SUBJECT: Promotion of Captain Robert M. Albright

TO: Deputy Chief Civil Affairs Officer

1. Captain Robert Mayne Albright, A.U.S., ASN 0-904004, is at present temporarily attached to Major General Joyce's Office as his Labor Officer in matters requiring liaison with the new Italian Government.

2. Captain Albright has had a distinguished career in the Labor Field, and was specially selected out of civilian life, commissioned 1st Lieutenant on May 18, 1942, and assigned to the Labor Branch, Civilian Personnel Division, S.O.S. (now Industrial Personnel Division, A.S.F.). Because of meritorious service and increased responsibility, he was promoted to Captaincy November 18, 1942, and recommended for Majority on May 6, 1943 and June 10, 1943. Seizing the opportunity to serve overseas, he entered the Military Government School, Fort Custer, Michigan, on July 21, 1943, and was alerted after three weeks, being the only member of the class so alerted before the course was completed. In original interview with representative of Civil Affairs Division, General Staff, he was earmarked for a Major's position in the Labor Sub-Commission, and so assigned on September 27, 1943 in North Africa.

3. Captain Albright graduated from the University of North Carolina with an A.B. - 1931, M.A. in Political Science - 1933, and Doctor of Jurisprudence (J.D.) in Law - 1936. While at the University he was elected to Phi Beta Kappa, secured honors in Political Science, was a member of the "Law Review" Staff, and President of the Student Government. He is a member of the North Carolina State Bar, and for six years prior to Army Service was Director of the United States Employment Service for North Carolina, during which time he was honored by being elected President of the International Association of Public Employment Service. Among his publications are: "Employment Procedure Manual" (U.S.E.S. - 1937); many articles in "Monthly Employment Review" and in official publication of Social Security Board, Washington, D.C.

4. Captain Albright has always served in Military positions which called for no less than a Major's rank, and in his present assignment in an important contact position with the Italian Government, the scope and importance of the work demands at least such a rank to achieve fullest results. In the regular program of our office, he is definitely indicated as head of the very important Labor Resources Section.

5. The character of his duties and responsibilities demands the rank of Major for proper effectiveness. He is eminently qualified to carry out the assignment of such a rank by reason of his excellent educational and labor background in civilian life, as well as his outstanding achievements in the

1545

labor for the Army for fourteen months prior to assignment to Military Government. I, therefore, most strongly recommend and urge the promotion of Captain Albright to a Majority.

6. There is a position vacancy in the Table of Organization for this promotion.

SUBJECT: Recommendation for the Legion of Merit 30 May 1945

TO : H.Q. 2675 Regiment
(Attention Mr. Wermuth)

1. This will supplement and bring up to date the recommendation dated 4 October 1944, that the Legion of Merit be awarded to Lt. Col. James O. Babcock O-523504 AUS.

2. Since the date of said Memorandum Lt. Col. (then Major) Babcock has been promoted to Lt. Col. in accordance with the recommendation referred to therein.

3. The recommendation for the award of the Legion of Merit to Lt. Col. Babcock is earnestly urged by the undersigned.

4. Lt. Col. Babcock, during the time which has elapsed since the previous Memorandum, has continued to perform his duties in an outstanding and exceptional manner.

5. During this period he continued to represent the Labour Sub-Commission on the Committees and Boards referred to, and for a while acted as Deputy Director.

6. In the latter part of October it became necessary to assign Lt. Col. Babcock to Leghorn where important Labour difficulties arose in connection with the opening of this Port and the establishment of supply lines to the Fronts. These problems consisted of Labour supply and Labour relations.

7. The problem of Labour supply was very acute, the Port because a very substantial one involving the employment of over 30,000 workers. The city of Leghorn had been seriously destroyed and most of its inhabitants had fled to other areas. Very little manpower was available. It became necessary to attract workers to this area in spite of inadequate shelter and clothing available during the winter months. Col. Babcock solved these problems in a signal and noteworthy manner. Under his supervision there was established a Labour Office which undertook the recruitment task for Allied forces, both British and American. Not only was an adequate supply of manpower furnished, but in addition competition in recruitment between the Units of the Armed Forces was eliminated. The skill and ability shown by Lt. Col. Babcock in handling these problems represented an important and substantial contribution to the prosecution of military operations.

F542

8. In addition to the problem of Labour supply, the problem of Labour

Declassified E.O. 12356 Section 3.3/NND No. 785021

relations was also acute. Many of the employing Units were found to be engaged in crude and primitive methods in handling and disciplining employees. The type and character of Italian workmen in this area was such that these practices lead to considerable dissatisfaction and work stoppages in what was a bottle-neck in the supply-line. Lt. Col. Babcock demonstrated extraordinary skill and tact in the elimination of these points of friction by dealing with representatives of workmen and assuring them that their just grievances would be investigated and corrected, and a harmonious and healthy relationship between the Allied Forces and their Italian employees became firmly established.

9. With the opening of the North of Italy, Lt. Col. Babcock was assigned to serve as forward Liaison Officer representing this H.Q. In this work he demonstrated unusual resourcefulness and sound judgment.

10. Lt. Col. Babcock at the present time is about to be sent home for medical reasons; the work which he performed during the period referred to has been performed in spite of a serious ailment which caused him substantial physical and mental stress. It would be most fitting if the award of the Legion of Merit could be given to him at the present time.

Colonel has been approved by the Board.

3. Major Babcock has made outstanding contributions in carrying out the purposes of the Allied Military occupation with respect to stabilising the economic status of Italy, by his initiation of, intimate study into, and final recommendations in the entire field of wages, with the result that a definite path forward has been indicated (in some measure already been used by the Armed Forces and the Italian Government) in the revision and reconstruction of a wage structure which has been so intricate and complex as to baffle the best brains of the Italian Government itself.

4. Major Babcock as representative of ACC on the Wages and Labor Control Committee of AAI has rendered more than noteworthy service to the success of our military program in cementing relationship between ACC and AAI.

1532

Declassified E.O. 12356 Section 3.3/NND No. 785021

4. Because of the pitiful lack of adequate personnel of any kind in the Labor Sub-Commission, he has assumed and carried out duties and activities far beyond human endurance, motivated at all times by the seriousness of the various problems that have arisen and dire necessity of seeking solutions. Besides his duties as Assistant Deputy Director and his work as representative of ACC with AAI, he has also been an important and influential representative for the Labor Sub-Commission on the Personnel Policy Board of ACC, on the Price Committee of ACC, and on the Wages Sub-Committee of the Labor and Wage Controll Committee, AAI. He organized, and from the beginning directed the activities of the Wage and Hours Section of the Labor Sub-Commission, has initiated all basic wage adjustment procedure, and has in most instances reviewed and written important decisions on various wage adjustment agreements for both Armed Forces and Industry.

6. His understanding of Labor Matters based on years of labor experience, his profound ability, his complete and intense attachment to the problem in hand regardless of hours, working conditions and personal health, has been fully recognised by all in high authority. Despite almost insurmountable difficulties due to the complex nature of the Italian labor situation, of Italian Law and of Italian mentality, he has been an outstanding factor in any success the Labor Sub-Commission has been able to achieve in laying down a clear program for the future solution of such problems.

7. The outstanding devotion to duty displayed by Major Babcock is in keeping with the finest traditions of the U.S. Army, reflects greatest credit upon himself and his organization, and has served as an inspiration to those who have worked with him.

8. The recommending officer of this award has personal knowledge of the deeds performed by Major Babcock.

9. Major Babcock was a Major at the time these services were rendered, is still in this grade though recommended for promotion, and recently has taken on additional duties as Deputy Director, Labor Sub-Commission.

10. The entire subsequent services of Major Babcock have been honorable.

1531

Declassified E.O. 12356 Section 3.3/NND No. 785021

11. Major Babcock has received no decorations to date.

12. Major Babcock entered the Armed Forces from Washington D.C.

5. Captain Dorf has a deep understanding of labour problems, of contacts and of labour law based on years of experience. His profound ability to deal intelligently with matters concerning labour is complete and has been fully recognised by all of his colleagues and superior officers.

6. Captain Dorf worked continuously and his intense attachment to the problem in hand regardless of hours, working conditions and personal health, has been fully recognised by all in high authority. Notwithstanding the many difficulties encountered in Italy, and especially in the Italian Labour field, he has been an outstanding factor in any success the Labour Sub-Commission has been able to achieve in the fulfilment of the Labour program.

Captain Dorf has been an outstanding staff officer in the Labour Sub-Commission, which has been greatly understaffed. He has worked closely with Wages and Hours Section, Labour Law Section and Labour Relations Section, in addition to his other work as Administrative Officer, and in all he has proved himself competent beyond question in the difficult work of these Sections.

SUBJECT: Recommendation for the Bronce Star.

TO : HEADQUARTERS, 2675 Regiment AC, (OVERHEAD) AFO 394.

