**COMITATO CONSULTIVO REGIONALE MISTO
PER LA LIGURIA**

VERBALE DELLA SEDUTA DEL 12 SETTEMBRE 1943

Sono presenti :

- Il Presidente - Vice Prefetto avv. Pertusio
- Il Sig. Pallonardo in rappresentanza della Camera del Lavoro
- Il Dott. Ducci in sostituzione dell'avv. Sciarretta, in rappresentanza degli industriali
- Il Dott. Calmeri, Direttore dell'Ufficio Regionale del Lavoro.

Ordine del giorno

All'inizio della seduta vengono presi in esame gli accordi relativi alle sottostate categorie di lavoratori :

- Lavoratori dell'industria molitoria e vinaria - Genova
- " " " della pasticceria - Genova
- " " " dei vetri cristalli e specchi - Genova
- " " " della gomma e conduttori elettrici - Genova
- " " " tessile - Genova
- " " " delle acque gasate, salite, birra - Genova
- Dipendenti dell'Officina del Gas di Chiavari - Genova
- " della Società U.M.I.S. di Chiavari - Genova e Liguria
- Lavoratori dell'industria degli autotrasporti di Genova
- " " " dell'abbigliamento di Savona.

Il Dott. Ducci esprime parere sfavorevole alla ratifica degli accordi in questione per le considerazioni già espresse nella seduta dell'8 agosto u.s., le quali si debbono ritenere qui ripetute.

Il Presidente Vice Prefetto avv. Pertusio e il Sig. Pallonardo si richiamano da parte loro ai motivi già illustrati nella seduta citata in

- 2 -

basi ai quali propongono quindi che anche per questi contratti venga dato parere favorevole alla ratifica.

Il Comitato pertanto esprime a maggioranza parere favorevole alla ratifica degli accordi esaminati.

Vengono successivamente presi in esame i seguenti accordi :

- Accordo a favore dei dipendenti delle Imprese di assicurazione di Genova
- " " " dei dipendenti delle Imprese appaltatrici delle Imposte di Consumo di Savona
- " " " dei dipendenti delle Imprese esercenti il commercio all'ingresso di prodotti ortofrutticoli. ^{Genova}

Per questi contratti il Comitato esprime all'unanimità parere favorevole alla ratifica.

Esaminato in seguito l'accordo relativo ai lavoratori degli ipotrasporti, il Comitato decide di dare parere favorevole alla ratifica, subordinando la ratifica stessa alla condizione che dal testo del contratto venga depennata la clausola secondo la quale ai lavoratori in trasferta non competerebbe compenso per l'eventuale lavoro straordinario da essi compiuto.

Vengono quindi presi in esame i contratti stipulati in Savona relativi alle sottoelencate categorie :

- Lavoratori dell'artigianato di Savona - categoria ferro e metalli
- " della piccola industria ^{meco. e metall. - Savona}
- " dell'industria dello spettacolo. - Savona

Il Comitato decide di tenere in sospeso l'approvazione alla ratifica dei sopra citati contratti per i seguenti motivi: per i primi due fa notare come in essi i minimi di retribuzione fissati per gli apprendisti siano inadeguati alle attuali esigenze; per il terzo perchè in esso si stabilisce che in caso di sospensione, al lavoratore sospeso compete il 100% dell'indennità di contingenza in luogo del 75% previsto dalle norme generali.

Inoltre per i primi due viene rilevato una incompletanza nei termini che si riferiscono al trattamento dei lavoratori adulti.

Esaminato infine l'accordo relativo ai dipendenti dell'industria in stallazione e manutenzione degli impianti idrici di Genova, il Comitato decide di rimettere l'accordo in questione alla prossima seduta per un suo

- 3 -

più accurato esame, in quanto in esso è stabilito che per gli operai sospesi lavoratori ad orario ridotto la integrazione del 75%, in caso di cottimo, venga corrisposta anche sull'intero guadagno medio di cottimo del mese precedente.

RELAZIONE SULL'ATTIVITA' SVOLTA DAL COMITATO

A conclusione della seduta il Comitato formula la seguente relazione sull'attività fin qui svolta dal Comitato stesso e sui compiti che sarebbe utile che esso continuasse ad svolgere anche in avvenire.

A) - ATTIVITA' - L'attività del Comitato ha avuto inizio con la riunione del 3 luglio 1945. Sono state tenute complessivamente n° 8 riunioni, di cui 4 nel mese di luglio, 2 nel mese di agosto e 2 nel mese di settembre.

Sono stati presi in esame n° 72 accordi per adeguamenti salariali, così distinti :

- n° 16 a carattere regionale
- n° 56 a carattere provinciale

Gli accordi a carattere provinciale riguardano le seguenti provincie:

- n° 39 la provincia di Genova
- n° 5 la provincia di La Spezia
- n° 9 la provincia di Savona
- n° 1 la provincia di Imperia
- n° 2 la provincia di Apuania

Begli accordi sopra elencati, n° 68 sono stati trasmessi con parere favorevole per la ratifica e quindi ratificati.

Per 3 di questi è stato necessario un rinvio e successivo esame, per dar modo alle parti contraenti di apportare talune modifiche che si rendevano necessarie sia per uniformare gli accordi ai termini concordati nella riunione di Milano dell'8 luglio 1945 sia per non pregiudicare legittimi diritti dei lavoratori.

5192

7

- 4 -

Per gli stessi motivi anche nella riunione odierna è stata sospesa l'approvazione per 4 accordi, i quali sono stati rinviati alle parti contraenti per le necessarie modifiche, si ha motivo di ritenere che anche tali accordi potranno essere perfezionati e quindi approvati in un successivo esame.

Oltre che dell'esame degli accordi salariali il Comitato si è anche occupato in due riunioni della ricostituzione dell'Ispettorato dell'Industria, le cui funzioni erano state sospese dalle Autorità Alleate. Dopo ampio esame il Comitato è venuto nella determinazione di proporre all'Ufficiale Alleato, che ha aderito, di richiamare in servizio il personale del predetto Ispettorato, per l'espletamento di quella parte dei suoi compiti precedenti che si riferiscono all'attività industriale ferma restando la competenza degli Uffici del Lavoro nel loro campo di azione.

Le sedute del Comitato si sono svolte tutte in una atmosfera di serenità, obiettività e comprensione, anche quando le determinazioni sono state adottate a "maggioranza" anziché ad "unanimità". Ciò si è verificato per un gruppo di contratti per i quali, pur essendo essi conformi ad altri approvati in precedenti sedute, la rappresentanza dei datori di lavoro ha ritenuto suo dovere esprimere parere sfavorevole. Per una dettagliata conoscenza delle argomentazioni addotte a sostegno di tale determinazione, nonché delle conclusioni adottate dal Comitato, si allega stralcio del verbale della seduta dell'8 agosto 45 nel quale sono riportate integralmente.

Analoga posizione i componenti del Comitato hanno assunto per contratti analoghi esaminati in successive sedute.

3191

- 5 -

B) - COMPITI FUTURI DEL COMITATO -

IL COMITATO

in previsione della cessazione del Governo Militare Alleato della Liguria, del quale ha svolto fin qui le funzioni di organo di consulenza per le questioni del lavoro,

tenute presente che in tal campo i compiti attribuiti ad esso Comitato sono :

- a) - dar pareri sulle proposte di cambiamenti in materia di mercedi,
- b) - dar pareri sulle questioni suscettibili di provocare agitazioni industriali e, ove ne ravvisi l'opportunità, prendere parte ai negoziati in corso per la soluzione delle questioni stesse,

concordemente ritiene essere opportuno, nelle attuali instabili condizioni economico-produttive e per integrare l'opera delle Organizzazioni sindacali, che, allorché il territorio passerà dalla giurisdizione del Governo Militare Alleato a quella del Governo Italiano, il Comitato continui a svolgere i compiti predetti in qualità di organo di consulenza dei Prefetti.

Il Comitato potrà continuare ad avere sede presso l'Ufficio Regionale del Lavoro il quale provvederà come per il passato per il funzionamento della Segreteria e degli altri servizi d'ufficio.

minutes of the Sept. 15th meeting

The following are present:

President: Avv. Pertusio, Vice Prefect.
Members : Mr. Gallenardo, repres. the Chamber of Labor.
Mr. Bacci in place of Avv. Molinarotti, repres. the Employers.
Mr. Balzani, Regional Labor Director.

Examination of wage agreements

At the beginning of the meeting the following agreements were examined:

- | |
|--|
| Workers of the Rice Grinding Industries - Genoa; |
| " " " Soap-Faste Manufacturers - Genoa; |
| " " " Glass and Crystal Industr. - Genoa; |
| " " " Rubber Industry - Genoa; |
| " " " Textile Industry - Genoa; |
| " " " Shaded water & Beer Factories - Genoa; |
| " " " Gas Company of Chiavari - Genoa; |
| " " " Lumber & Mine of Chiavari - Genoa; |
| " " " Motortransport Firms - Genoa; |
| " " " Tailors and Dressmakers - Savona. |

Dr. ... gave unfavorable opinion for the retention of the ...
... in the meeting ...
... which he reported.

The President, Vice President Perlupis and R. Follerson repeat the state ends already made in the same meeting and suggest that the agreement is approved.

The S. I. C. C. therefor given favourable opinion for the ratification with a majority of votes.

The following specimens were then examined:

- Workers of the Insurance Companies of Mexico;
- " " " " Federation of Mexico;
- " " " Fruit & Vegetable Importers Association.

For these agreements the U. S. S. R. gives favorable opinion for the ratification without opposition.

Having then approved the agreement concerning the workers of the Home Transport Lines, the I.L.W.U. decided to give favourable opinion for the ratification at the condition that from the agreement be removed the clause that states that workers on special duty may from the contract not receive the bonus for overtime work.

5189

- 2 -

The following agreements were then examined:

- Artisan workers of Savona - Iron and metal classes;
- Workers of the small metallurgical and metalmechanic ind. of Savona;
- Theater workers of Savona.

