Translation

From Ministry of Posts and Telecommunications S/C.

25 August '45

Prot: 76945/1.3

SUBJECT: Recreation and Dancing on the Terrace of the Provincial Direction PP. & TT. Ancona.

For some time past the Voce Adriatica (Adriattic Voice - evidently a local paper-) of Ancona has been publishing complaining articles about the recreation and dancing that take place on the terrace of the building in which are located the various offices of the Provincial Direction Posts and Telecommunications of that city.

This newspaper in its number of the tenth inst. contains a lively protest by the inhabitants of Via Piave (tenants of the houses of INCIS (National institute of houses for state employees) regarding the unbearable noise coming from this terrace, on which the noisy and jolly proceedings are often dragged out to 3 in the morning and beyond.

This protest has provoked a note of explanation on the part of the Provincial Director in the same number of the newspaper to explain to the public that the Direction has nothing to do with the concessions which have caused the above protests, since the terrace in question is conceded by the Allied Command which still holds requisitioned the East wing of the Posts & Telecommunications building.

It is therefore requested that you interpose to make the necessary representations to the relative quarter in order that the annoying inconvenience may be suspended which not only discredits the Direction but disturbs the night workers in the telegraph room underneath.

We remain in anticipation of your reply 776

The Minister

APO 794
Communications Sub-Commission IAH/ec

A.231.139.CS 26 August 1946

SUBJECT: 600 line Switchboard

TO : Ministry of Posts and Telecommunications

Following receipt of a telegram from Società Edison, Milan and a letter from Giunta Tecnica Del Gruppo Edison dated 14 August 1946, about removal from the building at Foro Bonaparte 16, Milan of a 600 line telephone exchange, a conference was held with representatives of the Edison system and TETI.

The telephone equipment, captured from the enemy, has been transferred to TETI, through ARAR. TETI was willing to remove the equipment on a schedule that will enable the Edison Company to maintain telephone communication in its building at Foro Bonaparte 16 until other arrangements can be made.

Since this arrangement will permit continous operation of the Edison system, the authority of TETI to remove the equipment is reaffirmed.

L.R.HUMBERT,
Lt. Col. Sig.C.
Director.

GIUNTA TECNICA
DEL GRUPPO EDISON

14 August 1946

SUBJECT: Telephone exchange Foro Buonaparte 16.

Reference telegram received this morning from the Dinamo Company, our associate:

"ALLIED COMMISSION HEADQUARTERS COLONEL HUMBERT - ROME -
TELEPHONE COMPANY TETI GENOVA INFORMS US THAT THEY INTEND REMOVING IN NEXT DAYS TELEPHONE SWITCHBOARD SITUATED IN MILAN FORO BUONAPARTE 16 ACCORDING TO YOUR LETTER 9.251.129.CS COMMUNICATIONS SUBCOMMISSION APO 794 OF AUGUST 3 STOP AS EXCHANGE IS PRESENTLY REQUIRED BY BIG PUBLIC POWER DISTRIBUTION SERVICE OF EDISON TRUST WE BEG YOU TO SUSPEND ORDER FOR REMOVAL STOP KINDLY INFORM LIEUTENANT SMITH IN MILAN STOP LETTER WILL FOLLOW STOP RESPECTFULLY",

We kindly ask you to re-examine the situation of the assignment of the above mentioned switchboard to the TETI.

During the occupation the building in Foro Buonaparte 16 was requisitioned by Germans which removed the exchanges existent in the building and substituted them with the mentioned one. Around the end of June the Town Major de-requisitioned the building in favor of the Edison Orobia, Esticino and Dinamo, which re-occupied it right away, being connected for telephone services to the exchange in question, as they thought the exchange had been left in substitution of the ones removed by the Germans, of which no trace was left.

We ask for the suspension of the order because removal of the switxhboard would bring a complete stopage in the telephone services of our companies, whose offices are in the building. Companies which provide todistribution of electrical power in large zones of North Italy.

We are at your disposal for any explanation or to illustrate the necessitjes of our associates.

Thanking you for what you no doubt are willing to do for us, we remain

Sincerely

centrale telefonica Foro Buonaparte 16

Facciamo seguito al telegramma di stamane della società Dinamo nostra consociata:

"ALLIED COMMISSION HEAD QUARTERS CORONEL HUMBERT - ROMA -
TELEPHON COMPANY TETI GENOVA INFORMS US THAT THEY INTEND REMOVING IN NEXT DAYS TELEPHONE SWITCHBOARD SITUATED IN MILAN FORO BUONAPARTE 16 ACCORDING TO YOUR LETTER 9.251.129 CS COMMUNICATIONS SUBCOMMISSION APO 794 OF AUGUST 3 STOP AS EXCHANGE IS PRESENTLY REQUIRED BY BIC PUBLIC POWER DISTRIBUTION SERVICE OF EDISON TRUST WE BEG YOU TO SUSPEND ORDER FOR REMOVAL STOP KINDLY INFORM LIEUTENANT SMITH IN MILAN STOP LETTER WILL FOLLOW STOP RESPECTFULLY",

e ci permettiamo chiedere che cortesemente venga da parte Vostra riesaminata la situazione dell'assegnazione della centrale di cui Vostra lettera del 3/8 alla spett.TETI.

771

Ci permettiamo portare a Vostra conoscenza che durante il periodo di occupazione il palazzo di Foro Buonaparte 16 venne requisito dai tedeschi i quali asportarono i centralini esistenti nel palazzo e li sostituirono con la centrale in oggetto. Verso la fine del mese di giugno il Town Major derequisì il palazzo a favore delle consociate della Edison Orobia, Esticino e Dinamo, che immediatamente lo riccuparono, collegandosi per i servizi telefonici alla centrale in oggetto, ritenendo che la centrale stessa fosse stata lasciata in sostituzione dei centralini asportati dai tedeschi, di cui non si potè avere più alcuna traccia.

Ci siamo permessi di chiedere la sospensione dell'ordine perchè l'eventuale rimozione della centrale porterebbe un completo arresto nei servizi telefonici delle società nostre consociate, i cui uffici hanno sede nel palazzo, società che provvedono alla distribuzione dell'energia elettrica in vaste zone dell'Italia del nord.

ROME AREA ALLIED COMMAND
OFFICE OF THE SIGNAL OFFICER
APO 794, US ARMY

LRH/an
16 August 1946

SUBJECT: Employment of Liaison Officer

TO : Chief Signal Officer, MTOUSA
APO 512, US Army
Attn: Executive Officer

See 136

1. Ten Vasc Romolo Lepore, presently of Italian Navy and serving as Liaison Officer, Signal Section, RAAC is anticipating release from the Italian Navy before 30 August 1946. In order to retain his most valuable services, it will be necessary to employ him, after his release on a civilian pay basis. His services, technical ability, education, etc. are worth in the present Italian communications industry, approximately 25,000 lire per month. He has almost six years practise as a graduate electrical engineer and a total of eleven years practical communications experience.

2. Rome Area, MTOUSA, presently does not have sufficient allocated funds on hand to undertake the hiring and payment of this employee without a special allocation from Fiscal Officer, MTOUSA. If said allocation is not shortly forthcoming, we will lose the valuable services of this Liaison Officer.

3. Presently, Lt Lepore is our direct contact with units such as: Ministry of Communications, TETI, SIPT, FATME, and etc. Having been formerly employed by TETI, he is throughly cognizant of existing automatic telephone systems in Rome and throughout Italy. He facilitates any alterations, installations and dealings with these above-mentioned firms and Ministry. Through the utilization of his services, Allied signal expenditures are kept to a bare minimum, more than compensating for his anticipated wage scale. In addition to his other technical qualifications, Lt Lepore employs a fluent use of the English language.

4. Respectfully request immediate consideration be given this problem and necessary action initiated as outlined in paragraph 2, above.

LEOPOLD R. HAAS
Captain Infantry
Signal Officer

SUBJECT: Cipher Device

TO : Mr. CAPPELLETTI Mario, c/o Salvatore,
Via Mirandola 30
ROME

1. The Chief Signal Officer, AFHQ states that facilities are not available in Allied Force Headquarters to examine your cipher device. In order to have the proper consideration given to your device it will be necessary for your instrument, with keys and instructions, to be forwarded to the War Department for inspection. Information would also be required to show whether the invention has been offered to any other authority, and the names of the individuals who have knowledge of your invention.

2. If this procedure is satisfactory with you, the information and instrument should be transmitted in a sealed container to the Chief Signal Officer AFHQ, through this office.

3. Your property rights in the device will be protected during the time it is under control of Allied Forces.

4. If you prefer to deal directly with representatives of the War Department, you will meet men who are interested in your invention. You might call on Colonel DOWNING, Chief Engineering and Technical Service, The Pentagon Washington, D.C. If you prefer, you could visit Fort Monmouth, N.J., (near Trenton N.J.) and talk to research engineers. Also, you might see the Army Signal Officer, 50, Church Street, New York City, who could assist you in locating the other places.

L.R.HUMBERT,
Lt. COL. Sig.C.
Director.

SUBJECT: 600 Line Automatic Exchange in Milan.

TO : T E T I
Att. Ing. Ruoci
Via Lungotevere Marzio 11, Rome.

1. With reference to the removal of the 600 line automatic telephone switchboard that is located in the building 16, Via Foro Buonaparte, Milan, the following information is submitted.

2. The switchboard and associated equipment was de-requisitioned separately from the building because at the time, it was expected that Allied Forces would use the switchboard in another location.

3. Subsequently, the switchboard has been de-requisitioned and turned over, to ARAR. Lt.C.D. Smith, whose telephone number is Milan 12036, was designated to remove the equipment from the building at 16, Via Foro Buonaparte, and to deliver it to ARAR, or directly to the TETI, as directed by ARAR.

4. It is recommended that you see Lt.Smith for delivery of the equipment to you.

Trahslation by J.Calef.

Rome, 22,7.1946

To: Allied Commission, Rome.

The undersigned Mario Cappelletti, c/o G.Salvatore, Via Mirandola 3o, notifies what follows:

The undersigned has invented and perfected a system of transmission of secret messages, instead of the present cipherers in use, which guarantees the indeciphrability of same messages even by those who although possessing the basic instrument of the system, is not the person to whom the message is directed.

I am willing to be submitted to the examination of any expert and nobody will be able to decipher messages ciphered with my system.

The above mentioned system abolishes the alphabet's value. Each letter can be represented by the others. The words in a fraze can be grouped in two - three - four or as many letters as the writer likes.

Distributing, for instance, the basic system to looo persons, and communicating to everybody the key used for transmission it can be managed so that out of the looo persons just one can decipher the transmitted message, which for the other 999 remains perfectly undeciphrable.

The basic instrument of this system consists of a circular instrument of maximum diameter 15 cm. - formed of various elements.

It is a useless instrument for who is not destined to receive the message and is, therefore, useless to guard it.

With same basic instrument transmission can be made to an endless number of receiving persons in different ways.

Besides guaranteing the indeciphrability of the dispatch by strangers, with my system, without changing anything in the way of using it, only the interested person can decipher a certain message.

The time required for ciphering and deciphering a message is

Declassified E.O. 12356 Section 3.3/NND No. 785015

127

slightly superior to the time required for writing and reading fluently.

I am ready to furnish any proof that your Commission judges necessary.

Sincerely yours,

7.18

RISPOSTA AL N. .....

DEL .....

PROT. N. 174182/500 ALLEGATI .....

OGGETTO: Precedenze telefoniche per la sicurezza del volo.

Aderendo alla richiesta della R.Aeronautica, si dispone che con effetto immediato entrino in vigore le seguenti due precedenze telefoniche, a parziale modifica della circolare n.6 del Ministero Poste e Telecomunicazioni in data 18 gennaio 1945:

SICUREZZA VITA UMANA - convenzionalmente detta SOCCORSO -.
Questa precedenza può essere richiesta da Enti della R.Marina o della R.Aeronautica in caso di pericolo per mezzi in navigazione. Questa precedenza sostituisce la precedenza ALLARME che viene abolita nella suddetta circolare n.6.

ROTTA AEREA - indicata nelle richieste con queste stesse due parole -.
Questa precedenza può essere richiesta da alcuni determinati Enti della R.Aeronautica e precisamente dalle centrali di soccorso, dalle centrali di assistenza al volo e dagli Aeroporti. Questa precedenza deve seguire immediatamente quella stabilita nella suddetta circolare n.6 per le comunicazioni operative. Essa servirà unicamente a comunicazioni riguardanti il movimento dei velivoli.

G.351.119.G3

5 July 1946

SUBJECT : 600 Line Automatic Exchange in Milan

SEE 121

TO : G.S.M. Brenner AC., Rome

Lt. Morris

1. During either 1942 or 1943 Siemens, Milan, manufactured a 600 line automatic exchange for the Germans who installed it at 16, Foro B Mussolini, Milan.

2. Use was made of the building and exchange by both KV Corps and 2 Panzer until a few days ago when the building and exchange were derequisitioned.

3. An investigation was made by Allied Commission with the Siemens Co. in Milan some six months ago when 2 officers required to know the actual proprietors of the exchange and records then stated that to the best of their knowledge they had been paid by the Germans the complete amount due both for manufacture and installation of the exchange by the particular German unit concerned.

4. It is, therefore, required that the exchange be taken over by AMAF from the AFHQ Signals Maintenance Control Officer in Milan and you are requested to inform them of this fact.

5. A quick handover is needed as maintenance on the exchange during the change of hands must be continuous. Signals are prepared to pay the wages of one maintenance technician up to the 10th when the responsibility for maintenance must be AMAF's.

6. The TeTT Telephone Concessionary Coy whose property suffered badly at the hands of the Germans has applied through the Ministry of PT. & TT. to AMAF for an early sale and quick release to them of the equipment which would be installed in Venezia Giulia where no telephone exchange of any sort remains after the German withdrawal.

Translation of L.L decree no. 382 of 5 May 1946 by L/Cpl. Ashmore E.

FROM "GAZZETTA UFFICIALE" No. 126 of 1st June 46

Art 1.

The articles 6 7 8 9 and 10 of law no 554 of 6 May 1940 etc. are hereby abrogated. These laws dealt with the enforced reporting of external aerials installed for receiving sets.

Art 2.

Art 5 of law 554 of 6 May 1940 is modified as follows.
Those who no longer intend to use their outside aerials either because they are no longer desirous of listening in or because they are changing their address or for other reason must see to the removal of the aerial at their own expense and where necessary to the repair of the property.
The removal will not be necessary when the aerial is to be used by another listener.

Art 3.

Various decrees are abrogated and the following substituted.
Radio receivers on motor vehicles taken out of use in accordance with various laws are hereby placed at the disposal of their legitimate owners.

Art 4.

Holders of sets in motror cars must pay the necessary subscription apart from subscriptions paid for sets in other places.
Sets in cars are subject to the laws laid down for ordinary subscriptions.
On the license book for the set must be written the registration number of the car in which is installed the radio.

Above with effect from 30 June 1946.

JUN 10 RECD

Headquarters,
Rome Area Allied Command.

DO/REQ/811

8th June, 1946

My dear Admiral

284

I refer to your letter of 6th June 1946 concerning the apartment of Dr Mario Fano.

We had a request from Dr Fano in May for the release of a portion thereof, which we examined.

The apartment is a very large one of some twenty rooms and really does not lend itself to subdivision, and at that time we could not contemplate releasing the whole.

We have released a great deal of real estate lately. Indeed I think we have overdone it and have left ourselves with such a small margin that we frequently find ourselves in difficulties. It is true that this place is not at present occupied but it is one of comparatively few properties free at our disposal, and I am afraid its immediate release might lead us into embarrassment.

I believe you know that Colonel Dasher and I personally keep a close eye on this matter of accommodation and I can only say that we will make a special note of this case with a view to its release as early as possible.

Yours sincerely,

Rear Admiral Ellery W. Stone,
Chief Commissioner,
ALLIED COMMISSION.

G.851.117

2-8

0555

Declassified E.O. 12356 Section 3.3/NND No. 785015

6 June 1946.

Dr. Mario Fano, Undersecretary of State for Posts and Telecommunications, has informed me of the request made by him to you for the derequisition of the apartment located at 1 Piazza Marina. He informs me that although he does require the entire apartment, his original request to you for a part of the apartment was based on the understanding that it was at that time partly occupied.

I have known Dr. Fano personally since the early days of the Italian campaign. In his important position in the Ministry for Posts and Telecommunications since that time he has rendered invaluable services to the Allied forces in Italy.

Any assistance you can give Dr. Fano in obtaining quarters for himself and his family will be greatly appreciated.

del

OGGETTO Pianoforte ex Sezione Dopolavoro P.T/ di P i s a.-

L'Ispettore incaricato della ricognizione dei mobili di pertinenza dell'ex Sezione Dopolavoro P.T. di Pisa, che aveva sede in Piazza Vittorio Emanuele, ha rilevato, fra l'altro, la mancanza del pianoforte.-

Da indagini esperite è risultato che l'ex sede del Dopolavoro venne occupata, nel luglio 1943, da un reparto di Polizia Americana che, partito il 18 settembre, sembra diretto a Lucca, avrebbe portato con sé il pianoforte.-

Poichè non è stato possibile ottenere più precise indicazioni in merito, si ha il pregio di chiedere l'inverento di codesta Commissione perchè voglia compiacersi ottenere all'ufficio scrivente la restituzione del pianoforte stesso, (che risulta inventariato per L.5.100) e anche che ne venga corrisposto il relativo valore, ragguagliato ai prezzi attuali, tenuto conto che il patrimonio dell'ex Sezione Dopolavoro postelegrafonico è da considerarsi di proprietà dello Stato Italiano.-

SUBJECT : Accommodation at Viminale.

TO : The Undersecretary of State for P & T.

R O M E

1. Reference is made to the attached copy of telegram received by MARSHIP.

2. Three MARSHIP vehicles engaged in urgent Vault Control clearance are parked at Viminale. Any alteration in this arrangement would adversely affect Military Communications as MARSHIP Garage is 7 Kilometres from Viminale.

3. The staircase from the courtyard of the Ministry is used by Military and civilian staffs employed in Rome EC and LD and in addition by American personnel employed in the Teletype Switchboard. Serious inconvenience would be caused if this staircase were closed. Security measures can be applied without any difficulty as all personnel employed are in possession of Military passes. If the Ministry are worried it needs only a member of the Police Service to be stationed at the head of the staircase for the purpose of checking passes.

4. It is requested that the above be explained to the Ministry of the Interior and that no changes be made in existing arrangements.

Subject:- Accommodation at VIMINALE.

To :- OC, L.L.L.C., ROME.

Ref. the attached copy of telegram received by MARESPE from Minister of P.W.E.F.

Three MARESPE vehicles engaged on urgent Fault Clearance are parked at Viminale. This arrangement was made in conjunction with OC 3 Coy, 11 L of C Signals to speed up the clearance of faults. It is thought that any alteration would adversely affect Military Communications as MARESPE garage is 7 Kilometers from Viminale.

SUBJECT: MARESIE

TO : Under-Secretary of State for PP. & TT.

1. As you know there are certain key members of MARESIE who by their intelligent devotion to duty have done more than others to insure the proper fulfillment of the task at hand. It has never been the practice of this Sub-Commission to attempt in any way to influence your Ministry in personnel matters but it is felt that an injustice would be done if we failed to bring your attention the following individuals all of which are well deserving of promotion:

Ing. CARTOCCI Orlando
Dott. CROCATO Antonio
Ing. BIGI Augusto
Dott. ROCA Angelo
Ing. D'ECCLESIA Mario
Ing. LA PECCERELLA Alceo
Ing. GIUFFRIDA Gustavo
Dott. MILELLA Giuseppe.

It is hoped that it will be possible for these men to receive in the form of a promotion a well deserved recognition of their good work.

H.H.SCUDDER,
Col.Sig.C.

