SUBJECT: AC Monthly Report.

To : Distribution Below.

1. Regional Commissioners, Heads of Sections and Sub-Commissions will make it their personal responsibility to see that a higher standard in writing the abridged report, for inclusion in the AC Monthly Report, is achieved.
2. At present abridged reports are in nearly every case too long and there is a lack of appreciation of the relative value of items reported.
3. The difficulties of condensing into a few lines a report on their varied activities throughout the month is appreciated; that there are many points of view on the relative importance or value of material is realised and it is obvious that it is neither desirable nor possible for all to write in the same style. It should be remembered, however, that the AC Monthly Report is not for the consumption solely of HQ AC staff but is to give a concise general picture of the work and achievements of the AC over a period of one month, to AFHQ, LONDON and WASHINGTON. The readers of the whole report are not specialists on the work of each individual Sub-Commission of the AC and will not be interested in domestic details. A study of the kind of material which is required and should be used. Individual reports are condensed into one half to three-quarters of a page of foolscap and with careful wording and the elimination of padding and redundant phrases, a considerable amount of interesting facts can be reported. Unauthorised abbreviations should not be used, phrasing and punctuation should be checked and long sentences avoided. Facts and not theories should be recorded and achievements rather than hopes for the future set down.

For the Joint Commissioner.

Brigadier,
Executive Commissioner.

DISSEMINATION

1. Regional Commissioners, Heads of Sections and Sub-Commissions will make it their personal responsibility to see that a higher standard in writing the abridged report, for inclusion in the AC Monthly Report, is achieved.

2. At present abridged reports are in nearly every case too long and there is a lack of appreciation of the relative value of items reported.

3. The difficulties of condensing into a few lines a report on their varied activities throughout the month is appreciated; that there are many points of view on the relative importance of value of material is realised, and it is obvious that it is neither desirable nor possible for all to write in the same style. It should be remembered, however, that the AC Monthly Report is not for the consumption solely of HQ AC staff but is to give a correct general picture of the work and achievements of the AC over a period of one month, to AMPS, LOMON and WASHINGTON. The readers of the whole AC Monthly Report are not specialists on the work of each individual Sub-Commission of a Region and will not be interested in domestic details. A study of the AC Monthly Report for the last two months will give an idea of the kind of material which is required and should be used. Individual reports are condensed into one half to three-quarters of a page of fact and with careful editing and the elimination of padding and redundant phrases, a considerable amount of interesting facts can be reported. Unauthorised observations should not be used, phrasing and punctuation should be checked and long sentences avoided. Facts and not theories should be recorded and achievements rather than hopes for the future set down.

Ref: 025/128/CNS.

SUBJECT : Abridged Monthly Report.

TO : Distribution below.

4 Jan 45

1. An abridged version of all Regions' and Sub-Commissions' Monthly Reports is sent to LONDON and WASHINGTON every month. Information for this has been obtained up till now from Part I of the Regional Reports and an abridged version of Sub-Commissions' full Monthly Report, but the compilation of this abridged report has become extremely difficult due to the manner in which Regions and Sub-Commissions present those portions of their report.

2. In future Regions will submit Part I and Sub-Commissions their abridged version not out in paragraph exactly as they appear finally in the complete report. (See Monthly Abridged Report for October forwarded under 825/208.)

3. Regions.

a) Regions will as suggested in letter No. 497/79/CA of 2 September, divide their Monthly Reports into Parts I and II.

b) Part II will be the normal full length Monthly Report, ^{usually as} previously submitted. **409**

c) Part I, however, which has not been satisfactory, will comprise from ten to twenty (at the very outside) paragraphs on both outstanding facts of the month and the general position regarding supply, Public Safety, Transportation, Reconstruction, etc. It will not be a summary of Part II but a concise, independent report. Statistics will be included where precise information increases the value of the statement and there will be no vagueness or redundant comment.

4. Sub-Commissions.

a) Similarly, the full length report of the Sub-Commissions does not need alteration.

b) The abridged version, however, fails to achieve the purpose for which it was intended.

