1. This is to request your approval of the immediate assignment of Captain Lionel N. Bailey to Venezia Giulia.

2. The need for an experienced labor officer in Venezia Giulia is critical at the present time. According to Captain Bailey his labor program has been so setup that his release at the present time will result in no inconvenience to the Region.

Captain U. Allessandrini
AMG Liguria Region
Labor Division

Dear Capt. Allessandrini:

I have your letter of 25 August. I realize that it is difficult for you to indicate a preference in the light of the unknown factors in the situation. We are trying, insofar as it is possible, to meet the desires of officers with respect to assignments following the turnover. Remaining in Italy would mean, as you say, serving in Venezia Giulia.

For the time being we can consider you as one of the officers who cannot be released at turnover time and you will be considered available for assignment to Trieste.

The situation is, however, very flexible at the present time and should you come to the conclusion that you would prefer to be declared surplus, it is possible that this can be worked out. It must be kept in mind, however, that I cannot make a firm promise in this regard for the reason that there are certain minimum requirements which would have to be met.

Yours very sincerely,

Mr. Joseph Di Fede - Release from Labor
Sub-Commission

TO : Lt. Col. Moore, Economic Section

1. The attached request dated 8 June 1945 from Mr. Di Fede for permission to return to Washington, which was returned on 21 August 1945 from Economic Section, is forwarded as requested with the following observations.

2. Mr. Di Fede can be released as soon as Allied Military Government in Lombardia Region ceases to operate, namely, on or about 15 September 1945. It is therefore recommended that action be taken to arrange Mr. Di Fede's return to the United States in accordance with his request, as soon as possible after that date.

3. A separate report will be submitted on the exceptionally good service which Mr. Di Fede has rendered as Labor Relations Adviser, both at Allied Commission Headquarters and as Regional Labor Officer in Lombardia Region. It is desired to state at this stage that Mr. Di Fede has been a most valuable officer and that it is possible to release him only because of the cessation of AMG in Northern Italy.

4. It is requested that the decision as to the date of his forward travel may be communicated as soon as possible.

Attn: Capt. Williams

1. Reference your telephone message regarding assignment of Capt. Red Holsten to Venezia Giulia.

2. It is confirmed that the services of this Officer are essential to the work of this Sub-Commission. He is a fully experienced Labor Officer who has specialized in wages questions in Northern Italy. His previous civilian employment makes him an authority on industrial injury, Workmen's Compensation and Industrial Insurance and, to the best of my knowledge, no other Labor Officer has this experience.

3. The high importance and urgency of the work of Labor Offices in Venezia Giulia, and the need for organizing a Labor program on a sound basis in order to maintain public security, makes Capt. Holsten's assignment essential.

4. As regards Capt. Murray Behnee it is confirmed that the services of this Officer are no longer required by this sub-Commission and he may be considered surplus as of this date.

Dear Topliss,

I am sorry there has been delay in replying to your letter of 29th June but I have been waiting in the hope of having definite news for you.

As soon as I received your letter I put in a request to G.I British for you to be allocated to Labour Sub-Commission for the few months you are due to remain overseas. G.I have, I know, sent the request through to A.F.H.Q. and I expect they will be letting me (and you) know the result any time now.

If, as I hope, we can persuade the authorities to post you once again to Labour Sub-Commission I can find more than enough work for you during the remainder of your stay in Italy.

Yours sincerely,

Capt. J. Topliss, R.A.,

SUBJECT : Release - Age Serv$ce Group 15.

TO : H.Q. A.C.
(ATT'N Mr. K.T.HIRD - LABOUR SUB-COMMISSION)

Dear Hird,

I would like you to thank Mr. Braine for the consideration he has shown me in getting you to write to me in connection with my release from the Army.

It is difficult for me to give a definitive answer to the question raised in your letter because of the very vague terms in which option (a) has been couched. When I return to civil life I do not intend to go back to my former profession which was teaching and though my plans have not yet quite taken shape in my mind, in all probability I will go into politics when self-government comes into operation in Malta. Being out of touch with recent developments out there, I have no indication when this is likely to be and hence I would be willing to undertake, in the meantime, any activities likely to offer me further experience in the Economic and Social field. I would not, however, want to be tied down so indefinitely that circumstances should eventually seriously jeopardize the chances of following my ultimate vocation. All these considerations are, of course, altogether personal and I am only mentioning them in case Mr. Braine is willing, to give me the benefit of his advice and such information as might help me reach a practical decision over my immediate future.

I am quite determined, of course, to make my services available to Labour Sub-Commission as long as the job is still unfinished. When I volunteered for overseas service (for which I was not liable); I did so unconditionally and to my own disadvantage, financial and otherwise. It would not be in keeping with this attitude of mind if I suddenly decided to "skip it" because the "Book of words" gives me the opportunity of doing so. I am enclosing the necessary certificate to serve in A.C. until it winds up its mission in Italy, thus leaving it open as to whether or not I volunteer for a further period of service in Italy or else-where until I can obtain from Mr. Braine or A.F.H.Q. a clearer definition of the conditions and duration of service.

./.

Declassified E.O. 12356 Section 3.3/NND No. 785021

Should Mr. Braine be coming up north I would be gratful if you could give me the tip; if I should come down to Rome I will, of course, look him up at Labour S/C. Sorry to land you with part of my own funeral.

Many thanks

Youre sincerly

1. Major James H. Carey, 0320826, is urgently needed by the Labor Sub-Commission of the Allied Commission for duty in Piemonte Region (Turin), Italy. 2. It is understood that Major Carey has an ASRC score of 114 points and that he is anxious to serve with the Allied Commission. SUBJECT: Military personnel for employment as Labour Officers.

TO : G-1 American.

Sent via Capt Highland.

1. This refers to Major James H. CAREY, 0320826, 424 F.A. Group who has been recommended to this Sub-Commission as an Officer with experience of and enthusiasm for Labour work in the Field.

2. Separate requests for the allocation of suitable personnel for the work of this Sub-Commission have already been submitted through proper channels. During the last fortnight however the situation in Northern Italy has become more acute and it is of the highest importance that there should be sufficient capable officers to handle Labour problems.

3. Major CAREY has 114 points, and it is hoped that you might agree to attach him to the Labour Office of the Regional Commissioner Piemonte until such time as the functions of this Sub-Commission are taken over by the Italian Government, or until Major CAREY is posted home on release.

Carey is keen on doing a job of work and has plenty of common sense. If you cannot possibly find out whether I cannot have him posted to Labour Division I would very much like to have him

Dear Mr Braine,

It is possible than Anne may have mentioned to you that I am back in Italy waiting to go to VIENNA. I had applied for leave to go to ROME during this waiting period but it is not possible & so I shall not have the pleasure of calling on you after all.

Our new Commander, Brigadier Palmer has stated that he will not have on his staff anyone who is not prepared to stay a year in AUSTRIA. As you can imagine I am certainly not prepared to stay as a Captain with junior officers promoted over my head and I shall inform him so.

Therefore I wish to ask you a favour. I naturally do not wish to

2996

not for three months till my time to go home in Sept, in some depot & be reduced to Lieut after four years as a Captain & So I would ask you if you would be kind enough to apply for my return to your Sub Commission.

If you agree, I suggest you write to G I (B) asking them to apply for me to AHFQ stating that it is understood that because I decline to stay in the army my Commander does not wish to retain me on his staff, and that I could be of value to you during the few months I remain in Italy.

I feel that I may be asking you to do something you do not wish to do and you may therefore decline, but as you are aware I did not wish to leave the Labour Sub Commission & I would appreciate very much your kindness if you can see your way to do me this favour.

Thank you, and everyone in the Sub Commission my best wishes,

Yours sincerely

Sir:

With reference to the attached L.S.C./107

I deeply regret to report the following information which I received from my eldest son, with reference to my wife, whose health is failing especially these last two(2) months.

Furthermore my private medical officer, through my son, advises me to return home as soon as military regulations will permit.

I have discussed this matter with G-1 BRITISH, Capt. Hatcher, and have been informed that my release is scheduled to occur within this month. Obviously I am extremely anxious to be home as soon as is ~~im~~ possible.

