6. I understand that my submission of the need for an advisor on five acts for the period 1 Dec 45 to 31 Jan 46, in which time I can reasonably expect to back in Rome as Director of the British School at Rome, has not been accepted by the Commission, and that as from 1 December a transcript here will be no provision therefore handling the considerable volume of technical work involved in screening claims by, and claims upon, states for Restitution and Reparation. May I respectfully submit that the offer of the Committee of the British School was made in the belief that such a need would be felt to exist. As indicated in my Report of 10 September, I have personally no doubt whatever but that for a very considerable period there will be a lot of work in this connection, which will have to be undertaken by somebody - either at AC, at AFHQ, or at the two Embassies. As from the end of January a working edition has been agreed by AC, and waits approval from the Embassy; and it is, I submit, very reasonable that continuity be maintained over the brief period between the closing of the Submission and my own return to Rome in civilian capacity. I respectfully request that this point be reconsidered.

SUBCOMMISSION FOR MONUMENTS, FINE ARTS AND ARCHIVES

15 January 1944.

Memorandum to: Brigadier BRH, DOGBO AND 15 Army Group.

Subject : Movements of Major J.B.S. PERKINS.

1. By arrangement with Lt. Col. GILLY, I have taken advantage of available transport to go to POGGIA, leaving NAPLES on 16 January 1944. From POGGIA, I am at doing two things:

a) Reporting briefly on the condition of Monuments, Fine Arts, and Archives in POGGIA PROVINCE, by arrangement with Major MCALD, Chief of the Division of Monuments and Fine Arts in Region 4, who has been unable personally to visit the province.

b) Contacting, at Bari, the Superintendents concerned with the east coastal regions.

2. These activities will probably take at least ten days. On their completion I shall be ready to move to AGO HQ 8 Army as soon as required.

3. The position as regards my attachment to 8 Army is as follows. By AGO No. 4 of AGO HQ, dated 4 Jan. 1944, par. 4, I was attached to AGO 8 Army for temporary duty and ordered to proceed without delay and report to the Commanding Officer thereof. My movement was, however, postponed at their request for a fortnight, with no precise date fixed at which I should report. Under Special Order No. 14 of AGO HQ, dated 12 Jan. 1944, par. 1, I am placed on temporary duty with AGO 15 Army Group, Bari, and ordered to proceed without delay and report to the Commanding General thereof for duty. Since transport is at present available only to POGGIA, I will proceed thither and contact AGO 8 Army to find out when they will be ready for me. In the meantime, I will arrange to receive any orders from you on the subject at AGO 4th Region 4 Advanced HQ, POGGIA City.

1. By arrangement with Major GEEY I have taken advantage of transport to go to FOGG, leaving here 6.1.44. From there I will be doing two things:
 - a) Regarding movement of friends in Foggia Province, this has been arranged with Major St. James, who has been unable to go personally.
 - b) Contacting at Bari the Superintendent concerned with the East Coastal regions.
2. This will probably take 10 days, a complete goodbye I shall be ready to make to Mrs St. James or son as required.
3. The position with regard to my attachment to 82 Army is that I was informed by you on 3.1.44, but my movement was postponed at your request for a fortnight (no precise date stated). I will try to contact Mrs St. James direct to find when they will be away for me, but if the necessary I will arrange to receive any notice from you HQ at AMG. 4th Region Adv 5228 on the subject.

1. It is requested that Maj. In particular he will need to contact the Superintendents of Monuments & Galleries (Dott. Schettini) & of Libraries (Dott. The Superintendence, in each case cover a large part of the ground at present occupied by the 8th Army. In addition it is desirable to make some enquiries regarding objects from elsewhere, at present stored for safety at Puglia. This work will probably take a week or ten days, & it is an essential preliminary to any

Subsequent work with the 5th Army itself.

2. At the present moment no single member of the Monuments, Fine Arts & Archives Sub. Com. is on the ground in the mainland of Italy, except Major Gardner in Naples (Region III).

Major Newton of Region II is at present in Naples attending a Court of Enquiry.

In view of the recent orders on the subject issued 29 December 1943 by the C-in-C, it is desirable that officers should be got on the ground with the minimum delay.

MEMORANDUM.

SUBJECT: Attachment of an Officer to Hq. 8th Army.

TO: Administrative Director.

REFERENCE: 20200/AFSA

1. Capt A. Hammond has reported to me the arrival in Naples of Major J.B. Ward-Perkins, R.A. on assignment to Monuments, Fine Arts and Archives. Whether his assignment is to the Monuments, Fine Arts and Archives Sub-commission of Hq. AMG(AGO) or to Region III is not known to me.
2. You will recall that Major T. Sizer travelled with the Hq. AMG conveyer to Naples in response to a cable suggesting the attachment of a Monuments, Fine Arts and Archives Officer to Hq. 8th Army.
3. If Major Sizer has not yet been attached to 8th Army, I would recommend that Major Ward-Perkins would be more suitable for the attachment.
4. My reasons for this recommendation are as follows:
 - a) On general principles I consider it would be preferable to have a British Officer attached to the Hq. of a British Army.
 - b) Major Ward-Perkins has in the past served with the 8th Army both as a combatant Officer and as a Monuments and Fine Arts Advisor, and has made personal contacts which would probably be of service to him in the proposed attachment.