It will comprise a well-balanced ten to twenty paragraphs containing the outstanding events of the month, written as a concise individual report and not as a summary of the detailed Monthly Report. It can therefore be compiled from facts collected throughout the month.

MAY 1945

Entered

1. An abridged version of all Regions' and Sub-Commissions' Monthly Reports is sent to LAMSON every month. Information for this has been obtained by filling out from Part I of the Regional Reports and an abridged version of Sub-Commissions' full Monthly Report. But the compilation of this abridged report has become extremely difficult due to the manner in which Regions and Sub-Commissions present their portions of their report.

2. In future Regions will submit Part I and Sub-Commissions their abridged version out out in paragraphs exactly as they appear finally in the complete report. (See Monthly Abridged Report for October forwarded under 825/405)

Regions

- a) Regions will no longer be lettered. 497/79/DA of 2 September, divide their Monthly Reports into Parts I and II.
- b) Part II will be the normal full length Monthly Report previously submitted. 499
- c) Part I, however, which has not been satisfactory, will comprise from ten to twenty (at the very outside) paragraphs on both outstanding items of the month and the present position regarding supply, Public Safety, Transportation, Reconstruction, etc. It will not be a summary of Part II but a concise, independent report. Statistics will be included where possible information increases the value of the statement and there will be no vague or redundant comment.

Sub-Commissions

- a) Similarly, the full length report of the Sub-Commissions does not need alteration.
- b) The abridged version, however, shall be revised the purposes for which it was intended.

It will comprise a well-balanced ten to twenty paragraphs containing the outstanding events of the month, written as a concise individual report and not as a summary of the detailed Monthly Report. It can therefore be compiled from facts collected throughout the month without reference to the detailed Monthly Report.

5. All Parts I and Abridged versions will be submitted not later than the 15th of every month.

1. I refer to my letter of even reference, subject as above, dated 20 Sept 44, forwarding, at the request of General WILLIAMS, War Department, WASHINGTON, single copies of the reports of the MFAA Subcommittee for Dec 43 and Jan, Feb, Apr 44.

2. No report has as yet been received of any check-over of War Department files as suggested in para. 2 of the reference letter. Yet a personal communication to the Director of the MFAA Subcommittee from a member of the Roberts Commission in the USA indicates that all the material which General WILLIAMS reported as not received had been located in the War Department with the exception of the "gatherings" and reports for Dec 43, Feb, and Mar 44.

3. These missing reports and gatherings for Dec 43, Feb and Mar 44 are therefore being forwarded herewith, in eight enclosures, for transmission to Civil Affairs Division, War Department, WASHINGTON, and for further transmission to the Roberts Commission (attn. Mr. Huntington Cairns, Secy.).

4. The correspondence between these enclosures and App. 1 to my letter of 20 Sept 44 is as follows:

6

App. "B"
Sect.

- Incl 1 IV. GATHERING IV. Items (5), (6), (7) only.
Items (1)-(4) inclusive forming part of
GATHERING VI.
- Incl 2 VI. GATHERING VI. Complete, as originally sent,
except for the now superfluous Item II.H.
- Incl 3-8 VII. GATHERING VII. This shipment repeated entire,
two of the lists named in Item A being sent
in triplicate.

5. It is requested that a copy of this letter accompany
the transmission to WASHINGTON of the material here forwarded
as inclosures.

1. Ref. my 20340/WFAA of 20 Sept 44, subject as above, in the matter of reports and material from the WFAA Subcommission stated by Major General Hillaring, Civil Affairs Division War Department, WASHINGTON, not to have arrived, though actually forwarded thereto.

2. One of the items missing is the gathering dealt with in Section VI of App. "B" to the reference letter. Since it was sent through JICA, a tracer has been instituted with JICA and a copy of the letter requesting the search is attached hereto, in duplicate.

3. It seems likely to the JICA office in Rome, pending the outcome of its formal investigation, that the parcel has not miscarried but is in G-2 files in WASHINGTON, the normal repository for material sent through JICA. It is therefore suggested that the Civil Affairs Division of the War Department be asked to confer with the G-2 section in the matter.

