1. Reference is made to your letter of June 13, 1946 informing us that R.C.A. and Cable and Wireless Ltd. refuse traffic to Japan.

2. As pointed out to the Administration on previous occasions all arrangements at the distant end of any radio link must be made by the administrations.

3. Authority given by us covers the operation at the Italian end only and if the distant end will not accept traffic it is necessary for the Italian Administration to await the time when they have the agreement of the Administrations at the other end.

SUBJECT: Telephone calls from Germany via Switzerland.

TO : Under-Secretary of State for PP. & TT. / 811 253

1. With reference to your letter n°. 1736426/276 Spec. of 27 May, Major Holland was asked by this HQ to make further investigations in Milano to find what calls were being passed from Germany. This service is not of course allowed.

2. He has been unable to find any trace of such calls being made or even having been made in the past.

3. The matter is important however and it would be very helpful if you would supply the following information.

(a) From what source at Milano was the previous information obtained?

(b) On what dates were the calls made?

(c) From what towns in Germany were the calls made?

(d) If (c) is not known, how did the operators know that the calls originated in Germany?

(e) Are such calls still being made?

(f) Were they calls to Allied military organisations in Italy or to civilian subscribers? 2600

Retour 3577. No telephone CCT or telegraph CCT to PRAGUE see my signal VG 612 of 30 April. Position now is that toll CCT order issued in VIENNA to extend telegraph CCT to PRAGUE this completes CCT arrangements and now awaiting PRAGUE PPTT to answer my request re traffic conditions. PRAGUE telephone CCT was ~~awaiting~~ awaiting decision of inter Allied Commission. According to OGDEN in VIENNA whom I spoke 2 days ago the circuit is allowed but Czech admin not keen for wither telephone or telegraph reason because the ROME CIRCUIT will suffice for time being. Am awaiting answer from PRAGUE on telegraph traffic then intend speaking about telephone CCT which is OK to VIENNA

Subject: Telephone conversations arriving from Germany and from Spain via Switzerland

Following the request of the Swiss telephone offices have been stated telephone communications leaving from Germany and arriving to Italy and leaving from Spain and arriving to Italy.

The above said communications are forwarded by the Swiss offices via Zurigo or via Lugano. They are not known the circuits utilised beyond Switzerland for the forwarding of the conversations coming from Germany and from Spain and the Italian Offices can not refuse to link the subscribers of the Italian networks following the requests of the Swiss Offices of Zurigo and Lugano.

As you know, the telephone service (international) between Italy and Germany and between Italy and Spain has not yet been reactivated and it is not foreseen since which date will be reactivated.

If your Sub-Commission will give its authorisation, our Administration could go on in accepting the telephone correspondence coming from the localities of Germany and Spain through Switzerland.

Let us have, please, some reference about the question.

The Director of the Azienda

Spoke Brigades round Okey must stop
German service when possible. Spain OK.
Await result of investigation

by Holland on working Italian spies
and have come from Germany etc.

Roma, 27 MAG 1946 19

Reparto III Ufficio 3°

RISPOSTA AL N.

DEL

PROT. N. 1736426/276 ALLEGATI Spec.

OGGETTO: Conversazioni telefoniche in arrivo dalla Germania e dalla Spagna via Svizzera.

HEADQUARTERS ALLIED COMMISSION
Communications Sub-Commission
A P O 394

Attraverso la Svizzera si stabiliscono su richiesta degli uffici telefonici svizzeri comunicazioni telefoniche in partenza della Germania e in arrivo in Italia e in partenza dalla Spagna e in arrivo in Italia.

Le predette comunicazioni sono istradate dagli Uffici svizzeri via Zurigo oppure via Lugano. Non si conoscono i circuiti utilizzati al di là della Svizzera per l'istradamento delle conversazioni provenienti dalla Germania e dalla Spagna e d'altra parte gli Uffici italiani non si possono rifiutare di collegare gli abbonati delle reti italiane su richiesta degli Uffici svizzeri di Zurigo e di Lugano.

Come è noto il servizio telefonico internazionale fra l'Italia e la Germania e fra l'Italia e la Spagna non è stato ancora riattivato e neppure si prevede la quale data potrà essere ripristinato.

Ove codesta Commissione non avesse nulla in contrario questa Amministrazione potrebbe continuare ad accettare la corrispondenza telefonica proveniente dalle località della Germania e della Spagna attraverso la Svizzera.

From:Ministry PP.TT.

Subject:Reactivation of telegraphe service with Japan

With reference to the letter of this Sub-Commission C.115. 240.CS of 26 April 1946.

With telegraphe circular dated 6 May dispositions have been given to the telegraphe offices about the reactivation of the telegraphe service with Japan via Italoradio at the restrictive conditions stated by the Japanese Administration.

For what it regards the Corea,the island of Formosa and the Manciuria,please let us know with which authorities this Ministry has to have the necessary agreements of administrative kind because the communications made on the purpose by the Japanese Administration through the International Office of Berna,regard the only telegrams from and to Japan.

C.115.238.CS 24 April 1946

SUBJECT: Restrictions on Telegrams

TO : Maj. Hayward, AMG, XIII Corps

1. The Ministry of Posts and Telecommunications is anxious to restore telegraph service to a prewar basis in so far as use of codes, acknowledgement of receipt, lack of signature etc are concerned.

2. Decision as to adoption of such measures in Italian Government Territory is no longer of concern to the Allies and the decision rests entirely with the Italians. However as far as Udine and Venezia Giulia, Zone A are concerned it is a question for AMG XII Corps to decide. We favor lifting restriction for Udine but doubt advisability for Venezia Giulia. We have asked the Italian Ministry of Posts and Telecommunications to telegraph the Director Superiore in Trieste to consult you and would ask that you let us know decision taken.

OGGETTO Restrizioni sul servizio telegrafico.

URGENTE

1. Sarebbe intendimento di questo Ministero di riammettere, nel servizio telegrafico privato tra il territorio d' Italia sotto l' amministrazione del Governo italiano e i Paesi esteri che lo consentono:

a) l'uso di tutte le lingue ammesse nella corrispondenza telegrafica internazionale, nonché l'uso del linguaggio segreto a mezzo di tutti i codici pubblici e privati, eccetto nelle relazioni con i Paesi asiatici per cui non sono consentiti i telegrammi transazionali;

b) tutti i servizi speciali ammessi dal Regolamento telegrafico internazionale (avviso di ricevimento, telegramma multiplo, telegramma coll-

2361.

Declassified E.O. 12356 Section 3.3/NND No. 785015

zionato, ecc.);

c) i telegrammi anche senza firma.

Delle restrizioni attualmente in vigore rimarrebbero pertanto le seguenti:

a) divieto di riattivare, sino a nuovo avviso, il servizio telegrafico con la Germania, il Giappone, la Corea, l'isola di Formosa, e la Manciuria;

b) divieto di accettare telegrammi transazionali per i Paesi con i quali presentemente tali corrispondenze non sono ammesse, e per cui i telegrammi resterebbero consentiti solo in linguaggio chiaro;

c) accettazione dei telegrammi a rischio dei mittenti.

