"Subject: Prov. Director of Ancona,

We thank you for the information given in your P. 9.182/CS. of 13 Dec.

We have been very annoyed when we heard about the said arrest from the article published on the "Corriere di Perugia" that says as follows:

The C.L.N. has handed over to the Procurator dei Regno a bulky file concerning Comm. Mottesi former Director of the Post at Perugia, who had been recently appointed Director of the Posts of Ancona, asking that he should be charged for cooperation with the Germans & for criminal activity during before & after the Republican fascist Period (art. 5 of the Law of Epuration relative to art. 58 of the Military Code).

Having examined the file the Procurator del Re has issued orders to arrest him for collaboration with the Germans, & for fascist propaganda of June 5th 1944 (art. 5 D.L.L. 27 July 1944 n° 159 relative to art. 58 of the Penal Military Code."

It seems strange to us, that all the documents handed over to the Epuration Commission & examined by the same did not contain any charge or serious as

deserve measures of the kind.

At the present state of affairs we can only note what has happened & await the judgement of the Tribunals that will have to examine the activity of Comm. Nolfew.

On our part we will try to find ~~between~~ amongst our officials a director capable to take over the Direction of the Post in Ancona, ~~after which~~ & we will propose you his transfer to Ancona.

We note in the meantime the disposition issued concerning the reinstatement in the service of comm. Benedetti.

OGGETTO: Dott. Pietro Giorgianni.

In ottemperanza all'incarico avuto da V.E. nei riguardi di quanto ha prospettato il Comandante Krull dell'A.C.: ho eseguito con cautela ed accorgimenti le indagini necessarie, come appresso riferisco.

A Reggio Calabria ho appreso che il Dott. Giorgianni, nelle sue funzioni di Ispettore Provinciale, ebbe a fare una inchiesta nei riguardi del segretario della Direzione Provinciale Sig. Testa, in quanto era accusato dal P.N.F. di ingiustizia per non avere voluto dare la reggenza di un ufficio ad un supplente benemerito del partito. Nella conclusione dell'inchiesta egli difese il Testa, respingendo le accuse del federale contro il Testa. Per tale fatto pare che il Dott. Giorgianni fu accusato di incomprensione fascista, ebbe tolta per un certo periodo la tessera fascista e fu trasferito poi altrove.

A Reggio Calabria è molto conosciuta la escussione del processo contro i ferrovieri ed i militi ferroviari fascisti per i numerosi furti di pacchi; e ciò per inchiesta e denunzia del Dott. Giorgianni. Tale processo portò alla condanna di vari agenti della milizia ferroviaria fascista.

A Messina dove il Dott. Giorgianni si iscrisse al partito

A Messina dove il Dott. Giorgianni si iscrisse al partito nel 1926 non risulta abbia mai svolta opera per sostenere il fascismo, anzi pare che il federale del tempo Sig. Scimone lo sospettasse di antifascismo insieme al Dott. Giachino, suo intimo compagno ed amico verso il 1925.

A Palermo il Dott. Giorgianni durante le sue funzioni si è però procurato molte inimicizie, mentre molte gelosie sono esplo

Difatti si parla con poca riservatezza della protesta fatta dal sindacato P.T. locale al Sig. Stallone pare abbia risposto al Sindacato di Palermo, dicendo che il Dott. Giorgianni è risultato "il meno fascista di tutti i funzionari".

La protesta avrebbe avuto come elementi di base:

a) che l'Ispettore Dott. Giorgianni verso maggio 1943, quando assunse la reggenza della Direzione Provinciale di Palermo, instaurò il regime di terrore, in un momento in cui il personale aveva bisogno di conforto per le continue e terrificanti incursioni. Invece egli, dato l'assenteismo di molti impiegati e funzionari (quali l'Ispettore Buonadonna, il Capo Ragioniere, il Cassiere Prov.le etc.) si sarebbe rivolto al segretario del fascio per ottenere provvedimenti a carico degli assenti.

b) che il Dott. Giorgianni ebbe un colloquio telegrafico con il Capo del personale Comm. Saracista, il quale gli avrebbe suggerito di distribuire al personale circa 12 milioni esistenti in cassa, per evitare che fossero caduti nelle mani degli Alleati, che

Ciò premesso, si potrebbero trarre le seguenti conclusioni:

Subject:- Dr. Pietro Giorgianni.- - Report -

(1)

Following on the appointment given me by Your Excellency, regarding the points raised by Capt. Krull of the A. C., I have made, with caution, the necessary enquiries, as refered below.-

At Reggio Cal. I found out that Dr. Giorgianni in his functions of Provincial Inspector, had to make enquiries ~~on~~ regarding the secretary to the Provincial Director, Sig. Testa, accused by the ~~Federat~~ Fascist Party of injustice, for not having agreed to appoint as Acting Chief of an Office a man who was well deserving from the Party. At the conclusion of the enquiry he defended Testa, rejecting the charges of the federale against him. For this fact it is understood that Dr. Giorgianni was accused of incomprehension towards Fascism, was suspended for a period from the Party, and transferred somewhere else.

At Reggio Cal (as trial is very well Known,

Declassified E.O. 12356 Section 3.3/NND No. 785015

against Uy personnel and Uy fascist militi for the numerous thefts of parcels; and this on request and denonciation by Dr. Giorgianni. As a conclusion of the ~~trial~~ trial various member of Uy fascist militia were condemned.

At Messina, where Dr Giorgianni became a member of the Party in 1926, it does not ~~result~~ appear that he ever took any action to support Fascism; on the contrary it is understood that the federale (at that time, Sign. Simone) ~~suspected~~ him as anti-fascist, as well as Dr Giachino, a closed friend of his in 1925.

At Palermo Dr Giorgianni, during his appointment, made many enemies, whilst many jealosies were provoked by his promotion to the grade 5.

As a matter of fact everybody speaks without any reserve of the claim made by the local Sindacato P.T. to Mr. Hallowe, segretario generale of the Sindacato, intended to demonstrate that Dr Giorgianni has no right to ~~not~~ belong ~~be of member~~ to the Epuration Committee; to such claim it is understood that Mr. Hallowe replied saying that Dr. Giorgianni has moved ~~results~~ to be

Declassified E.O. 12356 Section 3.3/NND No. 785015

"the least fascist of all the officials".

The basis of the protest were as follows:

a) Inspector Giorgianni, about may 43, when he was appointed Acting Prov. Director of Palermo, instituted a regime of terror, in a moment in which personnel was ~~needing~~ becoming comforted because of the continuous and dreadful airraids. - He ~~insert~~, owing to the ~~report~~ absence of many employes, officials (such as Inspector Buonadonna a the Capo Ragioniere, the Prov. Cashier etc) appears to have applied to the federale, in order to obtain measures against the absents..

b) Dr Giorgianni had a telegraph conversation with the Chief of personnel Comm. Fracassi who seems to have suggested to ~~him~~ distributing to the personnel about 12 millions on hand ~~of lire~~ in the safes, to prevent them from falling into the hands of the Allies who were approaching Palermo. - Dr Giorgianni instead ~~only~~ gave the employes only five months pay in advance.

c) As soon as the Allies landed at Palermo,

Declassified E.O. 12356 Section 3.3/NND No. 785015

he put himself at their complete disposal, for which reason the Allies could immediately get in possession of the remaining millions.

d) Dr Giorgianni boasted his activity for the services, promoting and obtaining his promotion to grade 5 (Term signed by Col. Poletti) with Col. Hood + Capt. Alpino

e) Lastly Dr Giorgianni seems to have promised a promotion to a superior rank to many officials, presenting for this purpose a proposal to A. C. C. - But when he knew that Sicily would have passed under Italian Gov. Control he seems to have requested the A. C. C. not to ~~peer in to this~~ take into account any more the proposed promotions

An official, speaking to me of the qualities and faults of all high ranking officials who came to Sicily, expressed himself as regards Dr. Giorgianni, as follows:

"Dr. Giorgianni may have been a skillful official in carrying out enquiries as Inspector, but

Declassified E.O. 12356 Section 3.3/NND No. 785015

not a good Director, because in his attitude towards the personnel he ~~was of mind of applying~~ intended to apply the same ~~threatful~~ menacing system used in the course of his inquests. In 1943 he got published on the press the names of employees punished on account of their having left the office during the air raids. The rumour is to be excluded that he may have been a fascist spy. It is true that the situation required an energetical direction, but it was necessary to act with a sense of humanity, in view of the painful conditions of the personnel. Dr. Giorgianni became soon well liked by Col. Poletti and Capt. Alosio, who were in charge of civil affairs in Sicily."

Given that
~~Considering~~ the following considerations might be drawn:-

1.- Dr. Giorgianni seems to have not carried out throughout his career, serious activity to obtain the Fascism.

2.- In his inquests he never suspected when criminous actions by the fascists were to be denounced. (see the case of Rly Fascist Building).

Declassified E.O. 12356 Section 3.3/NND No. 785015

3. The report made against him by Capt Krull is ~~made by~~ influenced by the hates of people punished by him, and by the hungers of those who were disappointed by the promised and failed promotion

4. The collected ~~and~~ above mentioned news support somehow the statement by Col. Heald in his letter N° PS. 16/9.124 of 1° Oct. 44 that "Dr Giorgini ~~submitted to an enquiry~~ was the subject of an enquiry and that previous documents have seemingly proved the statement by Capt. Krull to be unfounded ~~at all~~, and that at last ~~the~~ Dr. Giorgini carried out a very appreciable service in his activity with A.M.G."