16 May 1946

Dear Gigli,

I have your letter of 6 May 1946 and regret sincerely the mix-up which occurred in respect to the Italian decoration. In any case the decoration you received was a well merited recognition of the outstanding services you have performed for your country.

You will know the high esteem all of us in the Communications Sub-Commission have for you and how much you have contributed to the Allied war effort in Italy. Without your conspicuous ability the work of restoring civil telecommunications would have never been accomplished as rapidly as it was and Allied Communications would have suffered a noticeable reduction.

Both gratitude and praise are extended to you for the work you accomplished and your extreme loyalty to the Allied Cause. You may well feel proud of your contribution towards the Allied Victory.

Col. Millar joins me in warmest personal regards.

Yours sincerely,

C.251

ORDNANCE DIRECTORATE,
C.M.H.Q.,
C.M.F.

10th April, 1946.

To whom it may concern.

The firm of RADIAX, Rome, has worked under contract to the British War Department on the production of teleprinter and telegraphic machines and their spare parts from July 1944 to March 1946 with conspicuous success and in a 100% spirit of co-operation.

It's products have always been of the highest quality and in cases where the special materials required were not available from War Department sources, the utmost co-operation, invariably successful, was received in obtaining them from local sources.

Both gratitude and praise are extended to RADIAX for the work they have done, and for their extreme loyalty and obvious desire to contribute their share towards the allied Victory.

Torino, 6 may 1946

Dear Sir ,

I know that Dr. Fano informed you of my unusual position on view of the decoration granted me by the Luogotenente.

I am desiring to thank you very much for this kind appreciation of my work.

Beeing as matter of fact that what I have done,has been done on duty and essentially for the best of Italy, I will hope that this as been also useful ,in some way, for the Allied Commission or A.M.G. authorities,and also useful to establish the fullest cooperation between the american and british forces and the italian Governement.

In this days, so much full of anxiety for us, I hope that the A.C. will support Italy,knowing very well her position,and the urgent need,that we have, of justice and comprehension,so that it should be possible to establish a democratic government.

I am ,personally, very anxious of the future of the fleet: I will still hope not to be obliged to execrate the time,on which two little ships, under my command, have loyally fulfilled the armistice clauses.

ROMA. 11 maggio 1946
VIA ASIAGO 10
TELEF. 34 883 - 34 884

Illustre Colonnello,

desidero aggiungere il mio personale ringraziamento per l'attenzione che Ella ha voluto dare alla pratica riguardante l'addebito fatto dal P.W.B. alla R.A.I. per spese d'occupazione relative all'esercizio artistico di Radio Roma dal 24 giugno al 6 dicembre 1944.

Poichè nel corso dei colloqui che sull'argomento Ella volle accordarmi fu rilevato l'addebito in data 19 luglio 1944 di dollari 20.000 per "Advance of funds to Radio Rome", ho voluto chiarire tale voce e dalle registrazioni contabili della R.A.I. ho rilevato che uguale somma fu dalla stessa R.A.I. rimborsata al P.W.B. il 15 gennaio 1945.

Con questa utile precisazione e nel rinnovarle il mio ringraziamento per la lusinghiera cordialità usatami, Le porgo l'espressione del mio ossequio e La prego di credermi

Dev.mo

OGGETTO: P.W.B. - Fattura.-

Riferimento pregiata Vostra G.251.100.CS: ringraziamo dell'interessamento dell'egregio Col.Scudder per la questione in oggetto e della soluzione propostaci di non tener conto, a nessun effetto, della nota di addebito rimessaci a mano dal P.W.B. nel dicembre 1944 riguardante le spese artistiche di Radio Roma dal 24 giugno al 6 dicembre 1944, ossia le spese sostenute durante il periodo nel quale per esigenze di guerra, il P.W.B. assunse l'esercizio della stazione radio della capitale.

Trattandosi di servizi resi esclusivamente nell'interesse delle Forze Armate Alleate, è da presumere - come codesta On.Sub-Commission desume - che tale addebito sia stato incluso dallo stesso P.W.B. nel rapporto generale al Governo italiano per spese di occupazione.

Con ossequi.

SUBJECT: OIC NAAFI/EFI 32 BIS
BOLOGNA.

TO : Liberation of Space.

1. The firm of Rangoni and Furicelli are manufecturers of X-ray equipment and their factory in Bologna was badly damaged during the war.

2. It is understood that a factory building formerly used for the making of precision instruments is now used by your unit as a warehouse. This space if freed would be well suited to the use of Rangoni and Furicelli in order to permit them to resume production.

3. I have been asked by the representative of the American Westinghouse Company with which Rangoni and Furicelli are associated as to the best way to assist the latter in their attempt to obtain use of the space in question and have told him that any negotiations should be initiated with you. He informs me that Rangoni and Furicelli can make available to NAAFI/EFI other suitable space in Bologna and are prepared to arrange for transportation of any goods in the space at present occupied by NAAFI if it could be arranged to derequisition the building.

4. It would be very much appreciated if you would give the representative of Westinghouse the opportunity of presenting the case to you with a view to reaching an agreement as to freeing the space at present occupied by your unit.

LEGGI E DECRETI

— DECRETO LUOGOTENENZIALE 21 gennaio 1946. — **Sostituzione di un Consigliere di Amministrazione delle poste e delle telecomunicazioni.**

UMBERTO DI SAVOIA
PRINCIPE DI PIEMONTE
LUOGOTENENTE GENERALE DEL REGNO

In virtù dell'autorità a Noi delegata; visto il decreto-legge 26 aprile 1926, n. 520, convertito nella legge 21 marzo 1926, n. 597 e successive modificazioni; visto il decreto Luogotenenziale 16 aprile 1945, registrato alla Corte dei conti il 24 aprile 1945, registro n. 2, Ufficio riscontro poste, foglio n. 223, relativo alla nomina a Consigliere di amministrazione delle poste e delle telecomunicazioni del gr. uff. dott. Gaetano Balducci, Ragioniere generale dello Stato, in rappresentanza del Ministero del Tesoro; visto che il gr. uff. dott. Gaetano Balducci, ha chiesto di essere esonerato da tale incarico; sentito il Consiglio dei Ministri; sulla proposta del Ministro Segretario di Stato per le poste e le telecomunicazioni, di concerto con quello per il tesoro; abbiamo decretato e decretiamo:

Con effetto dal 1° gennaio 1946, il gr. uff. dott. Gaetano BALDUCCI, Ragioniere generale dello Stato, cessa dalla carica di Consigliere di amministrazione delle poste e delle telecomunicazioni ed in sua sostituzione, dalla data stessa, è nominato il comm. dott. Benvenuto BERTONI, Ispettore generale capo (grado IV) della Ragioneria generale dello Stato, in base all'art. 3 del R. decreto-legge 23 aprile 1925, n. 520, convertito nella legge 21 marzo 1926, n. 597.

Il Ministro proponente è incaricato della esecuzione del presente decreto che sarà trasmesso alla Corte dei conti per la registrazione.

Dato a Roma, addì 21 gennaio 1946

UMBERTO DI SAVOIA

DE GASPERI — SCELBA — CORBINO

Registrato alla Corte dei conti il 26-2-1946 - Reg. n. 4, Uff. risc. poste, f. n. 31. — MANCELLA.

la deliberazione del Consiglio dei Ministri; sulla proposta del Ministro Segretario di Stato per il tesoro; abbiamo sanzionato e promulghiamo quanto segue:

Art. 1. — Ai sensi del terzo comma dell'art. 1 del decreto legislativo Luogotenenziale 20 luglio 1944, n. 162, hanno piena validità, ad ogni effetto, anche dopo la restituzione dei singoli territori all'Amministrazione italiana, tutti i provvedimenti di blocco dei depositi bancari e postali e dei titoli di credito di cui all'articolo seguente effettuati in applicazione dei proclami e delle disposizioni delle Autorità Militari Alleate.

Art. 2. — Il Ministro per il tesoro è autorizzato a disciplinare la procedura per lo sblocco dei conti correnti, anticipazioni, depositi e conti bancari e postali di ogni specie, cassette di sicurezza, assegni bancari, assegni circolari, vaglia bancari, vaglia postali e bonifici, vaglia del Tesoro, nonchè lettere di credito, bloccati per effetto di provvedimenti disposti dalle aziende di credito e dagli uffici postali in applicazione degli anzidetti proclami e delle disposizioni a suo tempo emanate dalle Autorità Militari Alleate.

Ordiniamo che il presente decreto, munito del sigillo dello Stato, sia inserto nella Raccolta ufficiale delle leggi e dei decreti del Regno d'Italia, mandando a chiunque spetti di osservarlo e di farlo osservare come legge dello Stato.

ritorio dello Stato; visto il R. decreto-legge 4 febbraio 1942, n. 11, convertito, con modificazioni, nella legge 17 luglio 1942, n. 1100, recante nuove norme sulle aziende appartenenti a persone di nazionalità nemica; visto il R. decreto 10 giugno 1940, n. 556, con cui venne disposta la applicazione della legge di guerra nei territori dello Stato; visti i Regi decreti 11 giugno 1940, n. 587, e 4 agosto 1943, n. 714, concernenti la dichiarazione dello stato di guerra nei territori dello Stato; visto il comunicato della Presidenza del Consiglio dei Ministri, concernente lo stato di guerra con la Germania, pubblicato nella *Gazzetta Ufficiale* del Regno n. 5, dell'11 gennaio 1945; visto il comunicato della Presidenza del Consiglio dei Ministri, concernente lo stato di guerra con il Giappone, pubblicato nella *Gazzetta Ufficiale* del Regno n. 95, dell'11 agosto 1945; visto il decreto legislativo Luogotenenziale 1° febbraio 1945, n. 36, concernente la revoca dei provvedimenti e delle misure adottati in materia di beni appartenenti agli Stati delle Nazioni Unite, nonchè alle persone fisiche e giuridiche, aventi la nazionalità degli Stati stessi; visto il decreto del Presidente del Consiglio dei Ministri 18 ottobre 1945, pubblicato nel supplemento straordinario alla *Gazzetta Ufficiale* n. 132, del 3 novembre 1945, concernente la adozione delle Proclaimed Lists e Statutory Lists delle Nazioni Unite, e visto le successive modificazioni; visto il testo unico delle leggi sulla disciplina dei cittadini in tempo di guerra, approvato con R. decreto 31 ottobre 1952, n. 1611, e visto il regolamento per la sua esecuzione, approvato con R. decreto 31 ottobre 1952, n. 1612; visto l'articolo 4 del decreto-legge Luogotenenziale 25 giugno 1944, n. 151; visto il decreto legislativo Luogotenenziale 1° febbraio 1945, n. 58; vista la deliberazione del Consiglio dei Ministri; sulla proposta del Presidente del Consiglio dei Ministri, Primo Ministro Segretario di Stato, Ministro per gli affari esteri e, *ad interim*, per l'Africa Italiana, di concerto con gli altri Ministri; abbiamo sanzionato e promulghiamo quanto segue:

Art. 1. — L'applicazione della legge di guerra e lo stato di guerra cessano il 15 aprile 1946.

Art. 2. — Nei confronti delle persone fisiche e giuridiche dei Paesi contro i quali l'Italia ha dichiarato la guerra, dopo l'8 settembre 1943, continuano ad applicarsi le disposizioni dei capi II e III, del titolo V, del testo della legge di guerra approvato con il R. decreto 8 luglio 1938, n. 1415, relativo al trattamento dei beni nemici ed ai rapporti economici con lo Stato nemico e le persone di nazionalità nemica, e le successive disposizioni emanate nella materia medesima, nonchè le norme penali che a dette disposizioni si riferiscono.

Resta, altresì, ferma l'applicazione delle Proclaimed Lists e Statutory Lists, adottate con decreto del Presidente del Consiglio dei Ministri 18 ottobre 1945, pubblicato nel supplemento straordinario alla *Gazzetta Ufficiale* n. 132, del 3 novembre 1945, e successivamente modificate. E' fatta salva la facoltà di modificare le liste predette, nel modo previsto dall'art. 325 del testo della legge di guerra, approvato con R. decreto 8 luglio 1938, n. 1415.

Con separato provvedimento, sarà regolato il passaggio dalla legislazione penale militare di guerra a quella di pace, salva restando, frattanto, l'applicazione delle norme vigenti e delle disposizioni concernenti l'ordinamento della giustizia militare in tempo di guerra.

0594

Declassified E.O. 12356 Section 3.3/NND No. 785015

Art. 3. — Tutti i provvedimenti di mobilitazione per il servizio del lavoro sono revocati.

Art. 4. — Tutte le norme giuridiche e gli atti amministrativi o giudiziari, aventi carattere temporaneo in relazione alla durata delle ostilità o della guerra, cessano di avere effetto alla data stabilita nell'art. 1, salvo, a decorrere dalla stessa data, l'ulteriore periodo di efficacia da essi previsto.

Alla data predetta devono essere altresì riferiti tutti gli altri termini stabiliti in relazione alla cessazione delle ostilità o della guerra.

I termini riferentisi alla conclusione della pace od alla firma del relativo trattato restano invariati. Le disposizioni dei comma precedenti valgono anche per gli atti giuridici posti in essere dai privati, semprechè non risulti una diversa intenzione.

Art. 5. — Nei territori ancora soggetti al Governo Militare Alleato, il presente decreto entrerà in vigore il giorno in cui sarà reso esecutivo con disposizione del Governo medesimo, o, in mancanza, il giorno del ritorno di detti territori all'Amministrazione italiana.

Qualora l'entrata in vigore nei territori indicati nel comma precedente sia successiva al 15 aprile 1946, il provvedimento avrà effetto dalla data dell'entrata in vigore.

Ordiniamo che il presente decreto, munito del sigillo dello Stato, sia inserto nella Raccolta ufficiale delle leggi e dei decreti del Regno d'Italia, mandando a chiunque spetti di osservarlo e di farlo osservare come legge dello Stato.

Dato a Roma, addì 8 febbraio 1946.

— DECRETO MINISTERIALE 3 gennaio 1946. — **Costituzione di una Commissione di studio per una nuova organizzazione dell'Amministrazione delle Poste e delle Telecomunicazioni, per il riordinamento dei servizi e la condizione giuridica del personale.**

IL MINISTRO PER LE POSTE E LE TELECOMUNICAZIONI
DI CONCERTO CON
IL MINISTRO PER IL TESORO

Visto il decreto Luogotenenziale 12 dicembre 1944, n. 413, che ripartisce il Ministero delle Comunicazioni nei due distinti Ministeri dei Trasporti e delle Poste e delle Telecomunicazioni;

Ritenuta la necessità di dare al nuovo Ministero delle Poste e delle Telecomunicazioni un ordinamento corrispondente alla sua attività;

Considerata l'opportunità di tenere conto della condizione giuridica di tutto il personale compreso quello delle ricevitorie e che a tal uopo si imponga l'esame di tutti i problemi relativi da parte di una Commissione di funzionari e di esperti;

Decreta:

Art. 1. — E' costituita presso il Ministero delle Poste e delle Telecomunicazioni una Commissione di studio con il compito di elaborare le proposte relative a una nuova organizzazione dell'Amministrazione Centrale e periferica del Ministero stesso, al riordinamento dei servizi e alla condizione giuridica del personale.

Art. 2. — La Commissione di cui all'articolo precedente è così composta:

1) Il Ministro o per esso delegato il Sottosegretario di Stato - *Presidente.*

2) UCCELLATORE comm. dott. Vincenzo, Consigliere di Stato - *Membro.*

3) CARLETTI gr. uff. Aurio, Ispettore generale nel Ministero dell'Africa Italiana, comandato presso il Ministero delle poste e delle telecomunicazioni - *Membro.*

4) NICCOLO' comm. dott. Vittorio, Direttore Capo Divisione nel Ministero delle poste e delle telecomunicazioni - *Membro.*

5) NOVI comm. Paolo, Direttore Capo Divisione nel Ministero delle poste e delle telecomunicazioni - *Membro.*

6) FRASCHETTI cav. uff. dott. Vittorio, Capo Sezione nel Ministero delle poste e delle telecomunicazioni - *Membro.*

7) CARUSO rag. dott. Umberto Carmelo, Vice Ispettore nel Ministero delle poste e delle telecomunicazioni - *Membro.*

8) D'ERAMO cav. Vittorio, Capo Ufficio di 1ª classe nel Ministero delle poste e delle telecomunicazioni - *Membro.*

9) GRAZIANI Rodolfo, Capo Ufficio di 2ª classe nel Ministero delle poste e delle telecomunicazioni - *Membro.*

0596

Declassified E.O. 12356 Section 3.3/NND No. 785015

10) FUSCHINI gr. uff. avv. Giuseppe - *Membro.*

11) RUBINO prof. avv. Domenico, ordinario di diritto privato nella Regia università di Macerata - *Membro.*

12) TOGNI prof. Giuseppe, Consultore Nazionale - *Membro.*

13) PIGNATELLI dott. Gaspare, bancario - *Membro.*

Funge da Segretario il Vice Ispettore nelle poste e telecomunicazioni ARCIERI dott. rag. Mario che può essere eventualmente coadiuvato da altri funzionari.

Art. 3. — La Commissione, per l'esame di determinati argomenti, può aggregarsi altri esperti dell'Amministrazione e costituirsi in sottocommissioni.

Art. 4. — Ai componenti la Commissione, ai membri aggregati e al Segretario è dovuto un gettone di presenza per ogni adunanza, nella misura stabilita dall'articolo 63 del R. decreto 8 maggio 1924, n. 843 e successive modificazioni da imputare al Cap. 4 del bilancio dell'Amministrazione autonoma delle poste e dei telegrafi del corrente esercizio, per l'importo presunto complessivo di Lire 100.000.

Il presente decreto sarà registrato alla Corte dei conti.

Roma, addì 3 gennaio 1946

Il Ministro per le Poste e le Telecomunicazioni: SCELBA

Il Ministro per il Tesoro: CORBINO

DISPOSIZIONI DI SERVIZIO

POSTE

§ 69 — Diritti dovuti dai concessionari del trasporto di pacchi. - Esonero per i pacchi-dono provenienti dall'estero.

4/2 (n. 79328-T-1946). — In seguito ad accordi intervenuti col Ministero delle Finanze si è stabilito che le Ditte italiane, autorizzate al trasporto di pacchi soggetti ad esclusività, sono temporaneamente esonerati, dietro domanda su carta legale da trasmettere a questo Ministero pel tramite delle Direzioni, dal pagamento del diritto dovuto all'Amministrazione, limitatamente ai pacchi-dono provenienti dall'Estero e loro appoggiati per la consegna ai destinatari.

Per tutti gli altri pacchi non rientranti nella categoria predetta i diritti postali devono sempre essere corrisposti.

0597

Declassified E.O. 12356 Section 3.3/NND No. 785015

Sono state finora esonerate dal pagamento predetto le seguenti Ditte:

1° — Società in nome collettivo Dini & Tavassi - Via Matteo Schilizzi n. 19 - Napoli.

2° — S.A. Innocente Mangili Adriatica « SAIMA » - Filiale di Napoli, via Firenze n. 5.

3° — Società Meridionale Luciano Franzosini - Sede di Napoli, via A. De-pretis n. 102.

4° — S.N.T. Fratelli Gondrand e succursali - Sede di Roma, piazza Augusto Imperatore n. 32.

Le Direzioni richiamino su quanto precede l'attenzione degli organi preposti alla vigilanza.

SERVIZI A DANARO

§ 70 — Contabilità a cottimo dei vaglia pagati - Criteri circa la suddivisione dei vaglia pagati.

La disposizione della circolare n. 93888/40 del 2 giugno 1942 che modificava i criteri da seguire circa la suddivisione dei vaglia telegrafici pagati, è abrogata.

A partire dai vaglia pagati nel mese di febbraio u. s. deve pertanto essere ripristinata la suddivisione prevista nella Tabella XII-4, edizione 1942.

