Applicazione delle assicurazioni sociali ai lavoratori italiani ingaggiati dalle Forze alleate.

Questo Ministero ha disposto che sia data immediata esecuzione al provvedimento -recentemente approvato dal Consiglio dei Ministri - che ammette voi e le vostre famiglie ai benefici delle assicurazioni sociali per l'invalidità e vecchiaia, per la disoccupazione, per la tubercolosi, per la nuzialità e natalità, per le malattie e per gli infortuni sul lavoro e le malattie professionali.

Per ottenere tali benefici dovrete rivolgervi al competente istituto assicuratore trasmettendo, con la domanda, un'apposito certificato che vi verrà rilasciato dai Comandi delle Forze alleate.

Tale certificato dovrà essere da voi richiesto sia per eventi per cui abbiate diritto a benefici immediati, sia al momento della cessazione del vostro rapporto di lavoro.

Anche in quest'ultimo caso, lo stesso certificato ha una grande importanza per i vostri eventuali diritti ai benefici delle assicurazioni sociali, e perciò dovrete presentarlo subito all'Istituto nazionale della previdenza sociale, perchè possa provvedere a tener conto, nella vostra posizione assicurativa, del vostro periodo di lavoro presso le Forze alleate.

1. Ho letto il testo del manifesto, predisposto dal suo ufficio, per i lavoratori che sono impiegati dalle Forze Alleate, ed ai quali sono ora estese le assicurazioni sociali vigenti in Italia, e mi sembra che esso risponda pienamente allo scopo di informare i lavoratori di quanto e' necessario fare, da parte loro, per ottenere i benefici assicurativi.

2. Riterrei tuttavia opportuno, date le finalita' del manifesto ed i luoghi in cui esso verra' affisso, che esso fosse intestato al Ministero dell'Industria, Commercio e Lavoro, e che si usasse all'inizio, la forma impersonale, lasciando, naturalmente, la firma del Ministro. Le mando qui' unita la copia con le modificazioni proposte.

3. Le sarei molto grato se volesse provvedere nel modo quanto piu' sollecito possibile, alla stampa del manifesto, in modo che esso possa essere spedito insieme ai certificati da noi predisposti.

1. Acknowledgment is made of Your Excellency's letter of 17 November, 1944, transmitting the scheme of decree on the above subject and copies of letters to the Malattia, Previdenza Sociale, and Infortuni Institutes authorizing them to initiate the plan pending publication of the decree.

2. The Director of the Direzione Generale Previdenza e Assicurazione Private in your Ministry has informed us by telephone today of two minor technical changes which it is proposed to make in article 4 of the scheme of decree. We should appreciate your sending us written confirmation of these changes. However, we are able to advise you that the decree in its proposed final form is entirely satisfactory from the standpoint of the Allied Commission, since it appears to implement adequately the plan already agreed upon by the various interested parties and to assure social insurance benefits to the group of workers concerned. Therefore, we earnestly recommend that necessary steps for promulgating the decree be taken without delay.

Since the Allied Forces have agreed to undertake the posting of such a notice, we wish to supply copies to the various units employing labor prior to inauguration of the plan. It is respectfully urged, therefore, that preparation of the text and arrangements for printing be expedited in every possible way. We estimate that about 2500 copies of the proposed notice can be used to advantage by the Allied Forces.

Risp.a nota del 4/II/1944,n.RS/4.04
OGGETTO : Assicurazioni sociali per i lavoratori dipendenti dalle Forze Armate Alleate.

AL QUARTIERE GENERALE
DELLA COMMISSIONE ALLEATA
SEZIONE ECONOMICA.

Con la nota sopradistinta viene fatto presente che nella determinazione dei salari dei lavoratori italiani dipendenti dalle Forze Armate Alleate si è sempre tenuto conto degli oneri relativi alle assicurazioni sociali.

Peraltro, mentre in un primo tempo i salari vennero fissati ad un livello più alto, tale da consentire ai lavoratori di provvedere per proprio conto alle assicurazioni predette, essendosi in prosieguo di tempo constatato che i lavoratori stessi non si sono avvalsi di tale opportunità, nell'esame, attualmente in corso, delle retribuzioni da corrispondere ai predetti lavoratori, si è supposto che il Governo italiano si assumerà l'onere delle assicurazioni sociali anche per la parte a carico del lavoratore stabilendo, pertanto, salari adeguatamente ridotti.

Al riguardo si fa presente che in seguito agli analoghi chiarimenti forniti dai rappresentatnti di codesta Commissione nel corso della riunione tenutasi per l'esame del problema in questione, questa Amministrazione ha già dato la propria adesione alla proposta del Ministero dell'Industria Commercio e Lavoro di porre a carico dello Stato l'intero onere delle assicurazioni sociali dei lavoratori predetti.

All'uopo è stato già concordato, nelle vie brevi, con il cennato Ministero, uno schema di provvedimento nel quale la materia di che trattasi trova adeguata sistemazione.

Tale schema sarà sottoposto all'esame di codesta Commissione a cura del proponente Ministero dell'Industria, Commercio e Lavoro.

TO : National Social Security Institute

SUBJECT: Social Insurance for Italian Workers Engaged by Allied Armed Forces

A legal provision is in course of publication which will dictate the regulations for the concession of insurance benefits to Italian workers who work directly for the Allied Armed Forces.

As regards the social insurances administered by your Institute, the following particulars are established:

1. From the standpoint of the effect on the right to and amount of obligatory insurance benefits for invalidity and old age, unemployment, tuberculosis, marriages and births, contributions for the period of employment with the Allied Armed Forces will be computed as though paid in the maximum amounts provided by the tables annexed to R.D.L., 14 April 1939, No. 636, modified by R.D.L., 16 March 1943, No. 126.

2. The expenses for the benefits will be reimbursed provisionally by the State:

   a. For unemployment, tuberculosis, marriage and birth insurance, where the right to benefits is contingent on the computation of the contributions considered as paid (i.e., as per Para. 1, above);

   b. For invalidity and old age insurance, limited to the increase in the pension arising from the contributions considered as paid;

3. To obtain payment of insurance benefits, the insured must present to your Institute the pertinent document (SI-1, "Workers' Social Insurance Card") provided by the Allied Armed Forces.

1775

If the benefits are requested for a family member or in case of marriage or birth, as a result of contingencies occurring during the period of employment with the Allied Armed Forces, the worker must present the pertinent certificate (SI-2, "Worker's Employment Status Report") provided by the Allied Armed Forces.

SUBJECT : Social Insurance for Italian Workers engaged by Allied Armed Forces.

A legal provision is in course of publication which will dictate the regulations for the concession of insurance benefits to Italian workers who work directly for the Allied Armed Forces.

As regards the social insurances administered by your Institute, the following particulars are established:

1. From the standpoint of the effect on the right to and amount of obligatory insurance benefits for invalidity and old age, unemployment, tuberculosis, marriages and births, contributions for the period of employment with the Allied Armed Forces will be computed as though paid in the maximum amounts provided by the tables annexed to R.D.L. 14 April 1939, No. 636, modified by R.D.L. 18 March 1943, No. 126.

2. The expenses for the benefits will be reimbursed provisionally by the State:

   a. For unemployment, tuberculosis, marriage and birth insurance, where the right to benefits is contingent on the computation of the contributions considered as paid (i.e., as per Para 1, above);

   b. For invalidity and old age insurance, limited to the increase in the pension arising from the contributions considered as paid;

3. To obtain payment of insurance benefits, the insured must present to your Institute the pertinent document (SI-1, "Workers' Social Insurance Card") provided by the Allied Armed Forces.

MINISTRY OF THE TREASURY
Ragg. Gen. di Stato

Rome____ Oct. 44

Div. XVIII
Prot. 102880

SUBJECT : Benefits to Italian Workers employed with Allied Forces

TO : Ministry of Industry, Commerce and Labour, (Direz. Gen. Previdenza e Assicurazioni Private)

We have received for examination, a draft to the effect that the burden resulting from benefits of all obligatory insurance to Italian workers employed by Allied Forces would be placed upon the State who should then reimburse the insurance institutes. It was not intended that the State should make those payments rather this has appeared necessary since it was not possible to obtain the necessary funds from Allied Forces to make such payments.

The burden of such payments to those who, at the time when they were assumed by the Allied Forces, have already attained the minimum of insurance and of contributions required by regulations in force for recognition of the right to benefits and for those who attain such minimum after work has ceased, would remain the burden of the insurance institutes. The State would assume, as compensable, only the expense of contingencies occurring during the performance of work for the Allies, for those workers who attain the minimum of contributions and insurance during the same period of work.

Exception to the above would be made regarding payments for invalidity and old age for which the State would assume as its own burdens pension liabilities accruing for work performed for the Allies. To this end, contributions would be made as for the highest class of contribution.

It should be noted that, according to existing regulations, insurance contributions are partly the burden of the employer, and partly of the worker, except for accident insurance which is entirely the burden of the employer.

The above contributions should therefore, be divided between Allied Forces and their employees according to regulations regarding each type of insurance.

As to this sharing of expenses for insurance benefits

./.

Declassified E.O. 13356 Section 3.3 NND No. 785015

and assistance according to armistice provisions, the assumption by the Italian Government of the employer's share of the burden would constitute a partial application of the terms themselves and may therefore be regarded as justifiable.

The amount of such a burden, which cannot be definitely determined for lack of information as to the exact number of laborers, which has worked and which will work for Allied Forces, and as to the exact period of their employment, is certainly large and payment of such contributions, on the whole, will have amounted to a notable increase in their salaries.

Therefore, it would be desirable to consider the possibility of shifting the burden onto the workers themselves, since salaries paid by the Allies should be sufficient for them conveniently to assume this expense themselves.

We believe that the Allies would not refuse to make reductions from wages for the workers' share of contributions if it were not for the fact that applying the numerous rules governing insurance and assistance is excessively difficult.

We recommend that your Ministry examine the possibility of simplifying the above regulations, proposing to the Allies of taking a single average deduction from the salaries for all the social insurances and for categories of workers.

The Italian Government, should be creditor for the amount of deductions thus made, to United Nations.

As for intervention by the State we advise that the "Erario" should pay its own share of pension liabilities (invalidity and old age), and employers' contributions to other insurances.

In this manner the burden of the State would be combined and proportioned to the periods of work by the workers concerned for Allied Forces and an arrangement would be avoided which would be dangerous if depending on casual elements.

The burden of the State would naturally be diminished by the eventual contributions voluntarily given by the workers themselves toward insurance against invalidity and old age according to the request made by this Administration.

Rules in force for State employees could be adopted for accident insurance.

./.

In the meantime, instructions could be issued that the insurance institutes grant the benefits to the workers themselves, in so far as they are entitled to them, considering the period of work performed for the United Nations Army Forces. This period could be verified by a certificate issued upon release.

A reply is desired.

OGGETTO : Provvidenze a favore dei lavoratori italiani ingaggiati dalle forze armate delle nazioni unite.

Codesto Ministero ha trasmesso, per il preventivo esame, uno schema di provvedimento per effetto del quale l'onere inerente alle prestazioni di tutte le assicurazioni obbligatorie dei lavoratori italiani ingaggiati nelle Forze Armate delle Nazioni Unite graverebbe sullo Stato che dovrebbe rimborsarlo agli istituti interessati. Non si sarebbe infatti ritenuto di far intervenire l'Erario attraverso il pagamento dei contributi assicurativi dovuti per i cennati lavoratori a causa della impossibilità di ottenere dalle Forze Armate Alleate i dati necessari per procedere a tale pagamento.

L'onere delle prestazioni per coloro che, al momento in cui vengono assunti dalle Forze Armate Alleate, hanno già maturato i minimi di assicurazione e di contribuzione richiesti dalle norme in atto per il riconoscimento del diritto alle prestazioni, e per quelli che maturano detti minimi dopo cessato il rapporto di lavoro, resterebbe a carico degli istituti assicuratori. Lo Stato si assumerebbe, in via compensativa, soltanto la spesa relativa agli eventi verificatisi durante il rapporto di lavoro alle dipendenze delle Forze Armate Alleate, nei confronti dei lavoratori che raggiungano i minimi di contribuzione e di assicurazione durante lo stesso periodo di lavoro.

Non si sarebbe infatti ritenuto di far intervenire l'Erario attraverso il pagamento dei contributi assicurativi dovuti per i cennati lavoratori a causa della impossibilità di ottenere dalle Forze Armate Alleate i dati necessari per procedere a tale pagamento.

Lo Stato si assumerebbe, in via compensativa, soltanto la spesa relativa agli eventi verificatisi durante il rapporto di lavoro alle dipendenze delle Forze Armate Alleate, nei confronti dei lavoratori che raggiungano i minimi di contribuzione e di assicurazione durante lo stesso periodo di lavoro.

Al cennato criterio si farebbe eccezione per le prestazioni dell'assicurazione per l'invalidità e vecchiaia per le quali lo Stato assumerebbe a proprio carico le sole quote di pensione corrispondenti ai contributi considerati come versati in relazione al periodo di lavoro prestato dagli assicurati alle dipendenze degli alleati. A tal fine verrebbero ritenuti versati i contributi inerenti alla classe massima di contribuzione.

In ordine a tale schema di provvedimento si osserva, in linea preliminare, che, secondo le norme vigenti, le contribuzioni assicurative sono parte a carico del lavoratore e parte del datore di lavoro salvo per quanto attiene all'assicurazione antinfortunistica il cui onere è per intero a carico di quest'ultimo.

1767

Declassified E.O. 12356 Section 3.3 NND No. 785013

Le predette contribuzioni dovrebbero, pertanto, gravare sui comandi alleati e sui lavoratori da essi ingaggiati in relazione alle norme che disciplinano le singole assicurazioni.

Per quanto riguarda la quota di oneri previdenziali e assistenziali, posta dalle norme predette a carico del datore di lavoro, si rileva, tuttavia, che in relazione alle disposizioni delle clausole d'armistizio cui accenna codesto Ministero l'assunzione da parte del Governo italiano alla spesa relativa a tale quota costituirebbe una parziale anticipata applicazione delle clausole stesse e, pertanto potrebbe ritenersi giustificata.

Per ciò che concerne, invece, la quota di oneri previdenziali, che dovrebbe gravare sui prestatori d'opera, e trattenersi all'atto della corresponsione del salario si osserva che la sua assunzione, da parte dello Stato, costituirebbe una deroga alla direttiva per effetto della quale i lavoratori debbono concorrere alla formazione dei loro trattamenti previdenziali ed assistenziali.

L'ammontare di tale onere, - che non può essere precisato mancando elementi circa l'entità numerica dei lavoratori italiani che hanno prestato o presteranno la loro opera alle dipendenze degli alleati e circa la durata del loro periodo di occupazione - è certamente cospicuo ove si tenga conto che le contribuzioni previdenziali e assistenziali hanno raggiunto, nel complesso, una incidenza notevole rapportate al salario.

Occorrerebbe, pertanto, esaminare la possibilità di far sostenere detto onere ai lavoratori tanto più che i salari ad essi corrisposti dalle Forze Armate delle Nazioni Unite consentirebbero di fronteggiare agevolmente l'aggravio in parola.

Ritiene questo Ministero che non dovrebbe essere estranea al rifiuto degli Alleati di procedere alla ritenuta dui salari della quota di contribuzioni a carico dei lavoratori, la circostanza che l'applicazione delle numerose norme vigenti in materia assicurativa e assistenziale è eccessivamente difficoltosa.

Si raccomanda pertanto a codesto Ministero di esaminare la possibilità di semplificare al massimo gli adempimenti previsti dalle norme predette proponendo agli Alleati la [illegible] 1766

gine italiana.

Per ciò che concerne, invece, la quota di oneri previdenziali, che dovrebbe gravare sui prestatori d'opera, e trattenersi all'atto della corresponsione del salario si osserva che la sua assunzione, da parte dello Stato, costituirebbe una deroga alla direttiva per effetto della quale i lavoratori debbono concorrere alla formazione dei loro trattamenti previdenziali ed assistenziali.

Si raccomanda pertanto a codesto Ministero di esaminare la possibilità di semplificare al massimo gli adempimenti previsti dalle norme predette proponendo agli Alleati la applicazione di una ritenuta media unica sui salari per tutte le assicurazioni sociali e per tutte le categorie di lavoratori.

Il Governo Italiano, resterebbe creditore verso le Nazioni unite dell'ammontare delle ritenute così effettuate.

Per quanto riguarda le modalità dell'intervento dello Stato per la copertura degli oneri assicurativi si esprime l'avviso che l'Erario dovrebbe assumere a proprio carico le quote di pensione per quanto riguarda l'assicurazione invalidità e vecchiaia e i contributi, anche per la parte a carico dei prestatori d'opera, per le altre assicurazioni.

1786

Collocazione A.C. 12356 Sezione 3.1 Mazzo 46. Fascicolo 15

In tal modo l'onere dello Stato sarebbe strettamente connesso e proporzionato ai periodi di effettivo servizio prestato dai lavoratori alle dipendenze delle Forze Armate Alleate e si eviterebbe l'adozione di criteri compensativi sempre pericolosi se dipendenti da elementi casuali.

Naturalmente dovrebbero essere tenuti presenti, a diminuzione degli oneri dello Stato, gli eventuali contributi volontariamente versati dai lavoratori all'assicurazione invalidità e vecchiaia in dipendenza della richiesta fatta a suo tempo da questa Amministrazione.

Per l'assicurazione antinfortunistica potrebbero essere adottate le norme in vigore per i dipendenti statali.

In attesa della emanazione dell'occorrente provvedimento, potrebbero impartirsi istruzioni agli istituti assicuratori affinchè concedano senz'altro le prestazioni ai lavoratori in parola, sempre che il diritto alle prestazioni stesse possa essere riconosciuto in base alle norme vigenti, tenuto presente, se necessario, il periodo di occupazione prestato alle dipendenze delle Forze Armate delle Nazioni Unite che potrebbe risultare dalle certificazioni che queste si sono dichiarate disposte a rilasciare.

Si resta in attesa di comunicazioni.

Declassified E.O. 12356 Section 3.3 NND No. 785016

Nel pomeriggio del 12 agosto è stata tenuta una riunione per decidere sul sistema di applicare le assicurazioni sociali (invalidità e vecchiaia, malattia, disoccupazione, tubercolosi, natalità e mutualità) ai lavoratori che si trovano alle dipendenze delle Forze Armate Alleate: la discussione si è basata su due moduli proposti dall'A.C.C.

Sono intervenuti: il maggiore Albright, il capitano Reede, il dott. Marinaro per il Ministero dell'Industria, Commercio e Lavoro, il dott. Palma per l'Istituto della Previdenza Sociale, il dott. Malfettani e due suoi funzionari per l'Istituto Assistenza Malattia.

Il maggior Albright ha brevemente ricordato i precedenti della questione, che, sin dal novembre u.s., fu sollevata in seguito ad una relazione al Comando Alleato del Ministro Piccardi.

Sono state anzitutto sollevate alcune questioni di carattere generale.

Il dott. Marinaro ha fatto anzitutto presente la situazione di quei lavoratori che sono stati alle dipendenze delle Forze Armate Alleate, ma il cui rapporto di lavoro con esse è attualmente venuto a cessare, di modo che per essi è esistito un periodo lavorativo durante il quale non hanno potuto beneficiare delle varie provvidenze sociali. A questo proposito la Commissione ha tuttavia convenuto che il sistema attualmente allo studio non potrà essere applicato se non a quei lavoratori che, nel momento della sua entrata in vigore, si troveranno alle dipendenze delle Forze Armate Alleate.

Il dott. Malfettani rileva che la questione dell'applicazione del sistema della Previdenza Sociale ai dipendenti dalle Forze Armate Alleate poteva essere risolta, dal punto di vista pratico, secondo due sistemi: il sistema dell'invio di elenchi e il sistema del rimborso delle prestazioni già effettuate. Per la propria organizzazione egli ritiene senz'altro preferibile il secondo sistema, in virtù del quale gli istituti malattia concorderebbero con lo Stato una forma di rimborso delle prestazioni da essi anticipate.

Il dott. Palma afferma che il sistema proposto dal Dott. Malfettani non può essere applicato alle prestazioni corrisposte dall'Istituto della Previdenza Sociale, in quanto non tutte le prestazioni hanno esecuzione immediata, come precisamente accade per le pensioni di invalidità e vecchiaia. Egli tiene ad affermare che il sistema della scheda proposto dall'A.C.C. deve garantire all'Istituto della Previdenza Sociale l'introito regolare dei contributi e propone che la scheda, invece che all'interessato, sia consegnata all'Istituto previdenza in modo che esso possa provvedere per l'incasso dei contributi.

3552

Declassified E.O. 12356 Section 3.3 NND No 785015

Il dott. Malfettano rileva che il sistema proposto dal Dott. Palma costituirebbe un serio intralcio al conseguimento delle prestazioni assicurative da parte dei lavoratori interessati.

