I much regret the necessity of having to inform you that, as a result of the withdrawal by the Allied Powers of recognition of the former Polish Government in London, it will no longer be possible for facilities to be extended to your mission for the transmission of secret communications in cypher or by sealed bag. AVVERTENZE

1. — L'indirizzo, quando non è in forma convenuta od abbreviata, deve indicare una persona o un ente collettivo riconosciuto, e deve contenere tutte le indicazioni necessarie, perchè la consegna del telegramma a destinazione possa farsi con sicurezza e senza bisogno di ricerche o domande di schiarimenti. — A tal uopo deve comprendere, per le grandi città, la indicazione della via e del numero di abitazione, o, in mancanza di queste indicazioni, quella della professione del destinatario, od altra notizia atta a renderlo reperibile; e per le piccole città il nome del destinatario dev'essere possibilmente accompagnato da una indicazione complementare atta a servir di guida all'ufficio di arrivo in caso di alterazione del nome proprio. Il domicilio del destinatario può essere indicato dalla parola **Telefono**, seguita dal numero distintivo del suo collegamento telefonico. In tal caso l'indicazione **Telefono X** (numero) è obbligatoria. Quando si desidera che il telegramma sia telefonato al destinatario, occorre far precedere l'indirizzo dalla indicazione tassata — **TF** —, seguita dal numero telefonico del destinatario. (Gli uffici italiani però effettuano la trasmissione per telefono di tali telegrammi soltanto se il destinatario è abbonato allo speciale servizio di trasmissione fonica). Il mittente deve tener conto che dalle ore 23 alle 6 gli uffici telegrafici con orario permanente o prolungato sino alla mezzanotte, salvo casi speciali, non eseguono il recapito dei telegrammi in arrivo se nell'indirizzo non è compresa la indicazione eventuale: **Notte**, e non è specificato il piano al quale abita il destinatario. Le indicazioni eventuali di servizio tassate che precedono l'indirizzo debbono essere scritte con le formule abbreviate prescritte, quando queste esistano. Per la corrispondenza internazionale, l'indicazione dello Stato o della suddivisione territoriale dove è il luogo di destinazione, è obbligatoria quando il nome dell'ufficio telegrafico destinatario non è ancora pubblicato nella **Nomenclatura di Berna** o negli annessi relativi. Per la corrispondenza interna, è obbligatoria l'indicazione della provincia in cui trovasi la località di destinazione, quando il nome dell'ufficio telegrafico non è ancora pubblicato nella **Guida indice degli Uffici telegrafici e telefonici** o nell' **Elenco degli stabilimenti postali e telegrafici** — In ogni caso il mittente sopporta le conseguenze dell'insufficienza o irregolarità dell'indirizzo. Se il telegramma deve essere recapitato per posta o per espresso, il nome della località ove trovasi il destinatario deve precedere sempre il nome dell'ufficio telegrafico di destinazione, da scriversi per ultimo nell'indirizzo.

- L'ufficio che accetta il telegramma ha piena facoltà d'accertarsi della identità del mittente o dell'esibitore.
2. — Le formule abbreviate prescritte per le indicazioni eventuali di servizio tassate sono le seguenti:

Formule	SIGNIFICATO	Formule	SIGNIFICATO	Formule	SIGNIFICATO	Formule	SIGNIFICATO
= D =	Urgente	= PCP =	avviso di ricevimento postale (telegramma con)	= TR =	fermo telegramma	= TF =	telegramma da telefonarsi al destinatario

Rough translation

Rome, 21th. November 1944

Dear Admiral,

the Soviet Government has acquainted the Italian Government with their decision to reestablish direct radio-communications between Rome and Moscow.

As you are aware of, the two radio stations used for that purpose (IPX; IRF) are requisitioned by the Allies and precisely by the CW and the PWB.

They have been requisitioned intact and in full working order.

I would be very grateful should you kindly provide, with the least possible delay, to the derequisitioning of those radio-stations so as to enable us to give the Soviet Government all the necessary data for an early reestablishment of the service.

It is needless for me to add, my dear Admiral, that as the matter concerns the USSR it is in our common interest to settle it as speedily as possible.

Believe me cordially yours

Caro Ammiraglio,

Il Governo Sovietico comunica al Governo italiano la sua decisione di riaprire il servizio radiotelegrafico diretto Roma-Mosca.

Com'Ella sa, le due stazioni impiegate per quel servizio (I R X ; I R F) sono requisite dagli Alleati e precisamente dalla C.W. e dal P.W.B.

Esse sono state requisite intatte e in piena efficienza.

Le sarò molto grato se Ella vorrà con cortese sollecitudine provvedere alla derquisizione delle due stazioni in modo che sia da parte nostra possibile dare al Governo Sovietico tutti i dati e gli elementi necessari per il sollecito inizio del servizio di cui trattasi.

E' superfluo sottolineare, caro Ammiraglio, che trattandosi di un servizio che riguarda l'U.R.S.S. è interesse comune ripristinarlo con ogni sollecitudine.

Mi creda cordialmente

1. Reference your 220 of 16 September 1944. This matter has been coordinated with the British Resident Minister, the U.S. Political Advisor and G-2 Section of this Headquarters.

2. Their views are expressed as follows: "The distinction between the facilities granted neutral representatives to the Vatican and those accredited to the Quirinal with respect to Diplomatic Pouches is more apparent than real. The limitations imposed by present travel restrictions within the theatre in fact practically preclude the travel of neutral courriers. In any event the distinction is completely logical in view of the special juridical position of the Vatican. It is considered undesirable for security reasons that the neutral representatives to the Quirinal should have bag facilities. It is not agreed that the concession given to the Swiss Government should be extended to other neutral Governments."

3. In view of the above it is not believed that the question of any new changes in the regulations now in force should be raised at the present time, or prior to the end of hostilities in Italy.

SUBJECT : Communications Swiss Government.

The authorization granted in your G-5 311.1-2 of the 14th September is noted, and action has been duly taken to inform the Swiss Legation as requested in paragraph 3.

2. Your attention is however invited to the somewhat invidious distinction drawn between neutral representatives to the Vatican and those to the Quirinal.

3. Under the terms of your letter AG. 311-043 B-0 dated 22nd August, 1944, para 1 (a), neutral diplomatic representatives in the Vatican are granted diplomatic bag privileges. This privilege is not generally granted to representatives at the Quirinal, although the latter might be considered to represent the larger interests.

4. In addition, there is no way of preventing the use by the representatives to the Quirinal of the bag facilities available to those within the Vatican area.

5. Perhaps in view of these considerations you might wish to consider the extension of bag facilities to all neutral diplomatic representatives accredited to the Quirinal.

SUBJECT: Communications - Swiss Government.

TO : Headquarters, Allied Control Commission, APO 394.

1. It is understood from the Offices of the British Resident Minister and the United States Political Adviser that the Swiss Government have asked the State Department that their representative at Rome may be allowed to communicate by sealed bag with Berne.

2. The State Department and Foreign Office have been consulted and have agreed to the Swiss request subject to considerations of military security. The latter aspect has been considered here by G-2 and no security objection is perceived particularly as the bags would take a considerable time in transit.

3. In the circumstances, therefore, the Ministers' Offices here have requested that the Swiss Legation, Rome, may be informed that they may communicate with Berne by sealed bag but in doing so, desire that it be emphasized that the concession is being made on the grounds of the special position of the Swiss in representing the interests of certain countries in Italy.