The S.I.L.I. decided to suspend the decision for the above agreements for the following reasons: for the first two it pointed out that the conditions stipulated for the agreements are unsuitable in the present circumstances; for the third because it specifies that to suspend for workers 20% of the Contingency Indemnity is due. Besides, in the first two there is an imperfection in the terms referring to green-day workers.

Having finally examined the agreement concerning the hydraulic, hygienic, etc. workers of Genoa, the S.I.L.I. decided to refer the decision to the next meeting on so as to be able to examine with more care the agreement itself, because the agreement establishes that for suspended and underage workers the integration of 75% in case of 'ottimo', be paid also on the whole average pay of the preceding month.

RELATION OF THE ACTIVITY OF THE S.I.L.I.

At the end of the meeting the S.I.L.I. came out with the following relation on the activity so far developed and on the action it would be useful for it to continue to fulfill in the future.

A) First activity. The activity of the S.I.L.I. began with the meeting of July 19 1950. In the whole 4 meetings have been held, 1 in July, 1 in August and 2 in September.

Seventy-two wage agreements were examined, so divided:

- 52 Regional agreements;
- 20 Provincial " "

The Provincial agreements concern the following Prov.:

- 20 - Genoa;
- 2 - La Spezia;
- 1 - Savona;
- 1 - Imperia;
- 2 - Liguria.

Of the above agreements, 11 have been forwarded with favourable opinion to the ratification of the A. S., and subsequently ratified.

For 3 of these it has been necessary to proceed to a new examination, so as to enable the parties concerned to make some changes which were necessary so as to uniform the agreements to the terms conceived in the meeting of Milan on July 8th, and so as to not to prejudice the rights of the workers.

5188

- 3 -

For the same reasons in the last meeting the approval of 4 agreements has been suspended and the agreements have been sent back for the necessary alterations; we believe that said agreements can be perfected and approved in the next meeting.

Besides the examination of the wage agreements, the R.I.J.A.C. has also considered, in two meetings, the reconstruction of the "Ispettorato della Industria", whose functions had been suspended by the Allied authorities. After ample examination of the facts, the R.I.J.A.C. decided to suggest to the Allied Officer, which approved, to recall in service the personnel of said Ispettorato to fulfill those duties concerning the industrial activity, and leaving the responsibility of the Labor Offices in their field of action.

The meeting of the R.I.J.A.C. were all held in a friendly, serene and comprehensive atmosphere, even when the decisions were taken with a majority of votes instead of unanimously. This was true for a group of agreements which, though being similar to ones approved in former meetings, had the unfavorable opinion of the representative of the employers. For a precise knowledge of the arguments adduced to sustain such action, and of the conclusions of the R.I.J.A.C., we attach the part concerning said question of the minutes of the meeting of Aug. 8th, in which they are wholly reported.

A similar position was assumed by the members of the R.I.J.A.C. in similar occasions of other meetings.

3. FUTURE OFFICE OF THE R.I.J.A.C.

5187

The R.I.J.A.C.,

in foresight of the cessation of the I.R.C. in Liguria, of which it has so far been a consultant agent in labor questions;

considering that these duties fulfilled are:

- a) give opinion on the proposals of wage alterations,
- b) give opinion on those questions likely to produce labor unrest, and, where the case arises, to take part in the settlement of the questions themselves;

unanimously believes it useful, in the present conditions of economy and production and for integrating the work of the Trade Unions, that, when the territory will pass under the jurisdiction of the Italian Gov.t., the R.I.J.A.C. continue to fulfill the above duties as advisory agent of the Prefects.

The R.I.J.A.C. can continue to have its premises in the present premises of the Regional labor Office, which will provide, as in the past, for the functioning of the secretariat and other services.

(Signed): Avv. PERTUSIO - Mr. PALLENZONA - Dr. DUCCHI - Dr. SALMERI

For the new members in the last meeting the record of a previous meeting has been discussed and the agreements have been sent back to the necessary organizations; he believes that all agreements can be perfected and approved in the next meeting.

Besides the examination of the new agreements, the E.I.D. has also considered, in its session, the reconstruction of the "Industria del Mezzogiorno", whose functions had been suspended by the Italian authorities. After a complete examination of the issue, the E.I.D. decided to suggest to the Italian Minister, which approved, to recall in service the personnel of said institutions to fulfill those duties concerning the industrial activity, and leaving the responsibility of the labor offices in their hands of action.

The meeting of the E.I.D. were all held in a friendly, serene and cooperative atmosphere, even when the decisions were taken with a majority of votes instead of unanimously. This was true for a group of agreements which, though being similar to ones approved in former meetings, had the unfavorable opinion of the representative of the employers. For previous knowledge of the agreements adopted to maintain each point, and of the resolutions of the E.I.D., we found the part concerning said question of the minutes of the meeting of May, 1944, in which they are clearly reported.

A similar part has been passed by the members of the E.I.D. in similar occasions of other meetings.

B. THE E.I.D. AND THE ITALIAN GOVERNMENT

5184

In the light of the resolution of the E.I.D. in Liguria, of which it has so far been a consultative agent in labor questions; considering that these duties fulfilled are:

- a) give opinion on the proposals of agreements;
- b) give opinion on their questions likely to produce labor unrest, and, where the case arises, to take part in the settlement of the questions themselves;

and, finally, believing it useful, in the present conditions of emergency and preparation for integrating the work of the Trade Unions, that, when the territory will pass under the jurisdiction of the Italian Gov't., the E.I.D. continues to fulfill the above duties as advisory agent of the Italian Gov't.

The E.I.D. can continue to have its presence in the present premises of the Regional Labor Office, which will provide, as in the past, for the functioning of the secretariat and other services.

RELAZIONE SULLA ATTIVITA' SVOLTA DAL COMITATO CONSULTIVO MIPO REGIONALE

ITALIANO E PROPOSTE CIRCA LA SUA ULTERIORE ATTIVITA'.

Il Comitato Consultivo per il Piemonte è stato costituito in data 30 Maggio 1945 e composto dei seguenti membri:

Dott. TULLIO GUILLERMO - In rappresentanza provvisoria del Presidente della Camera Nazionale del Governo Italiano.

C.L.E. Regionale per il Piemonte.

Ing. SAFFINO FIORIO - In rappresentanza dei datori di lavoro.

Comitato Unione Industriali della Provincia di Torino.

Sig. GIOVANNI ROVERA - In rappresentanza dei lavoratori designato dalla C.O.I.L.

Sindaco di Torino.

Mare. E. SCIALOJA - Membro d'ufficio.

Capo Divisione Lavoro A.N.G.

Sig. GIOVANNI CARO - In rappresentanza del Direttore dell'Ufficio Regionale del Lavoro (membro d'ufficio con funzioni di segretario).

Nella prima seduta tenuta il 9 Giugno dal Comitato, si è proceduto alla nomina del Presidente del Comitato nelle persone del Dott. Tullio Guglielmo.

Il Comitato a tutto il 14 Settembre 1945 ha tenuto complessivamente n° 14 sedute nelle quali sono stati esaminati n° 66 contratti di lavoro ed accordi salariali dei quali n° 2 avevano valore interprovinciale, n° 48 provinciali e n° 16 riguardanti singolo azienda.

Tenendo presente lo spirito della Ordinanza Militare n° 41 dell'A.M.G. il Comitato ha espresso parere favorevole alle esenzioni della grande maggioranza dei citati contratti ed accordi in quanto le variazioni salariali liberamente concordate dalle organizzazioni Sindacali sono state ritenute equie in rapporto al presente costo della vita e non gravemente pregiudizievoli alla situazione valutaria del Paese. Per alcuni accordi relativi alla concessione della indennità di contingenza nei quali l'aumentare della stessa era superiore al limite fissato dall'accordo di Milano del 23 Giugno 1945 (al quale parteciparono Ministri e Cirgenti dell'Istituto Nazionale della Previdenza Sociale) è stata espressa la riserva che, in attesa di eventuale diverse deliberazioni delle Autorità Governative Italiane, l'indennità di contingenza, veniva approvata soltanto entro i limiti citati.

Oltre all'esprimere le proprie osservazioni e pareri circa gli accordati accordi salariali, il Comitato ha prospettato alle Autorità ed Enti competenti, le proprie raccomandazioni e proposte sulle seguenti questioni intervergenti.

In rappresentanza del Direttore
dell'Ufficio Regionale del Lavoro
(membro d'ufficio con funzioni di
segretario).

Nella prima seduta tenuta il 9 Giugno del Comitato, si è proceduto alla nomina del Presidente del Comitato nella persona del Dott. Teseo Guglielmo.

Il Comitato a tutto il 14 Settembre 1945 ha tenuto complessivamente 14 sedute nelle quali sono stati esaminati n° 66 contratti di lavoro ed accordi salariali dei quali n° 2 aventi valore interprovinciale, n° 43 provinciali e n° 15 riguardanti singola azienda.

Tenendo presente lo spirito della Ordinanza Militare n° 41 dell'A.M.G. il Comitato ha espresso parere favorevole alla esenzione della grande maggioranza dei citati contratti ed accordi in quanto le variazioni salariali liberamente concordate dalle Organizzazioni Sindacali sono state ritenute egue in rapporto al presente costo della vita e non gravemente pregiudizievole alla situazione valutaria del Paese. Per alcuni accordi relativi alla concessione della indennità di contingenza nei quali l'ammontare della stessa era superiore al limite fissato dall'accordo di Milano del 23 Giugno 1945 (al quale parteciparono Ministri e dirigenti dell'Istituto Nazionale della Previdenza Sociale) è stata espressa la riserva che, in attesa di esito di diversa deliberazione delle Autorità Governative Italiane, l'indennità di contingenza, venisse approvata soltanto entro i limiti citati.