RAGIONERIA

§ 71 — Prolungamento orario Uffici telegrafici in occasione delle prossime elezioni amministrative.

VI/3 (n. 306189). — Si avvertono le Direzioni che, qualora durante il periodo delle prossime elezioni amministrative, su richiesta delle locali prefetture saranno attuati prolungamenti di orario negli uffici telegrafici per motivi di sicurezza e di ordine pubblico, la relativa spesa dovrà far carico al Ministero dell'Interno, con imputazione al noto fondo del deposito costituito presso il Gestore centrale, con l'osservanza delle apposite istruzioni impartite con circolare della Ragioneria Centrale n. 356/231 in data 7 agosto 1931.

TELEGRAFI

§ 72 — Uso di pile a secco di grande capacità.

Si è rilevato un eccessivo uso di pile a secco di grande capacità, che vengono spesso utilizzate anche per alimentare singoli circuiti al posto delle preesistenti pile italiane.

0598

Declassified E.O. 12356 Section 3.3/NND No. 785015

Ad evitare ciò, si invitano i Circoli delle Costruzioni a limitare a casi di assoluta necessità l'impiego di dette pile a secco, in considerazione del loro alto costo e della loro capacità elevata che le rende di uso vantaggioso solo per uffici aventi più circuiti alimentati dalla stessa batteria, mentre negli altri casi devono essere adoperate le pile italiane. Qualora i materiali per la formazione di pile italiane mancbino, dovranno essere richiesti.

AFFARI GENERALI E VARIE

§ 73 — Trasporti per conto delle Amministrazioni dello Stato a mezzo dell'« E.N.A.C. ».

Con riferimento al decreto legislativo Luogotenenziale 17 agosto 1944 n. 188, pubblicato a pag. 203 del Bollettino n. 5 - Parte 2ª - anno 1944, concernente l'istituzione dell'Ente Nazionale Autotrasporti di Cose (E.N.A.C.), si riproduce qui di seguito, per norma degli organi dipendenti da quest'Amministrazione, una circolare del Ministero dei Trasporti, riguardante siffatta materia.

Roma, 14 febbraio 1946.

MINISTERO DEI TRASPORTI

GABINETTO

N. C. E. 0/0,70

Alla Presidenza del Consiglio dei Ministri; a tutti i Ministeri; all'Alto Commissariato per l'Alimentazione; all'U. N. R. R. A.; alla Federazione dei Consorzi Agrari.
ROMA

OGGETTO: **Trasporti per conto delle Amministrazioni dello Stato.**

Viene segnalato che alcuni Dicasteri, da qualche tempo a questa parte, per la esecuzione di trasporti di notevoli quantitativi di merce interessanti le proprie Amministrazioni, si rivolgono ad alcune ditte o gruppi di trasportatori privati trattando direttamente con questi le condizioni del trasporto.

Tale procedura ha suscitato vivo malcontento nella massa dei trasportatori, preoccupati di rimanere esclusi dalle assegnazioni di lavoro spesso di notevole importanza, pur ritenendo di poter dare lo stesso affidamento di garanzia e di serietà dei trasportatori prescelti.

Si ritiene opportuno ricordare al riguardo che ai sensi del D. L. L. 17 agosto 1944, n. 188, tutti gli autotrasporti di cose su strada sono disciplinati e disposti dall'Ente Nazionale Autotrasporti Cose, il quale oltre a garantire la esecuzione dei trasporti stessi può anche concordare con i trasportatori eventuali riduzioni rispetto ai prezzi previsti dalla « Tariffa Unica per i trasporti di cose su strada con automezzi » approvata con decreto Ministeriale 30 gennaio 1945 (*Gazz. Uff.* dell'8 febbraio 1945).

Si pregano pertanto tutti i Dicasteri di rivolgersi direttamente alla Direzione Generale dell'E.N.A.C. che ha sede presso questo Ministero, ogni qualvolta avessero bisogno di provvedere alla esecuzione di trasporti.

Si gradirà un cortese cenno di assicurazione.

Il Ministro: LOMBARDI

0599

Declassified E.O. 12356 Section 3.3/NND No. 785015

§ 74 — Servizio sanitario. - Visite fiscali.

1. — *Ricupero delle spese per visite fiscali nel caso di mancato riconoscimento della malattia.*

Con riferimento alle norme impartite col § 18 del Bollettino n. 2 anno corrente, si precisa che devono essere poste a carico del personale soltanto le spese relative alle visite fiscali che abbiano dato luogo al mancato riconoscimento della malattia.

Dette spese devono però essere ugualmente sostenute dall'Amministrazione con imputazione al capitolo 10 art. 1, salvo il successivo recupero mediante trattenuta sullo stipendio degl'interessati; l'importo di tali trattenute sarà versato a fine mese al capitolo del bilancio dell'entrata relativo ad entrate eventuali e diverse dei servizi postali (cap. 7).

2. — *Convalida dei referti dei medici fiduciari.*

I medici fiduciari dell'Amministrazione devono indicare nei refurti, dopo la firma, la detta loro qualità, che deve essere convalidata sui referti stessi, con bollo e firma, da parte delle Direzioni provinciali.

Si raccomanda ai *Servizi del Ministero, alle Direzioni Provinciali ed ai Circoli delle Costruzioni* di prestare la più diligente collaborazione per la rapida costituzione ed il regolare funzionamento degli Uffici Regionali di Controllo, i quali debbono assolvere, d'accordo con gli Enti locali cui è affidato l'esercizio delle telecomunicazioni (Ispettorati di zona dell'Azienda di Stato per i Servizi Telefonici, Circoli delle Costruzioni, Sezioni del Marespe, Società Concessionarie telefoniche), compiti assai delicati ed importanti, tra cui quello di assicurare, in ogni momento ed a qualsiasi evenienza, le comunicazioni che interessano le ... delle Militari Alleate.

COSTITUZIONE E RESPONSABILITA' DELL'UFFICIO SUPERIORE DELLE TELECOMUNICAZIONI E DEGLI UFFICI REGIONALI DI CONTROLLO

I. — COSTITUZIONE DELL'U.S.T.

E' stato costituito in Roma, con sede in Piazza S. Andrea della Valle n. 3, *l'Ufficio Superiore delle Telecomunicazioni* (U.S.T.), destinato ad assumere gradualmente le funzioni finora esercitate dall'« AFHQ Chief Signal Office L. of C. of Italy » della Commissione Alleata.

II. — SCOPO DELL'U.S.T.

Scopo principale dell'Ufficio Superiore delle Telecomunicazioni è quello di esercitare la supervigilanza per il regolare funzionamento del complesso di tutte le linee aeree e in cavo a lunga distanza, nonchè il controllo per l'assegnazione, costituzione, variazione, cessazione e manutenzione delle suddette linee.

La supervigilanza ed il controllo di cui sopra verranno perciò esercitati:

a) sulla rete speciale militare alleata, affidata in manutenzione al MARESPE;

b) sulla rete del cavo nazionale dell'*Azienda di Stato per i Servizi Telefonici*;

c) sulla rete aerea ed in cavo del Servizio dei Telegrafi dello Stato;

d) sulla rete aerea ed in cavo delle Società telefoniche concessionarie.

0 6 0 2

Declassified E.O. 12356 Section 3.3/NND No. 785015

III — ORGANI PERIFERICI.

Organi periferici dell'Ufficio Superiore delle Telecomunicazioni sono speciali sezioni denominate « *Ufficio di Controllo delle Telecomunicazioni* » (U.C.T. — Indirizzo telegrafico « Telecontrol »), i quali dovranno sostituire gli attuali « *Fault Controls* » delle Forze militari Alleate.

IV. — PASSAGGIO DELLE FUNZIONI ALL'U.S.T.

Il passaggio delle funzioni dalle Autorità Militari Alleate all'Ufficio Superiore delle Telecomunicazioni deve avvenire gradualmente, in tre fasi prestabilite.

Nella terza fase, attualmente in corso, l'Ufficio Superiore delle Telecomunicazioni deve assumere il completo controllo del complesso delle reti aeree ed in cavi del Paese, e dovrà agire in collaborazione con Ufficiali addetti di collegamento facenti parte dell'AFHQ Long Lines Liaison Office, con sede presso lo stesso U.S.T.

V. — COMPITI DELL'U.S.T.

L'Ufficio Superiore delle Telecomunicazioni avrà la responsabilità:

a) della sorveglianza e del controllo di tutte le comunicazioni a lunga distanza, specialmente per quanto riguarda l'assegnazione, costituzione, variazione, cessazione dei singoli circuiti e della loro manutenzione;

b) della comunicazione dei relativi ordini agli Uffici regionali di controllo;

c) dell'aggiornamento degli schemi, dei registri e delle carte relativi alle linee a lunga distanza;

d) della esecuzione d'ispezioni agli Uffici di controllo e al complesso del sistema di telecomunicazioni.

Tutte le richieste relative alla costituzione, variazione, cessazione e assegnazione dei circuiti dovranno essere dirette all'U.S.T. Nessuna variazione potrà essere fatta senza un preciso ordine dell'U.S.T. (Ordine per circuiti interurbani = O.C.I.).

Sino a quando non sarà possibile organizzare una speciale rete di telescriventi in sostituzione di quella impiantata e attualmente esercitata dall'« Allied Forces Headquarter Long Lines Liaison Office », gli ordini dell'U.S.T. verranno trasmessi attraverso la rete telegrafica ordinaria e godranno della « precedenza assoluta ».

Per rendere più rapida la trasmissione di tali ordini, gli Uffici telegrafici dovranno essere collegati, mediante telescriventi, con i locali uffici di controllo.

VI. — COMPOSIZIONE DELL'U.S.T.

L'U.S.T. sarà composto dei seguenti reparti:

Reparto I — rete aeree statali.
Reparto II — rete del cavo nazionale.
Reparto III — rete speciale militare alleata (MARESPE).
Reparto IV — reti delle Società telefoniche concessionarie.
Reparto V — traffico, amministrazione e contabilità.

Al III Reparto è preposto lo stesso dirigente centrale del Maresipe.

Presso l'U.S.T. ha sede anche l'« Allied Force Headquarter Long Lines Liaison Office ».

0603

Declassified E.O. 12356 Section 3.3/NND No. 785015

VII. — ORARIO E COLLEGAMENTI.

L'U.S.T. ha orario permanente di giorno e di notte. Esso è provvisto dei seguenti collegamenti telefonici:

Rete urbana	Direttore	n. 67359
	Segreteria	» 52171
	Reparti linee aeree	» 67976
	Reparto cavi	» 67945
	Anticamera	» 67952
Centralino del Ministero		» 158
Collegamento diretto col Fault Control di Roma		» 99
Collegamento diretto con l'Ufficio Interurbano di Roma		» 259

Sarà quanto prima collegato anche, mediante telescrivente, all'Ufficio Telegrafico di Roma.

L'AFHQ Long Lines Liaison Office dispone di due collegamenti telefonici urbani (numeri 56006 e 56001) e di due collegamenti telegrafici a telescrivente con centralino dei telescriventi del Fault Control Militare di Roma, attraverso il quale può corrispondere direttamente con tutti i Fault Control regionali e con i vari reparti militari.

VIII. — ISTITUZIONE DEGLI UFFICI CONTROLLO TELECOMUNICAZIONI (U.C.T.)

E' in corso, e deve essere condotto a termine al più presto possibile, la istituzione di speciali Sezioni regionali dell'U.S.T. denominate « Uffici Controllo delle Telecomunicazioni » (U.C.T.), i quali dovranno sostituire gli attuali Fault Control militari degli Alleati.

La Direzione Generale delle Poste e delle Telecomunicazioni, attraverso le singole Direzioni Provinciali e i Circoli delle Costruzioni, e l'Azienda per i Servizi Telefonici, attraverso gli Ispettorati di zona, dovranno facilitare in tutti i modi possibili tale costituzione, mediante l'assegnazione del personale dei locali, del mobilio e di tutti i mezzi occorrenti.

Per il personale dovrà essere prescelto quello particolarmente esperto in materia di linee aeree, di cavi e delle relative apparecchiature.

Soltanto nel caso che non si possa provvedere col personale disponibile e riconosciuto idoneo si ricorrerà alla assunzione di diurnisti che posseggano tutti i necessari requisiti.

IX. — COMPOSIZIONE DEGLI UFFICI CONTROLLO TELECOMUNICAZIONI.

Normalmente gli Uffici Controllo comprendono le seguenti sottosezioni:

Sottosezione 1ª — Linee aeree dello Stato e della rete speciale militare alleata;

Sottosezione 2ª — Cavo nazionale;

Sottosezione 3ª — Rete delle Società Concessionarie.

A causa della deficienza del personale tecnico dirigente, il capo della locale Sezione regionale del Maresp assumerà anche la direzione e la responsabilità dell'Ufficio Controllo.

0604

Declassified E.O. 12356 Section 3.3/NND No. 785015

Egli sarà assistito da un esperto delle linee aeree statali distaccato dal Circolo delle Costruzioni, e da un esperto in materia di cavi messo a disposizione dall'Azienda di Stato per i Servizi Telefonici, i quali assumeranno, rispettivamente, la responsabilità della prima e della seconda collaudazione.

L'esperto più elevato in grado assumerà la carica di Vice-capo dell'Ufficio Controllo.

Dopo il completamento della organizzazione degli Uffici Controllo, rimarrà presso ciascuno di essi un Ufficiale di collegamento delle Forze Militari Alleate.

X. — COMPITI DEGLI U.C.T.

Gli Uffici di Controllo delle telecomunicazioni dovranno esercitare le stesse mansioni attualmente disimpegnate dai « Fault Control » militari allo scopo di assicurare, nella zona di propria competenza, il regolare funzionamento del complesso delle linee aeree e in cavo della rete governativa, speciale militare alleata (MARESPE), e delle Società concessionarie.

Essi saranno responsabili:

a) della sorveglianza sulla manutenzione delle linee a lunga distanza comprese nella zona di propria competenza;

b) dell'immediato inoltro ai vari enti interessati (Circoli delle Costruzioni, Ispettorati di zona dell'Azienda di Stato per i Servizi Telefonici, Sezioni regionali del Marespe, Società telefoniche concessionarie) delle disposizioni impartite con i « Toll Circuit Orders » (T.C.O.) dell'AFHQ Long Lines Liaison Office, e con gli Ordini relativi ai circuiti interurbani (O.C.I.) dell'Ufficio Superiore delle Telecomunicazioni, riguardanti la costituzione, variazione, cessazione e assegnazione dei circuiti, nonchè della vigilanza sulla esatta esecuzione di tali ordini;

c) della vigilanza perchè nessun cambiamento nei circuiti a lunga distanza sia effettuato, senza la preventiva autorizzazione dell'AFHQ Long Lines Liaison Office, oppure dell'Ufficio Superiore delle Telecomunicazioni;

d) della compilazione e dell'aggiornamento degli schedari, dei registri, delle carte e dei diagrammi relativi alle linee a lunga distanza comprese nella propria zona;

e) della registrazione accurata dei guasti dei singoli circuiti;

f) del controllo dei lavori relativi alla rimozione dei guasti sulle linee a lunga distanza;

g) della vigilanza perchè nella riattivazione dei circuiti eventualmente interrotti siano seguiti i criteri di precedenza fissati dall'AFHQ Long Lines Liaison Office, oppure dall'Ufficio Superiore delle Telecomunicazioni;

h) di informare le Autorità e gli altri Uffici interessati circa la probabile durata del guasto, non appena ne sia stata effettuata la localizzazione, affinchè possano essere presi gli opportuni provvedimenti per l'avviamento del traffico;

i) di avvisare le Autorità e gli Uffici di cui alla lettera precedente non appena riparato il guasto e riattivato il circuito, dopo aver accertato che il collegamento tra i centri terminali sia veramente in efficienza;

j) della assistenza agli enti interessati, in caso di bisogno e nei limiti delle proprie disponibilità e possibilità, per la esatta esecuzione degli ordini di cui alla lettera *a*), e per la rapida riparazione dei guasti;

0605

Declassified E.O. 12356 Section 3.3/NND No. 785015

k) di segnalare tempestivamente all'Ufficio Superiore delle Telecomunicazioni le eventuali deficienze del personale, di materiali di manutenzione, i difetti o le manchevolezze di qualsiasi natura nelle apparecchiature e negli impianti, ed in generale gli inconvenienti di qualsiasi natura che possano compromettere il regolare funzionamento dei servizi.

XI. — ORARIO E COLLEGAMENTO DEGLI U.C.T.

Gli Uffici di Controllo faranno orario permanente, di giorno e di notte.

Ogni Ufficio Controllo dovrà essere collegato, mediante impianto di telescrivente, all'Ufficio telegrafico locale, e avrà inoltre gli altri collegamenti che saranno ritenuti necessari, o che verranno ordinati dall'U.S.T.

XII. — SEDI E CIRCOSCRIZIONI DEGLI U.C.T.

Per ora vengono costituiti gli Uffici di Controllo nelle seguenti località:

Milano, Venezia, Bologna, Ancona, Firenze, Roma, Napoli, Foggia, Bari, Catania.

Le sedi degli Uffici di Controllo dovranno essere impiantate possibilmente negli stessi edifici dei Circoli delle Costruzioni, degli Uffici telegrafici o telefonici interurbani statali, o in altri locali di questa Amministrazione, e in ogni caso in prossimità dei medesimi.

Ogni Ufficio Controllo avrà una zona di giurisdizione che potrà comprendere uno o più Circoli delle Costruzioni.

Per la rete speciale alleata i limiti fra i vari Uffici Controllo saranno in generale quelli stabiliti per le sezioni regionali del Marespe, salvo alcune eccezioni che saranno separatamente comunicate agli Uffici Controllo interessati.

Per il cavo telefonico nazionale, per le reti aeree statali e per le reti delle Società concessionarie i limiti verranno precisati dall'Ufficio Superiore delle Telecomunicazioni, dopo presi i necessari accordi con l'« AFHQ Long Lines Liaison Office », con il Servizio dei Telegrafi e con l'Azienda di Stato per i Servizi Telefonici.

XIII — DISPOSIZIONI GENERALI.

Per impegni presi dal Governo Italiano, la Direzione Generale P. T. (Servizio dei Telegrafi), l'Azienda di Stato per i Servizi Telefonici, l'Ufficio Superiore delle Telecomunicazioni e i rispettivi organi periferici (Circoli delle Costruzioni, Ispettorati di zona dei Telefoni, Uffici telegrafici e telefonici, Uffici di Controllo delle Telecomunicazioni) debbono assicurare, in ogni momento ed in qualsiasi evenienza, il regolare funzionamento delle comunicazioni che interessano le Autorità Militari Alleate.

AZIENDA DI STATO PER I SERVIZI TELEFONICI

§ 77 — Nuova organizzazione del servizio sanitario per l'Azienda di Stato per i Servizi Telefonici.

Con telegramma circolare della Direzione Generale delle PP. TT. n. 143180 del 4 febbraio u. s. fu disposto che le norme diramate con le precedenti circolari n. 280733/1619/45 e n. 280734/1619/45 del 26 gennaio 1946, successivamente

0606

Declassified E.O. 12356 Section 3.3/NND No. 785015

riassunte nel § 18 del Bollettino n. 2 parte seconda, del corrente anno, fossero estensibili anche al personale dell'Azienda di Stato per i Servizi Telefonici e che, per il pagamento degli onorari ai medici fiduciari, gli Ispettori Telefonici di Zona avrebbero ricevuto direttamente istruzioni dalla propria Direzione Centrale.