I can assure you, Sir, this report is correct and is not simply an excuse to speed up my release. Trusting you will see this report in the same light as I do,

Yours sincerely

Matthew Adams

Dear Adams:

You will recall our conversation about problems in Venezia-Giulia and my suggestion that perhaps you would be prepared to help us out by taking an assignment there for a limited period.

The Port of Pola (Venezia-Giulia Region) is giving me particular concern and that is the place where I should most like you to give us the benefit of your experience and energy. As you may know, it is isolated from our normal AMG organization and, as I see it, the set up there will demand independent action and reliance on one's initiative and resource.

Would you let me know how you feel about this assignment for say two months, and if you are prepared to accept it, will you let me have a brief statement in writing that you agree to deferment of your release from H.M.F. for this period for this purpose.

I have cleared with G-1 Section here that short-term deferment of your release can readily be arranged, and that the story given to you that you would have to sign for another 12 months is not true.

Yours sincerely,

SUBJECT: Personnel - Labour Officers.

TO : Economic Section (attention: Lt.Col.Leslie Mure)

1. This will refer to our recent conversation concerning additional officers for the labour program in A.M.G.

2. Our requirements call for 7 additional officers over and above the number now on duty.

3. Of this number some are required to fill existing vacancies where we are below ceiling, others because of unanticipated work in the program, and at least 3 will be necessary for assignment to Venezia Giulia.

4. In this connection you are advised that A.F.H.Q. is arranging for the temporary loan of 3 officers for a period not to exceed three months for service in Venezia Giulia.

5. The work of a labour Officer in general is as follows:-

- to assist in assuring adequate supply of labour for the Armed Forces and to advise and assist the Armed Forces in regard to the hiring, wages and working conditions of civilian employees;

- to arrange for the establishment of Provincial and Regional Labour Offices and to supervise the effectuation of the labour program through these offices.(These offices have the function of acting as labour exchanges, of conciliation and mediation of trade disputes and the collection of wage and cost-of-living data);

- to assist in the reconstruction of social insurance agencies;

- to aid in the development of free association of workers,and in general to execute labour and wage policy as determined by Headquarters.

6. The following qualifications in officers to be selected for this work would be helpful: employment with a labour agency of the U.S. or British Government operating in the field of labour relations, manpower supply, social insurance or labour exchanges;

SUBJECT: Assignment of secretary

TO : Mr. Joseph Hughes
Economic Section

1. This will confirm Mr. Brine's verbal request, via Miss Wollenhaupt, for the assignment of another secretary to this Sub-Commission.

2. Miss Wollenhaupt is the only secretary now in the Sub-Commission, serving both the Director and Deputy Director and working as possible with three other officers. Up until this week the Sub-Commission has also had in its employ a competent English-speaking Italian secretary-interpreter who has been of great assistance in carrying the work load. She has now left our employ. In addition, the Sub-Commission has just added another officer making a total of 6 officers and 1 secretary.

3. The assignment of another secretary is essential to the efficient operation of the Sub-Commission. It is understood that Miss Mildred Avallone might be assigned to the Sub-Commission. Inasmuch as she has previously worked in this office she has the advantage of knowing part of the personnel as well as the routine procedure. It would be appreciated if her assignment could be given consideration.

4. In any event I would appreciate having you let me know if it will be possible to assign another secretary to the Sub-Commission on or about the end of June.

1. It is desired to recommend T/Captain J.L. Botham R.A. for mention in Despatches.

2. Captain Botham served as Staff Labour Officer Allied Military Government, Italy, in the Southern Region with particular regard to the localities of Naples, Bari and Taranto, where the Allied Military Naval and Air Forces employed large numbers of Italian civilian workers of various grades of skill and capacity.

3. Captain Botham gave an outstandingly good performance of his duties both in his contacts with military services, with Italian workers and with civilian organisations, and showed tact and good judgment in dealing with all ranks and classes. He was concerned also with the Allied Military Government aspect of civilian industrial labour questions in private industry, and successfully handled trade disputes, strikes and stoppages of work which threatened to induce civilian unrest and disorder.

4. The comparative absence of interference with Allied Military Government on account of industrial unrest and with the civilian establishments of Allied Forces during the critical periods of military operations in Italy and prior to the "cease fire" order, was in no small measure due to Captain Botham's zeal and ability.

C.A.9/E.M.446(C.A.2)

12th April 1945.

Sir,

1. I am directed to inform you that a number of Civil Affairs Officers at present serving under your command have applied, and that others may apply under A.C.I. 1426/1944 for service in Civil Affairs, Far East.

2. Such Officers who are selected will be required to undergo Far East training in U.K. at C.A.S.C. Whilst it is realised that it may not be possible for Officers to be released for immediate training without replacements to supply which every endeavour will be made, it is hoped that as many as possible will be made available owing to the great desirability of employing Officers in the Far East who already have C.A. experience in the field, and to the fact that many of these Officers desire to make a future career in the Colonial Service.

For the period of training, approximately 4 months, Officers will be struck off strength of units vide para 5 of A.C.I. 1426 and held on the strength of No. 3 C.A. (Far East) Pool and will not return to former units on conclusion of training.

3. I am further directed to draw attention to para 10 of A.C.I. 1426 from which it will be noted that Officers who desire to be considered for future service under the Colonial Office will be interviewed by the Colonial Office whilst attending a Course at C.A.S.C. and I am to state that it will not be possible for officers to be so interviewed at any time prior to attending a course, nor is it possible to accelerate their attendance at the C.A.S.C.

4. Finally I am to request that this letter, and in particular para 3 thereof, may be brought to the notice of all C.A. Officers under your command.

I am,
Sir,
Your obedient Servant.

SUBJECT: Assignment of Labor Officers

TO : Regional Commissioner
Toscana

1. Current military operations make it necessary for this office to issue new assignment orders for Major E. J. Scicluna now serving in Toscana Region. These orders will be issued within the next few days and it will be necessary for him to turn over to Major Small all the labor work which he has been handling in Toscana.

2. On 16 April Captain Mason departed from this Headquarters to report to you for duty in connection with the Labor Offices in Toscana Region. Captain Mason is earmarked for labor work in Austria and shortly after occupation of Austria, Captain Mason will be called to that work.

3. Before Captain Mason is removed it is now planned to send an officer to Toscana Region to become the permanent assistant to Major Small. The present plans call for leaving a permanent staff on labor work in Toscana Region consisting of two persons.

4. Captain Buckwell has reported to 2nd C.A. Unit for duty in Austria and will no longer be available for work in Toscana Region.

5. This office regrets that it has been necessary to make so many changes in the assignment of Labor Officers for your Region, but believes that you are fully cognizant of the necessity for so doing. Throughout all of these recent changes the cooperation and understanding which you have given this office has been greatly appreciated.

SUBJECT: Assignment of Officers

TO : Mr. Braine, Director
Labor Sub-Commission

1. In line with our conversations this afternoon, and in an effort to stabilize the situation as originally planned, there are three assignment orders attached for your signature:

(a) Order for Captain John H. Moffitt to be assigned to 4th Corp, Civil Affairs Section, and to be relieved from his assignment in Piemonte Region and his T.D. to AMG 5th Army. This is in line with the wishes of Lt. Col. Walker, S.C.A.O. for 4th Corp and is an action to which we have previously agreed.

(b) Assignment order for Major E. J. Scicluna changing his T.D. from Toscana to T.D. 4th Corp, Civil Affairs Section. This, likewise, was agreed to at the Florence meeting.

(c) Assignment order for Captain Ubaldo Alessandrini relieving him from T.D. Toscana, and assigning him to T.D., AMG, 5th Army.

2. In addition, in conversation with Major Small he said he felt a letter should be addressed to the Regional Commissioner of Toscana Region telling him we are having to pull Major Scicluna. Such a letter is attached for your signature.

3. Advance Headquarters, Venezia Region, has requested that Captain Dorf or Captain Giammarco reach Cesena on 20 April. Col. Lane has been notified and instructed to send Captain Giammarco forward. Confirmation of the execution of this order should be received not later than noon, 18 April. Copy of incoming wire is attached.

4. Arrangements were made during the day with British, G-1, to T.D. Captain Topliss to Emilia Region. Captain Topliss is making arrangements to leave on Friday or Saturday of this week in execution of the orders which you signed today.

Sir,

1. I have the honour to submit the following for your consideration.

2. I served from Aug. 41 to Nov. 43 as the Administrative Captain of the 2nd Lt AA Training Regt R.A., having previously occupied the position of Assistant Adjutant in the same Regiment.

