TO : H. Exc. ADMIRAL STONE
Head of the Allied Commission
Rome

I undersigned Mungivera Angelo di Aniello and
Jacomo Carmela, born in Miano of Naples on the 9.6.1904,
living at Bagnoli di Napoli, Via Napoli n.54, Villa
Livia Proprietà Paloo, La Pietra, is setting forth to
Your Excellency the following:

Since the year 1937 I was employed as a manual
worker with the ILVA. As in 1943 I was suffering from
an ulcer at the stomach, I was compelled to dismiss
from the ILVA, because I could not endure any more
the hard labour to which they had destined me, while,
on the other hand, the direction of the plant in
Bagnoli di Napoli showed itself unwilling to grant me
a special favourable treatment and to destine me to
a less hard work, on account of the fact that I was known
as an anti-fascist. Afterwards I submitted to a surgical
operation, as a consequence of which I have recovered
my health.

After the 8 September 1943 when the Allied pri-
soners in Italy started to make their escape from the
concentration camps, I was very happy to give hospitality
in my modest home to the English captain Thery from South
Africa and I kept him concealed until the Allied Forces
arrived in Naples.

On account of this modest service of mine, the
Command of the A.M.G. saw it fit to deliver me by way
of a prize a letter of recommendation addresses to
all Italian authorities and citizens, inviting them
to facilitate me in a reasonable and just way, in
order that, after the misfortune that I had suffered,
I might recover both from my sickness and from the
unemployment. 53

Being a father of 6 sons, I undersigned would like
to resume my employment with the ILVA of Bagnoli di
Napoli, and I have applied three times for this purpose
to the Direction of the said Plant, showing the letter

of recommendation of which I am in possession. But, the ILVA Direction, being held by ultrafascist officials have stated that they are unwilling to take into consideration such kind of letters of recommendation.

Therefore I appeal to the high authority and comprehension of Your Excellency, so that considering also the moral ends of the history of such a tragic epoch as this, at least the right to an employment, as well as to a living for the workers, who played a role of loyal co-operators on behalf of the Liberation Forces should be respected. As a conclusion I am feeling confident that thanks to the interposition of Your Excellency's mediation with the Direction of ILVA, either in Rome or in Bagnoli of Naples, I may be very soon taken again into employment, so as to be enabled to stay the hunger of my six sons.

In the meantime I thank Your Exc. beforehand with the greatest fidelity and respect.

Naples, 2 January 1946.

Il sottoscritto che si trova senza mezzi e senza lavoro
 si rivolge all' ultima istanza a Comprensione di V. S. E. e
 perché anche ai fini morali della storia di una con trappola

 Spero nell' eventuale interessamento della Comità di V. S. E.

Prot. n. 542/1v

OCCORRENZA : Expatriation of Italian miners to the Belgium

Negotiations are proceeding between the Italian and the Belgian Governments concerning the expatriation of a first group of Italian miners (500 men) to the Belgian coal mines.

The Belgian Government finds it difficult to supply these workmen with the food necessary for the journey from the Swiss frontier to their destination in Belgium and asks that they are supplied with the food required for the journey, that is estimated to last about ten days. But, owing to the present situation in Italy, it would be very difficult for us to supply these miners (particularly with the necessary tinned food).

This Ministry, therefore, is applying to this Sub Commission asking to kindly consider the possibility to draw the competent Allied authorities's attention to the matter.

I belgi hanno, pero', difficolta' a provvedere i viveri per i giorni di viaggio, dalla frontiera svizzera al luogo di arrivo nel Belgio, e chiedono che i minatori italiani espatriati siano provveduti in Italia di viveri sufficienti per la durata del viaggio, prevista in dieci giorni.

OCCETTO Espatrio di minatori per il Belgio.

tra il Governo Italiano e il Governo Belga sono in corso delle trattative per inviare in quelle miniere di carbone, un primo scaglione di minatori italiani (n. 500 unità).

I belgi hanno, però, difficoltà a provvedere i viveri per i giorni di viaggio, della frontiera svizzera al luogo di arrivo nel Belgio, e chiedono che i minatori italiani espatriandi siano provveduti in Italia di viveri sufficienti per la durata del viaggio, prevista in dieci giorni.

Poichè, date le attuali circostanze, sarà molto difficile anche a noi di provvedere al vettovagliamento di questi nostri lavoratori, specie con viveri in scatola, questo Ministero si rivolge a codesta Sottocommissione perchè voglia cortesemente esaminare la possibilità di interessare in tal senso le competenti Autorità Alleate.

OCCETTO

Expatriation of Italian miners to the Belgium

Negotiations are proceeding between the Italian and the Belgian Governments concerning the expatriation of a first group of Italian miners (500 men) to the Belgian coal mines.

The Belgian Government finds it difficult to supply these workmen with the food necessary for the journey from the Swiss frontier to their destination in Belgium and asks that they are supplied with the food required for the journey, that is estimated to last about ten days. But, owing to the present situation in Italy, it would be very difficult for us to supply these miners (particularly with the necessary tinned food).

This Ministry, therefore, is applying to this Sub Commission asking to kindly consider the possibility to draw the competent Allied authorities's attention to the matter.

Dear Miss Lyons:

Mr. Braine, who is temporarily absent from Rome, has asked me to reply to your letter of 19 September regarding the two pupils of Mr. William Francini who had hoped to take employment with the British Admiralty in Ceylon.

With the cessation of hostilities in the Far East, the scheme of the British Admiralty for recruiting Italians for employment in Ceylon has been cancelled. This scheme was to be operated by the Italian Government and under agreement with the Admiralty.

I regret that I know of no other means whereby Italian civilians may, at the present time, obtain employment overseas.

Dear Madam,

While thanking you once more for the very kind "souvenir of the time that was and that which might be" I take the liberty to ask you if through some of your leading friends you could have a good word spent in favour of my pupils:

- Pacelli Luigi aged 24
- Olanti Flavio " 22

The former is late officer, cadet of a noble and ancient family; the latter is a very sad case: all alone in this cruel world: he is a good boy, worker, honest and learned.

As no doubt you are aware the British Admiralty has recently opened an enrolment for 15.000 Italian workmen for Ceylon; 3 years engagement, food, etc.

At my suggestion my pupils sent their application in due time. Now, it is said, at the Ministero del Lavoro that it all depends on Col. Brain, Chief of the Labour Division, Allied Commission, Via Veneto, Rome.

In the affirmative I would be greatly obliged to you if you could let me have a note of introduction for Mr. Brain, to whom I would personally like to introduce and recommend these 2 young lads.

Excuse the trouble and thanking you in advance for your very kind interest in the matter,

I remain,

Yours very truly,

Memorandum - Mr Braine -

24 September 1945

SUBJECT : C.E.S.I.M. Proposals.

1. Reference attached communication, apparently received through Embassy channels.

2. The Italian Ministry of Labour has been consulted and stated that they have no objection to the firm operating in the manner indicated in the communication. Indeed they add that they would prefer that any future emigration or "expedition overseas" were conducted by reputable firms, rather than by individuals.

3. Apparently a similar firm the "Italistreda" company, who prior to and during the war carried out large and important highway works of construction in Libya and Eritrea, are prepared to undertake similar contracts overseas on the basis of the C.E.S.I.M.

4. I am assured that if either Organisation succeeds in obtaining overseas contracts, both the Ministry of Labour and Foreign Office of the Italian Government will take all necessary steps to safeguard the condition of employment and the social security of workers.