Oltre all'esprimere le proprie osservazioni e pareri circa gli economici accordi salariali, il Comitato ha prospettato alle Autorità ed Enti competenti, le proprie raccomandazioni e proposte sullo seguenti questioni interessanti direttamente o indirettamente i rapporti di lavoro e principalmente: necessità di accelerare l'approvvigionamento delle materie prime al fine di consentire la ripresa della attività industriale; urgenza dell'elaborazione dei programmi per la esecuzione dei lavori pubblici al fine di assorbire, almeno in parte, la mano d'opera emigrante dalle industrie; acceleramento dell'operazione al fine di normalizzare la situazione delle aziende.

E' stato preso ripetutamente in esame la complessa questione del blocco dei licenziamenti segnalando le pelusioni ritenute più idonee sia ai fini aziendali che a quelli sociali.

E' stato preso in esame un memoriale presentato dalle aziende industriali

di Forno Camusso e sono limitrofe intesi ad ottenere una regolamentazione salariale che tengano conto della loro speciale situazione specie nei confronti delle spese di trasporto.

E' stata esaminata la situazione delle aziende decentrate che intendono far rientrare in sede i propri impianti nei riguardi del blocco dei licenziamanti, nonché il problema della riassunzione in servizio dei lavoratori in cassa integrazione o costretti al lavoro obbligatorio ed il trattamento economico da praticare nei riguardi dei lavoratori che hanno preso parte alla lotta per la liberazione.

E' stato rilevato che alcuni contratti di lavoro sono alquanto difettosi e si è segnalato alle organizzazioni sindacali competenti la opportunità di adottare nei vari contratti norme uniformi per quanto concerne le questioni di carattere generale limitando le differenziazioni tra le diverse zone alle sole clausole salariali giustificate dalle diverse condizioni delle zone stesse nel campo delle varie attività industriali, commerciali, agricole ecc. e nel campo del costo della vita.

E' stata pure segnalata la opportunità che gli accordi aziendali vengano limitati ai soli casi di aziende con caratteristiche tecniche economiche speciali.

Per tutte le questioni sottoposte all'esame del Comitato, in merito alle quali i membri hanno prospettato i rispettivi punti di vista, è stato sempre raggiunto l'accordo completo sulle osservazioni e pareri da comunicare all'A.N.O. ed ai vari Enti ed Organizzazioni sindacali interessati.

Circa la utilità e bene della continuazione dell'opera del Comitato i vari membri sono stati concordi nel dichiarare che nel periodo alquanto complesso e difficile susseguito alla liberazione l'opera del Comitato è stata di notevole utilità per contribuire, direttamente ed indirettamente alla regolamentazione contrattuale in generale, e salariale in particolare, funzionando come organo intermedio tra le organizzazioni sindacali e l'A.N.O.

L'opera del Comitato ha inoltre servito a normalizzare la stipulazione dei contratti di lavoro eliminando in gran parte gli inconvenienti derivanti dalle iniziative prese al riguardo da Enti ed Organizzazioni non competenti nella materia.

Per quanto concerne l'opportunità della continuazione dell'opera del Comitato dopo il passaggio del Nord Italia all'amministrazione del Governo italiano i membri del Comitato si sono espressi in senso affermativo data la permanenza dell'utilità dell'esame degli accordi salariali e dei contratti di lavoro ai fini della segnalazione, al Governo Centrale, alle Confederazioni ed agli Organi Sindacali locali delle proprie osservazioni e proposte.

Report

On the activity displayed by the Joint Regional Italian Advisory Committee and proposals submitted about its further activity.

The Joint Advisory Committee for Piedmont was established on 30th May 1945 and it is composed of the following members: -

Dr. Terecio Guglielmono
President of the Economic Section
of the Regional C.L.N. for Piedmont.

Mrs. Sandro Fiori
Commissioner "Unions of Industrialists
of Turin Province."

Mrs. Giovanni Borella
Mayor of Turin.

Mayor E. X. Scialoja
Chief of the Labour Division, A.M.O.

Mrs. Giovanni Carpo
representing the Director
of the Regional Labour Office
(member ex-officio functioning
as secretary).

At the first meeting of the Committee held on 9 June Dr. Terecio Guglielmono was appointed President of the Committee.

Up to the 14 September 1945 the Committee held totally 14 meetings, during which 66 labour contracts and wage agreements were examined, two of which being of interprovincial and 48 of provincial value, and 16 regarding individual firms.

Following the spirit of the Military Ordinances No 41 of A.M.O., the Committee expressed their favourable opinion as to the approval of the great majority of the above mentioned contracts and agreements, owing to the fact that the wage adjustments agreed upon by the Trade Unions were considered adequate in comparison with the present cost of living, and not very unfavourable for the currency situation of the country. On account of some agreements concerning the granting of the contingency indemnity, in which the amounts of the said indemnities exceeded the limit fixed by the Milan agreement of 23 June 1945 (at which meeting Ministers and leaders of the "Istituto Nazionale della Previdenza Sociale" took part), the reserve was made, that pending the deliberation of the Italian Government Authorities, which might eventually come out differently, the contingency indemnity was to be granted only within the limits mentioned.

Besides the communication of their observations and opinions about the foregoing wage agreements, the Committee exposed to the concerned Authorities and bodies their own recommendations and proposals on the following questions, which are directly or indirectly in connection with labour relations, and especially: necessity to speed the supply of raw materials, in order to render possible the recommencement of industrial activity; urgency for the working out of the program for the execution of public works, in order to absorb, at least partly, the unemployed industrial labour; increased speed

At the first meeting of the Committee held on 9 June Dr.

was appointed President of the Committee.

Up to the 14 September 1945 the Committee held totally 14 meetings, during of which 66 labour contracts and wage agreements were examined, two of which being of interprovincial and 43 of provincial value, and 16 regarding individual firms.

Following the spirit of the Military Ordinances No 41 of A.M.S., the Committee expressed their favourable opinion as to the approval of the great majority of the above mentioned contracts and agreements, owing to the fact that the wage adjustments agreed upon by the Trade Unions were considered adequate in comparison with the present cost of living, and not very unfavourable for the currency situation of the country. On account of some agreements concerning the granting of the contingency indemnity, in which the amounts of the said indemnities exceeded the limit fixed by the Milan agreement of 23 June 1945 (at which meeting Ministers and leaders of the "Istituto Nazionale della Previdenza Sociale" took part), the reserve was made, that pending the deliberation of the Italian Government Authorities, which might eventually come out differently, the contingency indemnity was to be granted only within the limits mentioned.

Besides the communication of their observations and opinions about the foregoing wage agreements, the Committee exposed to the concerned Authorities and Bodies their own recommendations and proposals on the following questions, which are directly or indirectly in connection with labour relations, and especially: necessity to speed the supply of raw materials, in order to render possible the recommencement of industrial activity; urgency for the working out of the program for the execution of public works, in order to absorb, at least partly, the unemployed industrial labour; increased speed of the operation action, in order to normalize the situation of the establishments.

The complicated question of the stoppage of dismissals was repeatedly the object of examination, and suggestions for solution of the same were submitted which were deemed to be the more appropriate, both from a social point of view and for the interests of the undertakings.

A Memoranda submitted by the industrial establishments of Forno Canavese and adjacent zones was submitted, tending to obtain a settlement of wage and salary rates, which might take in account their special situation, principally as regards transportation expenses.

The situation of those decentralized establishments was examined, which in connection with the stoppage of dismissals intend to have their employees returned to their former working places. A further object of consideration was the problem of reassignment in service of workers who were deported to Germany or assigned to the compulsory labour services, as well as the financial conditions to be granted in regard to workers who took part in the fighting for the liberation.

It was pointed out that several labour contracts show some deficiencies, and the trade unions concerned were advised of the usefulness to unify the provisions for the various contracts, as regards questions of a general character. Distinctions between the various zones should only take place with respect to wage clauses, as such an action would be justified by the different conditions prevailing in the field of the various industrial, commercial, agricultural etc. activities of these zones, as well as by the different cost of living.

Furthermore, it was suggested that agreements for industrial establishments were to be limited to those establishments which own special technical and economical properties.

A full agreement was always reached regarding all questions submitted to the consideration of the Committee and discussed by the members, so that there was no dissent as to the observations and opinions to be communicated to A.M.G. and to the various bodies and Trade Unions concerned.

Concerning the question of the usefulness, if any, of having the Committee's work continued, the various members were unanimously of the opinion that during the very complicated and difficult period following the Liberation, the Committee was able to carry out a most valuable work, contributing directly or indirectly to the contractual regulation in general, and particularly of wage rates, functioning as a liaison agency between the syndical organizations and A.M.G.

Besides, the work of the Committee has served to normalize the stipulation of labour contracts, and often it succeeded to eliminate the deficiencies arising out of initiatives taken by Bodies and organizations which were not competent in the matter.

As regards the advisability of having the Committee's work continued after the turn-over of Northern Italy to the administration of the Italian Government, the Committee members were in the affirmative. In view of the usefulness to examine wage agreements and labour contracts, in order to submit their observations and proposals to the Central Government, to the Confederations and local syndical agencies.

The constitution of the said committees should, of course, be sanctioned by the Government and extended to all the regions of the Kingdom.

The Regional Committees could in future eventually be charged also with deliberating powers, although leaving to the Government the fixing of the respective limits and modalities.

Awaiting to know from the superior authorities the decisions about this matter, the Committee continues to carry out his advisory functions on behalf of the syndical organizations and the Government.

MINUTES OF THE MEETING HELD ON

AUG. 8th 1945

The following are present :

PRESIDENT : Avv. Pertusio, Vice Prefect ;

MEMBERS : Mr. Palenzona; Secr. Chamber of Labor, representing the Vice President Mr. Pizzorno;

Dr. Ducci in place of Avv. Sciarretta representing the employers.

Capt. Alessandrini, A.M.G. Reg. Labor Officer.

SECRETARY : Dr. Salmieri, Gen. Secr. Reg. Labor Office.

Absent from Genoa : Hon. Curti, Reg. Labor Director.

