Instructions: Normally one return for all bodies dealt with by each Ministerial Sub-Comm will suffice. A separate return may be required for any large organisations or group of organisations which have a particular importance. The figures to be entered in col (b) is the estimated total number of employees in particular grade. In all other cols will be entered the total number of decisions etc made to the date of return and not the number made during the period nor will the figures be adjusted because of the resumption of service. For instance in col (d) will be the total number of suspensions ordered; if the commissions resulting from these suspensions result in restoration of the employee to their appointments and they are no longer suspended the number restored will NOT be deducted from the total.