Subject : Posting of Maj. J.B. Ward PERKINS to AMG Hq.

1. Submitted herewith is a memorandum from Maj J.B. Ward PERKINS (Br) and a copy of his letter of instructions, concerning his reporting to AMG Hq.

2. Copies of these and this cover are being submitted to G-1 for information.

3. I may supplement his Par. 3. by stating that when I was first interviewed by Maj. Gen. The Lord Rennell of Rodd, CCAC AMGOT, at Chrea in early June, he showed me a letter from Lt. Col. Lord Gerald Wallisley recommending Maj. Perkins for AMGOT adviser on the Arts and Monuments. Gen. Lord Rennell made an enquiry of Middle East who, as I recall, refused to release Maj. Perkins. He then cabled the War Office for his transfer. Nothing was heard and some time later, I think in August from Palermo, a second cable was sent to the War Office. I believe my memory is correct on these points. It may have been these cables which secured his release to AMG Hq.

1. In September 1943 I was Antiquities Adviser to BMA Tripolitania. A signal was received by BMA from CAB, Cairo, stating that War Office had asked for my transfer to AMGOT to do similar work, and enquiring how soon I could be freed by BMA. BMA replied I could be released by Sept. 26, and CAB there upon signalled that I should move at earliest to AMGOT.
2. While awaiting transport I contracted dysentery 29 Sept 43 and was evacuated to the Deltas. On recovery 2 Dec. 1943 I reported to CAB, Cairo who arranged my movement (copy of ~~movement order~~ attached) to AMG, CMF. On arrival in Naples I reported to HQ. AMG, on 24 Dec. '43.
3. I understand unofficially that the original recommendation was made by Lt. Col. Sir Leonard Woolley, Antiquities and Fine Arts Adviser to the War Office. At the time of the original posting AMGOT was still a small body, and CAB Cairo have still no clear idea of its present diversities. I am cert. in therefore that the original posting which I have not seen cannot have specified my appointment in any detail.
4. Copies of all relevant signals were stated by CAB and BMA Tripolitania to have been sent to AMGOT.

19 October 1945

Many thanks for your letter of 29 September 1945 asking me to let you know what AC proposes to do in the matter of closing down the MFA & A Subcommittee.

It is intended to reduce the officer strength of this sub-commission to two. The actual date on which this will become effective depends upon the handover in North Italy; at the moment we are aiming at 1 December.

Of the two officers remaining with the Subcommittee, one (the present Deputy Director, Major Newton) will stay until 31 January, by which time Lt. Col. Ward Perkins will have taken up his new appointment in Rome; the other (Major Bell) will remain for the purposes of liaison with the Allied agencies examining Italian archives. It is difficult to say how long his services will be required, but the date in view at present is 31 March. The position will, however, be re-examined before then.

It is therefore proposed to abolish the Subcommittee as such on 31 January, and as from that date to attach Major Bell to Civil Affairs Section as an adviser.

29 September 1945.

My dear Lush,

Subject: M.F.A. & A. Sub-Commission

I understand that the work of this Sub-Commission, at least on the Monuments and Fine Arts side is coming to an end and that all that remains is:-

- (a) final documentation of the Sub-Commission's work, which Lt. Col. Ward Perkins will complete by 1st November, when he will be demobilised.
- (b) measures preparatory to the restitution of looted works of art, which of course will be a lengthy business.

I am told that Ward Perkins will be returning to Rome in a civilian capacity (Director of the British School) in mid-January. Perhaps he could then act as liaison officer and civilian adviser to the appropriate authority on questions of restitution. Some arrangement would have to be made to ensure continuity between 1st November and Ward Perkins' return.

As to ministerial and other archives, I suppose an archivist must be fully employed for at least six months.

Would you therefore ask the A.C. to consider:

- (i) that the M.F.A. & A. Sub-Commission be liquidated as from 31st October, 1945.
- (ii) that one Fine Arts Officer be attached to A.C. for liaison purposes in connection with restitution until 31st January, 1946.
- (iii) that after 31st October, Major Bell, archivist on the M.F.A. & A Sub-Commission, be appointed Archives Adviser to the C.A. section of A.C. with effect up to 31st March, 1946.

I shall be grateful to learn what the A.C. propose in this matter.