Il Dott. Palma propone allora che la scheda sia redatta in duplice copia, l'una da inviarsi all'Istituto interessato, l'altra da consegnarsi al lavoratore, in modo da raggiungere tutti e due gli scopi, ossia garantire il versamento dei contributi e garantire la corresponsione delle prestazioni assicurative.

Il maggiore Albright afferma che la discussione deve essere limitata allo schema proposto (tessera da consegnarsi al lavoratore), nell'ambito del quale possono tuttavia essere presentate proposte di modifica.

Ciò premesso, la Commissione ha approvato le seguenti modifiche :

- al n. 3, invece dell'indicazione del comune in cui il lavoratore presta la propria opera, va sostituita l'indicazione dell'anno di nascita del lavoratore, in modo da evitare gli inconvenienti derivanti da omonimie.
- al n. 6, deve si considera l'ipotesi dell'interruzione del lavoro, è meglio lasciare lo spazio per il caso di più interruzioni, indicando per ognuna di esse la data di inizio e quella della fine.
- il n. 7 può essere abolito, poichè quanto è in esso indicato risulta anche dal n. 8.
- la dicitura del n. 9 va modificata nel modo seguente "Ammontare della paga corrisposta nell'ultimo periodo di occupazione".

Per quanto riguarda la tessera per le prestazioni assistenziali a favore delle famiglie dei lavoratori, si ritiene necessario specificare la data dell'inizio dell'impiego del lavoratore, data che del resto già risulta dalla tessera personale del lavoratore.

Il dottor Malfettani ha quindi richiesto che sia chiarita l'esatta determinazione della categoria dei lavoratori dipendenti dalle Forze armate alleate. Il capitano Reede ha chiarito che si considerano come tali, oltre a coloro che sono alle dipendenze dei comandi di militari alleati, anche coloro che sono alle dipendenze di imprese requisite dagli alleati, a condizione, però che queste imprese siano direttamente gestite dagli Alleati e non attraverso il tramite di imprenditori italiani.

La Commissione ha quindi concordato la dicitura da porre a tergo della tessera, stabilendo che, per quanto riguarda il caso di malattia, il lavoratore interessato o il membro della famiglia deve consegnare la tessera al medico, il quale provvederà per l'inoltro alla Cassa malattia, mentre in ogni altro caso la tessera va consegnata al più vicino ufficio dell'Istituto della Previdenza Sociale.

AIDS MEMOIRE

24 July 1944

Accompanied by Lieutenant Solenberger I conferred at Napoli, first with Lieutenant Grindle, Paymaster for Royal Navy, and then with Lieutenant-Colonel Lex, Labour Officer of the Peninsular Base Section. The certificates we propose to use in covering direct employees of Allied Forces were submitted for consideration. We explained that pressure from the American Navy in Sicily and from all quarters in Rome was bringing the matter to a head.

Lieutenant Grindle stated that he would support the proposed coverage and that he had records with which to extend it retroactively for employees of the Royal Navy. He thought the form simple enough, and can add to the staff if necessary in the brief period when the cards are being filled in. He asked what should be done with entries for occupation and income rate when changes occur. Lieutenant Solenberger suggested these be ignored except when a promotion and substantial pay increase is made. Lieutenant Grindle suggested that the large certificates be numbered and distributed in blocks to check fraud. He agreed that, except for large units, the individual worker must be depended on for transmission of the certificates to Previdenza (or Naletzia)

Since Lt. Col. Lex was sure he could not come to Rome, Capt. Hooper and Major Slagle were invited to participate in the PBS meeting. All agreed that the forms were simple and that adoption would require much work only while the cards were being filled in. They also raised the question of occupation and pay rate entries and suggested pencilled entries until actual separation occurred. I replied that since benefits were based on pay rates only for sickness of the worker, that no entries except those upon termination would have any force. It was accordingly agreed to instruct the units to fill these blanks only when the worker was terminating his employment, or was sick. Lt-Col. Lex thought it must be important to publicize this step to inform the worker of his new rights and to quiet agitation. He specifically suggested posters as well as news and radio releases. All concerned agreed that any method except transmission by individual workers when separated was out of the question. If separated for disciplinary reason, they thought this should be stamped on the card. Capt. Hooper was instructed to support the plan with these minor modifications both in meetings of the Wages and Labour Control Committee of AAI and the Wages Sub-Committee.

2. Your letter states that negotiations for such are now underway, and that the plan should be ready soon. This same statement was passed on to our workers several months ago, and on the strength of the statement, serious losses of technical workers have been avoided.

3. Anticipated losses of skilled tradesmen would seriously impair the efficiency of this shipyard. It is therefore urgently requested, that the plan referred to in your letter, be acted upon (at a special conference, if necessary) and put into effect at the earliest possible date.

Questo Ufficio ha esaminata la proposta presentata a codesta Sezione dall'Istituto Nazionale della Previdenza Sociale per l'adozione di un sistema pratico che consente l'assicurazione di tutti i lavoratori dipendenti dal Comando Alleato con un unico libretto e un unico contributo sia a favore dell'I.N.P.S. e sia a favore dell' Assistenza Malattia gestita dall'Istituto Assistenza Malattia ai Lavoratori.

Si esprime pertanto parere favorevole per l'adozione del sistema in parola che per la sua semplicità e facilità di attuazione, risolve in modo soddisfacente il problema dell'assicurazione dei lavoratori alle dipendenze dell'A.M.G. nei confronti dell'I.N.P.S. e dell'Istituto Assistenza Malattia.

N A P L E S

This Office has examined the proposal presented to you by the Istituto Nazionale della Previdenza Sociale (National Social Assistance Institution) in order to adopt a proper system which enable all workers, employed by Allied Headquarters, to get the insurance with a sole booklet and a sole contribution on behalf of both the Istituto Nazionale Previdenza Sociale and the Assistenza Malattie (Sickness Assistance) managed by Istituto Assistenza Malattie ai Lavoratori (Workers' Sickness Assistance Institution).

We express, therefore, a favourable opinion about the adoption of the above system which for the simplicity and facility of its execution resolves in a satisfactory way the problem concerning the insurance of workers employed by A.M.G. in regard to the Istituto Nazionale Previdenza Sociale and the Istituto Assistenza Malattie.

Distinct regards.

SUBJECT: Social Insurance for the Direct Employees of the Armed Forces.

TO : Chairman, Labor and Wages Committee

The Labor Sub-Commission, Allied Control Commission, believing that it is in the self interest of the Armed Forces as employers of labor, to adopt an intelligent and well rounded program for labor that is in conformity with sound labor policy proposes that the Armed Forces agree to the principle of extending social insurance to all its direct employees for the following reasons:

1. Value from Standpoint of the Services:

a. This proposal is sound labor policy, in all fairness to the worker, and from the standpoint of any employer.

b. The Armed Forces theoretically have three things to offer direct employees:

(1) Wage;
(2) Food;
(3) Social Insurance protection.

The first two elements have been provided; the third remains to be accepted.

c. The addition of this third element places the Armed Forces in a better position that it is now in from the standpoint of:

(1) Recruiting labor;
(2) Holding labor;
(3) Labor contentment on the job.

2. Value from the standpoint of the Italian Economy:

a. Social insurance, as a basic policy, has long been a part of the national program of the Italian Government. Hence, this proposes nothing new.

b. The impact of the war, on the social insurance structure in Italy, has shaken the existing social insurance system in several ways:

(1) It has placed the system in financial difficulties;
(2) There has been a breakdown in contributions and payments.

This plan will greatly assist the efforts of the A.C.C. to rebuild this important social insurance structure.

1756

Declassified E.O. 12356 Section 3.3 NND No. 785015

c. The present Italian system presumes obligatory coverage. Because of this, there is no system existing for taking care of cases of sickness, unemployment, etc. The system is predicated on the idea that social insurance answer these basic human needs for the working population. Local relief machinery, poorly organized and inadequate, exists only for the residue of the non-working pauper population.

3. Value from the Standpoint of Psychological Warfare:

a. If it can be announced that as a basic principle of labor policy we have extended social insurance to all workers in Liberated Italy, it can be presumed that we will be in a strong position in relation to all Italian workers north of the present line, and in relation to all workers throughout Nazi Europe.

4. Value from the Standpoint of the British and American Governments:

a. It is established home policy on the part of our individual governments (British and American) that social insurance shall be extended to all workers in some form or another. This proposal is in harmony with this established policy.

Social Insurance of Direct Employees of the Forces.

With reference to paragraph 3 (b) of Lab. 091.454 of 1st May 1944, information to be rendered to the Italian Government.

1. The system of payment of Civilians employed by the Royal Navy is that the week is from a.m. Friday to P.m. Thursday, payment being made on the following Wednesday. This would make it impossible to state exactly how many days have been worked in a calendar month, but it would be very easy to show how many days a man had worked over a period of four weeks.

2. Apart from workers who did not have employment prior to the arrival of the Allies and who would, presumably, not be in possession of Social Insurance cards, no particular diffulties are anticipated. It is presumed that workers who have not worked continuously from the 1st November 1943 to 30th April 1944 would not be included in this scheme.

3. It is felt that the whole scheme should not present any insurmountable difficulties, and those that do exist could be overcome easily by mutual arrangement.

4. Apart from the actual benefits which the employees of the Forces would receive, this scheme should be welcomed as a step towards the reconstitution of the Italian Social structure, and as an asset in the propaganda warfare.

MEMORANDUM (No. 2) 10 May 1944

SUBJECT: Social Insurance Coverage for Civilians Employed Directly by the Armed Forces.

1. The Wages Sub-Committee, under the chairmanship of Lt.Col. Lyon, met 8 May 1944 to discuss in detail the proposal submitted by the Italian Government, at the request of A.C.C., for providing social insurance protection to direct employees of the Armed Forces.

2. It was agreed to recommend approval of the plan in principle so as to clear the way for further discussions with the Italian Government and the working out of a detailed plan of procedure, acceptable to the Armed Forces and feasible from the standpoint of insurance administration.

3. The representative of the Royal Navy, Lt. Grindle, reported that it would be feasible to supply the information proposed by the Italian Government as the minimum required for insurance coverage of direct employees. Both Col. Lex and Col. Lyon expressed the view, however, that their units would not be able to supply such information. After considerable discussion of the problems involved, it was decided to recommend that the Italian Government be asked to undertake insurance coverage of direct employees of the Armed Forces on the basis of the following:

a. Each worker would be supplied with an Identification Card or Work Permit which he could keep as a basis for establishing his social insurance rights during the period of his employment by the Armed Forces.

b. This card would show:
(1) Name;
(2) Identity Card No.;
(3) Employment classification;
(4) Date of starting work;
(5) Date of terminating work;
(6) Signature and/or stamp of employing unit Officer.

1754

c. The various armed Forces units would undertake to furnish monthly a figure on the total number of civilians employed and the total wages (as a basis for computing average wage). This information would be submitted to A.C.C. for transmittal to the Italian Government for the purpose of calculating a reserve fund to be set up for the insurance coverage.

d. In case of doubt as to a worker's indentity or period of employment, a request for verification could be made to the Armed Forces through A.C.C.

Questo Istituto fin dal mese di febbraio u.s.Vi ha prospettata la necessità di regolare la questione delle assicurazioni di tutti i lavoratori che lavorano per conto dell'A.M.G.

In data 5 febbraio 44 Vi fu presentato un pro-memoria,nel quale si suggeriva di far provvedere direttamente da questo Istituto all'assicurazione di tutti i lavoratori,interessando i vari Comandi a presentare mensilmente un elenco,su stampati forniti da questo Istituto, per tutti i lavoratori che durante il mese hanno prestata la loro opera alla dipendenza dell'A.M.G.

Vi ricordo pure che fin dal novembre 1943 è stata definita la questione dell'assicurazione per gl'infortuni sul lavoro,in modo che tutti i lavoratori oggi sono garantiti in caso d'infortunio.

A Voi è nota l'importanza enorme delle assicurazioni sociali e la necessità di non interrompere la continuità della contribuzione,perchè le prestazioni che questo Istituto concede sono sempre in relazione al numero ed all'importo dei contributi versati e,quindi,grazie al numero ed all'importo dei contributi versati e,quindi,grazie al nostro documento ne deriva all'assicurato quando viene interrotta l'applicazione dei contributi dovuti.

La responsabilità di tale danno non può certamente essere imputata all'Istituto,il quale non può modificare le leggi che regolano le assicurazioni sociali e quindi dovrà negare le prestazioni ai richiedenti,quando questi non possono far valere i requisiti richiesti dalla legge.

Tale stato di cose diventa particolarmente grave se si pensa che tra le assicurazioni sociali vi è quella che dà diritto alla pensione in caso di invalidità o per la vecchiaia e quella contro la tubercolosi. In quest'ultimo caso,come Vi è noto,l'Istituto ricovera e cura a proprie spese gli assicurati colpiti da tale malattia.

In considerazione di quanto Vi è stato esposto e dell'assoluta necessità di rivolvere tale importantissima questione,prego Voi di volervi personalmente interessare,perchè la pratica sia nel più breve tempo possibile decisa.-

Social Insurances

e.p.c. to the Inspectorate for Campania, Naples.

Since last Feb. this Institute, has shown you the necessity of settling the insurance question of the laborers who work for A.M.G.

A memorandum was sent you on Feb. 8, 1944, in which it was suggested that this Institute provide directly to the Insurance of all the laborers, interesting the various Commands to present a monthly list, on stamped forms furnished by this Institute, for all the laborers who have, during the month, worked for A.M.G.

I want to remind you that since Nov. 1943, the insurance question for injury was settled, so that all the laborers to-day are guaranteed in case of accidents.

It is well known to you, of the great importance to the social insurances, and the necessity of not interrupting the continuity of the contributions, because the loans that this Institute concedes are always in relation to the number and the amount of the contributions paid, and of grave harm to the insured when the application of the contributions used is interrupted.

The responsibility of this things cannot be charged to the Institute, who cannot modify the laws that regulate the social insurances and therefore must deny the loans requested, when these cannot make available the conditions requested by law.

Such conditions become particularly grave if one thinks that between the social insurances there is that one, that gives the right to the pension in case of invalidity or old age and that for tuberculosis. In this last case as is known to you, the Institute provides to the hospitalization and cure at its expense for the insured ill of that sickness.

In consideration of what has been shown to you and of the absolute necessity of receiving soon an important decision, we beg you take a personal interest on the matter, so that this question be decided in the briefest time possible.

Subject : Social Insurance - Direct Employees of Allied Forces

To : Finance Sub-Commission.

1. As requested, the following memorandum analyses the letter from the Italian Ministry of Industry, Commerce and Labour, dated 4 April, and forwarded to you by the Labour Sub-Commission with a covering letter (Lab. 09:.4612), dated 17 April.

2. The background of this proposal follows:

a) By General Order n.1, collection of social insurance contributions under existing Italian laws was ordered enforced.

b) An endeavor to apply the principles of this order to employees of AMG and of Allied Forces generally was made in the early stages, but owing to the complicated nature of the Italian social insurance system and the extent to which local finance officers were overburdened with other matters, this attempt was dropped, and responsibility for providing their own social insurance was left to each employee individually (AMGOT/207/F dated 11 Sept.43, copy attached)

c) The latter arrangement has never proved satisfactory either from the standpoint of the employee, or from the standpoint of application of Italian social insurance laws. Latterly the Italian Government have become concerned over the inadequacy of this arrangement and the need for remedying it.

d) While it has proved possible to make satisfactory arrangements providing workmen's compensation for these workers with the Infortuni organisation, nothing has yet been done to cover them for sickness, unemployment, marriage and maternity, or pensions, the coverages provided by the Malattie and Previdenza organisations. It is this gap which the present proposal of the Ministry is intended to bridge.

3. An earlier plan involving payment of a flat 20 per cent of payrolls (plus a small administrative charge) was barred by the military authorities on grounds that they could not

1750

Declassified E.O. 12356 Section 3.3 NND No. 785015

a) assume liability for payment of any tax levied by an occupied country

b) take on the administrative burdens involved, nor

c) make employment records available to civilian agencies as long as hostilities continue, for reasons of security.

4. The present proposal meets the first obstacle satisfactorily, for the Italian Government now offers to accept the financial responsibility for paying contributions. It also meets in part the second and third obstacles, how satisfactorily remains to be determined. Instead of several more complicated employment reports, a single and simple report is asked by the Ministry of Finance. The officers concerned must decide whether even this smaller volume of work is overburdensome. Intelligence units must decide whether monthly reports of this character to the Ministry of Finance endangers security. The proposal is at least a basis for discussions with these interested parties.

5. There is an essential difference between the present proposal and that already accepted for workmen's compensation. The workmen's compensation agreement called for no reports except when claims arose, and for no disclosure of personnel or payroll information. Instead, a bill for claims and expenses is met, periodically, after the event. Such a procedure might be extended to cover sickness, tuberculosis and marriage and maternity. But unemployment benefits are based on employment experience, and pensions claims accumulate over the working life and are generally presented only at its conclusion.

6. The hazards to be covered are listed in the Ministry's letter but with no details as to the exact cost or how it is to be determined. Since it is always possible that the cost of this program may be considered a credit in settling the costs of occupation, it is necessary to have exact information regarding these matters. It is therefore suggested that negotiations with the Ministry, and if necessary with Malattie and Previdenza representatives be undertaken to ascertain such details.

7. The proposal should be regarded as a basis for working out detailed arrangements to cover direct employees of Allied Forces against the listed hazards. At present employees of private contractors with Allied Forces generally receive as much as direct employees and get social insurance benefits as well. Differences

1749

Declassified E.O. 12356 Section 3.3/NSD No. 785015

in compensations between direct employees of Allied Forces and private employees generally are not sufficient to offset the lack of social insurance coverage. Interruption of pension contributions is particularly important as all workers involved will receive lower pensions upon retirement unless this can be corrected.

SUBJECT: Social Insurance Coverage for Civilians employed Directly by the Armed Forces.

1. At the present time Italian civilians employed directly by the Armed Forces are covered by only one type of social insurance, namely, insurance against accidental injury or death while at work. No premiums are paid by the Armed Forces. Instead, accidents are reported to the National Accident Insurance Institute (Istituto Nazionale Infortuni) and actual costs of the medical service and indemnities provided by law are met by the Italian Government. Adoption of this plan was based primarily upon:

a. Recognition of the urgent need for accident insurance, and

b. The position of the Armed Forces that they could not undertake any payments other than for wages and salaries in connection with their direct employment of labor.

It was felt that costs involved, in any event, were properly a subject for consideration in relation to final financial settlements between the Italian and Allied Governments.

2. Although wages paid by the Armed Forces have been set at a level sufficiently above those in private industry to more than compensate, in most cases, for the lack of family allowances and wage indemnities, Armed Forces employees, nevertheless, suffer the disadvantage of being without protection against such hazards as illness and unemployment, which may occur at any time, and they likewise lose out in the accumulation of insurance credits for invalidity, old-age pensions and other benefits. Considered both from the standpoint of sound operation of the Italian insurance system, which is predicated upon universal, obligatory coverage, and from the standpoint of the objectives activating the Armed Forces' labor policies, the desirability of extending existing coverages for direct employees has been evident for some time. Accordingly, the A.C.C. asked the Italian Government to draft a proposal which would meet the problem and involve the least possible bookkeeping for the Armed Forces.

3. The Ministry of Industry, Commerce and Labor, in agreement with the Finance Ministry, has submitted a plan entailing the following features:

a. Social Insurance covering:
   (1) Accidental injury or death -- as now provided;
   (2) Occupational diseases;
   (3) Illness of worker or family members;
   (4) Invalidity and old age;
   (5) Unemployment;
   (6) Tuberculosis;
   (7) Marriage and births.

1718

Declassified E.O. 12356 Section 3.3 NND No. 785015

3. Armed Forces units employing civilian labor would be called upon to furnish only the following minimum data monthly for each worker:

(1) Name in full;
(2) Country of residence (street address not needed);
(3) Social insurance card number;
(4) Days worked during month;
(5) Total pay received during month;
(6) Location of employment -- commune and province.

4. The Italian Government will pay both employer's and worker's contributions and credit them to the worker's accounts with the National Insurance Institutes administering these coverages.

5. The above plan includes all of the true social insurance provisions (as distinguished from wage subsidy, family allowances and military benefit schemes) available to privately employed Italian workers. The programs left out are of such a nature, with the possible exception of military benefits, that their omission cannot be said to work to the disadvantage of employees paid at Armed Forces wage rates. Since the military benefit provision involves payment of a portion of salary by the employer to the dependents of men called to the colors, it could not be considered in any case. The plan should be readily understandable to all workers; it places maximum responsibility, both financial and administrative, on the Italian governmental authorities; and the information which the Armed Forces would need to furnish appears to be the minimum.