Pertanto, mentre si precisa che, per il servizio sanitario relativo agli infortuni, la Direzione Centrale dell'Azienda, con lettera n. 1701392/33 dell'8 gennaio 1946, ha provveduto a dare ai dipendenti Ispettorati disposizioni analoghe a quelle contenute nella citata circolare n. 280734/1619/45, per quanto, invece, riguarda il servizio sanitario per le visite fiscali comuni, si riportano qui di seguito, anche per norma delle Direzioni Provinciali delle PP. e TT., le istruzioni impartite agli Ispettorati stessi, dalla propria Direzione Centrale medesima, con circolare n. 34, prot. n. 1703458/1 San del 21 febbraio 1946 e cioè:

L'Azienda di Stato per i Servizi Telefonici si avvale degli stessi medici designati dall'Amministrazione delle PP. e TT. e segue, per il resto, le stesse modalità riassunte nel sopracitato parragrafo 18.

Gli Ispettorati Telefonici di Zona prenderanno al riguardo, con le Direzioni Provinciali delle Poste interessate, tutti i contatti necessari e daranno precise disposizioni agli Uffici dipendenti.

Per la compilazione dei referti medici, gli Ispettorati di Zona e gli Uffici dipendenti utilizzeranno i moduli adottati dalla Amministrazione delle PP. e TT., previa stampigliatura con il timbro dell'Ufficio. Tale stampigliatura faciliterà il compito del sanitario incaricato dell'espletamento della visita fiscale, il quale potrà così conoscere a quale Ufficio il referto medico dovrà essere inviato, e se l'onorario della visita debba far carico all'Amministrazione postale telegrafica o all'Azienda Telefonica.

Quanto al pagamento degli onorari dovuti ai sanitari per le visite mediche fiscali disposte dall'Azienda, si dovranno applicare le seguenti istruzioni:

1° — Gli uffici ordinatori degli accertamenti terranno rigorosa nota, in apposito registro, delle visite eseguite dai singoli sanitari, e ne daranno regolare comunicazione all'Ispettorato di Zona il primo di ogni mese. Il registro dovrà contenere i seguenti elementi: *a*) numero d'ordine; *b*) cognome, nome e qualifica dell'impiegato da visitare; *c*) data in cui è stata richiesta la visita; *d*) medico incaricato e numero di telefono; *e*) data in cui la visita ha avuto luogo; *f*) annotazioni. Le comunicazioni all'Ispettorato dovranno contenere le stesse notizie.

2° — Gli Ispettorati eseguiranno il controllo sui nominativi dei sanitari, nel senso che questi siano compresi effettivamente fra quelli autorizzati, e, previo accertamento della tariffa in vigore per le varie Direzioni Provinciali, provvederanno alla liquidazione dell'onorario complessivamente dovuto a ciascun sanitario fiscale per le visite da questo effettuate nel mese precedente per conto dell'Azienda.

3° — Il pagamento dovrà avvenire verso ritiro, dal sanitario percipiente, di regolare quietanza Mod. 70 A.T. da cui dovrà risultare il numero delle visite effettuate nel mese cui si riferisce il pagamento stesso; a tergo del Mod. in parola, l'Ispettorato di Zona apporrà la dichiarazione di conferma circa il nu-

0607

Declassified E.O. 12356 Section 3.3/NND No. 785015

mero delle visite medesime, e circa la liquidazione del conseguente compenso, firmata dall'Ispettore di Zona e corredata da un elenco nominativo del personale sottoposto a visita fiscale, con l'indicazione della data della visita.

4° — La spesa è a carico del Capitolo 13 del Bilancio passivo dell'Azienda.

5° — L'importo dell'onorario e esente da imposte o ritenute erariali. Sulla somma lorda, come sopra dovuta, per avere il netto da pagare, dovrà essere detratta soltanto la corrispondente tassa di quietanza.

6° — Oltre ai casi previsti nel già menzionato paragrafo 18 del Bollettino n. 2, parte seconda, del corrente anno, saranno poste a carico del personale le spese relative alle visite fiscali che diano luogo al mancato riconoscimento della malattia. Delle spese dovranno essere egualmente anticipate dall'Amministrazione con imputazione al Capitolo 11, salvo successivo ricupero mediante trattenuta sulle competenze degli interessati, da versarsi, alla fine di ogni mese, alla Direzione dell'Azienda (Reparto 1° - Ufficio 1°) mediante vaglia di servizio emesso a favore del Cassiere Centrale dell'Azienda stessa, ed accompagnato da apposita distinta.

7° — Per i necessari controlli di regolarità da parte della Direzione della Azienda, gli Ispettorati invieranno al Reparto 1° - Ufficio 1°, un elenco in duplice copia dei sanitari autorizzati per ogni sede, indicando la tariffa di onorario concordata dall'Amministrazione delle PP. e TT. Successivamente comunicheranno tutte le variazioni.

8° — Circa la sistemazione amministrativa delle visite già effettuate per i mesi di gennaio e febbraio decorsi, ove non sia possibile procedere alla liquidazione direttamente ai sanitari con le norme di cui sopra, gli Ispettorati provvederanno al rimborso delle spese alle singole Direzioni Provinciali, verso rilascio di quietanza, che, munita della distinta compilata da ogni Direzione Provinciale, nonchè della dichiarazione di conferma sottoscritta dall'Ispettore di Zona, come dal precedente punto 3°, dovrà essere allegato al rendiconto a giustificazione della spesa.

IL MINISTRO
SCELBA

TO : A.C. Liaison Group Lombardia
Attn Maj. HOLLAND

1. Under separate cover I am sending you a number of copies of a U.S.I.S. publication on Labor Relations in the U.S.A., which I think prove of interest to the Telephone Manufacturing and operating companies in your territory. The wave of strikes in the U.S.A. is not conducive to the conclusion that the U.S.A. has found the clue to settling labor disputes but nevertheless the Italians are now faced with problems new to them which have been, if not solved, at least studied in the U.S.A.

2. It is thought, therefore, that the pamphlets would be useful in showing the method by which the problems are being dealt with even if the solutions proposed have not proved completely efficacious.

H.R.SCUDDER,

SUBJECT : Routing of Correspondence.

TO : All Concerned.

FILE G251
Date 28 FEB 1946

1. The Finance Sub Commission of the Allied Commission formerly included two functions which have recently been placed under AFHQ:

(a) the function of accounting for civilian supplies made available to the Italian civil population, which now comes under the Allied Supply Accounting Agency

(b) the supply of lire currency to the Allied Forces in Italy, and various related technical functions, which is the responsibility of the Allied Financial Agency.

Both ASAA and AFA will continue to be located in Rome and attached to the Allied Commission.

2. It is desirable that correspondence pertaining to Allied Supply Accounting Agency and Allied Financial Agency matters be addressed directly to these Agencies instead of through the message center of the Finance Sub-Commission as at present.

3. It is therefore requested that all correspondence and documents on matters of civilian supply accounting be addressed to the Allied Supply Accounting Agency. Much of such correspondence was formerly addressed to the Chief Accountant, Allied Commission, and should now be readdressed.

4. All correspondence on the following questions should in future be addressed to the Allied Financial Agency:

(a) the supply of lire currency to the Allied Forces
(b) redemption of counterfeit notes

Declassified E.O. 12356 Section 3.3/NND No. 785015

G.251.53.CS 9th Dec.45

SUBJECT: Lost Baggage.

TO : Air Transport Command, Rome.

1. On November 3.1945 the Italian Delegation to an international Conference in London delivered the personal baggage of its members to the A.T.C. Office in Quebec Street, London. The Officer in charge of the baggage desk at the time is reported to have been a Lt.Hill. A provisional receipt was given by Lt.Hill for 10 pieces of baggage.

2. On the 4th of November when baggage was loaded for transport to the airport there were only 9 pieces and this fact was drawn to Lt.Hill's attention. This missing piece being a small bag of dark brown leather belonging to Dr.Eugenio Grillo. The bag weighed about 20 pounds and contained clothing and personal effects to a value of 80 pounds sterling. The bag itself is valued at 25 pounds sterling.

3. Report of loss was made at A.T.C. Office at Quebec St., Bevington airport and at Orly in Paris. Passengers left Bevington for Paris on flight 49 IV November 4th at 15.30 hrs.

4. It was expected that in view of reports made as above bag would have been forwarded to Rome by now but no report has as yet been received of its arrival.

5. It is requested that inquiries be made in London, Paris and Rome in order to locate the bag, the loss of which is a serious financial one to the owner who is an Italian State Employee.

SIGNAL SECTION
HEADQUARTERS ALLIED COMMISSION
APO 394

4 March 1946

SUBJECT: Personnel Requirements in Signal Section for Proposed Traffic.

TO: Director, Communications Sub-Commission.

1. The proposed change in handling traffic will require a total of 4 officers and 17 enlisted men. The present T/O is 1 officer and 13 enlisted men.

2. The T/O of 9 men now handling the traffic in the signal center is a minimum. The estimated increase and relatively higher level of traffic will necessitate 2 more.

3. The new traffic will require an American code team. A British cipher team of 4 men handles classified material now. Any material necessitating American security is sent through RAAC, but this would not be satisfactory in future operations.

4. A minimum code team would consist of 4 officers and 6 enlisted men, assuming 24 hour operation. The cryptographic device necessary to maintain good service requires an officer on duty during operation. All officers and enlisted men must be cryptographically cleared. Neither the present signal officer nor his predecessor could qualify as code officers.

3. In order to clarify the future procedure in relation to the previous functions of this Sub-Commission, the following points are given for information of all concerned.

837

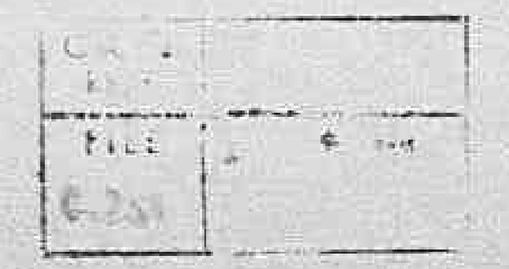
Rail

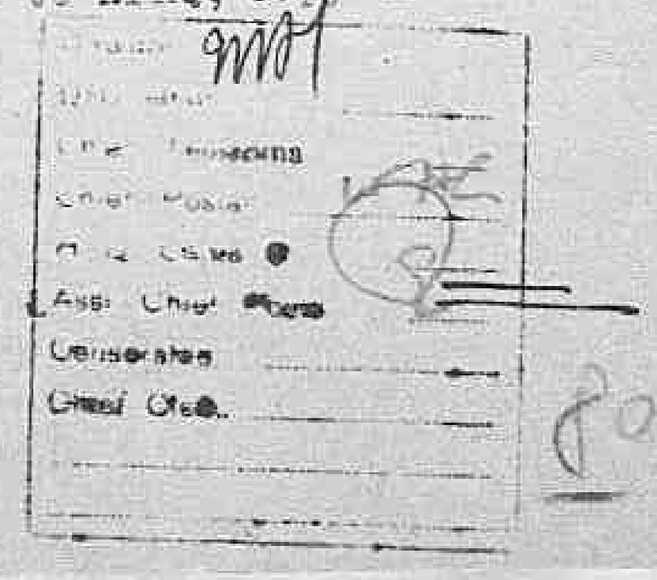
1. Movements Division (Rail) - Memorandum No 7 (reference 298/188/Tn 3, dated 20 November 1945) and all previous directives issued by this Headquarters on the movement of civilian traffic by rail, will cease to be effective in so far as the Allied Commission is concerned, with effect from 1 March 1946.

2. Civilian tonnage allocation over the lines Verona-Bologna and Milan-Piacenza-Bologna, will continue to be bid for at the weekly AFHQ Priority of Movement Meetings, in the following way :-

(a) By the ISR through the Q(Movements) Liaison Office, Rome.

(b) By HQ XIII Corps for southbound traffic via Bologna originating in AMG Venezia Giulia Region, direct to AFHQ, copy to Alcom.





Declassified E.O. 12356 Section 3.3/NND No. 785015

Shipping

1. The diversion of all Extra-Mediterranean ships carrying civil supplies, and the disposal of their cargoes, will in future be handled by the Port and Shipping Division, UNRRA Italian Mission, Rome, to whom all enquiries should be addressed. This Division forms a part of the Sub-Bureau of Supply Operations in the Bureau of Requirements and Distribution, UNRRA, (Italy).

2. Italian coastwise and Intra-Mediterranean shipping bids will continue to be dealt with by the Italian Ministries concerned and the Ministry of Marine. The provision of shipping for this theatre will remain a responsibility of UNA Zone 3 Committee, Naples.

3. It has been agreed that the existing Allied Shipping Instructions (Nos 10, 12, 14 and 16) will remain in force for the present, as a basis for future operations in Italian ports and for shipment of civil cargoes to and from Italy, but they may be later amended or cancelled by the Italian Government.

RECOVERED ISLAND - THE STORY OF UNRRA IN SARDINIA

All during the North African Campaign--and for some time thereafter--Allied bombers concentrated on Sardinia one of the steadiest and most devastating series of attacks of the war in the Mediterranean Theatre.

Month in and month out the island was mercilessly pounded. Cagliari, the important capital at the base of the island, was almost completely wiped out. Day and night, rain or shine, the Allies hammered away at this enemy stronghold. In the summer of 1943 Sardinia was liberated--but at colossal cost to the native Sardinians. Homes, hospitals, mines, farmlands were devastated. Communications were wrecked. Malaria flourished. Sardinia was in appalling shape.

In 1945 UNRRA's advance guard went out to Sardinia. She was Captain Elfleda Sprague, a consultant nurse with an impressive background of Public Health service ranging from New Mexico to war-stricken Honolulu. Captain Sprague's original orders in Washington outlined her job as nursing consultant, following along the lines of her training and experience. But her service on Sardinia included almost every type of work. During the eleven months she spent on the island, in the company of two other nurses who were subsequently sent out from Rome, Captain Sprague and her co-workers achieved miracles of reorganization and reconstruction in fields quite apart from theirs.... and achieved them almost alone. Starting very nearly from scratch, they fought shipping bottlenecks, wartime supply conditions, personnel problems, and transportation difficulties, to do one of the most outstanding jobs in UNRRA's records. Their story is one of the most interesting and most representative to come out of the United Nations picture.

Captain Sprague got her first intimation of the tough sledding ahead of her when she landed in Rome from the United States. There she was told that of the staff promised for the Sardinia Mission was not at the moment available; and in addition she was urged to get to Sardinia as quickly as possible, so that she could begin work with the Allied Commission before that body left the island--a departure scheduled for the near future.

The situation into which she walked would have cowed many an enthusiastic worker. When Capt. Sprague arrived in Sardinia she found that not only were there no existing office or billeting facilities, but that communication with Rome was extremely difficult. She was faced with the immediate necessity of arranging for billets, rations, an office and office equipment, transportation

2/8

0639

Declassified E.O. 12356 Section 3.3/NND No. 785015

...medical facilities before she could even begin to do the job she had been sent out on. And as for getting those urgent supplies immediately sent, Rome could have been three thousand miles away.

Capt. Sprague had only an army cot, with no mattress, pillows, or sheets. A crew of 15 men with A.S. veterans and medics finally agreed to disrupt their private living arrangements to accept a lone woman in their mess. Meantime, they helped her in her race against time to get her own headquarters established before the first shipments of those critical supplies began to arrive.

One month after Captain Sprague's arrival the expected boat docked, bearing 16 crates of "critical medical supplies," Lt. Elizabeth Ogden. This shipment presented a fresh problem: how to handle the problems of unloading and storage? By this time the AC crew had left; Lt. Ogden and Capt. Sprague took over the unloading. Since they had no funds, Lt. Ogden persuaded the Sardinian commander to rent them the supplies for nothing... and since there was no warehouse available Capt. Sprague arranged for the medical supplies to be stored in a small section of her own bedroom.

They knew the medical supplies and the subsequent experts sent at these supplies. The two nurses, stacking [illegible] in a truck, rode for as much as it would hold a day, cataloguing medical needs on the island, a job neither of them had ever tackled before. When they finally got back to base, physically and mentally exhausted, they were confronted by still another totally unfamiliar task. A shipment of UNRRA food had arrived, and was awaiting distribution.

[illegible] may not know it, but the training of an administrative nurse does not include the planning and execution of a mass feeding, which is a highly complicated affair handled by nutrition experts. Captain Sprague and her assistants refused to be stopped. The food was there; the need of the Sardinian was terribly urgent. They rolled up their sleeves and started their own welfare program, planning for and feeding an estimated 30,000 mother and expectant mothers and children from 2-15 years old. Another nurse, Lt. Barbara was sent out from Cagliari, and the three of them set up food distribution and feeding plans.

The next big job was the acquisition of a vitally important cache of Italian surplus medical supplies. These had been stored in Sardinia in the early days of the war as a safeguard in case the island was attacked, and were currently being shipped out to AFHQ. There was a combination of incredibly [illegible] and sheer nerve that Captain Sprague achieved the impossible; she cheered through [illegible] and the supplies began arriving. She solved the transport of these supplies to the front in [illegible].

Nothing like this had ever been heard of before. There were no rules to any manual for such a [illegible] and [illegible] said it couldn't be done. Capt. Sprague did it. Not only that--she visited all the hospitals with Lieutenant Fairbanks to make inventory of the supplies; she speeded up the discouragingly involved mechanics of transfer because of the rapidly approaching winter; Lt. Fairbanks had never ceased to [illegible] whereby the supplies were stored and so effectively and swiftly did she work that the entire transfer took place with the temporary loss of only one item--one blanket out of a total of over

0640

Declassified E.O. 12356 Section 3.3/NND No. 785015

4000. It turned up at a later count. Thanks to this UNRRA team, Sardinian children in bombed out Cagliari who had faced the bitter winter of 1945-46, sleeping four in a bed with but one blanket were able to be warm and comfortable .. and the patients who lay in filth and rags had soap, clean sheets, gowns and medical supplies.

Captain Sprague's last job before returning to Rome was the one she did for the miners of Carbonia. Here the problem was twofold: the miners themselves needed food and improved market conditions, since all fresh fruit and vegetables had to be brought in to the region, and transportation was at a standstill. [illegible] Captain Sprague's unit was seasoned in tackling the impossible. With each member doing three men's work, the miners of Carbonia were not only supplied with shoes, medical supplies, but their children received UNRRA food as well. The UNRRA workers organized a truck to Carbonia, and with it the miners brought in the first fresh meat, vegetables and fruits which the inhabitants had seen in months. In the short space of 3 months the truck travelled 8550 kilometers to bring in some 80 tons of food. A brand-new modern 200-bed hospital was taken over, equipped with UNRRA supplies and made ready for opening about the middle of February.

Captain Sprague is back in Rome now, awaiting transfer back to Washington. She's got a pocket full of memories she wouldn't trade in spite of the hardships and incredible obstacles of the past year. She remembers the special broadcast from the major Sardinian radio station which honored UNRRA, concluding with the statement that - "Sardinia has a new Saint now .... Saint UNRRA". She remembers how, in spite of a vicious dompour, the residents of Olona put on a feats of gratitude to UNRRA.. how they dressed in their best and brightest costumes, to dance and parade for their benefactors. There are pictures she would prefer to forget, such as the appalling misery and poverty of the regions she visited.. and ones that constantly warm her, like contribution of the Italian fliers who wanted to repay UNRRA for the help they had done in Sardinia.

It was close to Christmas, and the fliers, who had been watching the three UNRRA girls fight through one obstacle after another, came to ask what they could do to help rehabilitate their own countrymen.

The UNRRA girls were ready with the answer. Lieutenant Ogden set the fliers to making plates from damaged planes for the UNRRA feeding program... she had them turn bits of metal into planes. And Captain Sprague made one further request.. one which shows you something of the caliber of her, and of other UNRRA workers. She asked them to make whatever toys they could in their spare time. There were a lot of children in the orphanages, she pointed out, who had nothing whatever to play with .. and if the Italian Air Force could find time to construct some toys it would be a mighty fine deal all round.

The fliers bowed and went away. Lieutenant Ogden got plates and glasses and other valuable items. And the kids got their toys. The airmen went around to the orphanages themselves with their arms full of tiny jeeps, trucks, airplanes and all kinds of animals .. and it was hard to tell who had the most fun--the kids or the Italian fliers.