5. ~~On consideration~~ In view of the well known intentions of Col. Poletti - Senior Civil Affairs Officer in Sicily - to ~~cancel~~ delete everything which be a hard creation of Fascism, ~~he~~ it seems unlikely that he would have appointed Dr. Giorgini ~~as~~ Chief of Postal services in Sicily, promoting him to to grade 5, without having first collected all necessary informations on his activity ~~in~~ during the fascist period. SUBJECT: Arrest of Provincial Director of Posts and Telegraph of Ancona.

REF : K 5/517/6

DATE : 11 December 1944.

I. On 5 Dec. 944, Comm. Maltoni Mario, Director of Posts and Telegraphs Ancona Province, was arrested by Carabinieri from Foligno acting under the orders of the Procuratore del ne di Perugia on charge under article 58 of C.P.M. of war and Art. 5 DL n °59 of 27 July 1944.

2. This Official had only taken up duty in his present appointment on 3 Dec.. He had been transferred from a similar post in Perugia after, it is understood, being screened by the local Epuration Committee and his appointment had been approved by the Secretary of State for Communications.

3. The main point at issue, however, is that this arrest was carried out without any prior notice to the Provincial Commissioner or to myself.

4. Rehabilitation of the postal service is difficult enough without the addition of further complications such as the removal, without notice, of key personnal, in this case a man holding the important post of Provincial Director.

5. I request therefore that if any similar action be contemplate in future, prior information may be given me so arrangements may be made for a substitute.

In the Postal & Telegraph Services' milieu in Rieti for some time since there has been a rumour that some employees - recently suspended by AMG - are to be reinstated. It is said indeed that the Rome AMG is taking an interest in the matter.-

It saddens me to distract the attention of soldiers from their principal job which is that of winning the war. But it would be even more sad if justice went unsatisfied.

At the Meeting of October 22nd all the Post Office personnel once more confirmed the activity of heads of the Sindacato as regards the suspension of personnel. From Proclamation notifying the transfer of Rieti Province to the Italian Government it appears that no reinstatement can take place without the approval of AC and therefore I recall my statement dated July 25th and submit the following information :

PELLETTIERI, ex head of the Telegraph Office, who is among those employees who are to be readmitted to their posts (also owing to an influential recommendation) is that same functionary who during the german occupation collaborated so willingly with germans, giving them topographic charts of telegraph and telephone communications and all possible information, so that the germans were soon in a position to activate communications with their Commandos and the personnel was reduced to complete inactivity owing to lack of wires which had been ceded to the germans. He was the admirer and friend of all german officers and soldiers who assiduously frequented the Telegraph Office, and especially of the soldier called Fritz. It is quite false that he became a member of the Republic because of threats from fascists. The Verona Proclamation said clearly : IT IS NOT OBLIGATORY TO BELONG TO THE REPUBLIC. Pellettieri became a member to give his dependents an example They instead did not follow it and nobody molested them. The men who at that period were Pellettieri's dependents are : Carlone - Marcacci - Angelantoni - Lucchini - Regai - Dimattei - Giovannelli - Molella - Salvatore and they can be interrogated. Furthermore this functionary, in an official capacity, together with the Provincial Director Graziani went on the afternoon of April 21st to OFFER HIS CONGRATULATIONS in the Republican Militia Barracks, where many flasks of wine were drunk in brotherly unity. A Provincial Director and the Head of one of the Offices permitted themselves to drink to the greatness of the Republic and unfailing victory when already from afar the Allied guns could be heard which made our hearts beat. The man who organised this duty call at the Militia Barracks was the squadrista FIORITONI Mario who was President of the Dopolavoro and Fiduciario of the Sindacato and under false

ment can take place without the approval of AC and therefore I recall
my statement dated July 25th and submit the following information :

cers and soldiers who assiduously frequented the Telegraph Office, and

went on the afternoon of April 21st to OFFER HIS CONGRATULITIONS in
the Republican Militia Barracks, where many flasks of wine were drunk
in brotherly unity. A Provincial Director and the Head of one of the
Offices permitted themselves to drink to the greatness of the Republic
and unfailing victory when already from afar the Allied guns could be
heard which made our hearts beat. The man who organised this duty call
at the Militia Barracks was the squadrista FIORITONI Dario who was Pre-
sident of the Dopolavoro and Fiduciario of the Sindacato and under false
pretences got some other functionaries to join the cortège. The event
left a sense of disgust in all. Personally I was able to see from Porta
Romana square the entry of the admirers and upholders of the Republic
into the Militia Barracks.

On the 5th of November the Rieti Questura discovered a gambling
hell in S. Ruffo square. Among the gamblers as head of the band there
was squadrista Difazi Egidio ex Provincial Cashier of the Post Office.
Out of a sense of humanity the Questura released Difazi the same night
(he is a friend of many of the Agents) so as not to aggravate his posi-
tion. From this fact, that is from the discovery of some wealthy butcher
who were gambling with Difazi one can infer what took place during the

Declassified E.O. 12356 Section 3.3/NND No. 785015

1850

Republican period, when Difazi was one of the fascist heads and with his merits of 10 years faithful service in the Milizia Postelegrafonica was able to spend his nights in gambling hells without being disturbed. Therefore why did the Director Graziani keep such an element which was quite out of place, especially in such a delicate post as that of Provincial Cashier ? Because Graziani was the real defender of squadristi, fascism and the germans. It was Graziani who refused to suspend from their posts the squadristi who were all found at their jobs by Capt. Nlasia.

The premature reinstatement of fascists, after a few days of quarantine, would naturally lead to reprisals against antifascists, the more so that the Inspector who at present holds the Direzione stands up for fascists because of some grudge he has with the Sindacato for the following motives :

On October 11th Brignola had the following circular printed for all the offices in the Province: " You are kindly invited to subscribe an offering for the newspaper " Unità ". It is understood that such an offering must be made spontaneously, etc.etc." For the Sindacato Postelegrafonico signed Brignola.- On the other hand the Sindacato, being apolitical, had not authorized the above circular nor had it been informed of its proposed publication and, having casually come in possession of a copy of it energetically protested against its being sent out. Brignola, to cover his past PHILOFASCISM and to get on in his career was taking up a position in regard to communism. On that occasion Brignola expressed himself strongly and said that the Sindacato by putting spokes in his wheels would compel him to put a denounciation before AMG.

Preceding this, the employee Cozzi, sent on a mission to help Brignola, had exceeded his rights passing himself off as Inspector on a special mission for the AMG and compelling all the personnel to sign a subscription for the newspaper " Avanti ! " which subscription appeared on n. 113 of Oct. 15th. It was therefore necessary that both Brignola and Cozzi should get themselves some merit for defascism for their own ends. It was also necessary that the authority of the Sindacato exponents be diminished as they were opposed to such ambitious ideas. This is the reason for which Brignola is now repeating right and left that it is all a question of personal rancours, jelousy etc. thus trying to deprive the Sindacato of the moral and patriotic motive which inspires it.

Even with the unhoped for help that Brignola can give the suspended personnel, owing to his desire to hurry his career, facts are what they are : on the one hand we have those who are unscrupulous profiteers and wanted the war and helped germans; on the other hand are those who opposed fascism, opposed the war and hate germans. Relations between Great Britain and Italy, which were almost fraternal owing to the help

Relations between Great Britain and Italy, which were almost fraternal owing to the help given by Great Britain to the italian Risorgimento, were to be fatally compromised at Versailles which led to fascism and the war, but they must one day return as they were after the moral, spiritual and material restoration of this poor ruined country has been achieved, as I am sure it will be, by all Allied soldiers during their stay here. This work of prudent justice is what will save Italy from civil war.

As far as I personally am concerned, my career was inhibited for 20 years, my beautiful wireless was taken away owing to propaganda for the Allies, my house was bombed so much so that the rain comes in, I was

Declassified E.O. 12356 Section 3.3/NND No. 785015

imprisoned and all I had was taker away. Some of my colleagues are in the same position. We do not ask the Allies to help us although we need it, we only ask that justice should follow its normal course without sectary interference and this for the good of all, italians and Allies.-

Subject: Promotions of officials of the province of Naples.

To : Under Secretary of State for Posts and Telecomms.

1. With reference to your letter N° 27423I of 16th Nov. the position is that the Commune of Naples has not yet been transferred to the jurisdiction of the Italian Government and therefore all Government employees within that Commune could conceivably be regarded as continuing to be at the dependence of the Allied authorities.

2. To facilitate your Administration of the Province and to avoid practical difficulties arising from the division of responsibility as between the City and Province authority was given (subject to certain provisos) in August last for the Provincial Director of Naples to work directly under your instructions in operating and personnel matters.

3. It is considered therefore that you would be justified in regarding your Ministry has having the right to regrade personnel as from the date of the authority mentioned in para. 2.

4. It is hoped, however, that in order not to impose unexpected hardships on the officials concerned you will be able to avoid mocking any reversions in grade which you feel compelled to impose and will give reasonable notice in advance to any personnel who will suffer a reduction in salary.