3. In Apr. 41 while holding the rank of 2nd Lieut I attended the Regimental Officers Course at the School of Military Administration - BROCKENHURST - and was awarded the grading of "Distinguished". I would point out that most of the Officers attending this course were Majors or Captains.

4. During the time that I was serving with the 2nd Lt AA Training Regt I was attached on occasions to H.Q. Royal Artillery Training Establishment then commanded by Maj Gen L. [redacted], CBE, MC.

5. Unfortunately, there were no suitable vacancies on the staff of H R/TE and in consequence a vacancy was obtained for me on No. 7 [redacted] Course Staff College, CAMBERLEY. This course trained officers for Second Grade Staff Appointments.

6. I attended the Staff College specialising in "A" and "Q" and was awarded the appropriate Certificate by AO 76/44.

7. It was explained during the Course that it was obviously not possible to find everyone an immediate Second Grade Appointment but that those who received only Third Grade Appointments would receive advancement as soon as possible and could expect to find themselves Second Grade Staff Officers within the next six months.

8. A few days before the end of the Course I received a posting as SO 3 [redacted] "A" for a Field Formation NAPLES (see attachment A) and while on embarkation leave I was interviewed by a Brigadier from O.A. Branch War Office. He explained that there was a great shortage of trained Staff Officers in Civil Affairs in Italy and in response to urgent requests a small number

8. A few days before the end of the Course I received a posting as SO 3 "A & Q" for a Field Formation NAPLES (see attachment A) and while on embarkation leave I was interviewed by a Brigadier from C.A. Branch War Office. He explained that there was a great shortage of trained Staff Officers in Civil Affairs in Italy and in response to urgent requests a small number were being posted. I was led to believe that my "A" and "Q" training would be fully utilised and that I should be employed in some suitable capacity as an Administrative Staff Officer.

9. On reporting to HQ Allied Control Commission, NAPLES, on my arrival

2919

Declassified E.O. 12356 Section 3.3/NND No. 785021

in Apr 44, I was interviewed and posted to the Labour Sub-Commission. I soon found that my training and previous experience were being completely ignored by A.C.C., and that I was not even to occupy the minor position of the Sub-Commission Administrative Officer, but instead engaged on "odd jobs" of collecting statistics and general wage information since I had no technical training in labour problems. My whole period in the Allied Commission has been passed in this manner.

10. I made several verbal protests but without any result, until in Jul 44 I submitted a written complaint and request for a transfer to Col. Bain, the Sub-Commission Director. He wrote a letter to G-1 (B) of this H.Q. on my behalf (see attachment B). It will be noticed that Col. BAIN spoke well of my work in his Sub-Commission and offered to release me since there was no prospect of promotion for me under his command.
Nothing, however, came of this application.

11. In Nov. 44 I applied through the Senior British Officer of the Sub-Commission for an appointment on the proposed AUSTRIA Military Government as an SO 2 C.A. (see attachment C). I hoped that if it was quite impossible to make proper use of me in ITALY, I would be of value in AUSTRIA in the type of work for which I had been trained.

The Senior British Officer strongly recommended that my application be considered and the Acting Director of the Sub-Commission, an American Colonel, countersigned the recommendation. (see attachment D.)

12. I now find that I am being posted to AUSTRIA Military Government as an SO 3 Labour, where I will presumably continue to be engaged in a manner similar to my activities of the past year.

13. It is now more than a year since I left the Staff College, and the public money spent on my training has been completely wasted, and my military career ruined, and while I am a volunteer and did not join the Army in 1939 for material advantage, I consider I would be of more use to the War effort if I were permitted to make use of my training and experience while at the same time, naturally, I resent being forced into a backwater and deprived of all hope of the rank for which I had worked.

13. Since, therefore, the Allied Commission is unwilling to make adequate use of my training, I would ask you, Sir, if you would consider the possibility of my transfer from the Allied Commission and Military Government AUSTRIA to some other more suitable Staff appointment.

I have the honour to be, sir,
your obedient servant

1. The attached memo. from Capt. Topliss impassed to you.

2. Capt. Topliss came to this Sub-Commission knowing nothing of our work; he has applied himself conscientiously to the duties assigned and with increasing experience (and therefore confidence) has proved to be a useful officer. I have no doubt that his usefulness would further increase. The probability of promotion here, in view of current tendencies, is however remote.

a) The new assignment of the Regional Labour Officer will prevent his future visits to and supervision of Forli and Ravenna Provinces for an indefinite period.
b) These two Provinces have important activity in Army and essential civilian work, and because of past and present political and economic complexion need the constant attention of a Labour Officer.

TO : Mr. Greine, Director

1. Pursuant to your request, I have consulted the Adjutant for information concerning the AC orders issued to Maj. Fisher and Capt. Moffit, Labour Officers to Caserta.

2. In the case of Maj. Fisher, it appears that a Capt. Goodloe, G-3 AFHQ had telephoned Lieut. Theodore, Assistant G-1 AC Headquarters, and had requested that orders be cut for Maj. Fisher's immediate attendance at Caserta for temporary duty six days, beginning 25 March 1945. That this was at the special request and direct orders of Generals Nelson and Lance at Caserta.

3. In the case of Capt. Moffit, a cable AC -[illegible] was sent to him, requesting that he report (without delay) to General Lance at the Business Bureau AFHQ Caserta for one day TD.

4. Lieut. Theodore without the usual concurrence or approval on the part of the Economic Section or the Sub-Commission requested the travel orders both for Maj. Fisher and Capt. Moffit.

Upon being directly asked why Labour Sub-Commission had not been consulted in the above, Lieut. Theodore said that there was not sufficient time to obtain the concurrence of either the Economic Section or the Sub-Commission and he forthwith requested the issuance of the travel orders.

Lieut. Theodore further said that it is not a general custom to overlook or by-pass the respective sec-

Dear Col. Densmore,

Under orders issued from Allied Commission over the signature of the Adjutant 2675 Regiment, dated 21 March, Major Fischer, the Regional Labour Officer in Marche-Abruzzi, has been ordered to report by 26 March to Caserta for 6 days. I understand that Captain Merritt, Regional Labour Officer, has similarly been instructed to leave his Labour duties for a temporary period at Caserta. These officers are, I understand, to be put at the disposal of Major General Penco.

Labour Sub-Commission was not consulted before these orders were issued removing the Regional Labour Officers from their duties.

Is this the correct procedure, or have I the right to be consulted?

Yours sincerely,

W.H. BLAIR

I was posted by the War Office on the completion of No. 7 Sandhurst Course, Staff College, to an appointment as SO 3 CA with a "Field Formation, Naples".

On reporting to Headquarters, ACC, no notice was taken of my qualifications and I was relegated to the Labour Sub-Commission where I have not been able to make the slightest use of my Staff Training.

The purpose of the Staff Course I attended was to train officers for Second Grade appointments and yet a year after successfully completing the course I remain a Third Grade Staff Officer with the result that my military career has suffered severely and my training has been completely wasted.

TO : Distribution below

Lt.Col. C.W.G. INCE, OBE, MC, AMS, War Office, will visit Italy early in April for a short tour.

He is prepared to grant interviews to any officer during his tour, but, owing to the distances to be travelled and the limited time that can be spent in this country, it is requested that only those officers who wish to raise points which cannot be satisfactorily answered locally will present themselves for interview.

The number of interviews will be restricted to approximately 12 per day.

It is expected that Lt.Col. INCE will interview A.C. Officers on or about 3 April 45 but the exact date will be signalled to addressees as soon as it is known.

Names of officers requesting interviews, showing briefly the points to be raised by each officer, will be forwarded to this H.Q. not later than 20 March 45. This letter concerns British Officers only.

TEL : Ext. 204 WHB/rmw

REF : 211/107 28 February 1945

SUBJECT: Orders -- Captain Willard E. Solenberger

TO : Establishments Section
(via Economic Section)

1. Reference is made to Special Orders No. 58, this Headquarters, dated 27 February 1945, relieving the above-named officer from assignment with this Sub-Commission and assigning him to Co. "H", 1675th Regt.

