Reference your 517/6/8 of 19 March 1945.

1. The evidence and recommendations now submitted are entirely in contrast with all that has previously been said in answer to the various enquiries made since October last in an endeavour to ascertain the facts of the case.
2. The original enquiry in my PS 16/9/139 of 18th October 1944 was made because the first information received was that the Provincial Director had been suspended by the Comitato Provinciale di Liberazione. The reply to that enquiry and all the subsequent reports, however, were to the effect that A.M.G. was instrumental in obtaining that suspension and the Under Secretary of State for Posts and Telecomms. has been informed to that effect.
3. If there is now good reason for an assumption that A.M.G. was deceived in this case and that an injustice has been done to Dott. Magrone, the correct procedure would appear to be to re-examine the case at the Provincial level especially as the suspension apparently rests an order by the Prefect.
4. The specific question whether the substitute appointed by A.M.G. was the best qualified candidate available was asked in October 1944, yet it is only now that the presence of a senior and presumably more suitable official is reported.
5. As regards the vacancy for a Provincial Director at Macerata you were informed in my P.25.194/CS of 15 March 1945 that (following representations made by you regarding this and other vacancies) the Under Secretary has arranged for Inspector Sprugnoli from Perugia to proceed to Macerata to cover the vacancy as from 1st April.

Resaro Provincial Directorate - Suspension of Cav. Uff. Dott. Sergio Magrone.

Precis of correspondence.

13 Oct 1944 PS 16/9.139 From Sub-commission To Region

Quotes Regional Finance Officer's report that Postal Director has been suspended by Comitato Provinciale di Liberazione and replaced by Cashier.

Asks whether suspension regularized by A.M.G. and whether substitute is best qualified candidate available. Asks whether cashier understands that his "appointment" is on acting basis only.

3 Nov. 1945 517/6 From Region To Sub-Commission

Original suspension was by Senior Finance Officer 8th Army partly for Fascism, partly for inefficiency. Later Prefect ordered suspension with approval of Provincial Commissioner. Provincial Finance Officer says substitute is capable and willing. Postal Officer not able to visit Directorate.

31 January 1945 P.9.225/CS From Sub-Commission To Region

Dott. Magrone has appealed to Ministry. Full report required on reasons and authority for suspension. Has Expiration Committee dealt with case.

3 February 1945 Telegram From Region To Sub-Commission.

New Director needed for Resaro. Substitute is grade 30.

13 February 1945 P.25.157/CS From Sub-Commission To Region.

Not clear why telegram sent; reply to P.9.225/CS necessary.

19 February 1945 517/6/3 From Region To Sub-Commission.

Dott. Magrone suspended by Senior Finance Officer 8th Army partly for Fascism, partly inefficiency. Disliked by employees. Provincial Finance Officer considers him inefficient. Only Fascist charge is inscription in party. Expiration Committee has not considered case. P.S.S. asked to investigate.

21 February 1945 P.25.164/CS From Sub-Commission To Under Secretary

Magrone suspended on account of inefficiency (not considered desirable to mention charge of Fascism in view of indefiniteness of information). Prefect's order as A.M.G. approval.

21 February 1945 P.25.165/CS From Sub-Commission To Region

Copy of letter to Under Secretary. Attention drawn to fact that questions in PS 16.9.139 of 13 October 1944.

23 February 1945 517/6/3 From Region To Sub-Commission.
Substitute (Marcolini) is best man who has come to light at Pesaro. Will inform him his position is temporary. Lacks rank and experience but shows more energy and initiative than any Director encountered. Replacement does not seem urgent but Inspector will investigate.

2. From these reports and a recent telephone conversation with the Inspector it would appear that the Committee of Liberation has been used not only to slander Dr. Magrone but they have side tracked Inspector Boccia Vincenzo, grade (8 A).

3. With these reports as a basis Inspector Boccia has been ordered to assume the position of acting Director of Pesaro immediately. The Committee of Liberation excuses their side tracking of the Inspector by accusing him of having been involved in some scandal (with a woman) about 15 years ago. This inspite of the fact he is a proven, anti fascist who actual fought for his convictions. (He was captured by the Germans and released for lack of proof).

4. This Office agrees with Inspector Bernabini that Dr. Magrone is entitled to reinstatement and is willing to accept him as Director of Macerata Province.

5. Marcolini has been ordered to resign from the Committee of Liberation as he has apparently used the Committee of Liberation to further his own ends and not those of the Posts Office.

FROM : Inspector Bernabini.
SUBJECT: Directorate of Posts Pesaro.
DATE : 9.3.42.

A reorganization of the Provincial Directorate of Pesaro is urgently needed. The acting Director, Ivo Marcolini is not qualified to handle the Directorship, in fact

- a) The discipline has become a legend.
- b) Nobody follows the hours of duty.
- c) Important matters, especially those concerning the transport service arrangements, are being handled too slowly.

d) Marcolini himself is often absent from the Office in the afternoon, to take part to the meetings of the Giunta Comunale of which he is a member.

It is therefore necessary to hurry the Ministry to send there a new capable Director, otherwise the Directorate will soon go to wreck and ruin.

Postal Inspector

TO : Postal Officer Regg.
 FROM : Inspector Berabini.
 SUBJECT : Magrone Sergio Director of Posts Pesaro.
 DATE : 4 March 1945.

Investigation was made in Pesaro in order to ascertain the reasons for which the Provincial Director Sergio Magrone was suspended.
 The following was learned:

1. Magrone was always an antifascist, as is proved by the telegram sent by him to the General Amoroso, first Minister of Communications after the fall of the fascism, and by the article against him that was published on the newspaper "Repubblica".

2. The suspension of Magrone is only due to the fact he was severe with the personnel and some times he used rough form against those who did not fulfil their own duty.

The actual Allied Command and the Prefect do not know anything about the reasons of the suspension of Magrone though they say that he has no political charge.

Magrone was not liked by a part of the personnel and then used their influence over the Committee of Liberation whose member were Marcolini (Acting Director of Posts) and the lawyer Paolini, than acting Prefect and now Vice-Prefect.

The finance Intendant, the Lyceum's President, the Vice Questore all agree saying that the suspension was due only to the rancour and to a blamable sense of vengeance of some employees or agent; and they feel that Marcolini should not be exempted of responsibility in this matter.

Marcolini himself verbally confirmed to me that the reason of the Magrone's suspension was the a/m; he wanted to advise me that, when the Committee of Liberation examined the list of employees to be epurated he abstained from giving any opinion on Magrone.

The Vice Prefect Paolini, who on September 29th 1944 signed the letter of suspension says that "no charge was ascertained against Magrone and if the Prefect would have asked his opinion it would have been favourable to his reinstatement."

As it is understood that Dr. Magrone did not compromise himself with the last Government it would be very right to replace him in service: but it is suggested that he be transferred, as why?

It is believed necessary that Pesaro suddenly replaced Provincial Director or, to another Directorate.
 It is believed necessary to reorganize the work and restore with an energetic Director able to discipline.

Copy of the article published on the newspaper "Republie" of the Fascist Republican Party on 28 November 1943.

To Directorate of the newspaper "Republic".

Severel employees of the postal administration pray you to ask our Director Magrone in name of whom he sent his congratulations to the traitor Badoglio?

Wasn't it enough that on 25 July he rose in the night and came in the office to oblige us to put away the fascist medal?

Copy of the wire sent from Dr. Magrone to general Amoroso on 29/7/1943.

Reference your 517~~76~~ of 10th March 1945 addressed to
Provincial Directors in your Region.

1. The instructions given in that letter are not entirely in agreement with those in my P.16.300/CS of 6th March which was specifically worded to permit the higher weight limit to be used for written and printed matter permissible under the censorship regulations. The point is that we do not wish to encourage heavy postings of circular matter etc. by introducing the cheap Carte Manoscritte rate of postage. There is, however, no objection to commercial documents etc. not excluded by para. (i) of the censorship regulations) being sent at the letter rate of postage.