2. Nulla osta all'accoglimento di tale proposta da parte del Ministero della Guerra, il quale tuttavia suggerisce, prima che siano impartite norme esecutive al riguardo agli uffici telegrafici, di chiedere il preventivo benestare di codesta On. Sottocommissione.

Ciò stante, si prega la cortesia di codesta

IO APRIL 1946

C.II5.228.C3

SUBJECT : Telegraph Service Venezia Giulia

TO : Secretary, Yugoslav Delegation, A.C.

Ref: your Br.349/46 of 23 March.

1. The service was not actually opened on Feb. 13.

2. On Feb. 19 the Italian Post Office Administration supplied proposals for charges etc to your Government.

3. The Italian Government did not however request AMG Venezia Giulia to begin the service until 7th March.

4. The service now appears to be fully in operation and it is hoped that your Government will experience no further difficulty.

H.H.SCUDDER

TELECOMMS DIVISION

13C/AMG/TEL. 601.

SUBJECT : Telegraph Service via Trieste.

TO : The DIRECTORCOMMUNICATIONS SUB COMMISSION
HQ Allied Commission.

With reference to C.115.218 and attached Memo.

I have delved into the many telegrams between Lubiana and myself and the facts are:

1. (a) The circuit between Zone A and Lubiana was not opened until 18th Feb. - see my 29/VG/76.

(b) On 18th Feb. Lubiana informed me that Belgrado were prepared to consider a service to Italy - see my 29/VG/79.

(c) On 19th Feb. we intercepted an Italian telegram 88180 addressed to Gentel Belgrade answering a Belgrade telegram 3087/1/40 of 13 February. The Italian Telegram ~~suggested~~ accepted cordition of charges, languages etc.

(d) For a period both sides went to siesta because not until 7th March was a telegram received by the Direttore Superiore from Musumecci giving particulars of that contained in their Belgrade Telegram 88180 and the Director was asked to communicate with the "Locale Ufficiale Alleato" to ask permission to start the service. I told the Direttore to send an Urgentissimo "SI" .

(e) On the 10th March a Lubiana Telegram to Italy was intercepted repeating the Italian proposals. later in the day I received a copy from Lubiana.

(f) On 13th March a circular telegram from Musumecci to all Italian Offices gave official blessing to the Service.

C.115

./.

2270

Declassified E.O. 12356 Section 3.3/NND No. 785015

2. As against this Telegram record, on 21th February the Direttore Telegrafico had received Service messages from Italy and Lubiana asking if the service had started. In view of Telegram 88180 I told him that officially we were not opened but that we would not refuse traffic, and so unofficially (to this office) service was started on 22th February.

It will be seen that up to the 22th February Trieste would have refused traffic. After that date all the operating staff are sure that nothing whatever was refused for either country.

If particulars of the messages could be obtained we could make a check here.

H.A. Hayward.

AFO 512

G-5: 311.22-16

26 March 1946

SUBJECT: Public Radio and Cable Communication with Italy

TO : Headquarters, Allied Commission
AFO 394

Reference your letter of 21 February 1946.

1. The only cable head in which any military interest remains is that at NAPLES. The resumption of business elsewhere by ITALCABLE is not being held up by the military authorities, but by consultation between the Foreign Office and State Department.

2. The NAPLES cable runs to MALTA and thence to MIDDLE EAST, GIBRALTAR and beyond. The whole of the traffic handled is British military and paramilitary. It is manned by a mixed team of eight Cable and Wireless and thirty military operators. The present load is approximately 50,000 groups a day.

3. British military authorities state that it is not possible for ITALCABLE to handle this military traffic. The cable is used for the transmission of messages up to & CONFIDENTIAL classification, IN CLEAR, and the additional work of enciphering in order to allow ITALCABLE operation cannot be undertaken. They consider the cable an essential military link in their theater communications and retention a military necessity. No U.S. military traffic is handled over these cables.

4. The agreement mentioned in your letter of 21 February was concerned with Public radio telegraph services. The terms of this agreement were fulfilled on 1 October 1945 (see this Headquarters' letter 311.9/4 dated 28 September 1945 and Allied Commission's letter C 115.105.CS dated 29 September 1945).

5. In view of the definite stand taken by competent and responsible British military officials it is not proposed to take further action in the matter at this time. For your information it is known that the United States Department of State and War Department are familiar with the situation.

C.115.320.03

29 March 1946

SUBJECT: Telegrams to and from Allied Troops in Germany.

TO : Director General of P.T.& T.

1. Reference is made to our letter of 27 February 1946, C.115.155.CS, and to Italcable letter of 7 March 1946, in which attention is drawn to the fact that telegrams are being received from Allied Troops in Japan, Korea, Manchuria, Formosa, Hungary and Austria addressed to civilians in Italy and that such telegrams are being held by U.C.I. as telegraph service is not authorised to these countries.

2. In so far as traffic to and from Austria is concerned there is no longer any reason to hold up messages as civilian traffic is authorised.

3. In so far as messages to and from Allied Troops in Germany is concerned such traffic is authorised and messages should be delivered and accepted. In this connection for any messages made to Allied Troops in Germany responsibility for insuring that messages filed in Italy destined to Allied Troops in Germany do not contain information for passing to German civilians rests with the Italian Authorities. It is requested that necessary steps be taken to insure application of this measure.

4. No authority has been received for handling of messages to and from Allied Troops in Japan, Korea, Manchuria and Formosa but as soon as instructions are received you will be informed.

5. Messages to and from Allied Troops in Hungary may be accepted from and delivered to civilians in Italy.

6. In connection with messages to Troops in Germany and Hungary where no direct connection exists messages should be sent by [illegible] as [illegible] received. Italcable is in a position to determine what rates are applicable.

ALLIED FORCE HEADQUARTERS

APO 512

5 March 1946

AG 311 GEG-O

SUBJECT: Telegraphic Communications Between Allied Soldiers in Germany and Civilians in Italy.

TO : Commanding General,
United States Forces, European Theater,
APO 757.

1. It is reported by ITALCABLE that they have been receiving telegrams for Italian civilians, usually wives of United States soldiers, routed via the UNITED STATES, from United States troops stationed in GERMANY. These telegrams have been filed with RCA. The telegraph company has been uncertain as to whether such messages should be delivered, since normal civilian communication between ITALY and GERMANY is not permitted.

2. It is not considered that the passing of these messages constitutes a breach of regulations, and authority is being given for the dilivery of these telegrams, and for the acceptance of telegrams from Italian civilians to Allied soldiers in GERMANY. Responsibility in this theater for ensuring that the messages contain no information for passing to GERMAN civilians rests with the Italian authorities.

3. This information is passed to you in order that you may institute any control of this traffic which you may consider necessary.

BY THE SUPREME ALLIED COMMANDER, MEDITERRANEAN THEATER: 28 0

/s/ Edmond R. Shugert.

JUGOSLAV DELEGATION
TO THE ADVISORY COUNCIL FOR ITALY

Br. 349/46

23 March 1946

SUBJECT: Telegraph Service = Julian March

TO: H.Q.A.C.
Communications Sub Commission

See 11

1. Reference is made to your letter F 222.11.CS of 22 Jan.46.

2. This Delegation was informed from the Jugoslav Government that the Telegraph service with Italy has been opened on Feb.13th 1946, in agreement with the Italian Postal Administration.