1. It is recommended that Captain ALFRED L. DORF -O-358375, QMC, now on duty with the Labour Sub-Commission AC. be awarded the Bronce Star for exceptionally meritorious conduct in the performance of services from May 1944 to 12th May 1945.

2. Captain Dorf has been a staff member of the Labour Sub-Commission doing Field Labour Control work, Labour Liaison and as Executive Officer of the Labour Sub-Commission.

3. Captain Dorf has from the time of his initial assignment to the Labour Sub-Commission been a tower strength in performing all of his duties with a great deal more than ordinary devotion and skill, and rendering services beyong the call of duty. His legal knowledge based on years of experience has been of outstanding worth to the Sub-Commission and he has been called on several occasions to perform duties not normally emphasized from one assigned as a Labour Officer.

4. Captain Dorf has carried out with extreme seriousness the duties and activities of the Labour Sub-Commission far beyond the call of human endurance. The pitiful lack of adequate personnel in the Labour Sub-Commission had increased the duties several fold and which was ably carried out by Captain Dorf with competence beyond question. The quality of work performed by him indicated that his understanding of human beings could be still partly directed to the resuscitation of the Ispettorato del Lavoro here in Italy, an organization proporting to insure legislation concerned with factory conditions, hours of labour, laws governing women and children, compliance with social insurance requirement and the enforcement of labour regulations. His personality has already produced outstanding results not to be expected in so short a time. His complete and intense attachment to the various problems at hand

1507

Declassified E.O. 12356 Section 3.3/NND No. 785021

were done regardless of hours, working conditions and his personal health, and has been monumental to the carrying on of the duties of this Sub-Commission.

5. In addition to the duties in the Wages and Hours Division and Field Control and Inspection Divisions, Captain Dorf acts as Executive Officer to the Labour Sub-Commission. His energy in this connection has smoothed over many difficulties and made possible the functioning of an inadequately staffed Commission. The numerous duties performed by Captain Dorf in this respect have been especially valuable in the conducting of the internal procedure, and the several administrative functions of this Commission. His fair and firm judgment exercised at all times solved several important problems that have arisen. The Officer from whom he took over these additional duties ranked as Major and has since been approved for promotion to the rank of Lieutenant Colonel.

6. It would not have been possible for this Sub-Commission to have played the important part is has played in the resettlement of the Italians and the Italian labor question behind the fighting line, if it were not for the outstanding performances of Captain Dorf. He conducted the greatly under-staffed office with efficiency and at maximum performance far beyond the call of duty and human endurance motivated by unselfish interests.

7. Captain Dorf has been in his present grade since February 1st, 1942, though recommended numerous times.

8. The recommending Officer of this Award has personal knowledge of the deeds performed by Captain Dorf; and makes these conditions without riservation.

9. Captain Dorf's services have been honorable.

10. Captain Dorf has received no decorations to-date.

11. Captain Dorf entered the Armed Forces in Washington, D.C.

SECRET

Personally appeared before me, the undersigned, authorized by law to administer oaths in cases of this character, one Alfred L. Bork, O-358375 Captain, Quartermaster Corps, Army of the United States, who being duly sworn, deposes and says:

"I am on duty with the 2675 Regt. APO 534 assigned to Labor Sub-Commission of the Allied Commission. On 21 June 1945, at approximately 11:30 hours, I was on temporary duty in the Allied Military Government territory of Northern Italy in compliance with paragraph 23 of Special Order 166, Headquarters Allied Commission, and riding as a passenger in Lodge command car No HQ 27, ID #017885 driven by Dante De Angelis, an Italian civilian employed by Labor Groups of the Allied Commission properly dispatched as my driver for the hour of duty.

While travelling from Milan to Turin on Route 11, I was involved in a motor vehicle accident at Magenta, Italy. There were no other passengers in the vehicle. We were travelling on the right hand side of the road at a speed of approximately 30 miles an hour. There the driver attempted to pass a truck and trailer combination that was stalled in the extreme right side of the road. Alongside of the standing truck and trailer, in the center and left of the trailer and truck there were a man on a bicycle and a cow. The man was talking to the driver of the truck. All of whom were standing quite still.

The driver De Angelis, sounded his horn, and applied his brakes. The front end of the C & R car struck the bicycle throwing the man who was sitting on the bicycle to the ground and crushing the rear wheel and frame of his bicycle. The bicycle was partially thrown against the car. The man sustained some scratches. The cow sustained a gash on its side that bled lightly.

The driver De Angelis, applied his brakes approximately 45 feet from the point of the impact. There was not enough space between the man and car and truck to have permitted the driver to pass.

The driver De Angelis, was not under the influence of intoxicating liquor or drugs. Neither the driver nor myself sustained any injuries. The weather was clear, the asphalt two lane road was dry, the visibility was good. Our vehicle was in good conditions and the brakes were functioning properly.

We immediately took the name of the man whose bicycle was damaged, - Enrico Porta, Via Palestro, 11, Magenta, Italy.

having been assured that Sig. Porta was in no need of medical assistance, we continued on our way."

I do not know the name of the truck driver and trailer or his address.

"Further deponent sayeth not."

REF. : Lab/201 2 April 1945

SUBJECT : Information concerning the Promotion of Captain Alfred L. Dorf.

TO : Director, Labour Sub Commission
Headquarters Allied Commission.

There herewith follows a brief review of my military history.

1. I received my Commission of 2nd Lieutenant QMC in the Officers Reserve Corps, United States Army in July 1937. Fulfilling my obligation to the Service excellently and establishing therefore a worthy record, obtainable at Washington D.C. I participated in the First Defense Manuevers in July 1940 held at New York.

2. In November, 1940, I was ordered to active duty, reporting on 15 December, 1940, for duty at Indiantown Gap., Pa., with the rank of 1st Lieut.. At that time, I held a certificate of capacity for Captain and credited with most of the No. 50 series, Correspondence Course for the rank of Major.

3. Some of the positions which I have held in the Army were Post Utility (Engineer) Officer; Ass't Q.M. Property and Supply Officer; Ass't Reclamation and Salvage Officer; Trial Judge Advocate and Defence Counsel; Ass't Adjutant; Personnel Processing Officer; Ass't Ordnance Officer; Motor

Maintenance Officer; Ass't Quartermaster; Ass't (G-4) Director of Supply; Battalion Commander; Company (Officer) Commander and Ship Commander. In all of these assignments, calling for higher rank and grade, I have performed efficiently and most satisfactorily. I have carried the full burden of responsibility and have been given command and leadership because of demonstrated capabilities, ability, and experience. My record will definitely show that my work has always been most satisfactory by its high ratings of superior, excellent, etc....

4. Soon after the usual trial, observation and determination period, (January, 1941) my superior and commanding officers recommended my promotion to Captaincy. However, due to the constant changes in War Dept. and Corps. (Service Commands) Areas did not receive the said Captaincy promotion until 1 February, 1942.

5. Beginning about July, 1942, my superior officers initiated several recommendations for my promotion to Major. These requests were made to fill appropriate vacancies and accord me the rank and position I was so ably and efficiently performing. Attached hereto are the available copies of a few recommendations. The replies to these several requests were indorsed, No Allotments, new Tables of Organizations, Revised Functional Charts and Schedules, and the old familiar Frozen Promotions.

5 a. Notwithstanding these replies, several promotions were made and other officers did receive promotion. From information received to date some of my fellow officers have received three (3) promotions.

6. In the further hope of getting any promotion, my superior and commanding officers (in 1942-45) assigned, reassigned and transferred me from one branch of Service to another (Q.M.C. to Ord.Dept., to Adj.Gen., etc.), but to no avail. The reasons given then, was "no vacancies", due to change of policy and influx of over aged officers. My Commanding officer then sent me to C. and G.S. School, which required the highest possible entrence prerequisites, in the further hope of obtaining my promotion, but again without success.

1494

4)

Declassified E.O. 12356 Section 3.3/NND No. 785021

7. I have attended and satisfactorily passed and graduated the best Army Service and Graduate Schools, as follows:

a. Quartermaster School, Schykill Arsenal, Philadelphia, Pa., June, 1941;
b. Holabird Q.M.C. (Ordnance Dept.) Motor Transport School, Baltimore, Md., January, 1942;
c. Command and General Staff School, Fort Leavenworth, Kan., September, 1942;
d. Counter Intelligence Corps, Advanced School, Chicago, Ill, May, 1943;

and, had I received my Majority, as so often earned, would no doubt have added the Army and Navy Staff College.

8. In early March, 1943, Headquarters 3rd (Corps Area) Service Command, Baltimore, Md., in a cablegram (Copy attached) requested my Commanding Officer to furnish two ranking Captains that were eligible for promotion and capable of performing special work at the then new and coming Deplacement Station, Shenango, Pa. I was selected as the ranking Captain and the one most eligible for promotion and thusly, transferred to Shenango, Pa. on 15 March, 1943.