6. If the plan is approved, it should be possible to make it effective on a current basis for the month of May, 1944. The Ministry asks that information, as specified, be supplied also for the months, November, 1943 to April, 1944, so that insurance premiums may be credited accordingly. The feasibility of complying with this request will, presumably, have to be examined separately.

PLAN OF CONTRIBUTIONS FOR BENEFITS
TO BE PAID BY THE ALLIED MILITARY AUTHORITIES
FOR THE ITALIAN WORKERS EMPLOYED BY THEM

(A/ Plan submitted by the Italian Minister of Industry, Commerce and Labor to the Labor Sub-Commission, Allied Control Commission, 27 January, 1944)

In the belief that the Allied Military Authorities do not wish to deprive the Italian workers employed by them of the various insurance benefits which the Italian workers normally enjoy, a plan of payment of these benefits has been studied , in which, while on one hand the benefits which are not in harmony with the special type of job relationship between the Italian workers and the Allied Military authorities are eliminated, on the other hand contributions and methods of payment have been simplified so as to cause least possible annoyance to these authorities.

To achieve better understanding of this plan it is considered useful to submit first a comprehensive picture of the principal social benefits, which are at present in force in Italy and the contributions which employer and employees are compelled to pay for same.

	Contributions of Employer:	Employee	Total
Insurance contributions			
a) Compulsory insurance for Disability, old age, and survivors	I3.60L	6.80L.	20.40L.
b) Compulsory unemployment insurance	0.90	0.90	I.80
c) Compulsory anti-tubercular insurance	0.75	0.70	I.45
d) Compulsory birt insurance	0.70	0.65	I.35
e) Compulsory insurance against occupational hazards	9%		9%
f) Sickness Insurance	2.50%	2.50%	5%
g) Family benefits	20%	———	20%

Among these, those listed from a to f are true and proper social benefits of an insurance character; the one listed under g more than merely true and proper social benefit may be considered a true componenet of salaries.

The first four a,b,c, & d are paid according to fixed norms depending on weekly salary classification up to a maximum of I56 lire per week. As following recent salary increases all categories of workers now exceed this weekly salary limit. We have indicated in the table as contribution the weekly quota corresponding to this limit.

1716

Declassified E.O. 12356 Section 3.3 NND No. 735015

For the other three categories instatead, the cohtribution being established on apercentage basis of the actually relcived salary, we have limited ourselves to indicate the rate of this percentage.

The benefits indicated in a,b,c,d, & e are under the supervision of the National Institute for Social Benefits. The first four are paid through affixing weekly stamps in an appropriate booklet, with which each worker must be provided. The family benefits on the other hand are paid directly by the employer to the workers having dependents through a salary supplement based on an appropriate proportionate list for family benefits and the balance by the Institute for Social Benefits up to a limit of 20% of wages; for these balances the employer must submit periodically to the Institution together with indication of total amounts of wages paid, a roster of workers with dependents and a certificate showing conclusively the composition of same. The benefit indicated by letter (e) is under the supervision of the National Institute for Labor Accident Insurance, and is paid by the employer through direct payment to the Institute and roster of employees for whom payment is made. The benefit indicated in letter f is managed by the Sickness Insurance Fund and is paid directely to same by a similar process as for accident insurance. All contributions, both those respecting to employee, as to employer, are paid by the latter, who obtains the part payable by the worker through a salary deduction.

To facilitate payment of these contributions by the Allied Military Authorities it is deemed necessary:

I) to simplify the picture of the various insurances, combining all in a percentage of salary.

B) Combine payments in a lump sum to be paid to one institution only, which will be charged with the distribution of this sum among the various benefits, apying the respective quotas to the various institutions concerned;

C) Simplify the manner of payment so as to be reduced to a compilation and presentation upon payment of contributions of one sole roster of employees, containing the various facts required to single out the insurance position of each.

D) Separate from the benefits proper the handling of family benefits which would entail difficulties of payment and for which a different solution must be found other than for other types of insurance.

Amount of insurance contributions to be paid by the Allied Military Authorities.

As regards combining of the insurance contributions, we have arranged in the first place to reduce to salary percentage quotas the contributions, normally paid on the basis of fixed quotas. Such reduction has been made, by the raising the present minimum quota to a salary of 360 lire weekly (60 per day) which we believe represents the average of salaries at present paid by the Allied Military Authorities.

Following are shown the results of this reduction:

SUGGESTED FILE MAINTENANCE PROCEDURE
"WORKER'S SOCIAL INSURANCE CARDS"
FORM SI-1

1. The first five items on card will be filled in when or before worker draws first pay. The length of pay period will be indicated by checking the appropriate word (weekly, monthly, bi-weekly or semi-monthly) in item 5, or by rubber stamp. The card then goes into ACTIVE FILE.

2. Each pay day, cards in the active file will be pulled for each worker paid and will be tallied by circling the number of the pay period in item 7. If the worker is leaving, the card will be completed by drawing a line through the unused numbers in item 7 and filling in items 8, 9 and 10, and will be given to the worker. (NOTE: Item 10 requires no entry other than a dash line, ---------, indicating nothing to report, except in cases where, in the opinion of the unit supervisor, the separation from work is a "VOLUNTARY QUIT" without justification or a "DISMISSAL FOR CAUSE" of such a nature as to effect the worker's right to unemployment compensation. In such cases only, one or the other of the two reasons cited should be entered in writing or by rubber stamp). If the worker is not leaving, the card will be returned to the active file after tally in item 7.

3. Cards not pulled (at conclusion of process described in para 2. above) will represent workers who walked out on job without drawing pay, or who have otherwise absented themselves since last pay period. These cards will be date-stamped in item 6 and will be placed in DEAD FILE. If worker later reports and returns to work, the card (date-stamped to show pay periods missed) will be replaced in active file. If he is paid off, card will be completed and given to him. In accordance with policy stated in para 2 (e) of Directive accompanying this procedure, cards remaining in dead file for period of more than 30 days, as shown by date-stamp in item 6, may be destroyed with resultant forfeiture of existing social insurance rights. Cards may be retained longer, however, where reason for worker's absence is known and there is expectation of his returning to work or claiming card.

4. Whenever worker's employment terminates at either his own or employing unit's volition, or is interrupted by illness, accident, or other compensible contingency, he is entitled to and will need his card to establish social insurance rights. At discretion of unit supervisor, card may be given to a person other than the worker (for example, a family member or fellow worker, on written request) where the worker is unable, for reasons beyond his control, personally to pick up the card.

5. Employing units in a position to give their employees insurance credit for periods of employment prior to the effective date of the social insurance plan (see para 2 (b) of Directive accompanying this procedure) may do so by issuing separate cards to certify the prior period of employment.

As an alternative, a written entry may be made under item 7: "Plus (no.) pay periods from (date) to (date)" to be taken account of when item 5 is filled in upon completion of the card. In this case, the date shown in item 3 will be the actual commencing date.

6. Both items 6 and 7 on the card are simply tally items to simplify file maintenance. They may be used in whatever manner and with whatever variations the unit supervisor finds desirable. Other items are essential to the Italian social insurance system. An entry must be made in each. Writing and figures must be clear and in ink, indelible pencil or rubber stamp. ERASURES AND CORRECTIONS ARE NOT PERMISSABLE BECAUSE OF NECESSITY OF GUARDING AGAINST FRAUDULENT CHANGES IN INFORMATION ON CARD. If a mistake is made, a new card should be prepared.

DRAFT DIRECTIVE -- SOCIAL INSURANCE BY AFHQ

SUBJECT: Social Insurance Coverage for Italian Civilians Employed Directly by Allied Forces

1. The Italian Government has agreed to pay for and to provide social insurance benefits for Italian Civilians employed directly by the Allied Forces. These benefits will be extended through the regular Italian social security system and will cover:

(a) Illness of worker or of member of his family (free medical care and indemnity for worker during illness).

(b) Unemployment (indemnity)

(c) Tuberculosis (free medical care and indemnity)

(d) Marriage and births (financial aid)

(e) Invalidity and old age (pensions)

In addition, workmen's compensation for accidental injury or death will continue as presently provided under AFHQ regulations (accident claims being referred to Istituto Nazionale Infortuni by means of report form prepared by employing unit).

2. To implement the coverage scheme certain minimum information is required, and the following is the responsibility assumed by the Allied Forces:

(a) The paying officer or his delegate will be responsible for preparation of a "Worker's Social Insurance Card" Form SI-1 (copy attached) for each worker employed. The cards will be maintained in an appropriate file during period of employment. 4728

(b) The file will be initially constituted to include cards for all workers paid the first pay period after the effective date of the plan. The date of commencing work, from the standpoint of social insurance coverage, will be considered as being the same as the effective date of the plan and will be so entered in item 3 of the card, except in the case of employing units which are able and wish to give their employees the benefit of coverage for the entire period of their employment by supplying the actual commencing date, where verifiable from records. (The latter procedure will be of distinct advantage to employees with respect to eligibility for and amounts of unemployment, tuberculosis, old-age and invalidity benefits).

(c) When employment terminates or is interrupted by illness, accident or other compensible contingency, the card will be completed, certified by the paying officer or his delegate and given to the worker to enable him to

Declassified E.O. 12356 Section 3.3/NND No. 785015

establish his social insurance rights by turning in the card at the appropriate Italian Office. A new card will be prepared to cover any succeeding period of employment should he again return to work.

(d) When a worker, during his period of employment, wishes to apply for medical care for a member of his family or for a marriage or birth allowance (i.e., a benefit not contingent on his own separation from work) a certification that he is currently employed by the Allied Forces will be given to him, at his request, on the "Worker's Employment Status Report" Form SI-2 (copy attached); based on information already contained on his social insurance card Form SI-1.

(e) In the case of workers who walk out on the job or otherwise absent themselves without due reason, social insurance cards will be held for a period of 30 days, at the end of which time, if the worker has failed to return, existing insurance rights will be considered forfeited and card will be destroyed.

3. A suggested file maintenance procedure is attached hereto for information.

4. The effective date of this plan is 1 December, 1944.

5. A sufficient supply of Forms SI-1 and SI-2 (printed in English with Italian translation) is being produced and will be distributed forthwith to employing units together with a standard notice in Italian (copy attached), suitable for posting at work sites, explaining the plan to workers. The scheme will be initiated, retrospectively to 1 Dec. 44, as soon as this material is received.

SUBJECT: Social Insurance Coverage for Italian Civilians Employed Directly by Allied Forces

1. The Italian Government has agreed to pay for and to provide social insurance benefits for Italian Civilians employed directly by the Allied Forces. These benefits will be extended through the regular Italian social security system and will cover:

(a) Illness of worker or of member of his family (free medical care and indemnity for worker during illness).

(b) Unemployment (indemnity)

(c) Tuberculosis (free medical care and indemnity)

(d) Marriage and births (financial aid)

(e) Invalidity and old age (pensions)

2. In addition, workmen's compensation for accidental injury or death will continue as presently provided under AFHQ regulations (accident claims being referred to Istituto Nazionale Infortuni by means of report form prepared by employing unit).

3. To implement the coverage scheme certain minimum information is required, and the following is the responsibility assumed by the Allied Forces:

(a) The paying officer or his delegate will be responsible for preparation of a "Worker's Social Insurance Card" Form SI-1 [illegible] for each worker employed. The cards will be maintained in an appropriate file during period of employment.

(b) The file will be initially constituted to include cards for all workers paid the first pay period after the effective date of the plan. The date of commencing work, from the standpoint of social insurance coverage, will be considered as being the same as the effective date of the plan and will be so entered in item 3 of the card, except in the case of employing units which are able and wish to give their employees the benefit of coverage for the entire period of their employment by supplying the actual commencing date, where verifiable from records. (The latter procedure will be of distinct advantage to employees with respect to eligibility for and amounts of unemployment, tuberculosis, old-age and invalidity benefits.)

(c) When employment terminates or is interrupted by illness, accident or other compensible contingency, the card will be completed, certified by the paying officer or his delegate and given to the worker to enable him to establish his social insurance rights by turning in the card at the appropriate Italian Office. A new card will be prepared to cover any succeeding period of employment should he again return to work.

Declassified E.O. 12356 Section 3.3 NND No. 785015

"(d) When a worker, during his period of employment, wishes to apply for medical care for a member of his family or for a maternity or birth allowance (i.e., a benefit not contingent on his own separation from work) a certification that he is currently employed by the Allied Forces will be given to him, at his request, on the "Worker's Employment Status Report" Form SI-2, [redacted] based on information already contained on his social insurance card Form SI-1.

"(e) In the case of workers who walk out on the job or otherwise absent themselves without due reason, social insurance cards will be held for a period of 30 days, at the end of which time, if the worker has failed to return, existing insurance rights will be considered forfeited and card will be destroyed."

~~1. A suggested file maintenance procedure is attached hereto for information.~~

~~2. The effective date of this plan is 1 December, 1944.~~

3.) A sufficient supply of Forms SI-1 and SI-2 (printed in English with Italian translation) is being produced and will be distributed forthwith to employing units together with a standard notice in Italian, suitable for posting at work sites, explaining the plan to workers. The scheme will be instituted, retrospectively to 1 Dec. 44, as soon as this material is received.

SUGGESTED FILE MAINTENANCE PROCEDURE
"WORKER'S SOCIAL INSURANCE CARDS"
FORM SI-1

1. The first five items on card will be filled in when or before worker checking
draws first pay. The length of pay period will be indicated by ~~circling~~ the appropriate word (weekly, monthly, bi-weekly or semi-monthly) in item 5, or by rubber stamp. The card then goes into ACTIVE FILE.

2. Each pay day, cards in the active file will be pulled for each worker paid and will be tallied by circling the number of the pay period in item 7. If the worker is leaving, the card will be completed by drawing a line through the unused numbers in item 7 and filling in items 8, 9 and 10, and will be given to the worker. (NOTE: Item 10 requires no entry other than a dash line, ------, indicating nothing to report, except in cases where, in the opinion of the unit supervisor, the separation from work is a "VOLUNTARY QUIT" without justification or a "DISMISSAL FOR CAUSE" of such a nature as to effect the worker's right to unemployment compensation. In such cases only, one or the other of the two reasons cited should be entered in writing or by rubber stamp.) If the worker is not leaving, the card will be returned to the active file after tally in item 7.

3. Cards not pulled (at conclusion of process described in para 2, above) will represent workers who walked out on job without drawing pay, or who have otherwise absented themselves since last pay period. These cards will be date-stamped in item 6 and will be placed in DEAD FILE. If worker later reports and returns to work, the card (date-stamped to show pay periods missed) will be replaced in active file. If he is laid off, card will be completed and given to him. In accordance with policy stated in para 2 (a) of Directive accompanying this procedure, cards remaining in dead file for period of more than 30 days, as shown by date-stamp in item 6, may be destroyed with resultant forfeiture of existing social insurance rights. Cards may be retained longer, however, where reason for worker's absence is known and there is expectation of his returning to work or claiming card.

4. Whenever worker's employment terminates at either his own or employing unit's volition, or is interrupted by illness, accident, or other compensible contingency, he is entitled to and will need his card to establish social insurance rights. At discretion of unit supervisor, card may be given to a person other than the worker (for example, a family member or fellow worker, on written request) where the worker is unable, for reasons beyond his control, personally to pick up the card.

5. Employing units in a position to give their employees insurance credit for periods of employment prior to the effective date of the social insurance plan (see para 2 (b) of Directive accompanying this procedure) may do so by issuing separate cards to certify the prior period of employment. As an alternative, a written entry may be made under item 7: "Plus (no.) pay periods from (date)

Declassified E.O. 12356 Section 3.3/NND No. 785015

to (date)"
[redacted] to be taken [redacted] account of when item 5 is filled in upon completion of the card. In this case, the date shown in item 3 will be the actual commencing date.

6. Both items 6 and 7 on the card are simply tally items to simplify file maintenance. They may be used in whatever manner and with whatever variations the unit supervisor finds desirable. Other items are essential to the Italian social insurance system. An entry must be made in each. Writing and figures must be clear and in ink, indelible pencil or rubber stamp. ERASURES AND CORRECTIONS ARE NOT PERMISSABLE BECAUSE OF NECESSITY OF GUARDING AGAINST FRAUDULENT CHANGES IN INFORMATION ON CARD. If a mistake is made, a new card should be prepared.

NOTICE TO WORKERS

Application of Social Insurance to Workers Engaged by the Allied Forces.

This Ministry has arranged to give immediate effect to the provision recently approved by the Council of Ministers which admits you and your family to the benefits of social insurance for invalidity and old age, unemployment, tuberculosis, marriage and birth, industrial accidents and occupational diseases.

To obtain such benefits you must apply to the appropriate Insurance Institute, transmitting with the application an appropriate certificate that will be given to you by the Allied Forces Command.

This certificate must be requested by you, both in the case of a contingency giving you the right to an immediate benefit and in the case of your ceasing to work.

In the latter case, the certificate is of great importance to your future rights to social insurance benefits, and therefore you should present it promptly to the National Social Security Institute, so that, in calculating your insurance, provision can be made to take into account your period of work with the Allied Forces.

For this reason it is to your interest to look after the presentation of the certificate and to take care not to lose it, since duplicates are not issued.

The State is assuming the expense for the benefits to which you will be entitled for your employment with the Allied Forces, wishing in this way to recognize the contribution that you are giving, with your work, to the cause of liberation.

AL MINISTERO DELL'ECONOMIA CORPORATIVA

ROMA DI SOTTA

OGGETTO: Fondo Nazionale di Previdenza per gli Impiegati delle Imprese di Spedizione.

Si riscontra la nota n.51[illegible]5 del [illegible] dicembre u.s., relativa all'oggetto. Male ha fatto il capo dell'Ufficio Personale del Fondo Nazionale di Previdenza per gli Impiegati delle Imprese di Spedizione a rivolgersi direttamente a codesto Ministero, prospettando eventuali difficolta che esulano, peraltro, dai compiti affidati all'ufficio stesso in conformita alla delega avuta dal sottoscritto, nella qualita di Commissario del Fondo, e che - come e noto a codesto Ministero - ne practica le attribuzioni.

Infatti, non appena in possesso del materiale amministrativo trasferito da Roma a Venezia e stata disposta la sollecita ripresa delle liquidazioni spettanti agli impiegati di cui trattasi, provvedendo pero a gli interessati fossero in tutti i modi avvertiti (circolari alle organizzazioni ed alle aziende, comunicati ai giornali e alla radio) di rivolgersi alla nuova sede del Fondo, il che e avvenuto dando luogo alla ripresa di normali rapporti con gli interessati.

Per quanto riguarda le liquidazioni spettanti ai lavoratori dislocati nelle provincie invase dal nemico, la questione esula completamente dalle valutazioni, di var o ordine, che non sono di competenza del capo dell'Ufficio Stralcio e che sono state illustrate con nota riservata trasmessa il 2 novembre s.a. all'Eccellenza il Ministro dell'Economia Corporativa. E' appena il caso, comunque, di ribadire il concetto che nessuna somma - per nessun titolo e ragione - debba essere fatta trovare al nemico, al quale invece debbono essere lasciate le piu preoccupanti situazioni, atte a causare malumore e disordini tra le popolazioni delle citta temporaneamente occupate. Cio, si

intende, a parte ogni considerazione attinente alla opportunità ed alla interesse di non lasciare valuta, sotto qualsiasi titolo, nelle mani del ~~nemico~~ nemico o del governo dell'ex re.

Per quanto riguarda, invece, le provincie della Italia centrale in prossimità delle zone di combattimento, la organizzazione sindacale e quella bancaria, nonostante le difficoltà insormontabili per altri enti, che non abbiano lo slancio e l'iniziativa propria delle istituzioni fasciste, sono riuscite ad assicurare i rapporti con i lavoratori e con i dirigenti delle provincie più avanzate, quali Littoria, Aquila, Pescara.

Si ritiene, quindi, e ciò è da deplorare, che il capo dell'Ufficio Stralcio di Roma sia stato mosso da eccessive preoccupazioni nascenti "in loco" ad opera di elementi allarmistici i quali non tralasciano nessuna occasione per gettare discredito sull'operato delle organizzazioni della Italia fascista Repubblicana.

LETTER OF ATTORNEY

I underwritten Vaccari Anselmo, son of Luis, born in Palermo and living in consequence of my charge in Rome - via Lucullo - in my capacity as ministerial Commissary of "National Provident Fund for Employees of Forwarding Agencies," Rome, to which I was appointed by decree of the Minister Secretary of State for Corporate Economy dated 3 October 1943, by this premises confer power of Attorney to Tocco Paul, son of the late Ercole living in Rome, via dei Orecchi No. 27, authorizing him to take charge during my eventual absences of the continuous daily work of the "National Provident Fund for Employees of Forwarding Agencies," all the above said powers are conferred undergoing all legal obligations concerning the attorneys and with the absolute engagement of taking upon myself every responsibility.