3. AMG Authorities in the zone "A" proposed to the Jugoslav Government providing direct telegraphic links on the line Ljubljana= Trieste, under condition that only telegrams of private character would be forwarded, as well as transit telegrams for all countries except Germany, Japan, Korea, Formosa and Mandjuria.

4. Notwithstanding that, telegrams for Italy have been returned from Trieste and the Cable Office at Trieste did not receive telegrams from Jugoslavia.

5. Since there is no other way to establish telegraphic link between Italy and Jugoslavia except via Julian March, application is made on behalf of the Jugoslav Government that telegrams from and for Jugoslavia be forwarded in accordance with the restrictions in vigour for Italy, as communicated through the International Bureau for Telecommunications in Bern.

CEDOMIL VELJACIC,
Secretary
Jugoslav Delegation A.C.I.

Ci riferiamo al ns telespresso N. 5687 del 14 corrente.

La Commissione Alleata ci ha inviato copia della lettera R I37.207.CS del 12 corrente, indirizzata a codesto On.le Ministero con la quale viene assegnata la frequenza di 13412 Kcs per Stockholm.

Riteniamo sia implicita l'autorizzazione per la riapertura del circuito radiotelegrafico Roma-Stoccolma.

Gradiremo cortese conferma in merito, e con l'occasione preghiamo voler pure autorizzarci la riapertura del radiocollegamento Roma-Copenhagen, che verrebbe da noi lavorato in fonia col radiocollegamento Roma-Stockholm utilizzando le stesse frequenze.

MEMO TO CHIEF COMMISSIONER

In telephone conversation with Maj. UHLANG, wire Officer, Signal Section AFHQ (U.S.) the following was learned.

(a) The circuit assigned to U.S. exclusive use in the Horta cable was never used by the U.S. because at first there was no decision as to whether U.S. on Cable & W. personnel should operate the circuit and when this was cleared (about December 1945) the W.D. informed AFHQ that there was no longer any military necessity for the circuit.

HEAD QUARTERS ALLIED COMMISSION
APO 394
Communications Sub-Commission HHS/vl

C.115.205.CS 16 March 1946.

SUBJECT : Telegraph service with U.S.A. and U.K.

TO : The Minister of Posts and Telecommunications

1. Reference is made to your letter of 13 March, 1946, Prot. 1011716/9150/3.

2. The question of the continued presence of Cable and Wireless operating personnel in Italy for the purpose of operating cable heads has been under constant review of this Sub-Commission but to date the Supreme Allied Commander considers that military necessity still requires that Cable & Wireless remain as the operating agency.

3. We cannot agree with the reasoning in para 4 of your letter as it does not necessarily follow from the fact that military necessity no longer required continued operation of the radio terminals by Allied Agencies, that the same held true for submarine cables.

4. You can rest assured that we shall continue to follow the question very closely with a view to restoring the cable heads to Italian operation just as soon as military necessity permits.

H.H.SCUDDER
Col., Sig.C.
Director

Declassified E.O. 12356 Section 3.3/NND No. 785015

ALLIED FORCE HEADQUARTERS
C-5 Section
APO 512

C-5: 311.22-16

9 March 1946

SUBJECT: Public Radio and Cable Communication with Foreign

TO : Headquarters, Allied Commission,
APO 394.

Reference your letter of 21 February 1946.

1. The only cable head in which any military interest remains is that at NAPLES. The resumption of business elsewhere by ITALCABLE is not being held up by the military authorities, but by consultations between the Foreign Office and the State Department.

2. The NAPLES cable runs to MALTA and thence to MIDDLE EAST, GIBRALTAR and beyond. The whole of the traffic handled is British and U.S. military and paramilitary. It is manned by a mixed team of eight Cable and Wireless and thirty military operators. The present load is approximately 50,000 groups a day.

3. It is not possible for ITALCABLE to handle this military traffic. The cable is used for the transmission of messages up to a CONFIDENTIAL classification, IN CLEAR, and the additional work of enciphering in order to allow ITALCABLE operation cannot be undertaken.

4. The cable is an essential link in theatre communications and retention is dictated by military necessity.

5. The agreement mentioned in your letter of 21 February was concerned with Public radio telegraph services. The terms of this agreement were fulfilled on 1 October (see this Headquarters letter 311.9/4 dated 28 September and Allied Commission letter C 115.105.CS dated 29 September).

BY COMMAND OF LIEUTENANT GENERAL MORGAN:

A. L. HAMBLEN
Brigadier General, GSC
Assistant Chief of Staff, C-5.

Prot. N. 1a/4716/19150/8
Allegati

Rispondere al foglio N.
del

Alla Commissione Alleata
Posts and Telecommunications
Sub-Commission APO 394 ROMA

OGGETTO Servizio telegrafico con gli Stati Uniti d' America e il Regno Unito.

1. Si fa riferimento all' Accordo 24 aprile 1945 conchiuso tra la Delegazione italiana e le Delegazioni degli Stati Uniti d' America e del Regno Unito, riguardante il servizio telegrafico tra l' Italia, da una parte, e gli Stati Uniti d' America e il Regno Unito, dall' altra.

2. L' art. 4 di tale Accordo stabiliva, tra l' altro, che quando le necessità militari non avessero più richiesto l' esercizio diretto, da parte della R.C.A. C. Inc. e della Cable and Wireless, dei terminali italiani delle comunicazioni radio da esse gestite, le due Compagnie avrebbero restituito simultaneamente al Governo italiano, o a quell' Ente da esso designato, la gestio

./.

23

Declassified E.O. 12356 Section 3.3/NND No. 785015

ne di detti terminali. Il residuo traffico militare sarebbe stato svolto da parte italiana.

3. L' art. 6 dell' Accordo stesso stabiliva inoltre che, ove non ci fosse contrasto con le esigenze militari, i telegrammi privati tra l'Italia, da una parte, e gli Stati Uniti d' America e il Regno Unito e oltre, dall' altra, potevano avere corso per la via dei cavi sottomarini, con le stesse tariffe fissate per il servizio radio, senza pregiudizio circa la questione della proprietà dei cavi utilizzati.

4. Da quanto sopra consegue che anche l'uso dei cavi era precipuamente riservato all' inoltro del traffico militare, e che solo in via subordinata, e cioé quando le esigenze militari lo avessero consentito (art. 6), poteva essere istradato per i cavi stessi il traffico privato. Venendo quindi a cessare le esigenze militari che giustificassero l' esercizio diretto dei terminali radio da parte della due Compagnie, doveva conseguentemente cessare anche l' esercizio del terminale italiano dei cavi da parte della Cable and Wireless.

RISPOSTA AL N. DEL

OGGETTO: Traffico radiotelefonico con gli Stati Uniti.

Data l'attuale situazione di traffico radiotelefonico con l'America sono state già date disposizioni per la limitazione della durata delle conversazioni e con la presente si conviene anche sull'opportunità che le conversazioni siano effettuate dalle cabine della Italcable in via L.Bissolati (Palazzo I.N.A.)

