NAPLES POSTAL WORKERS' GRIEVANCES

Il chiamante - .....noi ne abbiamo troppo di 22 anni, egregio Commendatore, ne siamo pieni.
Il chiamato - Ma allora che cosa dovevano fare.
Il chiamante - Persuaderli, si e va bene, si ma quando sono andati lì a pretendere, quindi sono gli impiegati stessi che sono venuti a chiamarmi, siamo gente che abbiamo 200 grammi di pane al giorno, la casa non l'abbiamo più perchè le bombe c'è l'hanno distrutta, abiti non ne abbiamo ed i tre soldi che ci da lo Stato ci bastano per 10 giorni per mangiare e lavoriamo 8 ore, insomma tutto questo bisogna tenerlo presente.
Il chiamato - Ma lei lo sa, facciamo tutto il possibile per venire incontro al personale.
Il chiamante - Ma si per esempio Napoli che si vede quel bel spettacolo, il premio della ricostruzione, l'uovo di pasqua del 44 e si paga, e noi guardiamo, abbiate pazienza, il personale si esaspera.
Il chiamato - Ma lei sa che quelle disposizioni non le facciamo noi, ma il tesoro.

Il chiamato - Quando verrà a Roma si faccia conoscere.

Il chiamante - E' la disposizione per il direttore Provinciale per questo accordo?

Il chiamato - Devo parlare col Ministro, non l'ho visto ancora, stasera spero parlargli. Lei sa che il Ministro è stato in alta Italia, poi ha avuto il Congresso del Partito.

Il chiamante - Ma da questo accordo credo che sia facoltà sua, non del Ministro.

Ministro, ha ordinato tassativamente, ed assolutamente che non darà corso alle richieste che sono fatte sotto minaccia di sciopero o di sospensione dal lavoro. assolutamente le boccio, mi ha fatto telegrafare ad alcune direzioni, quindi il personale lo sa. Se il personale vuole ottenere la cosa, non deve parlare, ne di sospensione, ne di sciopero, perchè pare che sia questa una cosa di governo.

Il chiamante - Ho fatto una minaccia.

Il chiamato - Il Ministro, non ha fatto una minaccia, assolutamente dice anzi non lo dice, me lo ha fatto telegrafare, quando per telegrafo sono giunte queste notizie, mi ha fatto rispondere, come le ho detto non prendo in considerazione ecc. ecc.

Il chiamante - Ma quì non è minaccia di sciopero, quì si dice, noi non ci sentono dopo l'orario di fare più straordinari.

Il chiamato - Senta Jannone, Lei faccia considerare al personale che c'è modo di dargli la risposta , cioè che di straordinari non ne faranno più, questa è un arma a doppio taglio, quindi gli dica di stare buoni che le cose si aggiusteranno, ma ci vuole tempo, la calma e che ci tutte tutto, stasera in consiglio di Amministrazione, ne parlerò, ci sarà il Ministro Balducci, ma che il personale stia buono e composto

They further complanied of the difficulties in which they work Regina Coeli was built for 1000 prisoners but at the present time has over 2.500 men in detention. There are frequent revolts and the guards are always exposed to grave dangers. Minister Tupini agreed to review the situation of these guards and to prepare necessary legislation to grant them the same treatment as other members of the police force. None	For several weeks Negotiations between the workers' representatives and private insurance Companies have been in progress for wage increasesL The workers have demanded the same increases received by the employees of I.N.A. The Companies have stated that their financial position does not permit the granting of similar increases. Because negotiations have been prolonged over long period of time the workers decided to go on strike on 18 May. Minister Paresce has intervened to try to settle the dispute. No agreement has been reached so far. Negotiations are still proceding. On 19 May employees of INA went on a sympathy strike.

Employees request wage increases	15/5/45	no date set			Naples Camera del Lavoro; CGIL	Allied Forces	Wage increases have been requested on several occasions and at various times the workers had threatened to strike. At our request the C.G.I.L. has asked all local Camere del Lavoro to urge the workers employed on Allied Forces' projects to remain at work pending a general review of the Allied Force Wage Scale, vis-a-vis wages paid in private industry. The Local Sub-Committee of the Labour and wages Control Committee for the Southern District met on 30 April 1945 and decided not to grant a general wage increase because they were not aware of any undue labour unrest. In view of this decision the workers have decided to go on strike. The Naples Camera del Lavoro has telegraphed to the CGIL asking that Labour Sub-Commission intervene to prevent this strike. This matter will be presented to the Allied Force Labour & Wages Control Committee at its next meeting.

THEY ASK FOR AN INCREASE UP TO 29.50 LIRE PER HOUR. IT IS REPORTED THAT WAGES HAVE RISEN TO 90 LIRE PER HOUR SINCE THE DATE OF LIBERATION. EMPLOYERS HAVE INCLINED TO GRANT INCREASES ASKED BY WORKERS BUT, IN VIEW OF ECONOMIC POLICY FOR THE NORTH PERMISSION FOR THESE INCREASES HAS NOT BEEN GIVEN. THIS IS AN IMPORTANT TEST CASE BECAUSE IT IS THE FIRST CONCERTED DRIVE TO BREAK ECONOMIC POLICY ON THE WAGE FRONT. STRIKERS HAVE RETURNED TO WORK PENDING NEGOTIATIONS.

GENERAL ITALIAN CONFEDERATION OF LABOUR

5 May 1945

REF: 7328
TO: Mr. W. H. Braine
Director, Labour Sub-Commission

Dear Mr. Braine,

The following telegram was sent us by the Camera Confederale del Lavoro of Bari:

" The fascist Capriati, consul of the Company, taking advantage of Allied protection, caused dismissal of Company lawyer Mangione, Secretary of Port Workers' Union, because of Union activities. Threatening violence, Capriati prevented port workers assembly called for the purpose of electing company leaders. Intervention is urgently called for, so that dismissal be immediately cancelled so as to avoid strike and subsequent forseable conflicts."

We beg for your urgent intervention with the Allied Authorities at Bari, so as to prevent Bari port workers from beginning agitations which might harm production.

Yours sincerely,

/s/ LIZZADRI & DI VITTORIO.

RUNS BY ADL.

An agreement has recently been made between local employers and workers' federations for the payment of a special contingency allowance of up to 420 Lire per day to male operatives. This has resulted in Allied Forces basic wage scale falling behind the rates paid in outside industry.

Although Allied Forces are the largest employers of labour in all districts in occupied Italy, their representatives were not consulted prior to the agreement, and took no part in negotiations. The result has been that the Allied Forces have been presented with a "fait accompli" and forced to adopt increased rates to retain the labour they require for military purposes.

It is interesting to note that the majority of the employers who are parties to collective agreements are contractors wholly or partly engaged for the Allied Forces. They accept the demands for increases under pressure of the workers' federations, knowing that, providing they can prove payment of prevailing rates, their contracts will be, and have in the past been, varied to meet the increased labour costs. Agreements to pay allowances have been made with retrospective effect. For this reason they show no reluctance to agreeing to any demands made by the workers.