1. General Hildring, Civil Affairs Branch, War Department, WASHINGTON, in a letter to G-5 AFHQ dated 11 Aug 44, states that certain of the reports regularly transmitted by the Subcommittee for Documents, Fine Arts and Archives, AOC, have not reached WASHINGTON.

2. Since one of these missing reports, containing a large number of documents, was sent to JICA on 20 Apr 44 for transmission to the War Department, your assistance is requested in tracing this report.

3. The following detailed information concerning this report will be of use to you:

4. It was sent to JICA for transmission to the War Department at the request of Lt. J.W. Lucibella, USNR, assigned at that time to your office in NAPLES. Lt. Lucibella presented himself at the HQ. office of MPAA Subcommittee, then in NAPLES, late in March or early in April. He stated that he had been charged by the War Department through cable instructions to furnish them with a file of documents relating to the work of the MPAA Subcommittee. The War Department considered that it had not received sufficient information to date.

b. This request indicated that reports sent previously to the War Department by this Subcommission had been delayed in transmission. The report sent via JICA on 20 Apr 44, it contained: thirty-four (34) copy-reports, lettered A-HH; eight (8) documents relating to general measures for the protection of monuments, lettered A-H; and five (5) articles from local publications, lettered A-E.

4. The report was delivered at the JICA office, NAPLES on or shortly after 20 Apr 44 by an officer of the USAF Subcommission. A copy of the covering letter (20900/27AA of 20 Apr 44) is appended hereto (Incl 1).

5. Your assistance is further requested in tracing a package which was also routed through JICA to the War Department from this Subcommission. Since this was a special package and no word of its receipt has been received from WASHINGTON; it is presumed by the Subcommission that it too never arrived at its destination. 42

a. This second package contained: 1) four (4) Lists of Protected Monuments, each in triplicate; 2) a pamphlet on the Preservation of Works of Art in Italy; and 3) a Guide to the Royal Palace, NAPLES.

b. The package, together with a covering letter addressed to Civil Affairs Section, War Department, WASHINGTON, (20900/27AA of 1 June 44--copy herewith, Incl 2) was passed to the Information Division, AGC under a further covering letter (20900/27AA also of 1 June 44--copy herewith, Incl 3) requesting transmission to WASHINGTON via JICA.

c. The records of the Information Division show that the request was complied with.

1 Ref. your 3-5; 619.3 of 13 Sept 44, subject as above, copies of the reports of this Sub-Commission which General WILLIAMS states have never reached the War Department are attached, viz. those for Dec 43 and Feb, Mar, Apr 44, all of which were in fact routed to reach that Headquarters. The instructions concerning the submission of future reports (para 2 of reference letter) is noted for compliance.

2 In addition to the missing reports more than 400 supplementary documents have been transmitted for the War Department (and the American Commission). Appendix A and B hereto supply a full statement of those transmitted.

Perhaps a check with War Department files will show which, if any, are missing. If any are missing and copies are required they will be forwarded but it should be borne in mind that the staff available is extremely small.

An Account of the Subversion in the War Department, Washington, D.C., of

Warfare and Subversion in the War Department, Washington, D.C., of

Subversion in the War Department, Washington, D.C., of

1. Subversion in the War Department, Washington, D.C., of
 Subversion in the War Department, Washington, D.C., of
 1917, through the Administration of the War Department, Washington, D.C., of
 its activities. Each report has been brief, usually from a few pages
 of typewritten, and have been submitted, usually monthly, in quadruplicate
 or unduplicate, as required. (Since August 1917, copies of the
 sub. 8-6.) Subversion in the War Department, Washington, D.C., of
 coordination copies to the War Department, this office is not in position
 to say, but it is known that it copies of the 1917 monthly report for Dec
 17 were deposited to 1917 (see) on 13 Jan 14 by H. H. H. (see 1st.), one
 or more copies presumably intended for Washington. (Probably similar to the
 position of the 1917 13 report, but the Administration files supply no clear
 information on that point.) Except as just mentioned, the only way in which
 the Administration is aware that the monthly reports may have been posted to
 Washington is through the one-or-less-monthly "gatherings" (see following
 sub-para.).

