SUBJECT : Control of Printing Paper and Newsprint

TO : All Concerned

1. Reference circular letter of this Sub-Commission, AOC/5300/Commerce of 25 October 1944 entitled "Freezing and Releasing of Controlled Materials, Availability Reports".

2. Printing Paper and newsprint were included in the list of materials formerly controlled by AFIRS and by the terms of the a/m. directive, turned over to the control of the Italian Government in liberated Italy.

3. Newsprint and printing paper were and remain under the control of the Allied Publications Board (APB). At present negotiations are pending between APB and the Italian Authorities with a view to handing over the control of these materials in liberated Italy to a competent Italian Agency. A decision in this matter is expected in the near future.

4. However, until the time arrives when the new system is put into operation, the freezing and releasing of printing paper and newsprint rests as heretofore within the jurisdiction of APB, and these materials are not subject in any way to the terms of the a/m. directive.

Date 29 October 1944

SUBJECT: Suspected Civil Disturbances at the Paper Mills, Foggia.

TO : The Director, Public Safety Sub-Commission, HQ. ACC.

1. Reference your signal No. 4938 of 17th October 1944, informing this HQ. that the Italian Ministry of the Interior had reported that it was feared there would be disorders by the employees of the Foggia Paper Mills.

2. Immediately upon receipt, the message was repeated to the Zone Commissioner, Foggia Zone, this Region, for his information and investigation.

3. The necessary action has been taken by Lieut.Col. H.N. Bright, the Zone Commissioner, personally and attached hereto is his report upon the situation. By reference thereto it will be seen the principle grievance of the workers is that the promises of the Government to increase the rations and wages have not been fulfilled; nevertheless, the Zone Commissioner is satisfied there will be no strikes or disturbances at this establishment.

4. In submitting this correspondence, I would like to take the opportunity, in the interest of public safety in this Region, of drawing the attention of Labour Sub-Commission to paragraph 6 of the attached report.

For the Regional Commissioner:

S. SECT:- FOGGIA Paper Factory.
 TO:- HQ ACC SOUTHERN REGION.
 FROM:- A.C.C. FOGGIA ZONE.

Reference your Telegram No. SR/390 dated 17 Oct 44, and my reply No. FP/3 dated 19 Oct 44.

1. I have had two Meetings on 19th and 20th Oct with the Administration of the Factory, and one with workers' leader.

2. At the Meetings with the Administration, the following were present:-

Lt.Col. H.M. Bright, Zone Commissioner, ACC, FOGGIA ZONE
 Avv. RUC, Prov. Office of Labour, FOGGIA.
 Ragg. MENGONE, Inspector Personnel, Polygraphic, ROME.
 Dott. ZUMPETTA, Inspector Administration, Polygraphic, ROME.

3. The Meeting with the workers' leader was attended by :-

Lt.Col. H.M. Bright, Zone Commissioner, ACC, FOGGIA ZONE.
 Avv. RUC, Prov. Office of Labour, FOGGIA.
 The Sindaco of FOGGIA, Advisory.
 Eng. MATTEA, Workers' Leader.

4. The result of the Meetings is that there will be no strikes and no disorders, but without making any promises, I decided, in the interests of the ACC, Commerce Sub-Commission, to investigate the grievances of the workers, which are as follows :-

(a) Unsympathetic treatment by EUGARDIO MONIGLIANO, Head of the Polygraphic, when he interviewed a Deputation of workers in ROME. He is alleged to have remarked after a three-hour Meeting that he would have the factory and plant taken to pieces and removed, - and would plant potatoes on the site. Dott. ZUMPETTA admitted that this remark might have been made after the long meeting.

In view of the work done by many of the workers in the initial stages of reconstructing the factory, great exception was taken to this remark.

On the 12th Oct, MONIGLIANO telegraphed to the Director requesting that the workers be informed that there was no intention of removing the factory.

Remarks:-

If the remark was made by MONIGLIANO, which I am inclined to think is correct, it would appear to have been tactless, to say the least of it, and suitable action should be taken to prevent a recurrence.

