SUBJECT: Installation of switchboard and restoration of light-
ning system in Villa Carrubba, Via Sassoferato, Rome.

TO : Real Estate Section RAAC.

It is hereby kindly requested that the following equipment,
necessary for the installation of telephone communication in
Villa Carrubba, which has been assigned to the USSR Representative,
be provided: -

- a) Switchboard with 24 internal extension lines.
- b) 24 telephones for internal communication.
- c) 3 telephones for establishment of direct external
communication.
- d) Necessary equipment for installation of the
above-mentioned telephone service (wires, etc..)

It would be appreciated if you would send an engineer to
Villa Carrubba so that the necessary arrangements could be made
regarding the installation of telephone communication in the villa
and the restoration of the lightning system in the above-mentioned
villa.

Thanking you in anticipation,

VICTOR V. SAVKO
Colonel, Red Army USSR.

APPENDIX ATELEPHONE SERVICE (US & BR)

Numerous instances have occurred recently where units or personnel having military dial telephone service have moved or left Rome without notifying the RAAC Signal Office resulting in loss of telephone instruments.

All units or persons having military dial telephone service will be held responsible for notification to the RAAC Signal Office of intention of movement at least two days prior to the move. Unit or person listed for the telephone will be held pecuniarily responsible for telephones found missing due to neglect to report movement.

Movement of telephone installations or additions of extensions or switches without authority of the RAAC Signal Office is prohibited.

TELEPHONE REPORT (US & BR)

All unit commanders and officers in charge of sections will make a survey to determine to what extent the number of telephones under their control can be reduced. A reduction in the number of telephones in use by Allied Military Forces is necessary since loss of personnel, due to redeployment, has resulted in insufficient personnel with which to maintain the present communication system. This loss of personnel and the reduction of size and number of headquarters, which is universal throughout the theater, should be reflected in a diminished requirement for telephone service.

Results of the survey will be forwarded to the RAAC Signal Office by 24 November 1945, giving the following information:

- a. Number of telephones that can be released.
- b. Date available for release.

Negative report is required.

1. Reference basic communication attached, it is realized by this office that your section is not directly physically responsible for the loss of the quoted telephone instruments. However, it is requested that you indorse the basic letter to the proper office, through channels, with the view to recover the instruments as soon as possible.

2. This office has no record of the original request for external telephone service; the record for this particular job is held by the RAAC Signal Officer. It is imperative that the proper parties be contacted and the instruments recovered, as there is a serious shortage of telephone instruments in the city and in all military installations.

3 Sept 1945

SUBJECT: Unauthorized Removal of Telephone Instruments

TO : Signal Officer, RAAC, APO 754, U. S. Army

1. Reference is your letter of 13 August 1945 and your letter of 20 August 1945 on above subject, copies attached.

2. This office has been advised by Office of Price Control, Allied Commission (Mr. Stauffer) that an investigation of the missing instruments has been made, and that the Italian Authorities in the Ministry of Aeronautics Building claim that the telephone instruments in question originally belonged to the Ministry of Aeronautics building. It is their claim that the instruments were in place when the installation was requested by the National Reconstruction Census, and that the numbers were changed to military numbers.

3. It is regretted by this office that the answer to both letters from the Signal Office, RAAC, has been delayed; however the original letter was indorsed to the Economic Section, this Headquarters, 16 August 1945, for appropriate action. In the meantime, the undersigned was away from this headquarters on leave, and proper follow-up action could not be taken.

4. This office has no record of the original request, but if further investigation is desired or written depositions are desired or necessary, this office will cooperate fully.

4-77
WILLIAM A. SIMONS
1st Lt., Signal Corps
Rq Signal Officer

1st Ld.

FROM: SIGNAL SECTION, HQ ALLIED COMMISSION, APO 394, 16 August 1945.

TO : Economic Section, HQ Allied Commission, APO 394, U. S. Army
(Attn: Major Smith)

1. Reference basic communication attached, it is realized by this office that your section is not directly physically responsible for the loss of the quoted telephone instruments. However, it is requested that you indorse the basic letter to the proper office, through channels, with the view to recover the instruments as soon as possible.

2. This office has no record of the original request for external telephone service; the record for this particular job is held by the RAAC Signal Officer. It is imperative that the proper parties be contacted and the instruments recovered, as there is a serious shortage of telephone instruments in the city and in all military installations.

WILLIAM B. SIMMONS
1st Lt., Signal Corps
Hq Signal Officer

4173

ROME AREA ALLIED COMMAND
OFFICE OF THE SIGNAL OFFICER
APO 794, US Army

JGC/RLJ/lsp
13 August 1945

Subject: Unauthorized Removal of Telephone Instruments.

To : A.C. Communications Sub-Commission, APO 394,
U.S. Army.

1. Telephone numbers 496530, 496531, 496532, 496533 were installed at Ministry of Aeronautics, on 8 November 1944, as requested by Economic Section A.C., National Reconstruction Census.

2. Workmen were assigned to disconnect and recover the telephones on routine check orders of this office, 2 July 1945, but found four instruments missing: one instrument on 496530, one instrument on 496533, and two instruments on 496532.