My dear Lush,

Subject: M.F.A. & A. Sub-Commission

I understand that the work of this Sub-Commission, at least on the Monuments and Fine Arts side is coming to an end and that all that remains is:-

- (a) final documentation of the Sub-Commission's work, which Lt. Col. Ward Perkins will complete by 1st November, when he will be demobilised.
- (b) measures preparatory to the restitution of looted works of art, which of course will be a lengthy business.

I am told that Ward Perkins will be returning to Rome in a civilian capacity (Director of the British School) in mid-January. Perhaps he could then act as liaison officer and civilian adviser to the appropriate authority on questions of restitution. Some arrangement would have to be made to ensure continuity between 1st November and Ward Perkins' return.

As to ministerial and other archives, I suppose an archivist must be fully employed for at least six months.

Would you therefore ask the A.C. to consider:

- (i) that the M.F.A. & A. Sub-Commission be liquidated as from 31st October, 1945.
- (ii) that one Fine Arts Officer be attached to A.C. for liaison purposes in connection with restitution until 31st January, 1946.
- (iii) that after 31st October, Major Bell, archivist on the M.F.A. & A Sub-Commission, be appointed Archives Adviser to the C.A. section of A.C. with effect up to 31st March, 1946.

I shall be grateful to learn what the A.C. propose **5203** in this matter.

Yours sincerely

/s/ A.O. Anderson

1. The following notes are submitted following your verbal communication.

2. As indicated in the memorandum on Restitution and Repatriation of Works of Art recently submitted, there will be a certain amount of work on this subject for a long period. The undersigned has already indicated his readiness to undertake this as a part-time advisor on his assignment of the civilian duties as (civilian) Director of the British School in Rome in mid-January after an interval of two months in the U.S. It is most desirable that until the end of that month at least one Fine Arts Officer should remain with the Commission to ensure continuity and to tackle the probably not inconsiderable amount of current business in that connection.

3. It is in the highest degree improbable that the archives problems connected with the hand-over of Italian governmental archives to the Italians and the temporary retention of certain classes by G-2 for Allied exploitation will be clear by 1 December. In the meantime pressure of current business has made it impossible for the single Archives Officer to proceed with the factual report so strongly advised by the War Office and War Department Advisors on Archives. I reckon there is six months work still to do. With the closing of the administrative resources for linking Fine Arts and Archives teams, and the work is now so different in character and scope that I could recommend the appointment of Major Bell as Archives Advisor to the Civil Affairs Section.

4. It is hoped that by December 1 the other outstanding work of the S/O can be completed. The following appointments are therefore suggested:

Until 31 January 46 1 AFMA Officer
Until 31 March 46 1 Archives Officer.

SUBJECT: Lt. Col. J.D. Ward Perkins.

TO : VP CA Sec.

With reference to the previous correspondence on this file I wish to report that while in London I discussed my position both with Sir Leonard Woolley, the NMA Advisor to the War Office and with the Executive Committee of the British School at Rome. As a result of this and with their full agreement I have volunteered to remain on duty with the Allied Commission until 1 November, and I hope upon release to arrive as a civilian in my new post early in January 1946.

As regards the immediate future Woolley laid particular stress on the final documentation of the Subcommission's work; but, unless something very unexpected arises, this should be very well advanced by the end of next month, and can certainly be polished off by Major Newton. The Macmillan Commission has agreed to delay publication of Part 2 of their recent Stationery Office publication so as to incorporate our final reports, and Woolley has himself been instructed to prepare an official War Office booklet, on semi-popular lines, for which he too requires our material. I should like also to notify the Roberts Commission in America, who also have an elaborate publication in mind. My own immediate duties in connection with the British School (the reopening of the library on 1 October, and certain interim administrative matters) will not take a large portion of my time, in fact can almost all be handled in official off-duty periods.

As regards the remote future, the accompanying file 20909/20/AFM (Extract) contains my report on the position with respect to International Restitution and Reparation. The immediate procedure is clear, but it is obviously going to be a long drawn-out business; and as long as it needs to be conducted directly with Allied Military Governments or Control Commissions in Germany and Austria, I do not see how we can avoid quite a considerable amount of liaison work. As already informally agreed, and since confirmed by the Executive Committee of the British School, I shall on my return be able and glad to act as part-time advisor either to AG or to the British Embassy, whichever is then appropriate. Woolley is in fact proposing a similar arrangement in Greece for the Director of the British School at Athens. On the American side Major Newton is prepared to remain, if required, until the end of the year 1945 after which very possibly Mr. Corey, Acting Director of the American Academy, would be prepared to serve in an advisory capacity.

Have these arrangements your approval? I do not know if Weclley has written on the subject, but it would be a help both to him and to the Committee of the British School to know exactly where they stand. It would also assist myself if possible to have formal approval before leaving for release early in November.

SUBJECT: Restitution and Reparation of Works of Art.