E' però fatto obbligo alla Italcable di passare ad apparecchi privati le sole comunicazioni delle più elevate Autorità Italiana ed Estere.

Il pubblico é stato avvertito a mezzo comunicato stampa.

Ai fini della regolarità contabile si precisa che se qualcuno ha già prenotato una conversazione al proprio apparecchio e rinuncia alla richiesta per non recarsi alla cabina della Italcable, egli avrà diritto al rimborso del deposito versato all'atto della prenotazione.

Subject:Radiotelephone traafic with United States

According with actual situation of radiotelephone traffic with America dispositions have already been issued in order to limit the time of conversations and with the present letter we point out the opportunity that conversations be made by the public call office of Italcable of Via Bissolati(Palazzo I.N.A.)

Italcable has to pass to private telephone sets the only calls of the highest Italian and Foreign Authorities.

The public has been advised about that by press-communicate.

For what regards the regularity of the payments it is pointed out that if someone has already booked a conversation at his own telephone set and gives up the request not to go to the public call office of Italcable,it will be given back the money he delivered when he booked the call.

The Director of Azienda

Servizio Div. III
Prot. N. 1011538/9150/8
Allegato 1

Alla Commissione Alleata
Posts and Telecommunications
Sub-Commission APO 394 ROMA.

Risposta al f. N. del

OGGETTO Traffico telegrafico Italia-Austria.

All 152 and 185

1. Si fa riferimento alla nota di codesta Sottocommissione n. C.115.185.CS del 26 febbraio scorso, riguardante alcuni telegrammi dall'Austria per l' Italia accettati prima della riattivazione della via diretta Italia-Austria.

2. Con la lettera 26 gennaio 1946, N. C/115/152/CS, codesta Sottocommissione, su richiesta di questo Ministero, autorizzava la riattivazione del servizio telegrafico con l' Austria, ed aggiungeva che al riguardo i necessari accordi dovevano essere presi, com' era naturale, con l' Amministrazione austriaca circa la fissazione delle tasse e delle norme per il traffico scambiato fra i due Paesi, norme che sarebbero stato

cf.

./.196

Declassified E.O. 12356 Section 3.3/NND No. 785015

poi applicate tanto per via diretta quanto per via indiretta, e quindi anche per via Londra, o Newyork, o Mosca, o Parigi.

3. Con telegramma in data 12 febbraio 1946 istradato via Parigi, e successivamente con lettera spedita il 20 febbraio 1946, questa Amministrazione cercò di mettersi subito a contatto con quella austriaca, ma con esito negativo. Tale contatto si è potuto solo stabilire con l' attivazione della linea telegrafica Roma-Vienna.

4. Conchiusi i detti accordi, questa Amministrazione imparti le disposizioni del caso ai propri uffici col telegramma circolare n.1549180 del 28 febbraio 1946, comunicato per intelligenza anche a codesta Sottocommissione. Però con il telegramma qui unito in copia l' Amministrazione austriaca propose che il ripristino del servizio avesse inizio dal 5 marzo. Da ciò risulta che i telegrammi di cui si tratta non furono accettati da uffici dell' Amministrazione austriaca, ma probabilmente da uffici militari alleati in Austria, e istradati via Londra o Newyork. Detti uffici

militari, evidentemente, non erano a conoscenza che il servizio telegrafico tra l' Italia e l'Austria non era stato ancora ufficialmente ripristinato, e quindi nessuna comunicazione in proposito essi fecero alle competenti Autorità italiane perché queste disponessero per il regolare corso dei telegrammi stessi.

Da quanto sopra risulta che l'inconveniente che si lamenta non é da attribuirsi a manchevolezze da parte di questa Amministrazione.

Il Direttore Generale

C.115.185.CS 27 February 1946

SUBJECT: Telegraphic Communication Austria

TO : Director General of PT. & TT.

1. By our letter of Jan. 26, 1946, C.115.152.CS, you were informed that telegraphic communication between Italy and Austria was authorised.

2. As circuits have only recently been made available to you it is understood that you have not as yet issued instructions covering direct communication. However you overlooked the fact that telegrams could be routed via U.K. or U.S.A. and as a result telegrams have been received from Austria destined for Italian civilians and lacking any instructions from you the Ufficio Censura Militare very correctly held up such messages.

3. Since most of the telegrams were from U.S. troops to their wives instructions were to-day given by us to the U.C.M. to release any such messages at once/

4. It is requested that you confirm to the Italcable and U.C.M. that telegraph service to and from Austria is now authorised.

H.H. SUMNER,
Col. Sig. C.
Director.

1. Reference is made to our letter No.16406 of Dec. 24, 1945, enquiring about the admission of the telegraph correspondence of Italian wives with their husbands enlisted in the U.S. Armies in Austria and Germany.

2. We are informed that the Censorship does not allow our Telegraph Office to deliver messages arriving here every day from the above twe countries "Via New York".

3. We submit to youfor your consideration, a copy of one of these messages. Its stoppage was not notified to the sender on instruction from the Censor.

4. While on the subject, we quote here-below a letter we received a few days ago from Cable and Wireless, Ltd., concerning the admission of the telegraph service with Austria :-

" We have been advised that communication has been resumed with Au-
" stria as from February 1st.
" The rates from European countries will be as arranged, and in
" this instance, the rate Italy-Austria will be 41.5 gold centimes
" per full rate word.
" Private telegrams should be in plain English, French, Russian or
" German, and business telegrams are limited to those ascertaining
" facts or exchanging information.
" No supplementary services are admitted for the present. "

5. Furthermore, we are advised that the Austrian Administration is contacting all Foreign Administrations in order to restore its prewar radio and telephone connections.

MEMORANDUM for Col. Scudder

Cable and Wireless Ltd.

We have been informed that the Cable and Wireless Rome Branch, are accepting Code traffic to Washington from the U.S. Embassy, at the rate of 4½ d. per word. When converted into Italian Lire, this rate shows less than the rate of 8 cents per word, which is due for this class of traffic, according to the Dollar rate sheet communicated to us by the RCAC when the operation was turned over to our Company.

As a matter of fact, Cable and Wireless never furnished definite news as to the rates applied by them to the Government traffic, nor have they replied to our letter requesting such particulars, in order that we might comply with the same. Therefore we lack a definite documentation of the above information.

In any way, what we want particularly to point out is the fact that by their accepting directly the traffic, Cable and Wireless not only are causing a loss to our Company without any economical prejudice for them (for, on the telegrams subject to the Gold Franc rate, they have not to pay any terminal tax) but they appear to be violating the clauses of the International Telegraph Regulations on the matter of reduction of telegraph charges. In fact, it is obvious that the procedure followed by the English Company, as set forth in paragraph 1) of this letter, appears as a true and substantial reduc

6th February 194

The Managing Director,

Italcable.

Dear Sir,

In reply to your letter No.2558 Feb. 5th:-

It is true that the Legation of Belgium files messages direct with us.

In a letter of the Communications Sub-Commission of Allied Commission, under reference C,115.10.08 28th April 1945, it was laid down that

"The official communications of all the Allied authorities, which have in the past been authorised to be filed direct with the Allied carriers, are still so permitted."