2. Your reference to the maximum weight limit for letter post to the Vatican being 210 grammes is incorrect. As indicated in your recent public notice for Pesaro Province, the present limit is 40 grammes. The date of the proposed alteration to 1000 grammes has not yet been fixed by the Ministry.

 Ancona

Con riferimento alla comunicazione fatta a suo tempo, confermiamo la nomina del Cav. Antonio De Filippis quale Capo Ragioniere ad Ancona.

Il fatto che detto funzionario non abbia ancora assunto le sue funzioni, è da attribuirsi in parte alle operazioni di passaggio di amministrazione che egli ha dovuto eseguire a Napoli, dove rivestiva la stessa carica, ed in parte ad una infermità per la quale dal nostro medico di fiducia egli è stato riconosciuto impedito a riassumere servizio prima del 21 corrente mese.

Si assicura, comunque, che quest'Amministrazione si rende conto della necessità dell'opera di un Capo Ragioniere ad Ancona, e non mancherà di provvedere in altro modo a tale esigenza, qualora dal risultato di una nuova visita medica, che ora viene disposta e che sarà eseguita da più sanitari contemporaneamente, il Cav. De Filippis risultasse in condizioni di salute da non poter

partire per la predetta sede neppure il 21 corrente.

8th March, 1945

SUBJECT: Post Office Building, ANCONA.

TO: Regional Commissioner, Abruzzi-Marche Region.

1. Now that civil communications in ANCONA province are permitted and are in active process of restoration, the question of de-requisitioning of all or a greater part of the main Post Office building in ANCONA is becoming urgent.
2. Civil telegraphs, postal services and urban and provincial telephone services are authorised and working or shortly being restored.
3. The Provincial Commissioner has previously represented the case strongly and copies of his letters to HQ. 61 Area are enclosed.
4. It is understood that the building is now used for welfare purposes, which it is not thought can properly be considered to fall within the definition of 'urgent operational necessity' laid down in G.R.O. 123/44 para.5.
5. On the other hand no claim is made that the entire building is essential for the present civil communications services; however, a larger part than is at present available is essential.
6. It would be much appreciated if you would be good enough to take the matter up, possibly with District Hqs.; the efforts of the Provincial Commissioner in August are gratefully acknowledged.

ANCONA PROVINCE

Subject: Civilian Post Office Building.

To : HQ 61 Area
Ref: AMG/A/54
From : P. C. Ancona Province
Date: 9 Aug. 1944

Before taking the matter up with Higher Authority for a ruling I must ask for the immediate release to A.M.G. of the Civilian Post Office building.

This request is made in accordance with G.R.O. 123/44

The building is required immediately for use of the Postal Savings Bank service, certain tax collections, payments of pensions, etc., and will be used shortly for sorting and censorship of civilian mail.

Ancona being the Provincial capital will be the distributing centre for all incoming and outgoing civilian mail of this Province and it is hoped to re-commence this service shortly.

I know of no other building in ANCONA which will serve this purpose satisfactorily.

I must draw attention to the fact that the building was plainly marked with "Reserved for AMG" notices which were put up on the first day of entry of spearhead AMG Officers. In spite of this the building was occupied by A.P.O. and other troops. After speaking to Comd 61 Area on the matter I was content to allow continued occupation by the military until the early period of confusion over accommodation had been resolved and until the building was actually needed for civilian accommodation.

Therefore, now that the A.P.O. has moved to other quarters and I learn that the military intend to take over the building for welfare, I must ask that the building be restored to A.M.G. forthwith.

Detto estratto conto deve rispecchiare la situazione a tutto il 31 maggio 1944.

- 5) - Il credito di cui al precedente n.4 si deve ricevere dalle risultanze che gli uffici porteranno dai singoli conti ancora attivi, e cioè ai quei conti che eseguono abitualmente operazioni di depositi e di rimborso, su appositi elenchi che gli uffici stessi dovranno compilare e trasmettere a richiesta della propria Direzione.
- L'aggiornamento dei detti conti L dovrà essere seguita a cura delle Direzioni stesse, registrandovi man mano le operazioni di deposito e di rimborso successive al 31-5-1944.
6. - Le cedole ed i vaglia di deposito come é stato accennato, nella circolare n.10 dell'8 marzo u.s. insieme con gli elenchi E, E I, H E ed H E I, dopo le operazioni di revisione e di registrazione, devono essere conservati ordinatamente e cronologicamente in armadi chiusi.

7. - E' necessario tenere con la massima cura le scritture in cui sono ellibrate le operazioni relative alla contabilità giornaliera (buste Z) e di raggruppare gli allibramenti per cinquina e per mese in modo che il controllo sugli elenchi accennati possa esercitarsi con assiduità ed ocularità e possa essere predisposta l'ulteriore esecuzione della contabilità mensile.

Al ricevimento della presente le Direzioni signaleranno telefonicamente a questo Ministero Servizio VII il fabbisogno dei fogli L presumibilmente occorrenti.

Questo Ministero comprende la difficoltà d'indole tecnica ed organizzativa che sorgono per il funzionamento del considerato ufficio di controllo, ma confida che la indiscussa competenza dei Dirigenti e la buona volontà dei collaboratori rimuoveranno ogni ostacolo per assicurare, in breve tempo, al detto ufficio la piena efficienza.

With reference your letter P. 25.169/CS of 22 February 1945. It is recommended that no action be taken at present to regain the use of the building for the Post Office.

Despite the fact the building serves no operational purpose (it is being used by the YMCA for a canteen) there is ample reason to believe the Area Commander personally authorized it's requisition for that purpose and will fight to hold it if necessary.

With reference your letter P. 25.157/CS of 22 February 1945 concerning Giuseppe Meloni.

In view of the fact the Ministry prefers to defer consideration of Dr. Meloni case until Ancona Province has been returned to the Ministry, would you request then to send an Inspector on semi temporary basis to cover Ancona & Macerata Prov., one capable of taking over the Directorate of Macerata.

Dr. Bassi lacks the ability to handle Ascoli Province and should be removed. The same is true of Sacquegno in Macerata and I am unable to remove either as there is only Inspector Bigi to replace both of them.

The Director of Avellino Cav. Caccone, is admirably fitted for this job and I would be please to have him if the Ministry can be persuaded to release him.

3. Marcolini's principle handicaps are a lack of rank and experience for the work of a Director. He has shown more energy and initiative than any Director that I have worked with so far. His replacement does not appear urgent but I can not be sure of this till Inspector Bernabini has had a chance to examine the Office more closely and report to me.

Subject : Direction-Accounting section Ancona.

I beg to inform you that during my recent mission to Ancona I was encharged the Provincial Director Comm. Benedetti to inspect the situation of the Accounting section and take the necessary provisions for its regular working.

I noted that there were many arrears of work to make up, especially those pertaining to the booking of "vaglia" and "risparmi" which were not recapitulated for the Ministry and for the Offices since November 1943, and that the statements on the expences for budget advances were not compiled since June 1943.

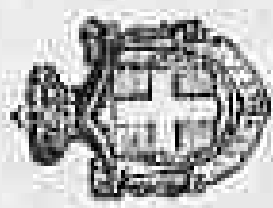

The personnel were told to be more disciplined and some internal removal among employees were effected. A sufficient number of employees for help was assigned where greater was the need of them, and during my stay in Ancona, I watched every day the work of employees so that the arrears of work could be eliminated at the earliest possible time.

I deem it necessary that for the management of the accounting section, an official with a grade established for that purpose be appointed, that is of the 8th (B) grade or of the 9th (B) grade. The present regent "Capo Ufficio Ciallo", even if he is no competent of this service on account of his practise, has not the necessary grade (he is of the 9th grade (c) and above all he has not a sufficient personality over his dependent personnel.

