intelligence task requiring the issue of a pass and if it is impracticable, owing to the time factor or other circumstances for the appropriate AOC/AMG pass to be obtained, the military authority concerned may make out a temporary pass for the purpose. There will rarely be occasion for this type of authorization.

9. Issue of Travel Tickets.

Allied Control Commission officers will ensure that transport tickets are not issued by the railway authorities or other travel agencies to places within restricted areas unless the persons applying for tickets are in possession of a proper pass to their intended destination.

10. Italian Government Officials.

(a) Government Officials of the Central Italian Government.

The method of issuing passes to Government officials of the Central Italian Government will be as follows : the official will apply to the corresponding ACC Section, Sub-Commission or Branch for a pass. If approved, Sub-Commissions or Branches of the Administrative, Economic and R.C. & M.G. Sections, will forward the passes in duplicate through their Sections, to the Secretary-General for signature. In the case of the Political Section, Independent Sub-Commissions and Public Relations Branch, passes approved by them will be forwarded direct to the Secretary-General for signature. (b) Special passes for Ministers of the Central Italian Government.

Passes for Ministers of the Central Italian Government will be prepared by appropriate Sub-Commissions and Branches (in duplicate) and forwarded through their Section to the Secretary-General for signature. Standard ACC yellow and blue passes only will be used, and they will cover movement anywhere south of the Rear Army Control Line. They will be valid for a period of three months, expiring 31 March, 30 June, 30 September and 31 December, and will bear the following endorsements :

" S.....(designation of office) is hereby authorised to proceed to any part of Italy south of the Army Control Line. He should be given every facility and courtesy".

After signature by the Secretary-General the passes will be forwarded by him to HQ. AAI, GSI(b) for counter-signature.

11. Italian Military Personnel.

The movement of members of the Italian Armed Forces is unrestricted provided they are on duty, in possession of proper credentials, and subject to certain regulations which have been laid down by the Allied Military authorities (with which the Italian Military authorities are conversant). The Italian Armed Forces when not on duty, e.g. when on leave, are subject to the same restrictions as civilians.

In the case of Italian Armed Forces moving north of the Rear Army Control Line, the credentials will be countersigned by MMLO, ACC, or MMIA Liaison Officers, General Staff (Br), or G-2 or G-3 Sections (US). The countersignature will be accompanied by the office stamp of the officer countersigning.

Demobilisation papers will be regarded as proper credentials for movement south of the Rear Army Control Line for the original journey home on discharge.

The Italian Supreme Command has instructed Italian Service Commanders that, in the case of Italian Military personnel :

(a) military leave passes to places requiring movement passes will be issued only after the civilian movement pass has been obtained and the two passes can be issued together.

(b) leave will not be granted to places in the Army Zone.

(c) movement passes will be obtained from the Allied Control Commission or the Questure by the Commanders concerned under arrangements made with local ACC officers.

(b) Journalists.

Bona fide Italian journalists are issued by the Public Relations Officer, HQ. ACC, with a green card "TESSERA DI RICONOSCIMENTO". This card bears an endorsement on the back to the effect that "the bearer is permitted to travel in liberated Italy to circulate after curfew and to enter official premises occupied by Allied Control Commission in Liberated Italy. This pass does not apply to Army areas." This tessera and endorsement will be considered to be the equivalent of the standard pass in the Restricted and Free Zones, but a standard pass will be required in addition to the tessera to enter the Army Zone.

13. Semi-permanent Passes.

In the case of persons living near a Provincial boundary and whose place of employment is in, or partly in, an adjoining Province or Provinces, a semi-permanent pass may be issued and such passes shall expire on 31 March, 30 June, 30 September and 31 December annually, and then become renewable upon further application. Such passes may also be issued to all persons who have sufficient reason for frequent travel between Provinces. This provision will not apply to Army Areas.

14. Military Travel Authorizations (to travel outside Italy)

Applications will be dealt with in accordance with Executive Memorandum No.61 dated 25 May 1944.

15. Refugees.

Passes must not be issued to refugees except when coordinated with Regions concerned, or in accordance with policy laid down by Refugee Branch, HQ. ACC.

16. Check Posts.

(a) In Allied Military Government Territory.

In the Army Zone and in territory administered by Allied Military Government every effort will be made to enforce the above restrictions by means of a widespread system of "snap" check posts, which will be established for a few hours daily at irregular times and at varying points. The responsibility of arranging such checks will rest with the Military [illegible] Authorities.

The object of these check posts will be :

(i) to turn back those seeking to move outside the prescribed limits without a pass.

(ii) to take action against those who have committed serious and flagrant breaches of the regulations.

(iii) to question or detain for investigation persons whose conduct or "story" is suspicious.

(b) Italian Government Territory.

In territory administered by the Italian Government a similar system of "snap" check posts will be established. In this instance, however, the objects will be limited to :

Ritenendo ed augurandomi prossima la liberazione di Firenze e di tutta la Toscana settentrionale, chiedo sin da ora alla S.V. il Suo autorevole interessamento perchè le Autorità Militari Alleate concedano al Dott. Giorgio Castelfranco di questo Ministero, che Ella conosce personalmente e che è stato apprezzato reggente della Direzione Generale delle Arti a Salerno, di recarsi a Firenze, ed in genere nelle circoscrizioni delle Soprintendenze di Firenze, di Siena e di Pisa con funzioni ispettive rispetto agli uffici italiani della Toscana, e di collegamento tra questo Ministero e la Commissione Alleata di Controllo.