In this case workers complained that when they decided to stop work they were victims of non-handling by US Military Police, and in some cases working clothing (trousers) were forcibly removed.

Claims not known	4/5/45	3/5/45	3/5/45		Sicilian Camera Confederale	None	Details of this unrest are not yet known. The workers have previously requested substantial wage increases and this demonstration may be as a result of the failure to reach an agreement. This strike is called a "white strike" which ordinarily means a "go slow" or partial strike. It is not known how many workers are involved. The Chemical workers Federation in Rome has wired to the workers in Sicily to resume full operations pending negotiations which will be resumed with the direction general of the Montecatini.

Workers request wage adjustments granted to State employees	4/5/45	8/5/45			Ministry of Treasury	None	Hospital workers request that they be paid the same wage increases granted to state employees. In the decree which accorded wage adjustments to state employees there was a provision made for workers of public and semi-public hospitals. But such increases were subject to deliberations and approval of the Institutes concerned. No provision has been made for these workers as yet.

At one time, about three months ago, the pa- tients demonstrated because they wanted some of the doctors removed. Minister Pareson has intervened and the requests presented by the workers will be considered to-day at a meeting at the Ministry of Industry, Commerce and Labour.

Workers demand salary adjustments which have already been obtained by private workers.	4/5/45	3/5/45	3/5/45		Rome Camera del Lavoro.	Allied Forces; Lt.Col. Bostock	For the past two months workers of the Allied Forces have been agitating for wage increases in view of the rising cost of living. Their situation has been aggravated by the fact that Private Industry has granted substantial increases to their workers. Whereas up to the time of these local and private increases the employees of the Allied Forces enjoyed some advantage over other employees, they are now working for wages which range from 50 to 110 lire less per day. The district Committee to consider revision of wage rates for the Allied Force employees in Rome is in the process of formation. It is hoped that some action will be taken soon.

WORKERS DEMANDED WAGE INCREASE	1/5/45	27/4/45	27/4/45		CATANIA CAMERA DEL LAVORO	NONE	On 27/4/45. 280 railway workers went on strike. Workers demanded 4000 lire monthly increase retroactive to February 16, 1945. Employer contend they are unable to meet this increase because railroad fares are frozen. Workers further protested the appointment of Antonino Villara as Commissioner of the Societa' Circumstrada. The reason for this protest is not known to us. Report will be sent by A.C. Liaison officer at Catania. Strike still continues. This stoppage seems to involve suburban railroad only.

COMMENT

THREATENED STRIKE OF BANK EMPLOYEES

Il chiamante - Sono il direttore del Banco Roma di Salerno i miei dipendenti minacciano di scioperare perchè muoiono di fame. La situazione è insostenibile.
Il chiamato - Ma se sono stati dati gli aumenti da poco!
Il chiamante - Vogliono un trattamento per lo meno pari a quello di Napoli.
Il chiamato - Ma le richieste erano state fatte dai loro rappresentanti.
Il chiamante - Ma, dai rappresentanti nazionali!!Loro dicono che questi ultimi si interessano solo dei grandi centri. La mensa non l'hanno concessa vorrei per lo meno poter distribuire dei viveri in natura. Se mi autorizzate a far ciò cercherei di ottenere qualcosa dalla Sepral di qui.
Il chiamato - Bisogna vedere cosa fanno gli altri. Lì c'è la Comit (Banca Commerciale) non sono problemi che si possono risolvere isolatamente. Comunque mandatemi delle proposte concrete e pigliate contatto con la Sepral.

SUBJECT: Labor Unrest Bakery Employees, Rome - Contractor Lupidi, 218 Via Salari, (employees 35 workers -- 1 day shift, 1 night shift).

1. Employees requested increase in wages. Examination of present rates suggests that they are not being paid at general level prevailing in Rome for private industry. Terms of contract provide for payment of fixed sum per loaf supplied to U. S. Forces. Quartermaster, PBS, not prepared to vary contract to permit contractor to increase his wages.

2. Stoppage of work was threatened for 30 April and on 21 April difficulty was experienced in inducing night shift employees to commence work. Army requisitioned plant on 22 April and on arrival of military labor from Naples all civilian workers were discharged.

3. It is now proposed to substitute civilian directly engaged labor for the military labor brought in for the emergency.

4. The directly engaged labor will be paid at the Allied Forces rates which, on the basis of a 12-hour day, will exceed the rates of wages paid to the original contractor. It is necessary to obtain details of the eventual cost per loaf produced for the Armed Forces (including overheads and management charges) and we ought to see whether arbitrary action in locking-out civilian workers can be justified; or whether it would have been preferable to improve the terms of the contract to enable the original contractor to increase wages to his employees.

LABOUR UNREST

REASONS OR CLAIMS	DATE REPORTED	STOPPAGE OF WORK			OFFICERS CONCERNED		REMARKS
		THREATENED FOR	STARTED	ENDED	ITALIAN	ALLIED	
Employees request that Italian Government intervene on their behalf so that Allied Forces will accept the principle of "prevailing wages"	24/4/45	no stoppage	no stoppage		C.G.I.L. Rome Camera del Lavoro	Allied Forces	Yesterday, 23/4/45, a large number of Allied Forces employees demonstrated before the Viminale Building to urge the Italian Government to intervene on their behalf. The workers request a cost of living bonus and a general revision of salaries to match wage increase obtained from private employers. C.G.I.L. has repeatedly urged A.C. Hq. for a revision of the wages paid to this large group of workers. Labour Sub-Commission has initiated proceedings for an adjustment of wages to Allied Forces employees. Labour and Wages Control Committee has approved wage increases for these workers which will soon be put into effect.

REF : 183/208

SUBJECT: Labour Unrest at Alfa Romeo Garage

TO : Lt.Col. W.J.Bostock, Labour R.A.A.C.
Rome Area Command

1. Signor Pompiglio Molinari, secretary of Metallurgical Trade Union, has informed us that the workers (Italian) of the Alfa-Romeo Garage have been agitating for salary increases to meet the higher cost of living.

2. On Tuesday, April 10, 1945, at the suggestion of the C.G.I.L. (Confederazione Generale Italiana del Lavoro) Signor Molinari went to the garage to advise the workers that their request was under consideration and to urge them to remain at their jobs.

3. Signor Molinari was refused admission on the ground that he had no proper identification and was advised to proceed to your office and talk with you.

4. On his way out of the premises he talked with a Signor Ciro Gallucci, a member of the internal Commission at the Garage. It is alleged that Signor Gallucci was discharged by Captain Stewart because he was seen talking with Signor Molinari. As a result of this dismissal, ten other workers have left their jobs.

5. Captain Stewart denies this and states that Signor Gallucci was dismissed on 13/4/45 because he called a meeting of all the workers at 0730 hours and urged them to go out on strike. Captain Stewart further states that as a result of this dismissal ten other workers left their jobs at noon.