9. After the required month's trial period recommendations were made and accordingly were forwarded to the Commanding Officer for approval. However, before the Commander could indorse and send it on to Service Command Headquarters for processing, I was ordered by War Department to attend the Advanced Intelligence School at Chicago. Since it was understood (at that time) that I would not return to my proper Station the Commander did not forward the approved papers (expressing no desire to grant a promotion to anyone formerly of his staff. Upon my return to Shenango from the C.I.C. School (July, 1943), a new Commanding Officer was installed who "froze" all promotions, notwithstanding the several recommendations (copies attached) and requests in my favour.

9 a. Nevertheless, some officers did receive promotions. From news said recently these same officers have received another promotion.

1493

5)

Declassified E.O. 12356 Section 3.3/NND No. 785021

10. After 3 years of excellent and continuous army service (about August 1st 1943) I was declared surplus at Shenango, Pa., under a new Table of Organization. I then became a "replacement" officer and hence not eligible for promotion (until permanently assigned). About September 2, 1943, I was shipped overseas to the MTOUSA (then NATOUSA) Area, and a tour of all replacement centers and depots in North Africa, Sicily and Italy began. After applying and reapplying to all and sundry for work and assignments (about February, 1944) I received temporary assignments with Special Military Police; 6723rd Q.M. Trucking Group, with action at Anzio and other places; G-4 P.B.S.; and J.A. P.B.S.

11. A short review of my civilian activities are related:

I am a lawyer, admitted (1930) to practice as a member of the District of Columbia Bar, North Carolina Bar, Virginia Bar, the several Federal Courts and of the United States Supreme Court. A graduate of National University, Washington, D.C. with the degrees of LLB, LLM, and MPL. I am credited with several years post graduate collegiate work in Economics, Accounting, Languages and Labor Law done at Catholic University, American University and other colleges in Washington, D.C. A member of the district of Columbia Bar Association and the American Bar Association. I have been employed as Assistant Executive Officer and Personnel Advisor by a least two large corporations (United Realty Corp. N.Y. (1925) and Sears Roebuck Home Constr. Div. (1926) Wash.D.C.) in matters of personnel, administration and building management. I have been employed as Attorney in the Solicitor's Office, U.S. Dept. of Agriculture, Washington, D.C. (1933) with the trial and investigation of numerous cases involving enforcement of Federal laws throughout the United States. I have been in the private practice of general law and for several years General Legal Counsel of the Agriculture Dept. Credit Union (Banking) and the Dept. of Agriculture's Welfare Association (Social Insurance) in Washington, D.C. I enjoy an enviable reputation in the field of law where I have been exceedingly active up to and including my active commissioned service. I have had wide and generous experience in matters concerning labour and management both in the academic and professional fields.

1492

6)

Declassified E.O. 12356 Section 3.3/NND No. 785021

12. In early April, 1944, I was finally and permanently assigned to Headquarters, Allied Control Commission, Labour Sub Commission. Recommended by NATOUSA to Hq. A.C.C. because of the highly specialised anddiversified professional qualifications. I became eligible for promotion on July 1944, and a recommendation for my promotion was forwarded with endorsement of approval and was then, as oft repeated, greeted with "Frozen promotions". Then began a series of resubmissions of requests, which more than met all the prerequisites and requirements. Amongst these recommendations were indorsements of Brig. General O' Dwyer, Colonel Adams and Col. Densmore. As late as 8 November, 1944 I was given a definite reply that my name would be submitted to the Promotion Board. To this date, six months have passed, a dozen fanciful excuses have been made, several promotion lists have been published, all of the American Officers in my Unit have been promoted, and still no promotion.

13. It is definitely more then consequences, coincidences, mischance or being a forgotten soldier to be by-passed in rank by junior officers, who have served under me; passed by enlisted men who have served under me, and have all of my fellow and associate officers receive promotions, some officers to the extent of receiving two and three promotions. I am not a laggard, braggard, drunkard, 'snafu' character, a 'goof-off person', or have I been court martialed. I have been recommended for the Legion of Merit (copy attached) which, like promotion and other things in the Army, I never received. Can find countless unsolicited letters commending highly of my work but it would only tend to clutter up this brief review.

14. I have been in grade of Captain for more than thirty nine (39) months, all in time of war. As related, I have held high and most responsible positions with Superior and Excellent ratings. I have more then unconditionately met all of the qualifications and prerequisites for promotion. I have served honorably faithfully during all of my four and half (4½) years of active military duty.

His activities substantially furthered the improvement of the Allied Control Commission in Italy.

His legal knowledge and keen personal concern with important details has been of oustanding assistance in the smooth working of a seriously under-staffed departmnet. His efforts have been beyond those expected of one of his rank.

SUBJECT: Recommendation for the Legion of Merit

TO : HEADQUARTERS, 2675 REGIMENT ACC
(OVERHEAD) APO 394

1. Under the provisions of paragraph 12, AR 600-45, it is recommended that Captain ALFRED L. DORF QMC, O-358375 OEC., now on duty with the Labor Sub-Commission, ACC, be awarded the Legion of Merit for exceptionally meritorious conduct in the performance of outstanding services from 17 April 1944 to date.

2. Captain Dorf has from the time of his initial assignment to the Labor Sub-Commission been a tower strenght in performing all of his duties with a great deal more than ordinary devotion and skill, and rendering services beyond the call of duty. His legal knowledge based on years of experience has been of outstanding worth to the Sub-Commission and he has been called on several occasions to perform duties not normally expected from one assigned as a Labor Officer. His understanding of labor problems, contracts, and labor law, has been recognized and sought out by all of his superior officers, fellow workers, associates, which has been of inestimable value in the work of this Sub-Commission.

3. Captain Dorf was originally assigned to the Wages and Hours Section of this Sub-Commission. The quality of work performed by him indicated that his understanding of human beings could be still partly directed to the resuscitation of the Ispettorato del Lavoro here in Italy, an organization reporting to insure legislation concerned with factory conditions, hours of labor, laws governing women and children, compliance with social insurance requirement and the enforcement of labor regulations. His personality has already produced oustanding results not to be expected in so short of time. His complete and intense attachment

1487

11)

to the various problems at hand were done regardless of hours, working conditions and his personal health, and has been monumental to the carrying on of the duties of this Sub-Commission.

4. In addition to the duties in the Wages and Hours Division and Field Control and Inspection Divisions, Captain Dorf acts as Executive Officer to the Labor Sub-Commission. His energy in this connection has smoothed over many difficulties and made possible the functioning of an inadequately staffed Commission. The numerous duties performed by Captain Dorf in this respect have been especially valuable in the conducting of the internal procedures, and the several administrative functions of this Commission. His fair and firm judgement exercised at all times solved several important problems that have arisen. The Officer from whom he took over these additional duties ranked as Major and has since been approved for promotion to the rank of Lieutenant Colonel.

5. It would not have been possible for this Sub-Commission to have played the important part it has played in the resettlement of the Italians and the Italian labor question behind the fighting line, if it were not for the outstanding performances of Captain Dorf. He conducted the greatly under-staffed office with efficiency and at maximum performance far beyond the call of duty and human endurance motivated by unselfish interests.

6. The recommending Officer of this Award has personal knowledge of the deed performed by Captain Dorf, and makes these conditions without reservation.

7. Captain Dorf was a Captain at the time these services were rendered and is still in this grade although recommended for promotion by Colonel D.S. Adams, Acting Head of the Economic Section and subsequentlyby Brigadier General William C'Dwyer. Captain Dorf's rank dates from 1 February 1942.

8. The entire subsequent services of Captain Dorf have been honorable.

9. Captain Dorf has received no decoration to 1486

10. Captain Dorf entered the Armed Forces from Washington, D.C.

OFFICE OF THE POST ORDNANCE OFFICER
INDIANTOWN GAP MILITARY RESERVATION
PENNA

December 11, 1942

SUBJECT: Request for Promotions.

TO : Ordnance Officer, New York Port of Embarkation,
1st Ave. & 58th Street, Brooklyn, New York.

1. This office requests promotion of two Ordnance Captains to the rank of Major.

2. The basis of this request is: -The activities of this office have explained so greatly and have become so diversified, that it has been found necessary to create the office of executive officer. The executive officer, to handle his job properly, must know:

Ordnance Property
Ordnance Maintenance
Ammunition
Motor Property
Motor Maintenance

In addition, there is also an Ordnance Maintenance Platoon, under this office and frquently have also had an Ordnance Company. An Ordnance Company is usually commended by a Captain and our work and control would be expedited if the executive officer were a major.