2. According to the memorandum of 21 February 1945 from the Acting Vice-President, Economic Section, to Establishments Section, on the subject of American officer personnel designated for Austria, a copy of which was furnished this Sub-Commission, Capt. Solenberger was lised for "eventual transfer" rather than for immediate assignment. On this basis plans were made for continued utilization of his services in the immediate future and we had no knowledge until today of any change in his deferred status.

3. It is strongly recommended that Capt. Solenberger be retained in the "eventual transfer" group, and that the present order relieving him of assignment with Labor Sub-Commission be revoked for the following reasons:

Capt. Solenberger has been with this Headquarters, Labor Sub-Commission, since March, 1944 and has thorough familiarity with nearly all of the problems processed, and with particular reference to the field of Social Insurance and Wages. At the present time all military officers are being ordered from Headquarters in accordance with outstanding policy. New officers, British civilians, are expected to arrive shortly who will need indoctrination. It is of the utmost urgency that Capt. Solenberger serve at this Headquarters until such time as he may be needed for active duty upon his new assignment.

4. Meanwhile, and regardless of action which may be possible with respect to the above recommendation, it is requested that the present order be deferred for a period of two weeks to permit Capt. Solenberger to finish assignments on which he is now working.

REF : LSC/107 (Your Ref: ES/L.03) 25 February 1945

SUBJECT: American Enlisted Personnel in Labor Sub-Commission

TO : Colonel L. D. Densmore
Chief Staff Officer
Economic Section

1. T-5 A. Pirani is employed in Labor Sub-Commission as Chief Clerk. The position of Chief Clerk has existed since the inception of the Labor Sub-Commission and has been filled by an enlisted man. The previous holder of the position held the grade of Sergeant. T-5 A. Pirani has occupied the position for six months.

2. The Chief Clerk supervises Italian civilian personnel of 12 persons, male and female; and is responsible for the efficient handling of all incoming and outgoing documents, the maintenance of files and records, and preparation of Italian civilian payroll. In connection with these duties, the Chief Clerk has a primary responsibility of security among Italian civilian employees and the close control of documents which should not be handled by them.

3. The Chief Clerk also arranges travel and assignment orders and provision of transport for members of the Sub-Commission. He acts as interpreter and translator, and assists in the reception of visitors who do not speak English.

4. An important aspect of his work is in connection with wages and hours and working conditions of Italian personnel employed in Allied Commission and by the Armed Forces.

5. T-5 A. Pirani is the only enlisted man employed at the Headquarters of the Labor Sub-Commission, and it is considered essential that his services should be retained. The principal requirement is the insurance of security in the handling of documents which pass through the general office and should not be allowed to circulate unnecessarily through the hands of Italian personnel. The control and supervision of the Italian civilian personnel can only be effected by an enlisted man in the most economical way. The only alternatives would be to utilize an

Declassified E.O. 12356 Section 3.3/NND No. 785021

Officer of higher rank, or to utilize an Allied civilian assigned for more particular duties of a responsible nature. Neither alternative is as efficient or as economical as the employment of an enlisted man.

T-5 A. Pirani, besides serving in the capacity of Chief Clerk for the past six months, has served in the Labor Sub-Commission for a period of 15 months. His detailed knowledge of the work of the section is invaluable, and his historical background and acquaintance with the registered files, papers and records is irreplacable. The Labor Sub-Commission has undergone so many changes of personnel, and is due to develop to a civilian basis, that in making a strong case for the retention of T-5 A. Pirani in his present duties, it is not considered that the Labor Sub-Commission is unduly extravagant in its employment of service personnel.

6. Assigned to Toscana Region is Sgt. Charles P. Sorisi who is employed assisting the Labor Officer at Livorno. Since he is not employed at this Headquarters a detailed statement is not made regarding his duties, but it is pointed out that he, equally, has an intimate and long-term knowledge of labor questions and their development in Italy as regards the Armed Forces. It is intended that he should operate in the field, assisting Labor Offices in the Northwest of Italy, and it is submitted that he should not be released for duty elsewhere or on other functions.

TEL : Ext. 204

REF : LSC/107

SUBJECT: Staffing of Labor Sub-Commission, A.C.

TO : Manpower Coordinating Committee

1. The ceiling established at the last manpower review of Labor Sub-Commission was 2 Officers and 4 civilians, a total of 6.

2. This is a request that the ceiling for the Labor Sub-Commission be raised to 9, viz., 1 Officer and 8 civilians.

3. The present Headquarters strength of Labor Sub-Commission is 8 Officers and 4 civilians, a total of 12. The organization is as follows:

	Officers		Civilians	
	A	B	A	B
Director	1			
Deputy Director	1			
Asst. Deputy Director		1		
Labor Relations			1	
Wages & Hours Section	1		1	
Social Insurance Section	1		1	
Factory Conditions Section		1		
Statistical Section		1		
Industrial Classifications				1
Temporarily assigned to Sicily		1		
TOTAL	4	4	3	1

4. The ceiling proposed is 1 Officer and 8 civilians, a total of 9, and regard has been paid to the following considerations:

(a) So far as possible military personnel should be released for service in the North and should be replaced by civilians.

2878

Declassified E.O. 12356 Section 3.3/NND No. 785021

(b) At least 1 Officer in uniform should be retained to carry weight in contact with the military in forward areas as occasion may arise.

(c) The activities of the Labor Sub-Commission should mainly be advisory but the guidance should take as positive a form as possible.

5. The maintenance of labor supply for military requirements, the establishment of uniform conditions of wages and service, and the avoidance of unrest should be an executive charge of first priority on the Labor Sub-Commission.

6. To perform these functions it is considered that the proposed ceiling of 1 Officer and 8 civilians represents a minimum. The proposed allocation of duties would be as follows:

Director.....	1 British civilian
Deputy Director.....	1 American Officer

Labor Relations

Industrial Relations - General development, stimulation and guidance to Italian Government, Industry and Trade Unions.....1

Attention to Trade Disputes, and stoppages of work in AMG/AC territory and in vital points in Italian administered territory.....1

LABOR SUB COMMISSION

4 October 1944

SUBJECT: Reorganization of Labor Sub-Commission

TO : Economic Section

1. Reference General Orders No. 43 HQ, ACC 1 October 1944, and specifically para 25 of Appendix B regarding the reorganization of the Labor Sub-Commission. Reference also to letter from Economic Section 2 October 1944 signed by Col. Densmore, on the same subject.

Exception is taken to the determination made by the reviewing Committee at which Col. Bain and the writer were present, that the HQ Labor Sub-Commission can operate with 2 officers and 4 Allied civilians. No such picture was presented by ourselves and it is well known that many of the members of the Reviewing Board have known full well for many months the importance and the scope of our activities and the absolute impossibility of performing even the most urgent tasks with the present complement of personnel, either military or civilian.

2. It has been generally agreed for a considerable period that of all the Sub-Commissions, the Labor Sub-Commission was at an irreducible minimum with respect to personnel, due wholly to the fact that urgent calls for help for the past 10 months have been largely ignored. It therefore would be exceedingly disastrous at this particularly critical stage in the labor field, when we are on the eve of tackling extremely important problems which will present themselves as Northern areas are attached, to eliminate any one of the present personnel from our plans of operation.

3. Proposed assignments and redistribution of the entire personnel both at Headquarters and in the Field, are listed hereunder, illustrate not only the pitiful shortage of bodies to handle this most provocative of all subjects in the Economic Field - Labor - but also the manner in which even such with such a tiny group it is hoped that the work can be carried on in a measure. The assignments noted below in the Field are of course only projected and may be changed at a moment's notice.