1. It is evident that - apart from any question of epuration - there are factors in this case which do not appear in the available official records, and which require investigation before either the Ministry or yourself can form an opinion as to the man's suitability for readmission into the service. The Ministry cannot be pressed to undertake such an investigation in territory outside its' jurisdiction and its desire to defer the enquiry is understandable.

2. The best course would appear to be for you to let Sig. Meloni know:-

(a) that the Ministry has requested that the question of his re-admission to the service be deferred until the Province of Ancona is restored to the jurisdiction of the Italian Government,

(b) that, in the circumstances, we agree as to the desirability of following such a course.

 suspended by the Ministry from Service 1st of November 1943 while
 attached to the Ancona Office for leaving his work after the first
 bombardment. All his payment were suspended as of 1 November 1943.

From the records it would appear Inspector Meloni has been lost
 to Iccerata since 11th November 1941. There is nothing in the records
 to indicate his school teaching interfered with his Postal work
 although this could very well have been the case.

1) The subsidy is given by the Postal Administration just as a first help in these ~~cases~~ ^(to meet funeral expenses etc.) ~~cases~~ ^{kind of cases}, on their own judgment and in proportion with the funds available. - generally they pay the subsidy to all low rank employees, independently from the reason of the death. -

In esito alla vostra lettera n.P.25.155.CS in data 12-2 siamo vivamente dolenti di dover concordare con voi sulla irrisoria misura dei sussidi che la nostra Amministrazione può corrispondere ai meritevoli e a coloro che della guerra hanno avuto le più serie conseguenze morali e materiali.

La legislazione italiana, però, non prevede la facoltà alle Amministrazioni di dare sussidi per casi pietosi se non traen-
doli da capitoli di limitatissima entità, in quanto, si ritiene che ogni caso della vita dell'impiegato comporta provvedimenti di legge ad esso adeguato.

Vorremmo molto potere usare nei casi pietosi misure di maggiore larghezza ma a ciò ostano precise disposizioni regolamen-
tari e soprattutto mancanza del capitolo finanziario di adeguata entità.

Nel caso specifico della vedova del patriota MARUCCI Pie-

strato per il caso veramente pietoso in questione.

Ref. your P. 25.155 CS of 12 Feb. We are most
sorry to agree with you about the irrelevant
amount of subsidies that our Administration
grants to those who deserve them,
& to those who have suffered from the war
that serious moral & material consequences.
But, the Italian laws, do not force the
Administration's authority to grant subsi-
dies for pitiful cases & other than from
a very limited amount assigned in
the budget, because it is considered that
in case of the live of the employee, adequate
provisions are foreseen by the law.
We would like to use towards these sad
cases, measures of more generous meaning
but this is hampered by precise regulations
& mainly by lack of adequate funds
for the purpose. In the case under notice
of the widow of the Patriot Marucci, we
have issued arrangements that a supplement-
ary subsidy of 2000 be allowed -
we thank you for the interest shown
in this really pitiful case.

SUBJECT: Overtime payment for employees in Ancona.
REF : 517/6/7.
DATE : 15 February 1945.

1. At the request of the Provincial Commissioner, the Provincial Finance, the Provincial Labor Officer and myself met on December 22 or 23 to consider the possibility of giving all state employees a 13th month or similar payment.

2. It was agreed that any such payment if made should go to all state employees in Ancona. As the authority for the payment a 13th month was questionable it was felt that where practicable the payments should be put down as overtime or similar payments. It was agreed that Postal Employees were entitled to a large overtime payment due to moving the Directorate from Jesi to Ancona.

3. No such payments were made for two reasons.

- (1) The Provincial Director of Posts pointed out to the P.F.O. (after I left) that due to their low scale for overtime a substantial payment would be impossible.
- (2) On the day following a copy of DLL 328 of 18 December 1944 (approved for AMG territory) was received in Ancona. This order provides for an increase in pay to all State employees of about 500 lire per month and was retroactive to 16 August 1944.

1. Reference you letter P.25.131/CS of 13 January 1945 concerning the A/M.

2. 2/3 of the ground floor, 1/3 of the basement and both the upper 2 floors of the Postal Palace in ANCONA were requisitioned by Allied Military forces. A small space is available on the ground floor for window service and sufficient space is available for the city sorting Office. Storage space in the basement is adequate.

3. The P.C. did fight to hold the building (reference attached copies) but was apparently over ruled. No action was taken at the Regional level as this matter was settled while the territory was still under Army and was never referred to Region. For Region to start a fight for the building where the Province was turned over (to Region) would have placed it in the impossible position of requesting space for workers and being unable to house them. A survey by the Provincial Labor Officer shows only 20 % of the space previously used by workers as available to them in the City. Any fight by Region at that time or at present would strain delicate relations with 61 Area.

4. The financial administration is with the Directorate in another building in Ancona, a short distance from the Postal Palace. While the stationing of the Censorship and Provincial sorting Office at Jesi leaves something to be desired conditions are not too bad as a daily train service is now being used for mail from Genga via Jesi to Ancona.

Subject: Civilian Post Office Building.

To : HQ 61 Area

From : P.C. Ancona Province

Ref.: ANC/A/54

Date: 9 Aug.44.

Before taking the matter up with Higher Authority for a ruling I must ask for the immediate release to A.M.G. of the Civilian Post Office building.

This request is made in accordance with G.R.C. 123/44

The building is required immediately for use of the Postal Savings Bank service, certain tax collections, payments of pensions, etc., and will be used shortly for sorting and censorship of civilian mail.

Ancona being the Provincial capital will be the distributing centre for all incoming and outgoing civilian mail of this Province and it is hoped to re-commence this service shortly.

I know of no other building in ANCONA which will serve this purpose satisfactorily.

I must draw attention to the fact that the building was plainly marked with "Reserved for AMG" notices which were put up on the first day of entry of spearhead AMG Officers. In spite of this the building was occupied by A.P.O. and other troops. After speaking to Comd 61 Area on the matter I was content to allow continued occupation by the military until the early period of confusion over accommodation had been resolved and until the building was actually needed for civilian accommodation.

Therefore, now that the A.P.O. has moved to other quarters and I learn that the military intend to take over the building for Welfare, I must ask that the building be restored to A.M.G. forthwith.

1. - In order to give you a complete report on the above problem 61 Area at a meeting with our P.O. early in August agreed to leave free all bank bldgs and a part of the Post Office in Ancona. Later they requested and we approved that the Banca d'Italia building be repaired by them and used as Hostel for a Naval Unit. In addition they were allowed to use a part of Banca Agricoltura, by building a partition.

2. - Later they informed us that they must have the Cassa di Risparmio ground floor & basement for an officers' shop. Four large rooms upstairs were already used by the British Field Cashier. We objected because it is the oldest and most important local bank and the head office of several country agencies.

3. - On 25 Aug. Lt. Col. Parker, A.A. & AMG., 61 Area, wrote that suitable alternative accommodation for an officers' shop could not be found and requested that the bank remove from their basement 3 large safes, and many records. The bank's manager was so informed and reported to the Town Major that it was impossible to comply with these instructions.

4. - On 28 Aug. the Town Major was informed by letter that a suitable building (SANTA dry goods store) was available nearby in Via Stamira. He called with Capt. Coulter and told the latter in my presence that it was better than the bank building. He also inquired about other men and women shops. None had been looked at so far.

5. - On 4 Sept. P.C. wrote to 61 Area explaining the importance of the bank and suggesting that other suitable quarters could be found. Some repairs or alterations might be necessary.