3. In view of the many different kinds of work done by this office calling for a varied knowledge and considering the varied types of duties, I sincerely feel that an officer capable of handling this efficiently deserves a majority. I therefore,

1472

26)

Declassified E.O. 12356 Section 3.3/NND No. 785021

recommend Captain James Heilme, for this position. Captain Heilman has been assistant Ordnance Officer at this post for more than one year and ten months and has been a captain for more than four years. He has demonstrated complete proficiency during this time and has demonstrated complete proficiency during this time and has complete ability to carry out all of the duties of that position.

4. A vacancy exists in the Motor Maintenance Shop by virtue of the replacement by Captain Alfred Dorf of Major Kline when Motor Maintenance was transferred from Quartermaster to Ordnance in August, leaving a vacancy of major. Since the transfer to Ordnance, the motor shop has shown excellent progress: - The number of deadlined vehicles, for example have been reduced to one per week, the stock has been properly set up and the shop records are correct. There are approximately eighty-five civilian employees and about sixty-five soldiers and three officers.

5. In view of the above, I therefore, recommend the motor shop officer Captain Alfred L. Dorf for the position of major. He has been a captain for about eleven months. He is an industrious and ingenious officer with demonstrated initiative and ability.

6. It is felt, as a matter of comparison, that other arms of service have been allotted the same ranks for positions calling for far less responsibility, experience and knowledge, and therefire it is requested that due consideration be given this request for two majors.

CAPTAIN ALFRED L. DORF, AUS, O-358375 ORC., HEADQUARTERS, 2675 REGIMENT ACC, for exceptionally meritorious conduct in the performance of outstanding services from 17 April 1944 to date, as executive officer of the Labor Sub-Commission, and as the Officer in charge of Field Control and Wages and Hours Investigation, he carried out duties and activities with brilliance, making outstanding contributions, particularly in the field of revival of civilian institutions concerned with social security and in the field of wages and wage adjustments. His activities substantially furthered the improvement of the Allied Control Commission in Italy.

His legal knowledge and keen personal concern with important details has been of outstanding assistance in the smooth working of a seriously under-staffed department. His efforts have been beyond those expected of one of his rank.

SUBJECT: Recommendation for the Legion of Merit

TO : HEADQUARTERS, 2675 REGIMENT ACC
(ADVANCED) APO 394

1. Under the provisions of Paragraph 18, AR 600-45, it is recommended that CAPTAIN ALFRED L. DORF, 0-[illegible], ORC., now on duty with the Labor Sub-Commission, ACC, be awarded the Legion of Merit for exceptionally meritorious conduct in the performance of outstanding services from 17 April 1944 to date.

2. Captain Dorf has from the time of his initial assignment to the Labor Sub-Commission been a tower of strength in performing all of his duties with a great deal more than ordinary devotion and skill, and rendering services beyond the call of duty. His legal knowledge based on years of experience has been of outstanding worth to the Sub-Commission and he has been called on several occasions to perform duties not normally expected from one assigned as a labor officer. His understanding of labor problems, contracts, and labor law, has been recognized and sought out by all of his superior officers, fellow workers, associates, which has been of inestimable value in the work of this Sub-Commission.

3. Captain Dorf was originally assigned to the Wages and Hours section of this Sub-Commission. The quality of the work performed by him in this and that his understanding of human beings could be still partly directed to the resuscitation of the Ispettorato Del Lavoro here in Italy, an organization purporting to insure legislation concerned with factory conditions, hours of labor, laws governing women and children, compliance with social insurance requirement and the enforcement of labor regulations. His personality has already produced outstanding results not to be expected in so short a time. His complete and intense attachment

14458

Declassified E.O. 12356 Section 3.3/NND No. 785021

to the various problems at hand were done regardless of hours, working conditions and his personal health, and has been monumental to the carrying on of the duties of this Sub-Commission.

4. In addition to the duties in the Wages and Hours Division and Field Control and Inspection Divisions, Captain Dorf acts as Executive Officer to the Labor Sub-Commission. His energy in this connection has smoothed over many difficulties and made possible the functioning of an inadequately staffed Commission. The numerous duties performed by Captain Dorf in this respect have been especially valuable in the conducting of the internal procedures, and the several administrative functions of this Commission. His fair and firm judgment exercised at all times solved several important problems that have arisen. The officer from whom he took over those additional duties ranked as Major and has since been approved for promotion to the rank of Lieutenant Colonel.

5. It could not have been possible for this Sub-Commission to have played the important part it has played in the resettlement of the Italians and the Italian labor question behind the fighting line, if it were not for the outstanding performance of Captain Dorf. He conducted and greatly under-staffed office with efficiency and at maximum performance far beyond the call of duty and human endurance motivated by unselfish interests.

6. The recommending officer of this Award has personal knowledge of the deeds performed by Captain Dorf, and makes these conditions without reservation.

7. Captain Dorf was a Captain at the time these services were rendered and is still in this grade although recommended for promotion by Colonel L. S. Adams, Acting Head of the Economic Section and subsequently by Brigadier General William O'Dwyer. Captain Dorf's rank dates from 1 February 1943.

8. The entire subsequent services of Captain Dorf have been honorable.

9. Captain Dorf has received no decorations to date.

10. Captain Dorf entered the Armed Forces from Washington, D. C.

LAB 201

SUBJECT: Information for Promotion of Capt. Alfred L. Dorf

TO : Director, Labor Sub-Commission

There herewith follows a brief report on my civilian military activities:

1. I was first ordered to duty in July - August, 1940 to participate in the first Army defense maneuvers held in New York. In November, 1940. I was ordered to active duty, reporting on 15 December, 1940 for duty at Indiantown Gap Military Reservation, Pa., in the rank of 1st. lieut., Officers Reserve Corps. At that time, I held a certificate of capacity for Captaincy and credited with most of the No.50 series correspondence course of Majority.

2. A review of my civilian activities, recorded in Form 66-1, are as follows:

I am a graduate of National University, Washington, D.C. with the degrees of LLB, LLM, and MPL. I am also credited with several years post graduate collegiate work in Economics, Accounting, Languages and Labor Law done at Catholic University, American University and other colleges in Washington, D.C. I am a lawyer, admitted to practice as a member of the District of Columbia Bar, North Carolina Bar, Virginia Bar, the several Federal Courts and of the United States Supreme Court. I am also a member of the District of Columbia Bar Association, Federal Bar Association and the American Bar Association. I have been employed as Assistant Executive Officer and Personnel Advisor by at least two large corporations (United Realty Corp.N.Y. and Sears Roebuck Home Constr. Div. Wash.D.C.) in the handling of personnel and building management matters. I have been employed as attorney in the Solicitor's Office, U.S. Dept. of Agriculture, Washington, D.C. with the trial and investigation of numerous cases involving enforcement of Federal laws throughout the United States. I have also been in the private practice of general law since 1930 and for several years General Legal Counsel of the Credit Union (banking institution) of the Dept. of Agr. and the Welfare Association (social insurance) of the Dept. of Agr. in Washington, D.C. I enjoy an enviable reputation in the field of law where I have been exceedingly active up to and including my active commissioned service. I have also had wide and generous experiences in matters concerning labor and management both in the academic and actual fields. Recommended by Natousa to A.C.C. because of the highly specialized and diversified professional qualifications.

1451

3. Some of the positions which I have held in the Army were Post Utility (Camp Engineer) Officer; Ass't Q.M. Property and Supply Officer; Ass't Reclamation and Salvage Officer; Trial Judge Advocate and Defense Counsel; Ass't Adjutant; Personnel Processing Officer; Ass't Ordinance Officer; Motor Maintenance Officer; Ass't. Quartermaster; Ass't.(G-4) Director of Supply; and Battalion

Declassified E.O. 12356 Section 3.3/NND No. 785021

Company and Ship Commander. In all of these assignments, calling for higher rank and grade. I have performed all of the work efficiently and most satisfactorily. I have carried the full burden of responsibility and have been given command and leadership because of demonstrated and experience. My record will show that my work has always been most satisfactory by its high ratings of superior, etc.

4. Soon after the usual trial, observation and determination period, (January, 1941)my superior and commanding officers recommended my promotion to Captaincy but due to the constant changes in war Dept. and Corps. Areas (now Service Commands) did notreceive the said Captaincy promotion until 1 February, 1942. Beginning about July, 1942, my superior officers initiated several requests and recommendations, for my promotion to Major, to fill appropriate vacancies and accord me the rank and position I was so ably and efficiently performing. I am attaching hereto the available few copies of these recommendations. The replies to these several recommendations were indorsed "No allotments", "new Tables of Organizations were being made, Revided Functional Charts and Schedules, and the old standby"Frozen Promotions".

5. In the further hope of getting any promotion, my superior and commanding officers (in 1942-3) assigned, reassigned and transferred me from Q.M.C. to Ordnance Department, to Adjutant General work, back again to Ordnance Department, and then to Q.M.C., but to no avail. They also sent me to C. & G.S. School in the hope of getting me a promotion, but again unsuccessfully.