5. Dott. Guerrieri was transferred from Naples to Palermo about four months ago.

Subject : Personnel of Macerata and Teramo.

We have received your letter dated 23 Nov., about Rag. Cagnoni and his destination, that has already taken place, to the Provincial Direction of Teramo.

We point out as follows:-

I. Mr. Cagnoni has not been sent away from Macerata owing to accusation about political or disciplinary matters, but only because local incidents and a certain internal lack of discipline had made his residence in Macerata rather inopportune. Said official has the rank and the capacity to run a Provincial Direction in as much we have thought, nearly as a punishment to send him to the Direction of Teramo, which is of minor importance, which, in legal effects, resulted to be not occupied, as the actual Reggente, Dr. Muzii, has not, following our regulations, the rank to consent him said direction.

2. We had not thought of asking your consent previously, owing to the fact that Teramo is under the Administration of the Italian Government and being considered by us a Direction of second importance, we thought we could give disposition on the matter, with your consentment implied. We beg your pardon and we will issue disposition to the qualified offices so to avoid in future inconveniences of the kind.3.We are ourselves of the opinion that it should be better to provide to the appointment of Provincial Directors, of people that do not come from Directions from where they have been sent away, but the number of officials that have been epurated, added to those who have been sent away having reached the limit of. age, has reduced in such a way the personnel of our Adminostration, that it is really most difficult to move our personnel. Said movement will really be a problem when we will have to make provision for the substitution of nearly all the personnel in occupied Italy, when it will be liberated. Owing to all these reasons, we will be very gratefull ef for a word of acknowledgement authorising us to take consequent action.

1. It is understood that Sig. CAGNONI Mario, who was suspended from the Provincial Directorship of Macerata for inefficiency, is likely to be appointed to fill the similar position at Teramo which is at present being covered by the Regente Sig. MUZII.

2. It is felt that you should be made aware that such an arrangement is not favoured by the Allied Postal and Telecomms. Officers for the Region, as the Regente has shewn himself to be a very suitable and capable official.- If, owing to his comparetively low grading, you regard it as quite essential that the post should be filled by a higher grade official, it does seem desirable that the latter should not be one whom it has been necessary to remove from his previous office.

3. Perhaps you will agree upon the desirability of reviewing the matter in the light of these comments.

FROM "RISORGIMENTO" OF 15/10/1944.

Improvements on condition of State employees and of those depending on local Anti.

Contemporaneously with the indemnity for high cost of living granted to workers, there will enter into force other improvements agreed upon and settled in favour of the State employees extended where applicable to employees depending on local Anti, the latter having the faculty of modifying them in a less elevated way if local conditions are such as to justify it. Such improvements regard:

1. Firstly are amalgamated to the salary and become pensionable, the supplements of active service and the temporary war assignment having thus a noticeable simplification in calculation of payments due to the personnel and an improvement in the future treatment of the latter on retirement.

2. The temporary integration granted by royal decree law on the 6th December 1943 is increased by 500 lires (gross) monthly for the personnel of grades from 1st to 5th; by 800 lires monthly for the personnel of graded from 6th to 8th; by 1000 lires monthly for personnel of grades 9th and inferiors.
Such amounts are reduced by 15% for the personnel who is normally in service in communes having less than 300.000 inhabitants and by 30. per cent for personnel stationed in communes with a number of inhabitants inferior to 50.000. They are increased by 30% for personnel being normally in service in Rome.
The increase is not due to married women whose husbands are also State employees or depend on a local Ente. It cannot, however, exceed double the salary, payment or retribution which the employee gets.

3. Family assignment and the relative complementary payments are doubled, limited to the first three. On occasion of these improvements the indemnity for war offences, which is called bombardament indemnity is suspended and substituted by a daily indemnity of very uncomfortable residence fixed in the same measure which is to be paid in the communes of Rome and Naples and in other communes in which, by decree of the Ministry of Interior in agreement with that of the Treasury, is recognized to be particularly high.
The quoted improvements enter into force as from the 16th Aug. last and the account of 1000 lires, already paid to state funotionaries shall be computed in it.

I noticed in the Postal Officer report a reference to the Direttore of Posts and Telegraphs at Ascoli, Matteo Bass$, and that someone was gunning for him. I have seen the correspondence on the subject and have discussed the matter with Lt. Allen. I consider that spiteful gossip is being aired and that should be disregarded. Allen agrees.

In risposta alla lettera sopra segnata informo la S.V.che la posizione del personale fuori ruolo dell'Amministrazione P.T.-diurnisti,avventizi e ausiliari-forma oggetto di attento studio da parte mia per eliminare,nel più breve tempo possibile,le situazioni sfavorevoli che si sono venute creando sotto il cessato regime nei confronti del detto personale. AMMINISTRAZIONE DELLE PP.TT.
ASCOLI PICENO

158

OGGETTO : .....

Personale delle PP. e
TT. di Ascoli P.

ALL'ECCELLENZA IL PREFETTO di
ASCOLI PICENO

^^^^^^^^^^

In ottemperanza al Decreto Prefettizzio 27 luglio u.s. ho eseguito degli accertamenti sul personale delle Poste di questo Capoluogo ed eccomi i risultati:

L'ambiente delle locali Poste e Telegrafi già composto in gran parte di personale di basse condizioni sociali e di poca cultura, dopo il 1940 ha assunto un'altra caratteristica a causa dell'affluire in esso di svariate giovani donne che, per esigenze di servizio furono poste a contatto con uomini di tutte le età.

Infatti parecchi reparti subirono trasformazioni nella loro composizione, ma uno, che più degli altri, subì trasformazioni, per il reparto ragioneria il quale fino a tutto il 1940-41 era stato composto di soli uomini. Cominciò ad essersi assegnata la diurnista Torretta - Massimi - e dopo fu la volta delle signorine Ilari - Nardi Onori - De Angelis - Ferretti e poi delle Chiodi e di qualche altra unità.

E' ovvio con la presenza di diverse donne in ufficio, siano potute sorgere fatti come quello per cui il facente funzione di segretario, sig. Rivosecchi Giovanni, fosse noto recarsi a confabulare con la Torretta nella di lei stanza ove in un primo tempo, vi era pure il Navigari, sostituito poi con la Ilari, amica di vecchia data della Torretta.

E fosse notato quando la Torretta svolgeva servizio straordinario al telegrafo, anche il Rivosecchi prestava servizio straordinario con lo stesso orario.

E la stessa Torretta dichiara essersi, diverse volte, il sig. Rivosecchi recato nella sua stanza e aver parlato insieme di cose non riguardanti il servizio, ma nello scambio di generi alimentari fra le rispettive famiglie fra le quali esisteva e si era rafforzata una forte amicizia. Ed invero a distanza di 2 anni circa dall'assunzione della Torretta, vi venne assunto come scorta pieghi il marito della Torretta e ciò in seguito a pubblica licitazione, alla quale dichiara il Rivosecchi rivolgersi al Massimi a concorrere a basso = prezzo perchè con tale sistemazione poteva riunirsi alla famiglia ed

./.

Declassified E.O. 12356 Section 3.3/NND No. 785015

153

anche un vantaggio economico.

Come a distanza di tempo, avvenne l'assunzione con destinazione in ragioneria della signorina Chiodi Elena, sorella del fidanzato della Ilari, intima amica della Torretta.

E' per altro vero ed esatto che per i commenti sfavorevoli sulle visite del Rivosecchi alla Torretta, il Capo ragioniere richiese l'allontamento della Torretta.

Di tale richiesta il Rivosecchi ebbe a meravigliarsi col Cav. Ciotti - Capo ragioniere e disse che anche lui supponeva essere il motivo del malumore del personale, il fatto delle sue visite alla Torretta. Aggiunse che anziché richiedere il trasferimento della Torretta al Direttore, avrebbe potuto dirlo a lui, senza umiliare una signora, perché avrebbe subito eliminato ogni ragione della Torretta.

Cosa che infatti fu fatto dal Rivosecchi fino a tutto il Novembre 1943, epoca in cui ricominciò ad andare in ragioneria.

Dal I° Giugno 1943 al Luglio 1944 (epoca in cui erano in genere sospesi i congedi annuali), assai di frequente la Torretta e si é recata in permesso a Montettone, seguita nei permessi delle Ilari e della Nardi, mentre gli impiegati anziani non hanno fruito di tante larghezze.

Il premio di operosità del quadrimestre marzo-giugno 1944, assegnato al reparto ragioneria, é stato suddiviso fra le diurniste Torretta, Ilari, Nardi, Onori e il signor Cangemi., con esclusione di altri perche o provvisti di altri proventi straordinari, o non aventi diritto per non avere compiuto il prescritto tirocinio alla ragioneria.

Il Direttore Provinciale dichiara di non aver avuto lamentele, e di non aver mai sindacato i criteri di ripartizione del premio perché fatti dal Direttore di ragioneria con equanimità.

Coinnestato alla presenza di donne nelle poste vi fu l'allontanamento della signorina Salvi Ida del reparto telegrafi, perché fu riferito che tra la Salvi e il Capo Turno del telegrafo sig. Bartoloni, esistevano rapporti di ~~necessità~~ eccessiva deferenza della prima verso il secondo.

I genitori pregarono il Direttore Provinciale per la restituzione della figlia al reparto telegrafi.