6. - Next morning British troops broke down the walledup main entrance of the bank and unloaded scaffolds, etc. Lt. Col. Parker telephoned to our P. Police Office that I should surrender the keys to the bank. This I did in the absence of the P.C., but under protest. In the afternoon DAQMG 61 Area telephoned to say that he had before him the letter written by the P.C. and wished to know whether the bank could not be used itself upstairs as the Field Cashier was willing to

7. - I replied that we could not agree to it and asked that a furnished apartment on the 3rd floor, forcefully occupied without our approval be vacated. It had been assigned to the bank by the Prefect to house some of bank's staff now returning to ANCONA to work. DAQMG promised to release the apartment at once, but so far this has not been done.

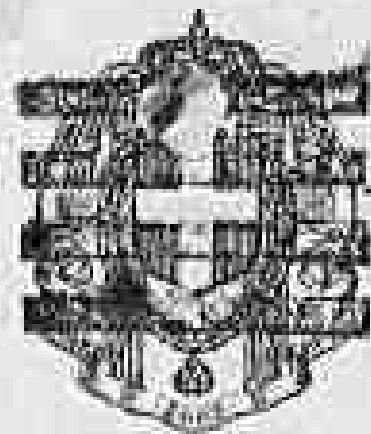

8. - The big new palace of the Post Office has also been requisitioned by 61 Area, altho' it was originally reserved for AMG. Pioneer troops were in it first and were ordered by an AMG officer to stop scattering and losing valuable records and accounting books. The British R.M.C.A. later asked to occupy the bldg for a welfare center. We were hoping to save the ground floor for the P.O., but finally compromised on a wing of about 1/5 of the space, in which the P.O. has now reopened its financial services.

9. - Yesterday I was asked by the Postmaster to stop British soldiers from carrying away wooden racks and boards from his basement where large stocks of printed forms, records etc., are stored to supply the 50 odd post offices in this province. In Ancona there are dozens of damaged stores and offices containing benches and racks which could be used to advantage. I lost a full hour to find the proper officer and explain this simple fact to him. He agreed to stop the unnecessary looting of the P.O.

10. - If 61 Area continues to disregard all civilian interests, the enthusiasm first shown for the Allied Troops will disappear completely. The task of converting the civilians from a liability into an asset for the allies has been rendered most difficult ~~by the~~ by the policy they have pursued. Whilst AMG have yielded due military in almost every instance hitherto, having due regard to the military situation, the P.O. intends to take a firmer stand as soon as this ceases to be an operational Area.

Subject : Subsidies to Post Office Personnel and
their Dependents.

To : Under Secretary of State for Posts and Telecomm.

1. It is understood from your 28 7120/224 of 9th February, and from observation of certain other cases, that it has been the policy and practice of your Administration to make small ex-gratia payments to Post Office de-roule and non de-roule employees or their dependents in case of distress caused by wartime circumstances or other misfortunes.

2. The amount of such subsidies taken individually do not appear to bear much relation to the actual needs of the cases, and they seem to be made irrespective of the question whether or not the person or family concerned is entitled as ordinary citizens to relief or support from other sources.

3. It is gathered that there may be other funds available to meet cases such as the one in question, and our first reaction is that it should be referred by the Provincial Director to the Prefect for consideration. It is, after all, quite incidental that the husband was a postal employee; the stated circumstances of his death seem to go beyond Departmental obligations, and it is unfortunately probable that case of distress due to enemy action are likely to be more frequent in the northern Provinces.

4. If you still feel that the course which you proposed is the appropriate one we here will have no objection to it being followed. Perhaps you will notify us one way or the other, and for general information furnish some particulars of your Administration's policy and authorities in these matters.

Confirming today's phone conversation.

As from Monday February 12th the postal van on the Rome-Ancona route will not be detached at JESI but will carry through to PESARO (for use when services commence in the latter Province). The ANCONA mails should therefore be unloaded at JESI, and it is essential that the train should not be delayed for this. A stop of ten minutes is scheduled. Lt. Allen has been advised.

Dear Major Green,
Reference your note of the 24th that
just came in. I will go on from Pesaro to Catolica
and find Major Turner on my next trip up that way,
which will be sometime this week.

I will be delayed a few days as I want to
get Inspector Bernardini in office for a while to look
over some of my files. Lewis in Mantova and Dauli
is terrible and I am going to put him on it to see if
he can straighten it out.

Will you tell Col Head I will be in Catolica
around the 4th of Feb (Sunday) but to try and
arrange for a meeting at a definite time now is
difficult.

1. Your proposal to send stocks in advance to Ancona for Pesaro and to Pesaro for Forli' and Ravenna seems entirely logical under present circumstances. The only drawback is that the Rome-Ancona train is scheduled to run only once a week at present. If this schedule can be increased it will be of tremendous assistance.

2. Should Bologna fall suddenly (which at present seems unlikely) or before the end of winter it may be necessary to route Bologna Mail via Rimini to Rome making an increased train schedule on this run essential.

1. Your comments in your 517/6 of 22 January 1945 are apparently based on a misapprehension. PESARO Province is under Regional jurisdiction, (and has been for some time) and there can therefore be no question of 8th Army objecting to the delivery of the Official letter concerned. The question of "objection" mentioned in our covering letter was quoted solely in relation to Postal considerations, and any steps which you might have taken regarding the matter with which the enclosure letter dealt.

2. It is essential that you should obtain prompt information on changes in Army/Regional control of territory, particularly in view of the point which you mention in relation to your own activities.

Reference your 517/6 of 6 November 1944.

1. The recent trend of operational events, and the opening of a mail service by train to Ancona, (and not yet to Florence) make it necessary to review earlier tentative plans. As it seems likely that further postal development will progress from East to West, stockpiling in the Ancona area would now seem to be the better proposition to begin with.

2. Please let me have your proposals. Up to a point, a system under which Ancona ordered stocks for Pesaro, then in due course Pesaro for Forli, and still later Forli for Savenna, would probably suffice; but it would have its limitations.

OGGETTO: SITUAZIONE SERVIZI POSTALI

Mentre la Direzione Provinciale trovavasi a Urbino e l'essere veniva liberata il Governatore Alletto di Pesaro mi dava l'incarico di provvedere alla sistemazione del Palazzo di cui un'altra era stata danneggiata da bombe incendiarie, vetrate rotte, impesto sconvolto, locali devastati, magazzino di via Bovio demolito e saccheggiato.

Ho provveduto ad ottenere dal Genio Civile l'esecuzione dei lavori per rifare la parte del tetto crollata a causa degli incendi demolire i soffitti pericolanti, rimettere in opera le finestre e le porte rotte e sconnesse, ripulire gli ambienti dai crolli e dai rottami, riparare la tettoia ai vetri sulla sala del pubblico, chiudere le finestre con vetri e con legname recuperati dai quadri, da cassa d'imbellaggio, da vecchi scaffali. Ho provveduto pure al trasporto dei mobili e materiali postali dai locali di Muraglia ove l'ufficio era stato sfollato in rimpianto, indi abbandonato, come pure a recuperare i materiali fra i rottami di via G. Bovio.

I sigg. Colonnelli Morris e Scudder hanno visitato gli impianti telegrafici e le macchine e ne hanno ordinato il ripristino. Col permesso delle autorità alleate ho mandato un impiegato tecnico a Roma a prendere le parti occorrenti delle macchine. I lavori tecnici di riparazione sono proceduti con velocità.

Tutte queste opere le ho curate intensamente dislocandomi fra Pesaro e Urbino ove trovavasi la Direzione Provinciale e ciò mentre a Pesaro e ad Urbino funzionavano in forma ridotta i servizi autorizzati.

Attualmente gli uffici Amministrativi, contabili, la Cassa Provinciale sono in locali idonei e funzionano regolarmente. Il servizio corrispondenza funziona per la corrispondenza ufficiali e sia questo, sia il telegrafo sono pronti per l'ulteriore sviluppo.

Dei 120 uffici sparsi nella provincia solo una ventina ha subito danno ed ha dovuto provvedere a riorganizzarsi. Tutti funzionano regolarmente per la parte dei servizi autorizzati.