Confer him all necessary powers, including:

(a) to sign the ordinary outgoing letters as well as receiving the incoming ones, also if registered or insured,

(b) to overlook and direct the Office Staff of any rank,

(c) to propose disciplinary measures,

(d) to clear off the business in hand,

(e) to apply legislative provisions and regulations,

(f) to attend the forwarding of dealings to the Control Offices they are pertaining to,

(g) to execute payments and receipts already dealt with.

According to the abovesaid powers the attorney may sign documents and issue orders.

This power of attorney is bounded to the sole internal deeds of the ordinary management and does not include the responsibility of the extraordinary management and authority to dispose or, however, undertake new initiatives, which are on the contrary expressly excluded.

This letter of attorney is to be deposited in the deeds of the Notary who shall legalise the signature.

Enclosure N. 2

20 November 1943

TO MINISTRY OF CORPORATE ECONOMY

ROME

Referring to the interview had with your Director General, Gr. Uff. Anselmo, the undersigned begs to inform you about the following:

The undersigned, Head of Rear Clearance Party of the National Provident Fund for Employees of Forwarding Agencies, appointed to by the Commissary of Fascist Confederacy for the Commerce Workmen, with regular letter of attorney, was assured by the latter that all settlement of payments to workmen omitted by the Forwarding Agencies will be directly paid over from Venice by the new Head Office of Provident Fund.

Since departure of the managers, about a month ago, until today, no settlement of payment has been executed, neither has the undersigned received any communication, also because all industries are still underway towards the new destination.

Till now several workmen have come to our Rear Clearance Party asking for the reimbursement of the Provident rates regularly paid every month; although the undersigned assured them that the payment will be executed directly from Venice, some of them informed that they would apply to the Ministry of Corporate Economy in order to obtain a favorable decision concerning them.

The undersigned informs that it is absolutely impossible for him to execute the abovesaid payments to the associates, because he has only 30,000 lire of cash on hand, to be used only for settlement of payments and wages to the personnel of the Fund.

The undersigned wishes to give the above said details so that the Minister of Corporate Economy may be informed about the responsibility of the Rear Clearance Party before receiving any eventual claim for payment on part of an associate.

Moreover, the undersigned informs you that if an eventual interruption of communication with North Italy should occur, all workmen of the Forwarding Agencies, not only of Rome but also of Southern Italy and islands, (a total of 761,213 of which are residing in Rome, 375 in Southern Italy, 153 in the Islands) would appeal to this Rear Clearance office for settlement of the payments due to them.

The undersigned begs the Ministry of Corporate Economy to send him instructions referring to abovesaid situation.

ESPOSTO

AL MINISTERO DELL'ECONOMIA CORPORATIVA

R O M A

A seguito del colloquio avuto con il vostro Direttore Generale, Gr.Uff. Anselmi, il sottoscritto si permette esporre a codesto Spett. Ministero quanto segue:

Il sottoscritto Capo dell'Ufficio Stralcio del Fondo Nazionale di Previdenza per gli Impiegati delle Imprese di Spedizione, insediato con tale incarico dal Commissario della Confederazione Fascista Lavoratori del Commercio, con regolare procura, ebbe da quest'ultimo assicurazione che tutte le liquidazioni da fare ai lavoratori licenziati dalle Imprese di Spedizione sarebbero state effettuate direttamente dalla nuova sede del Fondo stesso da Venezia.

Dalla partenza dei Dirigenti fino ad oggi, circa un mese, nessuna liquidazione è stata effettuata ma il sottoscritto ha ricevuto alcune comunicazioni, anche perchè tutto il materiale trovasi ancora in viaggio per la nuova destinazione.

Finora si sono presentati al nostro Ufficio Stralcio diversi lavoratori che chiedono il rimborso delle quote di previdenza versate regolarmente ogni mese e malgrado il sottoscritto li abbia assicurati che la liquidazione verrà effettuata direttamente da Venezia, qualcuno ha fatto presente che farà esposto a codesto Ministero perchè sia presa una decisione nel loro interesse.

Il sottoscritto rende noto che egli è nell'assoluta impossibilità di effettuare liquidazioni agli associati, perchè ha una disponibilità finanziaria di £.30.000.==, da servire esclusivamente per liquidazioni e stipendi al personale dipendente del Fondo.

Il sottoscritto ha voluto far presente quanto sopra, affinchè codesto Ministero sappia precedentemente a qualche eventuale reclamo che possa essere indirizzato da qualche associato, quali sono le facoltà dell'Ufficio Stralcio del Fondo Nazionale di Previdenza per gli Impiegati delle Imprese di Spedizione, e rende noto altresì che in un eventuale interruzione di comunicazioni con

ALLA COMMISSIONE ALLEATA DI CONTROLLO

R O M A

L'Ordine del giorno accluso, votato dall'Assemblea del Personale dell'Ente della Mutualità, con circa 500 voti favorevoli contro meno di 10 contrari, se anche in alcuni punti può sembrare troppo personalista, è in realtà la chiara espressione della appassionata volontà del personale che chiede di poter lavorare alla ricostruzione di uno dei più importanti Istituti di Assistenza ai lavoratori, su un cammino sgombro da misere figure moralmente rachitiche e da altre fascisticamente arriviste.-

In preciso il personale ha dovuto con dolore constatare che all'Ente della Mutualità in Roma il 4 giugno, si siano insediate persone che, per la loro incapacità tecnica e morale o per il loro molto prossimo passato politico, nessun diritto di benemerenza avevano acquisito e nei confronti dell'Ente e sopratutto nel fine principe dell'Ente stesso: l'assistenza al lavoratore.-

1704

Il personale è rimasto urtato dall'atteggiamento assunto dai dirigenti stessi proprio verso quelli che più notoriamente avevano sofferto dall'8 settembre in poi tanto da costringere alcuni, anche invitati a riassumere posti o a richiederne di migliori, a rifiutare qualsiasi collaborazione.-

Il personalismo ed il nepotismo acclaratosi in 54 giorni di direzione da parte di questi signori, l'autoesaltazione (vedi circolare nº 1 paragrafo 6), il regime di spese voluttuarie in così immane crisi, hanno portato tutto il personale a dire "basta" e alla risoluzione di ottenere l'allontenamento dei responsabili, ove manchi in lo-

nale dell'Ente della Mutualità, con circa 500 voti favorevoli contro
meno di 10 contrari, se anche in alcuni punti può sembrare troppo per_
sonalista, è in realtà la chiara espressione della appassionata volon-
tà del personale che chiede di poter lavorare alla ricostruzione di u-
no dei più importanti Istituti di Assistenza ai lavoratori, su un cam-
mino sgombro da misere figure moralmente rachitiche o da altre fasci-
sticamente arrivista.-

In preciso il personale ha dovuto con dolore constatare che al
l'Ente della Mutualità in Roma il 4 giugno, si siano insediate persone
che, per la loro incapacità tecnica e morale o per il loro molto pros-
simo passato politico, nessun diritto di benemerenza avevano acquisito
e nei confronti dell'Ente e sopratutto nel fine principe dell'Ente stes
so: l'assistenza al lavoratore.-

Il personale è rimasto urtato dall'atteggiamento assunto dai
dirigenti stessi proprio verso quelli che più notoriamente avevano sof_
ferto dall'8 settembre in poi tanto da costringere alcuni, anche invi
tati a riassumere posti o a richiederne di migliori, a rifiutare qual-
siasi collaborazione.-

Il personalismo ed il nepotismo acclaratosi in 54 giorni di
direzione da parte di questi signori, l'autoesaltazione (vedi circola-
re n° 1 paragrafo 6), il regime di spese voluttuarie in così immane
crisi, hanno portato tutto il personale a dire "basta" e alla risolu-
zione di ottenere l'allontanamento dei responsabili, ove manchi in lo-
ro un minimo di sensibilità, possibilmente con le vie ordinarie.-

Ed il personale respinge a priori la soluzione adottata dal
29 luglio in poi di vedere gli stessi uomini con qualifiche di Consi-
glieri, circolare nei locali di Via Cesare Beccaria, dopo l'insedia-
mento del Commissario riconosciuto dal Governo e dal Comando Alleato
sino dal dicembre 1943 in Bari, ed insediatosi il 29 us. nella sede
di Roma.- Respinge tale soluzione, sottolineandone la urgenza, perchè
ritiene indegno di un Governo Democratico e di Partiti e Organizzazio-
ni proletarie, continuare nel sistema fascista di assicurare al "cam-
bio di guardia" al silurato, un'altra greppia, anche se di proporzioni
minori, ed ancora più indegno voler appoggiare individui che, pur di

./.

assicurarsi la greppia stessa, porgono l'una e l'altra guancia agli scherni morali di assemblee, opinione pubblica, attacchi giornalistici, ecc.-

In particolare al Sig. BARGONI il personale addebita:

a)- nel periodo dall'agosto al 10 ottobre 1943 ha dimostrato una totale ignoranza del problema mutualistico aggravatosi per la affrettata unificazione, non prendendo alcuna decisione non per evitare una crisi, ma per ritardarla; non dicesi attuando, ma almeno impostando dei problemi atti a dare la sensazione che l'Istituto non doveva più tesaurizzare i contributi dei lavoratori, ma volgerli a più proficua e capillare assistenza.- E non vale, a giustifica, il poco periodo di governo ad attenuare l'opposizione, perchè dei tecnici quali sentono di essere tutto il personale, riconoscono il timoniere dai primissimi colpi di barra;

b)- alla data dell'8 settembre, il BARGONI non ha avuto, per il ben noto attaccamento alla greppia, dimostrato anche dalla munifica liquidazione chiesta (in ricordo di quelle da lui fatte alla Cassa Nazionale Infortuni nel lontano 1926 o 1927) ed ottenuta in £. 30.000,-- per 45 giorni di amministrazione, con una media annuale di circa £ire 96.000,-- superiore ad ogni altra avutasi anche per fascistoni nel passato periodo, non ha avuto dicesi la sensibilità di allontanarsi dalla comoda poltrona, occhieggiando per oltre un mese con le bande neo-fasciste, sino a farsi scacciare dal Commissario fascista.- Ed è in tale periodo che la sua permanenza acquista la figura del tradimento, perchè, essendo fornito di tutti i poteri, avendo ogni possibilità anche di personale disposto ad assumergli le immediate responsabilità penali e legali (vedi sottrazione di 10 milioni di assegni e delle polizze custodia Titoli per ben 863 milioni operate dai Sigg. Rag. SANTUCCI e CARROCCI e da questi riconsegnati in questi giorni nelle mani dell'Eccellenza il Ministro dell'Industria, nulle ha fatto o disposto per impedire il prevedibile trasferimento delle notevoli disponibilità in Titoli e contanti dell'Ente al Nord.- E se anche dovrà accertarsi la responsabilità di tutti coloro che in prosieguo hanno contribuito al trasferimento delle somme stesse, resta per tutti, prima responsabile il BARGONI;

1703

c)- Durante il periodo in cui il BARGONI sostiene di aver vissuto materialmente e idealmente la vita clandestina (con frequenti gite professionali, familiari [redacted] fra Roma e Firenze), mai, dicesi mai, il BARGONI è entrato in contatto con il personale responsabile della Mutua, e solo il povero BRUNO BUOZZI assumendo nuovi rischi e responsabilità, chiese a qualche dirigente che si fosse manovrato in modo da salvare qualche cosa del patrimonio dell'Ente per le immediate necessità al momento dell'arrivo degli Alleati.- Cosa che, in omaggio alla Figura dello Scomparso fu fatta e, in qualche

d)- Altrettanto dicasi del cosidetto Comitato di Azione antifascista dell'Ente, rivelatosi ultra fascista nello spirito, negli intendimenti e nella composizione, ed il cui primo ed unico scopo è stato di acquisire falsi meriti onde insediarsi, con la complicità del BARGONI, in una continua gara di autopompismo e mutuo spalleggiamento, a posti di comando, inibendo il rientro di tutti gli elementi che, per il chiaro, preciso atteggiamento antifascista, sia nel campo civile che in quello militare, per la superiore levatura morale e di diritto, per il loro indiscusso passato, potevano prepotentemente e naturale

mente mantentare il loro programma di miseri garracchetti;

e)- L'assunzione di personale ex novo (elenco a), di ex personale a loro fedele (elenco b), in confronto di altri tenuti fuori malgrado le più pressanti necessità di questi ultimi, i sistemi preelettoriali assunti a criterio nella scelta delle assunzioni o riassunzioni, i miglioramenti di funzioni e di assegni (elenco c), le maniere superfarinacciane ([redacted]) usate al personale che si presentava a chiedere, nel pieno diritto, la riassunzione o chiarimenti sulla posizione (elenco d), le spese voluttuarie di macchine e le notevoli spese di gestione di queste (elenco e), mentre si giustificava la mancata riassunzione del personale con la mancanza di fondi, il tipo "duceuco" dei fogli di servizio tendenti ad incalanare persone e scritti solo a 4 fesseliesimi (elenco f), [redacted], documentano ampiamente l'asserto del punto d);

f)- Contro le tre volta presentate dimissioni del Commissario Nazionale di Bari (nominato e confermato con tutti i crismi legali) per lasciare all'Eccellenza il Ministro ampia facoltà di decisione specie nei confronti della situazione creatasi con l'auto insediamento del BARGONI, stà la meschina resistenza di quest'ultimo ad allontanarsi,culminata con l'accettazione il 29 luglio scorso, di una posizione di secondo piano, da cui spera di poter riaffiorare in un più o meno prossimo avvenire.- A tale speranza o possibilità, il personale grida il suo "No" e riafferma la sua volontà di allontanare il BARGONI e compagni, definitivamente, ove questi non abbiano a provvedervi "motu proprio";-

g)- In particolare alla diffida di cui all'ordine del giorno, si intende precisare che quanto trovato nella Sede Centrale, in mobili e fondi, alla data del 4 giugno c.a. era stato strappato alla rapacità dei dirigenti del Nord, dai dirigenti prima del 4 giugno, i quali con tutti i funzionari non avrebbero permesso a nessuno trasferimenti o presa di possesso fasciste, respingendo tale insinuazione partita dal BARGONI ed accoliti e da loro propalata per giustificare accaparramenti e crearsi meriti, inesistenti in altro modo.-

La relazione di cui sopra risponde a due punti che era urgente, nel-l'interesse di tutti, fissare:

1°)- esporre chiaramente la situazione quale erasi determinata con l'inse-diamento del BARGONI e compagni all'Ente della inattualità o quanto sia risultata odiosa la loro permanenza alla Direzione dell'Ente stesso.- Con ciò si intende chiaramente dedurre tutta la soddisfazione del per-sonale per la soluzione rapidamente adottata dall'insediamento del Commissario Nazionale di Bari, il che ha portato ad una rapida disten-sione degli animi anche per la pronta adesione ottenuta a tutti i pro-blemi prospettati dal personale e per l'intento, già inizialmente prov-

to, di impostare gli stessi con la fattiva e leale collaborazione del personale tutto;

2)- il personale che giustamente e legalmente ritiene di essere il migliore Comitato Tecnico e nei confronti dell'amministrazione dell'Ente e nella deliberazione dei sistemi di erogazione delle assistenze, intende affermare il principio di essere il primo ad avere il diritto di essere sentito prima della nomina di ogni nuovo Commissario o Presidente dell'Ente, e propone che l'esperimento felicemente iniziatosi nell'Italia Meridionale, con la nomina commissariale di un funzionario dell'Ente, diventi norma anche per l'avvenire, impedendo così che il seggio presidenziale diventi gioco, come per il passato, di influenze politiche o ministeriali e che alla vita dell'Ente nuoccia la maggiore o minore competenza tecnica di elementi estranei alla vita dell'Ente stesso.-

Con la liberazione della città di Roma dalla oppressione nazi-fascista, la Sede Centrale dell'Ente, che il livore dei dirigenti nominati dallo pseudo Governo repubblicano dopo gli eventi dell'8 settembre scorso, aveva tentato di sconvolgere dalle basi, riprende il suo pieno e legittimo funzionamento.

Il ritorno ad una vita normale ed efficiente, dopo quella angusta e clandestina condotta nel lungo periodo della soggezione, di questo importante organo dell'Istituto era stato predisposto da tempo da un Comitato di azione antifascista, costituitosi fin dall'ottobre 1943, che ne ha avuto il gradito compito di presiederne e che, d'intesa con il Comitato di Liberazione Nazionale e con quello di Azione Sindacale, ha operato al fine di salvaguardare per quanto possibile gli interessi dei lavoratori nell'Ente, nonchè le attrezzature, i servizi e i quadri della sua Sede Centrale.

L'Istituto trovasi oggi, purtroppo, in condizioni difficili per la ripresa azione di funzionamento, di disintegrazione dei servizi, di sperpero e dilapidazione del patrimonio compiuto dai fascisti nell'ultimo periodo della loro tirannia.

Il personale che verrà per ciò chiamato a collaborare perchè sia restituita una piena normale efficienza a tutte le attività dell'Istituto, dovrà affrontare un difficile compito che richiede dedizione piena alle sue finalità assistenziali, sicura competenza, massimo rendimento.

Deve essere sostenuto morale al lavoro la coscienza di assolvere, dal nostro posto di responsabilità tecnico-amministrativa, una funzione sociale che è di somma importanza; di servire una causa che è la causa dei lavoratori, i quali hanno visto travagliare il patrimonio e la vita dell'Istituto che è garanzia e completamento della funzionalità di una istituzione che è garanzia delle loro più elementari ed urgenti necessità assistenziali.

Con la liberazione della città di Roma dalla oppressione nazi-fascista, la Sede Centrale dell'Ente, che il lavoro dei dirigenti, nominati dalle pseudo Governo repubblicano dopo gli eventi dell'8 settembre scorso, aveva tentato di sovvertire dalle basi, riprende il suo pieno e legittimo funzionamento.

Il ritorno ad una vita pulsante ed efficiente, dopo quella angusta e clandestina condotta nel lungo periodo della soggezione, di questo importante organo dell'Istituto era stato predisposto da tempo da un Comitato di azione antifascista, costituitosi fin dall'ottobre 1943, che ho avuto il gradito compito di presiedere e che, d'intesa con il Comitato di Liberazione Nazionale e con quello di Azione Sindacale, ha operato al fine di salvaguardare per quanto possibile gli interessi dei lavoratori dell'Ente, nonchè le attrezzature, i servizi e i quadri della sua Sede Centrale.

L'Istituto trovasi oggi, purtroppo, in condizioni difficili per la cessazione quasi totale di funzionamento, la disintegrazione dei servizi, di sperpero e dilapidazione del patrimonio compiuto dai fascisti nell'ultimo periodo della loro tirannia.

Il personale che verrà per ciò chiamato a collaborare perchè sia restituita una piena normale efficienza a tutte le attività dell'Istituto, dovrà affrontare un difficile compito che richiede dedizione piena alle sue finalità assistenziali, sicura competenza, massimo rendimento.

Deve essere sostegno morale al lavoro la coscienza di assolvere, dal nostro posto di responsabilità tecnico-amministrativa, una funzione sociale che è di somma importanza; di servire una causa che è la causa dei lavoratori, i quali hanno visto tradire il patrimonio e compromettere la funzionalità di una istituzione che è garanzia delle loro più elementari ed urgenti necessità assistenziali.

Nel riprendere le funzioni già affidatemi, rivolgo innanzi tutto ai funzionari componenti del Comitato di azione antifascista il mio particolare compiacimento per la coerente azione, non scevra

di difficoltà e pericoli, svolti durante gli otto mesi trascorsi.

Un vivo ringraziamento vado anche a tutti coloro che, anzichè adagiarsi in un sonno vigliacco, si sono coraggiosamente aperti, in collaborazione con il Comitato d'azione o per proprie individuali iniziative, al sabotaggio delle disposizioni amministrative neofasciste, correndo il rischio della identificazione e della persecuzione.

Desidero associare a questi sentimenti un particolare considerazione per la classe dei medici la cui collaborazione, improntata a una politica di elevazione umana, contribuirà efficacemente alla grande opera di educazione e di disciplina sociale che il nostro Ente è chiamato a perseguire.

All'importanza dell'opera che nell'Istituto sono chiamati a svolgere i medici, è giusto e doveroso che debba corrispondere per essi un adeguata posizione che ne tuteli il decoro, ne stimoli la dedizione alla causa della mutualità, e favorisca il perfezionamento della loro cultura professionale sul piano tecnico-scientifico.

Poichè per ricollocarci al giusto livello del nostro Paese non rimane più tempo ancora che il lavoro, tutte le nostre attenzioni devono essere volte alla conservazione e alla reintegrazione di quanto bene supremo che è la salute dei lavoratori e che rappresenta un elevatissimo valore economico.