0641

Declassified E.O. 12356 Section 3.3/NND No. 785015

A small thing perhaps, on the face of it. Certainly Prouse and her board regard it as profoundly significant. It was just another of those petty acts which leads all three of them to tell you that they honestly don't know who contributed the most to their people's problems -- they themselves or the Italians. They are firmly convinced that it was a completely autonomous affair of United Rhine Coal.

HEADQUARTERS
2675TH REGIMENT
ALLIED COMMISSION (OVERHEAD)
APO 394

WDC/ltS/lam

13 February 1946

File: 292.

SUBJECT: Medical Care - Dependents of Military Personnel.

TO : All Units, this Regiment.

1. The wife of a US Army officer recently died of typhoid fever. She had received no vaccination for typhoid fever. Such tragedies can be prevented by proper vaccination.

2. It should be called to the attention of all Army personnel that:

a. Their dependents have the facilities of all Army medical installationsavailable for their use.

b. Although the Army does not require it, for their own protection, all dependents should receive inoculations against typhoid fever, typhus, smallpox and influenza.

BY ORDER OF COLONEL PARKIN:

Ward D Carpenter, Jr

WARD D. CARPENTER, JR

SUBJECT : Families Scheme 'B'

TO : Distribution below.

CROSS REFS. FILE G251 16 FEB 1946

D/Director Chief Personnel Chief Plans Asst Chief Personnel (G) Commander's Chief Clerk

Further to this HQ letter of even number dated 4 Feb 46.

1. The foreign born wives and families of British Service personnel now residing in the CMF will be entitled to certain facilities under a scheme known as Families Scheme "B".

2. Applications from personnel eligible who have not already applied will be forwarded to G-1 (B) Section this HQ in accordance with the proforma forwarded under the above quoted letter.

3. In cases where there are children by a previous marriage it may not be possible to provide accommodation for them, and on this account a soldier may be excluded from the scheme.

4. It is pointed out that accommodation for married families is limited and it may not be possible to include all applicants in this scheme.

5. The provision of accommodation for families from UK under Families Scheme "A" will take priority over Families Scheme "B".

6. A soldier may make application for quarters for his wife if she is resident outside ITALY but in CMF (i.e., resident in GREECE or NORTH AFRICA) and if he is granted quarters his wife will be given free passage to his station.

7. The following additional instructions will apply to Families Scheme "B":

The wives and families of officers and other ranks residing in this Theatre should be protected against the following diseases:-

Smallpox	- by vaccination
Enteric group disease	- by TAB inoculation
Typhus	- by TAV inoculation

In addition, the protective inoculation of children against diphtheria is strongly recommended.

Special examinations (e.g. "X"-ray, blood tests, microscopical examinations, etc.) will be charged as laid down by Allowance Regulations 1944 Article 71 para 9.

8. In the case of Officers or other Ranks who are not eligible under this [illegible] owing to the fact that the husband has less than three months to serve in [illegible] at the wife's place

Declassified E.O. 12356 Section 3.3/NND No. 785015

residing in the CMF will be entitled to certain facilities under a scheme known as Families Scheme "B".

2. Applications from personnel eligible who have not already applied will be forwarded to G-1 (B) Section this HQ in accordance with the proforma forwarded under the above quoted letter.

3. In cases where there are children by a previous marriage it may not be possible to provide accommodation for them, and on this account a soldier may be excluded from the scheme.

4. It is pointed out that accommodation for married families is limited and it may not be possible to include all applicants in this scheme.

5. The provision of accommodation for families from UK under Families Scheme "A" will take priority over Families Scheme "B".

6. A soldier may make application for quarters for his wife if she is resident outside ITALY but in CMF (i.e., resident in GREECE or NORTH AFRICA) and if he is granted quarters his wife will be given free passage to his station.

7. The following additional instructions will apply to Families Scheme "B":

The wives and families of officers and other ranks residing in this Theatre should be protected against the following diseases:-

Smallpox	- by vaccination
Enteric group disease	- by TAB inoculation
Typhus	- by TAV inoculation

692

In addition, the protective inoculation of children against diphtheria is strongly recommended.

Special examinations (e.g. "X"-ray, blood tests, microscopical examinations, etc.) will be charged as laid down by Allowance Regulations 1944 Article 71 para 9.

8. In the case of Officers or other Ranks who are not eligible under this scheme owing to the fact that the husband has less than three months to serve in this theatre, application can be made for the husband to live at the wife's place of residence.

9. Permission can be granted by the soldiers' Commanding Officers subject to the following conditions:

(a) The place of residence will be inspected under arrangements to be made by ADMS, Rome Area Allied Command, and passed as suitable;

(b) Application will be made to 52 Town Major, ROME, who will issue the soldier with the necessary authority to live in a private residence in ROME.

96

Declassified E.O. 12356 Section 3.3/NND No. 785015

10. These wives and families will be entitled to Medical and Dental treatment, and EFI rations can be drawn by the husband through his own unit for his wife and family on the same basis as Medical treatment and EFI supplies are provided under Families Scheme "B".

11. These wives and families will not be entitled to rations.

G.251.60.GS

SUBJECT: Major Guglielmo Arnò

TO : Liaison Section

1. Reference is made to Memorandum from Ministry of Foreign Affairs of which copy is attached. Delay in reply was occasioned by difficulty in clearing question of telegraph communications as no adequate facilities existed up until a few days ago when the Long Lines Liason Group of Signal Section AFHQ informed this Sub-Commission that facilities had been established which would permit handling this traffic.

2. Procedure to be followed for mail, telegrams and radio-graces to Major Arnò is as follows:

Mail to be submitted to Liason Division AC who will enclose in envelope addressed to U.S.T.A. [illegible]
indicate "via Air Courier" plainly on envelope, certify in lower left hand corner "official U.S. mail" and deliver to Courier center.

Telegrams to be submitted to Liason Division made out in accordance with attached instructions addressed to USFET Main for Arnò Italian Military Mission. Messages will be unclassified and with precedence ROUTINE.

The Liason Section will insure that messages are properly made out and in sufficient number of copies and will follow procedure laid down in Office Memo 7 of 14 Dec. 1945 as to reference number, signing of message etc.

Remittances will be handled as on previous occasions directly by the Ministry of Foreign Affairs with the Finance Sub-Commission AC.

N.H.RUDLIN,
Col.Sig.C.
Director.

URGENT

MEMORANDUM FOR THE ALLIED COMMISSION

Subject: Major Guglielmo Arnò. Consul General Italian Observer at the Dachau Trial.

1. Further to Memorandum 6/444/2044 dated 10 November 1945 and following correspondence, the Ministry for Foreign Affairs beg to inform that Major Guglielmo Arnò, an official of this Ministry with the rank of Consul General, should return to Frankfurt (Germany), as a member of the Italian Military Mission to USFET.

2. In this connection it would be appreciated being informed whether postal and telegrafic communications between the Ministry for Foreign Affairs and Major Arnò could be forwarded through the Allied Commission. Cable messages would be of course non coded.

3. The Administrative Department of this Ministry furthermore would be grateful if the necessary remittances to Major Arnò could be forwarded to the latter through the same channel, i.e. the Allied Commission in Rome.

4. The Allied Commission is kindly requested to take possibly into benevolent consideration the above requests.

Rome, January 22th, 1946.

29 Dec 45

SUBJECT. : Circulation permits.

With reference to letter G.251.CS of 26th July 45 from your Commission.

It is remarked that the utilisation of the 300 permits for driving allied cars shows the inconvenience that when a driver goes away or changes his residence the form entitled to him is not to be considered in force any more,and so happens when a truck is transferred from a residence to another.

It is therefore proposed that the actual circulation permit be split into two parts:the first,compiled by the Allied Commission.should be regarding exclusively the truck;and the second, compiled by this Ministry,should refer to the driver.

Hereby attached samples of the forms proposed.It is understood that each form,if alone,is not valid.

Taking the opportunity,it is pointed out that for the trucks granted to MARESPE the 300 permits given in due time are not sufficient.

THE MINISTER.

Permessi di circolazione.

Data

Sec 18

1° Si fa riferimento al foglio numero G.251.CS. del 26 Luglio 1945 di codesta On. Commissione.

2° Si osserva che l'utilizzazione dei 300 permessi a guidare veicoli alleati presenta l'inconveniente che quando un autista va via o cambia residenza il modulo ad esso intestato non è più valido, come pure quando un automezzo si trasferisce da una residenza all'altra.

3° Si propone pertanto che l'attuale permesso di circolazione venga scisso in due parti: la prima, compilata da cotesta On. Commissione dovrebbe riferirsi esclusivamente all'automezzo e la seconda, compilata da questo Ministero dovrebbe riguardare l'autista.

Trasmette

664

./.

0 6 6 7

Declassified E.O. 12356 Section 3.3/NND No. 785015

Si allegano due schemi dei moduli che si propongono. Resta inteso che ogni autorizzazione se isolata non è valida.

4° Con l'occasione si fa presente che con gli autocarri ceduti ai MARESPE i 300 permessi a suo tempo rimessi non sono sufficienti.

Signor Colonnello,

Le accludo copia di lettera, che ebbi occasione di inviarLe qualche tempo fa e che non so se Le sia pervenuta.

Le sarò grato di quanto Ella potrà comunicarmi, eventualmente tramite il Magg. Holland, che ho via via occasione di vedere, in modo che sia tempestivamente ci si possa regolare.

Ho ripreso la mia attività scientifico-tecnica in questo Istituto che è uscito dalla guerra senza perdere quasi nulla della sua attrezzatura.

Mi è gradito farLe i miei migliori auguri per le prossime feste, insieme ai miei ossequi.

Signor Colonnello,

l'Associazione Elettrotecnica Italiana, simile come Ella sa già all'American Institute of Electrical Engineers, conta tenere all'inizio della prossima primavera il suo congresso annuale, riprendendo così una lunga tradizione.

Come di consueto il congresso cercherà di fermare la sua attenzione su alcuni argomenti definiti: quasi naturalmente ci si propone di interessarsi dei problemi della ricostruzione, sia per la produzione dell'energia elettrica e la grossa elettrotecnica, sia per le comunicazioni.

Per le comunicazioni in particolare, si è predisposto il programma di massima, che Le unisco: si sono già avuti sicuri affidamenti dai vari relatori.

A nome del prof.Barbagelata, segretario generale della Associazione, Le domando se può essere presa in considerazione la partecipazione di tecnici americani e britannici, che sarebbe particolarmente gradita sopratutto per dare notizia, attraverso apposite relazioni, dei progressi avvenuti e delle linee di futuro sviluppo della telefonia, della telegrafia e della radio.

Noi pensiamo che sarebbe, questa del congresso dell'A.E.I., un'occasione quanto mai favorevole per dibattere molte interessanti questioni in una sede scientifico-tecnica di alto prestigio in Italia.

Se non fosse possibile la partecipazione di tecnici americani ed inglesi, ritiene che sarebbe possibile mettere in grado qualche ingegnere della Face o della Sirti od altra organizzazione di dare notizia dei progressi del mondo anglo-americano ?

Gradisca, Signor Colonnello, i miei saluti ed ossequi.

Antonio Fogli 6 8

TRANSLATION BY SELAN

Rome 9th Nov 45

Ref. : S/80 G.251.53

SUBJECT. : Lost beggege. Arrivi Fiori

The Italian Delegation at London at the Comite' Consultatif International Tel phonique,headed by the US of S S.E. Mario Fano, having completed its mission left from London for Rome on the 4th.

On the 3rd the people of the delegation presented themselves, on request of Lt.Hill of A.T.C. to Quebeck(sic.)Street for control of the weight of thei baggage,and have afterwards consigned same, against provisional receipt covering 10(ten)items,at the beggage depot of the ATC.

The day after,4th inst..,when they went to ATC Quebeck street to withdrew their beggage,they observed,and pointed out to Lt. Hill,that the items were reduced to 9(nine).In fact there was missing a little bag of soft dark brown leather,property of Dr.Ing.Eugenia Grillo.

Such bag,of a weight of about 20 pounds,contained personal clothing,personal items,one termos and various foods for a presumable value of 80 pounds,besides the value of the bag,which,considering that it was not new,can be computed at 25 pounds(total : 105 pounds).

Claims have immediately been made to ATC in Quebec Street and to ATC at the Bovington airport,from which the airdreft 39 N,which was carrying the abovesaid delegation,left for Paris at 15.30 hrs.

Analogous complaints were made at the Orly airfield(Paris) as soon as they arrived.

We would be thankful to you if your S/C could carry out the necessary inquiries and take necessary steps in order to trace the said bag,or provide for reimbursement of damages to Dr.Ing.Eugenia Grillo, Ministry PPTT - Cabinet.

Thanks a lot in anticipation for everything you shall be able to do on this matter.

Posts and Telecommunications
Sub-Commission - ROMA -

La Delegazione Italiana a Londra al Comitè Consultatif International Téléphonique, presieduta dal Sottosegretario di Stato S.E.Mario Fano, ultimati i lavori è partita da Londra per Roma il giorno 4 corrente.

Il giorno 3 i componenti la delegazione si sono presentati, su richiesta del sottotenente HILL dell'A.T.C. a Queebeek Street per il controllo del peso dei propri bagagli, ed hanno in seguito consegnati gli stessi, dietro il rilascio di un'unica ricevuta provvisoria per numero 10 (dieci) colli, al deposito bagagli presso l'A.T.C.

Il giorno successivo 4 corrente, recatisi all'A.T.C. Queebeck Street per il ritiro dei bagagli per la partenza, dovevano constatare, ed hanno fatto constatare al sottotenente HILL, che i colli erano soltanto più 9 (nove). Mancava infatti una valigetta- di cuoio scamosciato color marrone scuro appartenente alla delegata Dr. Ing. Eugenia GRILLO.

Detta- valigetta, del peso di circa 20 libbre, conteneva biancheria personale, oggetti personali, un termos e commestibili vari per un importo presunto di 80 pounds oltre l'importo della valigia valutabile, dato lo stato d'uso, in 25 pounds (totale 105 pounds).

Si è fatto immediatamente reclamo sia verso l'A.T.C. in Queebeck Street, sia verso l'A.T.C. all'aeroporto di Bovington, da cui l'aeroplano 49 N che trasportava la delegazione suddetta a Parigi è partito alle ore 15,30.

Analogo reclamo è stato avanzato all'aeroporto di Orly (Parigi) non appena arrivati.

Si sarebbe vivamente grati a codesta Comissione se

9th Dec 45

G.251.53.CS

SUBJECT. : Lost Baggage.

TO. : Air Transport Command, Rome.

1. On November 3.1945 the Italian Delegation to an International Conference in London delivered the personal baggage of its members to the A.T.C. Office in Quebec Street, London. The Officer in charge of the baggage desk at the time is reported to have been a Lt.Hill. A provisional receipt was given by Lt.Hill for 10pieces of baggage.

2. On the 4th of November when baggage was loaded for transport to the airport there were only 9 pieces and this fact was drawn to Lt.Hill's attention. The missing piece being a small bag of dark brown leather belonging to Dr.Eugenie Grillo. The bag weighed about 20 pounds and contained clothing, and personal effects to a value of 80 pounds sterling. The bag itself is valued at 25 pounds sterling.

3. Report of loss was made at A.T.C. Office at Quebec St., Bovington airport and at Orly in Paris. Passengers left Bovington for Paris on flight 49 IV November 4th at 15.30 hrs.

4. It was expected that in view of reports made as above bag would have been forwarded to Rome by now but no report has as yet been received of its arrival.

5. It is requested that inquiries be made in London, Paris and Rome in order to locate the bag, the loss of which is a serious financial one to the owner who is an Italian State Employee.

SUBJECT :- Staff Courses - Camberley and Haifa

GENERAL HEADQUARTERS

CENTRAL MEDITERRANEAN FORCES

1147/382

1 Dec 45

1. Further to this CMQ signal C 42216 dated 29 Nov 45.

2. With effect from January 1947, the above Staff College Courses will be of one year's duration. As an interim measure, however, the next courses at both Camberley and Haifa will be of six Months' duration and will commence on 4 Apr 46.

The number of students to be taken at each College will be :-

Camberley	...	200
Haifa	...	100

ALL vacancies for both courses will be allotted by the War Office.

3. Object of the Courses. The object is to give training to the best potential staff officers, wherever they may be serving, to fit them for second-grade staff appointment.

4. Qualifications for recommendation.

(a) Officers must have had experience of regimental duty and should have had some experience in a staff appointment in a field formation. Officers without previous staff experience will be required to carry out an attachment of at last one month to a formation HQ after being selected, under arrangements to be made by the Command concerned.

(b) Officers should have had battle experience.

(c) Recommendations will be confined to officers of the Regular Army or those included in the register of candidates for permanent Regular Army Commissions.

(d) Officers under 28 years of age will NOT be eligible. For the first course no upper age limit will be imposed; officers who have missed previous opportunities of attending a Staff Course through operational reasons will therefore receive consideration.

651

/.....2

Declassified E.O. 12356 Section 3.3/NND No. 785015

(c) Normally officers recommended will be of medical category 'A' or certified by the medical authorities as likely to be of that category within six months. In exceptional circumstances officers of medical category 'B' due to war service may be recommended provided their retention in the service has been approved; reasons for submitting such recommendations will be fully stated by nominating authorities.

(f) Officers who have previously completed a War Course at a Staff College will NOT be eligible.

5. RAMC, RACC, REME and other suitable candidates.

(a) The objects of recommending officers of the RAMC, RACC and REME, and other suitable candidates, to attend the courses are as follows :-

(i) For training as general or administrative staff officers. (This does NOT apply to the RAMC);

(ii) For training to fit them the better for the higher command and the senior staff departmental appointments appropriate to their corps;

(iii) To make available to other students undergoing instruction their departmental knowledge and experience, without an understanding of which no staff officer can be considered fully trained.

(b) Officers selected under sub-para (a) above must comply in every way with the age limits, medical category and standard of military knowledge required of other students.

(c) At the conclusion of the course, irrespective of the heading under which an officer may be selected the Commandants, Staff Colleges, will report in what type of employment the officer is best suited to serve.

6. Procedure to be adopted in recommending officers for the Staff College.

(a) Recommendations will be initiated in the first place by the Commanding Officer, or immediate superior (not below the rank of Lt-Col) under whom the officer is serving at the time, who will personally satisfy himself on the qualities of the officer. Brigade and Divisional Commanders will NOT forward any recommendations of officers whom they would not be prepared to have on their own staffs after suitable staff training.

Declassified E.O. 12356 Section 3.3/NND No. 783015

(b) Recommendations will be submitted (in QUADRUPLICATE) through normal channels to GHQ (MS), CMF to arrive NOT LATER THAN 1 JAN 46. Form of recommendation to be used is attached at Appendix 'A' - no other form will be accepted.

(c) Recommendations will not indicate which of the Staff Colleges the officer is recommended to attend. This decision will be made by the War Office Slection Board, who will be governed by such factors as the officer's length of service abroad, his station at the time and the proportion by arms required at each College.

7. The names of officers selected to attend both courses will be notified to all concerned by War Office (MT 6) through this GHQ.

8. No information regarding the selection of officers will be given until official notification is issued.

9. When an officer, who has been recommended for a previous Staff Course, is posted away from the unit, etc., which recommended him, the CO will ensure that a copy of the previous recommendation is forwarded to the CO of the officer's new unit. The latter officer will be responsible for any subsequent recommendations.

10. If the officer was actually allotted a vacancy but his name was withdrawn, the reason for such withdrawal will be stated.

11. Previous recommendations in the case of officers posted to the United Kingdom from overseas will be forwarded to GHQ (MS), CMF for onward transmission to the Personnel Branch concerned at the War Office.

12. Award of Certificates. Officers qualifying on the 6 months Courses will be awarded the certificate "P.C.".

(Sgd) P. WRIGHTSON, Lt. Col.,
A.A.G.,
for Colonel,
Deputy Military Secretary.