2. "On the Subversion in the War Department, Washington, D.C., of
 First of the Subversion in the War Department, Washington, D.C., of
 when it was set up, of the Administration for War, 1917, 1918, 1919, and later,
 (1917), 1918/1919, in each of approximately monthly intervals, concurrently to
 the Civil Affairs Section, War Office, London, and War Department, Washington
 ("gatherings") of basic documents collected and arranged to record the work of
 1917 A personnel in Italy under 1917/1918. These gatherings (since 1917, two)
 have always included copies of the Administration's monthly reports, and all such
 reports (three of them twice) have been forwarded to the War Department through
 this means. The material sent to the War Department, Washington, has been
 intended both for the information of the Civil Affairs Division and as the basis
 ultimately available to the American Commission for the Protection and Salvage
 of Artistic and Historic Monuments in Europe, and has been so marked. (For an
 account and evaluation of the system, see, para. 7 of the report of Col. H. H.
 Newton, C. A. Spec. Rep. on 1917, on the Status of 1917 in the War, dated 20
 Aug 14.)

3. The date last each gathering, and smaller group of documents, and two
 single report separately deposited have gone forward - a total of approximately
 120 single items. These reports and copies of Administration have been used.
 Particulars concerning the deposition of these documents and a complete table of
 contents are furnished in Appendix III.

4. Many in and the Administration, then at 1917, was informed by 1917
 (14. J. A. Duffell, 1917) that the War Department had not received adequate
 reports covering 1917 and in Italy and had instructed 1917 to secure an appro-
 priate file of documents and send it through the one channel. The dis-
 cussion through an available end, through 1917, concerned a gathering (1917, 1917)

also, Doc.) Further it is the policy of this office to pass copies of the confidential reports to the War Department, this office is not in position to say, but it is known that the majority of the confidential reports for Doc. 43 were forwarded to (111) (121) on 15 Jan 44 by Lt. Col. (Doc. 43), and were copies previously furnished for Washington. (Probably shortly in the position of the Doc. 43 report, but the confidential files supply no clear information on that point.) In fact as just mentioned, the only way in which the information is known that the confidential reports may have been sent to Washington is through the now-on-line-only "gatherings" (see following sub-para.).

1. "gatherings" When the fall of 1943 it was seen the position of the American War Department and the Army, Navy, War, Navy, and Army, when it was not up of the information for the War, Navy, and Army, (111), (121), to say, at a preliminary meeting, the War, Navy, and Army, the Civil Affairs Section, War Office, London, and the War Department, Washington ("gatherings") of main documents collected and arranged to record the list of the personnel in Italy under 11/12. These gatherings (also in 1944) have always included copies of the information's monthly reports, all such reports (three of these copies) have been forwarded to the War Department through this means. The material sent to the War Department, Washington, has been forwarded both for the information of the Civil Affairs Division and to the War Office, ultimately available to the American Commission for the Protection and Relief of Artistic and Historic Monuments in Europe, and has been so marked. (For an account and evaluation of the system, see para. 7 of the report of Col. H. H. Newton, O.D. 3000, Rep. on the status of the War, Navy, and Army, dated 10 Aug 44.)

2. The date and each gathering, the smaller group of documents, and one single report separately designated have been forwarded a total of approximately 125 single items. These approved copies of information have been used. Particulars concerning the completion of these documents and a complete table of contents are furnished in Appendix A.

3. Early in April the information, then at 11/12, was informed by (111), (121), (131), (141) that the War Department had not received adequate reports covering 11/12, and had instructed (111) to secure an appropriate file of documents and designate it through its own channels. The information thereon assembled and, through (111), designated a gathering (111, VI in App. "3") which included not only the second items at that time existing designated list, retrospectively, all the essential documents included in earlier gatherings.