Si impegna un sistema di collegamenti fra i 120 Uffici verificati e la Direzione Provinciale e ciò non solo per le corrispondenze ufficiali, ma per inoltrare documenti per operazioni di risparmio, di buoni postali fruttiferi, di vaglia, quelli relativi ai mandati degli stipendi e pensioni per conto della Tesoreria, nonché allo scambio del denaro necessario per i pagamenti relativi alle operazioni addette, ai sussidi militari, e al ricevimento dei titoli pagati e di denaro eventualmente incassato.

Mentre la Direzione Provinciale trovavasi a Urbino e Pesaro veniva liberata il Governatore Allecto di Pesaro mi dava l'incarico di provvedere alla sistemazione del Palazzo di cui un'altra era stata danneggiata da bomba incendiaria, vetrata rotte, imposta sconvolta, locali devastati, magazzino di via Bovio demolito e saccheggiato.

Ho provveduto ad ottenere dal Genio Civile l'assunzione dei lavori per rifare la parte del tetto crollata a causa degli incendi demolire i soffitti pericolanti, rimettere in opera le finestre e le porte rotte e sconnesse, ripulire gli ambienti dai crolli e dai rottami, riparare la tettoia ai vetri sulla sala del pubblico, chiudere le finestre con vetri e con legname recuperati dai quadri, da casse d'imballeggio, da vecchi scaffali. Ho provveduto pure al trasporto dei mobili e materiali postali dai locali di Muraglia ove l'ufficio era stato sfollato in primavera, indi abbandonato, come pure a recuperare i materiali fra i rottami di via G. Bovio.

I sigg. Colonnelli Morris e Scudder hanno visitato gli impianti telegrafici e le macchine e ne hanno ordinato il ripristino. Col permesso delle autorità allecto ho mandato un ingegnere tecnico a Roma a prendere le parti occorrenti delle macchine. I lavori tecnici di riparazione sono proceduti con alacrità.

Tutte queste opere le ho curate intensamente dislocandomi fra Pesaro e Urbino ove trovavasi la Direzione Provinciale e ciò mentre a Pesaro e ad Urbino funzionavano in forma ridotta i servizi autorizzati.

Si imponava un sistema di collegamenti fra i 120 Uffici periferici e la Direzione Provinciale e ciò non solo per le corrispondenze ufficiali, ma per inoltrarvi documenti per operazioni di risparmio, di buoni postali fruttiferi, di vaglia, quelli relativi ai mandati degli stipendi e pensioni per conto della Tesoreria, nonché allo scambio del denaro necessario per i pagamenti relativi alle operazioni addette, ai sussidi militari, e al ricevimento dei titoli pagati e di denaro eventualmente incassato.

Al tutto si era provveduto mediante la istituzione di un furgoncino che ripartendo le comunicazioni per zone doveva servire a collegarsi con tutti gli uffici, una volta per settimana per ciascuno.

Il sistema fu frustrato dalla esportazione dei ponti in ferro

che hanno trasformato la zona in tanti compartimenti stagni.

Attualmente il servizio si svolge in parte a mezzo dei carabinieri in parte con personale che perviene dagli uffici, secondo ordini emanati, ma certamente questo è un servizio incompleto.

Il lavoro si sta attualmente aggiornando e sono giunti documenti contabili arretrati. Il personale recedente nella ricezione dei documenti, non è stato salvato neanche il telex, è identico.

Il personale del cavoluogo era stato ridotto mercè il licenziamento

Quello rimasto in servizio, prossimamente rinforzato **alla** cogli ultimi elementi che debbono rientrare da Urbino, ha già avuto la assegnazione delle attribuzioni secondo le nuove necessità e sarà in grado di espletare il lavoro che è giunto e sta giungendo dagli uffici verificaci ed impegna l'attività di tutti per l'espletamento delle parti

I servizi e denaro propri dell'Amministrazione postale che attualmente funzionano, sono, come è noto, quelli dei rimborsi, dei buoni postali fruttiferi, vaglia di servizio e vaglia ordinari (per la parte che interessa i pagamenti a favore di enti pubblici per pagamento di carattere fiscale). Principalmente importanti, al riguardo, sono i buoni postali fruttiferi, la cui richiesta è sensibile e si estenderà mano a mano che saranno forniti i moduli in bianco da parte dell'Amministrazione Centrale. L'ammontare degli incassi supera già sensibilmente i rimborsi e nel solo ufficio di Torino SCassa si ha nel mese in corso un incasso di L. 800.000 contro il pagamento di L. 309.900 complessive. ~~Il pagamento~~ degli stipendi, pensioni e sussidi militari per conto della Reserzia nonché pagamenti per conto previdenza Sociale, assegni familiari, procedono in tutta la provincia con ritmo ~~che si~~ normalizzato. Questa Direzione intenderebbe mantenere la suddivisione nelle zone seguenti:

Valle del Cesano formando capolinea a Pergola ~~Cagli~~; valle del Metauro formando capolinea a Fossombrone, Urbino; valle del Foglia formando capolinea alla biforcazione per Macerata Feltria e alta valle del Foglia; valle del Conca con Capolinea Mercatino Conca oppure Cesoselvatric; zona del Montefeltro, con tangenza in provincia di Forlì, con capolinea Novafeltria e S. Altro allacciamento si impone con la capitale e con le provincie dell'Italia liberata. A tal dopo occorrerebbe il ripristino del servizio ~~subordinato~~ sui treni, per cui si richiede l'attenzione particolare delle autorità. Si ritiene doveroso rammentare che sono giacenti le seguenti corrispondenze: A Pesaro presso l'ufficio postale; a numerosa corrispondenza ordinaria, privata ed ufficiale, rimasta dopo lo sfollamento ordinato nel mese di giugno u. s.; a Urbino presso i RR. CC. di Urbino; a S. Arcangelo numeroa corrispondenza privata ed ufficiale sparsa nello scantinato dell'ufficio postale dove fu abbandonata dal mese di giugno dopo una devastazione operata dai tedeschi; con ogni probabilità altra corrispondenza può trovarsi ferma anche a Ferli, sempre del mese di giugno, proveniente dall'alta Italia.

Le Superiori autorità a cui è indirizzato il presente esposto verranno esaminare se e quando sarà il caso di procedere a regolarizzare uno stato di fatto così anormale dato che la corrispondenza racchiude tanti interessi materiali e affettivi del popolo.

Per intelligenza delle Superiori Autorità rendo noto che la Ditta Bucci di Senigallia ha salvate n° 5 torpedoni, la Ditta Esam di Pesaro ne ha salvati 2 e la Ditta Cardelli di Rimini ne ha salvate 4. Dette macchine, convenientemente riparate, appena le strade le permetteranno, potrebbero riprendere un servizio di posta e di passeggeri servendo le necessità di tutta la provincia.

Si allega una relazione sulle stato dei servizi telegrafici.