NOTES

1. This form of recommendation has been introduced to ensure equal fairness to all officers by producing the maximum of anonymity. It must be made out exactly as shown in the proforma and must NOT be altered in any way whatever.

2. Members of the War Office Selection Board will neither know the name or regiment of any candidate, nor the names of any of the commanders who have recommended him, the centre portion only of the recommendation form being before them. An officer will therefore be selected on his record of service combined with the recommendations of his commanders.

3. Selection will be effected by a system of marking in which the human element is reduced to the minimum. It is therefore essential, in fairness to the officer concerned, that details of recommendations are filled in fully and accurately. Particular care will be taken to ensure that the officer's name does NOT appear anywhere in the body of the report (Serials (b) to (m) inclusive).

4. In the case of officers employed on the staff of divisional or higher headquarters the initial recommendation will be made by the first grade staff officer under whom the officer is serving. The recommendation will be endorsed in paragraphs (l) and (m) by the appropriate superiors.

5. Names are NOT required to be forwarded in any order of priority.

6. It is important that the grading "Outstanding", "Highly Recommended" or "Recommended" is inserted by the higher Cond under (m) and by no one else.

SUBJECT : Families - Permission to come to CMF

TO : Vice Presidents and Heads of independent Sub Commissions.

1. Permission has been granted for a strictly limited number of families to come to CMF. An allotment of 20 was made to Rome Allied Area Command, and of these this HQ has secured one place only. It is possible however, that a further allotment may be made at some future date, in which case a further letter will be sent out on this subject.

2. For general information, what is at present known of the scheme is set out in the following paragraphs.

3. ELIGIBILITY

Families of regular officers, and Other Ranks serving on regular engagements and of other military and civilian personnel who have contracted to serve overseas for a minimum tour of 2 years, or until general demobilisation.

4. PASSAGES

These will be free,,probably by hospital train via MEDLOC route.

5. ACCOMMODATION

Requisitioned accomodation at normal accepted scale will be supplied without cost in lieu of married quarters. In this case there will be no entitlement for officers to Family Lodging Allowance, and Other Ranks will be liable to the usual abatement of their family allowance in respect of provision of quarters.

6. RATIONS

These will be supplied to families on the ATS scale as follows:- Wives and children are to draw six rations weekly; officers to be charged in full; Other Ranks to be charged excess over entitlement. Current charge of full ration is 2/9 d.

C.251.47.CS

Subject : Shipments to Vienna from Italy

To : Transportation Sub-Commission

1. A firm in the U.S.A. is desirous of shipping to their American employees now resident in Italy and Vienna certain foodstuffs.

2. Authority to make such shipments has been obtained from P.C.A. and, as far as handling shipments to Italy, no difficulty is forseen. However, with respect to shipments to Vienna, the situation is not all clear and it has been suggested that shipment be made from U.S.A. to an Italian port if onward shipment to Vienna can be arranged.

3. The quantity involved would not exceed 1000 lbs in any one shipment and not more than one shipment a month is expected. It would be appreciated if information could be supplied as to availability of means for handling such shipments and estimate transit time Italy - Vienna.

Ref: 4755/235/20

SUBJECT: Derequisitioning - Florence Railroad Station

TO : H.Q. No. 3 District

1. It is requested that all possible steps be taken to liberate the S. Maria Novella Railway Station at Florence in the interest of facilitating the rehabilitation of the Italian railway system.

2. At the present time a substantial portion of the station is used as billets for students at the United States Army University Center. It is understood that this occupation is scheduled to end on or about 1 February 1946. It is reported that a New Zealand unit is seeking to obtain space for billeting purposes in addition to that now occupied.

3. At present one line is functioning under difficulties due to lack of adequate space. Further occupation would seriously hamper existing operations.

4. Two additional lines (Chiusi-Empoli and Arezzo-Florence) will be ready for operations on or about 15 February. For this purpose release of the space now occupied is necessary.

5. Your good offices in preventing further requisitioning and terminating existing occupations on schedule will facilitate carrying out the program for this key junction and will be greatly appreciated.

6. Inclosed is copy of letter, from Communications Subcommission, AC to G-5 AFHQ, dealing with this occupation from the standpoint of postal service.

27 OCTOBER 1945

SUBJECT: Residence for the Director of the Bologna Ferrara Branch of Timo.

TO : Under Secretary of State for PP. TT.

Reference is made to your letter S/8.0/33596 of 13 October 1945 and enclosure.

The Telecomms officer of Emilia Region reports as follows.

1. A visit to the Town Major found him most cooperative. He agreed to let the Director have two rooms if it if it was agreeble with the O.C. 67CRE by whom the villa is requisitioned for an OR's billet.

2. However a personal visit to the location revealed that the premises were completely occupied. There is a workshop in the garage and stores in the basement. The O. i C. was not agreeble to releasing the rooms.

3. The ground floor has four rooms used as kitchen, dining room, day room and bedroom.

4. The next floor is all bedrooms and they are occupied as are the liveable ones in the attic.

5. There are some 25 men occupying the villa, but during the day they are out working so only two or three are around the billet.

6. The villa is practically unfournished and in very poor condition. It is our personal opinion that it would be entirely unsatisfactory to the Director in its present condition and as for using a couple of rooms, in case they were available, that would be impractical.

41.A

T.97.2.CS

16th October 1945

Subject : Residence for Director TIMO.

To : A.C. Liaison Officer, Bologna.
(Att. Lt. Rushing)

1. Please investigate the case shown in the attached correspondence.

2. The Town Major should be asked if he can give the Director one or two rooms in the Villa.

3. If not, would you enquire as to the number of bedrooms and the personnel in the Villa, as it is essential in such cases to give a reasonable justification, especially in a town in Italian administered territory.

H.H. SCUDDER
Lt.Col.Sig.C.
Director.

Enclosures: Copies of letters of
10th and 13th October.

Tramslation by C. Gagliardi.

From : Director of Bologna-Ferrara branch of the TIMO.

Bologna, 10th October 1945.

Ex cellency,

You will excuse me if, after having tried all roads, I address myself to your courtesy for a thing which in itself is of minor importance, but very important for me.

For more than 5 months I have been seeking, without success, for a dwelling to be able to bring my family to Bologna; above all, my family has been far away for more than 2 years as during the Ancona period I had to keep my family out of the city owing to the bombardments.

I have succeeded in obtaing a requisition order for the villa of Ing. Toschi - Via delle Rose 48 - Bologna - from the Civil Authorities for when the villa will be freed by the Allies.

At the present the villa in question is occupied by a few soldiers. It would be sufficient for me to be able to enter and be allowed to occupy only the ground or first floor, or even only a few rooms.

The Town Major (a British Major) is the most unobliging Allied Officer I have met and I have not succeeded in obtaining from him the smallest help.

Would you kindly, with your authority, obtain a reccomendation from some high British Officer in Rome for the above Town Major so as to obtain what I so greatly need?

You would do me a great favour.

Please excuse me; your Excellency, for my liberty and accept all my gratitude.

028

With best respects,

Yours

/tes

Esercizio Bologna - Ferrara
IL DIRETTORE

Bologna IO ottobre 1945

Eccellenza,

vorrà scusare se, provate tutte le strade, mi rivolgo alla Sua cortesia per una cosa in se stessa di poca importanza, ma per me importantissima.

Da oltre 5 mesi sto cercando inutilmente un alloggio per poter portare la famiglia a Bologna; oltre tutto, la ho lontana da oltre due anni, in quanto nel periodo Anconetano ho dovuto tenerla fuori città per i bombardamenti.

Avrei ottenuto un decreto di requisizione per la villa Ing. Toschi - via delle Rose 48, Bologna - da parte dell'Autorità Civile per quando la villa in questione resterà libera dalla occupazione degli Alleati.

Attualmente tale villa é occupata da pochi soldati. Sarebbe per me sufficiente poter ottenere di entrare ed avere a disposizione il solo piano terreno od il primo piano, o anche poche camere.

Il Town Major (Maggiore Inglese) é il meno gentile degli Ufficiali Alleati conosciuti e non sono riuscito ad avere da lui la minima agevolazione.

Vorrebbe con la Sua autorità far arrivare al predetto Town Major una raccomandazione da qualche alto Ufficiale Inglese di Roma per ottenere quanto mi sta tanto a cuore?

Mi farebbe il più bel regalo.

Scusi, Eccellenza, l'ardire e Si abbia fin d'ora tutta la mia gratitudine.

Con i migliori ossequi.

TO: Allied Commission, Agriculture Sub-commission

FROM: UNRRA Mediterranean Liaison Office, AFHQ R.E. Sarap

SUBJECT: Fishery Expert for loan to UNRRA

1. We have received the following cable from UNRRA European Regional Office, London:

> "406. Can you assist Albania Mission by arranging within theatre for temporary loan of a fishery expert and a telecommunications specialist? Advise Albania and repeat ERO."

2. Would it be possible for you to advise this office of the names of any fishery experts who might be available for such a post, or to refer us to another office which might help us on this question?

AMERICAN LETTER

251/31

W H A L E Y - E A T O N S E R V I C E

LETTER NO. 1405

August 4, 1945.

Dear Sir:

1. The tripartite communique concludes with the statement that "there were meetings between the Chiefs of Staff of the three Governments on military matters of common interest." It is understood that the decisions reached at these meetings were altogether pleasing to Washington. There was never, in fact, any good reason to doubt that Moscow would live up to commitments earlier given to Secretary Hull and subsequently confirmed at Teheran and Yalta. Moreover, the military strategy agreed to by the Big Three at Teheran proved wholly successful in bringing Germany to her knees. It is logical to believe that tripartite strategy will be just as successful elsewhere. An important element in strategy is timing and the Three Powers heretofore have been good on that, too.

2. THE settlements announced in the communique indicate that Russia got everything for which she asked. The quid pro quo's, therefore, must be found in the agreements that are not revealed. It is not difficult to surmise what they are fundamentally. The Jap armies in Manchuria aggregate more than 2½ million, but there is confidence that the Allies can handle them. It should not take very long to establish supremacy in the air and to do an entirely satisfactory job in both strategic and tactical bombing.

3. JAPAN: The Japs are so completely powerless to stop American operations against the homeland that it has been suggested (not altogether jocularly) that it would be a good thing to invite the Jap general staff to listen in on plans in order that it might see for itself just what the Empire is up against. The Japs are so desperately short of essentials that they chatter, by radio, about making airplane gas from pine trees. They propose also to go on an acorn diet. Any one of the main islands, North or South, can be isolated from the rest. The Jap radio says that MacArthur will first strike at Kyushu, which is being constantly bombed.

4. BUILDING POWER: Nevertheless, the Navy continues to mass and augment its power as if the Jap fleets still existed. There has been no let-up in its procurement and it is taking no chances. Before V-E Day, Army shipments of supply were, roughly, two-thirds to Europe and one-third to the Pacific. But the amount going to the Pacific has been more than doubled. As March and April were peak production months, this means that the Pacific alone is now taking a full two-thirds of the total top production formerly going to both wars. This is why production schedules remain so high, but they ought to begin to taper off within a month or two, as the pipelines fill and the Pacific reservoirs begin to overflow.

5. IT IS altogether probable that proposed offensive operations are well

0742

Declassified E.O. 12356 Section 3.3/NND No. 785015

in advance of schedule. On the other hand, if the fanatical Jap leaders decided to fight it out to the last man, it would appear that the final drive against them would hardly be made until this overwhelming power had been mobilized at Pacific bases. If the Japs do not quit this month, the war may go over into next year, following the German pattern.

6. DMOBILIZATION: The British are demobilizing their land troops much more rapidly than the U.S. (our FOREIGN LETTER of last Tuesday) and Washington does not object. Meantime, however, pressure for a quicker demobilization here is gathering strength. Senator Johnson's demand that the Army be reduced to usable proportions finds considerable support inside the military establishment itself, that is, among reserve officers, many of whom are convinced that there is an inexcusable waste of manpower and supplies.

7. PECULIAR SITUATION: The Army, at the moment, is in a curious transition period. There is a surplus of combat troops and there is a scarcity of service forces and specialists. Officers are screaming for more men in Germany to take care of packaging, crating, transport, etc., etc. But there are whole regiments of combat and even service troops nearby, some of which have been waiting around for weeks to get on shipboard. Also, the Pacific is strenuously demanding the same type of personnel.

8. BIG DECISION: Truman himself will have to make the big decision and it cannot be long delayed. He may make it by accepting the resignation of Secretary of War Stimson and elevating Undersecretary Patterson to the Supreme Court. No informed authority has anything but the highest praise for both of these men. They did the hard job and they did it well. Even Patterson's emotionalism was a distinct asset when the nation had to be worked up to top tension in the war effort. It may be powerfully represented to the President, however, that the need now is for a new Secretary and a new Undersecretary who will come in with a fresh point of view and be willing to scrutinize charges of Army wastage and criticize where criticism is indicated.

9. CIVILIAN PRESSURES: There can be no question as to the growing civilian pressure for relief. It justifies itself on two grounds, first the public statements of high naval and other officers that strategically the Japs are already defeated and it is "all over but the fighting" and, second, apprehension lest a sudden Jap surrender may catch the civilian economy unprepared to absorb the rapid demobilization of personnel that then would become a political necessity.

10. POLITICAL leaders and the public cannot understand why, if crises are developing in coal and transport by reason of a shortage in personnel, both situations are not promptly cured by release of less than 100,000 men of special occupational skills from the Army. The Army's answer is that this would make the point-system of discharge unworkable, which is probably a demonstrable fact. But the civilian reply is that, in such case, the point system is a bad one and another, more practicable, should be adopted.

11. OUTLOOK: The chances are (our own opinion) that Truman, in view of the military decisions reached at Potsdam, will favor a reduction of the Army to usable proportions, although authorizing no cuts that would in fact imperil a quick termination of the war.

0743

Declassified E.O. 12356 Section 3.3/NND No. 785015

12. COAL AND TRANSPORT: The alleged crises in coal and transport may be overplayed. Ickes' statement is that there is a coal deficit of 37 million tons between anticipated production and what is needed. He puts probable production at 613 million tons as against a realizable production of 650 million tons. Statistics are often misleading but, even allowing for inequalities in distribution, it is difficult to believe that a loss of less than 6% in production would disrupt the nation's industry. Expert testimony is that Europe can supply its own minimum coal requirements if a practicable policy is adopted. Snyder supports the view quoted in this LETTER two weeks ago to the effect that there need be no crisis in rail transport if there is proper planning and coordination.

13. IT BECAME customary in the tense days of the war for Washington to make a "crisis" of any situation that presented a problem. Anything could be "put over" and any objector was branded as unpatriotic. This may have been justified and almost certainly it contributed greatly to the military victory that ensued. Now, however, Washington is full of "why's" and gradually the facts have to be revealed. War psychology is drifting into reconstruction enthusiasm.

14. LEFT PROGRAM: Leftist groups in Washington have interpreted the Labor victory in Britain as a renewal of their own charter. They are more optimistic than they have been in months. "Truman, after all, is pledged to Roosevelt's policies at home as well as abroad and he has just been briefed on the British elections by Attlee himself." The CIO's contract with the Wildman Manufacturing Company, first in the steel industry to provide a guaranteed annual wage (for 1,200 hours, with benefits lapsing in the event of a strike), is viewed as but one of many straws in the wind. Another straw is the War Labor Board order directing the Thom McAn retail shoe chain to incorporate a 52-week wage guarantee in a contract with its salesmen.

15. LABOR groups now confidently anticipate enactment of a Full Employment bill, increased unemployment compensation and virtually all of the measures which Barkley has placed on the Congressional "must" list. The Political Action Committee's Benson, former Governor of Minnesota, has started a swing through 15 key States lining up workers and funds for next year's Congressional elections. The proposed Labor-Management peace meeting may develop into a race between Schwellenbach and Wallace as to which shall sponsor it.

16. TRUMAN: It may be doubted, on the other hand, if Truman will be panicked by the British elections or anything else. He returns to face a variety of exigent problems. But his preliminary plans have been well laid. His most important fundamental job is to modernize the Government. He will probably send to Congress, in the Fall, proposals for a reconstitution of the Executive end of the Government, with various new Cabinet Departments and a consolidation of some of the existing ones. He doubtless has two main objectives (a) to bring the Pacific war to a quick end and (b) to make reconstruction work. He will hardly turn the country over to the labor unions. He made definite commitments, while in Europe, to see to it that the returning veterans get a square deal. He is not "a little to the left of center", but is in the center, which indicates that he will support progressive social legislation when and if formulas can be evolved that give a reasonable chance of operational success. He has already given his support to Bretton Woods and expansion of the lending powers of the Export-Import Bank, and Lend-Lease to Russia will continue, but he is no Santa Claus and what he has endorsed is an orderly

0744

Declassified E.O. 12356 Section 3.3/NND No. 785015

method of financing world-trade recovery under reasonably stable monetary conditions. He favors an ultimate balancing of the budget, an undertaking which would be impossible were the U.S. to attempt to underwrite "New Deals" for other nations. To put it in a nutshell, the President, it appears, realizes that this is "the morning after" and a little iced water is preferable to a renewal of the cocktail diet.

17. PRODUCTION: Through support subsidies in the agricultural field and price or other concessions elsewhere, the Administration is now making production its key objective, specifically in those areas, such as sugar, where deficits prevail. Little weight is being given to a former dread of surpluses. The Administration is likely to end rationing of any specific commodity so soon as supply approaches demand. The end of the Jap war should permit release of Army stocks, as in tires and gas, that would justify relief from rationing.

18. INFLATION: The Administration is likely to recognize existing inflation and permit a moderate retreat from the "hold-the-line" formulas. It is expected that reconstruction wages (hourly rate) will be increased about 10%. Final Administration policy will hardly be that this increase can be absorbed by the manufacturer and the distributing trades. Some day all price ceilings will be abandoned and pricing will be determined by the judgment of the market place. The outlook is for an intensity of competition such as has seldom been witnessed before, if only because newcomers in various fields may have to face price-cutting by established producers.

19. TRANQUILLITY: Truman has a "small-town" Government. The new Members of his Cabinet are from the grass-roots. They are the kind of people who speak the President's language. A criticism is that such an Administration is bound to be provincial, which is undesirable in a period when the U. S. is assuming world responsibilities and must have a global viewpoint. An answer given is that a first desideratum is domestic tranquillity and that matter-of-fact minds are more likely to bring it about than that brilliance of thinking which is always trying to by-pass the fundamentals and keep the public mind in a hysterical condition. The substitute for "lift your sights" is "keep your sights on the level".

20. TREASURY: Undersecretary of the Treasury Bell will remain at his post until the first of the year and probably longer. It is understood that he had already cleared his resignation with Morgenthau (wanted to go into private business), but has been persuaded by Vinson to stay on. The new Secretary is moving slowly and is not expected to make many changes in Treasury personnel. Those to go will be the ones who were closely attached to Morgenthau personally and would not care to serve under anybody else. The Treasury's new treatment of profits from seigniorage was Bell's conception. It is a bookkeeping operation and is thought to have no meaning otherwise.

21. In view of the fact that Allied officers now virtually tell the Japs in advance what they intend to do, there is some demand in both Washington and London that even the existing mild censorship be removed. Service officers are themselves responsible for the almost universal belief that the Pacific war is all but over. Some officers are trying to counteract this by emphasizing the difficult fighting that lies ahead, but it is too late to stay public optimism. The Navy has become contemptuous of Japan and calls the bombings "target practice". It is fantastic--an island empire without a navy!

27th August 1945/

Dear Mr. Livengood,

You probably get inventions offered you so often that I hope one more won't be too much of a burden to you/

The inventor of the inclosed particularly insisted that his invention be brought to the attention of the U.S. Government, and I therefore would much appreciate your taking whatever action you deem appropriate.

Yours sincerely,

Charles Livengood Esq.,
United States Embassy,
Rome.