TO : VP Civil Affairs Section.

1. The problems of international restitution and reparation in respect of Works of Art have been greatly complicated by the failure of the Allied Nations to establish a coordinated policy and a common procedure for putting it into effect. The present position is that restitution of works of art, to which America and Great Britain stand pledged in principle, can be effected only by direct negotiation between individual claimant states and the occupying power of the Zone within which is located the object claimed.

2. In default of an explicit common policy, both Great Britain and America are nevertheless in fact agreed in putting into effect a policy of "Interim Restitution", whereby it is proposed to restore without further ado to their former owners all works of art of the identity and ownership of which there is no possible doubt. There is no agreed procedure for adjudication for the actual hand-over, but the principle is eminently sound and should help materially to clear the air. An important feature is that only claims entered by governments will be considered. The claims of individuals must be made through their respective governments.

3. Claims for Interim Restitution can theoretically be made through diplomatic channels. There is likely however to be considerable correspondence on technical matters involved, and there is no doubt that, as long as Germany and Austria remain under military government, the most expeditious and effective method will be for the Italian government to channel all claims through the Allied Commission or through whatever body may succeed it. These claims will be (and in some cases already have been) passed to the MFAA representatives in the relevant zone of Germany or Austria; or, in cases where the object in question has not yet been located, to the MFAA representatives of all zones. The actual process of physical restitution will involve further liaison work.

4. In addition to works of art which can properly be dealt

1. The problems of international restitution and repatriation in respect of Works of Art have been greatly complicated by the failure of the Allied Nations to establish a coordinated policy and a common procedure for putting it into effect. The present position is that restitution of works of art, to which America and Great Britain stand pledged in principle, can be effected only by direct negotiation between individual claimant states and the occupying power of the zone within which is located the object claimed.

In default of an explicit common policy, both Great Britain and America are nevertheless in fact agreed in putting into effect a policy of "Interim Restitution", whereby it is proposed to restore without further ado to their former owners all works of art of the identity and ownership of which there is no possible doubt. There is no agreed procedure for adjudication for the actual hand-over, but the principle is eminently sound and should help materially to clear the air. An important feature is that only claims entered by governments will be considered. The claims of individuals must be made through their respective governments.

3. Claims for Interim Restitution can theoretically be made through diplomatic channels. There is likely however to be considerable correspondence on technical matters involved, and there is no doubt that, as long as Germany and Austria remain under military government, the most expeditious and effective method will be for the Italian government to channel all claims through the Allied Commission or through whatever body may succeed it. The actual process of physical restitution will involve further liaison work.

4. In addition to works of art which can properly be dealt with by Interim Restitution, there are very many of which the identity or legal status will be in dispute. One may cite gifts from prominent Fascists to prominent Nazis; works of art regularly purchased by Germans but exported in contravention of Italian law. In the case of Italy the latter present no problem after the Armistice, as it is proposed to treat all works of art, obtained by whatever means from occupied countries by the Germans, as illegally acquired. Before the Armistice however some fine points

0627

will arise. Moreover some, e.g. the German Libraries from Rome, involve international interests. Reparation (as distinct from Restitution) is even more complex. It is sincerely to be hoped that the British and American governments will agree to, and state, a common policy. This point of view was expressed very strongly by the undersigned to the secretary of the Macmillan Commission, which is responsible for advising the British Government on restitution and reparation.

5. A complicating factor in the case of Italy is that the Italian Government is not only a claimant but itself holds a number of works of art and antiquities which it will in due course be called on to hand over. An immediate instance (one hopes unique) is the recovery of nine important French Impressionist paintings, believed stolen from French Jewish collections, which had been exchanged with Goering for some Italian paintings by a Florentine dealer. There are however also on Italian soil a large number of antiquities and works of art from Tripoli, Cyrenaica, the Dodecanese, Albania, Dalmatia, and, it is believed, certain loot from Greece; also from Venezia Giulia. Any or all of these will become subject of future claims.

6. From the above summary it should be apparent that the process of restitution and reparation is likely to be long drawn-out; and that, while every attempt is being made to get Italian claims onto a clear-cut and definitive basis within the next four weeks and the documentation of potential claims against Italy is virtually complete, there will inevitably be a lot of liaison work that can only be tackled as it arises. The undersigned has already expressed willingness to undertake this as a part-time duty on his assumption, on release, of the post of Director of the British School at Rome. On the American side it may be suggested that Mr. Morey, Acting Director of the American Academy, would possibly consent to a similar arrangement.

SUBJECT: Recommendation for Award.

TO : Commanding Officer, 2675th Regiment, AC.

1. Lt Col JHM BRYAN WARD PERKINS, 97025, Royal Artillery, British Army, Acting Director, Subcommission for Monuments, Fine Arts and Archives, HQ Allied Commission, is hereby without his knowledge recommended for award of the LEGION OF MERIT, for distinguished services to the Allied cause from 4 March 1944 to 28 July 1945.