4. While Prof. William B. Brewster, of the American Commission, was making the inspection of 11/12, one in this gathering he was asked toward the middle of June by this office about the arrival of 11/12 material at Washington and its use by the Commission. The information as received from him that in this gathering

thing had reached the War Department (as indicated by it was known to have reached the War Office, London) and that, while the processing through which it passed in the Pentagon Building was (necessarily) somewhat slow, was being turned over in the course to the Commission for its own study and analysis. The Subcommission was satisfied that this was the position of affairs until General Hillier's letter of 14 Aug 44 informed it a few days ago that the monthly reports of Dec 43 and Feb, Mar, Apr 44 had not been provided. The receipt of these reports would seem to imply that also the complete Subcommission Nos. IV, VI and VII, of which they were an integral part, had been received.

5. A gathering (No. 21) headed by the Subcommission's monthly report for Aug 44 is being prepared for inspection within a few days.

The American Commission is very anxious to complete its file of the monthly reports issued by the MFAMA Section, AMG/ACC. It is reported to us that issues have not been received for December 1943, February, March and April of 1944. If it is at all possible, I would appreciate your forwarding these reports to us in order that they can be transmitted to the Commission. A careful check of our files indicates that these reports have never been received here although apparently copies were sent to London.

Dear Ernest

I, or rather all of us on the A.C.I.A. Committee, have been very much handicapped, and in fact almost completely stymied, in our efforts to carry out such portions of our work for the Commission as pertain to cooperation with you and your group, by the absence of your monthly "gatherings." You will remember that when I was with you I indicated that things were not coming through on time. When I returned to New York I found that matters had gone from bad to worse, and that practically all that we knew in the Frank Library, or had learned since last March, was through the frequent but brief summaries mailed to the New York Times from London on the basis of Lt. Col. Wollery's releases in the London Times "according to an official report released to the British War Office tonight," etc. There have recently, also, been a few instances of more detailed bits of information released directly by you to the correspondents, but these are few and far between. When I reached Washington in July I found that your report for January, dated February, was still the latest received. I of course brought with me yours for May, dated 12 June - but even this has just been turned over the Commission at my insistence, and hasn't reached us yet so that I haven't seen it. Your gathering for June, dated July, however, came through very promptly and made us realize what we had all been missing.

I reported to the Commission on the procedure followed with regard to your reports both in London and Washington, and stated, "I found the authors of these reports threatening for information as to the use to which their material had been put. I found it difficult to inform them that it was so ancient and so highly classified by the time we received it that all we could do was to look it up." Since then, the Commission has succeeded in having the classification altered so that we can make release, if there is anything to release. But with the best will in the world there isn't much that we can do. We have received your 1st (November), 3rd (January), and 5th (June) reports only, and are now told that the 7th (May) is on the way. I am informed, yesterday, from the top, that the 2nd, 4th, 5th, and 6th reports (September, February, March, April) have never been received by the War Department, and that they are writing to ask you for duplicates if such exist.

I had expected to have, by the way, all your material reproduced on 8 x 6 inch cards long ere this, and to get you a duplicate set in microfilm, with the hope that the microfilm could be enlarged and printed on photostat paper in your area (like V-mail but different). Perhaps you could cable through channels to the Commission asking whether there are facilities available to you for enlarging from microfilm on photostat paper.

Please give my regards to Major Perkins and the many others.

Sincerely

W. F. Dinsmore

Dear Ernest,

I sent off a similar letter yesterday, but there may have been some indiscretions in it such that the censor would not pass it; here I shall try to avoid such slips of the typewriter.

Professor Dinsmore asked me to write you as we are in an increasingly difficult and embarrassing position. As he indicated to you when he saw you in Rome we are severely handicapped in that very few of the A.L.U. reports from your office have ever reached the War Department, for eventual transmittal to us.

We did receive the 3th report (June) very promptly and have now succeeded in obtaining the 7th (May), which is the one Professor Dinsmore himself carried from Naples, but which the War Department had never received. There are still missing the following: 2nd (December), 4th (February), 5th (March), and 6th (April).

In a recent letter General Miloring states that he is now writing to you for these "if they are available"; we certainly hope there are copies which can be rushed over here, for you will understand that we (i.e. the Commission) are very much handicapped, and will continue to be so, in attempting to act on your recommendations and to disseminate your news.

Unofficially and I hope not indiscreetly I may inform you that the New York newspaper are usually informed of your official releases by cables from their correspondents in London. LIFE magazine has usually a quite prompt and apparently accurate photo coverage and is often our quickest and best source of this kind of information. A pity, but there it is, and a great deal better than nothing.