As the messages of the Legation of Belgium are amongst the official communications mentioned above, we presume that there is no further objection to the Legation continuing to file direct with this Company.

Yours truly,

H D Smith

Manager, Rome Branch.

SUBJECT: Telecommunications with Hungary

TO : AFHQ, G-5

1. Mail service between Italy and Hungary is now authorised.

2. There has been some doubt expressed as to whether telecommunications are also authorised as far as the Italian side is concerned. It is understood that Hungary has not been authorised to open telecommunications with foreign countries but when such authorisation including Italy is granted we would appreciate confirmation that Italy may open telecommunications with Hungary.

OGGETTO Ripristino servizio telegrafico con l' Ungheria.

1. Dalla lettera n. P.4.125.CS del 23 gennaio scorso di codesta On. Sottocommissione, diretta all' Ispettorato Censura Militare, e comunicata per intelligenza anche alla Direzione Generale P.T., risulta che il servizio telegrafico tra l' Italia e l' Ungheria non sarebbe stato ancora autorizzato.

2. Dalla lettera n. P.48.149.CS del 23 ottobre 1945 di codesta Sottocommissione stessa, risulta che ufficialmente tale ripristino fu autorizzato fin d'allora, essendo stati esclusi dal servizio ai soli Paesi seguenti: Austria, Germania, Giappone, Formosa, Corea e Manciukuo.

3. Ciò premesso, si fa presente che in effetti il servizio in parola tra l' Italia e l' Ungheria non è stato ancora riattivato, poichè l'Amministrazione ungherese - con la quale questo Ministero ha già preso i necessari accordi in materia amministrativa-contabile - non ha ancora ottenuto l' autorizzazione dal Comando Alleato.

Si prega di far conoscere se, quando la predetta Amministrazione ungherese avrà ottenuto tale autorizzazione, il servizio di cui si tratta possa senz' altro riattivarsi.

Communications Sub-Commission CHST/ec

P.47.637/CS 29 January 1946

SUBJECT: External Correspondence

TO : G-5 AFHQ

F.222

Q.115

1. The position as regards external communications from Italy at present is as follows:-

(a) Transactional communications are allowed with all countries except Germany, Japan, Formosa, Manchuria and Korea (to which no service at all is allowed) and Dutch East Indies, Siam, French Indo-China and Austria (to which non - transactional communications only are allowed).

(b) As far as weight restrictions are concerned the full scale of services authorised by the Universal Postal Union (except parcel services) is in operation with certain minor exceptions.

(c) A list of services in operation and restrictions thereon was enclosed in our P.47.613 dated 16 January.

2. Allied interest and participation in censorship of Italian external correspondence has ceased except in Venezia Giulia and Udine. The enforcement of the restrictions mentioned in paragraph 1 (a) is therefore entirely a matter for the Italian Government except in the case of Venezia Giulia and Udine.

3. It is considered that the Italian Government should now be in a position to deal directly with the foreign administrations concerned in all matters relating to the postal and telegraphic services which it operates. It is proposed therefore to inform the Italian Ministry of Posts and Telecomms. that it should correspond directly with the relative administrations concerning such services and is at liberty to make such arrangements as it desires without prior consultation with this Sub-Commission but

157.A

./.

Declassified E.O. 12356 Section 3.3/NND No. 785015

that it should keep this Sub-Commission fully informed of the position. Authority to re-commence services with those countries to which they are still specifically forbidden will still have to be given through this Sub-Commission but the actual restoration of such services would be dealt with by the Italian administration.

Technical advice and assistance will still be given as far as possible if necessary but all decisions will be for the Italians Government to make.

4. As far as the ban on transactional commercial communications with various countries is concerned it is considered that the question of the continuance or cancellation of such ban is a matter better dealt with through Finance S/C than through this Sub-Commission. It is felt that such a ban is rather for reasons of financial control than a postal matter and it is proposed that the Ministry of Posts and Telecommunications be informed that the re-commencement of services to countries to which as yet no services are in operation will be dealt with by them in conjunction with this Sub-Commission but the question of whether or not transactional communications are permitted will be dealt with by Finance S/C.

C.115.154.CS 26 January 1946

SUBJECT: International Telegraph and Telephone Communications with Japan and Austria.

TO : G-5 AFHQ.

1. Further to telephone conversation with your office and Major Umlang, Signal Section, the Italian Administration is being informed that telegraph and telephone communication with Austria is now permitted for all of Italy except Venezia Giulia. AMG Venezia Giulia has been requested to take up with XIII Corps question of opening service to Venezia Giulia.

2. For your information there is inclosed copy of translation of telegram received by the Italian Administration from the International Bureau at Berne.

3. There is also inclosed translation of a telegram received by the Italian Administration covering traffic with Japan from which it is to be implied that traffic between Italy and Japan is also authorised. No authorisation has been given to the Italian Administration to open service to Japan as the wording of the telegram does not implicitly state that traffic is authorised. It is understood you are querying CCS on this and we shall await word from you before authorising service.

Ref Italy 1944 CS 22 37

4. It is embarassing, to say the least, for this Commission to receive news of opening of services from Italian sources before any news has been received from Allied sources.

T R A N S L A T I O N

Service Eurinterrm to Director General of PP. & TT. ROME

Japanese Administration informes us that by order of the Supreme Allied Commander telegraphic and telephonic communications between Japan and foreign countries are subject to the following restrictions.

1. Messages are to be in clear language except when the sender or addressee in Japan (repeat Japan) has a special permission to send or receive messages in code. Such permission is also needed for the use of code addresses and signatures.

2. Only messages in English, Russian or Japanese are permitted.

3. Holders of permits for use of code will be given a registry number which will appear at the beginning of the text of any coded message. Only the person authorised may send or receive messages with a number except in cases where permission covers use of coded addresses and signatures. All messages must contain full name and address of sender and addressee. Telephone conversations between Japan and foreign countries can only be carried on in Japanese or English.

4. Official traffic of diplomats and consular agents of Allied and neutral nations continues to be the sole exception to these regulations.

1565

Declassified E.O. 12356 Section 3.3/NND No. 785015

25 January 1946

SUBJECT: Public Radio and Cable Communications with Italy

TO : G-5, AFHQ

1. In accordance with the provisions of agreement dated April 24, 1945, covering opening of public telegraph service with Italy (sent to you with our letter of April 25, 1945), Italcable took over on October 1, 1945, operation of radio terminals in Italy which had been operated up until that date by RCA Communications, Inc. and Cable and Wireless Limited. This action was pursuant to the policy of permitting Italcable to resume operation of its pre-war communication facilities as soon as military necessity permitted and was in line with the action already taken in permitting operation by Italcable of a Rome-Moscow radiotelegraph service.

2. Operation of communication facilities in Italy by RCA Communications, Inc. and Cable and Wireless Limited was undertaken at the request of the Allied military authorities and was considered as a matter of military necessity. With the turn-over of radio terminals to operation by Italcable, the only remnant of operational activity in Italy by the two foreign companies involved is the operation of submarine cable terminals by Cable and Wireless Limited. It is difficult to justify continuance of such activity on the grounds of military necessity when hostilities in Europe ceased over eight months ago and world hostilities over four months ago.