For the part concerning them, the representatives of employers and employees of the ITALIA, ORIENS, ADRIATICA and TIRRENIA Navigation Cpy.s and of the TE.TI were present.

At the beginning of the meeting the minutes of the last meeting were read and signed. The following agreements were then examined, agreements signed on the 26th, 27th, and again 26th July 1945 respectively, concerning the extension of the wage adjustments already appointed for metallurgic and metalmechanic workers to the following classes:

- Workers of the ITALIA, ORIENS, ADRIATICA, TIRRENIA Nav. Cpy.s
- Workers of the Wood Industry.
- Workers of the Paper Industry.

5163

Concerning the above, Dr. Ducci, representative of the employers, makes the following statement:

" The system adopted in the present contract of guaranteeing to all workers of a same class the same monthly lump sum (consisting of basic wages, "cattimo" and "mancato cottimo" percent, war and contingency indemnities), and furthermore in so high a measure, is unjust and dangerous, because :

1. it does not consent any difference of treatment referred to efficiency, technical skill, personal position, family, and sex of the single workers; and moreover it does not consider the different cost of living of the various places.
2. it depresses the production. "

At the base of the first objection which can be confuted by observing that the sums appointed are minimum wages and not the pay to be given to the single workers, is the fact that the system devised for worker with these facts...

Absent from Genoa : Hon. Curti, Reg. Labor Director.

For the part concerning them, the representatives of employers and employees of the ITALIA, ORIENS, ADRIATICA and TIRRENIA Navigation Cpy.s and of the TR.FI were present.

At the beginning of the meeting the minutes of the last meeting were read and signed. The following agreements were then examined, agreements signed on the 26th, 27th, and again 26th July 1945 respectively, concerning the extension of the wage adjustments already appointed for metallurgic and metalmechanic workers to the following classes:

Workers of the ITALIA, ORIENS, ADRIATICA, TIRRENIA Nav. Cpy.s

Workers of the Wood Industry.

Workers of the Paper Industry.

Concerning the above, Dr.Ducci, representative of the employers, makes the following statement:

" The system adopted in the present contract of guaranteeing to all workers of a same class the same monthly lump sum (consisting of basic wages, "cottage" and "manicato cottage" percent, war and contingency indemnities), and furthermore in so high a measure, is unjust and dangerous, because :

1. it does not consent any difference of treatment referred to efficiency, technical skill, personal position, family, and sex of the single workers; and moreover it does not consider the different cost of living of the various places.

2. it depresses the production. "

At the base of the first objection which can be confuted by observing that the sums appointed are minimum wages and not the pay to be given to the single workers, is the fact that the system, devised for a worker with three family dependants, consents to the Genoese workers, even without family dependants, to reach a monthly pay that the Milan workers, on the basis of the general agreement for the whole Northern Italy, reach only in the joint case of a complete normal weekly activity for the whole month, a family dependence of three, and the attainment of an "utile di cottage" in the measure provided for Genoa. That is to say, the same pay represents; within certain conditions, a minimum for

the Genoese workers and a maximum for the Milan, which obviously excludes the possibility of adopting, for the Genoese workers, a discrimination of the economical treatment provided by art. 1, considering also that the cost of living is higher in Milan than in Genoa.

In particular, the system of granting to the workers the wages and the supplementary indemnities (in the present case the Contingency Indemnity) in a monthly measure too near to the one due for full normal activity - and worse if in the same measure, as happens for the agreement in question - excludes in the workers any incentive to work and produce. In this aspect one may observe that, as most of the workers will not reach with their affective gainings the monthly minimum, the workers in question will benefit of an integration share which will be greater if some of them will have kept low the effective gaining with a scarce production and a diminishing of the working activity. This is a very grave circumstance for the economical and moral consequences it would generate.

These are the conclusions that the technical examination of the agreement brings. We must also consider the political reflections that would arise if the contract were not ratified, but this is other people's look-out. For said reasons he gives an favourable opinion.

Avvocato Pertusio and Mr. Palenzona, considering that contingency Indemnity has been temporarily adopted and appointed in the measures and with the regulations provided for by the agreement concerning the Metallurgic and metalmechanic workers, already ratified, for the only purpose of giving to the workers what they need to provide for their living (rendered more difficult since June 26th), while there remains a fluid situation of prices and cost, not favourable for a readjustment of wages and regulation of labor conditions, give favourable opinion for the ratification of this agreement too, though pointing out the necessity that, when the agreement expires and new contracts come into force for appointing salaries and wages, necessities of those differentiations pointed out by the representative of the employers be considered.

The agreement is thus forwarded with favourable opinion, according to the majority of votes.

The next question considered was the agreement signed on July 25th 1945 for the extension to the personnel of the T.R.T.I in service in Liguria of the economical treatment in force for the personnel of the same company in Central and Southern Italy.

The R.I.J.A.C., though declaring that it would be good policy that the salaries and wages in force in Southern and Central Italy superior to those of Liguria were not extended to the North, and that it would be advisable that the T.R.T.I workers maintain the attitude assumed in the first place, that is to renounce to the equalization of the economic

a) that the "indennizzo a forfait" is a refunding of locomotion expenses ;

b) that on the administrative side the equalization of economical treatment between the personnel of a same company is useful;

c) that the application of the contract in question expires on Aug. 30th, and it's enforcement would permit the personnel of the T.B.T.I to resolve the situation due to the advances accorded in a measure superior to that of the pay;

d) that this class, for the work done, has always received a pay superior to that of other classes;

e) that the extension of the treatment in force in the South to workers in the North has already been applied to State Employees, who, like the telephone workers, have in the past received a pay inferior to that received by private employees;

decides to forward with favourable opinion for ratification, recommending that the new contract which is to be signed consider the actual situation of the region.

The agreement for wage adjustments to the workers of Industrial Agencies of the prov. of La Spezia signed on between the representatives of the parties concerned is then examined.

The R.I.J.A.C. decides to forward it with favourable opinion to the A.M.G. for ratification.

COMITATO CONSULIVO REGIONALE
PER LA LIGURIA

VERBALE DELLA SEDUTA DELL'8 AGOSTO 1945

Sono presenti :

Il Presidente : Vice Prefetto Avv. Pertusio;
Il Signor Palensona Segretario della Camera del Lavoro, in rappresentanza
del Vice Presidente, Pizzorno;
Il Dott. Ducci in sostituzione dell'Avv. Sciarretta rappresentante dei da-
tori di lavoro;
L'Ufficiale del Lavoro Capit. Alessandrini.
Assente perchè fuori Genova l'On. Curti, Direttore dell'Ufficio Regionale
del Lavoro;
Segretario, il Segretario Generale dell'Ufficio Regionale del Lavoro
Dott. Salmeri;
Per la parte di relativa competenza hanno partecipato anche ⁵¹⁶² rappresen-
tanze dei datori di lavoro e per i lavoratori della Società di Navigazione:
ITALIA, ORIENTE, TIRRENA, ADRIATICA e della Società T.E.I.

Iniziata la seduta viene letto e sottoscritto il verbale della seduta
precedente. Vengono quindi presi in esame gli accordi, rispettivamente sti-
pulati in data 25/7/45, 27/7/45 e 26/7/45, relativi all'estensione degli
adeguamenti già disposti a favore dei lavoratori siderurgici e metalmecca-
nici, alle seguenti categorie:

Soc. di Navigazione ITALIA, ORIENTE, TIRRENA, ADRIATICA,
addetti all'Industria della Carta,
addetti all'Industria del Legno.

Al riguardo il rappresentante dei datori di lavoro Dott. Ducci fa le
seguenti dichiarazioni :

dei contratti
" Il sistema adottato nei confronti in esame, di garantire a tutti i lavo-
ratori di una data categoria una stessa paga mensile complessiva (compren-
dente cioè la paga base, la percentuale di cottimo e di mancato cottimo,
la indennità di guerra e la indennità di contingenza) e, per giunta, in
misura tanto elevata, è ingiusto e dannoso perchè :

- 2 -

- 1 - non consente alcuna differenziazione di trattamento in relazione al rendimento, alla capacità tecnica, alla posizione personale ed al carico di famiglia, al sesso dei singoli lavoratori; come anche non tiene conto della diversità del costo della vita tra centro e centro.
- 2 - deprime la produzione.

Alla base della prima obiezione, che potrebbe essere inficiata dalla osservazione contraria che trattasi di minimi di paga e non delle retribuzioni da attribuirsi effettivamente ai singoli lavoratori, sta la constatazione che il sistema, escogitato nel presupposto di un operaio avente tre persone a carico, consente ai prestatori d'opera genovesi, anche se senza famiglia, di conseguire sensibilmente una retribuzione che gli operai milanesi di pari categoria raggiungono, in base all'accordo generale per tutta l'Alta Italia, soltanto nelle condizioni congiunte della completa attività lavorativa settimanale normale per tutto il mese, dell'effettivo carico di famiglia di tre persone, del conseguimento dell'utile di cottimo nella misura prevista per Genova. Ossia, le stesse misure di retribuzione rappresentano per le varie categorie, entro certi limiti delle condizioni, un massimo per gli operai milanesi ed il minimo per quelli genovesi: il che esclude, ovviamente, che si possa adottare per gli operai genovesi una discriminazione di trattamento economico in relazione alle condizioni di cui al n. 1, tanto più che gli indici del costo della vita risultano più alti a Milano che a Genova.

5161

In particolare, infine il sistema di garantire ai lavoratori la paga e le indennità accessorie (nel caso attuale quella di contingenza) in una misura mensile troppo vicina a quella competente per il massimo della attività lavorativa normale - peggio se nella stessa misura come avviene per il contratto in esame - fa escludere nei lavoratori ogni incentivo al lavoro e alla produzione. Anzi, sotto questo ultimo aspetto si può osservare che siccome la quasi totalità degli operai non raggiungerà con il proprio effettivo guadagno il minimo mensile, i lavoratori in questione usufruiscono di una integrazione che sarà tanto più grande quanto più taluni di essi avranno mantenuto basso l'effettivo guadagno con la scarsa produzione e con la diminuzione dell'attività lavorativa. Circostanza gra-

- 3 -

vissima per le conseguenze morali ed economiche che da esse si genereranno.