Tale restituzione avvenne dopo qualche tempo non senza che il Direttore ne avesse parlato col Rivosecchi, o che questo gliene avesse parlato prima, essendo questi incaricato di preparare gli ordini di servizio in genere.

Le visite poi che quasi giornalmente compie la vedova Coccià nella sua qualità di Ricevitrice della Succursale postale N.2 di Asconli, al Cav.Ciotti in ragioneria, completano la serie dei fatti che hanno destato l'attenzione e la curiosità del personale.

In occasione di tali visite, il ragioniere Ciotti, ha regalato dei libri e balocchi ai figli della ./.

Declassified E.O. 12356 Section 3.3/NND No. 785015

155 D

...ori e balocchi ai fini della Coccià (secondo dichiarazione di costei), libri e balocchi che il Ciotti ha precisato aver donato per conto di sua moglie. Questi fatti concatenati con altri, come la sospensione del pagamento degli accollatari dei trasporti (e fra questi il Massimi) solo il I° Luglio I944 mentre il servizio postale era cessato, anche oltre qualche mese prima dell'anzidetta sospensione; la concessione della maggior parte dei cottimi e dei lavori di straordinario all'impiegato di ragioneria Cangemi, ritenuto braccio destro della ragioneria Ciotti, la concomitante assunzione in servizio di una sorella del Cangemi, sfollata da Tripoli e coniugata con una camicia nera richiamata alle armi e fatta prigioniera, l'aver interrotta e tralasciata, senza giustificazione alcuna la procedura per accertamenti sanitari iniziata a carico del diurnista Stipa Italo, allorché nel settembre I943, si allontanò dall'ufficio per sottrarsi a possibile rastrellamento da parte dei Tedeschi, come molti altri dipendenti dalle PP. suoi colleghi, dichiarandosi malato così come era tacitamente convenuto coi rispettivi capi ufficio, previe intese col Direttore Provinciale, talché può benissimo ammettersi che lo Stipa sia stato fatto segno a trattamento diverso dagli altri dipendenti che non furono sottoposti ad accertamenti sanitari e che si allontanarono perché minacciati di chiamata al lavoro o di servizio militare, pongono in luce la non perfetta regolarità di condotta di taluni impiegati (come Bartolomei, Ciotti, Salvi e Monaloli) la mancanza di rispetto del decoro dell'Amministrazione da parte di altri (come Rivosecchi - Tornetta) e la non molta vigilanza esercitata dal Direttore Provinciale Cav.Bassi per aver o sorpasseduto su fatti che per essersi svolti nell'ambiente di uffici alle proprie dipendenze, meritavano una assai più oculato esame da parte sua o per averli del tutto ignorati.

Chiudo la presente relazione ponendo in evidenza che per quanto riguarda il servizio trasporto pacchi a Forlì, attese le particolari contingenze in cui esso si é svolto, può ritenersi che l'amministrazione postale abbia in certo qual modo tutelato i suoi interessi pur dovendo tollerare che l'assuntore del servizio nelle corse di ritorno da Forlì provvedesse a caricare le macchine di merci e persone che meglio rispondevano ai propri interessi.

Per quanto riguarda la situazione politica dei dipendenti postali, porto in chiaro, che vi sono stati elementi iscritti alla M.V.S.N. (Rivosecchi ed altri, che ne sono stati dimessi nel Marzo I944), qualcuno iscritto prima alla Milizia Postelegrafonica e poi pure al Partito Comunista dai recenti (Relucenti Dante) e qualcuno ancora che ha ricoperto cariche di Fiduciario dell'Associazione Postelegrafonici Prov/le (Saldani, Sambenedetto) e che tutti i dipen-

denti hanno prestato giuramento di fedeltà alla Repubblica fascista ma senza che il Direttore Provinciale lo avesse prestato a sua volta per quanto avesse chiesto al fu Capo della Provincia di stabilirgli la data per prestarlo (3-6) si subordina ogni provvedimento alla S.V. se si debba procedere all'epurazione direttamente o si debba lasciarla fare al Ministero delle Comunicazioni, diretto superiore dei dipendenti postali.

Con osservanza.

The undersigned P.O. subordinate employees (casual and daily) expose the following :-

The Minister C. Riccio in the period in which he was in charge at the Ministry of Communications, in order to announce the wasting of money occurring in his Ministry, did not hesitate to recur to the reduction of charges relating to personnel ~~rate~~ wages.- In fact, as from the competition for ~~appointment~~ places, published by the Ministerial Decree of Feb. 7th. 37 ~~and on~~ the admittance into service of subordinate employees was only operated through temporary contracts, i.e. assuming only daily employees.-

In this way, this subordinate personnel of which the undersigned are members, have served for nearly 10 years (besides the period they worked as telegram carriers) loosing nearly 500 lire per month, because the established personnel receives 500 lire per month more than the casual and daily workers, while the work operated is exactly the

Declassified E.O. 12356 Section 3.3/NND No. 785015

same. Besides ~~this~~, there is a considerable difference between the two categories, as far as the following special kinds of ~~compensation~~ indemnity are concerned:- indemnity for overtime work, semestral gratifications, annual period of leave and sickness, increasing every four years, family indemnity. By this system the subordinate personnel has been exploited for many years, compelling it to the same work than the established employees, under the continuous threat of dismissal, and giving it insufficient wages.- A crowd of unfortunate people has been so created, to realize economies, which, as ~~all~~ everybody is aware, have been very badly administrated.

What is exposed above is ~~the~~ purely the truth: an other example of the bad administration of Cuno is the introduction of the five years contract for auxiliary employees - These

Declassified E.O. 12356 Section 3.3/NND No. 785015

employees, of the Group C, used to be all established ones, but, thanks to Craxi, they became employees ~~by~~ with a renewable contract of five years - And such a system was introduced by Craxi only in the Postal Administration - However, this is not the case of the modernized employees, and it has been quoted just as an example of the unscrupulous Craxi's Administration of personnel -

Now Craxi is dead a Fascism is fallen forever. It seems to be the time to repair so many wrongs -

Therefore, the casual and daily personnel, ask for your interest, and your efficacious and conclusive help to obtain after so many years of work, their inclusion in the established personnel roll, and, in the meanwhile,

Declassified E.O. 12356 Section 3.3/NND No. 785015

their wages be taken at the same level as the one of the established personnel eliminating the difference of about 500 lire per month.—

In esito alla vostra lettera PS.16/9.143 in data 24 corr. Vi comunichiamo che il Comm.Candeli ,rientrato in questi giorni dal suo viaggio di ispezione ci ha riferito quanto segue :

ASCOLI : nei riguardi dell'attuale Direttore Cav.Matteo Bassi, l'Eccellenza il Prefetto non insiste sul suo immediato allontanamento, pregando invece di disporre il trasferimento in altra Direzione del funzionario attualmente adibito a mansioni di segretario di direzione, Ufficiale Rivosecchi Giovanni, causa prima del malcontento del personale .

Il rappresentante della Commissione Alleata, Ten.Arthur J.Allen, prima di pronunciarsi in merito, sia del Cav.Bassi che del Rivosecchi, desidera esaminare la relazione dell'inchiesta fatta eseguire su sua domanda ,dal Consigliere della Prefettura di Ascoli, Dott.De Nora.

Allo stato attuale non vi è quindi che attendere la decisione della Commissione Alleata .

Mario Cagnoni, attuale dirigente viene sostituito dal Cav.Sacquegno Rag.Santo, Il Prefetto si è dimostrato soddisfatto del provvedimento assunto e ci ha fatto conoscere che il Cagnoni deve ritenersi funzionario retto ed onesto, forse solamente privo dell'energia necessaria per condurre rapidamente a termine una epurazione oggi resa necessaria dalla situazione politica .

S.E.il Prefetto interpellato al riguardo ha confermato la necessità di provvedere al suo allontanamento. Il Candeli ha pertanto disposto al riguardo e questo Ministero provvederà al più presto ad inviare a Chieti un dirigente idoneo a tale incarico, sopratutto nella considerazione che l'attuale reggente Manlio Bernabini ,non ha nè il grado nè la capacità di reggere definitivamente la Direzione in parola .

ANCONA :Il Direttore Benedetti Cav.Uff.Enrico malgrado l'età avanzata ha indubbiamente cercato di fronteggiare la grave situazione creatasi in Ancona col massimo zelo e migliore buona volontà.Data ad ogni buon conto l'età dello stesso, si ritiene di accettare la richiesta da lui presentata di collocamento a riposo e di sostituirlo al più presto con funzionario idoneo e capace .

Questo Ministero sta esaminando il problema che conta di risolvere nel tempo più breve, in quanto anch'esso necessita di un Direttore, di un Capo per la Ragioneria e di un Capo Ispettore .

Ci riserviamo quindi al riguardo di fare avere quanto prima a codesta Spett.Commissione, notizie concrete in merito .