2. During the period stated, this officer, with an exceptionally clear vision of both the military and the scholarly values involved, supplied the necessary energy for the creation, adoption, and prosecution of a practical program for implementing the expressed desire of the Commander-in-Chief and of the Allied Governments to avoid needless damage to the artistic and cultural heritage of the Italian battleground.

3. Although the Commander-in-Chief had expressed this desire in December 1943, little or no progress had been made toward putting it into effect before March 1944, when Lt Col Ward Perkins became Deputy Director of the Subcommission. He immediately formulated a plan of action, whereby HQ AAF (Adm Echelon) issued its Admin Instr No 13 of 30 March 1944 for the "preservation of property of historical or educational importance in Italy", supported by the printed volumes of "Lists of Protected Monuments", collected and pushed through to completion by the administrative drive of this officer with a few assistants. Despite the lack of any but fragmentary basic information, despite the huge editorial task with little or no help, and despite the chaotic condition of the Italian printers who were perforce employed, this detailed work was completed in time for use in the 1944 offensives.

4. Due largely to this officer's personal enthusiasm and persuasion, 5th and 8th Armies agreed to have AFAC Officers assigned to AMG Armies in time to advance with the battle. The work of both AFAC Officers with the Armies throughout the campaign was significantly aided by this officer, whose intervention frequently prevented the insistent demands of American, British, and Italian civil sentimentalism from interfering with the practicality of operations in the field.

Lt Col JOHN BRYAN WARD PERKINS, 270422, Royal Regt, British Army, Acting Director, Subcommittee for Monuments, Fine Arts and Archives, HQ Allied Commission, is hereby without his knowledge recommended for award of the DECISION OF MERIT, for distinguished services to the Allied cause from 4 March 1944 to 28 July 1945.

2. During the period stated, this officer, with an exceptionally clear vision of both the military and the scholarly values involved, supplied the necessary energy for the creation, adoption, and prosecution of a practical program for implementing the expressed desire of the Commander-in-Chief and of the Allied Governments to avoid needless damage to the artistic and cultural heritage of the Italian battleground.

3. Although the Commander-in-Chief had expressed this desire in December 1943, little or no progress had been made toward putting it into effect before March 1944, when Lt Col Ward Perkins became Deputy Director of the Subcommittee. He immediately formulated a plan of action, whereby HQ AAF (Adm Echelon) issued its Admin Instr No 18 of 30 March 1944 for the "preservation of property of historical or educational importance in Italy", supported by the printed volumes of "Lists of Protected Monuments", collected and pushed through to completion by the administrative drive of this officer with a few assistants. Despite the lack of any but fragmentary basic information, despite the huge editorial task with little or no help, and despite the chaotic condition of the Italian printers who were perforce employed, this detailed work was completed in time for use in the 1944 offensives.

4. Due largely to this officer's personal enthusiasm and persuasion, 5th and 8th Armies agreed to have MFAA Officers assigned to AMG Armies in time to advance with the battle. The work of both MFAA Officers with the Armies throughout the campaign was signally aided by this officer, whose intervention frequently prevented the insistent demands of American, British, and Italian civil authorities from interfering with the practicality of operations in the field.

5. The highly efficacious neutralization of enemy propaganda regarding destruction of monuments was in the main directed by this officer. Through his efforts, our own radio broadcasts about enemy removals of works of art to the north so thoroughly worried the enemy that eventually it was possible to recover all but a few of the missing items.

6. This officer, on his own initiative, worked out cooperative schemes with the Allied Air Forces whereby the location of the most important cultural monuments was pinpointed in advance of operations. This alone resulted in the avoidance of much serious destruction that would otherwise have been unwittingly caused, to great psychological detriment without military gain.

7. Since the German surrender, this officer has played a noteworthy role in the interrogation of prisoners of war about re-

movals of works of art; notably he investigated personally in Italy and Austria the illegal movement of private and public collections and libraries across the Austrian border by the enemy. His final detailed report on this is a scholarly and immensely practical document.

8. Investigations since the liberation of the North have proved the value of the detailed system set up by this officer, whereby to record and trace all reported cases of displaced works of art. It has already resulted in forestalling the disappearance of many invaluable items, and will serve as a firm basis for adjudication of subsequent claims for restitution.

9. Throughout this period of service Lt Col Ward Perkins has demonstrated outstanding qualities of scholarly energy, military decision, alertness, practicality, and drive. He has been the mainpring of the work of this Subcommission's headquarters; without him it is doubtful that the Subcommission could have achieved such success in carrying out the Commander-in-Chief's directive.

Subject: Proposed Operations in VERBIE and AUSTRIA.