Invito, infine, tutto il personale che oggi comincia un nuovo lavoro nel clima dell'Italia liberata dalle tirannie e dal previlegio, a prestare la sua opera con tranquillità e fiducia; chè il voglio, a pretendere la sua opera con tranquillità e fiducia; chè il volere, per davvero, che sia fatto di ogni singolo elemento, in relazione al grande politico, al contenuto tecnico-professionale e del disciplinare e all'effettivo rendimento, terrà conto dei meriti e del buon volere di ognuno e farà dare premuroso ben garantito di ottenere impronta a criteri di massima obiettività e serenità di giudizio.

IL COMMISSARIO
(Fortunato Bargoni)

Commissariato E.O. 12356 Section 3.3/NSC Nr. 785015

A richiesta dichiaro che in un giorno imprecisato della seconda quindicina del luglio scorso avendo sentito delle voci riferentesi ad un eventuale mio licenziamento mi sono recata dal dott. Bascone, reggente la direzione dei servizi del personale, a cui ho chiesto chiarimenti. Poichè il Bascone confermava tale possibilità fornendo dei motivi che a me sembravano infondati ed ingiusti io chiesi di conoscere i nominativi dei membri della Commissione interna perchè dichiarai di volermi ad essi rivolgere per esporre le mie controdeduzioni al momento del licenziamento stesso.

Il Bascone mi indicò due nominativi il Cattani e l'Antonacci, mentre poi è risultato che l'Antonacci, il quale fa parte del gruppo dei dirigenti auto-insediatosi alla Direzione dell'Ente non ha mai fatto parte di alcuna commissione interna. Avendo io insistito nel mio proposito di rivolgermi alla commissione e avendo chiesto come fosse stata nominata la commissione stessa il Bascone rispose: "Basta! Qui facciamo da noi" al che io ribattei che mi sarei rivolta ad altre autorità ed anche al Comando Alleato. Il Bascone violentemente mi rispose: "Basta con questo Comando Alleato, è ora di finirla, qui dipende tutto da noi e voi non farete proprio nulla".

Ad un certo punto del colloquio il Bascone dichiarò che avevano più diritto a restare nell'Ente quelli che come lui avevano sofferto la fame per l'idea mentre proprio a me risultava essendo addetta al servizio Amministrazione che Bascone era stato pagato sino al 15 maggio 1944 percependo fra liquidazione e preavviso oltre novantamila lire.

OGGETTO: Manifesto per le assicurazioni sociali ai dipendenti dalle Forze alleate.-

Ad avviso di codesta Commissione questo Ministero dovrebbe curare l'invio a tutti gli istituti di previdenza e di assistenza sociale interessati e relative sedi locali, agli uffici provinciali del lavoro, alle Camere del lavoro, ai comuni ed alle provincie, del manifesto relativo alle assicurazioni sociali per i lavoratori che prestano la loro opera alle dipendenze delle Forze alleate, per dare al manifesto stesso la più ampia diffusione.

Premesso che detto manifesto è già stato affisso, a cura di cotesta Commissione, in tutte le località in cui si trovano lavoratori italiani alle dirette dipendenze delle Forze alleate, si ritiene che lo scopo principale di portare direttamente a conoscenza degli interessati i benefici previdenziali ed assistenziali loro recentemente concessi sia stato ormai raggiunto.

Sembrerebbe, d'altra parte, che gli scopi voluti da cotesta Commissione potrebbero essere meglio raggiunti mediante apposite circolari alle Prefetture, comunicati stampa e radio nonchè con nuove premure agli istituti assicuratori perchè provvedano direttamente ad affiggere nei propri uffici gli avvisi ai lavoratori.

Si fa, pertanto, riserva di trasmettere quanto prima copia delle circolari e comunicati che saranno predisposti da questo Mini-

SUBJECT: Draft Directive on Social Insurance for Allied Forces Employees

TO: Allied Forces Local Resources Section
Attention: Maj. LOUDEN

1. Attached, for information, are two copies of above-mentioned draft directive.

2. Confirming our telephone conversation of yesterday, this draft includes certain minor changes in wording which were recommended to G-4 AFHQ by Labor Sub-Commission AC, on the basis of consultation with the major employing units concerned. The Suggested File Maintenance Procedure has also been revised in minor respects to clarify points not adequately covered in the original draft. The responsibility of the Allied Forces, however, as set forth in para. 2 of the Directive, and the text of the two forms to be used by employing units are identical with the versions approved by the Local Resources Board.

3. Inasmuch as this procedural material, as now ready for issuance, embodies no change in the scheme of operation and the forms approved by the Board, it was the opinion of Labor Sub-Commission AC and of G-4 AFHQ, as well as of the employing units consulted, that re-referral to the Board was unnecessary and would constitute an unjustifiable delaying factor.

4. Should a future similar situation arise, it is agreed that recommended revisions in the wording of an AFHQ directive based on action of the Board should be furnished simultaneously to your office for information.

By order of the Acting Director, Labor Sub-Commission:

1. It is expected that an AFHQ Instruction will be published shortly on "Social Insurance Coverage for Civilians employed by the Allied Forces in ITALY." (para. 4(c) of the Minutes of the Meeting of the Labour and Wages Control Committee held on 25 Aug 44 refers).

2. We have arranged for the printing of the cards necessary for the operation of the scheme.

3. To facilitate distribution of the cards it has been agreed that an initial supplies should be consigned to you for distribution by Civs. To ensure that an adequate reserve is held, the initial allotment will probably be made on a basis of three (3) cards for each worker now employed.

4. We HQ FF has requested that distribution to PAF units should be made by Civs, and the first consignments of cards will include a quota for this purpose.

SUBJECT: Social Insurance.

TO : G-1 Civilian Personnel,
Headquarters Allied Commission.

1. Reference is made to letter C.A. Pers/268 of 8 Jan 45 and AFHQ Administrative Memorandum No 61 of 16 Dec 44.

2. Following instructions contained in your letter G-1/Civ Pers/279 of 11 Jan 45, this office initiated forms SI-1 covering all workers in Caper Garage. A few cases of illness or injuries among our personnel have given us the opportunity to test the social insurance plan, with the following results:

a. Workers sent to local social insurance offices have been given medical assistance, but upon requesting compensation for time lost have been told that no provision had been made to pay them any compensation.

b. Upon requesting information from the Main Office (Cassa Mutua - Via Crescenzio 91) it was learned from the Director, Dr. Venes, that no detailed arrangements had been made with them to put into practice the social insurance plan. He was aware that the matter was under discussion and had a circular announcing the extension of social insurance benefits to civilian workers engaged by the Allied Forces.

1690

c. It was further learned from the "Cassa Mutua" that should the social insurance plan be instituted in accordance with the regular Italian social security system, it would provide medical assistance for all employees, and that monetary compensation would start on the fourth day of absence from work and would

Declassified E.O. 12356 Section 3.3 NND No. 785015

only be paid to worker on daily wage (operai). Office workers (impiegati) will not receive any monetary compensation - attached is table of indemnity being used at present by Italian Social Security Office.

3. Inasmuch as para 1a. of AFHQ Administrative Memorandum No 61, dated 16 Dec 44, states "The Italian Government has agreed to pay for and to provide social insurance benefits for Italian Civilians employed directly by the Allied Forces", it appears that some detailed instructions should be passed down to the Italian Social Security Office, in order that their present position may be reconciled with the terms of the above mentioned memorandum.

4. This office is charged with employing 450 workers and it will assist our personnel section if correct information can be obtained on the following points:

a. Categories of workers entitled to full benefit (medical assistance and monetary compensation).

b. Amount of compensation to be received by workers.

c. Time when monetary compensation begins after illness or injury.

DRAFT DIRECTIVE -- FOR ISSUANCE BY AFHQ

SUBJECT: Social Insurance Coverage for Italian Civilians Employed Directly by Allied Forces

1. The Italian Government has agreed to pay for and to provide social insurance benefits for Italian Civilians employed directly by the Allied Forces. These benefits will be extended through the regular Italian social security system and will cover:

(a) Illness of worker or of member of his family (free medical care and indemnity for worker during illness).

(b) Unemployment (indemnity)

(c) Tuberculosis (free medical care and indemnity)

(d) Marriage and births (financial aid)

(e) Invalidity and old age (pensions)

In addition, workmen's compensation for accidental injury or death will continue as presently provided under AFHQ regulations (accident claims being referred to Istituto Nazionale Infortuni by means of report form prepared by employing unit).

2. To implement the coverage scheme certain minimum information is required, and the following is the responsibility assumed by the Allied Forces:

(a) The paying officer or his delegate will be responsible for preparation of a "Worker's Social Insurance Card" Form SI-1 (copy attached) for each worker employed. The cards will be maintained in an appropriate file during period of employment.

(b) The file will be initially constituted to include cards for all workers paid the first pay period after the effective date of the plan. The date of commencing work, from the standpoint of social insurance coverage, will be considered as being the same as the effective date of the plan and will be so entered in item 3 of the card, except in the case of employing units which are able and wish to give their employees the benefit of coverage for the entire period of their employment by supplying the actual commencing date, where verifiable from records. (The latter procedure will be of distinct advantage to employees with respect to eligibility for and amounts of unemployment, tuberculosis, old-age and invalidity benefits.)

(c) When employment terminates or is interrupted by illness, accident or other compensible contingency, the card will be completed, certified by the paying officer or his delegate and given to the worker to enable him to establish his social insurance rights by turning in the card at the appropriate Italian Office. A new card will be prepared to cover any succeeding period of employment should he again return to work.

1686

Declassified E.O. 12356 Section 3.3/NND No. 785015

(d) When a worker, during his period of employment, wishes to apply for medical care for a member of his family or for a marriage or birth allowance (i.e., a benefit not contingent on his own separation from work) a certification that he is currently employed by the Allied Forces will be given to him, at his request, on the "Worker's Employment Status Report" Form SI-2 (copy attached); based on information already contained on his social insurance card Form SI-1.

(e) In the case of workers who walk out on the job or otherwise absent themselves without due reason, social insurance cards will be held for a period of 30 days, at the end of which time, if the worker has failed to return, existing insurance rights will be considered forfeited and card will be destroyed.

3. A suggested file maintenance procedure is attached hereto for information

4. The effective date of this plan is 1 December, 1944.

5. A sufficient supply of Forms SI-1 and SI-2 (printed in English with Italian translation) is being produced and will be distributed forthwith to employing units together with a standard notice in Italian, suitable for posting at work sites, explaining the plan to workers. The scheme will be initiated, retrospectively to 1 Dec. 44, as soon as this material is received.

SUGGESTED FILE MAINTENANCE PROCEDURE
"WORKER'S SOCIAL INSURANCE CARDS"
FORM SI-1

1. The first five items on card will be filled in when or before worker draws first pay. The length of pay period will be indicated by ~~circling~~ the appropriate word (weekly, monthly, bi-weekly or semi-monthly) in item 5, or by rubber stamp. The card then goes into ACTIVE FILE.

2. Each pay day, cards in the active file will be pulled for each worker paid and will be tallied by circling the number of the pay period in item 7. If the worker is leaving, the card will be completed by drawing a line through the unused numbers in item 7 and filling in items 8, 9 and 10, and will be given to the worker. (NOTE: Item 10 requires no entry other than a dash line, ———, indicating nothing to report, except in cases where, in the opinion of the unit supervisor, the seperation from work is a "VOLUNTARY QUIT" without justification or a "DISMISSAL FOR CAUSE" of such a nature as to effect the worker's right to unemployment compensation. In such cases only, one or the other of the two reasons cited should be entered in writing or by rubber stamp.) If the worker is not leaving, the card will be returned to the active file after tally in item 7.

3. Cards not pulled (at conclusion of process described in para 2, above) will represent workers who walked out on job without drawing pay, or who have otherwise absented themselves since last pay period. These cards will be date-stamped in item 6 and will be placed in DEAD FILE. If worker later reports and returns to work, the card (date-stamped to show pay periods missed) will be replaced in active file. If he is paid off, card will be completed and given to him. In accordance with policy stated in para 2 (a) of Directive accompanying this procedure, cards remaining in dead file for period of more than 30 days, as shown by date-stamp in item 6, ~~shall~~ be destroyed with resultant forfeiture of existing social insurance rights. Cards may be retained longer, however, where reason for worker's absence is known and there is expectation of his returning to work or claiming card.

4. Whenever worker's employment terminates at either his own or employing unit's volition, or is interrupted by illness, accident, or other compensible contingency, he is entitled to and will need his card to establish social insurance rights. At discretion of unit supervisor, card may be given to a person other than the worker (for example, a family member or fellow worker, on written request) where the worker is unable, for reasons beyond his control, personally to pick up the card.

5. Employing units in a position to give their employees insurance credit for periods of employment prior to the effective date of the social insurance plan (see para 2 (b) of Directive accompanying this procedure) may do so by issuing separate cards to certify the prior period of employment. As an alternative, a written entry may be made under item 7: "Plus (no.) pay periods ~~[illegible]~~ prior to first tally, covering (date) to (date)." Such entry will then be taken into account in the total number of pay periods entered in item 8. If this alternative is used, the date shown in item 3 must, of course, be the actual commencing date of employment.

~~is 1 Dec 44 is to be taken into account when Item 8 is filled in upon completion of the card. In this case, the date shown in Item 5 will be the return~~ ~~reckoning date.~~

6. Both items 6 and 7 on the card are simply tally items to simplify file maintenance. They may be used in whatever manner and with whatever variations the unit supervisor finds desirable. Other items are essential to the Italian social insurance system. An entry must be made in each. Writing and figures must be clear and in ink, indelible pencil or rubber stamp ERASURES AND CORRECTIONS ARE NOT PERMISSABLE BECAUSE OF NECESSITY OF GUARDING AGAINST FRAUDULENT CHANGES IN INFORMATION ON CARD. At discretion of unit supervisor, card may be given to a person other than the worker (for example, a family member or fellow worker, on written request) where the worker is unable, for reasons beyond his control, personally to pick up the card.

5. Employing units in a position to give their employees insurance credit for periods of employment prior to the effective date of the social insurance plan (see para 2 (b) of Directive accompanying this procedure) may do so by issuing separate cards to certify the prior period of employment. As an alternative, a written entry may be made under item 7: "Plus (no.) pay periods from (date)

** 1 Dec 44* to be taken into account when item 8 is filled in upon completion of the card. In this case, the date shown in item 7 will be the actual commencing date.

6. Both items 6 and 7 on the card are simply tally items to simplify file maintenance. They may be used in whatever manner and with whatever variations the unit supervisor finds desirable. Other items are essential to the Italian social insurance system. An entry must be made in each. Writing and figures must be clear and in ink, indelible pencil or rubber stamp. ERASURES AND CORRECTIONS ARE NOT PERMISSABLE BECAUSE OF NECESSITY OF GUARDING AGAINST FRAUDULENT CHANGES IN INFORMATION ON CARD. If a mistake is made, a new card should be prepared.

SUBJECT: Draft Directive on Social Insurance for AF Workers

TO: G-4 (A) Allied Force Headquarters
Attention: Col. D. M. LIBBY

1. As agreed at conference on above subject yesterday, contact was made with the office of Director of Labour (S) and, in the absence of Lt. Col. Pearce, the draft directive on social insurance and accompanying procedure were discussed with Maj. Hurst. Agreement was reached on changes desired by D. of L. office.

2. Attached hereto are three copies of a revised draft of the proposed Directive, the File Maintenance Procedure, and the Forms SI-1 and SI-2 employed in the scheme. It is believed that the revision covers all technical points brought out in discussions with office of Director of Labor and with office of Base Purchasing Agent, PBS. A copy of the revision has been furnished directly to the latter to save time.

3. It is understood that a memorandum covering instructions for shipment of Forms SI-1 and SI-2 to various branches of the services will be furnished Allied Commission, which will undertake printing of these forms.

4. In the event any direct telephone clearance of details regarding directive or forms is desired, the writer may be reached at Hq. AC, phone 489081, Extension 491 or 204.

MEMORANDUM

SUBJECT: Social Insurance for Employees of Allied Armed Forces

1. The draft instruction explaining the responsibility assumed by Allied Armed Forces appears satisfactory in its present form, except that the effective date in para 4 should be changed to 1 Dec 44.

2. The "Suggested File Maintenance Procedure" has been clarified and amplified in the attached revision, which is recommended as a substitute for the earlier version.

3. Specimen copies of the two forms used in the scheme--"Worker's Social Insurance Card" and "Worker's Employment Status Report"--in the English-Italian versions, with instructions to workers on the reverse, are attached, as prepared for printing.

4. The Italian Ministry of Industry, Commerce and Labor is prepared to furnish a printed poster explaining the scheme and what the worker must do to obtain benefits. It is hoped that this poster will be ready at the same time as the printed forms, so that supply may be sent to Armed Forces units for posting at place of work. An estimate of the number of such posters likely to be required by units is requested.

5. Regarding printing arrangements for Insurance Cards, question has been raised as to whether AC can properly undertake printing of an AFHQ form. It seems desirable to have some definite clearance from AFHQ to justify AC's assuming this responsibility and expense, the main consideration being the speediest and most effective way of getting the job done.

1673

6. If AC is to print the Cards, it would be desirable to have a written request indicating the number of cards required for initial distribution, based on the following suggested formula:

Form SI-1 (basic card)-- three times current no. of civilian employees

Form SI-2 (status report)-- same as current no. of

Declassified E.O. 12356 Section 3.3 NND No. 785015

2. The "Suggested File Maintenance Procedure" has been clarified and amplified in the attached revision, which is recommended as a substitute for the earlier version.

3. Specimen copies of the two forms used in the scheme--"Worker's Social Insurance Card" and "Worker's Employment Status Report"--in the English-Italian versions, with instructions to workers on the reverse, are attached, as prepared for printing.

4. The Italian Ministry of Industry, Commerce and Labor is prepared to furnish a printed poster explaining the scheme and what the worker must do to obtain benefits. It is hoped that this poster will be ready at the same time as the printed forms, so that supply may be sent to Armed Forces units for posting at place of work. An estimate of the number of such posters likely to be required by units is requested.

5. Regarding printing arrangements for Insurance Cards, question has been raised as to whether AC can properly undertake printing of an APHQ form. It seems desirable to have some definite clearance from APHQ to justify AC's assuming this responsibility and expense, the main consideration being the speediest and most effective way of getting the job done.

6. If AC is to print the Cards, it would be desirable to have a written request indicating the number of cards required for initial distribution, based on the following suggested formula:

Form SI-1 (basic card)-- three times current no. of civilian employees

Form SI-2 (status report)-- same as current no. of civilian employees

Figures furnished us for British side only would call for supply to cover about 55,000 workers at DBL, Hq. AAI, and about 145,000 workers at Director of Labor, APHQ. Figures for American side are lacking, and an over-all estimate is needed before placing printing order.

SUGGESTED FILE MAINTENANCE PROCEDURE
"WORKER'S SOCIAL INSURANCE CARDS"
FORM SI-1

1. The first four lines of card (items 1 to 5) will be filled out when or before worker draws first pay. The length of the pay period (weekly, monthly bi-weekly or semi-monthly) will be indicated by circling the appropriate word in item 6 or by rubber stamp. The card then goes into active file.

2. Each pay day, cards in the active file are pulled as workers are paid and a tally will be made on the card by circling the number of the pay period in item 7. If the worker is leaving and is being paid off, the card will be completed and given to him. Otherwise it will be returned to the active file. Cards not pulled will represent workers who walked out on the job or who have otherwise absented themselves, since the last pay period. These will be date-stamped in the space provided in item 6 and will be placed in dead file. If worker later reports and returns to work, card will be replaced in active file. If not, cards whose "failed to work" date-stamp is four weeks old will be destroyed and insurance rights forfeited.

3. Whenever a worker's employment terminates, without some definite understanding as to resumption (such as in case of a temporary shut-down or suspension), or is interrupted by illness or other compensible contingency, his card will be completed and given to him. If he is subsequently re-employed, a new card will be made out.

NOTE:- Both items 6 and 7 are simply tally items to simplify maintenance of the file. They may be used in whatever manner and with whatever variations the unit supervisor finds desirable.

DRAFT COPY

SOCIAL INSURANCE COVERAGE FOR CIVILIANS EMPLOYED DIRECTLY BY THE ALLIED ARMED FORCES

1. The Italian Govt. has agreed to pay for and to provide social insurance benefits covering:-

(a) Accidental injury or death.

(b) Illness of worker or of member of his family.

(c) Unemployment.

(d) Invalidity and old age.

(e) Tuberculosis.

(f) Marriage and births.

2. To implement such a scheme certain minimum information is required, and the following is the responsibility assumed by the Allied Armed Forces:-

(a) The paying officer or his delegate will be responsible for preparation of a 'Worker's Social Insurance Card' Form SI-1 (copy attached) for each worker employed. The cards will be maintained in an appropriate file during the period of employment.