A proposito di personale,questo Ministero attende poi da codesta Spett.Commissione un responso in merito al Direttore Provinciale di Perugia, che il Magg.Palmieri si era riservato di risolvere in giornata, lasciando però da oltre dieci giorni questo Ministero senza adeguata risposta.Il caso è esattamente il seguente :

-Il Direttore Provinciale di Perugia, Comm.Molteni, è stato dalle Autorità Militari Alleate arrestato all'atto dell'occupazione,come repubblicano fascista .Sottoposto ad inchiesta è stato riconosciuto innocente e immediatamente prosciolto,liberato e restituito a Perugia.La Commissione di Epurazione di questo Ministero ha già esaminato il caso Molteni e lo ha ritenuto non suscettibile di allontanamento non avendo alcun fondamento le accuse a lui mosse al riguardo. Legalmente egli potrebbe senz'altro riprendere il suo posto di dirigente,ma pare che le Autorità Militari Alleate non lo consentano.Il dilemma quindi è questo :

Subject:. Personnel

Ref. your PS.16/9.143 of 24 Oct. - We notify you that Comm. Canaleli, who arrived in these days from his ~~journey~~ tour of inspection, has referred as below:-

ASCOLI:- In respect of the actual Director, Cav. Matteo Bassi, the Prefect does not insist on his immediate transfer, and wishes, instead, that we arrange for the transfer to another direction, of the officer actually acting as Director's Secretary Sig. Rivoxechi Giovanni who is the main cause of the dissatisfaction of the personnel. The A.C. representative, Col. A.J. Allen, before taking any decision about Sig. Bassi e Rivoxechi wants to see the report of an enquiry, made, on his request, by Dr. De Nora of Ascoli's Prefecture -
At the present stage we are therefore waiting for the A.C. decision.-

MACERATA:- We have notify the Prefect the measures taken by this Ministry, on the basis of which, Dr. Silvio Capponi, actual Director, has been substituted by Cav. Torquegno Roy. Decreto. The Prefect showed himself satisfied with this arrangement and informed us that Sig. Capponi is to be considered an honest official only unprovided with the energy necessary to rapidly conclude the epuration

Declassified E.O. 12356 Section 3.3/NND No. 785015

Which is necessary under the present political situation -

CHIETI :- The representative of the A.C. has insisted for the immediate dismissal of that Director, Cav. Uff. Billitteri Giuseppe. The Prefect, on request, has confirmed the necessity of such dismissal - Inspector Candeli has therefore arranged accordingly, and ~~this~~ this Ministry will, as soon as possible, arrange for sending to Chieti a suitable Director, mainly considering that the actual acting Director Manlio Bernabini, has not the rank and the capacity to be appointed undefinitely at the actual place. -

ANCONA :- The Director, Benedetto Buricco, in spite of his age, has undoubtedly tried to meet the difficult position existing at Ancona, with the best will and capacity - In consideration of his age, we have agreed, however, to accept his application of being pensioned and to substitute him as soon as possible with a suitable and capable officer.-

This Ministry is examining the problem and

Declassified E.O. 12356 Section 3.3/NND No. 785015

We hope to solve it in a short time, considering that a Director, a Chief of the Regioneria Section and a 1st Inspector are needed there.-

We will therefore notify you definite in connection on this matter as soon as possible-

On the matter of personnel, this Ministry is also waiting from the A.C. a reply on the case of the Provincial Director of Perugia, which Major Palmieri had promised to solve in one day, leaving however this Ministry for more than 10 days "without an adequate reply- The case is the following:-

See Roll 9 1634 8166

The Provincial Director of Perugia comm Molkeni has been arrested by the Military Allied authorities at the moment of occupation, as a fascist Republican. The relative enquiries have shown him innocent, and he has been immediately released and sent back to Perugia.- The Epuration Commission of this Ministry has already examined this case, and has judged that Mr Molkeni does

Declassified E.O. 12356 Section 3.3/NND No. 785015

Observe dismissal because accusations
charged on him had no basis.-
Legally he should, therefore, re-take his place
of Director, but it seems that the Allied
Military authority do not allow this.-
The alternatives are the following:-
a) May Hon. Holten take again his place of
Director?.
b) For such ~~re-instatement~~ must we wait the
restitution of Perugia to the Italian Government?
c) Must he be transferred?.

A reply on the matter would be very
appreciated, also as a general rule to
be followed in similar cases.

c). As mentioned the Old Director of Teramo was placed on the pension rolls and Dr. Luigi Luzzi was named acting Director.

TERAMO

d). The Prefect had requested the Ministry remove the Director of Posts in Ascoli Piceno Province.

ASCOLI

The Ministry has turned this request over to the Regional Postal Officer who will probably refuse this request as it appears to be based on gossip and politics not fact.

e). Agreement reached with the Ministry on the desirability of removing the Director of Macerata Province. The replacement of Dr. Longhi in Macerata was requested some time ago by this office as he is deemed incapable of meeting the problems that will arise in reorganizing the service.

MACERATA

f). This office reluctantly consents to the pensioning (he is over age) when willing and available an employee as Benedetto, Provincial Director of Ancona Posts and Telegraphs. Only after deep consideration of the tremendous difficulties and importance of that Service has approval been granted to replace this Director. This approval will surely bring ever - f the Province to the Regional.

g). It is anticipated these measures changes in personnel will assist immensely in speeding the modern Facilities of the Post office in this Region.

Date : 18 October 1944

I Doctor Giuseppe Meloni Postal Inspector expose as follow On November 1941 I was transferred from Macerata in conseguence of an agreement against me between a superior postal Inspector and the Secretary of Fascio Ferrazzani. The central administration understood the accusations were false and I was replaced and with especial subsidy sent as chief Inspector in Ancona province. It was impossible for me to return to Macerata for the reason that I was forbidden by that Fascist Secretary. On november 43 I had to remove myself from the service for a sickness recognised by our sanitary. Now seeing that I am pretty reestablished, I wish to start again my service in this Direction of Posts of Macerata where remained always vacant my places of Chief Inspector and of Chief of the first "reparto" After my departure from this office, has only here remained the prov. director, without any other officer of 1st category "A" that may substitute him or may be employed in the services of inspector. Seeing that at present is impossible to move my family to Ancona I pray that command to give me authorization to start again the service in this provincial Direction.

AL COMANDO MILITARE ALLEATO

ACCRATA

Io sottoscritto dott. Giuseppe eloni Ispettore delle Poste e delle Telegrafi mi permetto esporre quanto segue:

Nel novembre 1941 sono stato trasferito da Asmara per un accordo tra i miei diretti superiori delle Poste ed il Segretario Federale del Fascio Terranzani. L'Amministrazione centrale però riconobbe la lealtà di ogni accusa e mio operato e mi riabilitò compensandomi con speciale assegno e mi nominò Ispettore Capo della Provincia di Macerata. Non fu possibile il mio ritorno a Asmara per il veto posto dal Segretario Federale.

Nel Novembre 1943 mi sono dovuto assentare dal servizio per malattia accertata dal medico fiscale di regime, ove, sentendomi sufficientemente ristabilito, desidero riprendere le mie funzioni presso questa Direzione delle Poste di Macerata, ove sono i posti sempre vacanti i posti da me tenuti di Ispettore Capo e di Capo del 1° reparto. Dopo le mie partenze da questa sede è stato solo il Direttore provinciale senza altro funzionario di categoria 1° A. che lo sostituisce nelle assenze e per i servizi ispettivi.

L'impossibilità di portare la mia famiglia ad Ancona e le gravi difficoltà della vita mi costringono a chiedere che codesto On. Comando voglia disporre che io riprenda servizio presso questa Direzione Provinciale.

Ringrazio ed ossequio.

Abbiamo ricevuto la vostra lettera PS.16/9.133 del 10 corr. e Vi ringraziamo delle notizie forniteci che dimostrano ancora una volta la vostra comprensione per la tragica situazione della nostra Amministrazione e la collaborazione da voi sempre dataci al nostro lavoro .

Siamo noi stessi convinti della necessità di sistemare la Direzione Provinciale di Napoli con un funzionario di primo piano idoneo a riprendere in mano il personale tutto e istituire un regime di maggiore disciplina e lavoro . In data odierna infatti abbiamo disposto che il Comm.Tosti Mario, Capo servizio di grado V° , di ottime qualità e di buona preparazione professionale , sia nominato Direttore Provinciale di Napoli in sostituzione del Comm.Huber che recentemente infortunato ha dovuto rientrare al proprio domicilio .

Disporremo che anche un nuovo Ispettore venga inviato a Napoli unitamente al Comm.Tosti e daremo disposizioni perchè la riorganizzazione dei complessi servizi avvenga nel tempo più breve .

Per quanto si riferisce ai nominativi dei funzionari promossi di cui all'allegato della vostra lettera , non abbiamo avuto al nostro quesito preciso riscontro in quanto noi chiedevamo il nulla osta per reintegrare i funzionari stessi nel grado di provenienza in quanto non essendo gli stessi stati promossi dal Governo Italiano, non potrebbero a rigore di legge, percepirne i relativi assegni ed essere considerati appartenenti al grado stesso .

Subject.. Personnel.

We have received your letter PS.16/9.133 of 10 Oct.44 and we thank you of of the information given, which testify once more your ~~[illegible]~~ comprehension of the tragic position of our Administration, and the co-operation you always afford us in our work.-

We also think that it is necessary to settle the Prov. Direction of Naples by the appointment of an official of high rank, able to take in his hand the whole of the personnel setting up a system of better discipline and work - We have today arranged that Comm. Torti Mario, Capo servizio of Rank 1°, an official of good qualities and professionally well prepared, be appointed Prov. Director of Naples, in substitution of Comm. Huber, who, following on the accident occurred him, has been obliged to come back to his normal residence.