To : RE, VERBIE Region, attn. NFAA Officers.

1. Doctor Exell, former German Head of Monuments and Fine Arts Staff for the military zone of VERBIE and AUSTRIA is being held at KLAGENFURT for cross-examination. In addition reports have been received of works of art from VERBIE at present in AUSTRIA (see attached extract of report by NFAA Officer, Mil. Gov. Austria).

2. In view of the above, request has been made through AFM for authorization for the Director or Deputy Director of this S/C, accompanied by Major Newton, to proceed to KLAGENFURT in the near future. It is felt that the presence of Major Newton would be most desirable in view of the subject-matter and of his acquaintance with so many of the personnel of Mil. Gov. Austria.

3. Proposed time and date will depend on the return of the Director of this S/C, who is still absent in 3 Army Area but is expected back shortly, and on receipt of approval from AG 3 Army. You will be notified as soon as possible. It would be proposed to proceed by air to TRIESTE or UDINE and there to meet Major Newton.

4. Subject to approval of 3 Army, it would be hoped to include a visit to VERBIE STONE.

5. Your concurrence in the above arrangements is requested.

Subject: Official Visit to AUSTRIA.

To: C-5 Section, AFSA.

1. Requested that permission be obtained from Military Government, AUSTRIA for an early visit to TRIEST and district by Lt. Col. R. L. De Wail or Lt. Col. J. B. Ward Perkins of the Monuments and Fine Arts Subcommission, accompanied by Major R. L. Newton, AFSA Officer, VIENNA Region.

2. The primary purpose of the visit is to interrogate the former Austrian Director of Monuments for the German Military Adriatic Littoral Zone (comprising TRIEST, BELTINO, and VERONA GALLIA), Dr. Paul G. and his members of his staff. Information is urgently required about movable works of art in these regions.

3. In addition notice has been received of the location at Salzburg of a deposit of objects believed to come from the VIENNA, and of correspondence throwing light on German activities in the Fine Arts field.

Ref: 20200/WAR/MFAA30th June 1945.

My dear Gerald.

Thank you for your minute on Lieut. Colonel Ward Perkins. I am delighted to hear that he has been offered, and has accepted, the Directorship of the British School in Rome. He will clearly fill the post most admirably and I am delighted to think that Italy, for whom he has worked so well in the past, will have use of his services in the future.

There will obviously be some difficulty about his release but I see no reason why he should not give part of his time to the Library at the School until he has wound up his work in the Sub-Commission and has been released from the Army.

Yours sincerely

Dear Maurice,

Lt Col Ward Perkins

I enclose copy of a letter written, with my prior approval, by Ward Perkins to the Executive Committee of the British School in Rome, accepting the position of Director of the School.

Ward Perkins tells me that no difficulty arises over the actual date of his taking up the appointment and his Executive Committee are willing that that should be deferred until his release, but the Embassy here are very anxious that he should start work on a part time basis in opening up the library of the School.

I see no objection to this. The work of MPAA is drawing to a close and Ward Perkins can be trusted not to neglect his duties with the Commission in favour of the British School. I am sure in fact he will have time for both. My leave therefore be given for him to start part time work on the school. In any event such work would not start until his return from an expedition to the North which may take 2 - 3 weeks.

Yours

G.R. Urjohn

29 May 1945

Dear Mr. Shaw,

I have to thank the Executive Committee for their offer of the Directorship of the British School, which I have great pleasure in accepting on the terms which you have indicated.

I have not yet been able to contact Mr. Radford, who is absent in the north. I can however in the meanwhile clarify certain points as regards my present position and availability. My present employer is the Army and I am therefore bound by the current release regulations, under which it does not appear that my release-group is likely to come up before the end of November.

That however does not state the whole picture. My present organization is the Allied Commission for Italy, and I have already discussed the matter informally with my immediate superiors. I am, and shall remain, based on Rome, and the Commission would be perfectly content that, pending my release from the Army, a part of my time should be given to the school just as soon as may be required. In the return they are anxious that my services should continue to be available for the duration of the Commission's work in Italy as advisor on any kind of problems that may arise. The amount of actual work involved should be slight once our main task here is wound up, as I anticipate it will be within the next two or three months, and I think therefore that a mutually agreeable solution on these lines should present no difficulties. I would add that it would also go far to solving for the immediate future a number of practical difficulties, which are for some time to come going to be a serious problem for the unattached civilian.

A personal factor is that with the exception of 3 weeks in January I have been continuously abroad since August 1944, and quite apart from certain business matters which I shall have to attend to, I am naturally anxious to rejoin my wife at the earliest opportunity. I hope of course that it will be possible to get her out here at an early date.