2.	Major James O. Babcock	(A)	Deputy Director, and in charge of Field operations.

4.	Capt. W.E. Solenberger	(A)	In charge of Social Insurance Division and General Field supervision.

	Mr. D. Sachs	(A-Civ)	In charge of Wages Division

8.	Mr. D Cerrito	(A-Civ)	Factory inspection and Working Conditions
9.	Mr. N.J. Crosetto	(A-Civ)	Temporarily in Labor Relations

Section II — REGIONAL ASSIGNMENTS

Southern Region:		Capt. D.L. Bothaa	(B)	Regional Labor Officer at Naples
		1st Lt. U. Alessandrini	(A)	Asst. Regional Labor Officer at Bari
Region IV	:	Capt. N. A. Holstam	(A)	Regional Labor Officer
		Capt. M. Adams	(B)	Asst. Regional Labor Officer
Region V	:	Capt. A.L. Dorf	(A)	Regional Labor Officer
		Capt. L.H. Bailey	(A)	Asst. Regional Labor Officer
Region VIII	:	Major R. Small	(A)	Regional Labor Officer
		Capt. R. Frazer	(A)	Asst. Regional Labor Officer
Region IX	:	Capt. J. A. Robertson	(A)	Regional Labor Officer
		1st. Lt. J. Cantilli	(A)	Asst. Regional Labor Officer
Region X (Liguria)	:	Major P.R. Fischer	(A)	Regional Labor Officer
		Lt. C.W. Mason	(A)	Asst. Regional Labor Officer
Region X (Piemonte)	:	Capt. J.A. Moffitt	(A)	Regional Labor Officer
		Capt. M. L. Rohmes	(A)	Asst. Regional Labor Officer
Region XI	:	Lt. Col. T.A. Lane	(A)	Regional Labor Officer
		Capt. C.C. Buckwell	(B)	Asst. Regional Labor Officer
Sicily	:	None		
Sardinia	:	None		
Region XII	:	Maj. R.M. Albright	(A)	Regional Labor Officer
		Capt. J. Ciszmarco	(A)	Asst. Regional Labor Officer

4. From a study of the above placements, it is to be noted that with the assignments of both Major Babcock and Captain Splenberger to Field supervision duties and the probable loss of Captain Topliss, there will remain at Headquarters only 2 officers, including the present Acting Director. In essence, therefore, the above regrouping carries out, I believe, the basic intention of the reorganization which was to staff Field assignments with officers by transfer from Headquarters personnel.

5. Query is raised as to how soon this Labor Sub-Commission may expect the 6 additional American civilians and the 11 British civilians who are earmarked for duty with this Sub-Commission.

SUBJECT: British civilian personnel.

TO : Colonel L. D. Densmore
Economic Section

1. I think you should know that, following a telephone conversation I had with Brigadier Lush before I took up appointment here, I have passed to Colonel Jones a note asking him, formally, to request the War Office to approve the appointment to the Labor Sub-Commission of British civilian experienced personnel, as follows:

First Class Officers	3
Second Class Officer	1
Third Class Officer	1

These grades are the terms used for staff of the British Ministry of Labor.

2. The circumstances under which this request was made are as follows:

I was aware that Brigadier Lush had been pressing for considerable time for the appointment of experienced British personnel to this Sub-Commission, but that he had not been successful. I also knew that the Acting President was equally desirous of civilianizing the Allied Commission, and in particular of obtaining experienced British personnel for assistance in labor questions. I, therefore, discussed this question with British Minister of Labor who agreed that I should be supplied with the personnel as above, and when I was in London I saw Sir Frederick Bovenshen, Permanent Under-Secretary of the British War Office, and General Anderson, who agreed, in principle, to these appointments but asked that a formal request should be sent from Brigadier Lush to British War Office so that the appointments could be put on a proper footing.

3. This memorandum is submitted to you for information, and I assume that Colonel Jones will be taking the necessary executive action.

SUBJECT: Efficiency reports.

TO : Colonel JUNIUS R. SMITH, Labor Sub-Commission, Allied Commission, APO 394, U. S. Army

1. Under provisions of AR 600-185, dated 15 November 1944, the following information is requested by this headquarters in accordance with semi-annual efficiency reports to be rendered as of 31 December 1944.

2. An efficiency report on WD AGO form #67 (forms attached to be used as "work sheets" one copy for each officer reported upon), will be rendered on each officer of all components by the Senior (American) officer within each region or Sub-Commission of the Allied Commission, for the period that the officer has served in the respective region or Sub-Commission.

3. The forms attached are the Efficiency Report, WD AGO Form 67, but these forms will be used as "work sheets", and after completion by the Senior Officer, they will be returned to this headquarters, to be prepared in final form, and returned to the reporting officer for signature.

4. It is requested that these forms be prepared with painstaking accuracy, and that all information be fully given, so that full credit will be given to each officer reported upon. In order that each form may be filled out correctly a copy of AR 600-185 dated 15 November 1944, and a sample form of WD AGO Form 67 completed, as a guide, is attached for your guidance.

5. The attached forms on each officer under your command will be completed and returned to this headquarters not later than 30 January 1945.

6. The following instructions are also listed for your guidance concerning paragraphs "C" and "G" of the Efficiency Report, WD AGO Form 67.

a. Paragraph "C" will show the officers present organization, such as: Emilia region, or Public Health sub-Commission, under the section, "Station", and his present duty will be shown under "Duty Assignments". In classifying between Staff and Command, an officer must be performing a command function, such as a Regional Commissioner, Commanding Officer, Director of Sub-Commission or Division Head, to be classified under Command. Those officers who are under the direct supervision of the Command officer will be listed as Staff, such as Provincial Commissioner, Regional Executive Officers, Deputy Directors, or Second in Command. All other officers will be listed as Administrative & Executive. This headquarters will reserve the right to change the classification of any officer (Command, Staff or Executive & Administrative) that may be deemed proper. It will be noted that where an officer has had one or more assignments in the six (6) months period, the manner of performance rating will

2858

Declassified E.O. 12356 Section 3.3/NND No. 785021

be noted on the form pertaining to the officer, for the period covered, for your guidance.

b. Paragraph "G" will give the "Numerical" rating on the officer. It is noted that each rating has two (2) values, except "Unsatisfactory" and Satisfactory", with no value indicated for "Unknown". The officer will either have a High Excellent or Low Excellent, such as the case may be with all ratings. The total value of these ratings will be divided by the number of entries for which a rating is given, reference: paragraph 10, Section II, AR 600-10b. The "Numerical" rating will give the corresponding "Adjectival" rating as shown in paragraph "h" of WD AGO Form 67.

All reports will be forwarded by the reporting officer within 10 days after close of the period covered by the report.

2. Forms to be used.--a. General officers.

(1) Reports on general officers will be made in letter form embodying the following information:

(a) Name and grade of officer reported upon.
(b) Period covered by the report.
(c) 1. Duties performed during period.
2. Manner of their performance.
(d) Physical activity.
(e) Physical endurance.
(f) Knowledge of his profession.

Declassified E.O. 12356 Section 3.3/NND No. 785021

(2) In describing the manner of performance of duty or in making any ratings, the terms defined in paragraph 2, Instructions, WD AGO Form 67, (Efficiency Report) will be used, amplified as may be necessary.

b. Other than general officers.--Efficiency reports on all officers, other than general officers, of all components will be rendered on WD AGO Form 67.

3. When rendered.--a. General.

(1) An efficiency report as prescribed above will be rendered on each officer, other than general officer, by his immediate superior on 30 June and 31 December of each year. This report will cover all service for the preceding 6-month period regardless of the number of positions held, the number of organizations served in, or the number of immediate commanders under whom the service is rendered.

(2) An efficiency report as prescribed in paragraph 2a(1) will be rendered on each general officer by his immediate superior on 30 June and 31 December of each year, or for period of greater than 1 month where such general officer ceases to serve under the direct command of the reporting officer.

(3) No efficiency reports will be required but entry of efficiency ratings will be made as provided for in paragraph 8o, AR 605-90, for officers, other than general officers, for periods of not less than 1 month where such officers cease to serve under the direct command of the reporting officer. These efficiency ratings when entered on WD AGO Form 66-1 (Officer's and Warrant Officer's Qualification Card) will be made available to reporting officers concerned and will be made as separate entries under paragraph C of the efficiency report required to be rendered as indicated in (1) above, unless the specific duty was reported on in a prior efficiency report. (See d below, par 14 below, and par 8ad, AR 605-90.) A report for any period may therefore include ratings on an officer who has occupied one or more positions within a command or who has served under one or more immediate commanders.

(4) Where the entry on Form 66-1 as indicated in (3) above is unfavorable, an efficiency report will be rendered.

(5) If, due to local conditions in combat, the submission of efficiency reports as required by (1) and (2) above is not practicable, they will be submitted at the earliest opportunity that presents itself for the accomplishment of administrative details.

b. Unusual service.--An efficiency report may be rendered on an officer of any grade at any time if, in the opinion of the reporting officer, the service appears to have been unusual either through merit or lack thereof.

c. Students at schools.--Upon completion of each school term or upon separation of a student from a school before the completion of the school term, the commandant of each special and general service school will forward to The Adjutant General a special school report on each officer. Where student is attending a civilian school, special school report will be submitted by the officer's immediate military superior. An efficiency report on WD AGO Form 67 will not ordinarily be rendered on students unless the school term is in excess of 3 months.