SUBJECT : Monthly Reports.

TO : All Admin Sub-Comms.

Sub-Commissions will prepare in addition to their full monthly report, a short summary paragraphed under suitable headings of the Sub-Comms principal functions, of the portions which they consider should be included or emphasized in the Vice President's Report.

It is suggested that the number of lines of text (exclusive of headings) should normally should not exceed about 20 with the exception of Public Health and Public Safety who should not exceed 50. This figure is not to be taken as a strict limitation, if special events demand greater space it will be accorded.

All Sub-Comms (except Public Safety and Public Health from whom summaries have been received) will submit summaries for July as soon as possible.

1. Information obtained from letters of the civil population which have been opened in transit by censors form a valuable means of keeping a finger on the pulse of public feeling and may give a first clue to impending events or to a deterioration of conditions which may require correction.
2. This Section is now receiving from the Civil Censorship Section extracts from such letters and it is intended to circulate to Sub-Commissions those extracts which it is considered may be of interest to them.
3. Some extracts may disclose matters which may require investigation or other action, in which case Sub-Com Commissions will take such action as may be desirable.
4. Sub-Com Commissions will, in their monthly reports, summarize the situation as disclosed by the extracts and refer to any important facts not mentioned, conditions disclosed and any action taken thereon. For this purpose Sub-Commissions may make copies of, or extracts, from the reports, but must not delay circulation as only one copy of each extract is received in HQ, AGO, and it has also to be circulated to other sections and their divisions.
5. Any extract or copy made will be treated as a confidential document.
6. Sub-Commissions may circulate any extract or copy made by them to any other Sub-Commissions which has not been included in the distribution as marked on the original report.
7. The Sub-Commission on least named for circulation will return the original to this office for onward transmission.

Subject: Monuments & Fine Arts Report for Dec. 1943 and
Related Collection of Documents.

To: MGS, AFM.

1. Summarizing the correspondence referred to in your MGS-619.3 of 14 Mar 44, the position appears to be as follows:

a. On 13 Jan 44 H. AME (Rear Det.) forwarded to MGS, AFM the following:

(1) 24 copies of MF&A Subcommission report for Dec. '43.

(2) 3 copies of a collection of documents dealing with the work of that Subcomm.

b. The covering letter requested that one copy of the collection of documents--in (2) above--be retained at AFM for file, one copy be routed through channels to The American Commission for the Preservation and Salvage of Artistic and Historical Monuments in Europe, Washington, D.C. and the third forwarded to Civil Affairs Branch, War Office, London, attn: Lt. Col. Sir Leonard Woolley.

c. The copy for London had not arrived there as of 18 Feb. 44, and from your MGS-619.3 of 14 Mar. 44 it would appear that neither it nor the copy for Washington had been despatched.

d. These collections of documents as such do not enter in the correspondence to which para. 1 of your letter refers, but rather the MF&A report for Dec. '43 as such.

e. This H. now requests--

f. that the three collections of documents be dealt with as originally requested (above para. 1b); and

g. that the 24 copies of the MF&A report for Dec. '43 be distributed in whatever manner seems best to your H.