I will make every effort to contact Mr. Radford as soon as possible and will write again as soon as I have done so. In the meantime may I suggest that you could usefully contact Sir Leslie Collier, Civil Affairs Advisor on Monuments to the War Office, who has the ultimate disposal of my services so long as I am in the Army. He knows of my application, and will I am sure do everything possible to meet the wishes of the Executive Committee.

pleasure in agreeing on the terms which you have indicated.

ADMINISTRATIVE MEMORANDUM

7 March 1945.

NUMBER

14)

USE OF COMMERCIAL FACILITIES FOR CIVIL REQUIREMENTS

1. It is the responsibility of the Supreme Allied Commander to provide for the civil population of liberated territory that which is necessary to prevent disease and unrest. It is his policy to make the maximum use of local resources in providing for the essential civilian requirements.

2. The duty of all ranks of the Armed Forces in the discharge of the Supreme Allied Commander's responsibility to the civil population should be constantly present in their minds. All ranks must, even in the stress of active operations, remind themselves that whenever it is possible to achieve a military object by a choice of means otherwise equal, the method which damages least the essential needs of the civil economy is the method to be preferred and adopted. Care must be taken by the responsible commander that, except in definite emergencies, he neither occupies a premise that is essential to the civil economy nor dismantles, nor removes by purchase or requisition, the equipment therein. Except to prevent combat damage or destruction, or to meet the immediate operational needs, raw materials essential to civil economy will not be purchased, requisitioned or removed except by the procedures set forth in Section III, AFHQ Administrative Memorandum Number 46, 1944.

3. a. In the detailed planning for the occupation of an area, the military authority responsible for such planning, and the Allied Commission, will consult as to the anticipated military and civil requirements in that area affecting local resources. The military authority will elaborate his plan so far as practicable to include any proposals agreed as the result of such consultation. Any such agreement must of necessity be tentative and adjustments made dependent upon the physical condition of the area when occupied and upon the military situation. So far as practicable the agreement should include definite facilities reserved by the military and definite facilities reserved for essential civil requirements. Facilities not so defined will not initially be reserved for either military or civil exploitation but are subject to further agreement as the need is recognized.

b. In sections of the country for which no definite military operational plan is considered necessary, instructions defining military requirements and those civil commitments for which the military assume responsibility will be issued by the military authority responsible for planning for the area as a whole, if so desired by Allied Commission.

c. In the case of property to be used by the military which ⁵¹¹⁴⁶ Allied Commission has stated to be essential to the civil economy, the probable degree of development by the military and the estimated period of occupancy will be stated in the plan.

d. In the immediate execution of operational plans the decision of the

Except to prevent combat damage or destruction, or to meet the immediate operational needs, raw materials essential to civil economy will not be purchased, requisitioned or removed except by the procedures set forth in Section III, AFHQ Administrative Memorandum Number 46, 1944.

b. In sections of the country for which no definite military operational plan is considered necessary, instructions defining military requirements and those civil commitments for which the military assume responsibility will be issued by the military authority responsible for planning for the area as a whole, if so desired by Allied Commission.

c. In the case of property to be used by the military which the Commission has stated to be essential to the civil economy, the probable degree of development by the military and the estimated period of occupancy will be stated in the plan.

d. In the immediate execution of operational plans the decision of the Army or equivalent commander in operational command will govern. However, when Allied Commission is of the opinion that the use of the facility during military tenancy will cause undue harm to the civil economy, and local agreement cannot be reached, Allied Commission may, without interrupting the operational plan or its immediate execution, inform the Army or equivalent commander that an appeal will be made, and submit such an appeal as indicated in paragraph 4 below.

e. In the further execution of a plan in Army or equivalent areas, or in routine functioning within or without Army areas, in the event there is a conflict between military interests and an interest which Allied Commission considers essential to the civil economy with respect to:

- (1) The equitable allocation of factories, warehouses, and other commercial and industrial facilities including mines and space and

(2) The control of their use and operation, the procedures set forth in paragraph 4 will be followed.

4. e. The Allied Commission may present its case and recommend action to the responsible Area, District, Base Section or Army Commander, or other responsible military authority, whether urgent operational need has been advanced by the military authority or not. Allied Commission will accompany their case with a complete and factual justification.

b. The responsible military authority to which the case is referred will consider the case and every effort will be made to reach a solution satisfactory to Allied Commission and the military commander. In the event a satisfactory solution cannot be found, the military commander will return the request to Allied Commission with a written statement as to the extent to which he can meet Allied Commission's desires and as to the conditions which he cannot accept.

c. Allied Commission then may submit the matter to an investigating sub-committee appointed by the Industrial Co-ordination Committee of the Allied Force Local Resources (Italian) Board, through AFHQ. The investigating sub-committee will investigate the case in detail and attempt to find some solution agreeable to the parties concerned.

d. If no such solution can be found, the sub-committee will submit the case to the ICC (Industrial Co-ordination Committee) with recommendations.

e. The ICC will then adjudicate and make its award. If no protest is received by AFHQ from an interested party within 48 hrs after the award, such award will become effective. In the event of a protest, the matter will be referred to the AFHQ (I) Board, the decisions of which will be binding upon all parties.