We will also arrange that a new Inspector be sent to Naples with Comm. Torti, and we will instruct them that the reorganization of the services must be reached as soon as possible.-

As for as the promotion of the officials, mentioned in the inclosure of your letter, is concerned, an exact reply has not been given to our query, because we had

Declassified E.O. 12356 Section 3.3/NND No. 785015

been asking for the authorization to reinstate such officials in their previous rank — They have not been promoted by the Italian Government and therefore, from a legal point of view, they cannot be considered as appointed in the actual rank, and are not entitled to receive the relative wages -

Your comments on each of them will be taken in the due account, in favourably considering the possibilty of promoting the best of them whilst, for the administrative regularity, if you have no objection, we should have to take the action mentioned in our previous letter. -

Your comments on the appointment of the Prov. Director of Naples, as well as on the matter above mentioned will be greatly appreciated

The point at issue is regarded as being one entirely within the jurisdiction of the Provincial Commissioner, dependent upon such detailed powers as he may have elected to confer upon the Prefect. Those powers, as regards personnel, would presumably embrace all local State employees - not Post Office only - and the action taken by the Prefect must be considered in that light.

1. Apparently there is a possibility that, following upon his infortunate recent accident, Comm. Uberto Huber will return to a post in Rome. If this does transpire you will no doubt ensure that he is succeeded by an equally efficient Director. There are still great many matters in Naples will continue to require close and vigorous attention Furthermore, it is likely that our Postal Officer there, Major Green, will be called forward from Naples very shortly.

2. Attached is a copy of a memorandum relating to the matter referred to in your letter S/8.6/2845 of Sept. 29th. Major Green is at present in Rome for a few days, and we should be glad to discuss the general position at Naples with you before he returns.

TO: := Communications Sub-Commission, A.C.C.

(I) The promotions concerned were apparently made by Naples Province.

(2) My observation concerning the five officers are:-

Dr. GUERRIERI Vincenzo. The promotion within grade 5 from Capo Servizio to Capo Servizio Principale (a rank which does not normally exist in the provinces) was not accompanied by any change in duties. The officer remained as Provincial Director of Naples. He has since been tranferred from the Naples Directorate to the General Directorate.

Cav. Uff. Pietro CORVISIERO. I understand that at the time of the occupation this officer was Inspector of Movements Grade 7. He was promoted to Grade 6 which is the grade normally applicable to a Chief of Service at the Ministry. When I joined Region 3 Corvisiero was working at the Ministry at Salerno and he has only very recently returned to Naples as Inspector of Movements.

Ottorino DI ZINNO . Chief Inspector, Naples, was promoted from Grade 8 to 7, which I understand is not an unusually high grading for a Chief Inspector. I suspect this promotion was to avoid anomaly with the DeBenedictis case.

Cav. Rag. Giuseppe DE BENEDICTIS. There are some exceptional features in this case. Apparently in I942 when the Directorate was moved for safety away from the Central Post Office, De Benedictis (then a grade 8 Inspector) was left to represent the Directorate as Delegate. He continued in this position under the Allied occupation and I think that there is little doubt that he was the driving force in implementing the restoration of services and that his promotion to grade 7 was not out of keeping with his responsabilities in that connection. His very situation at the Central Post Office (a part from his abilities) made him the "key" man particularly as regards to the financial services. It was this feature which made me so anxious to get the Director and the

SEE 140-146

Declassified E.O. 12356 Section 3.3/NND No. 785015

Directorate moved back into the Central Post Office. Even today while Sign. Maimone is acting Director, Sign. De Benedictis is the real directing influence and I think that it would be a very poor recompense for his outstanding services to the Administration if he were now downgraded and in any case it would be unwise to do this unless the Ministry is fully satisfied that the Directorate is in other capable hands.

Cav. CAMMAROTA. At the time of the occupation was grade 9 Capolinea. I believe that in the early days the Allied Censors found him about the most energetic cooperative and forceful person available and in consequence they turned to him to carry out the unorthodox and difficult tasks which arose in connection with the restoration of some form of postal services in a succession of unsuitable premises. I should say that his promotion to grade 8 was well merited in the circumstances. When I took up duty in Naples I was for a long time under the impression that Sign. Cammarota was actually the officer in charge of the Ferrovia Office. He was the person to whom the Director referred whenever I raised matters affecting the despatches or collection services and he was the person who dealt with every matter which I took up at the Sorting Office. In connection with the Romeo case Sig. Pacca drew my attention to the fact that there was a Sign. Moletti who was nominally director but of whom I had never even heard. Sign. Pacca reported that Moletti was inefficient and that the effect of having him in the background was obstructing Cammarota's efforts. I authorised the transfer of Moletti to another Office and the placing of Cammarota in charge in name as well as in fact. I have found Cammarota very energetic and essentially practical. He is perhaps not of the grade or educational qualifications which would in normal times be regarded as proper to the Director of an important office such as the Naples Ferrovia, but the present conditions at that Office and its services are so exceptional that I feel that to supersede him at the present time by someone of more bureaucratic outlook and less forceful personality would be to court disaster.

1. It will be seen from the attached translation of a note received from Comm. Huber that he has been authorized by the Ministry to return to Rome.

2. When I visited him at his lodgings after his recent accident he showed me a very detailed report he had made to his HQ on conditions in Naples. This report concluded with an appeal to be allowed to return to his family at Rome.

3. In the short time he was here I formed a high opinion of Comm. Huber's ability and quick grasp of the serious problems which exist here, but I am inclined to agree that what needed is a man who is willing to settle down in Naples and face the long and slow task which will be necessary before the Naples Post Office Administration, Buildings, and Services are on a really satisfactory basis.

Re. the attached copy letter to the Reg. Commissioner Marche and Abbruzzi Region.

1. Dr. Fano is hard put at the moment to find a suitable man who can conveniently be sent to Macerata. He expects however, that despite the existing position at Ancona as mentioned, a suitable substitute for Macerata will be available from there.

2. Arrangements for Comm. Giuseppe Candeli's transportation beyond Aquila are left to you. It would be preferable that you should visit Ascoli and Ancona your- self and let him accompany you. You will of course discuss the position with the Provincial Commissioners at each place, and report to this office in due course through your Regional Commissioner.

3. The relative portion of Dr. Fano's letter on the matter reads as follows:- " We have received a long report from the Prefect of Ascoli Piceno, pointing out the necessity of changing as soon as possible the local Director, guilty of various administrative and disciplinary illegalities, and also the news reached us that the Provincial Director of Ancona, being more than 70 years old, cannot certainly undertake the delicate job of the reconstruction and re- organisation of that Office. 1. Since our relative letter of Sept. 20th was written it has been reported that certain activities of the Postal Provincial Director of Ascoli call for investigation, and that the Provincial Director of Ancona, being over 70 years of age, is not equal to the requirements of his post.

2. The Under Secretary of State for P. & T. now asks that in relation to these two cases, and that of Macerata, he be allowed to send a qualified Inspector to the area to enquire into the matter as a whole, in consultation with your Postal Officer Lt; Allen. Assuming your concurrence, arrangements are being made accordingly, and the Inspector, Dott. Comm. Giuseppe CANDELI will report to Lt. Allen at Aquila within the next few days.

3. The final adjustements to be made will depend upon the Inspector's report, and the personnel position found to exist at Ancona. The necessary authority has been obtained for the Inspector to visit that town, and perhaps you will arrange similarly for Lt. Allen.

4. If you feel undesirable to hold up the displacement of Dr. Mario Cagnoni (Macerata) anylonger, perhaps you will suspend him forthwith, putting a local temporary substitute in his place pro tem. . Apparently the pro ision of substitutes who would have to be sent some distance from their homes is not now a straightforeward matter owing to the small amount of their subsistence allowance in relation to their additional living expenses.

OGGETTO: Dott.Cagnoni -Macerata .

Abbiamo ricevuto la lettera n.PS.16/9.122 del 28 settembre 1944 con la quale codesta Commissione invita questo Ministero a sostituire nel tempo più breve il Direttore Provinciale di Macerata, Dott.Cagnoni .

Siccome contemporaneamente a tale lettera ci perviene un lungo esposto dal Prefetto di Ascoli Piceno, nel quale si rileva la necessità di sostituire al più presto il locale Direttore, resosi colpevole di varie illegalità amministrative ed indisciplinari, e siccome ci perviene pure la notizia che il Direttore di Ancona avendo oltre 70 anni non può certo assolvere il delicato compito della ricostruzione e riorganizzazione di tale sede, sarebbe nostro desiderio poter inviare ad Ascoli, Macerata ed Ancona un ispettore centrale allo scopo di provvedere alla sistemazione delle tre sedi sopra indicate .

Premesso quanto sopra Vi saremmo vivamente grati se voleste autorizzare tale invio e comunicarci con quale mezzo questo funzionario potrebbe raggiungere le sedi suddette .

Anticipatamente ringraziandovi del vostro favorevole accoglimento a quanto sopra, restiamo in attesa di cortese riscontro .

1. It appears that some uncertainty exists regarding the procedure to be followed when Postal State employees require to be relieved of their official functions for other than political reasons.