6. I have attended and satisfactorily passed and graduated the best Army Service and Graduate Schools as follows:

a. Quartermaster School, Schukill Arsenal, Philadelphia, Pa., June, 1941;

b. Holabird Q.M.C. (now Ordnance department) Motor Transport School, Baltimore, Md., January, 1942;

c. Command and General Staff School, Fort Leavenworth, Kan., September, 1942;

d. Counter Intelligence Corps, Advanced School, Chicago, Ill May, 1943;

and due to the extended withholding of my Majority, have lost out on eligibility to attend the Army and Navy Staff College.

7. In early March, 1943, Headquarters 3rd Service Command, Baltimore, Md., in a cablegram (Copy hereto attached) requested my Station , Indiantown Gap, Pa., to furnish two ranking Captains that were eligible for promotion and capable of performing special work at the then new and coming Station, Shenango, Pa. I was selected as the ranking Captain and the one most eligible for promotion, and, thusly, transferred to Shenango, Pa. on 15 March, 1943. After the required month's trial period recommendations were made and accordingly were forwarded to the Post Commander for final action. However, before the Post Commander could send it on to Service Command for processing, I was ordered by the War Department, through channels, to attend the Advanced Intelligence School at Chicago. It was understood at that time that I would not return to the same Station (Shenango), and the Post Commander did not forward the approved papers, expressing no desire to grant a promotion to anyone formerly of his staff. Upon my return to Shenango from the C.I.C. School

1750

Declassified E.O. 12356 Section 3.3/NND No. 785021

(July, 1943), a new Post Commander was installed who "froze" all promotions, notwithstanding the several recommendations and requests in my favor.

8. Soon after August 1st. 1943, I was declared surplus at Shenango, Pa., under the new Tables of Organization. After almost 3 years of continuous work, I became a replacement officer and hence not eligible for promotion until permanently assigned. On September 24, 1943, I arrived overseas in the NATOUSA area, and a tour of all replacement centers and depots in North Africa, Sicily and Italy began. In February, 1943 to date I have had temporary assignments with Special Military Police, a Q.M. Trucking group, with action at Anzio and other places G-4 P.B.S., and J.A. P.B.S. On April 17, 1944, I was finally permanently assigned to the Allied Control Commission and therefore, once again after some 31 months eligible for promotion.

2. The basis of this request is :- The activities of this office have expanded so greatly and have become so diversified, that it has been found necessary to create the office of executive officer. The executive officer, to handle his job properly must know:

Ordnance Property
Ordance Maintenance
Ammunition
Motor Property
Motor Maintenance

In addition, there is also an Ordnance Maintenance Platoon, under this office and frequently have also had an Ordnance Company. An Ordnance Company is usually commanded by a Captain and our work and control would be expedited if the executive officer were a majore

3. In view of the many different kinds of work done by this office calling for a varied knowledge and considering the varied types of duties, I sincerely feel that an officer capable of handling this efficiently deserves a majority. I therefore, recommend Captain James Heilman for this position. Capt. Heilman has been assistan Ordnance Officer at this post for more that one year and ten months and has been a captain for more than four years. He has demonstrated complete proficiency during this time and has complete ability to carry out all of the duties of that position.

4. A vacancy exists in the Motor Maintenance Shop by virtue of the replacement by Cap. Alfred Dorf of Major Kline when Motor Maintenance was transferred from Quartermaster to Ordnance in August, leaving a vacancy of major. Since the transfer to Ordnance, the motor shop has shown excellent progress:- The number of deadlined vehicles, for example have been reduced to one per week, the stock has been properly set up and the shop records are correct. There are approximately eighty-five civilian employees and about sixty-five soldiers and three officers.

1445

5. In view of theabove, I therefore, recommend the motor shop officer Capt. Alfred Dorf for the position of major. He has beenn a captain for about eleven months. He is an industrious and ingenious officer with demonstrated initiative and ability.

Declassified E.O. 12356 Section 3.3/NND No. 785021

6. It is felt, as a matter of comparison, that other arms of service have been allotted the same ranks for positions calling for far less responsibility, experience and knowledge, and therefore it is requested that due consideration be given this request for two majors.

SUBJECT: Promotion of Capt. Alfred L. Dorf

TO : G-1 American

1. This is in support of the recommendation of Capt. Alfred L. Dorf for promotion.

2. Capt. Dorf has an excellent educational background which fits him admirably for work in this Sub-Commission. In addition to being generally well trained in the social sciences, he has completed his law work and has for several years applied his education as a successful attorney.

3. Capt. Dorf has had fine experience in the Federal Government in the United States. For a number of years he served as an attorney on the staff of the Solicitor in the Department of Agriculture. This experience has given him a background of government problems that is of invaluable aid to him in dealing with the problems facing this Command and the Italian Government.

4. Capt. Dorf has been on the staff of the Labor Sub-Commission for nearly three months, a sufficiently long time to prove his worth in the labor field. His understanding of labor problems, of contracts, of labor law and his ability to deal intelligently with all of these fields has been recognized by all his superiors and co-workers. As a staff officer he works closely with two sections, namely, the Wages and Hours Section and the Labor Law and Labor Relations Section. He has proven himself competent beyond question in the difficult work of both these Sections.

5. Capt. Dorf's ability has been recognized by superior officers in other commands who have recommended him for promotion on previous occasions. He has been in his present grade for a considerable period of time due to a series of changes in assignment.

LAB 201

22 August 1944

SUBJECT: Information for Promotion of Capt. Alfred L. Dori

TO : Director, Labor Sub-Commission

There herewith follows a brief report on my civilian-military activities:

1. I was first ordered to duty in July - August, 1940 to participate in the first Army defense maneuvers held in New York. In November, 1940, I was ordered to active duty, reporting on 15 December, 1940 for duty at Indiantown Gap Military Reservation, Pa., in the rank of 1st. Lieut., Officers Reserve Corps. At that time, I held a certificate of capacity for Captaincy and credited with most of the No.50 series correspondence course of Majority.

2. A review of my civilian activities, recorded in Form 66-1, are as follows:

I am a graduate of National University, Washington, D.C. with the degrees of LLB, LLM, and SJD. I am also credited with several years post graduate collegiate work in Economics, Accounting, Languages and Labor Law done at Catholic University, American University and other colleges in Washington, D.C. I am a lawyer, admitted to practice as a member of the District of Columbia Bar, North Carolina Bar, Virginia Bar, the several Federal Courts and of the United States Supreme Court. I am also a member of the District of Columbia Bar Association, Federal Bar Association and the American Bar Association. I have been employed as Assistant Executive Officer and Personnel Advisor by at least two large corporations (United Realty Corp.N.Y. and Sears Roebuck Home Constr. Div. Wash.D.C.) in the handling of personnel and building management matters. I have been employed as attorney in the Solicitor's Office, U.S. Dept. of Agriculture, Washington, D.C. with the trial and investigation of numerous cases involving enforcement of Federal laws throughout the United States. I have also been in the private practice of general law since 1930 and for several years General Legal Counsel of the Credit Union (banking institution) of the Dept. of Agr. and the Welfare Association (social insurance) of the Dept. of Agr. in Washington, D.C. I enjoy an enviable reputation in the field of law where I have been exceedingly active up to and including my active commissioned service. I have also had wide and generous experiences in matters concerning labor and management both in the academic and actual fields. Recommended by Natouna to A.C.C. because of the highly specialized and diversified professional qualifications.

3. Some of the positions which I have held in the Army were Post Utility (Camp Engineer) Officer; Asst Q.M. Property and Supply Officer; Asst Reclamation and Salvage Officer; Trial Judge Advocate and Defense Counsel; Asst Adjutant; Personnel Processing Officer; Asst Ordinance Officer; Motor Maintenance Officer; Asst. Quartermaster; Asst.(G-4) Director of Supply; and Battalion

Company and Ship Commander. In all of these assignments, calling for higher rank and grade, I have performed all of the work efficiently and most satisfactorily. I have carried the full burden of responsibility and have been given command and leadership because of demonstrated and experience. My records will show that my work has always been most satisfactory by its high ratings of superior, etc.

4. Soon after the usual trial, observation and determination period, (January, 1941) my superior and commanding officers recommended my promotion to Captaincy but due to the constant changes in War Dept. and Corps. Areas (now Service Commands) did not receive the said Captaincy promotion until 1 February, 1942. Beginning about July, 1942, my superior officers initiated several requests and recommendations, for my promotion to Major, to fill appropriate vacancies and accord me the rank and position I was so ably and efficiently performing. I am attaching hereto the available few copies of these recommendations. The replies to these several recommendations were indorsed "No allotments", "new Tables of Organizations were being made, Revised Functional Charts and Schedules, and the old standby "Frozen promotions".