When Pesaro was liberated the Provincial Direction was at Urbino; and the AMG of Pesaro put me in charge to look after the re-ordination of the building, of which one wing had been damaged by incendiary bombs; the window panes were smashed, the shutters twisted, and the premises ruined as also the store in via Bovio which had been plundered. I obtained from the Genio Civile to rebuild the roof, which had been in part destroyed by the fire, to demolish the attics which were falling down, to re-adapt the and re-build the doors and windows, and to clear the premises of all debris and rubbish. I also had repaired the glass roof of the public's hall, and shut the windows by means of glass and wood that had been salvaged from frames, packing cases and old shelves. I also had the furniture and postal fittings of the Office transferred ~~inx~~ ~~xxxxxx~~ from Muraglia where the P.O. had been transferred in Spring, and later on closed, and I also salvaged the fittings amongst the debris of Via Bovio. Col. Morris & Col. Scudder have visited the telegraphic plants and the equipments and have given orders for the resumption of this service. I sent a specialist to Rome, who was authorised by the Allies, to get the necessary pieces of machinery; the technical works have proceeded speedily. I have intensely supervised all these works moving from Pesaro and Urbino where the Prov. Dir. resided, that is to say when between the two towns the ~~xx~~ authorised services were reduced. At the present moment, the ~~xxxx~~ Administrative ~~xxxx~~ Offices, Accounting, and Cassa Provinciale Offices, are in suitable premises and are functioning regularly. The correspondence service is functioning for official correspondence, and both this ~~xxxxxx~~ and the telegraph service are ready for further development. Only 20, out of 120 Offices of this Province have been damaged, and ~~xxxxxx~~ ~~xxxxxx~~ provisions have been made to get them ~~xxxxxx~~ ~~xxxxxx~~ re-organised. They are all operating regularly for all authorised services. A system to connect the 120 ~~xxxxxx~~ ~~xxxxxx~~ Branch Offices to the Prov. Dir. was necessary, that is to say, not only for ~~xxxxxx~~ ~~xxxxxx~~ official correspondences, but also to forward documents for financial operations of all kinds, and for the payment of salaries and pensions on behalf of the Tesoreria, and for the exchange of money necessary to the relative payment of the above operations; also for the military subsidies and receipt of payed bonds and of money possibly received. On this purpose a van was sent weekly to each Office, but this arrangement was upset on account of the bridges having been ~~xxxxxx~~ ~~xxxxxx~~ carried away, leaving thus the area without any connection with other offices and General P.O. Presently the service is carried out by ~~xxxxxx~~ ~~xxxxxx~~ partly by the Carabinieri and by the office personnel according to instructions issued; but, of course, this service is incomplete. The work is getting up to date, and arrear ~~xxxxxx~~ ~~xxxxxx~~ accountenent documents have arrived.

128E

The personnel residing in the collecting offices of the 120 Branch Offices, with slight ~~exceptionary~~ alterations, is fit. The personnel of the Capoluogo has been reduced ~~due~~ owing to the dismissal of the female casual personnel residing at Pesaro. The personnel on service, that will shortly be increased by the ~~and~~ other employees returning from Urbino, has already received ~~instru-~~ instructions as regards the new necessities of the service, and they will be able to ~~fulfill~~ carry out the ~~work~~ in-arrear work and the new work that is now arriving ~~with~~ with a certain speed. The money services of the P.O. which, as it is known, are being now operated, consist of the Saving, p.o., ~~postal orders~~ service postal orders, ~~taxi~~ ordinary postal orders, (for payments to public institutions); as regards to this matter, the p.o. Saving Bonuses are considerably important, owing to their demands which will be considerably extended as soon as the blank forms will be supplied by the Central Adm.. The amount of the cashing is already superior to the reimbursing and cashing in the single office of Pesaro has amounted to 861.500 against 309.967.50 lire payment.

The financing of salaries, pensions and military subsidies on behalf of the Distributing Office, as well as for the Previdenze Sociale, family allowances, is proceeding in the whole Province quite normally. Such transactions owing to their considerably increased amount, require now a large movement of funds. According to informations furnished by the Ufficio Tecnico of the Province and by the Road Section of the Genio Civile, ~~the~~ a part of the roads will be transitable about the middle of January. This Office means to maintain ~~in~~ the areas divided as follows:

Valle del Cesano - terminus - Pergola. Valle del Metauro - terminus Fermignano, Urbania, Urbino. Valle del Foglia - terminus - cross-way ~~for~~ Macerata Feltria and the Alta Valle del Foglia.

Valle del Conca - terminus - Mercatino Conca or Sassofeltrio. Area of Montefeltrio running round the boundary of Forlì Province; terminus Novafeltria and S. Agata Feltria. From each terminus and a cross-way services will be organised to the nearby offices.

For the time being it is necessary to carry on the service with motorvan of the Mancini Firm formerly depending from the Prefettura, which after all & only today, after a lot of insistence, has shown up. For the complete execution of the above mentioned plan, it is necessary that the gasoline and oil for the van

Fiat 1100 be supplied. One litre for each 7 Km. is needed for ~~xxxxxxx~~ 1890 miles covered monthly. The monthly allotment of 70 litres now granted is not at all sufficient and it is quite useless to commence the service before the allotment is equal to what is required. It is also necessary to link up the Province with Rome and the other provinces in liberated Italy. To reach this scope, railway postal service should be resumed; therefore

the authorities attention is drawn to this matter. It is considered necessary to remind that the following mails are on hand:

At Pesaro- at the P.O., a large quantity of ordinary correspondence private and official that remained there after the transfer ordered in June; at Urbino at the R.R.C.O. Barracks n° 3040 registered

128F

and N. 109 contained in 2 bags closed by the ~~Sovereign~~ Allied Governor in the TIMO premises, when the city was liberated, and then passed on ~~pass~~ to Mr. Captain Bolter in his office and now, after the latter's transfer to the Palazzo del Comune, it has been passed on again to the R.R.C.C. of Urbino. at S. Arcangelo a number of private and official correspondence scattered in the P.O. cellar where it was left in June following a ~~German~~ destruction operated by the Germans. Most probably in Forlì there is other correspondence in arrival from the north. The authorities to whom the present report is ~~shown~~ addressed, are ~~asked~~ asked to be so kind as to examine if and when it will be the case to proceed to regularise such an abnormal state of affairs owing to the fact that this correspondence involves such a lot of interest both material and sentimental for the public. For the authorities information I draw attention to the fact that the Bucci Firm of Senigallia has ~~salvaged~~ saved 5 ~~buses~~ motorbuses the firm Sapum of Pesaro 2 and the firm Cardilli of Rimini 4. Said cars, if conveniently repaired and when the roads will be again transitable, can resume the service both for postal purposes and for passengers, and so meet the necessities of the whole province. Here enclosed is a report concerning the telegraph services.

SUBJECT : Preliminary Report on Pesaro Province.
REF : 5L7/6.
DATE : 11 January 1945.

The following report was gathered from the
Pesaro AMG Engineer in charge roads. The only roads
open to civilian vehicles are as follows :

Route 16-(coast road) on its' entire lenght	45 Km.
Route 3-from Fano to Cammazzo	31 Km.
Route 73-from Cammazzo to Urbino to	40 Km.
S.Angelo	116 Km.

Every bridge in the Province is reported to
have been destroyed. While the amount of usable road is short
it appears to cover most of the principle towns in the Province.
If other conditions are not too difficult service can
undoubtedly be extended a certain amount.

A personel investigation will be made shortly.

Movments have been requested to provide a daily mail car from Genga (16 Km east of Fabriano) to Ancona. They seem willing to cooperate but doubt if the volume will permit more than thrice weekly service.

The Prov. dispatche and censorship offices are in Jesi necessitating a daily connection with Ancona which at present is being maintained by a combination of the Jesi-Ancona and Fabriano-Ancona bus lines.

A car is used to complete the service through out the Province.

TO : Region 1 Commissioner Lt.A.J. ALLEN
 FROM : P.O. ANCONA
 SUB. : Reinstatement of Postal Service in Ancona Province
 REF. : 20889
 DATE : Dec. 12th 1944

Referring your letter to the a/m/ letter received on 8th inst. I bring to your notice as follows.

Premises. Taking for granted that for the reestablishing of the postal services in this province, it would be very useful that the office for collecting and mailing the correspondence should be situated in the same city as the Cassa Provinciale (Prov. Bank at Ancona) for the financing and mailing of subsidy to the 105 Postal Offices of this province - at the moment this office is situated at Jesi.

The transfer of the office from Jesi to Ancona is however impossible the P.O. building at Ancona being nearly entirely occupied by the Allied troops, except for some premises on the ground floor.