(1) Form of report.

(a) Designation of school and course pursued.
(b) Duration of course (inclusive dates).
(c) Graduate or nongraduate.
(d) Section to which detailed for special training (for Command and General Staff School only).
(e) If unfavorable as to (c) above, reasons will be stated.

Declassified E.O. 12356 Section 3.3/NND No. 785021

(f) Academic rating (superior, excellent, very satisfactory, satisfactory, or unsatisfactory, determined as a result of the student's work during the course).

(g) Statement, where applicable, that no efficiency report will be rendered for this period.

(2) Special report.—This does not preclude the rendering of a special efficiency report required by b above when such action is appropriate.

d. Additional efficiency report.— When an efficiency report other that that required semiannually is rendered on any officer, other than a general officer, appropriate entry will be made at the same time on WD AGO Form 66-1 under item (15). In addition, a concise statement will be entered under item (31) to the effect that an efficiency report was rendered for that specific period of time. When such entry is made under item (31), the corresponding entry under item (15) will not be extracted and entered on subsequent efficiency reports. See paragraph 14.

e. Ordered to duty at school.—Where an officer is ordered to duty at a school and will be in attendance at such school on 30 June or 31 December of any year, an efficiency report will be rendered by his military superior upon his departure for such duty. Such reports will cover the period since the rendition of the last report on the officer concerned, as indicated by the entries on Form 66-1.

4. By whom rendered.—Efficiency reports will be rendered by the individual's immediate superior. Except the Chief of Chaplains and the Director of the Chaplain's School, no chaplain will render a report on another chaplain.

5. Unfavorable entries.

a. (1) Whenever an efficiency report contains entries (except under paragraphs D and F, WD AGO Form 67) which may be considered in any sense unfavorable, the reasons for the entry will be clearly stated, and the reporting officer will refer the entire report by indorsement to the officer reported upon for remark. Unfavorable entries of opinion under paragraphs D and F, Form 67, need not be referred to the officer being rated.

(2) In all cases the rating of "unsatisfactory" will be considered as unfavorable.

(3) Reference will not be made to charges preferred against an officer that have not been finally disposed of at the time the report is rendered or to trial by general courts martial that resulted in the acquittal of an officer on all charges and specifications, unless remark relative thereto is made by the officer reported upon.

b. (1) When a report is referred to the officer reported upon, he will return it by indorsement with the least practicable delay to the reporting officer with whatever remarks he may desire to make relative to the unfavorable entries only.

(2) The report will then be forwarded by the reporting officer to the next military superior by indorsement with any remarks he may desire to make with reference to the statements of the officer reported upon.

c. The provisions of a (1) and (2) above are equally applicable to the remarks of military superiors. If the forwarding indorsement of the next or a higher military superiors contains any new matter unfavorable to the officer reported upon, or if a military superior reduces to "unsatisfactory" any rating of "satisfactory" or above, the entire report, including indorsements, will be referred to the officer reported upon.

d. If the forwarding of the original and duplicate copy of the report will be unduly delayed by reference to the officer reported upon a brief memorandum explaining delay will be forwarded.

2856

Declassified E.O. 12356 Section 3.3/NND No. 785021

6. Channels for efficiency reports.—a. Efficiency reports of officers below the grade of colonel will be forwarded direct to The Adjutant General by the officer accomplishing the first indorsement or by the reporting officer if there is no intermediate superior between himself and The Adjutant General. In regiments, separate battalions, or similar organizations reports will be forwarded through the headquarters of the command concerned.

b. Efficiency reports on officers of the grade of colonel or higher will be forwarded through intermediate command channels to the War Department.

7. Qualifications peculiar to Army Air Forces.—Each Air Corps officer holding an aeronautical rating (AR 95-60) and performing flying duty under that rating will be rated accordingly under paragraph C, WD AGO Form 67. In addition, the aeronautical rating (that is, airplane pilot, airship pilot, glider pilot, etc.) held by any officer, warrant officer, or flight officer of the Army of the United States will be entered under paragraph L, Form 67, whether or not the officer is performing flying duty.

SECTION II

PREPARATION OF WD AGO FORM 67 (EFFICIENCY REPORT)

	Paragraph
Purpose	8
Adjectival rating	9
Numerical rating	10
Procedure	11
Review by higher authority	12
Forwarding of reports	13
Entry of efficiency rating on WD AGO Form 66-1	14

8. Purpose.—a. Efficiency reports are designed to report the manner of performance of specific duties by an officer during a definite period; to furnish accurate information as to the degree to which that officer possesses certain specified qualifications considered essential in the military profession; to record such special qualification that individual may possess, the extent to which qualified, and his potential value to the post-war army.

b. The information furnished by these reports is of assistance to proper officials in determining the suitable assignment of an officer; his eligibility, if otherwise legally qualified, for promotion; and in some cases whether or not he should be retained in the service.

c. The present efficiency of his organization should not be the sole basis of a judgment by a military superior as to the efficiency of his subordinate. The degree to which the efficiency of the commander is reflected in the efficiency of his organization should be measured in direct proportion to his opportunities for making his imprint on the organization, considering the time factor and making due allowance for obstacles beyond the control of the individual. Unless an officer has had an opportunity to prove his ability by actual performance, any conclusion as to his efficiency is mere conjecture.

d. The Office of The Adjutant General is the final repository for all efficiency reports, and an officer may be granted permission to examine his own efficiency reports for his information and guidance.

9. Adjectival rating.—a. All reporting officers must have the same understanding of the terms used in the report and must apply these terms in the same manner in order that reports will be fair and equitable to the officers reported upon and to the Government. Each term is defined on the reverse side of the report form (par. 2, Instructions) and should be applied literally.

Declassified E.O. 12356 Section 3.3/NND No. 785021

b. The rating "satisfactory" should not be used due to lack of information of the reporting officer. In such cases "unknown" should be used. The proper use of the "unknown column is important. If often happens that an officer in an isolated station received what is apparently a perfunctory rating of "satisfactory" when the reporting officer admittedly had no opportunity to observe the results of his work. Many officers believe that to admit a lack of familiarity with the accomplishments of a subordinate is an evidence of inefficiency on their part. This may or may not be true but, in any event, the War Department wants the opinion of the reporting officer based on knowledge. If that knowledge does not exist or cannot be acquired, an honest statement to that effect should be made.

10. Numerical rating.—a. Paragraph G, WD AGO Form 67, provides for the use of a numerical rating for each characteristic which corresponds to the adjectival rating given the officer being rated. It should be noted that two numerical ratings are assigned to the categories of "very satisfactory," "excellent", and "superior" in order better to define borderline cases.

b. The final adjectival rating in paragraph N is arrived at by totaling the individual numerical ratings in paragraph G, dividing the net value (par. K) by the total number of entries for which a numerical rating is given, and applying the following code to the final numerical rating (par. M):

(1) Below 0 (-4).....Unsatisfactory (Unsat.)
(2) 0.0 to 1.99.....Satisfactory (Sat.)
(3) 2.0 to 3.49.....Very Satisfactory (V.S.)
(4) 3.5 to 5.49.....Excellent (Exc.)
(5) 5.5 to 7.0.....Superior (Sup.)

c. The procedure should insure that the final adjectival rating is based on consideration of individual items and should reduce the tendency to give an over-all rating based on a preconceived opinion of the officer being rated.

11. Procedure.—a. General.—Efficiency reports are so important and of such vital and compelling consequence to the officer reported upon that the greatest care must be exercised in their preparation. Carelessness, incorrect entries, failure of reporting officer and reviewing officer to sign duplicate copy, and inconsistencies have necessitated the return of a large number of reports to the field for correction. This results in a large volume of correspondence and unnecessary loss of time and labor. A careful review of the efficiency report, giving consideration to the following, will eliminate obvious errors.

b. Paragraphs A, B, and C.

(1) The name of the officer reported upon should be typed exactly as it is carried on the official rolls of the Army. Care must be exercised to show the correct name, serial number, grade, and branch of service.