5. In the further hope of getting any promotion, my superior and commanding officers (in 1942-3) assigned, reassigned and transferred me from Q.M.C. to Ordnance Department, to Adjutant General work, back again to Ordnance Department, and then to Q.M.C., but to no avail. They also sent me to C. & G.S. School in the hope of getting me a promotion, but again unsuccessfully.

6. I have attended and satisfactorily passed and graduated the best Army Service and Graduate Schools as follows:

a. Quartermaster School, Schuylkill Arsenal, Philadelphia, Pa., June, 1941;

b. Holabird Q.M.C. (now Ordnance department) Motor Transport School, Baltimore, Md., January, 1942;

c. Command and General Staff School, Fort Leavenworth, Kan., September, 1942;

d. Counter Intelligence Corps, Advanced School, Chicago, Ill May, 1943;

and due to the extended withholding of my Majority, have lost out on eligibility to attend the Army and Navy Staff College.

7. In early March, 1943, Headquarters 3rd Service Command, Baltimore, Md., in a cablegram (Copy hereto attached) requested my Station , Indiantown Gap, Pa., to furnish two ranking Captains that were eligible for promotion and capable of performing special work at the then new and coming Station, Shenango, Pa. I was selected as the ranking Captain and the one most eligible for promotion, and, thusly, transferred to Shenango, Pa. on 15 March, 1943. After the required month's trial period recommendations were made and accordingly were forwarded to the Post Commander for final action. However, before the Post Commander could send it on to Service Command for processing, I was ordered by the War Department, through channels, to attend the Advanced Intelligence School at Chicago. It was understood at that time that I would not return to the same Station (Shenango), and the Post Commander did not forward the approved papers, expressing no desire to grant a promotion to anyone formerly of his staff. Upon my return to Shenango from the C.I.C. School

1429

Declassified E.O. 12356 Section 3.3/NND No. 785021

(July, 1943), a new Post Commander was installed who "froze" all promotions, notwithstanding the several recommendations and requests in my favor.

6. Soon after August 1st. 1943, I was declared surplus at Shenango, Pa., under the new Tables of Organization. After almost 3 years of continuous work, I became a replacement officer and hence not eligible for promotion until permanently assigned. On September 2d, 1943, I arrived overseas in the MATOUSA area, and a tour of all replacement centers and depots in North Africa, Sicily and Italy began. In February, 1943 to date I have had temporary assignments with Special Military Police, a Q.M. Trucking group, with action at Anzio and other places G-4 A.F.H.Q., and J.A. A.F.H.Q. On April 17, 1944, I was finally permanently assigned to the Allied Control Commission and therefore, once again after some 31 months eligible for promotion.

SUBJECT: Promotion of Capt. Alfred L. Dorf

TO : G-1 American

1. This is in support of the recommendation of Capt. Alfred L. Dorf for promotion.

2. Capt. Dorf has an excellent educational background which fits him admirably for work in this Sub-Commission. In addition to being generally well trained in the social sciences, he has completed his law work and has for several years applied his education as a successful attorney.

3. Capt. Dorf has had fine experience in the Federal Government in the United States. For a number of years he served as an attorney on the staff of the Solicitor in the Department of Agriculture. This experience has given him a background of government problems that is of invaluable aid to him in dealing with the problems facing this Command and the Italian Government.

3. Capt. Dorf has been on the staff of the Labor Sub-Commission for nearly three months, a sufficiently long time to prove his worth in the labor field. His understanding of labor problems, of contracts, of labor law and his ability to deal intelligently with all of these fields has been recognized by all his superiors and co-workers. As a staff officer he works closely with two sections, namely, the Wages and Hours Section and the Labor Law and Labor Relations Section. He has proven himself competent beyond question in the difficult work of both these Sections.

4. Capt. Dorf's ability has been recognized by superior officers in other commands who have recommended him for promotion on previous occasions. He has been in his present grade for a considerable period of time due to a series of changes in assignment.

SUBJECT: Information on Promotion

TO : Director, Labor Sub-Commission

There herewith follows a brief report on my promotion status:

1. I was first ordered to duty in July - August, 1940 to participate in the first Army defense maneuvers held in New York. In November, 1940. I was ordered to active duty, reporting on 15 December, 1940 for duty at Indiantown Gap Military Reservation, Pa., in the rank of 1st Lieut., Officers Reserve Corps. At that time, I held a certificate of capacity for Captaincy and credited with most of the No. 50 series correspondence course for Majority. For complete enumeration of my civilian activities and academic achievements, please refer to my Form 66-1.

2. Some of the positions which I have held in the Army were Post Utility (Camp Engineer) Officer; Ass't. Q.M. Property and Supply Officer; Ass't. Reclamation and Salvage Officer; Trial Judge Advocate and Defense Counsel; Ass't. Adjutant; Personnel Processing Officer; Ass't Ordnance Officer; Motor Maintenance Officer; Ass't. Quartermaster; Ass't. (G - 4) Director of Supply; and Battalion, Company and Ship Commander. In all of these assignments, calling for higher rank and grade, I have performed all of the work efficiently and most satistactorly. I have carried the full burden of responsibility and have been given the command and leadership because of demonstrated capabilities and experience. My record will show that my work has always been most satisfactory by its high ratings of superior, etc.

3. Soon after the usual trial, observation and determination period, (January, 1941) my superior and commanding officers recommended my promotion to Captaincy; but due to the constant changes in War Department and Corps Areas (now Service Commands), did not receive the said Captaincy promotion until 1 February, 1942.

4. Beginning about July, 1942, my superior officers initiated several requests and recommendations, for my promotion to Major, to fill appropriate vacancies and accord me the rank and position I was so ably and efficiently performing. I am attaching hereto a few copies of these recommendations. The replies to these several recommendations were indorsed "No allotments", "new Tables of Organizations were being made", Revised Functional Charts and Schedules", and the old standby "Frozen Promotions".

1416

Declassified E.O. 12356 Section 3.3/NND No. 785021

5. In the further hope of getting any promotion, my superior and commanding officers (in 1942-3) assigned, reassigned and transferred me from Q.M.C. to Ordnance Department, to Adjutant General work, back again to Ordnance Department, and then to Q.M.C., but to no avail. They also sent me to C. & G.S. School in the hope of getting me a promotion, but again unsuccessfully.

6. I have attended and satisfactorily passed and graduated the best Army Service and Graduate Schools as follows:

a. Quartermaster School, Schuykill Arsenal, Philadelphia, Pa., June, 1941;
b. Holabird Q.M.C. (now Ordnance Department) Motor Transport School, Baltimore, Md., January, 1942;
c. Command and General Staff School, Fort Leavenworth, Kan., September, 1942;
d. Counter Intelligence Corps, Advanced School, Chicago, Ill, May, 1943;

and, due to the withholding of my said Majority, have lost out on eligibility to attend the Army and Navy Staff College.

7. In early March, 1943, Headquarters 3rd Service Command, Baltimore, Md., in a cablegram (Copy hereto attached) requested my Station, Indiantown Gap, Pa., to furnish two ranking Captains that were eligible for promotion and capable of performing special work at the then new and coming Station, Shenango, Pa. I was selected as the ranking Captain and the one most eligible for promotion, and, thusly, transferred to Shenango, Pa. on 15 March, 1943. After the required month's trial period recommendations were made and accordingly were forwarded to the Post Commander for final action. However, before the Post Commander could send it on to Service Command for processing, I was ordered by the War Department, through channels, to attend the Advanced Intelligence School at Chicago. It was inderstood at that time that I would not return to the same Station (Shenango), and the Post Commander did not forward the approved papers expressing no desire to grant a promotion to anyone formerly of his staff. Upon my return to Shenango from the C.I.C. School (July, 1943), a new Post Commander was installed who "froze" all promotions, notwithstanding the several recommendations and requests in my favor.

8. Soon after August 1st, 1943, I was declared surplus at Shenango, Pa., under the new Tables of Organization. After almost 3 years of continuous work, I became a replacement officer and hence not eligible for promotion until permanently assigned. On September 24, 1943, I arrived overseas in the NATOUSA area, and a tour of all replacement centers and depots in North Africa, Sicily and Italy began. In February, 1943 to date I have had temporary assignments with Special Military Police, a trucking group, G-4 P.B.S., and J.A. P.B.S. On April 17, 1944, I was finally permanently assigned to the Allied

SUBJECT : Request for Promotions.

TO : Ordnance Officer, New York Port Of Embarkation,
1st Ave. & 58th Street, Brooklyn, New York.

1. This office requests promotion of two Ordnance Captains to the rank of major.

2. The basis of this request is: - The activities of this office have expanded so grently and have become so diversified , that it has been found necessary to create the office of executive officer. The executive officer, to handle his job properly, must know:

Ordnance Property
Ordnance Maintenance
Ammunition
Motor Property
Motor Maintenance

In addition, there is also an Ordnance Maintenance Platoon, under this office and frequently have also had an Ordnance Company. An Ordnance Company is usually commanded by a Captain and our work and control would be expedited if the executive officer were a major.