DIREZIONE PROVINCIALE
DELLE POSTE E DEI TELEGRAFI
DI BOLOGNA

20 August 1945

Lt Col Scudder:

Dear Sir;

The attached material was given me by an employee of the Post Office in Bologna. He particularly expressed a desire that the information be given to the U.S. government.

The odds are in favor of it being of no value, but this sort of thing is an unknown quantity. Certainly I am not qualified to judge it. It is a new anti-aircraft device.

I don't know what direct disposition to make of it, and pass it on for your more authoritive judgement.

Respectfully yrs,

George J. Sleicher

George Sleicher
1st Lt, Signal Corps

604

Gentilissimo Signor Ernesto Fischer.

Nella stessa maniera con cui è da augu-
rarsi che in un paese privo di leggi e di tutori della
legge, solo i galantuomini siano armati, e quanto me-
no, i meglio armati, rispetto ai delinquenti, affinchè i
detti galantuomini possano difendere i deboli e fare ri-
spettare le leggi morali, così è giusto che in un mondo
governato come lo è ora, il più bell esempio di Repub-
blica Democratica sia la meglio armata.

Le accludo, perciò alcune note informative sulla Cen-
trale Elettronautomatica di Tiro ottimamente con proget-
ta di trasmettersi al Ministero della Guerra degli Sta-
ti Uniti d'America.

Dato che a mio tempo distrussi i calcoli e i disegni
relativi, e per cause di guerra, ho smarrito perfino i com-
passi (mancandomi il tempo e il denaro di rifare tutto
di nuovo su carta) io faccio la seguente proposta sen-
za soluzione esplicita:

603

Declassified E.O. 12356 Section 3.1/NND No. 735015

no, i mezzi armati, rispetto ai delinquenti, affinchè i detti galantuomini possano difendere i deboli e fare rispettare le leggi morali, così è giusto che in un mondo ordinato come lo è ora, il più bell'esempio di Repubblica Democratica sia la meglio armata.

Le accludo però alcune note informative sulla Centrale Elettro-automatica di Cico contenente un progetto di trasmettere al Ministero della Guerra degli Stati Uniti d'America.

Dato che a suo tempo destrezzai i calcoli e i disegni relativi, e per cause di guerra, fo smarrito perfino i compassi (mancandomi il tempo e il denaro di rifare tutto di nuovo su carta) io faccio la seguente proposta per una soluzione rapida:

C03

Io costruirò un esame reale, illustrando i miei ragionamenti su di una lavagna con il gesso, parlando soltanto di fronte ad una commissione così composta:

Declassified E.O. 12356 Section 3.3/NND No. 785015

1°) Un professore di matematica pura.

2°) Un ufficiale superiore, esperto di tiro antiaereo.

3°) Un ingegnere, esperto di tecnica elettro-meccanica.

4°) Un ingegnere, esperto in meccanica di precisione.

5°) Un ingegnere, esperto in ottica di precisione.

Se questa Commissione darà il suo parere favorevole, det-
ta Commissione si trasformerà d'obbligo in Commissione
Progettista, assumendo ai lavori anche la mia persona.

Insieme confluiremo alla realizzazione della Centrale e-
lettronautomatica di tiro antiaereo, lavorando d'amore
e d'accordo, io italiano insieme ai tecnici nordameri-
cani, con parità di diritti per ciascuno di noi, com-
ponenti la Commissione Progettista.

Questa mia offerta deve interessare il Governo degli Sta-
ti Uniti d'America, perchè riguarda la soluzione
del problema interessantissimo del bersaglio in movi-
mento: aeroplani, bombe "V", telearmi.

Le prego di gradire il mio più cordiale saluto, ringrazian-
dola del suo interessamento.

Declassified E.O. 12356 Section 3.3/NND No. 785015

3°) Ufficio ingegneria, capeggiato in ottica di precisione.

In questa Commissione darò il mio parere favorevole, dette Commissione di trasformare l'obbligo in Commissione Progettista, associando ai lavori anche la mia persona.

Insieme collaboreremo alla realizzazione della Centrale Elettronautomatica di Tiro antiaereo, lavorando d'amore e d'accordo, io italiano insieme ai tecnici nordamericani, con parità di diritti per ciascuno di noi, come fonendo la Commissione Progettista.

Questa mia offerta deve interessare il Governo degli Stati Uniti d'America, poichè riguarda la soluzione del problema antiaereo nel bersaglio in movimento: aeroplani, bombe "V", telearmi.

La prego di gradire il mio più cordiale saluto, ringraziando del suo interessamento.

Calzolari Francesco

Bologna - Via S. Felice n.3 - addì 5 agosto 1945

Allegati: un foglio dattilografato e uno schizzo a penna.

Declassified E.O. 12356 Section 3.3/NND No. 785015

785015

Note informative sulla Centrale Elettroautomatica di Tiro Antiaereo.

Oggi-giorno le batterie anti-aeree sono mosse manualmente in base a calcoli fatti in precedenza, subito dopo aver preso due misure diverse del bersaglio in movimento. Cioé calcolano un punto nello spazio, dove probabilmente (dopo un determinato tempo fisso di secondi) passerà il bersaglio. Là su quel punto si puntano i cannoni, e là sparano un determinato istante con un cronometro alla mano..

Mi permetto di fare osservare che questo sistema é molto inesatto per due principali ragioni:

1°) Come sistema antiquato di calcolo.

2°) Come sistema di esecuzione manuale, perché il materiale umano é inesatto per se stesso, essendo passibile di errore, sia per fatica, sia per distrazione.

Occorre meccanizzare tutto questo.

Io affermo che con i mezzi odierni é umanamente possibile creare una centrale elettroautomatica per il tiro antiaereo, dotata di tre qualità principali riguardo al calcolo:

1°) Capace di calcolare un punto nello spazio (zona del bersaglio) il più vicino possibile al bersaglio. Questo punto calcolato disterà più o meno da bersaglio, ma avrà questa carrateristica: sarà raggiunto dall'aereo in un tempo uguale a quello del proietto.

2°) Il calcolo di questo matematico appuntamento tra l'aereo e il proietto é istantaneo, come é istantanea la lancetta di un barometro.

3°) Inoltre l'esecuzione di questo calcolo é senza sosta, senza scatti, é continua come é continuo il movimento idrico in un corso d'acqua.

Declassified E.O. 12356 Section 3.3/NND No. 785015

zio,dove probabilmente(dopo un determinato tempò fisso di secondi)passerà il bersaglio.Là su quel punto si puntano i cannoni,e là sparano un determinato istante con un cronometro alla mano..

Mi permetto di fare osservare che questo sistema é molto inesatto per due principali ragioni:

1°) Come sistema antiquato di calcolo.

2°) Come sistema di esecuzione manuale,perché il materiale umano é inesatto per se stesso,essendo passibile di errore,sia per fatica,sia per distrazione.

3°) Inoltre l'esecuzione di questo calcolo é senza sosta,senza scatti, é continua come é continuo il movimento idrico in un corso d'acqua.

Riguardo al siatema di esecuzione la centrale elettroautomatica di tiro,presenta il seguente pregio: la manovra di puntamento dei cannoni sul bersaglio sarà eseguita elettricamente dalla centrale elettroautomatica senza intervento umano.

./.

Declassified E.O. 12356 Section 3.3/NND No. 785015

La centrale elettroautomatica di tiro antiaereo si presen terà composta dei seguenti quattro apparati:

1°) Apparato determinante(che individua il bersaglio aereo)formato da un complesso ottico(un goniometro azimutale,un goniometro azenita= le e un telemetro).

2°) Apparato di controllo o puntante(serve a controllare ed eventualmen te a correggere i: tiro se sarà deviato dal vento) formato da un complesso ottico (un goniometro azimutale,un goniometro azenitale e un telemetro).

3°) Apparato graduatore di spoletta(che dà l'esatta graduazione della spoletta del proietto che viene immesso nel cannone).

4°) Apparato calcolante (questo apparato fa due calcoli separati:

1°= il calcolo relativo all'angolo di tiro per i pezzi d'artiglie ria che sparano in questo preciso istante.

2°=il calcolo relativo alla spoletta del proiettile(shrapnel)che verrà sparato tra tre secondi a partire da questo preciso istan te(facendo la supposizione che per graduare la spoletta di un proietto,caricare il pezzo d'artiglieria con detto proietto e provocarne lo sparo occorrano tre secondi).

Tutti gli apparati sono collegati variamente tra di loro mediante cavi elettrici,come pure la batteria.

Dato che esistono batterie di cannoni antiaerei motorizza ti,tutti gli apparati possono essere benissimo piazzati su autocarri, formando così una centrale elettroautomatica (e relativa batteria)ca= pace di portarsi prontamente sul luogo designato;il tempo di fermarsi e la centrale elettroautomatica é già pronta all'uso.

L'apparato calcolante lavora automaticamente senza essere

Declassified E.O. 12356 Section 3.3/NND No. 785015

2°) Apparato di controllo o puntante(serve a controllare ed eventualmente a correggere i: tiro se sarà deviato dal vento) formato da un complesso ottico (un goniometro azimutale,un goniometro azenitale e un telemetro).

3°) Apparato graduatore di spoletta(che dà l'esatta graduazione della spoletta del proietto che viene immesso nel cannone).

4°) Apparato calcolante (questo apparato fa due calcoli separati:

1°= il calcolo relativo all'angolo di tiro per i pezzi d'artiglieria che sparano in questo preciso istante.

2°=il calcolo relativo alla spoletta del proiettile(shrapnel)che verrà sparato tra tre secondi a partire da questo preciso istante(facendo la supposizione che per graduare la spoletta di un proietto,caricare il pezzo d'artiglieria con detto proietto e provocarne lo sparo occorrano tre secondi).

Tutti gli apparati sono collegati variamente tra di loro mediante cavi elettrici,come pure la batteria.

Dato che esistono batterie di cannoni antiaerei motorizzati,tutti gli apparati possono essere benissimo piazzati su autocarri, formando così una centrale elettroautomatica (e relativa batteria)capace di portarsi prontamente sul luogo designato;il tempo di fermarsi e la centrale elettroautomatica é già pronta all'uso.

L'apparato calcolante lavora automaticamente senza essere controllato dal cervello umano e (per mezzo di cavi elettrici)mantiene i cannoni puntati continuamente sul bersaglio a qualunque velocità esso si muova,a qualunque quota esso sia e qualunque direzione esso abbia.

Vale a dire che i cannoni si puntano elettricamente da sè

(senza l'aiuto di soldati puntatori)su quel punto immaginario nello spazio dove verranno a trovarsi l'aereo e il proietto (sparato in questo preciso istante) perché tanto l'aereo che il proietto impiegano un tempo uguale ad attraversare lo spazio che li separa dal luogo del loro matematico appuntamento.

L'esecuzione del calcolo é esatta perché é resa meccanicamente e istantaneamente senza intervento umano.Questa centale non presenta né quadranti né scale graduate da leggersi durante l'uso,può essere perciò maneggiata anche da analfabeti.Il suo uso é pienamente accessibile anche a persone di poca cultura,prive di nozioni tecniche.

Le manovre per il suo uso sono facili ed elementari,perciò non richiedono nessun sforzo mentale:l'attenzione di ogni singolo servente é passibile del massimo rendimento,poiché essa é contentrata verso una sola direzione,verso una sola azione,verso un solo atto privo di sforzo muscolare.Il lavoro,oltre che non presentare nulla di astruso e nessuna fatica fisica,non presenta nessun lavorio mentale, in maniera che gli addetti alla centrale potranno lavorare per un tempo indeterminato,senza accusare stanchezza nè fisica nè intelettuale. Non ribhiede gare di velocità,atti precipitosi o tumultuosi; ma solamente calma e precisione.

La centrale offre anche altri vantaggi,cioé:

-Completa assenza del tempo morto e completo assorbimento del tempo preparatprio,come risulta dalla figura nº 1 nella quale si possono osservare ben dieci secondi di tempo morto,tre di tempo preparatorio e finalmente tre secondi di tempo di traiettoria con un totale di ben sedici secondi di tempo calcolato,senza tener conto del tempo di misurazione che farebbe risalire la cifra a più di diciannove se

SUBJECT: Leave, Civilian Employees

TO : See Distribution

1. The following rules concerning leave, and travel in connection therewith, are applicable to all Allied civilian employees of AC/AMG:

a. The concurrence of the section or sub-commission personnel and administrative officer will be required prior to the submission of the leave form to this office. If leave is desired outside the vicinity of Rome, the proper request for orders (request for travel or assignment orders) must be submitted through the normal channels, stating in the blank provided for complete statement of the mission the following purpose: "authorized leave of absence". Travel will not be requested by ATC aircraft or rail unless accompanied by a statement to the effect that cost of the travel will be borne by the individual. Individual motor transport, except travel by the regular courier services, will not be requested, although if the individual transport is scheduled to the destination of the individual, this office has no objection, except as laid down by Ltr. Ref. 550/118/EC, Office of the Executive Commissioner, subject "Travel to Northern Towns", dated 21 June 1945.

b. Employees who travel contrary to regulations do so at their own risk. Ignorance of the law and/or regulations cannot be considered an excuse.

c. Orders will not be requested for secretarial employees to travel unless concurred in by the Section

SUBJECT : Permanent Regular Commission

TO : Distribution below

Reference ACIs 1696/42, 2441/42, 153/43, 362/44, 919/44, 224/45 and 794/45regarding the Grant of Permanent Regular Army Commissions.

1. It has been decided that outstanding Temporary officers who are up to 5 years too old for eligibility under the above-noted ACIs may be considered for Permanent Commissions if specially recommended by the Army Commander and/or Commander in Chief.

2. Upper age limits are therefore extended as follows:-

(a) ACI 1696/42 paragraph 3 (f) and Appendix 1 paragraph 1: to 29th birthday;
(b) ACI 2441/42 paragraph 2 (a) (1) and Appendix 1 paragraph 1: to 33rd birthday.

3. All conditions of the above quoted ACIs (except that 224/45 may be applied if to their advantage) will continue to apply to all candidates who are within original age limits.

4. The following conditions apply to candidates now made eligible by paragraph 2 above.

(a) Must have had at least two years' commissioned service on full pay this war including at least one year's outstanding service in Regimental employment.
(b) Must have attained the paid rank of Major.
(c) Must be recommended by Commander of Brigade, Division, and Corps Commanders and/or Commander in Chief;
(d) Interview by regular Commission and selection board not required;
(e) Other conditions as in the above quoted ACIs.

5. Names of officers who are recommended as in paragraph 4 above will be included in the War Office Register from which selections will be made to fill vacancies.

6. Officers selected from register by War Office will receive Permanent Commissions under the following conditions:-

(a) Seniority in Regular Army will be as 2/Lieutenant from 23rd birthday (1/Lieutenant as from 25th birthday in the case of RAOC and REME) irrespective of length of service actually recorded. Time elapsed since date of seniority will count for time of [illegible] and increments of pay, but not for retired pay. Any

HHS/epc

G.251.03

30th July, 1945

To the Editor Stars and Strips

Dear Sirs:

The article in the Magazine section of the July 29th, issue on the Transatlantic Telephone Service was an excellent one. However, it does give an incorrect impression of the time necessary to book a call. It might have been necessary to wait three hours during the very first days the services was open but at present except at the peak hours fifteen minutes is about the average.

Once a call is booked there are cases when a long wait has been necessary before the caller is put through.

With all the factors which affect the service such as atmospheric conditions, interference from other stations, and traffic congestion in the United States some delays are unavoidable. Every effort is being made to increase the number of calls completed daily and from an average of 30 to 35 in the early days of the service the daily average of completed calls is now well over 80 and it is hoped to increase this number within the next two weeks when additional equipment now being arranged for is put into service.

24 July 1945

SUBJECT: Indication of Message Security Classification.

TO: All Concerned

1. It is essential to have a uniform method of indicating the security classification of a message at all stages of transmission and on delivery to the addressee. The following procedure will be effective within the Mediterranean Theater:

Originators will include the security classification as the first word of the text in all messages. No message will be treated as unclassified unless the originator has franked the message with the instruction "UNCLASSIFIED". Any message which does not bear its appropriate security classification or the instruction "UNCLASSIFIED" at the beginning of the text will be referred back to the originator by the Signal agency concerned.

NOTE: When the British Army message form AFC 2136 is in use, the originator's instructions contained in the two signature spaces are redundant and will not be applicable. However, for uniformity, all messages classified RESTRICTED or above will be signed in the right hand space and all UNCLASSIFIED messages will be signed in the left hand space with the word "except" deleted and the word "including" substituted.

2. As a result of the above procedure, every message will bear a security classification, or the instruction "UNCLASSIFIED", which will constitute the sole deciding factor in the security handling of the message.

3. The responsibility for the correct security classification of a message rests entirely with the originator. It is the responsibility of the Signal agencies concerned to insure that a message is given correct security handling in accordance with the designated classification and the security of the circuits over which the message is to be transmitted.

4. Any message franked with the instruction "UNCLASSIFIED" will be assumed to have been authorized by the originator for transmission in clear by any means of communication including radio and any commercial agencies.

SUBJECT : PYTHON

TO : Distribution below

1. The reduction in qualifying service for PYTHON has produced a large backlog which cannot be cleared immediately.

2. It is not possible at present to make firm promises, but provided the latest movement forecasts are fulfilled and there are no major breakdowns in the proposed rail and air lifts, the following figures are given as a guide for the future movement of PYTHON personnel:-

August	15,000
September	11,000
October	5,000

3. The effect of this will be that everyone due for PYTHON by the end of September, including the total backlog due to shortening of overseas period, should have left for UK by 30 September, and that everyone due for PYTHON during the period October - December should have left for UK by 31 October.

SUBJECT: Plan for the Control of the Manufacture and Sale of Industrial Products of Northern Italy.

TO : Addressees Below.

1. The Plan for the Control of the Manufacture and Sale of Industrial Products of Northern Italy attached hereto and made a part hereof is transmitted for the information and guidance of all concerned. It will be implemented at once.

2. This plan was developed by the industry of northern Italy to provide through cooperation and self-discipline a means for re-establishing an orderly economy subsequent to the impact of liberation. The Italian Government has approved the plan and will participate therein through its established AC/AG contact for that part which pertains to territory still under Allied Military Government. The presence of members of the Italian Government on the North Italy Industrial Council and the North Italy Industrial Price Fixing Board assure the fact that the Government is always informed.

3. Since the plan affects primarily the industry of northern Italy, with the seat of control at Milan, the plan must be implemented under the full authority of Allied Military Government. The plan embraces the entire north with the exception of Venezia Giulia and must be administered uniformly without regard to regional boundaries with the exception above noted. Therefore, the plan will be administered by the Allied Commission through its forward office in Milan. Regional Commissioners will be called upon extensively for advice and cooperation, and for local administration.

4. A forward office of the Industry Sub-Commission, Allied Commission, will be established 10 July 1945 at the Milan office of the Allied Commission, 7 Via Appiani, Milan. This office will effect the necessary organization in the North to implement this plan. A forward office of the Commerce Sub-Commission, Allied Commission, will be established at the same location within the near future.

Industrial Committees. 548

5. The organization of the committees listed in the plan will be completed without delay. As the occasion may demand, committees covering additional fields of industrial endeavor may become necessary. The proposed organization and plan of operations of such new committees must be transmitted to the Allied Commission for approval and inclusion in this order by appropriate amendment.

Declassified E.O. 12356 Section 3.3/NND No. 785015

1. The Plan for the Control of the Manufacture and Sale of Industrial Products of Northern Italy attached hereto and made a part hereof is transmitted for the information and guidance of all concerned. It will be implemented at once.

2. This plan was developed by the industry of northern Italy to provide through cooperation and self-discipline a means for re-establishing an orderly economy subsequent to the impact of liberation. The Italian Government has approved the plan and will participate therein through its established AC/AG contact for that part which pertains to territory still under Allied Military Government. Regional Commissioners will be called upon extensively for advice and cooperation, and for local administration.