(2) The official status of the officer being reported upon with respect to the rating officer is covered by such remark as "Lieutenant in my battery" or "Plans and Training Officer of my battalion" or similar statement that described in general the relationship between the rating officer and the officer upon whom the report is rendered.

(3) The total number of days shown in paragraph C should equal the number of days, inclusive, represented in "Period covered by report" (par. B); For example, 1 January to 15 March 1944 equals 75 days.

(4) "Stations at which officer served" applies only to those stations at which the officer served during the period covered by the report.

(5) Duty assignments should be described accurately. Some duties are of such a nature that, unless care is exercised in describing them, reviewing officers are unable to visualize the essential qualities or knowledge required for the task, nor will higher authority be able to discriminate between the important, res-

2855

Declassified E.O. 12356 Section 3.3/NND No. 785021

ponsible positions and those of less importance. Care should be taken to include all principal duties performed during the period covered by the report.

(6) When an entry from WD AGO Form 66-1 is to be entered on Form 67 as provided by paragraph 3a (3), it will be entered under paragraph C in the following manner: for example, the information shown under appropriate headings might be-Stations: "Fort Leonard Wood, Mo."; Duty assignments: "From 66-1, Adjutant, Exc."; Days: "120"; Duty classified: check proper box or boxes if evident from duty assignment or known.

(7) Whenever the report covers a period of nonduty such as sickness or leave of absence, it will be entered separately. In the event that an officer has availed himself of more than one leave period or may have had ordinary leave and sick leave, the entire amount should be shown under one heading: for example, 5 days leave 1 to 6 February 1944, 3 days sick leave 7 to 10 April 1944, and 10 days leave 1 to 11 June 1944 will be shown as "Leave 18 days." The total number of days shown will include all nonduty periods and equal the total number of days represented by the period of the report.

(8) Care should be taken to properly classify duty and check appropriate box or boxes. Some duties may be properly classified under one, two, or more headings. Proper distinction between staff and administrative-executive categories should be carefully considered. For example: An officer performing the duties of S-4 is a staff officer; an officer performing similar duties in the office of The Quartermaster General is an administrative officer.

c. Paragraph D

(1) The general estimate calls for a word picture of the rated officer. This estimate is of particular value not only because it is a guide for the reporting officer in filling out a consistent report but also because, if the estimate is properly and sufficiently complete and accurate, it permits higher authority to gain an adequate idea of the present and future value of the officer regardless of whether the reporting officer is a "high" or "low" rater. Points of weakness, as well as strength, should be included.

(2) The reporting officer should exercise particular care that his word picture is not inconsistent with other entries on the report. At the same time, equal care should be exercised not to duplicate what is rated in another part of the report. Entries such as "An excellent officer" or "A very good officer" do not fulfill the requirements of this estimate.

(3) The following examples of entries for this paragraph may be used as a general guide:

(a) "A quiet, rather reticent officer, who expresses himself clearly and briefly. Gives impression of coldness, but upon closer acquaintance is found to be friendly and tactful. Very punctilious. Systematically analyses each problem and habitually renders a practical solution. Very methodical by nature; meticulous in executing even minor tasks."

Declassified E.O. 12356 Section 3.3/NND No. 785021

(b) "A creative officer with an inquisitive mind who has an uncanny ability to visualize the necessity for corrective or other action; always one step ahead. Quiet in manner but resourceful, enthusiastic, ingenious, and circumspect inspires confidence."

(c) "An unimpressive officer whose performance of duty is on the decline because of _____. Requires constant supervision. Realizes his weakness in this regard and strives hard to overcome his inclination but has been unsuccessful in his endeavor because his will power is dulled by _____ (or makes no attempt to overcome his weakness). Verbose, unsteady, selfish, vascillating, procrastinating, and ineffectual."

(d) "A careless and indifferent officer both in attitude and performance; unimaginative. Constantly requires supervision; always has an alibi; seeks duties which involve little if any responsibility. Employs his time largely activities other than professional. Heavily in debt, he has little sense of financial responsibility; evasive; gullible and spiritless."

(e) "A quiet, modest unassuming, and intensely loyal officer whose paramount interest is the efficiency of his organization. His weaknesses are that his loyalty causes him implicity to execute instructions without perceiving that conditions have altered the situation and his work is favorable outstanding only when closely supervised."

(f) "This officer's strong points are his pleasing personality and his ability to work quietly under pressure. His weakness lies in his lack of ambition and content with average results. If given an inspiration, he becomes enthusiastic but if the task is arduous and of long duration, he accomplishes merely commonplace results."

(4) Unfavorable entries of opinion in this estimate need not be referred to the officer being rated.

d. Paragraph G.

(1) The ratings, adjectival and numerical, given here must be based on personal observation or official reports or records. In the absence of such basis, the entry should be "unknown". The adjectival rating "unknown" has no numerical value.

(2) In an estimate of physical activity the ability to work rapidly should be considered; however, hustle and bustle, which result in confusion, should not be considered as the ability to work rapidly. Rather, under this heading should be indicated the degree to which an officer has been efficiently active, energetic, and quick. In the consideration of an individual's physical endurance or capacity for prolonged exertion, the reporting officer must not be misled into thinking that an officer has little endurance because he is not frequently seen indulging in strenuous activity to the point of near exhaustion The less noticeable, more self-contained individual might well be the one to stand up longer through a succession of trying, hard days. It must be borne in mind also that many duties are not a proper test of an officer's physical endurance and the rating "unknown" should be used in these cases. Obviously the amount of physical exertion demanded of an administrative officer is less than that required of an officer in combat; however, this does not necessarily mean that the administrativ

2884

Declassified E.O. 12356 Section 3.3/NND No. 785021

officer is not capable of greater physical endurance. If an officer has had a severe illness or has undergone a recent operation and there is any question as to his condition, let it be determined by a medical board.

(3) The stability of an officer under pressure is his firmness in position; ability to resist a force tending to overthrow; firmness of character; constancy under extenuating circumstances, distress, or urgent demand; ability to think and act calmly, logically, and rapidly under stress.

(4) In rating an officer on his attention to duty, his ability to work thoroughly and conscientiously, indicate to what degree the officer being rated subordinates his own convenience, comfort, and desires to a complete, exact, careful, and faithful performance of his duty. This observation should extend to the effectiveness of the officer's plans and preparations as well as to actual conduct of duty. Many other fine military qualities will be a total loss unless they are accompanied by an adequate sense of attention to duty. Duty calls for the assumption of responsibility and self-sacrifice. Do not overlook the fact that the quiet man may accomplish more with less apparent effort than the blusterer who makes a great show of being on the job.

(5) Cooperation refers to the ability to act jointly with juniors and seniors and effectively with another or others, military or civilian, to attain a designated objective.

(6) Initiative, the trait of beginning needed work or taking appropriate action on his own responsibility in the absence of orders, is not possessed by one who does only what he told to do or who continually asks how to do it. The other extreme is the abuse of general authority given. Between these extremes is the officer who thinks and sees for himself, weighs the need and desirability of the action, and then goes ahead with its accomplishment.

(7) An intelligent officer is one who readily understands new ideas or instructions. The ability to coordinate a new fact or idea with what is already known indicates intelligence. It should be assured that an order, for example, embodies a decision thoughtfully arrived at. It consequently merits and requires thought to carry it out. Therefore, granting that a decision is thoughtfully arrived at and is clearly expressed in an order, the failure to grasp the spirit or comprehend such an order shows lack of intelligence.

(8) Force, the faculty of carrying out with energy and resolution that which on examination is believed to be reasonable, must not be confused with bluster, loudness, a dogmatic or dictatorial manner, or plain stubbornness. That officer possesses force who without antagonizing others, calmly and uniformly exacts efficient performance from his subordinates and thus gets things done smoothly, quickly, and efficiently.

(9) Judgment is the ability to think clearly and arrive at logical conclusions. It manifests itself in common sense, "gumption," intuition, and ability to stick to the subject. It may be developed by conscious, methodical effort toward deliberate thought on each question presented.

Declassified E.O. 12356 Section 3.3/NND No. 785021

(10) Leadership is the art of imposing one's will upon others in such a manner as to command their obedience, confidence, respect, and wholehearted cooperation. It is the capacity to direct, control, and influence others in definite lines of action or movement and still maintain high morale.