3. In view of the many different kinds of work done by this office calling for a varied knowledge and considering the varied types of duties, I sincerely feel that an officer capable of handling this efficiently deserves a majority. I therefore, recommend Captain James Heilman for this position. Captain Heilman has been assistant Ordnance Officer at this post for more than one year and ten months and has been a captain for more than four years. He has demonstrated complete proficiency during this time and has complete ability to carry out all of the duties of that position.

4. A vacancy exists in the Motor Maintenance Shop by virtue of the replacement by Captain Alfred Dorf of Major Kline when Motor Maintenance was trasferred from Quartermaster to Ordnance in August, leaving a vacancy of major. Since the transfer to Ordnance, the motor shop has shown excellent progress: - The number of deadlined vehicles, for example have been reduced to one per week, the stock has been properly set up and the shop records are correct. There are approximately eighty-five civilian employees and about sixty-five soldiers and three officers.

5. In view of the above, I therefore, recommend the motor shop officer

Declassified E.O. 12356 Section 3.3/NND No. 785021

5. In view of the above, I therefore, recommend the motor shop officer Captain Alfred Dorf for the position of major. He has been a captain for about eleven months. He is and industrious and ingenious officer with demonstrated initiative and ability.

6. It is felt, as a matter of comparison, that other arms of service have been allotted the same ranks for positions calling for far less responsibility, experience and knowwledge, and therefore it is requested that due consideration be given this request for two majors.

5 Sept.1945.

Dear Scicluna,

You will be as tired of all this "release" business as I am - G-1 (B.) now do not think that your certificate volunteering to stay for nine months is appropriate!

I have now been informed that I must obtain from you either

(a) a certificate stating that you are prepared to remain until 31st December 1945. or

(b) a formal application under GRO 541/45 that you will remain until general demobilization.

Apparently the point about "a" is that G-1 (B.) can only commit themselves to deferring release for short periods at a time and certainly not for a period sufficiently long for the officer to have been expected reasonably to agree to complete form GRO 541/45. So far as completion of the latter form goes, we have no guarantee that if you agreed to remain until general demobilization, you would remain with A.C. Labour Sub-Commission, but we are advised that we have every reason to anticipate that you would stay with us.

Can you at least let me have the certificate specifically stating 31st December and then you can fill in GRO 541/45 at a later date if you feel so inclined.

Sorry that there is all this trouble.

Yours sincerely,

Major E.J. SCICLUNA,

Dear Scicluna:

I wrote to you on 16 July asking you to furnish a certificate that you were willing to serve beyond your release date. This was in accordance with the terms of G-1 (B) memorandum headed, "Release Officers", dated 12 July 1945, Ref. No. G-1B/140/AG/15/A. You gave us a certificate stating that you were willing to continue to serve "until the Allied Commission has completed its mission in Italy leaving it open to volunteer for further period of service subject to a clear definition of conditions and duration of eventual assignment".

AFHQ Dep Mil Sec now apparently find that the certificate is not precisely as they wish it, and they state that if you wish to defer your release, application should be made in accordance with GRO 541/45. I see that the form to be completed under that GRO gives alternatives under which service can be continued for one year, two years, or until general demobilization.

From what I can gather, AFHQ are dissatisfied with the certificate you have already rendered because it does not specify a date. G-1 (B) advise that if you do not wish to commit yourself to completion and signature of formal application in accordance with GRO 541/45, it will suffice if you give us another certificate on the lines of the one you have already furnished but specifying a date, e.g., until 31 December 1945. This need not be final on either side and could be amended or extended as you wished and in the light of your own future plans.

Yours sincerely,

SUBJECT: Release - Age Service Group 15

TO : Major E. J. Scicluna
Regional Labour Officer Piemonte

Dear Scicluna,

We have been asked for our comments on the Nominal Roll of Officers in Age Service Group 15 which shows you as due for release in U.K. between 24th Sept. and 7th October 1945. It is understood that personnel in Group 15 will leave Italy for U.K. approximately 3 weeks before these dates, so normally we should be losing your services on or about 1st September.

Mr. Braine is doubtful whether the business of Labour Sub-Commission will be entirely cleared up by 1st September. It seems more likely that we shall then be in the throes of handing over and that we shall be very busy for one or two months after 1st September. Mr. Braine does not however wish to comment on your release without consulting you and finding your wishes.

Would you let me know what you feel about release on 1st Sept. and whether you (a) want to stay on, (b) are prepared to stay on for say 2 months after 1st September or until Labour Sub-Commission closes down (whichever is the earlier), or (c) wish to get on the boat at the earliest possible moment.

If your answer is (a) or (b) we should require a certificate as follows:

Age Service Group
.....

I, (rank) (initials) (name) (number) (regiment)
certify that I am willing to continue to serve until .....

Date .....

Signature .....

Can you guve me a quick reply please?

PAPER APART "A"

SUMMARY OF PERSONALITY, CHARACTERISTICS, TECHNICAL AND MILITARY QUALITIES

After a period as Colonial A.D.C. to H.E. the Governor, Captain Saliba has served under me in Malta where he was Deputy Director of Manpower a post which carries the rank of Major. He amply proved his ability to do the work of calling up for the Armed Forces and the 'compelling' of Labour (civilian).

He volunteered unconditionally for service in any area and it is understood that the D.P.I. (Sicily) had occasion in his reports to mention him as "deserving recognition". In a letter from Civil Affairs Branch, G.H.Q., M.E.F. Lt. Col. Parker informed this officer that his appointment would be in the rank of T/Capt. but that his qualifications showed him fitted, after a period of service in British Military Administration, for promotion in due course.

Since taking up duty with this Sub-Commission he has been engaged on the delicate job of Labour Relations Officer, work difficult at any time or in any country but here in Italy and Sicily at this time calling for even greater tact, judgment and intelligent firmness than is usual. His knowledge of the people and language and his application have saved many ugly situations. Success in this direction being measured by the number of troublesome cases which do not reach the public.

The position he holds was for a Major and it is recommended in the strongest possible terms that he be given the rank.

SUBJECT: Promotion of Lt. Col. Junius Robert Smith.

TO : Deputy Chief Civil Affairs Officer

1. Lt. Col. Junius Robert Smith, S.M.C., 0-137364, is the present Deputy Director of the Labour Sub-Commission, A.C.C./A.N.G., being appointed to that post September, 1943. He is my American opposite number in directing the affairs of that Commission.

2. Lt. Col. Smith was called to active duty on August 6th, 1940. After graduation from the Army Industrial College he was selected to serve in the newly formed Labour Relations Section, Office of the Undersecretary of War. He has been continuously engaged since 1940 in the Labour field for the War Department, heading in succession the Labour Section, O.U.S.W., Labour Branch, Industrial Relations Division, A.S.F. and Economic Section, C.A.D., General Staff. All these posts carry the rank of full Colonel. Ahead of graduation from the S.M.C., Charlottesville (in August, 1943) he was ordered overseas and immediately assigned to his present position.

3. Lt. Col. Smith is a graduate of Cornell University, A.B., B.S.; doing post-graduate work in Economics and on the Faculty at the University of Wisconsin. He studied for a year at the University of Marburg, Germany. After a period as special field investigator for the U.S. Department of Agriculture, he served during World War I in the Office of the Quartermaster General. He has retained commissioned rank uninterruptedly as Captain, 1919; Major, 1931; Lt. Col. with rank dating from Feb. 1, 1942. For ten years prior to reentering Army service, Lt. Col. Smith was Vice-President and General Manager of the Smith Chemical and Color Co., Inc., manufacturers and importers. In this capacity he acquired a broad experience at home and in foreign countries in business and labour relations.

4. Lt. Col. Smith is completely competent to direct the activities of the Labour Sub-Commission and has done so, with superior results, in my absence. He is a man deeply engrossed in labour matters. His executive ability is high and he is a man of firm resolution and sound judgment. He has made valuable contributions to the organization, policy and procedure of this Commission, as well as to the solution of current labour problems.

5. The original allotment for this Sub-Commission calls for 1 British Colonel and 1 American Colonel, which set-up is amply justified in view of the scope and importance of our work. Lt. Col. Smith has been filling the vacancy of American Colonel and no other officer with the necessary technical and practical experience is available. He is professionally equipped to make the effective use of his services necessary in a post calling for a higher grade.

Declassified E.O. 12356 Section 3.3/NND No. 785021

I, therefore, most strongly recommend and urge the promotion of Lt. Col. Smith to the rank of Colonel, which rank is consistent with and called for by the duties and responsibilities of the position he now occupies.