5. a. Except in the immediate execution of operational plans as stated in paragraph 3 d above, the military will not exercise initial control of a facility concerning which Allied Commission has initiated a request for adjudication, until definite action has been taken in accordance with these instructions.

b. When a plant, mine or other commercial facility has been de-requisitioned to permit of its producing materials or services essential to civil economy, all machinery, fixtures, equipment and plant essential to such production, except that which may have been installed by the using Service, shall be exempt from subsequent requisition unless the facility itself is again requisitioned. Surplus materials, as declared under the provisions of Section III, AFHQ Administrative Memorandum Number 46, 1944, are subject to allocation as set forth in that memorandum.

c. Plants, mines or other commercial facilities which may be declared not subject to requisition or which have been de-requisitioned under the provisions of this memorandum will be adequately posted by the local district, base section, or army commander, or other responsible military commander, to prevent unauthorized

c. Plants, mines or other commercial facilities which may be declared not subject to requisition or which have been de-requisitioned under the provisions of this memorandum will be adequately posted by the local district, base section, or army commander, or other responsible military commander, to prevent unauthorized entry or removal of protected equipment, fixtures, machinery and materials.

d. When considering matters of requisitioning and de-requisitioning, military authorities will show special leniency with respect to facilities of the monopoly industries of the Italian Government such as those engaged in the manufacture of matches, the processing of tobacco and the extraction of salt. These are of special importance in providing essential revenue to the Italian Government.

Subject: Hotel Flora Mess

To : HQ. Commandant.

1. May I request please that the following facts be brought to the attention of the appropriate authorities?
2. On two occasions recently there has been a shortage of salt in the Hotel Flora mess. On one occasion, early in September, the entire mess was without salt for five days. Now again there is a shortage. On the previous occasion I was unable to find any evidence of a shortage in other messes to indicate that it was due to a general under-issue.
3. I wish to add that this is not intended as a complaint against the messing in general, which has improved greatly this last month. The facts set out in para. 2 do however appear worthy of careful investigation.

Subject : Temporary Release AMG Officers. to S. France.

To : A.F.H.Q. (G-5 Section)

Reference your G-5 210.482-30 dated 31st August 44.

In view of the urgency of your request it is agreed that Major Ward-Perkins can be made available.

I must however point out that there is in this country a great need for as many Officers of the Monuments and Fine Arts as can be made available and that Major Ward-Perkins can ill be spared. His visit to the South of France must therefore be of limited duration and should last at the most not more than three weeks.

It is of course mandatory that he return to this Commission.

19 June 1944

Subject: Baggage of Major J.B.W. PERKINS

To : A and C, BMA Tripolitania.

1. From May to August 1943 I was attached to BMA Tripolitania as Advisor on Antiquities and during that period was a member of the U.S.A.C.'s Base at SABRATHA (Lt. Col. ROUSE).

2. In August I contracted diphtheria and was later evacuated to the Delta. I managed to take all my kit with me with the exception of one wooden trunk, which was left in the SABRATHA Museum in the custody of Cav. RABBITO, the chief custodian of the SABRATHA excavation. The key has been forwarded to me by my former assistant, Mr. HILL.

3. As there is now no longer any likelihood of my returning to Tripoli, I am writing to request your kind help in forwarding this trunk to the U.K. by whatever means available. My address there is:

c/o Mrs. H.W. LARK
BROMSBY HOUSE
ROSS-ON-WYKE
LEICESTERSHIRE.

It contains, in addition to personal kit, a number of scientific notes and papers of an irreplaceable character, and I should be grateful if you could see that it is clearly and appropriately marked: Cav. RABBITO (to whom please convey my warm greetings) would, I know, undertake to mark it in any way requested, and if possible to secure it also with rope.

4. I apologize for putting you to this trouble and shall be most grateful for your help.

J.B. WARD PERKINS
Major, R. A.
Deputy Director.

Subject: Pay and Allowances - Officers

To : G-1 (R).

Ref. your 16420/511/G-1, 18 June 1944 and attached 2RA/14319
from G 1/c Officers Accounts Manchester.

1. Noted that F.L.A. is now in issue as from 18 Nov. 43.
2. By WE/6071 7 Jun 44 addressed to G 1/c Officers Accounts and sent direct by airgraph will have creased with the communication which you attach. It contained notification that my wife was under notice for immediate return to the U.K. from Alexandria and requested therefore that the monthly allotment of \$10-0-0 be suspended.
3. Under the circumstances the increase in allotment now required does not arise. I understand that within the U.K. any such allotment is a matter for personal arrangement through my bank.