6. The above named garage employs more than 300 Italian workers. In order to prevent further unrest among these workers we recommend that you investigate this incident with a view to rectify whatever misunderstanding has arisen.

7. The C.G.I.L. has been a strong factor in maintaining peaceful labour conditions throughout liberated Italy and in preventing strife among civilian workers of the Allied Forces. We are, therefore, most anxious that our relations with organised labour remain cordial.

They threaten complete cessation of work unless steps are taken immediately to pay increases to them. C.G.I.L. has written to Camera del Lavoro at Ancona urging moderation, but they report that unless employees are assured that they will receive salary adjustments soon, all the other workers of the region may join in a strike of protest.

Workers have asked for cost of living bonus to meet increased cost of living	12/4/45	15/4/45			Rome Camera del Lavoro: C.G.I.L.; Unione Commercianti	None	Negotiations have been in progress for the past two months but no agreement has been reached. "Il Lavoro" attacks Anselmo Castelnuovo one of the leaders of the Unione Commercianti for alleged obstructionism in these negotiations. The newspaper charges that Castelnuovo has always been the enemy of the workers and recall the fact that he was the leader of the fascist syndicate of Commercianti. The employers have apparently made some concessions for increases but they have been unwilling to meet the request for an increase of about 100 lire per day. The workers have organized a demonstration for Sunday, April 15.

AS PREVIOUSLY REPORTED, THE LEADERS OF THE MINERS HAVE BEEN AGITATING FOR SOME TIME FOR THE REMOVAL OF THE PRESENT PRESIDENT AND SOME OF THE DIRECTORS. STRIKE OF TERNI ROAD WORKERS REPORTED

Caller: Please tell the Inspector that the workers of the CIOCCHETTI firm who are repairing the FLAMINIA highway, are striking because the Confederation of Labour decided to increase the workers salary of 100 lire a day, whereas Maj. EVERSEN gave orders yesterday to give an increase of only 15 lire a day from 16 February on. These 15 lire are a special indemnity for the high cost of bread. What shall we do?
Callee: I shall tell the Inspector now.
Caller: As soon as you receive instructions call me up on number 693 TERNI.

REF. : LSC/208

SUBJECT: Information on Labour Disputes and Wage Negotiations.

TO : Economic Section.

1. For the proper development of wage policy affecting workers engaged directly by the Allied Forces it is essential that the A.C. liaison officers in Sicily, Sardinia and King's Italy supply the Labour Sub-Commission direct with information concerning:

(a) labor disputes in their territory;
(b) wage negotiations and wage agreements as soon as they are in progress, and from their inception whenever possible.

2. In A.M.G. territory the regional labour officers should gather similar information and supply the Labour Sub-Commission direct with all data available.

3. Since time is of the essence in all labour disputes as well as in wage negotiations it is requested that prompt action be taken by the responsible officers in keeping Labour Sub-Commission informed of developments in this field as soon as disputes and /or negotiations occur.

4. It is requested that Economic Section issue proper instructions to the liaison officers in Italian Government to forward such information to Labour Sub-Commission. It is further requested that Regional Commissioners in A.M.G. territory advise their regional labour officers to report as above.

5. It is requested that liaison officers in Italian Government territory may obtain the necessary information by maintaining contact with the local Camere del Lavoro and with the regional labour offices (Italian).

IN VIEW OF THE TREND IN WAGE CHANGES IT IS SOMEWHAT SURPRISING THAT THE WORKERS WILL BE SATISFIED WITH ALLIED FORCE WAGE SCALE. A Strike in Northern Italy: Pattern of the Strike

1. The following report on a strike at the COGNE Steel Works on 1 February, 1945, is the first detailed report of this nature to arrive from Occupied Italy. The pattern it follows is this: meeting of strike committee, drawing up of a memorandum of grievances, the strike, intervention by the police, the Fascist and the German authorities, and arrests.

2. Attached herewith are three documents in connection with the grievances which culminated in the strike.

   Document No. 1 contains the minutes of the meeting held by the COGNE strike committee on 30 January. Document No. 2 is a report of events on the day of the strike. Document No. 3 is a memorandum of the grievances and demand of the strikers which the strike committee intended to submit to the Board of Directors of the COGNE factories and to the Cogne civil authorities.

the strike was an order issued by the management of the COGNE factories, transferring all the personnel, both clerks and workers, to forced heavy labor in the upper mountain regions, making no provision for their families in the meanwhile.

4. The order was executed and thereafter 33 COGNE workers were killed on 26 January by an avalanche in the Valgrisanche zone while engaged in clearing away the snow in an area known to be subject to the danger of avalanches. Unrest reached a climax the same day when a lieutenant of the Alpine Corps and three Alpine soldiers armed with rifles and sub-machine guns, who kept close watch on the workers at the time of the accident, were executed by the workers. The strike followed.

Document No. 1

Minutes of the Meeting Held by the COGNE Strike Committee on 30 January

WHEREAS the lamented accident of 26 January may be considered a challenge to the interests of the mass of workers:

THE COMMITTEE has met to deliberate on the following agenda:

1. Examination of the situation
2. Organization of a mass protest
3. Demands:
   - Distribution of sufficient quantities of food, coal and wood
   - Payment of three months' salary in advance
   - Fortnightly advance part-payments proportioned approximately to half the monthly salary.

As a result of the discussion, the following measures were unanimously agreed upon:

1. To call a two-hour strike, of a political-economic character, for 1 February (anniversary of the founding of the Fascist Militia).

2. To inform the mass of workers of the above decision by means of 500 leaflets, to read as follows:

   Workers, clerks, managers - united!
   As an act of mourning and protest,
   strike today from 10 a.m. until
   12 noon.
   We are hungry. We are cold.
   We refuse to work in the snow-covered
   mountains

4623

3. To prepare a memorandum to be submitted to the Board of Directors of the COGNE factories and to the Cogne civil authorities.

Report of Events of 1 February
(Strike Day)

9:30 a.m. Distribution of leaflets among the workers

10:00 Strike

10:15 Arrival of fascist units, armed with machine guns mounted on trucks

10:20 Arrival of police under Questore Mancinelli. He slapped several workers in the face, struck them with a whip, and ordered the troops to fire to intimidate the strikers.

10:25 Arrival of the Prefect. He gave orders to open fire if the situation should get out of hand, and if the workers did not resume work at once.

10:30 Arrival of the Fascist Militia under Tancredi. The Militia fired at the windows of the executive offices, where many clerks were assembled.

11:30 Mass arrests. 73 strikers were taken into custody by the police.

Afternoon Additional mass arrests. The German Labor Commission intervened, and ordered the release of detained strikers. Fascist authorities promptly acceded; apologized to the German authorities for their action.

2-3 Feb. Inquest. The PUI interrogated the clerks who went on strike, arresting several.