3. The continued presence in Italy of Cable and Wireless Limited cable teams is becoming the subject of newspaper attack and it is strongly recommended that the same procedure be applied to operation of cable terminals as has already been applied to radio terminals and that Italcable be permitted to resume its pre-war position.

4. If it be argued that submarine cables and cable terminals are captured enemy equipment, it is pointed out that control and operation of such facilities as are in question only took place after Italy's surrender and recognition as a cobelligerent and that there seems to be no more reason for holding such facilities for operation by Allied organizations than in the case of railroad and other communication facilities.

T R A N S L A T I O N

Berne, 18 January 1946

Service Burinterna to Director General of PT. & TT. ROME

The International Bureau has received the 18th of January 1946 a Communication from the Austrian Administration of PT. & TT. requesting that Government members of the Union be notified that in accordance with article 4 of the Madrid Convention, the Austrian Republic adheres to the four 1938 Cairo regulations.

In addition the Austrian Administration requests that the following information be given:

"Austria desires and is authorised by the Allied Council to open telegraph traffic with all member countries of the Union except Germany, Japan, Korea and Formosa. In accordance with provisions of paragraph 1 d of article 27 of telegraph regulations, Austrian terminal tax is 8.5 centimes and transit tax, 6.5 centimes. Austria is prepared to conclude special arrangements. Austria proposes that for countries bordering her territory accounting for terminal tax on reciprocal terminal traffic be dispensed with. For traffic originating in or terminal in Austria only clear text in English, French, Russian or German is permitted. Codes are only admitted for Government and service messages and the latter can only use normal code terms".

"Under present conditions the following classes of telegrams and special services are not permitted until further notice: collationment (TC), telegraph money orders and telegraph remittances (MDT), acknowledgements of receipt (RC, RCR), paid express (X P), express, air mail (PAV) and phototelegrams. In addition reply paid telegrams are not permitted from Austria and to Austria there are not permitted luxury formula (L X) and night letters (NUIT)".

"Administrations are requested to inform Austria as to their agreement to opening of service and to give full details as to rates and other conditions as well as to request all interested offices to accept service messages dealing with Austrian traffic.

Declassified E.O. 12356 Section 3.3/NND No. 785015

By this means Austria will transmit proposals for opening telephone service.

Date for opening telegraph and telephone services will be agreed upon mutually".

"By reason of present difficulties the Austrian Administration regrets its inability to accept any responsibility with reference to delivery of telegraph traffic from abroad especially with respect to delays as covered by article 80 of telegraph regulations".

HEADQUARTERS ALLIED COMMISSION
APO 394
Communications Sub-Commission HTWB/ec

C.115.145.C3 14 January, 1946

SUBJECT: Notes on Italian Foreign Trade

TO : Commerce (Foreign Trade) S.C.

Reference your AC/5127/A commerce 14 Dec. 1945/-

1. Difficulties to trade development as affecting services with which this Sub-Commission is concerned may be summarised as follows:-

a. Inland Post

The main difficulty is the infrequency and slower speed of the means of transport as compared with pre war services. The lack of an internal parcel post service due to deficient means of transport may be considered as an handicap to trade development but it is doubtful whether there is much demand at present for trading by post. A statement showing the position as at Ist January 1946 is connected.

b. Foreign Post

The foreign postal service is handicapped as regards speed of transmission by the poor quality of international means of communication. In this respect, however, Italy is probably no worse off than many other liberated countries.

Transportation Sub-Commission is aware of the need for civil mail facilities on international train services and has kept this matter under notice when proposals for the establishment of such services have been under discussion.

Mail services by sea transport cannot return to normal until shipping reverts to liner berth working and regular services are in operation.

2743

./.

Declassified E.O. 12356 Section 3.3/NND No. 785015

The establishment of Air Mails from Italy is retarded by the absence of civil air lines but permission has been obtained for the limited use of certain RAF services. It is hoped that a civil air service to America will shortly be operating.

The reestablishment of ordinary parcel post from and to other countries is for the present impracticable owing to deficiencies as regards lack of premises at ports such as Naples and shortage of transport for internal distribution. Normal parcel post would involve customs examination and further increase accommodation requirements. The Italian Government attaches more importance to the Gift Parcel service from America the traffic for which is at present far in excess of the means available for efficient handling and distribution. A normal parcel post service would not be of full value for trading purposes until international remittance services are restored.

A separate statement showing the Foreign mails position as at Ist Jan. 1946 is connected.

c. Inland telephones

Local telephone service is adequate for business purposes except perhaps in Bologna and Naples where wholesale destruction of plant took place.

Long distance service is sufficient for Government and important business use but is still much below normal. Nearly all towns and villages connected prior to the war have been reconnected but the number of circuits on each route is in many cases only a small proportion of the pre-war figure.

d. Inland telegraphs

Service between main centres is on a pre-war basis while elsewhere it is adequate. Almost all pre-war offices have been reconnected.

It is rather slow in operation in places due to the fact that under German rule the service was stopped for a long

Declassified E.O. 12356 Section 3.3/NND No. 785015

time in the North, and the trained staffs drifted away. Many operators have been trained in the last few months however.

e. Foreign telegraphs

Service is available and adequate to nearly all Countries of the world. Exceptions are Germany, Austria, Hungary, and Japan.

f. Censorship

Internal censorship has ceased in practically all Italian Government territory: it is being retained for the present in Military Government territory.

External mail censorship is now the concern of the Italian Government, it is imposed solely to ensure compliance with Treasury regulations concerning transactionals communications and to prevent communications with firms and individuals on the Allied "Black Lists" which the Italian Government has been obliged to recognise.

Censorship has some delaying effect on the foreign postal service, not only as regards the correspondence actually examined, but also because of the need for sending all foreign correspondence to a censor station before it is dealt with at the ordinary despatching Office.

H.H.SCUDDER,
Col.Sig.C.
Director.

Inc. 1 Inland Postal Sce as at 1st January 1946

HEAD UARTERS ALLIED COMMISSION
APO 394
Communications Sub-Commission HTWM/ec

C.115.144.CS

11 January, 1946

SUBJECT: Telegrams from wives of American Soldiers.

TO : AFHQ - G5

1. Applications have been received by Italcable from Italian wives of American Soldiers and civilians attached to the American Forces in Austria and Germany for permission to send EFM's and SCM's via Italcable.

2. In some cases reply paid telegrams have been sent to them.

3. Permission has been refused so far as no Italian telegraph service is open to Austria.

4. Kindly say whether such a service may be allowed. It would be necessary for the women concerned to show evidence of relationship.

5. It is obvious of course that any decision would have to cater also for wives of other than Italian nationality, and probably also for women in countries other than Italy.

6. The opening of such a service is not pressed by this Commission but the demand is brought to your notice.

H.H.SCUDDER,
Col.Sig.C.
Director.

TRANSLATION BY FIORI INCOMING MESSAGE

Ref:424180 107/103 6-1-1946

From:Gen.Dir.Musumeci

To:Allied Commission Communication S/C

Genteltraf 3 39. With immediate effect has been reacti
vated telegraphic service for Egipt by Italo Radio too with
taxes in golden francs for each word in use before the war,
(Page 80) general tariff).
Even for Telegrams di Stato of Italian and Egiptian
authorities the taxes to be applide are those in use
before the war(page 112 and 119 general tariff).
The other conditions are the same that by Italcable.
Being the taxes by Italo Radio cheaper than those
by Italcable, the telegrams for Egipt given by senders
who do not specify the Via, have to be officially
accepted Via Italo Radio.