4. The result of the Meetings is that there will be no strikes and no disorders, but without making any promises, I decided, in the interests of the ACC, Commerce Sub-Commission, to investigate the grievances of the workers, which are as follows :-

(a) Unsympathetic treatment by EUGENIO MONIGLIANO, Head of the polygraphio, when he interviewed a Deputation of workers in POME. He is alleged to have remarked after a three-hour Meeting that he would have the factory and plant taken to pieces and removed, - and would plant potatoes on the site.

Dott. ZUMPETTA admitted that this remark might have been made after the long meeting. In view of the work done by many of the workers in the initial stages of reconstructing the factory, great exception was taken to this remark.

On the 12th Oct, MONIGLIANO telegraphed to the Director requesting that the workers be informed that there was no intention of removing the factory.

Remarks:-
 If the remark was made by MONIGLIANO, which I am inclined to think is correct, it would appear to have been tactless, to say the least of it, and suitable action should be taken to prevent a recurrence.

(b) Complaints made against various members of the Administration were sent to the individuals.

Remarks:-
 This was done to enable the individuals to reply to the complaints, and seems the proper procedure on the part of the polygraphio, provided the complaints were otherwise investigated.

(c) Supplementary rations were asked for in view of the nature of their heavy work. When the

Until June, workers drew Supplementary rations.

/Continued -

Facto production went to the Polyg. phio instead of directly to the Allies, the ration ceased.

As, however, I understand that the Paper Factory in ROME is now supplying the Allied direct and that, because of this arrangement, the paper from the FOGGIA Factory is required by the Polygraphio, and whereas the workers in the ROME Factory receive a Supplementary ration, there appears to be a good reason for allowing the FOGGIA Factory workers a Supplementary Ration according to the nature of their work.

- (d) An increase of pay was asked for in view of an alleged promise by the Administration. This promise was made on the expectation of the Indennità di Carovita being applicable to all workers in this Province. The workers believe that this "Subsidy" is already operating in ROME and cannot understand the Italian Government's delay in authorizing its application in this Province.

Remarks:-

When this Factory was originally reconstructed and put into operation by Colonel TEMPERLEY, a tariff of wages was set up for the workers according to their grades and was generally recognised not only to be a good wage, but perhaps higher than could have been expected under purely Italian Administration.

I am not, therefore, of opinion that there should be a general rise in the wages scale, but strongly urge that the Decree for the Indennità di Carovita should be made applicable to those workers as to all others in the Province. In my opinion, great harm is being done, and discontent fostered amongst all classes of workers by the delay of the Italian Government in making this Decree operative throughout Liberated ITALY.

- (e) The distance from the Paper Works to the workers' homes in FOGGIA 2 - 3 k.m. was given as a reason for the request for transport to and from their work, particularly in view of alleged assaults by soldiers on dark nights, and of the coming winter. Before the Allied occupation a bus was run to and from the Factory but the Germans took the bus when they were evicted.

Remarks:-

The request seems reasonable and I have given directions for the Truck Pool to supply one lorry on payment. The Directors are in sympathy with this.

- (f) The workers object to six people of the Administration.

Remarks:-

Not discussed, as I told NATOLA that whereas it was possible to investigate conditions of the workers, I was not prepared to discuss the Administration of the Factory with him. If possible, I would suggest that an Engineer from the A.C.C. be sent to investigate conditions of work.

Remarks:-

Not discussed, as I told NATULA that whereas it was possible to investigate conditions of the workers, I was not prepared to discuss the Administration of the Factory with him. If possible, I would suggest that an Engineer from the A.C.C. Commerce Sub-Commission might investigate conditions of work and pay for the various grades, with the Factory Director and Inspectors of the Polygraphio now attached to the Factory.

- (g) The two Inspectors from ROME Polygraphio do not seem popular with the workers, chiefly on account of the extra pay they draw by reason of their present duties.

