88. POSTAL REGULATIONS AND FACILITIES - CMF.
G.R.O. No.1203, dated 30 Nov 45 is published for information of all concerned:-

1. Particulars of the Postal facilities available at British APOs in this theatre and of the regulations governing their use are contained in Appendix "A" to this GRO. Copies of this Appendix have been posted on the Notice Boards in the Albergo Ginevra and Urbe for information of all ORs.

2. The attention of all troops is directed to paras 36 to 39 of the pamphlet which lay down the correct procedure for declaring the contents of parcels. Recent examination by the Customs Authorities of parcels arriving in UK from the Forces, has disclosed an increasing number of attempts to evade Customs Duty and Purchase Tax. In such cases the Customs have the power to impound the parcels concerned and the contents become the property of the Crown.

3. The general standard of packing of parcels, particularly those containing fruit, still leaves much to be desired. The regulations in this connection are detailed in paras 30 & 39 of the pamphlet. It is essential that these regulations be complied with in every respect if the facility of sending fruit parcels through the post is not to be withdrawn.

89. ELECTRICITY SUPPLY.
The following load instruction on this subject is published for information.

1. The supply of Electricity in Central and Southern Italy has now become critical on account of the past dry summer and present dry winter season in consequence of which reservoirs now hold sufficient to produce electrical energy for a matter of days only.

2. Drastic measures are being taken affecting the civilian and military population alike. All units are therefore warned to take emergency measures forthwith, as the supply of electricity will be cut off for periods daily. Such periods of interruption together with Zones will be announced in the Press.

3. This command is insisting on an uninterrupted 24 hrs. service only to the Military Hospitals and Cold Storage Installations totalling 5 in all and it is emphasized that any applications for preferential service outside the foregoing will not be supported.

4. The strictest economy will continue to be enforced in all units by Commanding Officers.

90. DISCIPLINE - MEDICAL.
Any OR of this Headquarters with the initial letter of their Surname: L, M or N and requiring inoculations and/or vaccinations, will report to the M.I. Room, HQ., Bldg., at 1000 hrs, THURSDAY: 24 Jan 46.

The following local instruction on this subject is published for information.

91. CAPTURED ENEMY WEAPONS AND AMMUNITION.

1. Information has been received that considerable quantities of captured enemy weapons and ammunition are still being imported into UK by troops returning, either on leave or release.

2. This presents a serious problem to the UK authorities, particularly in the light of the recent "crime wave" in the UK, as the man power situation does not permit the holding of really effective control at the ports.

3. DGO No. 1357 dated 16 Sept. 45, which lays down the orders in force on this subject is repeated for information and strict compliance:-

"In view of reports that a number of pistols and other weapons are seeping into the hands of individual Allied Soldiers and are being sold or bartered to civilians, attention is drawn to AOI 1501/45, which expressly states that captured and surrendered material of whatever nature is the property of H.M. Government.