4 Feb. Suspension of inquests.

4622

Results Achieved by the Strike

Intervention by the police made it impossible for the strikers to submit the memorandum to the Board of Directors, and the chance of securing some improvement in working conditions of the personnel was thus lost. According to rumor

Declassified E.O. 12356 Section 3.3/NND No. 785021

the German Command is considering the exemption of the COMIL personnel from forced labor in the mountains. Improvement of the food situation is expected as a result of the strike.

The strike has proved that:

- Fascist authorities have not shown strength or confidence.

- By ordering police and militia on duty at block-posts and guard-posts to leave their stations and intervene in breaking the strike Fascist authorities showed themselves incapable of coping with mass protest.

- The apologies offered to the German authorities prove Fascist weakness and humility in dealing with the Germans.

- The discipline, prudence and calm displayed by the strikers prove their faith in their cause and in their leaders.

Memorandum

WE REFUSE TO WORK IN THE MOUNTAINS. Never before have civilians been forced to work in front line zones. We demand to hear from Signor Sonzini himself his impressions of the terrible conditions under which our colleagues are working in the mountains.

WE ASK FOR THE IMMEDIATE END OF FORCED LABOR. Furthermore, we demand to know who will pay pensions and death indemnities. The bodies of those killed while working at forced labor must be brought back to the factory, and expenses for their funerals must be borne by the Company.

WE ARE HUNGRY. We expect food rations to be distributed as promised by the Prefect. This month we have received rations to the value of only 60 lire.

EXTRA FOOD RATIONS FOR COOPERATIVE FACTORY WORKERS. We were promised extra food rations, but nothing has been done. If there is sufficient food to be sold on the black market, there should be enough food for us.

WE ASK for charcoal. Our children are dying of cold.

WE ASK that three months' salary be paid in advance. Furthermore, as the average monthly salary is 2,000 lire, we ask that the amount given in occasional necessary advance payments be raised from 300 to 500 lire.

DISPARITY IN TREATMENT OF SPAGHETTI FACTORY WORKERS AND THOSE OF THE VISCOSA

"Spaghetti Factory manual workers have been granted a weekly 9 kilo ration of pasta, besides the normal ration. This criterion ought to be followed even for workers attached to other Food stuff Factories! Are workers employed in other factories in less need? Are these workers, who like us, get up at 5 in the morning in order to beat work on time less hungry? Are not office workers' Children like manual workers' children? In this case we would like to envy them. Any how it is not right that a particular class of workers be treated better without a specific reason. This only increases our extreme dislike towards the government and towards whom issued such provisions".

AS A PROTEST AGAINST THE PIECE WORK SYSTEM, THE MINERS AT BACU ABIS HAVE "SLOWED-DOWN" AND THEIR DECREASED OUTPUT HAS PRODUCED A LOSS OF 400 TONS OF COAL PER DAY (ACCORDING TO ESTIMATES OF INDUSTRY SUB-COMMISSION). THE NEW PIECE WORK RATES WENT INTO EFFECT ON FEB. 15, 1945. IT SEEMS THAT THE MINERS IN THE OTHER MINES HAVE ACCEPTED THE NEW RATES MORE WILLINGLY. THE AVERAGE BASE PAY IS 4 LIRE PER HOUR. THE MINERS ARE REQUESTING AN INCREASE OF 200% OF THE BASE PAY, OR 8 LIRE PER HOUR. THIS WOULD REPRESENT AN INCREASE OF 64 LIRE PER DAY (ON THE BASIS OF 8 HOURS PER DAY). AT PRESENT TIME THE COAL MINERS IN SARDINIA EARN AN AVERAGE OF 120 LIRE PER DAY. 2. SOME OF THE MINERS HAVE ASKED FOR THE ABOLITION OF PIECE-WORK ON THE GROUND THAT IT IS A FORM OF EXPLOITATION. ACCORDING TO INGEGNERE CARTA (HEAD OF TECHNICAL SERVICES), HOWEVER, THE MAJORITY OF THE MINERS PREFER PIECE-WORK BECAUSE IT INSURES GREATER REVENUE TO WILLING WORKERS. 3. THE DIRECTOR OF THE MINES HAS REFUSED THE REQUEST FOR AN INCREASE IN WAGES ON THE GROUND THAT NO INCREASE IS POSSIBLE UNTIL THE PRICE OF COAL IS RAISED. IT IS FURTHER STATED THAT THIS IS A MATTER FOR THE MINISTRY OF INDUSTRY, COMMERCE AND LABOUR TO DECIDE. 4. IT IS POSSIBLE THAT UNLESS THE GOVERNMENT INTERVENES FURTHER LABOUR TROUBLE IN THE WAY OF STRIKES ARE TO BE EXPECTED.

A GENERAL DEMONSTRATION OF WORKERS WAS CALLED BY THE POLITICAL PARTIES OF LIBERATION TO PROTEST THE ESCAPE OF GENERAL ROATTA FROM A MILITARY HOSPITAL. WORKERS STOPPED WORK AT 1400 HOURS ON 6.3.45 AND PROCEEDED TO PIAZZA COLOSSEO WHERE THEY WERE ADDRESSED BY VARIOUS SPEAKERS. THE PROTEST WAS DIRECTED AT THE CARABINIERI, AT THE MONARCHY AND AT THE GOVERNMENT. AT THE END OF THIS MEETING SEVERAL GROUPS OF WORKERS PROCEEDED TO THE QUIRINALE TO DEMONSTRATE AGAINST THE MONARCHY. IT APPEARS THAT WORKERS ATTEMPTED TO FORCE ADMITTANCE INTO THE PALACE AND MOUNTED CARABINIERI CHARGED INTO THE CROWD. SOME BOMBS WERE THROWN CAUSING THE DEATH OF ONE WORKER. SEVERAL OTHERS, INCLUDING A BRITISH SOLDIER, WERE WOUNDED.

A GENERAL DEMONSTRATION OF WORKERS WAS CALLED BY THE POLITICAL PARTIES OF LIBERATION TO PROTEST THE ESCAPE OF GENERAL ROATTA FROM A MILITARY HOSPITAL. WORKERS STOPPED WORK AT 1400 HOURS ON 6.3.45 AND PROCEEDED TO PIAZZA COLOSSEO WHERE THEY WERE ADDRESSED BY VARIOUS SPEAKERS. THE PROTEST WAS DIRECTED AT THE CARABINIERI, AT THE MONARCHY AND AT THE GOVERNMENT. AT THE END OF THIS MEETING SEVERAL GROUPS OF WORKERS PROCEEDED TO THE QUIRINALE TO DEMONSTRATE AGAINST THE MONARCHY. IT APPEARS THAT WORKERS ATTEMPTED TO FORCE ADMITTANCE INTO THE PALACE AND MOUNTED CARABINIERI CHARGED INTO THE CROWD. SOME SHOTS WERE THROWN CAUSING THE DEATH OF ONE WORKER. SEVERAL OTHERS, INCLUDING A BRITISH SOLDIER, WERE WOUNDED.