2. The matter is dealt with in Executive Memorandum No. 62, of which a copy is attached for reference. The expression "dismiss any civil servant from office" in para. 3 of the Memorandum is to be interpreted as applying to the individuals post, and not to his civil service appointment, i.e. he may be suspended from his duties by A.M.G. or A.C.C. , but not dismissed the service or pensioned.

3. The act of suspension in A.C.C. territory is the prerogative of the Regional Commissioner, who will normally - either before or after such a step is taken - proceed as indicated in para. 7 of the Memorandum. Such cases will no doubt be dealt with, in Regions, in consultation with Postal Officers, who should ensure that full information regarding names, ranks, grades and qualifications, and action taken, is made available to this Sub-Commission.

FILLING OF VACANCIES IN ITALIAN CIVIL SERVICE POSITIONS

1. The Italian Government has called attention of the Allied Control Commission to the fact that in Military Government Territory, A.C.C. officers not only have filled vacancies in the Italian civil service structure but also have attempted to change the civil service grade of the person installed in office by promoting him from one grade to another.

2. Cases have also arisen where A.C.C. officers have extended the appointment of an official for a fixed term of years.

3. As a matter of military necessity an occupying power may dismiss any civil servant from office and may fill any vacancy by temporary appointment for the duration of the occupation. Furthermore the temporary appointee as long as he continues in such office may be paid the salary commensurate with the office he so fills. However, an occupying power may not change the civil service grade of such temporary appointee nor appoint him for a fixed term of years. No reason of military necessity requires it and consequently that is beyond the power of an occupant.

4. Any such purported change in grade or extended appointment for a fixed term of years whether made on the verbal or written order of an A.C.C. office not only is not binding on the Italian Government but is also the source of later embarrassment to the appointee when he learns that such purported promotion in grade or appointment is not later binding on the Italian Government.

5. Where any such promotions in grade or extension of appointment for a fixed term of years have been made, the orders purporting to do so must be so amended as to ensure that their temporary nature is understood by all concerned.

6. In making temporary appointments it must be clear that the appointments are temporary only. This is particularly necessary where an official is being appointed to an office of higher grade than that which he presently holds.

7. Unless the filling of a vacancy requires an immediate temporary appointment, it is likely that through inquiry of the Italian Government it will be found that there is available for immediate placement a civil servant of appropriate grade and qualification. Any requests for suitable substitutes

4. In the event Captain Lo Curto is unable to return this property, it is requested that the Under Secretary of State for Postes and Telegraphs be asked to hold this inspector financially responsible in the amount of 2040 lire. This amount covers the cost of the two blankets at 690 lire each and the canvas cot at 660 lire, which was purchased by an officer of the Finance Division from personal funds.

For the Regional Commissioner,

Declassified E.O. 12356 Section 3.3/NND No. 785015

1. Captain Giuseppe Lo Curto, an inspector of the Italian Postal Service, was attached to Region IV in May, 1944, to work with the Finance Division on post office finance matters. At such time he was furnished with two U.S. Army blankets and a folding canvas cot of Italian manufacture.

2. Upon being relieved of this assignment in July, Captain Lo Curto failed to return the above mentioned items to the officer from whom they were obtained.

3. Since this property must be accounted for, it is requested that the matter be brought to theattention of the Under Secretary of State for Postes and Telegraphs in an effort to have the above items returned to Region XII. It is understood that Captain Lo Curto had this property in his possession at the time he traveled from Rome to Naples with the ACC courier when he returned to Salerno.

4. In the event Captain Lo Curto is unable to return this property, it is requested that the Under Secretary of State for Postes and Telegraphs be asked to hold this inspector financially responsible in the amount of 2040 lire. This amount covers the cost of the two blankets at 690 lire each and the canvas cot at 660 lire, which was purchased by an officer of the Finance Division from personal funds.

FILE NO: R12/ENG/1040.1

1. At the present time there are approximately 20 civilians attached to Region XII, who were brought from Rome to serve in various technical capacities. No means of postal communications with their families in southern Italy are available to these civilians and exceptional arrangements to provide such a service are desired.

2. All mail originating by these civilians can be sent to Rome by the Region XII courier. Since they will be located in an Army area for some time, it is thought advisable that their letters be subject to 100 per cent censorship. This can be done by sending such mail under cover to the ACCO, Rome.

3. Since a satisfactory address for incoming mail will be needed, could authority be obtained for such civilians to use Camera _____, Ministero delle Corporazioni, Via Veneto, Rome, as an address? If so, such mail could then be sent under cover to Region XII by the official courier. It is assumed that a room number can be assigned and forwarding arrangements made.

4. If such arrangements can be made, the civilians will be advised of the pertinent portions of the censorship regulations as are contained in the public notices regarding civil postal services. This would include the address, as suggested in paragraph 3, as the return address on all letters.

LETTER N. 379/D OF 9/9/1944.

SUBJECT : Accident to the Acting Provincial Director.
FROM : Provincial Directorate PP.TT., Naples.
TO : Major W.H.GREEN.

On Sunday, 3rd September after two hours of work at Palazzo P.T. at Via Armando Diaz, the Provincial Director, Dr. Comm. Uberto Huber, went to Posillipo to see the place where the Ufficio Conti Correnti is located, know the distance from the Centro and reply and possibly also settle complaints of those employees and of Sindacato P.T. After the said visit, at about 1100 hrs a.m. he went down from Posillipo, with the Postal furgoncino N.2 which was correctly on the right-hand side, before commencing the first curve of Coroglio and going very slowly, he was struck by a military ambulance, n. 413711, which was going up at maximum speed and from his right-hand side crossed the street and rushed on the furgoncino N.2. The driver of this stopped immediately his car and so avoided more damages. However the Provincial Director Huber suffered a strong bruise to the front, a lacerated and contused wound to the eyebrow, large ecchymosis to the left knee with tumefaction and a endo-articular pouring, light ecchymosis to the right knee, light ecchymosis to the left shoulder, and a crack to the fourth rib.
The Provincial Director is now laying in bed at home, Via De Falco n. 13.
The doctor has reserved the prognosis about the crack of the rib as the other injuries may be recovered in ten days and the synovite in a fortnight.
All the aforesaid has been brought to your knowledge in order to have the Allied Authority (by which the colliding-ambulance depends) interested by yourself in the matter, on the purpose to examine benevolently the possibility to give Comm. Huber some adequate indemnity for the damages suffered.
It should be borne in mind that Comm. Huber as soon as he is fit enough to submit himself to the expensive medical treatment of mud and termal baths.

It is uncertain whether or not you have received a copy of the attached letter which, although addressed to yourself, has reached this Sub-Commission.

In now transmitting the letter to you we should like to add the views of our Postal Officer at Naples, which are to the effect that whilst Cav. Benedictis was mainly occupied with the Financial services, his presence at the Central Post Office, during the period when the Directorate was accommodated at Via Salvio, frequently necessitated his taking action on Postal matters, and it was always found that he was extremely capable helpful and willing to deal with all the problems which arose.

1. In my dealings with Cav. De Benedictis I have always found him extremely cooperative, capable and zealous within the field of his responsibilities, which has been mainly in connection with the Financial Services.

2. He has never professed to be closely in touch with the details of later developments on the Mails side and he is very scrupulous in not assuming authorities which are not his. In any absence of the appropriate officer, however, I have always found him helpful and willing to look into any matter affecting the Administration and he displays a quick grasp of any situation brought to his notice.

3. I believe that the new Director intends to employ him as head of the Personnel Branch of the Directorate.

4. The working of your proposed addition could perhaps read something on these lines:-

"The Regional Postal Officer has always found Cav. De Benedictis cooperative and helpful whenever it has been necessary to approach him, in the absence of the appropriate officer, regarding postal matters. During the period when the Directorate was outhoused at Via Salute, he, by reason of his position at the Central Post Office, was required to take action on many matters which were strictly not proper to his functions and he has always displayed a quick grasp of the problems involved and a readiness to pursue any course necessary. Since the return of the Directorate to the Central Post Office and prior to the appointment of the present Director Cav. De Benedictis has been (apart from Sig. Cammarota at the Ferrovia) the most consistently available officers of the Administration whenever urgent matters have required attention.

TO: - S.E. Fano, Under Secretary Communications

From the first of October when the Allied Forces occupied Naples Cav: De Benedictis has been constantly on the job. It was only through his untiring efforts that the banking operations of the Post Office were promptly re-organized and re-established. To him is due the full credit for the prompt payment of salaries and pensions in Naples.

He always has displayed the highest degree of loyalty and co-operation to this command. He is justly entitled to the highest praise and gratitude not only from the Allied Command but also from the Italian Government for his faithful devotion to duty.

With great personal danger to himself he entered the Central and the Ferrovia Post Offices knowing the buildings to be mined by the Germans and carried out L. II.000.000 and valuable records which were essential for the payment of salaries and pensions.

His intimate knowledge and complete understanding of the innumerable problems of the Naples Post Office redounds to the credit of the Italian civil service organization.

SUBJECT : Appeal by Delivery Agency workers to be absorbed into Postal Administration.
TO : Provincial Director PP.TT., Naples.

1. I should be interested to see in due course a copy of your reply to the appeal of the ex-agency workers for assumption in service by the Administration.