(b) The file will be initially constituted to include cards for all workers paid the first pay-period after the effective date of the plan. The date of commencing work, from the standpoint of social insurance coverage, will be considered as being the same as the effective date of the plan and will be so entered on the worker's card except in the case of such employing units as are able and wish to provide retroactive coverage for their employees by supplying the actual commencing date, where it is verifiable.

(c) When employment terminates or is interrupted by illness or other compensible contingency, the card will be completed, certified by the paying officer or his delegate and will be given to the worker to enable him to establish his social insurance rights. A new card will be prepared to cover any succeeding period of employment should he again return to work.

SOCIAL INSURANCE COVERAGE FOR CIVILIANS EMPLOYED DIRECTLY BY THE ALLIED ARMED FORCES

1. The Italian Govt. has agreed to pay for and to provide social insurance benefits covering:-

(a) Accidental injury or death.

(b) Illness of worker or of member of his family.

(c) Unemployment.

(d) Invalidity and old age.

(e) Tuberculosis.

(f) Marriage and births.

2. To implement such a scheme certain minimum information is required, and the following is the responsibility assumed by the Allied Armed Forces:-

(a) The paying officer or his delegate will be responsible for preparation of a 'Worker's Social Insurance Card' (Mod 21-1 (copy attached) for each worker employed. The cards will be maintained in an appropriate file during the period of employment.

(b) The file will be initially constituted to include cards for all workers paid the first pay-period after the effective date of the Plan. The date of commencing work, from the standpoint of social insurance coverage, will be considered as being the same as the effective date of the Plan and will be so entered on the worker's card except in the case of such employing units as are sole and wish to provide retroactive coverage for their employees by supplying the actual

SUGGESTED FILE MAINTENANCE PROCEDURE
"WORKER'S SOCIAL INSURANCE CARD"
FORM SI-1

1. The first three lines of card (items 1 to 7) will be filled out on or before worker draws first pay. The length of the pay period (weekly, monthly, bi-weekly or semi-monthly) will be indicated by circling the appropriate word in item 8 or by rubber stamp. The card then goes into active file.

2. Each pay day, cards in the active file will be pulled as workers are paid and a tally will be made on the card by circling the number of the pay period in item 9. If the worker is leaving and is being paid off, the card will be completed and given to him. Otherwise it will be returned to the active file. Cards not pulled will represent workers who walked out on the job or who have otherwise absented themselves since last pay period. These will be date-stamped("FAILED TO WORK"--item 8) and will be placed in dead file. If worker later reports and returns to work, card will be replaced in active file. If not, cards whose "failed to work" date-stamp is four weeks old will be destroyed and insurance rights forfeited.

3. Whenever a worker's employment terminates, without some definite understanding as to resumption (such as in case of a temporary shut-down or suspension), or is interrupted by illness or other compensible contingency, his card will be completed and given to him. If he is subsequently re-employed, a new card will be made out.

NOTE: Both items 2 and 3 are simply tally items to simplify maintenance of the file. They may be used in whatever manner and with whatever variations the unit supervisor finds desirable.

SUBJECT : Social Insurance Coverage for Civilians Employed Directly by the Allied Armed Forces

TO : Chairman, Labor and Wages Control Committee

1. At its meeting of 15 May,1944, the Local Resources (Italian) Board approved the extension of the Italian social insurance provisions to direct employees of the Allied Armed Forces and requested the Allied Control Commission to develop a plan, acceptable to Headquarters, A.A.I., for such extension.

2. The plan embodied in this memorandum is submitted to the Labor and Wages Control Committee for consideration. The plan is recommended by the Labor Sub-Commission, A.C.C., on the basis of extensive study of the problems involved and alternative possibilities of solution. The guiding objective has been to:

a. Determine the minimum information required to assure social insurance benefits to workers and enable the setting up of Italian State funds for the purposes; and

b. Devise a method whereby the Armed Forces may supply the information with a minimum of clerical work and record keeping.

3. The Italian Government has agreed to pay for and to provide social insurance benefits covering :

SUGGESTED FILE MAINTENANCE PROCEDURE
"WORKER'S SOCIAL INSURANCE CARD"
FORM SI-1

1. The first four lines of card (items 1 to 5) will be filled out when or before worker draws first pay. The length of the pay period (weekly, monthly, bi-weekly or semi-monthly) will be indicated by circling the appropriate word in item 8 or by rubber stamp. The card then goes into active file.

2. Each pay day, cards in the active file will be pulled as workers are paid and a tally will be made on the card by circling the number of the pay period in item 7. If the worker is leaving and is being paid off, the card will be completed and given to him. Otherwise it will be returned to the active file. Cards not pulled will represent workers who walked out on the job or who have otherwise absented themselves since last pay period. These will be date-stamped in space provided in item 6 and will be placed in dead file. If worker later reports and returns to work, card will be replaced in active file. If not, cards whose "Failed to work" date-stamp is four weeks old will be destroyed and insurance rights forfeited.

3. Whenever a worker's employment terminates, without some definite understanding as to resumption (such as in case of a temporary shut-down or suspension), or is interrupted by illness or other compensible contingency, his card will be completed and given to him. If he is subsequently re-employed, a new card will be made out.

NOTE: Both items 6 and 7 are simply tally items to simplify maintenance of the file. They may be used in whatever manner and with whatever variations the unit supervisor finds desirable

Avviso ai lavoratori dipendenti dall'A.C.

SOCIAL INSURANCE COVERAGE FOR CIVILIANS EMPLOYED DIRECTLY BY THE ALLIED ARMED FORCES

1. The Italian Govt. has agreed to pay for and to provide social insurance benefits covering:-

(a) Accidental injury or death.

(b) Illness of worker or of member of his family.

(c) Unemployment.

(d) Invalidity and old age.

(e) Tuberculosis.

(f) Marriage and births.

2. To implement such a scheme certain minimum information is required, and the following is the responsibility assumed by the Allied Armed Forces:-

(a) The paying officer or his delegate will be responsible for preparation of a 'Worker's Social Insurance Card' (ore 81-1 (copy attached) for each worker employed. The cards will be maintained in an appropriate file during the period of employment.

(b) The file will be initially constituted to include cards for all workers paid the first pay-period after the effective date of the plan. The date of commencing work, from the standpoint of social insurance coverage, will be considered as being the same as the effective date of the plan and will be so entered on the worker's card except in the case of such employing units as are sole and exclusive [illegible] the retroactive coverage for their employees [illegible] the actual commencing date, where it is verifiable.

INSTRUCTION (to AAF Unit Supervisors)

1. First 3 lines of card will be filled out when worker draws first pay. IF he is being released and WILL NOT receive further pays, the card will be completed at same time and be given to him with pay. Otherwise it will be placed in ACTIVE FILE, for future completion.

2. Each pay day all cards in ACTIVE FILE will be pulled as the man is paid. If he is being paid off and released, the card will be completed and given to him. Cards which have not been pulled will be segregated, date-stamped as "Failed to Work", and will be placed in DEAD FILE. If worker later shows up and continues to work, card will be returned to ACTIVE FILE. ~~If he shows up and is paid off, card will be completed and given to him.~~ If he does not show up card will remain in DEAD FILE for four weeks after which it will be destroyed and insurance rights forfeited.

3. Whenever a worker is released and paid off, card will be completed and given to him. If he is subsequently re-employed, new card will be made out.

1614

TO THE WORKER: This card certifies your period of employment with the Allied Armed Forces and, if presented to the nearest Office of I.N.P.S., will entitle you to social insurance and sickness assistance protection, provided you comply with other normal requirements, as established by law. Safeguard the card. Do not mutilate or lose it. Take it at once to the INPS Office for registration there.

OGGETTO Assicurazioni sociali per i lavoratori italiani ingaggiati dalle Forze alleate.-

Codesta Commissione, nell'accusare ricevuta dello schema di provvedimento concernente le assicurazioni sociali per i lavoratori italiani ingaggiati dalle Forze alleate, ha chiesto di conoscerne il testo definitivo secondo le ulteriori modificazioni apportate all'articolo 4.

Nello stesso tempo codesta Commissione sollecita la stampa del manifesto, da affiggersi presso i luoghi di lavoro, che spieghi ai lavoratori il piano e la procedura che debbono seguire per ottenere i benefici assicurativi.

In relazione a quanto sopra, si trascritte il testo definitivo del provvedimento, quale è stato già approvato dal Consiglio dei Ministri nella sua riunione del 22 novembre c.a., e si assicura che ne verrà curata la pubblicazione entro il minor tempo possibile.

Si trascritte altresì il testo del manifesto ai lavoratori, del quale questo Ministero provvederà quanto prima a

AVVISO AI LAVORATORI

oooOooo

Applicazione delle assicurazioni sociali ai lavoratori italiani ingaggiati dalle Forze alleate.

Questo Ministero ha disposto che sia data immediata esecuzione al provvedimento -recentemente approvato dal Consiglio dei Ministri - che ammette voi e le vostre famiglie ai benefici delle assicurazioni sociali per l'invalidità e vecchiaia, per la disoccupazione, per la tubercolosi, per la mutualità e natalità, per le malattie e per gli infortuni sul lavoro e le malattie professionali.

Per ottenere tali benefici dovrete rivolgervi al competente istituto assicuratore trasmettendo, con la domanda, un'apposito certificato che vi verrà rilasciato dai Comandi delle Forze alleate.

Tale certificato dovrà essere da voi richiesto sia per eventi per cui abbiate diritto a benefici immediati, sia al momento della cessazione del vostro rapporto di lavoro.

Anche in quest'ultimo caso, lo stesso certificato ha una grande importanza per i vostri eventuali diritti ai benefici delle assicurazioni sociali, e perciò dovrete presentarlo subito all'Istituto nazionale della previdenza sociale, perchè possa provvedere a tener conto, nella vostra posizione assicurativa, del vostro periodo di lavoro presso le Forze alleate.

TO : Finance Sub-Commission

1. Attached report of Printing Officer, Headquarters Commandant, is self-explanatory.

2. In view of A.C. agreement, in response to request from AFHQ, to supply these forms to the various branches of the service, it is recommended that authority be given for printing 125,000 additional SI-2 forms and 360,000 additional SI-1 forms. This will permit the filling of orders now on hand from service branches to whom we have a definite commitment and will provide a margin of approximately 30,000 SI-2 forms and 90,000 SI-1 forms to take care of A.C./ANC needs and any emergency re-orders.

Ministero Industria, Commercio e Lavoro
ROMA

1. Per quanto riguarda la distribuzione del Manifesto del Ministro Gronchi relativo all'estensione delle Assicurazioni sociali ai lavoratori italiani che prestano la loro opera alle dipendenze delle Forze Alleate, e nel comune interesse che questo manifesto abbia la più ampia diffusione possibile, desidero chiarirle quanto segue.

2. Questa Sotto-Commissione provvederà ad inviare il manifesto in tutte le località in cui si trovano lavoratori italiani alle dirette dipendenze delle Forze Alleate.

Le liste delle più importanti tra le suddette località, diverse dai capoluoghi di provincia, le sarà comunicata, secondo il suo desiderio, non appena ci sarà pervenuta dalla competente autorità.

3. Il Ministero dell'Industria, Commercio e Lavoro, e quindi la sua Direzione Generale, saranno responsabili per l'invio del manifesto a tutti gli Istituti italiani interessati (Istituti di previdenza e assistenza sociale, e relative sedi locali; Uffici Provinciali del Lavoro; Camere del Lavoro; Comuni e Provincie; ecc.)

REF. : 091.455 11 December 1944

MEMO : Contributions Paid by Italian Contractors Serving Army Air Force Engineer Command.

TO : V Aviation Engineer Area (Adv.)
Attention: Capt. MORRILL

1. Memo dated 24 November 1944 from V Aviation Engineer Area (Adv.) to C.I.C. Army Air Force asks investigation of legality of contributions claimed by contractors as having been paid as follows:

"Assicurazione Infortuni	10%
Previdenza Sociale	26%
Cassa Mutua Malattia	5%
Contributo di richiamo	2%
Ferie	4,62%
Bollo assicurazione	10%
Imposta di registrazione	4,08%"

2. The first three designations refer to the three major national social insurance agencies in Italy, which are under supervision of the Ministry of Industry, Commerce and Labor and which have been recognized by Allied Commission as essential public institutions, whose functioning should be facilitated in every way possible. The remaining four designations refer to taxes and contributions rather than to agencies. Following are detailed comments:

Declassified E.O. 12356 Section 3.3 NND No. 785015

(a) Assicurazione Infortuni. Refers to workman's compensation for accidents administered by Istituto Nazionale Assicurazione Infortuni. There is no fixed percentage, since insurance rates vary between industries and within the same industry, depending on risk. The 10% quoted might be a correct average, but contractors should be required to furnish specific information.

(b) Previdenza Sociale. Refers to the Istituto Nazionale della Previdenza Sociale (National Social Security Institute). The charge of 26% is correct as far as it goes and is made up of the following:

Assegni familiari (family allowances)	20%
Cassa Integrazione (wage subsidy fund for compensating workers on reduced hours)	3%
Richiamati alle Armi (fund for families of workers in military service)	1%
Total	26%

In addition to the above legal percentage contributions, the employer must pay, by means of social insurance stamps, a contribution of 15,90 lire weekly for each worker (operaio) earning over 156 lire a week. This contribution, being fixed in amount, cannot be stated as a percentage of payroll, since the percent it represents will vary with the wage level. It is matched by a worker's contribution (which the employer must also pay with social insurance stamps, whether or not deducted from worker's pay) of 9,10 lire weekly. The resulting total contribution of 25 lire weekly covers unemployment compensation, old age and invalidity, tuberculosis and other benefits.

(c) Cassa Mutua Malattia. Refers to sickness assistance administered by Istituto Nazionale Assistenza Malattia. The figure of 5%, made up of 2,50% worker's contribution and 2,50% employer's contribution, is correct.

(d) Contributo di Richiamo. Refers to a tax of 2% on wages not subject to income tax for the purpose of defraying

1591

Declassified E.O. 12356 Section 3.3 NSD No. 755015

State costs for benefits to certain families of men in military service. It is due to be abolished 1 January 1945 and should not be confused with the 1% Previdenza Sociale contribution for "richiamati alle armi".

(e) Ferie. Refers to sum set aside in Bank of Labor on basis of percentage of payroll in order to provide vacation and holiday pay and the "53 Week" Christmas bonus, to which construction workers are entitled under Italian labor contracts. The percentage of 4,62% is approximately correct for these items combined, the exact breakdown being:

Vacations (ferie)	2%
53 Week bonus	2%
Holiday pay	0,66%

(f) Bollo Assicurazione. Apparently refers to "marche assicurative", or social insurance stamps, which are used in payment of contribution of 15,90 lire weekly for each worker earning 156 lire weekly or more, as explained under (b), above. This contribution is not calculated as a percentage and would certainly represent less than 10% of the payroll.

(g) Imposta di Registrazione. A government tax paid one time only, not as a percentage of payroll but as a percentage of value of contract. A certification of actual payment of this tax should be required.

3. Under Italian law, contributions calculated as a percentage of wages are levied against the base wage (known as "retribuzione ordinaria") and not against the family allowance and indemnities which may comprise part of the total received by the worker in his pay envelope. Even where percentages are verified as correct, it is recommended that contractors be asked to furnish certification from the insurance agency as to actual amount of contribution paid where there is any doubt about the base to which the percentage has been applied.

SUBJECT: Draft Directive on Social Insurance for Allied Forces Employees

TO : Allied Forces Local Resources Section
Attention: Maj. LOUDAN

1. Attached, for information, are two copies of above-mentioned directive.

2. Confirming our telephone conversation of yesterday, this draft includes certain minor changes in wording which were recommended to G-4 AFHQ by Labor Sub-Commission AC, on the basis of consultation with the major employing units concerned. The Suggested File Maintenance Procedure has also been revised in minor respects to clarify points not adequately covered in the original draft. The responsibility of the Allied Forces, however, as set forth in para.2 of the Directive, and the text of the two forms to be used by employing units are identical with the versions approved by the Local Resources Board.

3. Inasmuch as this procedural material, as now ready for issuance, embodies no change in the scheme of operation and the forms approved by the Board, it was the opinion of Labor Sub-Commission AC and of G-4 AFHQ, as well as of the employing units consulted, that re-referral to the Board was unnecessary and would constitute an unjustifiable delaying factor.

4. Should a future similar situation arise, it is agreed that recommended revisions in the wording of an AFHQ directive based on action of the Board should be furnished simultaneously to your office for information.

Application of Social Insurance to Italian workers employed by Allied Forces.

This Ministry has arranged that the measure recently approved by the Council of Ministers be immediately applied, which allows you and your families to benefit by social insurance for disablement and old age, unemployment, tuberculosis, marriage and birth, illness and accident at work, and professional diseases.

To obtain such advantages, you must apply to the competent Insurance Agency, indicating at the same time a certificate which will be furnished by the Allied Forces Command.

Above-mentioned certificate must be requested by you either in case of your having immediate need for the benefits, or at the end of your period of work.

Also in this last case, the certificate is of the greatest importance for your subsequent rights to social insurance benefits therefore you must further it immediately to the Istituto Nazionale della Previdenza Sociale, so that the duration of your work with the Allied Forces can be registered, concerning your social insurance position.

Therefore it is in your interest to attend to the sending of the certificates, and not to lose them, because they will not be replaced.

The State has assumed the burden of the expenses of the benefits due to you for work with the Allied Forces, thus recognising the collaboration given to the cause of liberation through your work.

SUBJECT : Social Insurance for Workers Employed By Allied Forces.

TO : His Excellency, the Minister of the Treasury.

1. Acknowledgment is made of your Excellency's letter of 11 November, 1944, stating that the Ministry of the Treasury is in accord with the proposal of the Ministry of Industry, Commerce and Labor for providing social insurance to Italian workers employed by the Allied Forces in Italy, based on considerations discussed in conferences with representatives of this Commission and on the clarification set forth in our letter of 4 November, 1944.

2. Having received from the Minister of Industry, Commerce and Labor copies of letters authorizing the Mattia, Previdenza Sociale and Infortuni Institutes to proceed with inauguration of the proposed plan on the basis of legal provisions in course of preparation, this Commission has informed the Allied Forces accordingly. It is hoped that the necessary certification forms to be used by the Allied Forces can be printed in time to begin issuing the forms to workers early next month.

Risp. a nota del 4/11/1944, n. ES/4.04

OGGETTO: Assicurazioni sociali per i lavoratori dipendenti dalle Forze Armate Alleate.

Con la nota sopradistinta viene fatto presente che nella determinazione dei salari dei lavoratori italiani dipendenti dalle Forze Armate Alleate si è sempre tenuto conto degli oneri relativi alle assicurazioni sociali.

Peraltro, mentre in un primo tempo i salari vennero fissati ad un livello più alto, tale da consentire ai lavoratori di provvedere per proprio conto alle assicurazioni predette, essendosi in prosieguo di tempo constatato che i lavoratori stessi non si sono avvalsi di tale opportunità, nell'esame, attualmente in corso, delle retribuzioni da corrispondere ai predetti lavoratori, si è supposto che il Governo italiano si assumerà l'onere delle assicurazioni sociali anche per la parte a carico del lavoratore stabilendo, pertanto, salari adeguatamente ridotti.

Al riguardo si fa presente che in seguito agli analoghi chiarimenti forniti dai rappresentanti di codesta Commissione nel corso della riunione tenutasi per l'esame del problema in questione,

Alf.

questa Amministrazione ha già dato la propria adesione alla proposta del Ministero dell'Industria Commercio e Lavoro di porre a carico dello Stato l'intero onere delle assicurazioni sociali dei lavoratori predetti.

All'uopo è stato già concordato, nelle vie brevi, con il cennato Ministero, uno schema di provvedimento nel quale la materia di che trattasi trova adeguata sistemazione.

Tale schema sarà sottoposto all'esame di codesta Commissione a cura del proponente Ministero dell'Industria, Commercio e Lavoro.

1. Ho letto il testo del manifesto, predisposto dal suo ufficio, per i lavoratori che sono impiegati dalle Forze Alleate, ed ai quali sono pure estese le assicurazioni sociali vigenti in Italia, e mi sembra che esso risponda pienamente allo scopo di informare i lavoratori di quanto e' necessario fare, da parte loro, per ottenere i benefici assicurativi.

2. Riterrei tuttavia opportuno, date le finalita' del manifesto ed i luoghi in cui esso verra' affisso, che esso fosse intestato al Ministero dell'Industria, Commercio e Lavoro, e che si usasse all'inizio, la forma impersonale, lasciando, naturalmente, la firma del Ministro. Le mando qui' unita la copia con le modificazioni proposte.

3. Le sarei molto grato se volesse provvedere nel modo quanto piu' sollecito possibile, alla stampa del manifesto, in modo che esso possa essere spedito insieme ai certificati da noi predisposti.