(11) An officer's ability to get results speaks for itself.

e. Paragraph H.

(1) Favorable communications, such as letters of commendations, should be based upon personal observation by the officer writing the commendation or upon official reports or inspections. Commendations will normally be incorporated in efficiency reports or forwarding indorsements thereto. Reporting officers or military superiors through whom efficiency reports are forwarded may, however, if they so desire, attach to efficiency reports copies of letters of commendation given by them to officers reported upon. Commendations from other than reporting officers or military superiors may also be attached. If the commendation is from an officer not in the channels through which the commended officer's efficiency report passes, it should be furnished to the latter's immediate superior for attachment thereto.

(2) Unfavorable communications will normally be attached to efficiency reports; however, reporting officers or military superiors through whom the reports pass are not required to attach thereto administrative admonitions or reprimands which, as corrective measures, have served their purpose in creating and maintaining efficiency and should not be the basis of answering this paragraph in the affirmative.

f. Paragraph I.

(1) This paragraph provides a place for the inclusion of any record of disciplinary action taken against the officer reported upon. It is not intended that, under this paragraph, there should be entered, and thus made of record, every trivial offense the individual may have committed. Minor deficiencies should be brought to the attention of the officer at the time noted, and the commanding officer should by counsel, advice, example, and, when necessary, by disciplinary measures, assist the individual to overcome his deficiencies. This matter is completely covered in Army Regulations and Manual for Courts-Martial. Paragraph 2b, AR 600-10, states that trivial offenses which have been promptly and properly corrected when brought to the attention of the individual concerned, need not be noted on the officer's record and will be considered as closed incidents.

(2) If an admonition or reprimand is verbally administered and the individual fails to appeal, it will be affirmatively so stated in a separate statement under "Remarks".

(3) In case any report of disciplinary action is made, the original communication covering the matter, together with the record of any appeal that may have been made and the action taken, will be attached as part of the efficiency report rendered.

Declassified E.O. 12356 Section 3.3/NND No. 785021

g. Paragraph J.-- In this paragraph the reporting officer is required to state whether he has called any deficiencies to the subordinate's attention. In case the reporting officer has failed to bring an individual's deficiencies to his attention prior to the rendition of the report, he will make the necessary explanation under "Remarks". Junior officers should have their deficiencies pointed out to them when they occur and the report should indicate the degree to which the deficiencies were corrected. Where these deficiencies are such as to be embodied in the efficiency report, it is advisable to make them a matter of record in an official communication prior to their entry on the report.

h. Paragraphs K, M, and N.--See instructions under these paragraphs on the report form and paragraphs 9 and 10 of these regulations.

i. Paragraph L.

(1) Here should be listed those specialties often not thought of in connection with the military profession, but which frequently add materially to an officer's value to the service, particularly in time of war. Examples are: knowledge of foreign languages, special proficiency in motors, athletics, cryptography, knowledge of foreign countries and peoples.

(2) Aeronautical ratings (i.e., airplane pilot, observer, etc.) held by officers are required to be entered regardless of whether the officer is performing flying duty.

(3) Remarks entered in this paragraph must be based on official records or knowledge, not hearsay.

j. Paragraph O.-- Before the reporting officer signs this report, he should be certain that all paragraphs and subparagraphs have been completed accurately pursuant to instructions; that there are no omissions; and that any deletions, interlineations, or erasures are properly initialed.

12. Review by higher authority.--The careful review of all efficiency reports is the obligation of all next higher commanders. Immediate commanding officers sometimes exercise great latitude in making out efficiency reports. Safeguards against the abuse of the immediate superior's prerogatives exist in the careful review of reports by the next higher commander.

13. Forwarding of reports.--a. If it contains no unfavorable entries other than under paragraphs D and F, the efficiency report is transmitted to the next military superior for review and the accomplishment of the first indorsement. In this indorsement the next higher superior may concur in the report, dissent altogether or in part and indicate how he would have rated the officer on the points in question, or make any other pertinent comments.

b. The following method of forwarding reports is given in some detail so that all concerned may be cognizant of the correct manner of handling reports, particularly those having unfavorable entries:

(1) Procedure with reports having unfavorable entries.

(a) Indorsements:

1st Ind.

(From reporting officer to officer reported upon.)
"Referred to you for remark in compliance with paragraph 5, AR 600-185."

2d Ind.

(From officer reported upon to reporting officer.)
Here the subordinate being rated will include any remarks he may desire to make in connection with the unfavorable entries. He will confine himself to these unfavorable remarks in writing his indorsement and not write in generalities.

Declassified E.O. 12356 Section 3.3/NND No. 785021

3d Ind.

(From the reporting officer to the next superior.) Either a transmittal indorsement or any remark he may desire to make with reference to statements of officer reported upon.

(b) If the forwarding indorsement of the next or a higher military superior contains any new matter unfavorable to the officer reported upon, or if a military superior reduces to unsatisfactory any rating of satisfactory or above, the entire report, including the indorsement, will be referred to the officer reported upon.

(2) General procedure regarding indorsements.

(a) By next military superior.

1. "I concur in the above report"; or
2. "I concur in the above report except that under paragraphs G 1 and 5, I would give this officer the following numerical ratings and subsequent final numerical and final adjectival ratings:
   G 1-Physical activity and endurance: 5; Exc
   G 5-Initiative: 3; V.S.
   Final numerical rating 4.2
   Final adjectival rating: Exc."; or
3. "I do not know the officer reported upon but I have confidence in the judgment, spirit of fairness, and impartiality of the reporting officer"; or
4. "I do not know either the officer reported upon or the reporting officer and cannot express an opinion."

(b) By higher commanders.

1. "Examined and forwarded"; or
2. "Examined and forwarded"; followed by whatever comment it may be desired to make.
3. Indorsements by higher military commanders will contain in paragraph 1, "Examined and forwarded," and in succeeding paragraphs any remark they may desire to make. If, in such indorsement, comment other than "Examined and forwarded" is made, the responsible commander will sign the indorsement.

14. Entry of efficiency rating on WD AGO Form 66-1.--When an efficiency rating is entered on Form 66-1 (see par 3a(3) and d of these regulations), the adjectival rating as shown in paragraph N, Form 67, will be entered under items (15) and (31) in the following manner:

(SER 68 600-135)

1. Efficiency ratings comprise an evaluation of an officer in comparision with others of the same grade. In a large group of officers, such as are normally assigned to an infantry division, the law of averages will establish that about twenty percent of the officers of each grade may be superiors about twenty percent may be in the two lower classifications of very satisfactory and satisfactory (Unsatisfactory officers should be identified promptly and reclassified), the remaining sixty per cent who constitute the mass of thoroughly capable officers would fall into the excellent category. Commanders of regiments and large units must analyze the reports prepared within their organization and whenever the distribution varies markedly from the above the reasons must be sought. It is highly important that officers who are genuinely superior be identified by their ratings so that their talents may be fully utilized. It is also important to identify those officers whose qualifications and standards of performance of duty are above the minimum required, but who are clearly below the standard established by the mass of officers of their grade. A series of reports of an individual officer should present a highly accurate evaluation of his worth.

2. Prior to filling in Section G of this report consider carefully the following definitions and the numerical values assigned to each. Keep them in mind when rating, taking into consideration the length of service of officer you are rating and the opportunities afforded him, which might have a bearing upon his performance of duty, personal characteristics, or professional qualifications.

Unsatisfactory: Performance of the particular duty reported upon or personal characteristics or professional qualifications below minimum standards—inefficient.

Satisfactory: Performance of the particular duty reported upon or personal characteristics or professional qualifications up to minimum standard—passably efficient.

Very Satisfactory: Performance of the particular duty reported upon in an efficient manner. Personal characteristics, professional qualifications, or efficiency above that acceptable as satisfactory.

Excellent: Performance of the particular duty reported upon in a very efficient manner. Personal characteristics, professional qualifications, or efficiency above very satisfactory but below superior.

Superior: Outstanding and exceptional performance of the particular duty reported upon. Personal characteristics, professional qualifications, or efficiency above that considered excellent.

Unknown: To be used in all cases in which the reporting officer has had insufficient opportunity during the period covered by this report to observe the officer reported upon to permit a rating as to the performance of the particular duty, his personal characteristics, or professional qualifications.
