SUBJECT : Strike of Employees of Electricity Company SME.
TO : HQ. A. C.

*Cables about this subject in 4 1/2 2000's
+ 1000 2000's*

1. The strike of the clerical and maintenance staff of the SME appears to have reached a deadlock. The men object to the new agreement which was signed by their representatives with the Company on the 6th of February after negotiations begun last September.
2. Workers' representatives have put forward 14 points for settlement which the Company say means a new agreement.
3. There have been threats of a stoppage of all plants and to-day I called a meeting of representatives of P.B.S. 3 District, Naples Area, the Prefect and the SME Company. NOIC also attended.
4. At this conference it was clear that Allied troops have very few electricians and could not man emergency services.
5. Minimum requirements are the Capuana Station with the Torre Annunziata Sub-Station to ensure functioning of grain mills.
6. The Prefect is asking the Italian Navy to have skilled naval ratings standing by to meet minimum requirements in personnel and NOIC is advising the Italian Admiral accordingly.
7. Another meeting with the men's representatives is being held on 27th of February. It does not appear, however, that any solution will be arrived at unless the Minister of the Interior in Rome can summon representatives of the Federazione Generale dell'industria and Federazione Generale del Lavoro to come up from Naples and meet in Rome to work out an agreement. The Prefect is suggesting this course. May he be supported, please, as far as is practicable.

2) Labor 5/c

1. In confirmation of telephone conversation of this morning, negotiations have been in progress between these employees and the Italian Government regarding the Cost of Living Bonus, and as they have received no satisfaction from the Government, they went on strike today, 11th February.
2. On 10th February the Prefect urged the Prime Minister to intervene.
3. The situation is calm but the local Authorities are somewhat concerned at the effect this delay on the part of the Italian Government will have on the pro-French section of the community.