General Director Musumeci

UNITED PRESS ASSOCIATIONS
Via Della Mercede 54 - Roma - Telf.:66-640 - 66-569 - 66-426

c/o Press Attache
U.S.Embassy No. 1
APO 512, c/o US Army
December 18, 1945

Dear Sirs:

Before the war, the United Press had a trunk telephone line from its Rome bureau to its bureaus in Bern, Paris and London.

We are again hopeful of re-establishing some type of telephone communicationwith Paris and London to backstop Italcable communications on important, urgent news out of Italy.

I have spoken to signal officers at Rome Area Allied Command regarding the possibility of derequisitioning the urban line between the Stampa Estera (Foreign Press building), in which our office is located, to the Viminale switchboard in Rome. They believe this will be possible, and even advisable, as the line is no longer needed for military purposes.

Assuming this will be done, we would like to have your permission to ring the Viminale switchboard from our office and ask for a trunk line to Paris, or London, if and when it is necessary.

These calls would be infrequent and used only on the most important news or when other communication fails, and therefore would not tax military trunk traffic to any appreciable extent.

We would appreciate your prompt decision on this request, so that we may make arrangements accordingly.

Sincerely,

J. Edward Murray
Manager for Italy

18 December, 45

SUBJECT: Telegraph Service Jugoslav Delegation

TO : Mr. Niko Jaksa
Secretary of the Jugoslav Delegation
Advisory Council for Italy.

1. Reference is made to your letter of Dec. 12, 1945 to Capt. Victor Oddi and to conversation with you and Mr. Smith of Cable and Wireless on December 17, 1945.

2. The Jugoslav delegation has the same privilege as any other Allied bodies to file its official messages directly with Cable and Wireless.

3. In this connection it would greatly speed up handling of this traffic if a direct connection between Italy and Jugoslavia existed. For several months efforts have been made in Trieste with representatives of Zone B, Venezia Giulia to effect direct telegraph connections but with no result. Telephone and postal services operate between the two zones but so far no telegraph. This results in telegraph traffic between Italy and Jugoslavia being sent via London with consequent delay.

4. Any thing you can do to expedite setting up a telegraph circuit to Belgrade to connect in Zone A with a circuit to Rome would be appreciated.

Commerce (Foreign Trade) Sub-Commission

14 December 1945

Tels : 461
478900

Ref : AC/5127/A/Commerce

SUBJECT : Notes on Italian Foreign Trade.

TO : Director, Communications Sub-Commission

1. I am endeavoring to prepare a set of notes in standard form each dealing with an aspect of or a factor affecting Italian foreign trade. It is my hope that collectively they will cover the whole subject. I am adopting this device so that I may constantly revise the notes and be in a position to hand over an up-to-the-minute review of the subject when the Embassies take over from AC in this field.

2. For your general interest I attach a "prospectus" of the Notes showing how I propose to break down the subject. I am also attaching a copy of one of the Notes I have already prepared to give you an idea of what I am about.

3. I would appreciate it if you would please be kind enough to have prepared within your Sub-Commission papers on the following subjects to complete my knowledge :

Difficulties to trade development :

- Inland post
- Foreign post
- Inland telephones
- Inland telegraph
- Foreign telegraph

Censorship - regulations affecting foreign trade.

HEADQUARTERS ALLIED COMMISSION
Commerce (Foreign Trade) Sub-Commission
Rome, Italy

NOTES ON ITALIAN FOREIGN TRADE

PART I : INTERNATIONAL TRADE NEGOTIATIONS 24 November 1945

SUMMARY OF SECTIONS : BELGIUM, THE NETHERLANDS, SPAIN, RUSSIA, SWEDEN, AND POLAND.

The Italian Ministry of Foreign Affairs is conducting economic negotiations with several European countries. Interim reports on the state of agreement reached with Spain, Belgium, Sweden and the Netherlands have been submitted to Allied Commission for approval. In reply, it has been clearly stated by Allied Commission (Commerce Sub-Commission in consultation with Finance Sub-Commission) that it is not necessary for the Italian Government to consult AC on the financing of her foreign trade providing that proposed agreements do not make provision for the payment of old Italian debts.

In general, the outlined agreements have been accompanied by tables of commodities which Italy desires to import from and export to the countries concerned. The scope of this information varies greatly in every case owing to the different stages which have been reached in the several negotiations.

These lists of goods are being screened progressively by Allied Commission to insure:

1. that proposed exports do not clash with the basic Italian imports program.

2. that all necessary allocations of controlled commodities are obtained from the Combined Boards in Washington.

Notes of, and observations on the various states [illegible]

Declassified E.O. 12356 Section 3.3/NND No. 785015

SUBJECT : London - Milan Telephone cct.

TO : Headquarters A.C.
att: Communications Sub Commission.

Also Note to Holder re use by British Military

1. Confirming our phone talk of the 8th Dec. one Milan - London direct cct., was opened at 1600 hours 7.12.45., Via Switzerland and France.

2. A G.P.O. Official stated:-

(a). only one line was possible at the moment due to the Bottleneck in France and the large traffic load from England to Switzerland.

(b). as Rates had not yet been established between the two countries and as the G.P.O. did not want to open the line for Business calls until they were sure the pressure of Government calls would allow of civilian use, the line was to be used only by the Governments until the above 2 points were cleaned up.

(c). a telegram had already been sent to the italian ministry and the matter would be taken up again within 10 days.

(d). the French authorities were averse to London's using the Milan-Paris line and Paris had stated this line was already used to capacity. This is not, however, true and the reason should be looked for elsewhere.

3. It is the opinion of the Azienda here in Milan that if Government calls are few and the cct., is thrown open to Business, that the terminal should be Milan and not Rome.

For Regional Commissioner.

OGGETTO Servizio telegrafico con l' Egitto.

sez 109

1. Si fa riferimento alla nota di codesta Sottocommissione n. C/115.109.CS del 29 novembre scorso, riguardante il ripristino del servizio telegrafico con l' Egitto.

2. L' Amministrazione telegrafica egiziana non ha dato ainora nessuna risposta positiva alle ripetute richieste di questo Ministero per la riattivazione di detto servizio che, come é noto, fu interrotto durante la guerra.

Tuttavia, dato quanto codesta Sottocommissione comunica con la nota suddetta, con circolare telegrafica in data 6 corrente é stata disposta l' accettazione di tutte le categorie di telegrammi per l' Egitto, i quali avranno corso per la via dei cavi della C. and W.

2712

*/.

Declassified E.O. 12356 Section 3.3/NND No. 785015

3. Quanto all' invito di codesta Sottocommissione di disporre che il servizio dei telegrammi sia riammesso con tutti i Paesi esteri, senza riguardo se esistano o meno gli opportuni mezzi da parte italiana, si fa presente che ciò non é possibile, poiché con quei pochi Paesi con i quali il servizio é ancora da riattivare, o non esistono affatto comunicazioni né da parte italiana né da parte di altre Amministrazioni o Compagnie estere, ovvero le Amministrazioni estere interessate - quella ungherese, per esempio - non hanno ancora ottenuto l' autorizzazione delle Autorità alleate.