3. Request investigation be made of the missing telephones and the instruments returned to this Office, or an explanation of the losses.

R. L. JARNELL
Lt Col, Sig C,
Signal Officer.

William B. Simmons, 1st Lt., Sig C

WAR SHIPPING ADMINISTRATION

Rome, May 24th 1945.

Allied Commission - Rome
Attention :Lt. SIMONS
Communications- Sub- Commission.

SUBJECT: Transfer of telephones from INA-Bldg. to Via Lucullo #6 for U.S. War Shipping Administration.

1. The U.S. War Shipping Administration and " American Export Lines Inc., acting as passenger agents for W.S.A., are moving from Via 23 Marzo #22, INA Bldg., to Via Lucullo #6 ground floor, consequently the telephone numbers now assigned W.S.A., should be transferred to the new office in Via Lucullo # 6 as soon as possible. After having visited the new premises we found two outside telephones numbered as follows:

First room to the left from main entrance: # 471314

Second room " " " " " " : " 478296

There is an additional telephone to the right of the entrance in the last room to the left which will be occupied by W.S.A./American Exp. Lines Inc., Liaison office and which has no number. The telephone is an outside phone also. In addition there are nine telephones operated by one switchboard formerly located on the 4th floor.

2. Telephones in the INA Bldg., belonging to W.S.A., are listed as follows:

Mr. Stephen A. REGAN, Port Representative W.S.A.: 471513

Mr. H. Harris, W.S.A. -471513 (two phones using same number).

Mr. E. R. Perkins W.S.A.-Am. Export Lines Inc., 471514

Mr. C. Biancheri W.S.A.-Am. Export Lines Inc., 471512

It would be greatly appreciated if a telephone with the number 471513 could be installed in the second room to the left of the entrance in addition to the telephone above listed under the # 478296.

Mr. Perkins and Mr. Biancheri of W.S.A. American Exp. Lines, have no phones in the room they are going to use and therefore ask for the installation of two in the first room to the right, on the right hand entrance. The numbers used would be the above listed ones: 471512 for Mr. Biancheri and 471514 for Mr. Perkins.

We would appreciate it if your office could attend to this matter as soon as possible, and give us a reply so that we can advise A.C., -A.F.H.Q., and the other Government Offices with which we do business.

If we could keep the telephone listed under 471314 we would be very grateful to you since it would be the room used by Mr. Regan's secretary. Same goes for the telephone with no number mentioned above.

Very truly yours

SIGNAL OFFICER, HEADQUARTERS ALLIED COMMISSION, 15 May 1945

To: T.E.T.I., Roma

1. This office is in receipt of the attached correspondence concerning telephonic installation in Villa Sansoni, 292 Via Cassia, Roma, for the Intergovernmental Committee On Refugees.

2. Since this section will be working closely with the Allied Commission, it is hoped that your company can effect a civilian telephone installation with the least possible delay. It is pointed out, however, that bills for such installation and services thereon should be submitted to the Intergovernmental Committee on Refugees, APO 394, U. S. Army(C.M.F.).

HQ SIGNAL OFFICE
HQ ALLIED COMMISSION

12 March 1945

SUBJECT: Reconnection of Civilian Telephone

TO : Signal Officer, RAAC

1. The attached request is submitted by Major Brod, Counter Intelligence Corps, telephone # 478179.

2. It is requested that telephone #873136 be reconnected as a civilian telephone, and that the civilian telephone authorities have absolutely no knowledge that this request was originated by the Counter Intelligence Corps. The present listing, Cima, should remain the same, and Major Brod assures that any telephone bills accrued by the above number will be paid through the normal civilian channels.

3. It is requested that the above telephone be reinstated as a temporary measure, and this office will be informed when the service is no longer required by the activities of the Counter Intelligence Corps.

10 March 1945

SUBJECT: Private Automatic Branch Telephone Exchange, Ministry
of Finance Building, 596 Via Nomentana, Roma
TO : SIELTE Telephone Company, Roma

1. The Headquarters of Motor Transport Group, Allied Commission, now occupies offices in the Ministry of Finance Building, 596 Via Nomentana, and now has telephone service connected into the switchboard at the above location.

2. It is requested that your organization dispatch sufficient technicians to completely overhaul and place in good working order the above named switchboard, along with the associated lines and telephones that are now in use by the Motor Transport Group. It is further requested that these technicians report to Major Pepper, 2nd Floor, Room 29 at the above address for instructions prior to beginning of work.

3. The above request has been coordinated with and is agreed upon by the Signal Officer, Rome Allied Area Command, so that work may begin immediately upon receipt of this request. Bills for payment for this work may be submitted to this office immediately upon completion of the work.

4. May we have confirmation that the above request is being carried out?

OGGETTO : Centralino Telefonico Automatico - Ministero
delle Finanze - Via Nomentana 596 - RomaDiretto a : SIETE - Societa' impianti telefonici
Via Cremona 59 - Roma

1. Il Comando del "Motor Transport Group" della Commissione Alleata, che occupa attualmente lo stabile di Via Nomentana 596 appartenente al Ministero delle Finanze, si serve della rete telefonica interna facente capo al Centralino automatico sito nello stabile stesso.

