action:

"(a) A special responsibility will devolve upon the Liaison Officer in BOLZANO Province by virtue of the existence, in that Province, of two ethnic groups with different viewpoints.

(b) In the normal course of his duties he will visit and talk with representatives of all parties; but it will not be desirable for him to receive formally either petitions, letters or delegations. Such communications should be referred either to local or Central Italian Governmental Authorities. He will explain to applicants that he is an observer only, and will invariably maintain an attitude of strict impartiality in his own speech and approach to the problem.

(c) He will on no account commit himself to any expression of opinion on behalf of the Commission or of the Allied Powers. He will endeavour, by example and demeanour, to encourage mutual understanding and tolerance between the two groups.

(d) It will be his duty to give early information to Headquarters, Allied Commission, of any circumstances which appear likely to cause a worsening of local feeling. In such cases, it would be proper for him to recommend to Headquarters, Allied Commission, the steps necessary in his judgement to prevent such a deterioration of the local position.

(e) The intervention of Italian troops in any ethnic dispute would obviously be an event likely to have serious repercussions. Liaison Officers will be scrupulously careful not to commit themselves to any action which might imply either acquiescence or disapproval of such intervention. They will however immediately report such matters to Headquarters, Allied Commission.

(f) They will at all times keep an Allied Commander informed of the course of events. Should Allied lives or property appear to be endangered, they will advise the Allied Commander accordingly repeating the information to this Headquarters."