1. Reference your letter of 23 January 1944, MEM 619.3:
2. Receipt is acknowledged of the copy of the Monuments, Fine Arts and Archives Subcommission report for December which was sent to you directly without the knowledge or approval of this headquarters. We will advise you of the disposition which we suggest for the remaining copies.
3. The facts with respect to the memorandum prepared by Capt. Mason Hammond are substantially as stated in your letter. During Col. Glabaugh's visit arrangements were made for him to talk with the heads of all Subcommissions and other members of our staff, who, as in cases of other visitors from higher headquarters, were expected to answer Col. Glabaugh's questions freely. At the conclusion of his interview with Capt. Hammond Col. Glabaugh asked Capt. Hammond to prepare notes on the matters discussed in their conference. The result was the memorandum in question.
4. Col. Glabaugh showed the memorandum to the undersigned and while it was noted that, in addition to information as to the activities of the Monuments, Fine Arts and Archives Subcommission, certain recommendations were included, it was felt that since they were personal recommendations of Capt. Hammond no exception should be taken to the transmission of the memorandum to Col. Glabaugh or such use as Col. Glabaugh might wish to make of it in Washington. Except for the fact that the notes on the discussions were prepared by Capt. Hammond the case was no different than a number of others in which officers from the War Office, War Department, ETO, Middle East and various other headquarters have interviewed our personnel, produced questionnaires for which we have supplied the answers and in other respects have drawn upon experience in the field. It was considered also that Capt. Hammond's suggestions might be of particular value to Col. Glabaugh in effecting a better flow of information to the Monuments, Fine Arts and Archives advisors and in assisting Col. Glabaugh to deal with some of the difficulties suggested.
5. The memorandum has been returned to Capt. Hammond with your comments. In view of the circumstances no further action seems appropriate.

SUBJECT: Report of Monuments, Fine Arts and Archives Sub-Commission
TO : AMG Headquarters (ATTENTION: Colonel Spofford)

Reference per FMHQ 29942 of 18 January and your FAMSO 378 of the same date.

1. Transmitted herewith is a copy of the Monuments, Fine Arts and Archives Report for December which was sent to this Section without the knowledge and approval of your Headquarters. The remaining copies will be held here until you indicate whether you wish them sent on to London and Washington without revision.
2. You are further informed that a Memorandum on the Needs of the AMG Sub-Commission and Regional Officers for Monuments, Fine Arts and Archives was prepared by Captain Mason Hammond. Your Headquarters, as we are informed by Colonel Clabaugh, arranged an interview between Colonel Clabaugh and Captain Hammond at which Colonel Clabaugh requested Captain Hammond to furnish him with general information on the MFAA situation. Captain Hammond complied by preparing the memorandum in question. A copy was submitted to Colonel Spofford before being transmitted to Colonel Clabaugh. The memorandum was prepared in the absence of the Director of the Sub-Commission in consultation with other MFAA officers and Captain Hammond acknowledges responsibility for it. Nevertheless, the form is that of a formal report containing recommendations which concern AMG, ACC and the Civil Affairs Division of the War Department.
3. The Memorandum states (paragraph 1) that it is not an official report on behalf of the MFAA Sub-Commission or Regional Officers.
4. There is nothing in the report which indicates that Captain Hammond's memorandum was submitted to AMG Headquarters. Colonel Clabaugh has informed this Headquarters that the memorandum was submitted to Colonel Spofford but there is no indication as to whether AMG Headquarters approves the recommendations made by Captain Hammond and intends to take further action through official channels. The memorandum was brought to the attention of this Headquarters informally by Colonel Clabaugh.
5. While it is desirable that visitors from the War Office and War Department should be granted every facility to collect information in the field, it is not permissible for ACC and AMG officers to prepare formal reports and recommendations to be submitted, presumably, to the War Office or War Department without passing through the normal channels of communication.

6. A copy of Captain Hammond's memorandum is transmitted to you herewith for appropriate action.

7. Colonel Clebaugh has been informed that Captain Hammond's recommendations are irregular and unofficial. In view of the circumstances he has decided not to submit the memorandum to the Civil Affairs Division of the War Department.

1. Ref.: Cable FARM 377, dated 18 January 1944.
2. The cable report of action taken in this case is believed to be in error.
3. Four (4) copies of the December Report of the Monuments, Fine Arts, and Archives Sub-Commission were submitted direct to Administrative Director, Hq., A.M.G., Naples, over the signature of the Acting Director. A parcel of twenty-four (24) copies, with covering letter addressed to AFHQ was submitted to Hq. Rear Detachment A.M.G., Palermo for transmission. The Acting Director, MFAA Sub-Commission gave no instructions that it should be sent direct from Palermo.
4. "Orders for Rear Detachment", Hq., A.M.G., Administrative Memorandum, AG/511, dated 15 December 1943, para. 7 (c) contemplates letters being sent by Rear Detachment in appropriate cases, with copy to Hq. at Naples, and this was considered an appropriate case.