Ciò porta l'esame in linea tecnica dell'accordo. Degne di considerazione possono essere le ripercussioni di carattere politico che una mancata ratifica del contratto può provocare, ma la valutazione al riguardo compete ad altri. Esprime pertanto parere sfavorevole.

Il presidente del Comitato Avv. Portuogio ed il rappresentante dei lavoratori, Sig. Pallanconi, considerato che l'indennità di contingenza è stata provvisoriamente adottata e stabilita nei modi e nelle misure previste nell'accordo relativo agli operai metalmeccanici e siderurgici, già ratificato all'unico scopo di assicurare ai lavoratori quanto occorre per provvedere alle necessità della vita (nessi peraltro dal 26 giugno ad oggi assai più onerosa), mentre perdura una situazione fluida dei prezzi e dei costi impongono alla revisione della paga e del regolamento integrale del rapporto di lavoro, danno parere favorevole perchè anche gli accordi odierni vengano ratificati, pur facendo rilevare la necessità che alla scadenza del presente accordo ed all'atto della stipulazione dei nuovi contratti che determineranno i salari e gli stipendi, sia tenuto doverosamente conto delle necessità di quelle differenziazioni di cui è certo nelle dichiarazioni dei rappresentanti del datore di lavoro. Pertanto l'incoltro con parere favorevole per la ratifica dei contratti in oggetto risulta approvato a maggioranza.

Viene successivamente preso in esame l'accordo del 25/7/45 relativo all'estensione al personale della Soc. I.R.I., in servizio nelle sedi della Liguria, del trattamento economico attualmente in vigore per il personale della Società in servizio nell'Italia centro-meridionale. 5160

In merito all'accordo il Comitato pur rilevando come fosse auspicabile che gli stipendi ed i salari del centro meridione superiori a quelli in vigore in Liguria non venissero estesi senz'altro al Nord e che i dipendenti della Soc. I.R.I. conservassero l'atteggiamento assunto in un primo tempo, di rimandare alla parificazione di trattamento con i dipendenti del Centro-meridione per concorrere concretamente alla resistenza all'inflazione, tuttavia avuto riguardo alle circostanze :

- a) che l'indennizzo a forfait costituisca un rimborso spese di locomozione
- b) che sotto il profilo amministrativo la parificazione di trattamento fra

- 4 -

il personale della stessa azienda, che può essere distaccato in tutta la zona esercita dall'Azienda stessa, appare opportuno

- c) che l'applicazione del contratto in esame viene a scadere il 30 agosto e la sua esecuzione consentirebbe ai dipendenti della Soc. T.E.F.I. di sanare la loro posizione debitoria creatasi presso la Società in base ad acconti concessi in misura superiore a quella della retribuzione
- d) che a questa categoria per la specificazione della sua attività lavorativa è sempre stato fatto un trattamento superiore alle altre
- e) che la estensione del trattamento del Sud a quelli del Nord è stata del resto già applicata ai dipendenti dello Stato, ai quali come quelli delle aziende telefoniche hanno in passato fruito di benefici inferiori a quelli attribuiti ai dipendenti privati;

trasmette con parere favorevole per la ratifica, raccomandando che il nuovo contratto che sarà stipulato tenga conto di quelle che sono in concreto le condizioni delle regioni.

Viene quindi preso in esame l'accordo relativo agli adeguamenti salariali per i dipendenti da Aziende industriali della provincia della Spezia stipulato in data 27/7/43 fra i rappresentanti delle Organizzazioni interessate.

Il Comitato decide di trasmetterlo alla ratifica del Governo Militare Alleato munito di parere favorevole.

1°) Accordo tendente ad estendere ai lavoratori dipendenti dalle Aziende
commerciali la corresponsione dell'indennità temporanea di contingenza già
ratificata per i lavoratori dell'industria.

L'avv. Sciarretta esprime il suo compiacimento poichè nel determinare
la misura della sopracitata indennità è stato tenuto conto delle classi di
età e del carico di famiglia dei lavoratori.

5157

All'unanimità viene deciso di trasmettere l'accordo in questione minis-

A questa parte della consultazione è presente l'avv. Traverso, Commis-

Liguria del trattamento economico concordato in Roma l'1/3/45 per i dipen-

itato un più attento esame dello stesso.

3°) Accordo relativo all'adeguamento salariale per i giornalisti dipenden-
ti dai quotidiani cittadini.

-2-

Poichè i minimi stabiliti in questo contratto superano quelli stabiliti per gli impiegati dipendenti da altri settori economici e non essendo il Comitato al corrente dei salari che vengono corrisposti a questa categoria nell'Italia del Sud, viene deciso di rinviare l'esame del predetto accordo, mentre si dà formale incarico all'Ufficio Regionale del Lavoro di attingere telegraficamente notizie in merito presso gli Uffici del Lavoro di Napoli, Roma, Firenze.

4°) Accordo relativo agli adeguamenti salariali per i lavoratori dell'Industria della carta.

Viene deciso di rinviare la decisione alla prossima seduta al fine di dar modo all'avv. Sciarretta di completare l'esame dell'accordo stesso.

IL GOVERNO MILITARE ALLIATO - DIVISIONE DEL LAVORO

Sono presenti:

- Il Presidente, Vice Prefetto, avv. Pertusio;
- Il Vice Presidente, Segretario della Camera del Lavoro, Pizzarini;
- il rappresentante dei datori di lavoro, Dott. Ricca in sostituzione dell'avv. Sciarretta, assente da Genova;

- il Direttore dell'Ufficio Regionale del Lavoro, Curti;
- ~~il Direttore dell'Ufficio Provinciale del Lavoro, Sig. ~~Don~~ Mangenti~~;
- Segretario, il Segretario Generale dell'Ufficio Regionale del Lavoro Dott. Calmeri.

Viene preso in esame il primo argomento posto all'ordine del giorno:
"provvisorio riordinamento dei compiti ispettivi già disimpegnati dall'Ispezione dell'Industria e Lavoro."

L'on. Curti riferisce al riguardo quanto segue: 6152
"Le autorità allenate, al loro arrivo a Genova hanno dichiarato subito unitamente ad altri enti e associazioni di carattere fascista e corporativo, anche l'Ispezione Corporativa; attribuendone le funzioni agli Uffici del Lavoro. Tale determinazione fu portata a conoscenza del personale già alle dipendenze del predetto Ispezione, cui fu chiesto di passare a prestare servizio in seno agli Uffici del Lavoro; ciò in armonia col desiderio espresso dall'allora Ministro dell'Industria, Commercio e Lavoro di utilizzare negli Istituti Uffici del Lavoro il personale già appartenente all'Ispezione dell'Industria e Lavoro. Tale assorbimento non ha potuto aver luogo nei confronti del personale già in ruolo, in dipendenza delle difficoltà di ordine Generale e personale frapposte dagli interessati."

Nel frattempo, in occasione della costituzione del Gabinetto Ferri, si è avuto lo scioglimento del Ministero dell'Industria e Lavoro, in cui

 l'Ispettorato dell'Industria e Lavoro."

L'On. Curti riferisce al riguardo quanto segue: 5152
 "Le autorità Allente, al loro arrivo a Genova hanno dichiarato solerte
 unitamente ad altri enti e associazioni di carattere fascista e corpora-
 tivo, anche l'Ispettorato Corporativo; attribuzione le funzioni agli
 Uffici del Lavoro. Tale determinazione fu portata a conoscenza del pere-
 sonale già alle dipendenze del predetto Ispettorato, cui fu chiesto di
 passare a prestare servizio in seno agli Uffici del Lavoro; ciò in armon-
 nia col desiderio espresso dall'allora Ministro dell'Industria, Commercio
 e Lavoro di utilizzare negli Istituti Uffici del Lavoro il personale
 già appartenente all'Ispettorato dell'Industria e Lavoro. Tale assorbimen-
 to non ha potuto aver luogo nei confronti del personale già in ruolo, in
 dipendenza delle difficoltà di ordine Generale e personale frapposte da
 gli interessati.

Nel frattempo, in occasione della costituzione del Gabinetto Farri,
 si è avuto lo accoppiamento del Ministero dell'Industria e Lavoro in due
 distinti Ministeri:

- a) Ministero dell'Industria e Commercio
- b) Ministero del Lavoro e della Previdenza Sociale.

ciò viene a determinare una netta distinzione nei compiti affidati agli Ispettorati: a) quelli relativi all'attività industriale, b) quelli relativi al lavoro. Mentre per questo riguardo questi ultimi è indispensabile che essi debbano rimanere affidati agli uffici del lavoro, i quali sono nelle condizioni di svolgerli in pieno, per ciò che si riferisce invece all'attività industriale è da ritenersi che i relativi compiti spettativi saranno affidati dal Ministero dell'Industria e Commercio a propri organi periferici. In tal caso, infatti, pare niente più appropriato accordi di natura fra i due Ministeri.

Trattandosi di un aspetto definitivo venga dato a tale materia, al fine necessario determinare a quale ufficio attribuirlo, sia pure in linea provvisoria, i compiti spettativi relativi all'attività industriale.

Al riguardo, pare che sarebbe opportuno semplificare e unificare tali compiti onde renderli più consoni al nuovo stato decorativo, quelli risultanti dopo tale revisione, potrebbero essere affidati in ciascuno proprio alla legge Organo di Commercio.

La proposta di cui sopra viene maggiormente esposta e discussa; a conclusione delle osservazioni formulate, il Presidente propone di affidare all'On. Gatti l'incarico di preparare una relazione, da sottoporre alla prossima riunione del Comitato, sulla natura e sulla effettiva importanza dei compiti relativi all'industria, allo scopo di poter determinare se non sia il caso di intervenire ad una soluzione la quale consenta lo svolgimento di tali compiti attraverso un Ente o Ufficio già esistente (che potrebbe essere la Camera di Commercio) senza fare riacquistare l'Impetito.