MINISTERO DELL'INDUSTRIA, DEL COMMERCIO E DEL LAVORO

Avviso ai lavoratori
Le assicurazioni sociali per i lavoratori impiegati dalle Forze Alleate.

E' stato disposto che sia data immediata esecuzione al provvedimento - recentemente approvato dal Consiglio dei Ministri - che estende voi e le vostre famiglie ai benefici delle assicurazioni sociali per l'invalidita' e vecchiaia, per la disoccupazione, per la tubercolosi, per la malattia' e maternita', per le malattie, e per gli infortuni sul lavoro e malattie professionali.

Per ottenere tali benefici, dovrete rivolgervi al competente Istituto assicuratore, trasmettendo con la domanda, un apposito certificato che vi verra' rilasciato dai Comandi delle Forze Alleate.

Tale certificato dovra' da voi essere richiesto, sia per evitti per cui abbiate diritto a benefici immediati, sia al momento della cessazione del vostro rapporto di lavoro. Anche in quest'ultimo caso, il certificato ha una grande importanza per i vostri eventuali diritti ai benefici delle assicurazioni sociali, e perche' dovrete presentarlo subito all'Istituto nazionale della previdenza sociale, perche' possa provvedere a tener conto, nella vostra posizione assicurativa, del periodo di lavoro presso le Forze Alleate.

E' quindi interesse vostro provvedere alla presentazione del certificati, e di aver cura di non smarrirli, perche' non saranno rilasciati duplicati.

Lo Stato si e' addossato la spesa per i benefici che vi competeranno per il lavoro alle dipendenze delle Forze Alleate, intendendo con questo riconoscere il concorso che, con la vostra opera, voi date alla causa della liberazione.

SUBJECT: Social Insurance for Workers Employed by Allied Forces.

TO : His Excellency, the Minister of Industry, Commerce and Labor.

1. Acknowledgment is made of Your Excellency's letter of 17 November, 1944, transmitting the scheme of decree on the above subject and copies of letters to the Malattia, Previdenza Sociale, and Infortuni Institutes authorizing them to initiate the plan pending publication of the decree.

2. The Director of the Direzione Generale Previden-za e Assicurazione Privata in your Ministry has informed us by telephone today of two minor technical changes which it is proposed to make in article 4 of the scheme of decree. We should appreciate your sending us written confirmation of these changes. However, we are able to advise you that the decree in its proposed final form is entirely satisfactory from the standpoint of the Allied Commission, since it appears to implement adequately the plan already agreed upon by the various interested parties and to assure social insurance benefits to the group of workers concerned. Therefore, we earnestly recommend that necessary steps for promulgating the decree be taken without delay.

3. It is understood that your Ministry is preparing an announcement, suitable for posting at sites of employment,

Declassified E.O. 12356 Section 3.3 NND No. 785015

to explain the plan and to tell workers what they must do to establish the right to benefits. Since the Allied Forces have agreed to undertake the posting of such a notice, we wish to supply copies to the various units employing labor prior to inauguration of the plan. It is respectfully urged, therefore, that preparation of the text and arrangements for printing be expedited in every possible way. We estimate that about 2500 copies of the proposed notice can be used to advantage by the Allied Forces.

SUBJECT : Social Insurance for Italian Workers engaged by Allied Armed Forces.

A legal provision is in course of publication which will dictate the regulations for the concession of insurance benefits to Italian workers who work directly for the Allied Armed Forces.

As regards the social insurances administered by your Institute, the following particulars are established:

1. From the standpoint of the effect on the right to and amount of obligatory insurance benefits for invalidity and old age, unemployment, tuberculosis, marriages and births, contributions for the period of employment with the Allied Armed Forces will be computed as though paid in the maximum amounts provided by the tables annexed to R.D.L., 14 April 1939, No. 636, modified by R.D.L. 18 March 1943, No. 126.

2. The expenses for the benefits will be reimbursed provisionally by the State:

a. For unemployment, tuberculosis, marriage and birth insurance, where the right to benefits is contingent on the computation of the contributions considered as paid (i.e., as per Para. 1, above);

b. For invalidity and old age insurance, limited to the increase in the pension arising from the contributions considered as paid.

3. To obtain payment of insurance benefits, the insured must present to your Institute the pertinent document (SI-1, "Workers' Social Insurance Card") provided by the Allied Armed Forces.

If the benefits are requested for a family member or in case of marriage or birth, as a result of contingencies occurring during the period of employment with the Allied Armed Forces, the worker must present the pertinent certificate (SI-2, "Worker's Employment Status Report") provided by the Allied Armed Forces.

In view of the unavoidable delay in publication of the legal provision, it has been considered advisable not to postpone further the payment of insurance benefits to the workers in question.

Your Institute is authorized, therefore, to extend to Italian workers employed by the Allied Armed Forces in Italian territory these insurance benefits on the basis of existing legal provisions and of the provisions noted above.

A separate accounting of the expenses involved will be necessary in order to effect the reimbursement to your Institute provided by detailed regulations.

Assurance of your readiness to comply with the above-mentioned dispositions is awaited.

REF: 091.455

SUBJECT: Social Insurance Coverage for Italian Workers of the Armed Forces.

1. [illegible] had talks with Minister Gronchi [illegible] subject as to the social-insurance coverage of [illegible] pointed out that the original Allied Forces [illegible] intended to be sufficient to [illegible] social insurance coverage, the conditions prevailing [illegible] which the armed forces, as an employer, could not [illegible]. This is due to the fact that [illegible] contribute to what is often known as a tax to be paid to another country with which Italy is no [illegible]. Further, the Italian Government had agreed, by terms of the Armistice, that a matter of this kind would [illegible] within their obligations.

2. It was, therefore, agreed by Minister Gronchi that requests of the Armed Forces' workers for coverage would be met and the Italian Government would assume the entire burden of payments, thus making it a contribution of the Italian Government to the war effort.

3. It has been assumed by the Armed Forces, since last summer, that the Italian Government would pass such a decree at once and it came as a distinct surprise, when the Resources Board through G-4, AFHQ, was ready to announce the availability of such coverage, to learn that there was no such decree extant.

4. As a further obstacle, the Ministry of the Treasury interposed the objection that if the ordinary Italian worker had to pay his contribution for social insurance coverage, workers for the Armed Forces could do the same. However, he agreed to the passage of the decree as originally intended only upon the receipt of a statement from ACC that our Armed Forces Base Depots had not [illegible] manage to enable the Armed Forces' workers to pay their

SUBJECT : Social Insurance for Workers Employed by Allied Forces

TO : His Excellency, Minister of the Treasury.

1. Reference is made to the discussion held in your office yesterday regarding the draft decree proposed by the Minister of Industry, Commerce and Labour to provide social insurance for Italian workers employed directly by the Allied Forces. In the course of that discussion you requested a statement regarding the relation of this plan to the wage policy of the Allied Forces.

2. We are able to advise you definitely that in deliberations regarding adjustments in the Allied Forces Wage Scale, account has always been taken of the problem of social insurance. When the issue was first presented and the difficulties of providing coverage appeared insuperable, the principle was adopted that wages should be fixed high enough to enable the workers to make their own arrangements regarding social insurance.

3. In practice it was found that few workers availed themselves of the opportunity to protect themselves in this way. For this reason the Allied Commission was directed to negotiate with the Italian Government with a view to obtaining a simplified program for covering these workers.

4. The above-mentioned draft decree prepared by the Ministry of Industry Commerce and Labour embodies such a scheme acceptable to the Allied Forces. In current consideration of adjustments in the Allied Force wage

Declassified E.O. 12356 Section 3.3 NND No. 785015

scale necessitated by changes in the level of compensation of workers in private industry, it has been assumed that the Italian Government would make this provision of basic social insurance coverage. The wage to be paid to direct employees of the Allied Forces may properly be said not to include a sum that would permit deductions for social insurance contributions or purchase of corresponding protection. Assumption by the Italian Government in this case of total social insurance costs, which in the case of private industry are borne partly by employers and partly by workers, will not, therefore, result in the taking over of any contribution responsibility properly resting with workers for the Allied Forces.

5. With the foregoing clarification we trust that the way can be cleared for agreement between your own Ministry and the Ministry of Industry, Commerce and Labour on the final form of the decree that we may receive a copy for final review and that we may be advised at the earliest possible moment as to the date when the plan can be put into effect for the benefit of the workers concerned.

1. In reference to your inquiry of 4 August, 1944, file RLA/019, which did not reach this Sub-Commission until lastweek, considerable delay has been experienced in reaching agreement on a plan for social insurance coverage of Armed Force employees acceptable to the Italian Government, the insurance institutes and the Armed Forces.

2. On 25 August, 1944, the Labor and Wages Control Committee of the Local Resources (Italian) Board approved the plan outlined in the attached memorandum of Labor Sub-Commission, dated 22 July, 1944. This plan is still subject to final approval by the present Minister of Industry, Commerce and Labor of their willingness to undertake coverage on the basis proposed. On the assumption that final clearance by the Italian Government and Local Resources Board will occur in the very near future, we are proceeding with arrangements for printing the Social Insurance cards which will be furnished in bulk through A.C.C. to the Armed Forces.

3. No definite date has been established for the initiation of the plan, but it is anticipated that as soon as final clearance has been obtained and a supply of cards is available, various branches of the Armed Forces may begin putting them into use as rapidly as their individual units are in a position to do so.

4. We understand from information furnished by the representative of the U.S. Navy from the Sicilian Labor and Wages Control Committee, when he was in Rome in July, that any plan worked out here and approved by the major interested parties will be acceptable to the Armed Force units in Sicily.

5. You will be informed promptly of further developments in this matter. Meanwhile, it is requested that you forward an estimate of the probable initial supply of Social Insurance cards which would be needed to initiate the plan in Sicily.

1. At the fourth meeting of the Labor Sub-Commission Committee the following point was raised by the representatives of the U.S. Navy and recorded in the minutes.

Seamen Interned at the U.S.N.O.B.'s

Rep U.S.N.C.C. told the Committee that he received complaints from his labourers if any did not take advantage of any steps to have the Italian Government provide for workers' social benefits. He pointed out that private businesses, in addition to paying a basic rate, provided workers with such benefits, family allowances, unemployment insurance and other social benefits. The combination of these made work with the private firms far more attractive than that which he could offer without the social benefits. The Vice-Chairman told the Committee that this matter had been gone into in the past by Rep USN, whereupon the Committee instructed Rep A&I Labour to investigate and report the progress made on the subject.

SUBJECT : Social Insurance Coverage for Civilians employed Directly by the Allied Armed Forces

TO : Chairman, Labor and Wages Control Committee

1. At its meeting of 15 May 1944, the Local Resources (Italian) Board approved the extension of the Italian social insurance provisions to direct employees of the Allied Armed Forces and requested the Allied Control Commission to develop a plan, acceptable to Headquarters, A.A.I., for such extension.

2. The plan embodied in this memorandum is submitted to the Labor and Wages Control Committee for consideration. The plan is recommended by the Labor Sub-Commission, A.C.C., on the basis of extensive study of the problems involved and alternative possibilities of solution. The guiding objective has been to:

a. determine the minimum information required to assure social insurance benefits to workers and enable the setting up of Italian State funds for the purpose; and

b. devise a method whereby the Armed Forces may supply the information with a minimum of clerical work and record keeping.

3. The Italian Government has agreed to pay for and to provide social insurance benefits covering :

a. Accidental injury or death (as at present)

b. Illness of worker or of member of his family

c. Unemployment

d. Invalidity and old age

e. Tuberculosis

f. Marriage and births

4. The minimum information required consists of data sufficient to identify the worker, his classification and pay rate, and the dates of his employment, which it is proposed to record and furnish to the worker by means of a "Worker's Social Insurance Card" (copy attached).

5. The following is proposed as the responsibility to be assumed by the Armed Forces:

a. The paying officer or his delegate will be responsible for preparation of a "Worker's Social Insurance Card", Form SI-I, for each worker employed. The cards will be maintained in an appropriate file during the period of employment.

Declassified E.O. 12356 Section 3.3 NND No. 785015

b. The file will be initially constituted to include cards for all workers paid the first pay-period after the effective date of the plan. The date of commencing work, from the standpoint of social insurance coverage, will be considered as being the same as the effective date of the plan and will be so entered on the worker's card, except in the case of such employing units as are able and wish to provide retroactive coverage for their employees by supplying the actual commencing date, where it is verifiable.

c. When employment terminates or is interrupted by illness or other compensible contingency, the card will be completed, certified by the paying officer or his delegate, and will be given to the worker to enable him to establish his social insurance rights. A new card will be prepared, to cover any succeeding period of employment, should he again return to work.

d. When a worker, during his period of employment, wishes to apply for medical care for a member of his family or for a marriage or birth allowance (i.e., a benefit not contingent on his own separation from work), a certification that he is currently employed by the Armed Forces will be given him, at his request, on the "Worker's Employment Status Report", Form SI-2 (copy attached), based on information already contained on the basic social insurance card.

to enable him to establish his social insurance rights. A new card will be prepared, to cover any succeeding period of employment, should he again return to work.

2. When a worker, during his period of employment, wishes to apply for medical care for a member of his family or for a marriage or birth allowance (i.e., a benefit not contingent on his own separation from work), a certification that he is currently employed by the Armed Forces will be given him, at his request, on the 'Worker's Employment Status Report', Form SI-2 (copy attached), based on information already contained on the basic social insurance card.

SUGGESTED FILE MAINTENANCE PROCEDURE
"WORKER'S SOCIAL INSURANCE CARDS"
FORM SS-1

1. The first four lines of card (items 1 to 5) will be filled out when or before worker draws first pay. The length of the pay period (weekly, monthly, bi-weekly or semi-monthly) will be indicated by circling the appropriate word in item 8 or by rubber stamp. The card then goes into <u>active file</u>.

2. Each pay day, cards in the active file will be pulled as workers are paid and a tally will be made on the card by circling the number of the pay period in item 7. If the worker is leaving and is being paid off, the card will be completed and given to him. Otherwise it will be returned to the active file. Cards not pulled will represent workers who walked out on the job or who have otherwise absented themselves since last pay period. These will be date-stamped in space provided in item 6 and will be placed in <u>dead file</u>. If worker later reports and returns to work, card will be replaced in <u>active file</u>. If not, cards whose "failed to work" date-stamp is four weeks old will be destroyed and insurance rights forfeited.

3. Whenever a worker's employment terminates, without some definite understanding as to resumption (such as in case of a temporary shut-down or suspension), or is interrupted by illness or other compensible contingency, his card will be completed and given to him. If he is subsequently re-employed, a new card will be made out.

NOTE: Both items 6 and 7 are simply tally items to simplify maintenance of the file. They may be used in whatever manner and with whatever variations the unit supervisor finds desirable

MEMORANDUM (No.2) 10 May 1944

SUBJECT: Social Insurance Coverage for Civilians Employed Directly by the Armed Forces.

1. The Labour Sub-Committee, under the chairmanship of Lt.Col. [illegible], met 8 May 1944 to discuss in detail the proposal submitted by the Italian Government, at the request of A.C.C., for providing social insurance protection to direct employees of the Armed Forces.

2. It was agreed to recommend approval of the plan in principle so as to clear the way for further discussions with the Italian Government and the working out of a detailed plan of procedure, acceptable to the Armed Forces and practicable from the standpoint of insurance administration.

3. The representative of the Royal Navy, Lt.Grindle, reported that it would be feasible to supply the information proposed by the Italian Government as the minimum required for insurance coverage of direct employees. Both Col.Iler and Col. [illegible] expressed the view, however, that their units would not be able to supply such information. After considerable discussion of the problems involved, it was decided to recommend that the Italian Government be asked to undertake insurance coverage of direct employees of the Armed Forces on the basis of the following:

a. Each worker would be supplied with an Identification Card or Work Permit which he could keep as a basis for establishing his social insurance rights during the period of his employment by the Armed Forces.

b. This card would show:
(1) Name;
(2) Identity Card No.;
(3) Employment classification;
(4) Date of starting work;
(5) Date of terminating work;
(6) Signature and/or stamp of employing unit officer.

c. The various Armed Forces units would undertake to furnish monthly a figure on the total number of civilians employed and the total wages (as a basis for computing average wage). This information would be submitted to A.C.C. for transmittal to the Italian Government for the purpose of calculating a reserve fund to be set up for the insurance coverage.

d. In case of doubt as to a worker's identity or period of employment, a request for verification could be made to the Armed Forces through A.C.C.

Chairman, Electric Power Committee.

2. Recommendations of the Labour and Wages Control Committee on the question of the increase in the food ration to Italian heavy workers, arising out of the proposals made by HQ ACC (Appendix 'A' attached), were considered. The Chairman stated that the Board was concerned with labour employed by or for the Armed Forces and that it was not concerned with labour not employed by or for the Armed Forces. There are two things which are required:-

(a) The Armed Forces require contented, willing and industrious workers.

(b) ACC require a stable economic set up in Italy.

These two requirements may conflict. If they do, the Armed Forces must take priority.

3. ACC stated that their main object was to get uniformity of food and wages of all labour throughout the territory. ACC considered that if the food was issued through normal alimentation channels, it would be consumed by the labourer for whom it is intended.

Recommendations of the Labour and Wages Control Committee on the question of the increase in the food ration to Italian heavy workers, arising out of the proposals made by HQ ACC (Appendix "A" attached), were considered. The Chairman stated that the Board was concerned with labour employed by or for the Armed Forces and that it was not concerned with labour not employed by or for the Armed Forces. There are two things which are required:-

(a) The Armed Forces require contented, willing and industrious workers.

(b) ACC require a stable economic set up in Italy.

3. ACC stated that their main object was to get uniformity of food and wages of all labour throughout the territory. ACC considered that if the food was issued through normal alimentation channels, it would be consumed by the labourer for whom it is intended.

4. The general opinion of the employers of labour for the Armed Forces was that in view of the probability of more labour being required by private industry and of the disadvantages suffered by the employees of the Armed Forces, such as:-

(a) Travelling long distances
(b) Non-entitlement to certain insurance benefits
(c) Uncertainty of continued employment
(d) Working on Sundays and public holidays

some regular inducement must be given to these employees and to provide an incentive to these employees to work for the Allies rather than for civilian employers. The only/

[redacted] real incentive yet [redacted] forward has been the midday meal which it was recommended should be retained.

5. The principle was accepted by the ACC that there should be some differentiation between the ration issued to civilian labour employed by the Allied Armed Forces and that issued to civilian labour not employed by the Armed Forces. ACC agreed that this extra ration should consist of bread and dehydrated soup, which, while it would not be on the present scale of issue for the midday meal, would be of sufficient quantity and quality to ensure the necessary degree of differentiation. ACC would submit their amended proposals and the Labour and Wages Control Committee were instructed to examine these proposals in detail in consultation with representatives of ACC and service employers of labour and submit their recommendations to the Board.

6. The Labour and Wages Control Committee were also instructed to examine the classification of employees having regard to the fact that whereas uniformity was desirable as a principle, some departure from rigid adherence to this principle might be unavoidable for the present. There are three kinds of workers, as follows:-

(a) Those who are employed by the Allied Armed Forces, either

(i) directly,

or (ii) by contractors who in turn are employed 100% by the Armed Forces,

or (iii) by contractors etc. who are employed less than 100% by the Armed Forces, e.g. public utilities.

(b) Those working for the war effort, other than in (a) (i), (ii) and (iii).

(c) Those not working for the war effort.

The case of those workers falling under category (a) (iii) above should receive special consideration by the Labour and Wages Control Committee, and the necessary qualifications, entitling civil labour so employed to benefit by any extra ration, should be determined.

7. The Chairman emphasised that once agreement has been reached, all Armed Forces must respect the conditions and do nothing, save in cases of grave operational necessity, to augment the ration scale from service sources. These proposals should apply also to the Army areas and combat zones and instructions to this effect will be issued through Command channels.

8. The position with regard to the labour situation in Electric Power Companies was considered. A survey is now being made by ACC to determine the comparative position of labour employed by electric power companies with that employed by other industries and utilities. The Board emphasised that both Electric Power and other Public Utility Companies are vital to the Armed Forces. ACC informed the Board that satisfactory steps were being taken to assure a constant supply of contented workers for the Electric Power Companies and that there would be no labour troubles there. Special consideration is being given to the [redacted]

ACC informed the Board that satisfactory steps were being taken to assure a constant supply of contented workers for the Electric Power Companies and that there would be no labour troubles there. Special consideration is being given to those workers who are required to leave their homes to go to forward areas. A report of the survey will be submitted to the Board when it is completed. It was decided that this matter would be left in ACC's hands, but that it was most desirable that great attention be paid to the situation during any advance of the Armies.