Labour Sub-Commission has investigated labour situation at Castellamare and has recommended increase in the number of permanent members of Port Company and the establishment of casual workers' roll. Ministry of Merchant Marine has intervened, pursuant to discussions with Labour Sub-Commission. The Minister has dispatched Colonnello Sarti to Castellamare to step up recruitment of additional workers and to check on efficiency of the port labour office and of the leaders of port company. Results obtained prove conclusively that steps taken by Labour Sub-Commission have been successful. Permanent roll of Port Company has increased from 30 to 75, and 80 casual workers have already been recruited. Further increase are expected.

24 February 1945

SUBJECT: Threatened Strike - Castellamare

TO : Mr. W.H. Braine - Director Labour Sub-Commission

1. In accordance with your memorandum of 18 February, I visited Naples and herewith make the following report.

2. I conferred with Major R.B. Easton, Base Purchasing Agent, Pennbase (PBS) South on all phases of the subject. He stated that his office came into the picture, upon receipt of a cable from Mtousa which referred to an HQ.AC., Food Sub-Commission Report, to the effect that there was a "Labour Shortage" at Castellamare which interferred with unloading of foodstuffs.

Upon Mtousa's order he proceeded to Castellamare, on about 15 February, and investigated the matter reporting the reasons and recommendations thereupon, by cable. He interviewed Capt. Palmer at Castellamare who failed to mention the action taken by Maj. Scicluna and Mr. Di Fede of the Labour Sub-Commission and Capt. Botham of the Regional Labour Office. Capt. Palmer did not mention that he receives the advance notices of arrivals or that he can readily obtain them at the Port. Capt. Palmer failed to mention that there was an available Portual (Labour Supply) Company Office or that he objected to and was prejudiced against that organization.

3. I then visited the War Shipping Administration and spoke with Mr. Herrick, Operation Officer and Mr. Drysoni, his Italian assistant. They stated that Castellamare was one of the few ports that up to a short time ago had caused lots of trouble. First, because cargo unloading there were slow and inefficiently managed, averaging less than 250 tons per day as compared to other nearby ports averaging 450 tons per day, under similiar conditions of ships, men and cargo. Second, that there was no shortage of labour there as the Local Portual (Labour Supply) Company was not called upon to furnish help. And third, that the claim that no advance notices of arrival were given is far fetched and erroneous because arrival notices are relayed to the Port soon after manifest sheets are received and shipping and clearance orders are issued.

4. From all facts obtained and in summation it appears:

4545

a. That Capt. Palmer, Food Sub-Commission, Officer in Charge of warehouses, at Castellamare was lax and inattentive in his duties. That he receives ample notice of shipments, receiving the manifests and arrival, notices at about the same time as the War Shipping Administration and the Port Authorities. In

Declassified E.O. 12356 Section 3.3/NND No. 785021

addition, the Port Authorities at Castellamare are informed in advance of ship arrivals, for in most cases the average ship must be prior lightened at other ports before docking at Castellamare because of the shallow water there.

b. That Capt. Palmer is not cooperative with the Portual Company, the basic accredited Port Labour Supply Unit and organization of the Ministry of Merchant Marine. That he would rather rely upon and do business with private and independent contractors than the agency of the Italian Government.

c. That Capt. Palmer inadvertedly or otherwise failed to inform Major (then Capt.) Easton of Pennbase (PBS) South that the HQ.AC. Labour Sub-Commission and the Southern Region Labour Office had been working on the matter, from about 24 January onwards. That they had made full and adequate arrangements with the Italian Ministry of Merchant Marine to supply the Port of Castellamare, through its Portual Company Offices with additional Labourers. Further, that they had satisfactorily taken care of all the labour ills at Castellamare.

5. Maj. Easton and Mr. Herrick were advised that all labour matters in that area should properly be referred to Capt. Botham, Southern Region Labour Officer who is stationed at Naples for that purpose.

6. Mr. Herrick informed me that a Mr. Nichols, official of WSA may be in Rome sometime this week to discuss other Port Labour matters.

N A P L E S.

In pursuance of the report, of which a copy is herewith subjoined, sent by the Seccetary of the Port Workers' Italian Federation to Mr. Di Fede and Mr. Scicluna and, for information, to this Office, the necessary ascertainments have been made in order that your Labor Division may inform the competent Office of the Allied Commission.

The functionaries charged with this task have reported that the ships which have goods to be unloaded at the port of Castellammare call at this port at long intervals so that unemployment ensues from this and the workers evidently are applying for work to other concerns in the intervals of the calls of the ships. These workers, at the moment of the new request for them, find themselves engaged with other concerns.

Such being the state of things, to obviate these embarrassments and inconveniences, this Office has already given strict directions and instructions to the local Section of the Provincial Labor Office and to the companies intrusted with the unloading work in order that what above complained should not occur again.

With best regards

In seguito alla relazione, di cui si trasmette copia, inviata dal Segretario della Federazione Italiana Lavoratori del Porto a Mister Di Fede e Mister Sciclune e per conoscenza a questo Ufficio, si è provveduto agli accertamenti del caso perchè codesta Labor Division possa informare il competente Ufficio dell'Allied Commission.

I funzionari incaricati hanno riferito che i piroscafi che scaricano merce nel porto di Castellammare si susseguono a lunghi intervalli con conseguente di disoccupazione della manod'opera, la quale evidentemente cerca, fra un approdo e l'altro, lavoro presso altre ditte. Detta manod'opera, poi, al momento della nuova richiesta, si trova con altri impegni.

Stando ciò, allo scopo di eliminare tali intralci ed inconvenienti, quest'Ufficio ha digià dato tassative disposizioni alla locale Sezione dell'Ufficio Provinciale del Lavoro ed alle compagnie incaricate allo scarico perchè in avvenire non si ripeta quanto lamentato.

Distinti saluti.

R O M E.

As agreed upon,I went to Castellammare di Stabia and get now you acquainted with what follows:

As well known by you,the bonded-warehouses (Magazzini Generali) give, for the unloading of wheat from a ship,one elevator to each hold of a ship;At Castellammare it is not possible to furnish more than three,that is,one to each hold.At the beginning of the unloading we may say that no workman is necessary,but,when the elevator has made the void around itself,then it is necessary to gather the wheat from the walls of the hold and to carry the wheat towards the elevator.

With us a system is used,so called "Guantiera",which is made up of a plank,which,pulled up by the winch from the deck,swiftly effects racking action.To set a "Guantiera" in working order,four workers are necessary: two are required in order to keep it agoing,one at the capstan in order to displace the "Guantiera",and one on the deck for the signals.