Il dott.Castelfranco, nel momento in cui il fascismo lo esonerò dal suo ufficio, era già da parecchi anni direttore delle Gallerie di Firenze, per la qual cosa egli ha una specifica competenza per tutto quanto possa riferirsi alle opere d'arte sia di quella Città sia della Toscana in genere, di guisa che l'opera sua può riuscire molto utile per gli accertamenti da eseguire in quella regione, che così grande interesse ha per il patrimonio artistico nazionale.

Sicuro che la S.V. vorrà prendere e far prendere nella debita considerazione questa mia richiesta, determinata da ragioni di così alta importanza, La ringrazio e le porgo saluti cordiali.

1. With the Italian Government concentrated in Rome, it is necessary to put the supply of POL for the above and kindred purposes on a firm basis.

2. By arrangement with Commerce Subcommission and the approval of Petroleum Section, AFHQ, the Italian Government have appointed an Inter-Ministerial Committee for Petroleum under the Ministry of Industry, Commerce and Labour, who present bids for all Petroleum products for civilian use on behalf of the various Ministries with a separate bid for the requirements of Ministerial Vehicles operated by them.

3. Each Ministry, including those for Air, War and Marine, should therefore now submit their requirements for Ministerial Vehicles to the Petroleum Committee (Avv. ROSSETTI) of the Ministry of Industry, Commerce and Labour Inter-Ministerial Committee. Supplies for purely Air Force, Military or Naval purposes should be bid for as before by M.M.I.A.

Desidero innanzi tutto ringraziare Lei ed il Suo collega Sig. Magg.Perkins dell'accoglienza così cortese e cordiale, che mi usarono nella visita da me Loro fatta.

Debbo poi rinnovare la mia preghiera per chiedere il Loro autorevole intervento al fine di poter procurare un po' di benzina alle Soprintendenze di Roma, perchè possano adempiere in modo meno disagevole il compito loro.

Questo Ministero, come io mi sono con tutta diligenza assicurato, non dispone attualmente che di tre autovetture (per il servizio di S.E. il Ministro, per S.E. il Sottosegretario di Stato e il Capo di Gabinetto). Per il passato non si è avuta una fornitura regolare di benzina; solo oggi sono stati rilasciati buoni per n.160 litri, relativi alla terza decade di luglio (5 litri giornalieri per ogni

All'infuori di ciò nessun altro fornimento di benzina ha questo Ministero: i Direttori Generali, che in altri tempi erano provvisti di autovetture, ne sono ora tutti privi; quindi manca assolutamente la possibilità di fare una qualsiasi concessione, sia pure a titolo di prestito, agli uffici dipendenti.

Per tale ragione, ripeto, vivamente raccomando il benevolo interessamento di codesto On.Ufficio.

Le comunico che il mio numero di telefono, recentemente impiantato, è 580982, al quale il Suo Ufficio potrà far capo, tutte le volte che desideri avere qualche comunicazione urgente con me.

Al piacere di rivederla nella prossima settimana, in occasione della progettata conferenza anche col Magg.Perkins, mi è grato porgerle i miei più cordiali saluti

SUBJECT: Petrol for Italian Government Vehicles.

TO : V.P. Admin. Section.

1. Two months ago the town of Viterbo was bombed and the former Church of Santa Maria della Verita was partly destroyed. It contained an important museum and a very fine series of frescoes by Lorenzo de Viterbo.

2. These have been inspected by the MFAA Staff and by the Italian Superintendency, and it is urgent that the remains of these damaged frescoes be transported at once to Rome to receive treatment. With this in view Prof. Brandi has prepared special crates and has been waiting some time with a group of skilled workmen and two trucks, to go to Viterbo to collect them.

3. Neither Rome Region or Region 4 were prepared, or apparently able, to provide the necessary passes. These have now (with some difficulty) been obtained by this Subcommission.

4. The sole remaining item is petrol for two civilian trucks. Region 4 state they cannot provide or obtain it as they have no source of supply for civilian vehicles.

3. While appreciating the need for economy, it is evident that there is petrol in this country for many tasks less pressing, and I would be grateful if enquires can be made as to what channels of supply are available in such cases. So far I have only been able to discover what are not.

4. The ridiculous feature is that, as several people have pointed out , the difficulty would not arise if military transport were involved. The problem is likely to arise again in connection with the work of MFA & A and I should be glad if some solution applicable to all such uses can be obtained.

ECA/20/Gen 23 February 1944

SUBJECT: Vehicles for R. Soprentendenti.

TO : Director, Subcommission on Monuments, Fine Arts, and Archives, HQ Allied Control Commission, APO 394.

1. Following up a conversation he recently had with the Adviser, Arch. Franco Schettini, R. Soprintendente ai Monumenti e Gallerie di Puglia e Lucania, has addressed to the Ministero dell'Educazione Nazionale (with copy to this office) a letter of 13 Feb formally asking that the Ministry make available to him an automobile for the performance of official duties.

2. What Arch. Schettini sets forth in his own case is fully as applicable to the cases of the other Soprintendenti, in Taranto, Cosenza, and Reggio Calabria.

3. Each of these gentlemen has a large territory to cover. In no instance is an official car available. Train transportation is highly inefficient. The Provincial authorities such as the Genio Civile and the Provveditore agli Studi, each with only one province to look after, do at least in some instances appear to be granted official transport. Schettini has seven provinces to cover.

4. In the interest of efficient performance of official duties, it is believed the Soprintendenti should have some means of getting about. An official car seems to be the only answer.

5. It is accordingly requested that the Subcommission place before the Ministero dell'Educazione Nazionale the advice from ACC that the request of Arch. Schettini (and of the other Soprintendenti, even though they may not have asked) be given favorable consideration. These gentlemen cannot possibly do their work well in the absence of official vehciles.