4. A forward office of the Industry Sub-Commission, Allied Commission, will be established 10 July 1945 at the Milan office of the Allied Commission, 7 Via Appiani, Milan. This office will effect the necessary organization in the North to implement this plan. A forward office of the Commerce Sub-Commission, Allied Commission, will be established at the same location within the near future.

Industrial Committees. 558

5. The organization of the committees listed in the plan will be completed without delay. As the occasion may demand, committees covering additional fields of industrial endeavor may become necessary. The proposed organization and plan of operations of such new committees must be transmitted to the Allied Commission for approval and inclusion in this order by appropriate amendment.

6. Each committee listed in paragraph 3 a. of the Plan will submit its organization, membership and list of officers, together with its detailed plan of operations, through the North Italy Industrial Council to the Allied Commission for approval. The Council will examine all plans and cause their modification and revision to fit the limitations of such general factors as coal, power and transportation availabilities, etc.; will secure the Plan's approval by the North Italy Industrial Price Fixing Board if price fixing is involved; and will present the plans to the Allied Commission. The Allied Commission will screen the plans for conflicts with existing plans for all of Italy and for coordination with the import program, and will suggest necessary modifications, before giving final approval.

Declassified E.O. 12356 Section 3.3/NND No. 783015

7. Once the committee organization and plan of an industry group has been approved, this approved plan will form the basis upon which the industry will operate freely with its own management and without interference by AC/AMG except when absolutely necessary. Emphasis must be placed upon permitting Italian industry and commerce to proceed under its own management and to provide for the enforcement of its own self-imposed restrictions.

North Italy Industrial Council.

8. The president of the North Italy Industrial Council will be appointed by the Italian Government. Each Regional Commissioner will transmit promptly to the Milan office of A. C. his designation for member of the Council as provided in paragraph 3 b. of the basic Plan. At the same time Regional Commissioners may transmit suggestions for the selection of the labor member of the Council.

9. In its operations the Council should be permitted full exercise of its powers provided in paragraph 3 b. (1), with only the minimum necessary limitation thereof through the overall AMG control provided in paragraph 3 b. (4) of the basic Plan.

North Italy Industrial Price Fixing Board.

10. The president of the North Italy Industrial Price Fixing Board will be appointed by the Italian Government. Each Regional Commissioner will transmit promptly to the Milan office of A.C. a list of nominations of residents of his Region engaged in the fields of endeavor specified in paragraph 3 c. of the basic Plan. From the lists of nominations the members of the Board will be selected to give the coverage by callings and by regions provided in the basic Plan.

Distribution.

11. The planned distribution of existing frozen stocks of consumer goods must progress rapidly. Therefore, distribution plans must be approved and placed into operation at the earliest practicable date. Distribution plans for consumer goods must not be delayed pending submission and approval of more elaborate and time consuming production plans.

12. In those cases where necessary interim action has caused the creation of regional industrial committees or organizations which now become in conflict with this overall plan, every effort will be expended to effect the harmonious transition of the local organization into the appropriate industrial committee created by this order. Failing this, local conflicting groups must be disbanded in furtherance of the subject plan.

13. General Order No. 41, Allied Military Government, is modified insofar as it is in conflict with the provisions of this order.

Declassified E.O. 12356 Section 3.3/NND No. 785015

be appointed by the Italian Government. Each Regional Commissioner will transmit promptly to the Milan office of A. PLAN FOR THE CONTROL OF THE MANUFACTURE AND SALE OF INDUSTRIAL PRODUCTS OF NORTHERN ITALY

1. It is essential that a uniform plan be put into effect in all the regions of northern Italy which are under the jurisdiction of Allied Military Government, with the exception of the Venezia Giulia region.

2. In collaboration with the appropriate ministries of the Italian Government, the Allied Commission has approved the plan which is set forth below. This plan will be effectuated under the supervision and direction of the Allied Military Government and of the Allied Commission in Rome. The Italian Government will participate in the plan by following the regular channels of administration through the Allied Commission. The plan has been prepared with a view to an early withdrawal of Allied Military Government and the consequent transfer of the territory to the Italian Government.

3. The plan is as follows:

a. There will be set up by industry in northern Italy and recognized by Allied Military Government, industrial committees representing the various segments of industry. On each committee will be persons representing the plants of the various regions under Allied Military Government. The committees will be the following:

Comitato Macchine, Utensili e Macchine Utensili.
Comitato di Meccanica di Precisione e Ottica.
Comitato Elettrotecnica.
Comitato Autoveicoli.
Comitato Veicoli Ferroviari.
Comitato Fibre e Industrie Tessili - Anti Tessile.
Comitato Chimica e Gomma.
Comitato Cellulosa, Carta e Stampa.
Comitato Legno e Industrie Varie.
Comitato Cuoio.
Comitato Siderurgia.
Comitato Metalli non ferrosi.
Comitato Lavorazione del Ferro.
Comitato Monopolio Carboni.
Comitato Miniere e Cave.
Comitato Olii Minerali e Carburanti Succedanei.
Comitato Olii e Grassi.
Comitato Pietre e Terre.
Comitato Elettricita.

2. In collaboration with the appropriate ministries of the Italian Government, the Allied Commission has approved the plan which is set forth below. This plan will be effectuated under the supervision and direction of the Allied Military Government and of the Allied Commission in Rome. The Italian Government will participate in the plan by following the regular channels of administration through the Allied Commission. The plan has been prepared with a view to an early withdrawal of Allied Military Government and the consequent transfer of the territory to the Italian Government.

3. The plan is as follows:

a. There will be set up by industry in northern Italy and recognized by Allied Military Government, industrial committees representing the various segments of industry. On each committee will be persons representing the plants of the various regions under Allied Military Government. The committees will be the following:

Comitato Macchine, Utensili e Macchine Utensili.
Comitato di Meccanica di Precisione e Ottica.
Comitato Elettrotecnica.
Comitato Autoveicoli.
Comitato Veicoli Ferroviari.
Comitato Fibre e Industrie Tessili - Enti Tessile.
Comitato Chimica e Gomma.
Comitato Cellulosa, Carta e Stampa.
Comitato Legno e Industrie Varie.
Comitato Cuoio.
Comitato Siderurgia.
Comitato Metalli non ferrosi.
Comitato Lavorazione del Ferro.
Comitato Monopolio Carboni.
Comitato Miniere e Cave.
Comitato Olii Minerali e Carburanti Succedanei.
Comitato Olii e Grassi.
Comitato Pietre e Terre.
Comitato Elettricita.
Comitato Acque e Gas.
Comitato Armi, Munizioni, Costruzioni Navali, Aeronautiche e Mezzi Corazzati.
Comitato Industriale Alimentazione.

The functions of these industrial committees will be as follows:

(1) To survey the existing productive units within the industry and to formulate a plan for the utilization of plant capacity.

(2) To control the nature of the products to be produced and the level of production to be performed by the several plants within the industry.

Declassified E.O. 12356 Section 3.3/NND No. 785015

(3) To recommend the closing of unproductive and uneconomical plants or parts of plants; and to recommend, where necessary, transfer of equipment between plants to effect sound economic production within the industry.

(4) To recommend the allocation of: raw materials, obtained either by importation or from local resources equipment, tools and operating supplies necessary to carry out a scheduled production.

(5) To supervise and control the flow of raw materials and semi-fabricated materials to and between plants within the industry.

(6) To ascertain the amounts of the finished products within the industry available for distribution and to recommend the distribution of same.

(7) To recommend which products of the industry, if any, should be subject to regulation and control in their manufacture and sale.

(8) To recommend to the North Italy Industrial Price Fixing Board, the raw materials, semi-fabricated goods and finished products upon which prices should be fixed and the prices therefor.

(9) To effect the observance and enforcement of the adopted plans throughout the industry.

b. There will be established a North Italy Industrial Council. The President of the council will be designated by the Italian Government. In addition there will be six members, one designated by the Regional Commissioner of each of the five regions of Allied Military Government and one appointed by Allied Military Government on the recommendation of the labor organizations to represent Labor. This Industrial Council will have its office in Milan.

The functions of this Council will be:

(1) To coordinate, direct and expedite the work of the Industrial Committees and to take final action on their recommendations.

(2) To determine what goods of North Italy industry are available for distribution to the consuming public of all of Italy.

(3) To supervise the administrative expenditures of the Industrial Committees.

Declassified E.O. 12356 Section 3.3/NND No. 785015

(5) To supervise and control the flow of raw materials and semi-fabricated materials to and between plants within the industry.

(6) To ascertain the amounts of the finished products within the industry available for distribution and to recommend the distribution of same.

(7) To recommend which products of the industry, if any should be subject to regulation and control in their manufacture and sale.

(8) To recommend to the North Italy Industrial Price Fixing Board, the raw materials, semi-fabricated goods and finished products upon which prices should be fixed and the prices therefor.

(9) To effect the observance and enforcement of the adopted plans throughout the industry.

b. There will be established a North Italy Industrial Council. The President of the council will be designated by the Italian Government. In addition there will be six members, one designated by the Regional Commissioner of each of the five regions of Allied Military Government and one appointed by Allied Military Government on the recommendation of the labor organizations to represent Labor. This Industrial Council will have its office in Milan.

The functions of this Council will be:

(1) To coordinate, direct and expedite the work of the Industrial Committees and to take final action on their recommendations.

(2) To determine what goods of North Italy industry are available for distribution to the consuming public of all of Italy.

(3) To supervise the administrative expenditures of the Industrial Committees.

(4) To transmit and interpret to the Industrial Committees, any directives, orders and instructions from time to time issued by the Allied Military Government.

c. There will be established a North Italy Industrial Price Fixing Board. The President of this Board will be designated by the Italian Government. There will be six other members, which will represent respectively the following: Industry - Commerce - Agriculture - Transport - Labor - Consumers. These members must be selected so that at least one member is a resident of each of the regions under Allied Military Government. The office of this Board will be located in Milan.

Declassified E.O. 12356 Section 3.3/NND No. 785015

The functions of this board will be:

(1) Upon recommendations of the Industrial Committees, to fix, where it is deemed necessary, the manufacturers' purchase and sale prices of raw materials and semi-fabricated goods and finished products.

(2) To establish, if deemed necessary, advisory committees, either on a regional or other basis.

d. The North Italy Industrial Council will determine what goods are available for distribution to the consuming public (1) for the provinces under the jurisdiction of the Italian Government, and (2) for the provinces in Northern Italy under the jurisdiction of the Allied Military Government.

The distribution of the consumer goods which are to be regulated will be made in Northern Italy as follows:

The Industrial Council will allocate the amounts to each province. The Chamber of Commerce of each province in consultation with the Camera del Lavoro of the province will determine the method of distribution within the province and the retail prices.

The distribution of goods among the provinces under the jurisdiction of the Italian Government will be assumed by the Italian Government.

4. All products may be moved freely from one part of Italy to another with two exceptions: (1) the limited number of items retained under control by Allied Military Government (including Allied Forces Local Resources Board controlled and restricted items and those materials controlled by the Italian Government) and (2) those which are brought under regulation and control by the North Italy Industrial Council.

HEADQUARTERS ALLIED COMMISSION
AFO 394
Communications Sub-Commission LGH/ec

G.251. .03 26 July, 45

SUBJECT: Permit to Drive ex-Military Trucks.

TO : Under-Secretary of State for PP.TT.

1. With reference to the 150 Military trucks now being handed over to yours Department on repayment it is necessary for the drivers to hold a special document showing that they are authorised to drive the trucks. This is particularly necessary to avoid misunderstanding with Allied Military Police.

2. Attached are 300 special forms bearing the signature of the Director of this Sub-Commission. Each driver, including reserve drivers, should be in possession of one of these forms completed in all details including the registered numbers of all the trucks that the drivers is likely to be called on to drive. Each form should be signed by a responsible official of the Ministry or the Telephone Company who controls the vehicle and driver.

3. The forms are numbered serially and it is essential that an accurate record showing to whom the forms are issued be maintained at the Ministry and a copy of the record should be forwarded to this office for information.

4. It must be borne in mind that these forms do not replace the regular drivers licenses or the trip or work tickets issued by A.M.A.C. Both these

554

File

see 39

SUBJECT: Driving Permits for Italian Civilians.
TO : Director, Communications S/C Hq. AC.

1. It is necessary for all Italian Civilians driving G.I. vehicles to have a permit to drive same, similar to the attached, which is copied, with a few changes, from the one issued by the transportation section of this Region.

2. As permits issued by this Region are open to question in Florence, Rome, and other parts of Italy, it is suggested that a supply of permits, similar to the attached, be furnished this office either by the Communications S/C or Public Safety.

3.In reference to the attached it is suggested that space be left to list up to four car numbers as Timo, Teti, etc., wish each driver to be able to operate anyone of the trucks in each place.

4. Two or thee hundred permits will be required as the Timo; Teti, etc. desire to have permits for more than one driver per vehicle in case one is sick or off duty.

5. The temporary permits which I have issued to enable the trucks to be delivered have been questioned by the M.P.'s both at Florence and at Parma, and the drivers held until I could be contacted.

6. If it is desired that these permits be issued directly by your office or by other A.C. agency in Rome, a list of drivers will be sent immediately.

REFERENCE : G-1B/205/1/0

10 July 1945.

SUBJECT : Compassionate Leave/Posting to the Channel Islands

TO : Distribution below.

1. Compassionate leave on a limited scale is now open to JERSEY and GUERNSEY but not yet to ALDERNEY; leave can only be granted ex UK and this means that personnel in this theatre must first be reverted to Home Establishment except as provided below.

2. Compassionate posting to UK, where the object is to obtain a period of compassionate leave in JERSEY or GUERNSEY, will be authorised by AFHQ in cases where the grounds are such as would obtain a compassionate posting to UK under the terms of GRO 165 of 1945 had the application been one for compassionate posting to UK. Long absence from the CHANNEL ISLANDS by itself is not considered to be sufficient hardship.

3. Personnel returning to UK on LILOP or normal leave and who have grounds for a grant of compassionate leave in the CHANNEL ISLANDS may make application to the War Office for such leave but, to avoid accumulation of individuals awaiting passages, should not be despatched to UK on normal leave out of turn solely for the purpose of visiting the CHANNEL ISLANDS.

4. LILOP, normal leave and compassionate reversion cases should on arrival in UK make detailed application to the War Office, Whitehall, London S.W.1 submitting full particulars and an address in the Islands where enquiries can be made.

5. Application for compassionate reversion to UK in cases of this nature will be submitted in the form prescribed by GRO 165 of 1945 and should be accompanied by supporting evidence and in this connection attention is invited to GRO 707 of 1944.

6. A War Office ruling as to whether personnel domiciled in the CHANNEL ISLANDS are eligible for DOMCOL under GRO 505 of 1945 has been requested.

SUBJECT: Rail Construction Priorities

TO : Addressees shown below

1. Below is given for information of addressees the Priority Groups for the reconstruction of sections of lines and works of the Italian railways, authorized for completion under Allied Commission and M.R.S. auspices. Construction under M.R.S. control takes precedence over AC commitments. The list is revised monthly and issued the first week of each month; each list cancels all previous issues. Applications for the revision of a priority should reach this Sub-Commission by the 1st of each month.

2. M.R.S. commitments are as follows:

Priority	No. of Line	Section of Line	Target Date
	71	Gemona - Pontebba - Villach	15-7-45
	88/188	Trieste - Cervignano - Udine	15-7-45
	71	Venice - Treviso - Udine - Gemona, permanent bridges	15-7-45
	53	Vicenza - Mestre	15-7-45
	65/59	Bologna - Alessandria	31-7-45
	69	Verona - Brenner - Insbruck	31-7-45
	66	Fortezza - S. Candido - Villach	31-7-45

3. Allied Commission commitments are as follows:

Priority	No. of Line	Section of Line	Target Date
1	69	Bologna - Verona	Uncertain
1	219	Pisa - Empoli - Florence	15-10-45
1	65	Orte - Chiusi (perm. reconst.)	30-10-45
1	65	Rio Torto - Viaduct	30-8-45
1	246	Giulianova - Teramo	15-8-45
1	242	Albacina - Civitanova	30-8-45
1	245	Porto D'Ascoli - Ascoli Piceno	30-8-45
1	277	Terni - Rieti	30-10-45
1	Priv. Rly.	Lauria Viaduct	--
1	Priv. Rly.	Terni - Todi - Perugia	30-10-45
1	244	Bastia - Ellera	30-9-45
1	Priv. Rly.	Ellera - Pietrafitta	30-8-45
1	Priv. Rly.	Cancello - Benevento	4-7-45
1	Priv. Rly.	Pr. River Bridge Piacenza (temp. repairs)	15-8-45

TRANSLATION

20 June 1945

MINISTRY OF COMMUNICATIONS

Subject: Abuse of military circuits by civilians.

To: RAAC, APO 794, US Army.

Reference our letter dated 13 June 1945, we communicate that at 1700 hrs on 16th June the telephones No.881427 and 64322 were disconnected from the Rome Central Exchange, for violation of actual regulations which prohibit the use of military circuits by civilians.

We would like to know how long the punishment of the following civilians for abusive telephone calls must continue:

GIANNELLI CLELIA - No.483424 Rome - attempted to call up subscriber 291193 Florence.

Rag. PAROLINI MARIO - No. 88427 Rome - called up subscriber 821 Bologna.

ALBERGO NETTUNO - No. 64322 Rome - called up subscriber 72922 Florence.

Mod. 9 - (47 f.)

[illegible]

MAIN AID A ARMY FROM TOKYO
ACTION: WE ARMY AND ITOH. INFO: ATTACHE C-5 POSITION

SECRET

1. At a meeting presided over by General Marquat this afternoon it was decided to put hereto (before?) the Japanese Home Secretary an aide memoire containing certain proposals which are briefly summarized below so far as they affect ATC. Under the line of demarcation cuts across existing areas of civ administration and economic activity mutual arrangements should be arrived at which will create minimum of interference with the normal life of Japan civil as a whole. Specific arrangements will have to be the subject of study and negotiation between experts of ATC and of the Japanese authorities. The more important subjects to be covered are as follows.

A. Communications. Telephone and telegraph communications to be uncontrolled between the 2 areas and mail facilities continued.

B. Transportation. Rail communications to be continued and a joint operating control army set up to regulate traffic and use of equipment.

C. Commerce and industry. Normal economic movement across the line of demarcation to continue subject 5/8 to

control sufficient to prevent unauthorized shipment of supplies. In order to work out detailed arrangements for interchange of power and of industrial mineral and agricultural resources of both areas a joint economic agency may be needed [illegible] and the Jugoslav authorities is proposed.

D. Finance. Arrangements will be made for provision of funds from principal finance institutions under UN to communities, post offices and branch banks in area East of the demarcation line subject to normal financial control. Mutual arrangements to be made for collection of cheques and confirmation of insurance payment and receipts.

E. Administrative records. Each of Govt departments and public and private enterprises to have access to records throughout both areas to facilitate normal activities.

2. If Yugoslav authorities accept these proposals in principal it is proposed to set up expert sub-committees as soon as possible to work out the details. The most important sub-committees will deal with coal, rail transportation and electric power. I strongly

recommend that you elect and prepare to send forward at short notice at least one expert in each of these subjects.

3. General Morgan also proposes to require the right of access for military and civilian supplies alone roads from TRIESTE to POLA. GTT ARMY AMG have already put in bids to ATHS for supplies to POLA.

4. Allied Military Govt was established in TRIESTE today and the Jugoslav flag was replaced in the principal buildings by the Allied flags without incident. However, the Jugoslav representative has not yet evacuated his office and mixed Allied and Jugoslav guards are standing all in line. It is proposed to establish Allied Military Govt in GORIZIA tomorrow. I am going to TRIESTE tomorrow and will return here on Friday.