9. The functions of the Central Electrical Board are not in doubt; its directions on matters of policy must be conveyed to the Electric Power Companies by an agency which would also see them carried out. ACC were prepared to perform this function through the Public Utilities Sub-Commission and this offer was accepted.

10. The question of providing the small staff of the Central Electrical Board was discussed. As AFHQ had directed ACC to furnish this staff, the Executive Commissioner ACC agreed to look into the matter immediately with a view to meeting the demand.

SUBJECT: Social Insurance for the Direct Employees of the Armed Forces.

TO : Chairman, Labor and Wages Committee

The Labor Sub-Commission, Allied Control Commission, believing that it is in the self interest of the Armed Forces as employers of labor, to adopt an intelligent and well rounded program for labor that is in conformity with sound labor policy proposes that the Armed Forces agree to the principle of extending social insurance to all its direct employees for the following reasons:

1. Value from Standpoint of the Services:

a. This proposal is sound labor policy, in all fairness to the worker, and from the standpoint of any employer.

b. The Armed Forces theoretically have three things to offer direct employees:
(1) Wage;
(2) Food;
(3) Social insurance protection.
The first two elements have been provided; the third remains to be accepted.

c. The addition of this third element places the Armed Forces in a better position that it is now in from the standpoint of:
(1) Recruiting labor;
(2) Holding labor;
(3) Labor contentment on the job.

2. Value from the Standpoint of the Italian Economy:

a. Social insurance, as a basic policy, has long been a part of the national program of the Italian Government. Hence, this proposes nothing new.

b. The impact of the war, on the social insurance structure in Italy, has shaken the existing social insurance system in several ways:
(1) It has placed the system in financial difficulties;
(2) There has been a breakdown in contributions and payments.
This plan will greatly assist the efforts of the A.C.C. to rebuild this important social insurance structure.

12 1558

Declassified E.O. 12356 Section 3.3/NND No. 785015

g. The present Italian system presumes obligatory coverage. Because of this, there is no system existing for taking care of cases of sickness, unemployment, etc. The system is predicated on the idea that social insurance answer these basic human needs for the working population. Local relief machinery, poorly organized and inadequate, exists only for the residue of the non-working pauper population.

3. Value from the Standpoint of Psychological Warfare:

a. If it can be announced that as a basic principle of labor policy we have extended social insurance to all workers in Liberated Italy, it can be presumed that we will be in a strong position in relation to all Italian workers north of the present line, and in relation to all workers throughout Nazi Europe.

4. Value from the Standpoint of the British and American Governments:

a. It is established home policy on the part of our individual governments (British and American) that social insurance shall be extended to all workers in some form or another. This proposal is in harmony with this established policy.

MEMORANDUM

SUBJECT: Social Insurance Coverage for Civilians Employed Directly by the Armed Forces.

1. At the present time Italian civilians employed directly by the Armed Forces are covered by only one type of social insurance, namely, insurance against accidental injury or death while at work. No premiums are paid by the Armed Forces. Instead, accidents are reported to the National Accident Insurance Institute (Istituto Nazionale Infortuni) and actual costs of the medical service and indemnities provided by law are met by the Italian Government. Adoption of this plan was based primarily upon:

a. Recognition of the urgent need for accident insurance, and

b. The position of the Armed Forces that they could not undertake any payments other than for wages and salaries in connection with their direct employment of labor.

It was felt that costs involved, in any event, were properly a subject for consideration in relation to final financial settlements between the Italian and Allied Governments.

2. Although wages paid by the Armed Forces have been set at a level sufficiently above those in private industry to more than compensate, in most cases, for the lack of family allowances and wage indemnities, Armed Forces employees, nevertheless, suffer the disadvantage of being without protection against such hazards as illness and unemployment, which may occur at any time, and they likewise lose out in the accumulation of insurance credits for invalidity, old-age pensions and other benefits. Considered both from the standpoint of sound operation of the Italian insurance system, which is predicated upon universal, obligatory coverage, and from the standpoint of the objectives motivating the Armed Forces' labor policies, the desirability of extending existing coverages for direct employees has been evident for some time. Accordingly, the A.C.C. asked the Italian Government to draft a proposal which would meet the problem and involve the least possible bookkeeping for the Armed Forces.

3. The Ministry of Industry, Commerce and Labor, in agreement with the Finance Ministry, has submitted a plan entailing the following features:

a. Social Insurance covering:
   (1) Accidental injury or death -- as now provided;
   (2) Occupational disease;
   (3) Illness of worker or family members;
   (4) Invalidity and old age;
   (5) Unemployment;
   (6) Tuberculosis;
   (7) Marriage and births.

1556

Declassified E.O. 12356 Section 3.3 NND No. 785015

b. Armed Forces units employing civilian labor would be called upon to furnish only the following minimum data monthly for each worker:

(1) Name in full;
(2) Surname of residence (street address not needed);
(3) Social insurance card number;
(4) Days worked during month;
(5) Total pay received during month;
(6) Location of employment -- commune and province.

2. The Italian Government will pay both employer's and worker's contributions and credit them to the worker's accounts with the National Insurance Institutes administering these coverages.

4. The above plan includes all of the true social insurance provisions (as distinguished from wage subsidy, family allowance and military benefit schemes) available to privately employed Italian workers. The programs left out are of such a nature, with the possible exception of military benefits, that their omission cannot be said to work to the disadvantage of employees paid at Armed Forces wage rates. Since the military benefit provision involves payment of a portion of salary by the employer to the dependents of men called to the colors, it could not be considered in any case. The plan should be readily understandable to all workers; it places maximum responsibility, both financial and administrative, on the Italian governmental authorities; and the information which the Armed Forces would need to furnish appears to be the minimum.

5. If the plan is approved, it should be possible to make it effective on a current basis for the month of May, 1944. The Ministry asks that information, as specified, be supplied also for the months, November, 1943 to April, 1944, so that insurance premiums may be credited accordingly. The feasibility of complying with this request will, presumably, have to be examined separately.

DEFINITIONS

(To be used with "Chart of Wage Payments and Social Security Contributions Applicable to Private Contractors Serving Armed Forces")

REGULAR BASE WAGE - Refers to worker's regular, basic remuneration for his work, including pay for "overtime" which is of a regular and recurring character. Excludes Presence Indemnity and Family Allowance payments. All social security contributions required of workers and/or employers are calculated solely on the Regular Base Wage earned by the worker. Therefore, a Regular Base Wage rate must be determined for each class of workers and be stipulated in the employer's contract with the Armed Forces. Method of determination follows:

(a) Regular Base Wage is the legal collective contract rate which was in force in September 1942, increased in accordance with the Regional Wage Increase Order to the maximum permitted in that order for private employment. In Naples city, the amount of this increase which may be added to the collective contract rate is computed by applying specified percentages to the sum of contract wage plus Presence Indemnity; elsewhere, by applying specified percentages to the contract wage only. Examples:

Naples		Elsewhere	
Contract wage	L. 20	Contract wage	L. 20
Presence Indemnity	" 10		
	L. 30	(70% of 20 = 14)	
(70% of 30 = 21			
Regular Base Wage = 41		Regular Base Wage = 34	

(b) If a legal collective contract rate applicable to a particular class of workers is lacking, the employer may propose and, if approved by the Armed Forces, may use a Regular Base Wage rate which is deemed comparable to the Regular Base Wage for similar work as determined in (a), above. However, such a proposed rate shall in no circumstances exceed an amount equal to the Armed Forces Maximum Wage minus Presence Indemnity and a Family Allowance for a wife and 5 children. (Family Allowance for a wife and 5 children is L.24,40 per day for married and L.28,20 per day for bachelors.)

OVERTIME PAY - Refers to pay for unusual, irregular and occasional overtime work, not covered by regular provisions. So-called "overtime" pay which is of a regular and recurring character, arising out of normal arrangements governing shifts, hours and days of work, is considered part of Regular Base Wage, as defined above.

1553

Declassified E.O. 12356 Section 3.3 NND No. 785015

...ENDANCE INDEMNITY - This is paid in addition to the worker's Regular Base Wage. It accounts to 10 Lire per day for male general in metropolitan Naples only, and 15 Lire per day for male laborers elsewhere. 6 and 8 Lire per day, respectively. (Note that the Presence Indemnity itself was not increased by any Regional Wage Increase Order, although in Naples it is used as part of the base to which percentages are applied in calculating the amount of increase which may be added to the Collective Contract Wage. See example in definition of Regular Base Wage.)

...KER'S SOCIAL SECURITY CONTRIBUTIONS - These are deducted from the worker's pay by the employer, who is responsible for seeing that both his own and the worker's contributions are properly accredited (through stamp purchases, direct payment, or otherwise).
The worker's Social Security Contributions are:

1. For Social Insurance - L. 9.10 per week per worker on Regular Base Wage earnings of L. 156 weekly and up.

2. For Labor Insurance - 2.5% of Regular Base Wage in Naples Province; up to 2.55 maximum elsewhere.

...PLEMENTARY INDEMNITY - This is a special indemnity designed solely for the purpose of equalizing the cash income of workers employed by contractors serving the Armed Forces with the cash income of workers employed directly by the Armed Forces. It may be paid only to workers of contractors serving the Armed Forces and shall be paid only as follows:

(a) If the sum of the worker's Regular Base Wage plus Presence Indemnity plus Family Allowance, less his social security contributions as defined above, is less than the Armed Forces Maximum Wage, he is eligible for a Supplementary Indemnity.

(b) The Supplementary Indemnity paid to an eligible worker shall be the difference between (1) the sum of his Regular Base Wage plus Presence Indemnity plus Family Allowance, less his social security contributions, and (2) the Armed Forces Maximum Wage.

Example:

Regular Base Wage	L. 41.00	Maximum Armed Forces Wage - 75.00
Presence Indemnity	10.00	
Family Allowance	11.50	
Gross Total.....	62.50	
Less Worker's Social Security Contribution	2.46	
Net Total.....	60.04	
Supplementary Indemnity	14.96

PLAN OF CONTRIBUTIONS FOR BENEFITS
TO BE PAID BY THE ALLIED MILITARY AUTHORITIES
FOR THE ITALIAN WORKERS EMPLOYED BY THEM

(A/ Plan submitted by the Italian Minister of Industry, Commerce and Labor to the Labor Sub-Commission, Allied Control Commission, 27 January, 1944)

In the belief that the Allied Military Authorities do not wish to deprive the Italian workers employed by them of the various insurance benefits which the Italian workers normally enjoy, a plan of payment of these benefits has been studied, in which, while on one hand the benefits which are not in harmony with the special type of job relationship between the Italian workers and the Allied Military authorities are eliminated, on the other hand contributions and methods of payment have been simplified so as to cause least possible annoyance to these authorities.

To achieve better understanding of this plan it is considered useful to submit first a comprehensive picture of the <u>principal</u> social benefits, which are at present in force in Italy and the contributions which employer and employees are compelled to pay for same.

	Employer	Employee	Total
<u>Insurance contributions</u>			
a) Compulsory insurance for Disability, old age, and survivors	13.60L	6.70L.	20.40L.
b) Compulsory unemployment insurance	0.90	0.90	1.80
c) Compulsory anti-tubercular insurance	0.75	0.70	1.45
d) Compulsory hirt insurance	0.70	0.65	1.35
e) Compulsory insurance against occupational hazards	9%		9%
f) Sickness Insurance	2.50%	2.50%	5%
g) Family benefits	20%		20%

Among these, those listed from a to f are true and proper social benefits of an insurance character; the one listed under g more than merely true and proper social benefit may be considered a true component of salaries.

The first four a,b,c, & d are paid according to fixed rates depending on weekly salary classification up to a maximum of 100 lire per week. As following recent salary increases all categories of workers now exceed this weekly salary limit. We have indicated in the table as contribution the weekly quota corresponding to this limit.

No. 1551

Declassified E.O. 12356 Section 3.3 NND No. 785015

For the other three categories indicated, the contribution being established on a percentage basis of the actually received salary, we have limited ourselves to indicate the rate of this percentage.

The benefits indicated in a,b,c,d, & g are under the supervision of the National Institute for Social Benefits. The first four are paid through affixing weekly stamps in an appropriate booklet, with which each worker must be provided. The family benefits on the other hand are paid directly by the employer to the workers having determinate through a salary supplement based on an appropriate proportionate list for family benefits and the balance by the Institute for Social Benefits up to a limit of 20% of wages for these. Moreover the employer must submit periodically to the Institution together with the contribution of total amounts of wages paid, a roster of workers with an indicate and a certificate showing conclusively the composition of same. The benefit indicated by letter (e) is under the supervision of the National Institute for Labor Accident Insurance, and is paid by the employer through direct payment to the Institute and roster of employees for whom payment is made. The benefit indicated in letter f is managed by the Sickness Insurance Fund and is paid directly to same by a similar process as for accident insurance. All contributions, both those respecting to employer, as to employee, are paid by the latter, the latter the part payable by the worker through a salary deduction.

To facilitate payment of these contributions by the Allied Military Authorities it is deemed necessary:

I) to simplify the picture of the various contributions, combining all in a percentage of salary.

B) Combine payments in a lump sum to be paid by the institution only, which will be charged with the distribution of this sum among the various benefits, making the respective payments to the various Institutions concerned;

C) Simplify the manner of payment so as to be reduced to a compilation and presentation upon payment of contributions of one sole roster of employees, containing the various facts required to single out the insurance position of each.

D) Separate from the benefits proper the handling of family benefits which would entail difficulties of payment and for which a different solution must be found other than for other types of insurance.

Amount of insurance contributions to be paid by the Allied Military Authorities.

As regards combining of the insurance contributions, we have proposed in the first place to reduce to salary percentage quotas the contributions, normally paid on the basis of fixed quotas. Such reduction has been made, by the raising the present minimum rate to a salary of 360 lire weekly (60 per day) which we believe represents the average of salaries at present paid by the Allied Military Authorities.

Following are given the results of this reduction:

SUBJECT : Status Report on Social Insurance for Civilian Employees of the Allied Military Forces.

1. Present Status:

Employees of A.M.F. (Allied Military Forces) are covered for only one type of social insurance:

Workmens Compensation (or accident-sickness coverage in Informal Sul Lavoro). This coverage apparently dates from A. M. Circular 297 of the North African Theater of Operations, dated 8 December 1943 and from a similar release to British General Service Troops.

Employees of Italian civilian contractors working with A.M.F. are presumably covered under Italian law for all types of social insurance available to similar persons under privately civilian contracts. Contractors, therefore, do not A.M.F., are responsible.

2. History:

Informal coverage was arranged in Nov. 1943 between the Allied Liaison Commission (Lt Col Weston) and the Italian Ministry of Finance. The basis of the agreement was the armistice requirement for the Italian Government to furnish services to Allied Military Forces. The procedure was identical with that for employees of the Italian State, i.e. no advance premiums or contributions are made, but the Istituto di Infortuni renders a post-statement of actual expenses plus an administrative charge for each case handled.

As regards other types of coverage - the following negotiations have been carried on between the Italian Government and the Liaison Officer for the Labor Sub Commission:

A In Nov 1943, request made to Italian Ministry of Industry, Commerce and Labor for a comprehensive plan and a simplified system for social coverages.

b In May 1943, a plan submitted but not acceptable because it required excessive payment (45.50% of total wages, plus 25 lire per worker per week).

c A new request made after the appointment of a new Minister of Industry, Commerce and Labor, but submission of plan delayed.

d On January 27, a new plan was submitted by Labor Ministry, providing payment by AMF of 20.90% of wages and furnishing lists of workers to Providenza, (see copy attached)

e February. Action delayed because of theory on which Informazioni contributions or reimbursements were being made under agreement of Allied Claims Commission.

f After clearance with Finance Sub Commission ACC, and Ministry of Finance, a request was made to Ministry of Labor to submit a new proposal, made jointly by the Italian Ministers of Labor and of Finance and containing the following provisions.

(1) Procedure for filing by A M F of minimum necessary details for accrediting workers' accounts.

(2) Brief summary of benefits for which workers will be eligible and procedure for obtaining such benefits.

(3) Provision for payment by the Italian Government of all necessary funds to the Security Agencies concerned, with no payment by A M F or deductions from workers wages, the final settlement of financial debits and credits to be made later when similar financial questions are settled between the Italian Government and the Allied Forces.

3. Problems:

The policy and procedure now being followed raises the following questions:

a Are all workers of A M F covered, or as Minister Jung points out, only those classifications mentioned specifically in the Armistice terms?

b What is the status of claims arising from injuries incurred prior to publication of Circular 237 of 9 Dec 1943?

c Is it made clear to contractors with A M F that they are responsible for contributions and reports under Italian laws for Social Insurance?

d Who is responsible for supervision of the agency and the procedures involved? Allied Claims Commission or Labor Sub Commission? Italian Ministry of Finance or Italian Ministry of Labor?

e If the theory of 'state employees' is correct for Infortuni, should it not be applied also to the benefits under the Cassa Mutua Malattia and Istituto Nazionale di Previdenza?

f What method of accounting is necessary for the amounts paid by the Italian State to the credits of workers employed by the A M Fy

MEMORANDUM FOR THE FILES

SUBJECT: Social Security for Civilians employed by the Allies

In response to a request from Col. Bain, Labor Sub-Commission, I attended a meeting in Col. Bain's office this morning to discuss proposals for providing civilian employees of the Allied Armies with social security protection.

The meeting was informed that the failure of the Allies to give social security protection to their civilian employees threatens to create labor difficulties and interfere with recruiting. In addition it was beginning to be used as a propaganda weapon against us.

I indicated that there were three serious difficulties in the path of providing social security coverage to the workers in question:

1. In view of our concept of tax immunity, the Allies could take no part in a program which involves their contributing to a social insurance fund in a capacity as employers or which involves their withholding from workers part of the wage for social security contributions;

2. The Armies could not assume the administrative burdens involved in compliance with the social security system; and

3. For security reasons, records of employment could not be made available to civilian agencies so long as hostilities continue.

I indicated further that objection No. 1 could be met by a system whereby the contributions would in fact be made by the Italian government; this, however, would involve our supplying the Italian government with employment records which would run up against objections 2 and 3.

The Finance Sub-Commission was concerned only with objection No. 1. Objections Nos. 2 and 3 are primarily the concern of the Armies.

The meeting was in agreement that the Armies would not be responsive to suggestions from ACC and it was decided to leave the matter in abeyance until such a time as the Armies approach the Labor Sub-Commission on ways and means for handling labor difficulties which are likely to arise as a result of our failure to provide social security coverage to our civilian employees. In the meanwhile Labor will continue work on the details of its plan.

Ecker-Race.

SUBJECT: Extension of 'Malattie' and 'Previdenza' Benefits to Civilian Employees of the Armed Forces.

TO : Lt. Col. J. R. Smith, Director, Labor Sub-Commission

1. Conditions:

a. Civilians working for the Armed Forces through a labor contractor are covered by the contractor for 'Malattie' and 'Previdenza'.

b. Civilians working directly for the Armed Forces are paid a flat rate and not covered.

c. Between 90-95% of all civilians working for the Armed Forces fall into Class (b) (not covered).

2. The above situation works a hardship not only upon the worker and the insurance companies, but also upon the workable relation of the whole Social Security System. It gives the worker covered a fixed wage less deductions for Security, while the worker not covered gets the fixed wage with no deduction and also no Security. Their purchasing power is unequal while employed, and more unequal when unemployed. It seems obvious that if we stabilize an adequate standard of living, and create a workable insurance scheme, we will need as a primary principle -- equality, if not for all, at least a great part of wage earners. As the condition now stands we have created inequality between two large groups of workers.

3. From the point of view of Labor Relations, the morale of the worker, and the efficiency of the government administration, this breach should be closed immediately. To do so will provide for the equalizing of wages. It will grant Security to all workers engaged by the Armed Forces. It will stabilize the insurance system. It will remove doubt and fear from the minds of many Italians as to what is going to happen to their Social Security System.

4. This proposal may be done in one of three ways:

a. A monthly 'lump sum' paid for by the American and British Governments.

b. A 'lump sum' charged to the Italian Government.

c. Have all workers covered, as 'contract laborers' are now covered, with deductions made from their daily wage. Personally I prefer the last (c) proposal. It gives the worker an opportunity to make his own contribution. He knows what he is contributing, and [illegible] will take

out. It stays a 'pension' and not 'state aid'. This system will require more bookkeeping, but it will not be as expensive. It will also give employment to many trained 'white colored' workers. It is the system operating in the United States and Great Britain, and I should add has been operating in Italy since 1919. An additional argument for proposal (c) is that sooner or later the Armed Forces will 'pull out' of Italy, so if we establish a uniform labor policy now, with uniform benefits, we eliminate the possibility of chaos in the labor field later. Such a step would be progressive rather than reactionary. And finally a 'Labor Supply Office' maintained by the Italians would cost less than the clerical help maintained by the Armed Forces.
