BRITISH EMBASSY

Ap 1945

27 APR 1945

Dear Agnesetti,

With reference to our conversation of this morning, attached for your information is a copy of Decree N° 38 of 22nd Feb. 1945, which is operative as from 1st March 1945 and which provides for payments of £.3,65 per day in respect of the worker and for each of his dependants.

The new emergency indemnity which is effected as from 26th March 1945 (a copy of which I left with you) provides in Article 3 that the "caropane" indemnity (Decree N° 38) in respect of the worker is absorbed or is included in the new agreement. The indemnity in respect of the workers dependants is however excluded from the agreement "caropane" indemnity should therefore continue to be paid in respect of those dependants.

I also attach a schedule giving details of current rates appropriate to civilian employees of the Armed Forces in the Rome area covering the specific categories of workers in which you are interested.

I trust this letter will clarify the position. If, however, you should require any additional information perhaps you will be good enough to telephone me.

Yours sincerely

F. Proctor

E.F.J. Agnesetti Esq.

Civilian Labour employed by Armed Forces

| | Maximum of scale | + Home | + Cost of Living Bonus | + Total |
|--------------------|---------------------|--------|------------------------------|---------|
| Chauffeur mechanic | 125 | 10 | 67 | 202 |
| " driver | 105 | 10 | 75 | 190 |
| Gardener | 95 | 10 | 75 | 180 |
| Labourer | 85 | 10 | 75 | 170 |

It is recognised that these rates are generally below those paid at present in private industry and local committees have power to grant increases up to £ 100 per day to bring the rates in line, subject to the committees being satisfied that such increases are, in fact, justified.

MEMORANDUM FOR MR. SACHS

We recently gave the American and British Embassies and Consulates guidance on the appropriate rates of pay for Italian civilian employees in Rome. Please check that they are informed of the recent caropane bonus adjustment.

W. H. BRAINE
Director
Labor Sub-Commission

129 in caropane for military
and 129 in caropane for other civilians