If the ship is furnished with two capstans to each hold,then,to fulfil more efficiently the unloading,two "Guantiere" can be set up to each hold,bringing thus the number of the workers to be engaged to each hold up to eight.Considering,therefore,that the ship at the utmost of its work has three holds with one elevator to each hold and two "Guantiere" to each hold,the number of the workers will be twentyfour in each turn.Fulfilling two shifts of work,the number of the workmen will be fortyeight.

As you may realise,also at present the Company of the port of Castellammare is in a position to accomplish and meet its engagements.

Why then cannot this work be in operation and are not the workers available?I give you at once the explanation.

Mr. Cozzolino,besides being the director of the corn-magazines of Castellammare,has also a company "COGAR" for the loading and unloading of allied ships.Since about a month,since when,that is,the complaints at Castellammare begun,he has received orders for similar works from the Americans in the port of Naples.

Mr. Cozzolino,since started such works at Naples,is taking the workers from the company of Castellammare,gets them recruited by a trustee of and takes them to Naples to carry out the other

The unavailability,therefore,of the personnel is not a fault to be laid on the company,but on Mr. Cozzolino himself,who,the more time takes him in unloading the wheat from a ship,the more ~~he~~ is gaining,while at Naples if he has no personnel,he,besides losing his contract,may also be heavily fined,as he has given a bail amounting to half a million lire.

Come di accordo mi sono recato in Castellammare di Stabia e Le riferisco quanto appresso:

Come Ella ben sa,i Magazzini Generali attrezzano la discarica di un piroscafo di grano,piazzando un elevatore per ogni stiva. A Castellammare non se ne possono mettere più di tre e cioè uno per ogni stiva. Al principio della discarica,quando la stiva è piena,si può dire che operai non ne occorrono,ma quando l'elevatore ha fatto il vuoto intorno a sè è necessario rastrellare il grano dalle pareti della stiva ed invogliarlo verso l'elevatore.

Da noi per fare ciò si pratica un sistema detto "Guantiera" che si compone di una tavola che tirata dall'argano della coperta velocemente compie opera di rastrellamento. Per il funzionamento di una "guantiera" occorrono quattro operai:due per manovrarla,uno al varricello per spostarla e uno in coperta per la segnalazione.

Se il piroscafo dispone di due varricelli per ogni stiva,allora per operare la discarica con maggiore rendimento si possono attrezzare due "guantiere" per ogni stiva,portando così ad otto il numero degli operai impiegati per ogni stiva. Considerando dunque che il piroscafo lavora al massimo e cioè con tre stive con un elevatore per stiva e con due "guantiere"per stiva il numero degli operai occorrenti sarà ventiquattro per turno. Facendo due turni di lavoro il numero degli operai sarà di quarantotto.

Come Ella può rendersi conto anche attualmente la compagnia portuale di Castellammare è in condizioni di far fronte ai suoi impegni.

Come mai allora il servizio non funziona e gli operai mancano? glielo spiego subito.

Cozzolino oltre ad essere l'amministratore dei Silos di Castellammare ha anche una società COGAP per impresa di carico e scarico di navi alleate. Da circa un mese ha avuto lavori del genere dagli americani nel porto di Napoli,cioè da quando sono cominciate le lamentele a Castellammare.

Il Cozzolino da che ha incominciato tali lavori a Napoli prende gli operai della Compagnia di Castellammare,li fa reclutare da un suo incaricato al di fuori della compagnia e se li porta a Napoli a fare l'altro lavoro di discarica. Ecco la vera ragione della mancanza degli operai.

SUBJECT: Port Labour at Castellamare

TO : W. H. Braine, Director Labour Sub-Commission

1. I have discussed the contents of your minute dated 18 February with Major E. G. Lush, chief staff officer to Col. W. J. Legg.

2. Major Lush regrets the action taken by PENSOUTH because the situation at Castellamare has already greatly improved. Col. Legg is out of Rome but he will communicate with you immediately upon his return , probably on Friday.

3. When we visited Castellamare Captain Palmer cited the port of Torre Annunziata as a port operating efficiently and therefore very satisfactorily. Major Lush showed me three telegrams received from Castellamare and Torre Annunziata showing quantity of food stuffs unloaded on February 15, 16 and 17. I think the figures speak clearly and they are as follows:

	Castellamare	Torre Annunziata
(a) Feb. 15.	969 tons of grain;	540 tons of grain - 282 tons of salt
(b) Feb. 16.	977 tons of grain;	787 tons of grain - 155 tons of salt
(c) Feb. 17.	743 tons of grain;	764 tons of grain - 4539

4. Major Lush further stated that the figures at Castellamare should be compared with the average of 200 tons daily prior to our visit to that port. Their latest report shows that the port company of that port has added 80 casual workers to their roll and the number of permanent workers has increased from 40 to 75.

1. Thank you for your note of appreciation regarding this Sub-Commission's efforts in connection with Port Transport workers at Castellammare. I have shown it to Mr. Di Fede and circulated it to the Staff as a stimulus for similar work.

2. As we have been active on this account, I am rather sad to see the attached cable from PENSOUTH Naples on the same subject covering the same issues and making recommendations which cross our trails.

3. I am asking a Labour Sub-Commission Officer to discuss with PBS Naples when visiting there because confusion will arise if they take independent action. Do you think we should raise this at higher level -- or will you wait till I get the report of the Labour Sub-Commission Officer.

COMMANDING GENERAL MTOUSA FOR ACTION, COMMANDING GENERAL PEBASE, FOOD SUBCOM AC FOR OIC SILOS, CASTELLAMMARE FOR INFO

SECRET.

No present shortage of labor at GRAIN SILOS CASTELLAMMARE. MTOUSA message FX 25824 cite NAGDS refers: GRAIN SILOS CASTELLAMMARE is AC civilian stores depot unloading 4 to 6 ships per month at irregular intervals. Manifests not always received prior to ships arrival. Silos have stevedore contract with one COZZOLINO who under AC policy gets all his labor from local port workers union (COMPAGNIA PORTUALE). Union has 75 regular members, has recently added 80 special. To 24 January union furnished 20 workers, by 29 January 40 workers, by 10 February 120 workers. Increase result of repeated complaint by OIC SILOS. Committee now formed with OIC SILOS, Union, MWT, etc to hold weekly meetings, press for continued improvement. OIC SILOS and MWT representative favor continued dealing with union. Past ineffectiveness of union in getting labor result of weak officials, and desire to spread out limited amount of work to make steady employment of few rather than sporadic employment for many. Present crew of 120 enough for 1 ship and meets problem unless 2 ships bagged grain arrive at once. Recommend following action by agencies named; (1) OIC SILOS to work out present plans with union locally; (2) Italian Ministry of Merchant Marine to tell union to put on membership complement and payroll at least 145 new members, or lose present monopoly of port work; (3) MWT or MSA to schedule ship arrivals of bagged grain to spread work out as evenly as possible;

1. This report is in reply to your memorandum of 14 February regarding the above.

2. It has been ascertained that the employees of E.A.I. threatened to go on strike on 16 February 1945 unless their demands are met.

