REF : LSC/522

17 May 1945

SUBJECT: Increase in Travel and Night Allowances

TO : Finance Sub-Commission

1. Reference your minute (13006/F) of 10th May 1945 relative to increases in travelling and night allowances payable to mobile workers of the Circoli delle Costruzioni Telegrafiche e Telefoniche.

2. The increases, as outlined in correspondence, are not unduly out of line with allowances payable to civilians employed by the Allied Forces in Italy (vide Establishment Memo No. 6) which provides in the case of a Linesman, whose daily rate of remuneration is L. 202, and who for an absence from the normal place of duty and home may:

(a) in the absence of service accommodation and rations, be paid a subsistence allowance for each full days absence of 24 hours of L. 175.

(b) for absences of more than ten but less than 24 hours which involves the procurement of meals only an allowance of L. 35 may be paid for each meal, and

(c) for absence involving procurement of sleeping accommodation by the worker at his own expense L. 70 may be paid in addition to any allowances payable under (a) above.

No allowances are however payable under (b) above if rations in kind are provided or under (c) above if quarters are provided.

3. In the circumstances this Sub-Commission has no objection to the proposed increases being approved.
