It is requested that the a/n OR, at present attached to Communications Sub-Commission, A.C.C., be posted to a vacancy within the W.E.

Sigmn. MASON' is well fitted for this particular unit and is recommended for promotion. There are surplus draughtsmen in the theatre so that his presence with a fwd unit is not an urgent necessity in spite of his age and medical category.

To: Chief Signal Officer, A.F.H.Q.

950460 Sigmn. Mason, R., D/Mcn Class II, R. Signals.

1. The above-mentioned man has been with this Sub-Commission since September, 1943, and came from GHTD, Phillipville.

2. There is a vacancy on this establishment (WS.MA/266/1) for a D/man R. Signals, and application was accordingly made to GHQ 2nd Echelon for Sigman Mason to be posted here. A reply was received to the effect that in view of his age (25) and medical category (A.1) authority could not be granted, and a low medical category replacement would be posted at the earliest opportunity.

3. I recommended Mason for promotion to L/Cpl. as he is a very good draughtsman, besides doing clerical work and supervising the office in the absence of the Chief Clerk.

4. It should be appreciated that the majority of clerks are Italian civilians (6) and therefore the few Allied personnel (2 British and one American) form the backbone of the office organisation.

5. The recommendation to L/Cpl. was approved by G-1 (British), the establishments branch of this Commission, but the promotion could not be effected owing to authority for posting not being received.

6. As five months have now passed and a replacement has failed to appear, I should be very grateful if you could do anything to have Mason posted here, which would fully justify the excellent work he is doing and subsequent promotion to L/Cpl.