2. According to the appeal certain delivery workers were discharged for taking part in a strike in 1919 but it is not clear whether these same workers were employed by the Piscitelli firm when the delivery work was given to that Agency.

3. It would appear from the letter that the ex-personnel of the Piscitelli firm falls into three categories:-

(a) 21 people who were retained in service by the firm after September 1943. It is not clear for what purpose these were retained since the delivery by agencies was suspended under orders of the censorship.

(b) Certain persons who were assumed in service by the Cooperativa Postelegrafonica and allowed, in my opinion quite irregularly, (see other papers relating to the receipts in loco) to deliver bonds for the Alimentation Office.

(c) Presumably the bulk of the personnel who were not retained under either (a) or (b).

4. It is not at all clear to which category the writers of the letter belong but in view of the fact that the envelope of their letter to me bears a 10 cts. stamp cancelled by a stamp impression " Sindacato Postelegrafonico " I suspect that they belong to the class 2 (b) above.

5. In normal times it is by no means unusual when a Government Department takes over work previously done by a private firm for the personnel of that firm

5. In normal times it is by no means unusual when a Government Department takes over work previously done by a private firm for the personnel of that firm to be absorbed by the Department. The present circumstances are exceptional, however, and I think that in view of the superfluity of personnel and the terms of Ministerial Circular N.50 of 6th April it would be advisable for you to submit the full facts of the case to the Ministry.

6. It will no doubt be considered whether the growth of traffic for delivery is likely to cause any shortage of staff suitable for that work and whether there is any reason to think that the ex-members of the Piscitelli firm could do that work better that your own employees.

The undersigned, in the interested persons' name, exposes as follows:-

On the 16/10/1923 for action and enforcement of art. 4 of the R.D. n. 153 of the 28th/1/1923, a group of telegraph messengers were discharged from the service, as almost all of them were responsible for having taken part in the strike of the postelegraphonic personnel in the year 1919.

The aforesaid persons, were assumed into service by the Administration P.T. as soon as they were adolescent and precisely in 1916 and successive years, they acquired a right to the settlement, but they were reduced to beggary by the fascist government which intended, with such arrangement outside ordinary administration to make an act of reprisal of political nature.

Many of the dismissed persons, who had not either an art or a trade of any kind, remained in service for a few days after the arrangement of exemption from the same functions was taken, but as temporary messengers, hoping to be settled in the future.

But on the 10/1/1925 the delivery service of telegrams was ceded to the private industry and Gr. Uff. Luigi Piscitelli, whose sympathy for the fascist party were well known, was chosen as grantee. There followed the outbreak of war and then the events of Sept. 1943 which caused the suspension of the services and the subsequent closing of the pneumatic substations, arrangement which caused the discharge of all the dependents of the Delivery Agency, both messengers and clerks, whose manager did not want absolutely to conform with the honest suggestions of the interested persons who tried to avoid the very grievous consequences of the unemployment.

It is, therefore, necessary to specify that such circumstance was expected by the judaic director of the "Piscitelli" firm Mr/ Lombardi Ferdinando (who performed for twenty years an activity exclusively in his own interests and in those of the Agency

Some of the discharged persons adhered to the postelegraphonic sindacato and incorporated with the "Delivery Cooperative" constituted within the "Postelegraphonic Cooperative"; but when even such a possibility of living was and is still being rendered useless because the authorization of delivery service was refused to this Cooperative which actually limits itself to delivery bonds of the "S.E.P.R.A.L."; in such way the salary paid xxx is as follows:-

employees ..... from L. 400 to 600,
messengers ..... " " 200 " 400.

It appears, in the meantime, that after the grant of the delivery service of the Piscitelli firm was revoked on the 21/4/1944 the Director of that Agency is taking interest in the sort of his 21 dipendents in active service on that date and asks the Postelegraphonic Administration to take on those workers, giving once more the proof of his abitual partiality.

The applicants bring to notice of whom it may concern that they have previously made applications in a detailed memorandum and that in the meantime they think necessary to remind the subject which interests a category of workers that is awaiting for the urgent solution because of the extreme conditions in which it finds itself.

Many of them have got a wife and many children, the condition of which is tragic, they ascertain and bring to notice of interested persons that their physical and moral health is seriously blemished.

They bring to your notice that with all their companions in misfortune they are perfectly aware of sacrifices which they have still to face for the renaissance of their country, sacrifices which they have already suffered for years with resignation, but it is advisable to bring to notice also that now their families have sold everything and to-day suffer literally the starvation, with the threatening danger of causing the fall of their innocent children into immorality and abiection, as they see that even a crust of bread is refused to them and who are still outside limit of brutishness to which unfortunately they approach because of the abovequoted reasons.

In the meantime the applicants ask:-

1) The resumption in service of the exdipendents of the Postelegraphonic Administration who were previously discharged under the R.D. n. 153 with priority and preference to those who remained in service with the Delivery Agency and afterwards on September 1943.

2) The absorbition of the ex-dipendents of the Delivery Service in the Postelegraphonic Administration taking into account the composition of this personnel on Sept. 1943 and not on the 21/4/44.

They conclude expressing their complete confidence that now a sense of social duty requires in the most absolute way that at last workers, who may be defined auxiliary postelegraphonic personnel should be justly trated, because, if they do not dipend directly on the Postelegraphonic Administration, they worked for that Administration and as such they think themselves as collateral descendents of the Postelegraphonic family. Otherwise the reacquired freedom would represent a bluff which the applicants

SUBJECT : Naples Sindacato Postelegrafonico requests continued presence in Naples. of Central Inspector Duilio Pacca.
TO : Communications Sub-Commission ACC.HQ.

1. Perhaps you will wish to bring the attached request by the Naples Sindacato Postelegrafonico to the notice of the Ministry of Communications.

2. Sig. Pacca was sent to Naples primarily in connection with the enquiries into the Romeo contracts, but arising out of that case he has brought to light a good many other unsatisfactory features concerning the Naples Postal Administration and it is considered that his activities have a good effect.

3. The Sindacato's application is no doubt due to the fact that Sig. Pacca has had some part in helping the membership to get the control of their association out of the hands of what seems to have been an unscrupulous and dishonest set of officers.

4. It is thought that it would be well for Sig. Pacca to be allowed to continue his work in Naples at least until the newly appointed Provincial Director had had an opportunity of becoming acquainted with the various cases in hand and of assessing his subordinates.

Discussed with Lt. Col. Favara. Sig. Pacca to be retained, but will be in conference with Sig. Ghidini first. WHG

Draft.

1. During my recent inspections of postal installation on the island of Sicily, it was brought to my attention that Mr Peter Giorgianni general Inspector of Post Office, had been placed on a committee to investigate postal employees as to their fascist activity.

2. For the past three months, ~~that I have been designated as Allied Postal Officer of Sicily~~, numerous complaints have reached me in regard to Mr Giorgianni being a large fascist prior to the invasion of Italy by the Allies.

prominent

3. According to information received Mr Giorgianni was promoted from grade 7 to grade 6 by the Italian postal authorities due to his known loyalty to the fascist government. He was then known as ~~the largest~~ fascist in postal service in Sicily.

and an active the

4. In his capacity of grade 6 he was personally active in seeing that the fascist requests were carried out in the postal service, and made written reports when irregularties were noticed. His duties were briefly:-

(a) To see that the fascist button was worn by all postal employees.
(b) He was instructed to see that the postal personnel stayed on the job during Allied bombing and and recommended dismissal when he was informed to the contrary.
(c) That he held an important office in the fascist party, and is
(d) That he was known as the fascist spy throughout the postal service in Sicily, and word went out to that effect when his presence was observed.

5

5. I recommend that Mr Giorgianni be throughly investigated as to his past and present fascist activities before being allowed to serve on any committee to observe fascist activities in the postal service.

6. It is highly possible that if Mr Giorgianni is the type of a man that he is accused of by the postal personnel, he can easily retain all fascists and release all anti-fascists, thereby running the anti fascist structure that the Allies are carefully trying to build.

SUBJECT : Removal of Ferrovia Sorting Office to Corso Novara .
TO : Provincial Directorate PP.TT. Naples .

(1) I should like to place on record my high appreciation of the valuable cooperation , initiative and extremely hard work displayed in connection with this removal by Sig. Cammarota and many of his Staff at the Ferrovia .

(2) Owing to circumstances outside our control the removal had to be made under very bad conditions of urgency and the work was complicated and increased by the necessity of adopting temporary arrangements pending the provision of lighting and the settlement of certain problems in connection with the allocation of available space .

(3) The cheerful manner in which these difficulties were faced and overcome was very commendable .

-. TRADUZIONE .-

(1) Ho piacere di mettere per iscritto il mio alto apprezzamento per la considerevole collaborazione , l'iniziativa e per il lavoro estremamente duro espletato dal Sig. Cammarota e da molti del suo personale alla Ferrovia in relazione al detto trasferimento .
(2) In seguito a circostanze fuori del nostro controllo, il trasferimento dovette essere fatto in pessime condizioni di urgenza e il lavoro fu complicato e aumentato dalla necessità di adottare delle sistemazioni provvisorie in attesa della messa in efficienza dell'impianto elettrico e della sistemazione di vari problemi in rispetto all'uso dello spazio disponibile .
(3) La maniera volenterosa in cui tali difficoltà furono affrontate e superate é stata molto degna di lode .