Office Memorandum 20 July 1944

CAPT. DORF:

1. Could you arrange to have an order cut for me to go down to Naples on TD Sunday, 23 July, on urgent ACC business, returning Tuesday, 25 July?

2. The mission involves consultation with officers of PBS and Royal Navy in preparation for a meeting of AAI Wages Sub-Committee here Tuesday afternoon, 23 July. I will be accompanied by Capt. A.H.Reede, representing Finance Sub-Commission and we plan to travel together both ways.

3. Because of the close time schedule on which we must work, involving conferences Monday and return on Tuesday morning in time for a ~~2x~~ meeting at 1400 hours, it will be essential to have either (a) a car and driver assigned to Capt. Reede and myself to make the trip and transact business in Naples or (b) authorization for air travel with high enough priority to assure a place on the plane Tuesday A.M.

4. Major Babcock has authorized the trip and asks that I refer the matter of arrangements to you. If needed, Col. Bane will approve any request form, I am sure, since he has directed me to prepare material (involving insurance for Armed Force employees) for the Tuesday meeting.

SUBJECT: Recommendation for Promotion

TO : Commanding Officer Hq. 2675th Regt. A.C.C. APO 394 U.S. Army
(Thru: Economic Section).

1. The attached basic recommendation form concerning the promotion of Willard E. Solenberger, 1st Lt. Spec. Res. O-516007 A.C.C. is submitted for your approval.

2. Lt. Solenberger is highly recommended by this Sub-mission and this action is being taken on the specific instruction of Col.J.R.Smith to the undersigned. Lt. Solenberger has now been in the Labor Sub-Commission three and one-half months and has done outstanding and very superior work throughout the period. He takes responsibility and obtains results with ease. His ability to deal with Italian officialdom and Italian citizens is unusual. This is of utmost importance in Social Insurance work. The volumeof his production and the validity of his recommendation is far above that ordinarily expected, from an officer of his rank.

LABOR SUB-COMMISSION

24 May 1944

SUBJECT: Data for Promotion Recommendation

TO: Col. Smith

I have filled in on the attached form the requisite data with respect to my military service.

Eligibility for promotion at this time would appear to depend on whether or not it is possible to count my service as Social Insurance Officer, Labor Section, Region 3, as part of total service with the Labor Sub-Commission in order to meet the minimum requirement of 3 months.

I was assigned on temporary duty to Region 3, effective 3 December 1943, and served as Social Insurance Officer there until my assignment to Labor Sub-Commission per S.O. No. 66, dated 12 March 1944. Since 13 March 1944 I have served, as you know, in the joint capacity of Social Insurance Officer for both the Labor Sub-Commission and the Labor Section of Region 3, although for "book-keeping purposes" I have been designated a Region 3 rather than an ACC officer for a major part of this period.

INSTRUCTIONS FOR THE COMPILATION OR REVISION OF A.F.B199A

(to be read in conjunction with Pamphlet A.F.B199B/14)

TO ALL OFFICERS

ALL officers on being commissioned, complete A.F.B199A (Officers record of service) in duplicate. It may not be generally known to what purpose these forms are put once they are compiled. The object of these notes is to tell officers what this purpose is, and to assist them in the compilation by indicating, in a general way what information is required.

As to the use to which these forms are put. One copy goes direct to the respective personnel branches at the War Office and from Part 11 Orders issued in this Theatre of War, a complete chronological history of the officer's movements, promotions and appointments, is compiled.

Army Form B199A was originally designed for the Regular Army and later applied to the Territorial Army in peace time. Consequently it fails short of requirements under present conditions in some respects, and it is for this reason that officers are being asked to go into additional detail when compiling the form.

The completeness of the information held at this Echelon about a particular officer may materially affect (a) his future employment and promotion, (b) his suitability for special employment and (c) THE PRIORITY OF HIS RELEASE FROM SERVICE AT THE CESSATION OF HOSTILITIES. It should be remembered that an officer may become unemployable wit in his own arm of the service either by reason of his having being wounded and subsequently medically down-graded, or upon receiving special Confidential Report recommending a change of employment. The A.F.B199A is frequently the only source of information upon which this HQ can accurately assess the officer's suitability for alternative employment. It will be clear therefore that it is of the utmost importance that ALL questions on the A.F.B199A should be answered fully and with intelligence.

The following rules are intended as a guide to the officer making out his A.F.B199A for the first time, or revising it at the request of GHQ 2nd Echelon.

Para 1 Religious Persuasion - This will not merely show whether Christian or Jew, but will show exact denomination, i.e. R.C., Methodist, Presbyterian etc. 1368

Paras 1, 2 and 3. ALL names and addresses should be written in

Para 1 Religious Persuasion - This will not merely show whether Christian or Jew, but will show exact denomination, i.e. R.C., Methodist, Presbyterian etc.

1968

Paras 1,2 and 3. ALL names and addresses should be written in BLOCK caps. Mistakes in an address due to bad or indifferent handwriting can have the most serious consequences. This may occur for example, when this HQ has any communication with an officer's Next of Kin.

Para 4. Other Rank Service - Many officers, having filled in the original type of 199A, will not have recorded details of other rank service. The revised form provides for this and it is of the utmost importance that it should be stated fully.

/Para 6a.....

Declassified E.O. 12356 Section 3.3/NND No. 785021

Para 6a Language qualifications.- Degree of proficiency in language i.e., speaking, reading and writing, and whether of interpretation standard, is of greater importance than the mere fact that an officer claims to speak a language.

Para 6b Knowledge of Foreign Countries.- It is of primary importance that an officer should record not only the extent to which he has travelled in a foreign country, but also the parts of the country and the circumstances of such visit, that is to say, whether it was a business or holiday visit. If the visit was connected with business, it is of interest to know what his business interests were. What local knowledge gained of a particular country or countries should be recorded.

Para 6c Business qualifications.- Few officers do complete justice to themselves in answering this question. Any experience attained by an officer prior to his enlistment should be recorded in detail. For example, it is not sufficient for a professional accountant to state merely "Accountant". It is required to know the type of accountancy; whether "Chartered", "Cost" or "Municipal" Accountant, and whether he is employed or whether practicing on his own account. If the latter, the number of years of such practice must be stated.

An officer may have changed his employment and yet still retain a business qualification from his former employment. The fact should certainly be recorded, and an indication given as to the interval which has lapsed between the change of employment and the date of his joining the Army.

Para 6f Special Knowledge or Experience not included in paras (a) to (c).- This is the one question which few officers answer satisfactorily. It should include information which, although apparently irrelevant at the time, may, at, under certain circumstances, be of value as regards the posting or placing of an officer. No restriction is placed on the facts which may be included under this heading. An officer's interests, hobbies, pastimes, however seemingly unimportant, should be stated. The fact that he has captained his XI or XV at school or university, that he has formed a Dance Band, is a Church organist, has interested himself in his home town debating society, to mention just a few interests, are of the utmost importance, because they help to give a more or less reliable pen picture of an officer.

Any knowledge of local Town, County or Rural Government organisation is worth recording as such experience might well prove of use in many employments in the Army.

To Lt Col JTR BAIN,
Director
Labour Sub Commission

Sir,

I have the honour to submit to you the following statement concerning my position in the Allied Control Commission.

Last November I secured a vacancy on No 7 SANDHURST Course, Staff College, CAMBERLEY. I attended the course and after a period of General Staff Training Specialised in A and Q.

I completed the course and have been awarded the Staff College Certificate by Army Order 76 of 1944.

The purpose of this series of courses is to train officers who have already some staff experience to fill Second Grade (Major) Staff Appointments at the War Office, Commands and Districts at home, and Lof C or Base HQs overseas.

On the conclusions of the course I and nine others were informed by a Brigadier from the War Office that we were being posted to Italy for Civil Affairs because the AMG authorities there had asked especially for a small number of Well trained General Staff officers for some particular purpose. 1348 ive of the party left England as Majors, five as Captains.

It is usual when there are insufficient Second Grade vacancies immediately to post successful officers from the College to Third Grade (Captain) appointments but with the understanding that they will receive promotion at the first opportunity — and certainly within six months

Declassified E.O. 12356 Section 3.3/NND No. 785021

of completing the Course.

Unfortunately I feel that it is obvious that ACC will pay no attention to this for our reception upon our arrival at NAPLES indicates that the original reason for asking for us had been abandoned and after we were hawked around the place I found myself as a Captain in your Sub Commission with no reason to suppose I can ever expect promotion.

Therefore I would ask you if you would be kind enough should in the future the military personnal of the Sub Commission be dispersed, and if you can see your way to do so, either to recommend that my name be submitted to AAI for a Staff Appointment with the Army or if this be not possible that the ACC authorities making the posting may have brought to their notice my Staff qualifications and my unfortunate loss of the promotion which is my due after my successful graduation from the Staff College.

Respectfully Capt. R.A.