3151

La proposta viene accolta all'unanimità e pertanto la decisione al riguardo viene rinviata alla prossima riunione del Comitato.

Vengono quindi prese in esame le seguenti questioni relative ad adeguamenti salariali:

1°) Retenzione agli operai dell'edilizia dell'adeguamento salariale come concordato con contratto 26 giugno 1945 per gli operai edilecostruttori.

Il relativo accordo è già esistente nel parere favorevole dell'Ufficio

cordato con contratto 26 giugno 1945 per gli operai dell'edilizia
Il relativo accordo è già unito del parere favorevole dell'Ufficio

Provinciale e Regionale del lavoro.

Considerato che il nuovo accordo è determinato dagli accordi del 26
nominali che hanno reso necessario l'adeguamento annuale del contratto
giugno 1945 e che l'esecuzione non ha esiguito che nel 1945

di lavoratori dell'edilizia, viene deciso ad unanimità di sottoporre con parere favorevole al Commissario Regionale dell'A.N.U. l'accordo sottoscritto in data 12 luglio 1945 fra i rappresentanti dei lavoratori edili e degli industriali edili della Provincia di Genova.

2°) Estensione al personale dipendente dalle Casse di Risparmio, dal Banco di Chiavari e dal Banco di Novara dell'adeguamento salariale già concordato e ratificato per il personale delle banche di interesse nazionale.

Ogni decisione al riguardo viene rinviata, essendo in corso un esame esauriente fra le categorie interessato per la sistemazione completa del trattamento economico del personale in questione.

PER LA LIGURIA

MINUTES OF THE MEETING HELD ON JULY 16th 1945
IN THE OFFICES OF THE A.M.C. - LABOR DIVISION

The following were present :

The Vice-Prefect, Avv. Pertusio, President.
The Secretary of the Chamber of Labor, Pizzorno, Vice-President.
The representative of the employers, Dr. Ricca, in place of Avv. Sciarretta, absent from Genoa?
The Reg. Labor Officer, Capt. Alessandrini.
The Reg. Labor Director, Hon. Curti.
The Prov. Labor Director, Mr. Venegoni.
The Gen. Secretary of the Reg. Labor Office, Dr. Salmeri.

The first subject on the order of the day was the re-adjustment of the inspection duties which were devolved to the Inspectorship of Industry and Labor (Ispettorato dell'Industria e Lavoro).

Concerning said question, Hon. Curti referred the following arguments.

2149
"The Allied Authorities, on arriving in Genoa, abolished amongst other associations and offices appointed by the Fascist Government, the "Ispettorato Corporativo", devolving its duties to the Labor Offices. Said action was reported to the personnel depending on the aforementioned "Ispettorato", who was asked to pass on the pay roll of the Labor Offices; and this according to the desire expressed by the Minister of Industry, Commerce and Labor to use the personnel of the "Ispettorato dell'Industria e Lavoro" for the Labor Offices. "The Allied Authorities, on arriving in Genoa, abolished amongst other associations and offices appointed by the Fascist Government, the "Ispettorato Corporativo", devolving its duties to the Labor Offices. It has not been possible, however, to absorb the personnel already on the pay roll, owing to general and personal difficulties raised by the parties concerned.

Meanwhile, owing to the appointment of the Parri Government; the Ministry of Industry Commerce and Labor gave way to two different Ministries, viz.:

- a) - Ministry of Industry and Commerce
- b) - Ministry of Labor and Social Providence ("Previdenza Sociale").

This causes a precise difference of the duties devolved to the

Ispettorato: a) those concerning industrial activity; and b) those

Concerning Labor. And while it is absolutely indispensable that the latter remain devolved to the Labor Offices, which are in condition to perform them perfectly, the former, it is believed, will be handed over by the Ministry of Industry and Commerce to some of their own offices. On this subject it appears that an agreement has already been outlined between the two Ministries.

While awaiting a full settlement of the above question, it is necessary to determine to which office temporarily devolve the inspection duties concerning industrial activity.

While it would be useful to make the above duties more simple and easy and altogether more apted to the new Democratic State, we believe it would be useful to devolve those duties remaining after the above revision to the local Chambers of Commerce in each Province."

The above proposal was minutely examined and discussed; and as a conclusion of the discussion, the President proposed to devolve to Hon. Curti the task of preparing a report to be presented at the next meeting on the nature and effective importance of the remaining duties concerning industrial activity, so as to examine the possibility of a solution that would make it possible to perform those duties through an existing Office (for instance through the Chamber of Commerce) without again appointing the Ispettorato.

This proposal was unanimously accepted, and so the decision of this question was suspended until the next meeting.

The following other questions concerning wage adjustments were then examined :

5148

1) - Extension to the building workers of the wage adjustment accorded to the metalmechanic workers with the agreement signed on June 26th 1945.

The accord already has the favourable opinion of the Prov. and Reg. Labor Offices.

- 1) - Extension to the building workers of the wage adjustment accorded to the metalmechanic workers with the agreement signed on June 26th 1945.

The accord already has the favourable opinion of the Prov. and Reg. Labor Offices.

Considering that this new agreement is caused by the same economical motives which made necessary the wage adjustments of the June 26th agreement; considering that said extension tends to grant the same economical treatment to the building workers; it was unani-

mously decided to forward with favourable opinion to the A.M.G. Regional Commissioner the above agreement signed on July 12th 1945 between the representatives of the building workers and of the industries concerned in the Prov. of Genoa.

2) - Extension to the personnel depending on the "Cassa di Risparmio", "Banco di Chiavari" and "Banco di Novara" of the wage adjustment already agreed upon and ratified for the personnel depending on the Banks of National Interest.

The decision has been suspended, an exhaustive plan for the complete settlement of the economical treatment of said personnel being in progress.

Having thus settled all questions in discussion, the meeting was brought to a close.

Dopo aver premesso che la partenza dell'Avv. Solarretta per Roma, subito dopo averlo designato come sostituto per la riunione del Comitato, non gli ha consentito di declinare l'incarico, fa presente che la sua appartenenza in passato all'Ispettorato non deve costituire motivo di preoccupazione circa la serenità di quanto egli potrà esprimere in merito al disciolto Ispettorato dell'Industria di Genova, in quanto egli, avendo accettato una consulenza nel campo industriale, ha deciso di abbandonare la qualifica di Ispettore. Aggiunge inoltre a maggiore tranquillità del Comitato che egli nelle sue valutazioni non sarà comunque ispirato da considerazioni affettive nei confronti dei suoi ex colleghi, poichè già da tempo egli è stato indotto ad assumere servizio a Milano per allontanarsi da Genova in dipendenza della disticca che ha verso una parte dei suoi ex colleghi.

(2)

Per questo può dare al Comitato la più ampia assicurazione che non sarà influenzato da considerazioni di colleganza.

Il Comitato prende atto delle dichiarazioni del Dott. Ducci e passa all'esame dell'argomento concernente la possibilità di un temporaneo riassetto parziale del disciolto Ispettorato

Dopo esauriente discussione, il Comitato viene nella determinazione di seguire la seguente linea di azione:

1°) Per quanto concerne l'ulteriore svolgimento dei compiti affidati in passato al disciolto Ispettorato, tenuto presente che quella parte di tali compiti che si riferiva al settore del lavoro e della previdenza sociale è ora affidata agli Uffici del lavoro e per i rimanenti compiti ispettivi relativi all'attività industriale si appalesa opportuno provvedere perchè essi continuino ad essere disimpegnati sia pure in via provvisoria, in attesa che il competente Ministero ne determini in modo definitivo le modalità;

A) proporre all'Ufficio del lavoro dell'A.M.G. l'adozione dei seguenti provvedimenti: a) invitare il capo responsabile del disciolto Ispettorato a riprendere servizio, unitamente al personale già dipendente dell'Ispettorato che non risulti soggetto a epurazione, per lo svolgimento delle pratiche concernenti l'attività industriale, b) autorizzare il predetto dirigente a firmare i ruoli nominativi per la riscossione presso l'Intendenza di Finanza delle competenze mensili spettanti al personale, limitatamente agli impiegati ammessi a prestare servizio;

5145

B) prendere i opportuni contatti con la locale Camera di Commercio e Industria perchè l'Ispettorato in questa temporanea ripresa di attività possa appoggiarsi presso la predetta Camera di Commercio e Industria.

In merito all'eventualità che si rendesse necessari mobili ed attrezzature d'Ufficio, il Dott. Ducci fa presente che a ciò si potrà facilmente provvedere prelevando il materiale necessario da quello attualmente in consegna al Prof. Tremeloni che ne ha larga disponibilità.

2°) Per quanto concerne le persone dei funzionari ed impiegati già appartenenti al disciolto Ispettorato, tenuto presente che detto personale non ha ancora subito il giudizio di epurazione e che per la maggior parte ha continuato

(3)

e percepire lo stipendio malgrado la scorrevole attività svolta nei mesi precedenti allo scioglimento e la neghittosità opposta al progettato assorbimento negli Uffici del lavoro.

- A) invitare il capo responsabile di detto personale a presentare alla Commissione di epurazione le schede informative personali;
- B) segnalare alla Commissione di epurazione la necessità di procedere con ogni urgenza all'esame individuale di tutti gli elementi onde provvedere all'immediata espulsione che dal servizio e dagli assegni economici gli elementi che dovessero risultare soggetti a epurazione;
- C) chiedere alla Commissione di epurazione di essere intesi nella persona di un rappresentante del Comitato, onde potere a voce esaurientemente illustrare l'aspetto politico del disciolto Ufficio e del personale che lo componeva;
- D) prospettare al competente Ministero dell'Industria e Commercio la opportunità di eseguire un'accurata inchiesta sull'attività dell'ex Ispettorato di Genova e sul personale dipendente, perochè la situazione sia chiesta in maniera definitiva.