The demands are for a mid-shift meal for all workers at the expense of the employer;

A special bonus of 20 lire per day for technicians;

A transportation bonus of 100 lire per month for technicians.

3. High Italian authorities in Rome are in touch with the situation -- the Minister of Communications (Cevigliati) has requested the Prefect in Naples to intervene because E.A.I. is a public service. Mr. Rusca, the Director General at Rome for E.A.I., has been negotiating with the workers' representatives and is disposed to grant the mid-shift meal if the workers will bear one-half the cost.

4. Allied Commission representatives in Naples are aware of the details, and the Regional Labor Officer is keeping in touch.

5. Labor Sub-Commission will keep in close touch with developments. It is understood that P.W.B. program will not be affected.

SUBJECT: Threatened strike of N.A.I. employees at Naples.

TO : Major J. A. Smylie
Staff Officer to C.C.

1. This report is further to your memorandum of 14 February and my interim report of 15 February, regarding the above.

2. The strike of N.A.I. employees at Naples, threatened for 17 February, did not materialize. Dr. Russo, the Director General at Rome, will receive a representative of the Naples employees today, Monday, 18 February. A member of Labor Sub-Commission will also discuss with Dr. Russo today.

3. On the question of mid-shift meal for employees at Naples, which was one of the demands attached to the strike threat, the fact is that the Rome employee receive such a meal costing 6 lire per person, of which the employer pays 4 lire and the worker 2 lire. In Naples similar arrangement has not been made because, it is alleged, that food cannot be obtained as in Rome.

4. Rome employees also demand increase in wages but are not threatening strike action.

SUBJECT: Threatened Strike of R.A.I. Employees in Naples.

TO : Captain Dorf

1. A particular issue to investigate personally at Naples is a threatened strike of R.A.I. employees. The known facts are as follows:

It has been ascertained that the employees of R.A.I. threatened to go on strike on 16 February 1945 unless their demands are met.

The demands are for a midshift meal for all workers at the expense of the employer;

A special bonus of 30 lire per day for technicians;

A transportation bonus of 150 lire per month for technicians.

High Italian authorities in Rome are in touch with the situation -- The Minister of Communications (Cevoletti) has requested the Prefect in Naples to intervene because R.A.I. is a public service. Dr. Rusca, the Director General at Rome for R.A.I., has been negotiating with the workers' representatives and is disposed to grant the mid-shift meal if the workers will bear one half of the cost.

Allied Commission representatives in Naples are aware of the details, and the Regional Labour Officer is keeping in touch.

2. Please see PWB represe tative at Naples and ascertain if he knew when this unrest began to develop, or if he did not know until the strike threat was made. Ask him to keep in touch with Captain Botham.

3. Visit the Personnel Manager of R.A.I. at Naples and find out from him when the unrest began to develop, when the firm demands were put forward, what those demands were, when the manager reported the unrest:

Declassified E.O. 12356 Section 3.3/NND No. 785021

(a) to his own high authority;

(b) to P&B.

Ascertain what instructions Cevolotti gave to the Prefect and to R.A.I., and how he or the Prefect would propose to enforce them.

With permission and agreement of the Direction of R.A.I. (but not without) see the men's leaders and get their story.

In conjunction with Captain Botham, agree on a statement on the present position and probable developements.

4. If urgent reports are necessary, inform this Sub-Commission by phone, otherwise a written report on completion of visit will suffice.

1. General unrest among all classes of workers in all regions of liberated Italy is reported because of the great disparity between wages and the cost of living. Local strike action has been taken without authority or approval of CGIL, e.g.,

(a) Three-day strike of State and para-statal employees in Catanzaro, which ended through intervention of CGIL;

(b) One-day strike of similar employees in Reggio Calabria;

(c) Three-day strike of tobacco workers at Lecce.

2. Our information is that CGIL is endeavoring to moderate local direct action and has instructed all Camere del Lavoro to refer to CGIL before strike action is allowed to take place.

3. Bank and insurance workers in Rome have threatened to break away from CGIL on this point unless they are more satisfied of strong action by CGIL.

4. Prime Minister Bonomi and Minister Gronchi received deputation from CGIL on 13 February on the subject of stabilization of prices, better distribution of food products and sliding scale to keep in step with cost of living. Ministers undertook to consider these points but were not disposed to consider further wage advances.

4504

5. Prime Minister also received delegation of State and para-statal employees, introduced by CGIL, in the forenoon of 15 February.

6. In the afternoon of 15 February a further meeting with Prime Minister and 13 other Ministers will consider general problems of food, prices and wages.

SUBJECT: M.M.A.C. Operations - Stoppage

TO : Colonel Densmore

1. At the Staff Conference on Friday 2nd February 1945 the Director of Transportation Sub-Commission reported that MMAC came into operation on 1st February and that strikes had immediately occurred.

You instructed Labour Sub-Commission to investigate and report.

2. The strikes referred to were not strikes of workers, but suspension of activities on the part of motor truck owners. There were 3 stoppages in all, two occurred on 1 February, one at the S.T.A. depot and the other at the FIAT depot, involving about 150 to 200 trucks in all. Operations were resumed after 2 hours. On 2 February, another occurred at the depot of the Mercati Generali involving about 80 trucks. These stoppages occurred because on 1 February, truck owners were obliged to participate in the MMAC arrangement, whereas, prior thereto, they had complete freedom to operate as they pleased and at such rates as they could obtain. The Ministry of Communications is setting up a Committee of truck owners to collaborate with MMAC.

3. You will perhaps accept this report as clearing the assignment to Labour Sub-Commission to investigate.

4. DEFINITION

The term "strike" may be used in various connections, some of which do not affect Labour Sub-Commission.

May I suggest that it be recognised that the concern of the Labour Sub-Commission is with TRADE DISPUTES, defined as 4503

> "any dispute or difference between employers and workmen or between workmen and workmen connected with the employment or non-employment, or the terms of the employment or with the conditions of labour of any person."

SUBJECT: S.N.A.C. Strike

TO : Mr. Braine

1. The S.N.A.C. (Ente Nazionale Autotrasporti Cose) is a public organization controlled by the Ministry of Communications. It has been established to control and to make priorities in the allocation of all available motor transport for the transportation of goods. All motor truck owners are obliged to operate through the S.N.A.C. pool and to make such trips as S.N.A.C. designates. The employees are private employees of the truck owners and subject to the laws governing private employment.

2. The strikes referred to were not strikes of employees but strikes of motor truck owners. There were 3 stoppages in all, two occurred on 1 February, one at the S.T.A. depot and the other at the FIAT depot, involving about 150 to 200 trucks in all. Operations were resumed after 2 hours. On 2 February, another occurred at the depot of the Meretti generali involving about 80 trucks. These stoppages occurred because on 1 February, truck owners were obliged to participate in the S.N.A.C. arrangement referred to in the above paragraph, whereas, prior thereto, they had complete freedom to operate as they pleased and at such rates as they could obtain. The Ministry of Communications is setting up a Committee of truck owners to collaborate with S.N.A.C.