A short Strike of a few hours took place when MENGONE, one of the Inspectors, dismissed a worker. The workers returned to work when MENGONE reversed his decision and reinstated the worker.

/ Continued.

I wish to emphasise that I have promised nothing; that I have told the labour leader NATOLI that it is his business not only to bring reasonable requests to the notice of his Directors, but to use his influence amongst the workers to prevent discontent and Strikes. I further told him that any disorder could not be tolerated. He assured me that he would co-operate in every way, and use his influence in the way I had suggested.

6. Under these conditions I would like to be assured that favourable consideration should be given to the suggestions contained in my remarks on the workers' grievances.

Colonel Smith:

1. Lt. Col. Archibald (Br) of Region IV, was here at 1400 hours with 3 Italian paper manufacturers. He said he had an appointment with you relative to wages in the industry.

2. In view of your being tied up at A.A.I., I volunteered to discuss the matter and to take it up with you as soon as possible.

3. It appears that the Cartiere Meridionale at Isola del Liri and two other firms in Frosinone Province, namely, Cartiere di Ceprano e di Atina and Cartiere Emilio Baimond are about ready to resume manufacture. The management feels that the wages are too low to permit resumption without some adjustment. They state:

- a. The collective contract is four years old;
- b. The only increases have been the payment of Indennita' di Presenza, and the 30% general increase of 1 December, 1943, decreed by the Fascist Government;
- c. Wage rates under the contract were established for each province and are alike for all firms in Frosinone, but differ from rates in Rome.

4. At my request, the manufacturers' representatives will submit to Labor Sub-Commission tomorrow afternoon copies of Frosinone and Rome contracts and a memorandum on the adjustments previously made. They leave town Thursday and would like to confer with you and Lt. Col. Archibald Wednesday, 5 July, regarding wage and other conditions which will have to apply.

5. Lt. Col. Archibald will phone here to leave his phone number for you to call regarding convenient time for meeting.

APPENDIX B.BRITISH MILITARY ADMINISTRATION.
(Tripolitania)EXTRACTS FROM INSTRUCTIONS FOR DEALING WITH DOCUMENTS AND
CORRESPONDENCE IN MILITARY OFFICES.

15. No unpublished official document of any description may be given or shown to anyone not serving in a military office, except on the authority of the General or other officer in charge of Administration. This rule applies also to papers or information which it is intended to publish, but which have not been actually issued.

16. No premature or unauthorised communication of information to which access is obtained in the course of official duties will be made to any newspaper or person whether the information is secret or not, is an offence under the Official Secrets Act, and will be treated accordingly.

17. The communication against which these cautions are directed are not confined to matter still under discussion, but include also the unauthorised disclosure of matter, finally decided on, but concerning which the matter and the time of publication may be not less important than the matter itself. In all these cases, the publication, without authority, of official information constitutes the offence; the danger to which all Governments are equally exposed cannot be adequately guarded against if distinctions are allowed to be drawn between one kind of unauthorised publication and another.

20. Attention is drawn to Section 2, subsection (c) of the Official Secrets Act of 1911, as amended by the Act of 1920. Under this subsection carelessness or injudicious conduct endangering the safety of (without necessarily losing) a secret document, information or article (which latter includes a key or other instrument affording means of access to secret information) is a statutory misdemeanour punishable by up to two years' imprisonment with hard labour.

It will be noted that this subsection applies equally to indiscreet conversation, correspondence or communications, within or without the office, in connection with official secrets, and the regulations relating to the treatment of secret and confidential information and documents contained in this instruction for dealing with documents and correspondence in military offices will be scrupulously observed by all members of the staff.

21. All employees in military offices will bring to notice in the proper quarter any incident, wherever arising, which they have good reason to believe may indicate a breach of fidelity or discretion, or be prejudicial to the security of the Army. Delinquencies or circumstances which may have any connection, however remote, with the security of the naval, military or air forces especially when a breach of the Official Secrets Act is suspected, if appearing to require elucidation or investigation of an expert nature, will be referred without delay to the Head of the branch in which the employee is serving.