There is no other premises in the building for the collecting office a/m to which should also be annexed the Allied Censorship Officer with all his staff, unless there should be some other premises in Ancona, of which I am very much doubting.

I therefore propose, unless contrary instructions, that the said Office remain at Jesi, in the Istituto Medico where one large room on the ground floor is used for collecting and mailing the correspondence, another one being for registration of letters - while a third room is used by the Director of the Office with three Secretaries. Near to these rooms, there is another empty room which could be used by the Allied Censorship Officer and his employees.

MEANS OF TRANSPORT. As already made known, following the reestablishing of the cash services, opened from Sept. 1st by dispositions of Maj. Roesti, I have divided the province in 5 zones, that is: Ancona - Senigallia - Osimo - Fabriano - Arcevia - Corinaldo - which are visited on 5 days in succession by a van, having its office at Jesi - the routes being monthly established by this Direction as shown (by the attached project (Attached n.1))

The van, at the moment used for transport of the subsidies and official correspondence will be able to transport also correspondence when this service be authorized - Another van will be necessary for the mailing three times a week rather than once a week, as so far it has been done for lack of transport.

Besides of these means of transport, the exchange of dispatches will be sent by foot or on bicycle as submitted in the project herewith attached (Attached n.2).

To have the mail forwarded more speedily in this province, it is advisable to have it sent by the motor-bus operating at the moment as follows:

the motor-bus FABRIANO - JESI - ANCONA managed by I.A.U.M. of Fabriano
 " " " JESI - ANCONA managed by Soc. An. Cuprense
 " " " OSIMO - ANCONA of Jesi managed Pratelli Suardi of Osimo
 " " " LO RETO - ANCONA - Fima Mario Fonda of Loreto

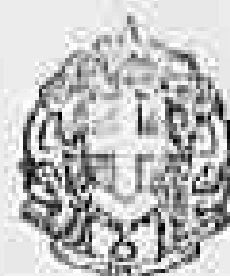

Besides, within a few days another autoservice will be established from Serra-de' Conti*Montecarotto to Jesi managed by Fima Arnaldo Crognalotti of Monte-Carotto - later, there will be another Service between Jesi-Corinaldo and Senigallia, managed by the Fima F.lli Bucci of Senigallia (attached n.3).

Direzione Prov. di ANCONA

Ufficio Segreteria

Prot. N. 20889

Allegati Vari

Risposta al foglio N. 517/6

del 3 Nov. 1944.

OGGETTO - Riattivazione dei servizi postali nella provincia
di Ancona.

A riscontro del foglio sopra distinto, pervenuto a questa Direzione Provinciale l'8 corrente, si pregio comunicare quanto segue.

LOCALI. - Premesso che per la riattivazione dei servizi postali in questa provincia sarebbe assai utile che l'Ufficio di movimento o di raccolta delle corrispondenze fosse situato nella stessa città, in cui risiede la Cassa Provinciale, e cioè qui in Ancona, per l'invio delle sovvenzioni a tutte le 105 ricevitorie postali di questa provincia, si deve però tenere presente che non è possibile, almeno per il momento, trasferire qui ad Ancona l'Ufficio di movimento, che attualmente si trova a Jesi, per il fatto che, essendo il Palazzo postale quasi interamente occupato dalle truppe Alleate - ad eccezione cioè dei pochi locali lasciati liberi a pianterreno dell'ala destra del detto Palazzo per i servizi a denaro - non vi sono altri ambienti da destinare all'Ufficio di movimento sopra indicato, come per insediarvi l'Ufficiale Alleato di Censura, che col proprio personale dovrebbe funzionare presso l'Ufficio medesimo. A meno che non si

Ord. 33 - 29-10-43 - An. Sp. 11.11.43 - 1943 (L. 11.11.43)

trovino in Ancona altri locali adatti allo scopo : il che riten_ go assai difficile.

Proporrei quindi, salvo contrario avviso, che il detto Uffi_ cio rimanga, fino a nuovo ordine, a Jesi, ove esso occupa attual_ mente, a pianterreno di quell'Istituto Medico, una grande stanza per lo smistamento e la spedizione delle corrispondenze ufficia_ li ordinarie, mentre un'altra stanza di minore ampiezza è adibita al carteggio delle corrispondenze, sempre ufficiali, raccomandate ed assicurate. Infine una terza stanza, assai più piccola, è oc_ cupata dal Direttore dell'Ufficio e dai suoi tre impiegati di so_ greteria. Vicino a tali stanze trovansi un altro locale, che al presente è libero e in cui potrebbe comodamente alloggiarsi il sud_ detto Ufficiale Alleato insieme al personale da lui dipendente.

MEZZI DI TRASPORTO. - Come è già noto, in seguito alla riat_ tivazione dei servizi a denaro, disposta con effetto dal 1° Set_ tembre dal Maggiore Roesti, io ho diviso la provincia in 5 zone - e cioè di Ancona, di Senigallia, di Osimo, di Fabriano e di Arce_ via-Sorinaldo - le quali sono servite in 5 giorni successivi da un autofurgone, avente la sua sede a Jesi e le cui corse sono ogni mese stabilite da questa Direzione, come rilevasi dai pro_ spetti qui uniti (Allegato N. I).

Tale autofurgone, che attualmente è adibito al trasporto delle sovvenzioni e delle corrispondenze ufficiali, potrà anco_ ra essere utilizzato per l'inoltro delle corrispondenze private, quando tale servizio sarà autorizzato. Occorrerà poi un altro autofurgone, perchè le spedizioni per ogni ufficio siano effe_ tuate due ed anche tre volte alla settimana, anzichè settimanal_ mente, come per mancanza di altri mezzi di trasporto è stato fi_ nora praticato.

126

Oltre a questi mezzi lo scambio dei dispacci verrà eseguito da procaccia a piedi o in bicicletta, come dal prospetto qui pure unito (Allegato N. 2).

A rendere poi vieppiù sollecito l'invio delle corrispondenze, sempre nell'ambito di questa provincia, sarà bene affidare ancora l'inoltro dei dispacci alle autocorriere, che funzionano attualmente, e cioè :

all'autocorriera Fabriano-Jesi-Ancona gestita dalla S.A.U.M. di Fabriano,

all'autocorriera Jesi-Ancona gestita dalla Società An. Cuprense di Jesi,

all'autocorriera Osimo-Ancona gestita dalla Ditta Fratelli Suardi di Osimo e

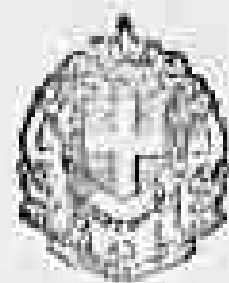

all'autocorriera Loreto-Ancona gestita dalla Ditta Mario Fonda di Loreto.

Inoltre sarà fra giorni istituito un servizio di autocorriera fra Serra de' Conti-Montecarotto e Jesi, gestita dalla Ditta Arnaldo Crognalletti di Montecarotto. Sarà poi riattivato un uguale servizio, se non è stato già attivato, fra Jesi, Corinaldo e Senigallia gestito dalla Ditta Eli Bucci di Senigallia. (Allegato N. 3).

Per il trasporto poi delle corrispondenze fuori della provincia, oltre all'autocorriera Ascoli Piceno-Ancona, che arriva e parte da Ancona tre volte alla settimana, e cioè il lunedì, il mercoledì e il venerdì, e che già disimpegna il servizio postale, per cui i dispacci da Ancona sono inoltrati, per la via Ascoli-Teramo-Chieti, fino a Roma, sarà opportuno utilizzare per il servizio postale ancora l'autocorriera Ancona-Roma, gestita dalla Ditta Guido Reni di Camerano e che parte da Ancona il lunedì e il

OGGETTO _____

giovedì di ogni settimana.