3. Since there is no Labor problem involved, I do not believe the Labor Sub-Commission has any further interest in the matter.

SUBJECT: F.E.S.T.I. Threatened Strike

TO : Mr. Braine

1. Captain Holsten and the undersigned went to the offices of the above-mentioned Company at 1500 hours on 1 February for the purpose of attending a meeting between the employees and management in order to avert a threatened strike. Before the meeting convened, we were greeted by a Lt. Col. Reeves (A), Signal Officer in charge of military communications. Col. Reeves wanted to know what we were doing there. When we explained, he stated in a curt manner that there would be no meeting because he had not called any, and that he was simply interested in whether or not there would be a strike. We explained our interest in the matter and the necessity of professional handling of Labour disputes in order to avoid public unrest, quite apart from the military urgency. Col. Reeves was not particularly impressed at first and both Captain Holsten and myself immediately recognized the dangers in proceeding in the manner suggested by the Col. I suggested to Col. Reeves that he would get a more reliable answer to his question after the meeting was held if the employee representatives were satisfied that something would be done for any of their demands which were equitable. Col. Reeves ultimately acceded to this proposal and decided to wait until the end of the meeting.

2. The meeting convened at approximately 1530 hours. There were present for the Company the Commissario and another representative of the management, and for the employees 10 members of an Internal Commission. In addition there were present Dott. Togni, Captain Holsten and myself.

3. The meeting was conducted by Dott. Togni. He explained the difficulties under which all persons and workers in Italy were obliged to live, on account of the war. He further went into the inflationary aspects of wage problems generally, which appear to be understood by the employee representatives. He further stated that their problem was tied up with the problems of other Public Service workers in Rome, including Gas and Electricity, and that it was his proposal to work out some plan which would offset them all.

4. Employee representatives stressed the lack of food and clothing and the difficulties of meeting the cost of living on the basis of their salaries. It was further pointed out that during the period of military operations the telephone employees were obliged to stay on their jobs to the very end, while other employees were permitted to go home. The Anzio invasion was cited as an example. Another grievance had to do with one Di Pino, former Commissario of the Company, and still a member of the direzione. It was alleged that Di Pino made a contribution of one million lire to the Unione Proletaria, a new organi-

Declassified E.O. 12356 Section 3.3/NND No. 785021

nization charged with being Fascist in character. An employee representative said that the workers suspected that this money came from the Company's treasury, and felt that if money was available for this purpose, it could be used to a better advantage for salary increases. Employees further stated that during the Fascist Regime, their wages were always comparatively lower, and that since there had always been considerable friction between employees and the management, one employee representative stated that they had been waiting for the results of the Bill Congress with respect to a sliding scale to keep pace with the increase in cost of living, but they had decided not to wait any further and to ask for a straight increase of 2000 lire a month for each employee.

5. A question arose as to the authority of this group representing employees. It appears that an Internal Commission of 43 had been elected, of whom there 10 constituted a Committee to deal with the management. On the previous day they had agreed with the management upon an advance of 1000 lire but the employees were dissatisfied with this result and threatened to strike. After the end of the meeting, a small group of employees came in and insisted that they should participate in the proceedings. In addition, there appears to be a question of Union Committee quite apart from the Internal Commission. The group present purported to represent all workers of the Company, even including those in Florence, which is now in 5 Army territory. Captain Holsten suggested that an election be conducted to determine representation, and that those elected should have full authority to make commitments.

6. The main matter to be disposed of was the question of an immediate advance in anticipation of future adjustments. It was agreed that each employee would receive an advance of 1500 lire for the month of January and that any wage increases would be retroactive to January 1, 1945.

7. Captain Holsten talked to the employees about the necessity of continued operation of communications in the interests of the prosecution of the war. The employees readily acceeded to this thought and gave us a very firm assurance that there would be no interruption whatever of military communications and further, that in all probability there would be no work stoppage at all. The meeting was conducted in an orderly and restrained manner and the employee representatives were quite reasonable in the manner in which they presented their problems. Considerable credit is due to Dott. Togni for his handling of the situation. At the close of the meeting we reported to Col. Reeves on the question of strike possibilities.

8. The meeting wound up at approximately 1730 hours; on the first floor we met with a noisy crowd of approximately 500 employees blocking all egress. Dott. Togni addressed them at length, explaining what the situation was. The assembly appeared to be satisfied with the explanation and dispersed in an orderly manner.

4493-1

9. Lt. Barber, Signal Officer attached to the Company, told me that the military lines were separate and distinct from the civilian lines, although there were points where they tied in. He suggested that some effort should be made to obtain the heavy workers ration for employees of the Company, particularly those engaged in military communications. Under outstanding AFHQ Directive, the definition of "Heavy Worker" turns on Italian law, under Italian law very few tele-

phone employees are so defined. I suggested that he ask his superior to submit a recommendation either through his own channels or through A.C. if any modification were desired.

10. The meeting did not get down to the discussion of the precise wage situation of the Company. I have been informed by Captain Holsten that the employees have already received all of the wage increases authorized by law. In addition to this, the Company is paying a Carovita of 50 lire a day in lieu of 35 lire as required by the Decree. It is noted, however, that this Company has never had the wage adjustment which was extended last Summer in Naples to Public Utility employees there. At that time, we were still trying to enforce the so-called "70% increase" as a wage ceiling. The pressure from Public Utilities employees became too great, however, and a wage adjustment was authorized. This adjustment was made on a basis of allowing increases up to a point of 5 lire less than the existing Armed Force wage scale. I have already arranged to give Lott. Togni a copy of the agreement negotiated for the S.E.T. (Telephone) Company at Naples.

If the adjustment worked out for Public Utility Companies in Rome is within the formula worked out in Naples, no problem would arise from the point of view of wage stabilisation. If this cannot be done, on the other hand some new wage stabilisation programme will have to be agreed upon.

11. With reference to para 1 of your Memorandum of 1 February, I did not have the opportunity to interview the management representatives. According to Captain Holston who did speak with them, the present Commissario is quite sympathetic, and no difficulty is anticipated on the management side of the fence. Some question was raised on the effect that this wage negotiation would have on the other employees of the Company in other parts of Italy, and also of the difficulty in arranging for a meeting of the Directors, most of whom are in Florence. It is suggested that the matter be handled as agreed upon by the Provincial Labour Office with the assistance of Captain Holsten. Captain Holsten will keep us informed of developements. He will be available to assist in making any studies for working out a formula. We already have in our files the wages payable as of May 31, 1944, just before the Liberation of Rome.

12. With reference to para 2 of your Memorandum of 1 February, the members of the Internal Commission purport to represent all categories of employees, but see para above as to questions of representation. The information concerning the history of wage increases of this Company will be available to the Provincial Labour Office and we can obtain it from that office.
