SUBJECT:- WAGES. (Millers and Pasta Workers)

TO :- H.Q. Amgot. Labor Division.

1. Reference your communication dated 11th October, 1943 I submit herewith a table of the wages situation of the millers and pasta workers, showing previous state of wages and increase.

2. This increase was considered necessary owing to the low wages paid and that the fact that most foods are only obtainable through the black market and therefore the increase has been authorised by me.

3. The fact that Proclamation No. 8 was not complied with is explained by my food administrator as having been overlooked, also that a very strong case was presented by the Prefect, Miller and Pasta Manufacturers.