Adeguamenti salariali.

Vengono quindi esaminati i seguenti accordi relativi ad adeguamenti salariali:

- 1°) Cassa di Risparmio I.I.D.B.
- 2°) Banco di Novara
- 3°) Banco di Chiavari
- 4°) Banco Fassadara
- 5°) Istituto Federale di Credito Agrario
- 6°) Tipografi Giornali Quotidiani
- 7°) Lavoratori dello Spettacolo, Genova
- 8°) Ceramiche, Genovese, Genova
- 9°) Lavoratori Edili, La Spezia
- 10°) Cantieri C.T.C. La Spezia
- 11°) Arti Grafiche di Apuania
- 12°) Lav. Industria del Legno, Apuania

5144

(4)

Il Comitato, tenuto presente che tutti gli accordi di cui sopra vanno considerati come estensione alle diverse categorie interessate dell'accordo generale stipulato a Genova in armonia con le deliberazioni adottate nella riunione di Milano, determina di sottoporre con parere favorevole detti accordi al Commissario Regionale del Governo Militare Aliento per la richiesta di ratifica.

La seduta viene quindi tolta.

Vice President Mr. Pizzorno;

Dr. Ducci, in place of avv. Sciarretta, absent from Genoa, representing the employers;

The Regional Labor Officer, Capt. Alessandrini;

Mr. Vanegoni, Prov. Labor Director;

Absent on account of his health Hon. Curti, Reg. Labor Director.

Secretary, the Gen. Secretary of the Reg. Labor Office, Dr. Salmeri.

At the start Dr. Ducci requests ex permission to give some explanations about his participating to the meeting before the R.I.J.A.C. begins the examination of the case of the ex "Ispettorato della Industria e Lavoro".

After having stated that the sudden departure for Rome of avv. Sciarretta immediately after his designation as a substitute for the R.I.J.A.C. meeting made it impossible for him to decline, he points out that the fact of having been in the past in the "Ispettorato" itself should not influence his opinion on the ex "Ispettorato dell'Industria" of Genoa because, having accepted an advisory commission in industrial field, he has decided to abandon the qualification of Inspector. He adds, moreover, that he could not be inspired by affective considerations towards his ex colleagues, as he had long since been induced to assume service in Milan so as to leave Genoa, owing to the poor opinion he had towards some of his colleagues.

For the above reasons he can give the R.I.J.A.C. the most full assurance that he will not be influenced by affective considerations.

The R.I.J.A.C. takes notice of the declarations of Dr. Ducci and begins the examination of the question regarding the possibility of a temporary and partial reappointment of the ex "Ispettorato".

After a long discussion, the R.I.J.A.C. decides to take the following action:

- 1) For the part concerning the further accomplishment of the functions of the ex "Ispettorato", remembering that the functions regarding Labor and Social Welfare have been assigned to the Labor Offices

- 1) For the part concerning the further accomplishment of the functions of the ex "Ispettorato", remembering that the functions regarding Labor and Social Welfare have been assigned to the Labor Offices while for the others regarding industrial activity it is necessary to provide for their accomplishment, even temporary, while awaiting the

final decisions of the competent Ministry;

A) Suggest to the Reg. Labor Officer : a) to invite the former Director of the Ispettorato to reassume service, with the personnel formerly belonging to the Ispettorato itself and who is not liable to "epurazione", for the accomplishment of those functions regarding industrial activity; b) to authorize the above Director to sign the pay rolls for collecting from the "Intendenza di Finanza" the funds necessary for paying the personnel reassumed in service;

B) take the necessary steps with the local Chamber of Commerce and Industry to have them support the Ispettorato for this temporary period of activity.

Should premises or furniture be necessary, Dr. Ducei points out that it would be easy to provide for it with the material presently in charge of Prof. Tremeleni, which is largely sufficient.

2) Concerning the officials and personnel which belonged to the ex Ispettorato, considering that said personnel has not yet passed through the "epurazione" and that most of them have continued to be paid their wages even though they did very little activity in the months preceding the dissolving of the office and opposed themselves to the assumption in the Labor Offices,

A) suggest the responsible Director of said personnel to present to the "epurazione" Commission the personal informative notes;

B) point out to the "epurazione" Commission the urgency to proceed to the single examinations of the above personnel so as to provide for the immediate suspension from service and from the accessory benefits of those elements liable to "epurazione";

C) request the above Commission to hear a representative of the R.I.J. A.C. for an exhaustive explanation of the political aspect of the Ispettorato and its personnel;

D) point out to the competent Ministry of Industry and Commerce the opportunity of making an accurate inquiry on the activity of the ex Ispettorato of Genoa and its personnel so as to definitively clear up the situation.

Wage adjustments

The following wage agreements were then examined:

- 1) Cassa di Risparmio I.I.B.D.
- 2) Banco di Novara
- 3) Banco di Chiavari
- 4) Banco Passadore
- 5) Istituto Federale di Credito Agrario

C) request the above Commission to hear a representative of the R.I.J. A.C. for an exhaustive explanation of the political aspect of the Ispettorato and its personnel;

D) point out to the competent Ministry of Industry and Commerce the opportunity of making an accurate inquiry on the activity of the ex Ispettorato of Genoa and its personnel so as to definitively clear up the situation.

Wage adjustments

The following wage agreements were then examined:

- 1) Cassa di Risparmio I.L.D.D.
- 2) Banco di Novara
- 3) Banco di Chiavari
- 4) Banco Passadore
- 5) Istituto Federale di Credito Agrario

5141

- 3 -

- 10) O.T.C. Plants of La Spezia
- 11) Graphic art workers of Apunnia
- 12) Saw-mill workers of Apunnia

The R.I.J.A.C., considering that all the above agreements should be considered as an extension to the various classes concerned of the general agreement signed in Genoa in accord with the deliberations of the Milan meeting, decides to forward with favourable opinion the above agreements to the Regional Commissioner of the A.M.G. for ratification.

The meeting was then declared over.

Vengono quindi adottate le seguenti deliberazioni in merito ai pareri da fornire al Comitato Regionale dell'A.S.G. relativamente ai dati accordi.

Accordo relativo alle retribuzioni dei lavoratori dell'Industria

./.

ad unanimità deliberare di trasmettere con parere favorevole l'accordo stesso al Commissario Regionale dell'A.M.G. per la ratifica.

Accordo relativo ai dipendenti delle Agenzie delle Imposte di Consumo

Viene riscontrata che l'accordo in questione, pur apportando miglioramenti economici alla categoria, tuttavia non produce un adeguato livellamento delle retribuzioni al costo attuale della vita e non risulta conforme alla portata dell'accordo, stipulato in data 28 giugno 1945 per gli impiegati dell'industria della Provincia di Genova.

In considerazione di ciò, il Comitato, mentre delibera ad unanimità, di trasmettere l'accordo stesso con parere favorevole al Commissario Regionale dell'A.M.G. per la ratifica, fa osservare che, per una sistemazione di questi prestatori d'opera analoga a quella determinata per gli altri impiegati, appare fin da ora necessaria ed opportuna una nuova regolamentazione delle retribuzioni che oggi si raccomandano all'approvazione del Commissario Regionale dell'A.M.G.

L'accordo in esame interessa soltanto 150 impiegati circa.

Esaurite le questioni in esame, la seduta viene tolta.

Letto approvato e sottoscritto.

REGION

July 3rd 1945 meeting

On the third of July nineteen - fortyfive, there took place in the office of Capt. Alessandrini of the AMG the first sitting of the Joint Labor and Industry Regional Advisory Committee for the Liguria Region.

- The following effective members were present:

 - 2) The representative of the Italian Government - Vice Prefect
Avv. Pertusio
 - 3) The Director of the Regional Labor Office - Hon. Gurti
 - 4) The employers' representative - Avv. Sciarretta
 - 5) The workers' representative - Mr. Pizzorno.

The following were also present:
The Director of the Provincial Labor Office of Genoa - Mr. Venzoni
The General Secretary of the Regional Labor Office Dr. Salmeri

After having explained the duties of the Committee and the procedure of the sittings, Capt. Alessandrini invites the Committee to proceed to the appointment of the President, Vice President and Secretary of the Committee itself; said function were allotted to the representatives of the Italian Government, the workers' representative and the General Secretary of the Regional Labor Office respectively.

The wage accords for Industry workers, for Industry employees and for the workers of the Consumption -tax Agencies of the Province of Genoa, signed by the parties concerned on the 26th, and 22nd of June 1945 respectively, were then examined.

The President of the Committee, who personally followed all transactions between the parties concerned up to the stipulation of said accords, then illustrated the economical reasons (insufficiency of wages in comparison to the high cost of life) which made said wage better necessary and undelayably.

The following decisions on the opinion to give to the AMG Regional Commissioner regarding said accords were then taken:

The following were also present:
The Director of the Provincial Labor Office of Genoa - Mr. Vezagani
The General Secretary of the Regional Labor Office Dr. Salsari

After having explained the duties of the Committee and the procedure of the sittings, Capt. Alessandrini invites the Committee to proceed to the appointment of the President, Vice President and Secretary of the Committee itself; said function were allotted to the representative of the Italian Government, the workers' representative and the General Secretary of the Regional Labor Office respectively.

The wage accords for industry workers, for industry employees and for the workers of the Consumption - tax Agencien of the Province of Genoa, signed by the parties concerned on the 26th, and 22nd of June 1945 respectively, were then examined.

The President of the Committee, who personally followed all transactions between the parties concerned up to the stipulation of said accords, then illustrated the economic reasons (insufficiency of wages in comparison to the high cost of life) which made said wage battery necessary and undelayable.

The following decisions on the opinion to give to the AMG Regional Commissioner regarding said accords were then taken:

1) Accord regarding the Industrial Workers' wages.