SUBJECT: Civil Telephone Service Italy - U.K.

TO : AFHQ Att: G-5

1. The Ministry of Posts and Telecommunications has reported that the G.P.O. has refused to open telephone service between the U.K. and Italy to any traffic except that of Italian Government Officials evincing as a reason that permission had not been granted for ordinary civilian traffic by the Competent Allied Military Authorities.

2. This is contrary to all the instructions which we have received which clearly indicate that the Italian Administration is free to negotiate opening up of postal and telecommunication services with almost all countries in the world. The U.K. is not one of the excepted countries and it is requested that their stand with reference to the telephone service from Italy to the U.K. be questioned and explanation when received be transmitted to this Sub-Commission.

SUBJECT: UNRRA TRAFFIC

15323

To the Headquarters Allied Commission
Communications Sub-Commission

R O M E.

1. Since October 1st, 1945, when the operations of the Italian terminals of the wireless circuits with New York and London were turned over to our Company, it has been customary for the UNRRA to deposit its traffic direct with the Cable and Wireless Limited, which transmits same to destination by its own means.

2. Previously to October 1st, 1945, UNRRA's traffic was mostly handled through RCAC.

3. We were making attempts with the UNRRA in order to have them change their attitude against our Company, when we received advise from Caserta that the new Communications Officer of the UNRRA attached to AFHQ, Mr. J. Rose, alleging that Cable and Wireless rates are lower than ours, stopped on December 1st to hand in the traffic in question to our Office there. Messages are now sent via Cable and Wireless through the Signal Center.

4. Under these circumstances, we beg to ask to your kindness to let us know if, after the transfer to our Company of the above-stated terminals, Cable and Wireless is authorized to carry out the acceptance of the traffic in question, as well as other similar traffics.

DIRECTORATE OF ARMY WELFARE SERVICES,
CHQ, CMF.

Phone 50040, Extn 5 & 6.

WEL/6017/5/W3.

19 Nov 45.

Subject : VOICE AND MUSIC CHANNEL TO UNITED KINGDOM.

Italcable Company,
Via Calabria 46 - 48,
ROME, CMF.

1. Reference is made to telephone conversation dated 19 Nov 45 between Sgr MANTINATO and Major GRETTON.

2. It is desired to provide a contribution from ITALY to the BBC's Christmas Day Round-the-World Hook-up, which takes place on 25 Dec 45, between 1100 and 1900 hours G.M.T. The actual timing from ITALY would be between 1500 and 1530 hours Italian ("A") time.

3. The channels must be of very good voice quality, but if music quality is available this would be preferred. It is not yet known whether Conference Facilities are needed, but this is quite probable.

4. As the nature of the programme is not yet known, provision at this stage should be made for :-

(a) Simple speech from your own premises.

(b) A programme originating at the premises of the British Forces Station, ROME, and conveyed to your premises by land line. The Commander of the British Forces Station is asked to investigate this possibility with X Branch RAAC and report. Musical quality of the lines is of the greatest importance.

(c) A programme originating at some other military premises in ROME, such as the ALEXANDER CLUB, and conveyed to your premises by land line, either directly, or through the British Forces Station.

(d) A programme originating at some other ITALIAN city, and brought to ROME by such of the pre-war high quality music pairs as may still be available.

Declassified E.O. 12356 Section 3.3/NND No. 785015

Italcable Company,
Via Calabria 46 - 48,
ROME, (20).

1. Reference is made to telephone conversation dated 19 Nov 45 between Sgt MARTINEZ and Major GRETTON.

2. It is desired to provide a contribution from ITALY to the NBC's Christmas Day Round-the-World Hook-up, which takes place on 25 Dec 45, between 1100 and 1500 hours G.M.T. The actual timing from ITALY would be between 1300 and 1330 hours Italian ("A") time.

3. The channels must be of very good voice quality, but if music quality is available this would be preferred. It is not yet known whether Conference Facilities are needed, but this is quite probable.

4. As the nature of the programme is not yet known, provision at this stage should be made for :-

(a) Simple speech from your own premises.

(b) A programme originating at the premises of the British Forces Station, ROME, and conveyed to your premises by land line. The Commander of the British Forces Station is asked to investigate this possibility with X Branch RAOC and report. Musical quality of the lines is of the greatest importance.

(c) A programme originating at some other military premises in ROME, such as the ALEXANDER CLUB, and conveyed to your premises by land line, either directly, or through the British Forces Station.

(d) A programme originating at some other ITALIAN city, and brought to ROME by such of the pre-war high quality music pairs as may still be available.

5. We note that in your opinion, a rehearsal to be of value, should take place at the same time of day as the proposed transmission. We point out, however, that the BBC's rehearsal is concerned with such matters as the actor's interpretation of his script, the timing and cueing of the various contributions, and in general the artistic rather than the technical preparations for the broadcast. It is, therefore, possible that in spite of unfavourable conditions, the BBC might call rehearsal at 0230 hours ("A") 24 and 25 Dec 45.

/Sheet 2.

Declassified E.O. 12356 Section 3.3/NND No. 785015

6. As the financial side of the proposed broadcast has not yet been fixed, it would be of great service to us if you could give us a set of provisional quotations based on the information given above.

7. The Commander of the British Forces Station, RAF, is Captain D.SCOTT, and his telephone is 377054. He will act as our local representative in these negotiations.

Subject: Telephone cables in Addis Ababa

The British Legation at Addis Ababa has been approached by the Ethiopian Ministry of Posts Telegraphs and Telephones with a request for assistance in tracing any plans which might possibly be available in the Ministry for Italian Africa in Rome regarding the disposition of telephone cables in Addis Ababa. Before the entry of the British troops, the Italians appear to have destroyed all such records in their archives in Addis Ababa. The British Legation would therefore be grateful for anything you might find it possible to do to obtain copies from the Italian authorities in Rome.

Could you please help us in this?

SUBJECT: Telephone and Telegraph Facilities Addis Abeba

TO : Ministry of Posts and Telecommunications

1. A request has been received for plans of the telephone and telegraph facilities in the city of Addis Abeba. These to include cable plan and overhead line plan.

2. As it is known that the installation in this city was made by an Italian Company it is believed that copies of requested plans can be obtained in Italy and it would be appreciated if they could be supplied as quickly as possible.

OGGETTO Ripristino servizio telegrafico con il territorio della Città di Danzica.

1. La Compagnia "Cable and Wireless" comunica alla Società Italcable che per il traffico diretto a Danzica la tariffa da applicarsi é quella vigente per la Polonia.

2. Tale comunicazione farebbe ritenere che il servizio telegrafico possa ripristinarsi anche con Danzica, e con tutte le località dell'ex territorio della città di Danzica.

3. Si prega codesta Commissione di far conoscere se tale interpretazione sia esatta, e se conseguentemente gli opportuni accordi in proposito possano prendersi con l'Amministrazione polacca.