FRANCATURA ED IMPOSTAZIONE DELLE CORRISPONDENZE. + Mentre sarà mia cura di fornire per tempo tutte le Ricevitorie di questa provincia di una adeguata scorta di francobolli e di cartoline postali e di quanto necessiterà per la spedizione dei dispacci, che potranno essere formati in sacchi o in carta (di sacchi, per esserne questo Economato del tutto sprovvisto, ne occorrerebbero circa 500), io ho già disposto, mediante un circolare in corso di diramazione, perchè tutti i bolli a data sia tolto l'anno dell'era fascista.

Ricevute poi che avrò le definitive istruzioni, che Voi vi compiacerete d'impartirmi, io disporrò che la vuotatura delle cassette d'impostazione sia effettuata una o più volte al giorno, a seconda delle località in cui si trovano i rispettivi uffici, e che tutte le corrispondenze, fatta eccezione di quelle città per città, siano inviate, dopo di essere state timbrate col bollo a data, all'Ufficio di movimento o di raccolta di Jesi per essere da questo rimesse all'Ufficiale Alleato di Censura.

Risposta al foglio N.

del

OGGETTO

Il detto Ufficio di movimento, quando poi tali corrispon-
denze gli saranno restituite, dovrà inoltrarle nei propri di-
spacci ai relativi uffici di destinazione.

Sarà poi bene che ogni dispaccio sia numerato progressiva-
mente, affinché ne sia avvertito l'eventuale mancato arrivo e
quindi subito iniziate le ricerche del caso.

SERVIZIO RACCOMANDATE ED ASSICURATE. - Quando tale servizio
sarà autorizzato, il medesimo sarà attuato con le norme e le ta-
riffe in vigore e con l'avvertenza che tutte le raccomandate e
le assicurate dovranno essere, prima dell'inoltro, sottoposte
alla censura nello stesso modo delle corrispondenze ordinarie.

MATERIALI. - Mentre presso questo Economato sono attualmen-
te giacenti Kg. 250 di carta per involucri e Kg. 120 di pecelac-
ca, dietro richiesta di questa Direzione Provinciale, il Sup. Mi-
nistero ha assegnato al detto Ufficio di Economato una scorta
di Kg. 200 di carta, di Kg. 230 di pecelacca e di Kg. 42 di fi-
lato di canapa, di cui fino ad oggi si è ricevuta solo una
parte e cioè Kg. 25 di carta, Kg. 25 di pecelacca e Kg. 10 di

filato di canapa.

Assicuro infine che a tutto ho già provveduto, come per i locali, personale, ecc., perchè il servizio postale, appena Voi me ne darate l'autorizzazione, sia prontamente e regolarmente riattivato in tutti gli uffici di questa provincia.

Il Direttore Provinciale

Preside

Unisco ancora una relazione, in triplice copia, sul servizio telegrafico, compilata da questo Direttore del Circolo delle Costruzioni Telegrafiche e Telefoniche, così pure 4 richieste di francobolli, di cartoline postali e di stampati, con preghiera di volerle inoltrare al Magazzino Centrale delle carte valori postali a Roma.

Improvements in Service. To speed the transmission of mails and passengers from Pescara and Ascoli Piceno to Rome, buses have been authorized to set up a semi weekly service over these routes handling both mail and passengers. Mail to be handled for the standard rate of 150 lire per kilometer per year. While this service is adequate under present conditions improvements will be necessary.

Contact has been made with 5th Army and AAI concerning the opening of "Official Mail" service in Ancona Province. As this is a matter of policy concerning higher HQ it has been turned over to the communications Sub-Commission.

The communications Sub-Commission has approved a request from this office that will permit the circulation of approval Newspaper within Provinces in AMG Territory. This circulation at present is limited to the Province of origin.

A limited parcel postal service from the United States to the cities of Rome, Naples, Salerno and Vatican City has been approved; this service is limited to 2 Kg parcels of food or clothing only. No extension of this service to other territory is anticipated in the near future.

Personnel. Three cases of personnel have arisen in this Region.

1. The Provincial Director of Posts in Ascoli Piceno has been charged with conduct unbecoming a man of his responsibility.
2. Dr. Meloni former Postal Inspector in Macerata Province was suspended by the Fascist and he requested reinstatement. Reinstatement has been withheld by request of FSS for "security reasons". This case is under investigation in Macerata and Rome.
3. The Provincial Director of Posts and Telegraphs at Macerata (Dr. Cognoni) was given a months annual leave prior to suspension for inefficiency by request of the Prefect and the P.F.C. The suspension was concurred in by the Regional Communications Officer and a Ministerial Inspector. Advice has been received that Dr. Cognoni has been ordered to take over the Direction of Posts and Telegraphs in Teramo Province. This was immediately protested by the Communications Officer and this Office.

Attached is revised graph showing the direction of vehicles between Rome-Aquila and Chieti. This includes three busses and the mail truck/

Briefly with all vehicles on schedule there is a 5 day a week service in both directions wednesday no vehicle goes from Chieti to Rome and Thursday none goes from Rome to Chieti. I don't consider this at present serious enough to warrant any change in schedule.

It has been reported to me that the Tranquilli firm is not running on schedule, this will be corrected or replaced by another bus.

OGGETTO : Vendita di francobolli per posta internazionale.

La presente annulla il paragrafo 148 (4) del 16 marzo 1942 che stabiliva che le persone le quali desideravano inviare posta all'estero dovevano essere identificate prima che gli impiegati potessero accettare tale corrispondenza.

D'ora innanzi nessuna identificazione sarà richiesta prima dell'accettazione della posta per il servizio internazionale.

Darete istruzioni in tal senso a tutti gli uffici sotto la vostra giurisdizione. Poiché le istruzioni vennero emanate in Roma prima del ritorno degli Abruzzi sotto il Governo Italiano esse devono essere considerate in vigore in codesta regione.

SUBJECT:- Newspapers by post.

Application is hereby made, that we be allowed to despatch by post our newspaper from Ascoli Piceno throughout the province, where we are now sending it by the irregular facilities available. Attached is the letter No. \_\_\_\_\_ of Ascoli Provincial Direction, stating that there is no difficulty in operating the service, provided the necessary authorisation is given. It is pointed out that our be-weekly paper has the main scope of diffusing news where no newspapers arrive and where the radio is not available because of the lack of electric power. ~~Now~~ (Lt. Col. Munro) is aware of such necessities, and because of them has authorised the publication.

SUBJECT:- Periodical by post throughout the province.

This Direction does not see any difficulty in despatching your newspaper throughout the province, but it is pointed out that Allied authorities have authorised for the moment only postcards, letters (up to 210 gms.) and registration services. It is therefore necessary for this Administration to get the necessary authorisation.

Re: your letter 517/6 of 7 Oct. 44.

In view of the fact that the correspondence withdrawn from the post office at Fenne may have been subsequently handed over to an other office for attention, it is suggested that the details of the case are submitted to the Prefect for enquiry.

To avoid delay in making the due payment to employees, it is thought that arrangements should be made for duplicate orders be issued and the original suspended by "Stop Payment" notices.

TO : Postal Officer Region 5  
From : Provincial Director of posts Chieti  
Subject : Dispatches caught out in the postal office of Penne.  
Date : 11 Sept. 1944 (receipt on 13 Sept)

The ~~Post~~ Office of Penne (Pescara Province) has informed that, on 21 June 1944 the Pole Military Command, with a letter n.429, requested and got two bags of mails, lying in the s/m office, probably in order to censor the mails, but the bags have not been <sup>subsequently</sup> successively sent back.

In the bags there were also some pay-orders that the Provincial Treasury of Pescara was sending to the postal offices for payment of the employees.

Therefore I am praying you, Sir, as you will kindly take care in order to get the sending back of the over-named pay-orders, because the above named Postal Office is urged to make the due payments.

Many thanks - Dutifully