Considering the urgent need to resolve the situation existing on account of the disproportion between wages and cost of life, portion increased by the recent raising of the public services' prices; considering the favorable opinion of both the Provincial and the Regional Labor Offices; the Committee unanimously decides to forward with favorable opinion said accord to the AMG Regional Commissioner for ratification.

2) Accord Regarding the Industrial employees' salaries.

Considering the urgent need to resolve the situation existing on account of the disproportion between salaries and cost of life, /.

disproportion increased by the recent raising of the public services' prices; considering the favourable opinion of both the Regional and Provincial Labor Offices; the Committee unanimously decides to forward said accord with favourable opinion to the AMG Regional Commissioner for ratification.

3) Accord regarding the employees of the Consumption-tax Agencies.

It is agreed that the accord in question, although in bettering the economical situation of said workers, does not, however, bring them to a level enabling them to meet the present highest cost of life, and moreover it is not conformable to the accord signed on June 28th 1934 for Industrial Employees in the Province of Genoa.

In consideration of the above, the Committee, while deciding unanimously to forward said accord with favourable opinion to the AMG Regional Commissioner for ratification, brings notice to the fact that, for the purpose of settling the situation of these workers in the same way undertaken in favour of the other workers, it is necessary and advisable to establish a new wage regulation, which it submits to the approval of the AMG Regional Commissioner. Said accord concerns only about 150 employees. Having settled the questions on approval, the meeting is declared over.

Read, approved and signed.

TO : Executive Commissioner

1. This is in reply to Executive Commissioner's Memorandum of 4 June 1945.

2. Minister Gronchi has indicated agreement in principle with the formation of Regional Italian Joint Advisory Committees (Labour and Industry); and from time to time has suggested the names of persons to be considered for appointment to various Committees. Representatives of organised Labour and of Employers' Confederations have also indicated agreement; and the idea has been accepted by various Camere del Lavoro in the Northern Regions with whom the question was discussed in May 1945.

3. Regional Commissioners have been advised to proceed with the establishment of Joint Advisory Committees in each Region, making appointments on a provisional basis to avoid delay whilst awaiting firm nominations.

A provisionally appointed Committee has already met and made recommendations to the Regional Commissioner in Emilia on wage adjustments. The recommendations were accepted.

In Venezia and Piemonte nominations are almost complete and it is hoped to operate the Committees shortly. The position in Liguria is not yet known.

4. In Lombardia no progress has been made and a change in the Regional Labour Officer will be made the occasion for stimulating activity on this issue.

PRESS NOTICE

LSC/q10

The Allied Military Government communicates the following:

This Command has been informed that in certain areas and in some industrial firms requests for wage adjustments of various kind have been forwarded although they are not contemplated by the contracts and regulations actually in force.

Such requests cause a further serious disorder of the wage situation which must instead be normalized in the interest of industrial resumption as well as of workers.

Therefore, it is absolutely forbidden for any unauthorized person or institute to request wage increases of any kind and employers shall be held responsible for the inobservance of the present order.

The directives of this Command aim to establish free negotiations in regards to prices and wages but at the same time to impede inflation and the consequent unfavourable repercussions in the economic field in general as well as in the labour field in particular. Therefore, while prices of food stuffs and industrial articles are being disciplined, wage adjustment that eventually will be agreed upon by the competent syndical organisations shall be subordinate to the approval of the Allied Military Commission, assisted by an Advisory Commission composed of representatives of the Allied Military Command, by delegates of the Ministry of Industry, Commerce and Labour as well as by the representatives of employers and workers. Experts in syndical and social economy may be called from time to time as members of the Commission.

REF : 4033/17/30

8 June 1945

SUBJECT: Joint Advisory Committee (Labour and Industry)

TO : Executive Commissioner

1. This is in reply to Executive Commissioner's Memorandum of 4 June 1945.

2. Minister Grunchi has indicated agreement in principle with the formation of Regional Italian Joint Advisory Committee (Labour and Industry); and from time to time has suggested the names of persons to be considered for appointment to various Committees. Representatives of organized Labour and of Employers' Confederations have also indicated agreement; and the idea has been accepted by various Camere del Lavoro in the Northern Regions with whom the question was discussed in May 1945.

3. Regional Commissioners have been advised to proceed with the establishment of Joint Advisory Committees in each Region, making appointments on a provisional basis to avoid delay whilst awaiting firm nominations.

A provisionally appointed Committee has already met and made recommendations to the Regional Commissioner in Emilia on wage adjustments. The recommendations were accepted.

In Venetia and Piemonte nominations are almost complete and it is hoped to operate the Committees shortly. The position in Liguria is not yet known.

4. In Lombardia no progress has been made and a change in the Regional Labour Officer will be made the occasion for stimulating activity on this issue.

A.G. ANGLADE
Acting Vice President

PERSONAL

Mr. BEAINE

REGIONAL ITALIAN JOINT
ADVISORY COMMITTEES

1. Copies of (a) Constitution and Functions and (b) Letter of Appointment (both in Italian) are attached for your use when visiting the Northern Provinces. The translation in each case has been checked by the Legal Sub-Commission.

2. CONSTITUTION OF COMMITTEES

(a). Italian Government Representatives

Nominations have not yet been received. In a letter dated 20th April, Minister Gronchi intimated that the Ministry of Industry, Commerce and Labor "has entrusted the individuals appointed for the direction of the Regional Offices (Ufficio del Lavoro) in Northern Italy to choose among the functionaries of this administration those who are to belong to the Labour Commissions as representatives of this Ministry".

You have since discussed the matter with Sig. Gronchi and have reason to believe that the Ministry will endeavour to secure the names of suitable persons to serve on these Committees as the Italian Government representatives.

(b). Italian Employer Representatives.

Nominations have not yet been received. I believe you discussed the question recently with the President of the General Confederation of Italian Industry and that he undertook to give the matter his attention and submit the names of likely representatives in due course.

You mentioned at our meeting yesterday that when in the North you will endeavour to secure nominations yourself.

It is very important that the persons selected are representative of, and likely to be acceptable to, employers as a whole in the region. If the main industry in the region is mechanical engineering it would be well to ensure, if possible, that the person selected as the employers' representative on the Joint Committee is associated with that industry.

For your information, the principal industries in each of the seven regions are as shown below - in order of size according to numbers employed before the war:

<u>REGION</u>	<u>INDUSTRIES</u>
Lombardia	Mechanical Engineering Textiles Building Food and Food Distribution
Piemonte	Textiles Mechanical Engineering <i>Building</i> Woodworking Mining
Liguria	Mechanical Engineering Building
Venezia	Textiles Building Mechanical Engineering
Emilia	Mechanical Engineering Building Clothing Leather Textiles
Umbria-Marche	Food Mechanical Engineering Building

5125

Toscana

Mechanical Engineering
Textiles
Food
Building
Woodworking
Minerals (Non-Metals)

Where employers in the principal industries are organized it would be preferable to obtain nominations from the General Confederation of Industry or other employers' organization concerned. There is probably a branch of the Confederation in Milano, Torino, Genova and other large industrial centres.

The textile manufacturers may have their own association, which may or may not be affiliated to the Confederation. Similarly there may be a Building Employers' Association in each large town and if nominations from the building trade are required it would be well to contact the local Association. If necessary the information in regard to local employers' organizations can be obtained from the Chamber of Commerce.

(c). Italian Employees' Representatives.

Nominations have been received from the C.G.I.L. for all seven Regions. These have been passed to the Regional Commissioners and no further action is necessary so far as we are concerned, for the time being at least.

3. If these Joint Advisory Committees are allowed to function as intended and are given the necessary encouragement there is no reason why the machinery thus provided

should not prove effective during the next few months when we are likely to meet with many difficult problems in the Northern Provinces. Much will depend on the extent to which their services are utilised and on whether they have the full co-operation of the Regional Labour Officers and the Regional Directors Ufficio del Lavoro. Without such co-operation the Committees will not be able to function properly and in the long run may do more harm than good.

When you meet the Regional Commissioners, you will no doubt stress the importance of the Joint Advisory Committees and suggest that the Labour Officers should make the fullest use of their services.

2. Two members of the committee have been selected to date, they are:

Delay in the selection of the representative of the employees has

SUBJECT: Visit of Industrialists to North of Italy.

1. Attached letter relates to a panel of six industrialists, representing the Confederation of Industry, for whom permission is required to visit the Northern territory to study the economic problems and to establish contact with representatives of industry in the North. Among other things, they would select the industrialist members to be nominated for appointment to RIJACs on labor and industry.

2. The letter was handed to me by the President of the Confederation personally, but the object of the mission includes wider issues than those affecting labor relations. So far as the letter are concerned, I realize that in the present phase no action can be taken to arrange visits to the North. When the situation becomes easier, however, I should support this request as one of the first to be granted.

SUBJECT: Regional Italian Joint Advisory Committees

TO : Brig. D. L. Anderson
Deputy Vice President
Economic Section

1. The Regional Italian Joint Advisory Committees are important Committees intended to deal with labor matters in the North and in AMG territory below the economic line, with a view to avoiding unrest. Agreement has been obtained at all levels for their constitution, but there is delay in making actual appointments to the Committees.

2. I saw Minister Gronchi this morning and pressed for expeditious action. He will send the names of the five Government representatives for the five Northern Committees. With regard to the representatives of labor and industry, respectively, he will send the names of six members of a selection panel for each side, who, it is proposed, will go to the North and obtain nominations on the spot in each Region. This seems sensible in view of the importance of avoiding any appearance of imposing Southern personalities upon the North, and as soon as the names are received I will initiate action for their admission to AMG territory for the purpose in question.

3. The Italian press had got hold of the story of the appointment of these Committees and wanted to publish articles about them. We arranged for the press to suspend publication until an authoritative statement could be issued, preferably by the Italian Government.

Minister Gronchi says that he will make a general statement on Monday or Tuesday of next week, which will refer to the general proposed system of consultative committees, including the labor consultative committee.