2. Si richiede che Cod. societa', a mezzo dei propri tecnici, eseguisca una revisione completa dell'impianto nominato nonche' delle linee con i rispettivi apparecchi che vi fanno capo allo scopo di porre l'intera installazione in perfetto ordine di funzionamento. Tutte le istruzioni e gli opportuni schiarimenti saranno forniti ai tecnici dal Sig. magg. Pepper - piano secondo, stanza numero 29 dello stabile menzionato - al quale essi dovranno presentarsi prima d'iniziare i lavori.

3. Questo ordinativo di lavoro e' stato coordinato ed approvato dal "Signal Officer" della "Rome Allied Area Command" e dovra' essere iniziato immediatamente al ricevimento della presente. Al termine del lavoro Cod. societa' potra' presentare la corrispondente fattura all'Ufficio scrivente.

4. Sara' gradito un cenno di riscontro alla presente.

FROM SIGNAL OFFICER, ALLIED COMMISSION, 10 March 1945
TO Signal Officer, RAAC, APO 794, US Army

1. Reference basic communication attached, the maintenance problem of the civilian telephone equipment located at 596 Via Nomentana being used by Motor Transport Group, Allied Commission, cannot be handled by the Signal Office of Allied Commission. It is pointed out that the PABX located at the above address has not been requisitioned by military authorities, and the maintenance thereof would probably come through civilian channels.

2. It is respectfully requested that your office take as much action as possible in providing the Motor Transport Group with adequate telephone communications as requested in basic letter.

8 March 1945

SUBJECT: Telephone System.

TO : Headquarters Commandant, Allied Commission (Ovhd), (through Signal Officer, Allied Commission (Ovhd), APO 394, US Army).

1. Request that the telephone system at 596 Via Nomentana being used by Motor Transport Group, Allied Commission be inspected and put in operating condition and additional facilities be provided as indicated below. At present the system is not operating satisfactorily.

2. In the event maintenance personnel cannot be provided from Signal Section, Allied Commission, it is requested that authority be granted to engage the civilian telephone company to do this work.

3. At present ten trunk lines are being used by this headquarters:

890849	890874	890839
890856	890122	890837
890036	890774	890862
	890825	

4. There are at present ten phones installed and two extension phones all of which are in need of repair or replacement. No additional sets are on hand.

5. Request eight additional phones be installed.

HQ SIGNAL OFFICE
HQ ALLIED COMMISSION

1 March 1945

SUBJECT: Telephone Installations for 1st Truck Brigade,
Allied Commission

TO : Signal Officer, RAAC, APO 194

1. The 1st Truck Brigade, Allied Commission, Civilian Ministry of Finance Building, 591 Via Nomentana, Roma, has requested that the following officers located in that building have telephone service connected into the PAX of that building:

Col. J. J. Carnes	2nd floor	Room 29
Major C. W. A. Pepper	2nd floor	Room 29
Lt. Col L. R. Holmes	2nd floor	Room 24
T Company	3rd floor	Room 9
Capt O. C. Jessup	3rd floor	Room 11
Lt Col. C. Olezowski	3rd floor	Room 12
"	3rd floor	Room 13
Lt. Col. E. L. Downing	3rd floor	Room 15
Major P. Quinto	3rd floor	Room 2
Lt. H. Dini	3rd floor	Room 1
Capt. T. R. Swisher	3rd floor	Room 24

2. I have just returned from the Ministry of Finance Building, 591 Via Nomentana, Roma, after a quick inspection of the facilities in the building. Col. Downing has in his possession 12 dial instruments that belong to the Building which are ready for installation. The PAX is in operation; it operates 30 drops manually for incoming calls. I was unable to determine how many outgoing trunks it is possible to operate from the PAX, but the building is wired for telephone connections into the PAX.

A3 433.2

Subject: Civilian Telephones for Military Use.

To: See Distribution.

1. All telephone service provided through Rome local automatic system that is not installed by instructions of the Signal Officer, RAAC, is considered by the local telephone company to be "civilian". Such service is subject to billing, to "limited calls" and may be disconnected without warning.

2. It is highly probable that some units or individuals have established themselves in Rome Area without applying to the Signal Office, RAAC, for telephone service and have proceeded to use the telephone facilities already connected in their billet or office.

3. In order to properly inform the local telephone company which lines are authorized for military use it is necessary that this office be advised of all lines now used which have not been previously requisitioned. Therefore all units in Rome Area will immediately contact Lt. Barber at telephone number 566102 to ascertain as to whether or not all lines now used by them have been requisitioned. This does not apply to RAAC, AGO or AFI official lines.

4. Applications will be submitted to Signal Officer, RAAC for all lines required for military use which have not, up to the present, been requisitioned. Applications received prior to 20 October 1944 will be acted upon by this office back dated to include the original date of military usage. Applications received after 20 October 1944 will be acted upon as of the date of receipt of application by this office and will not be back dated. After 20 October 1944 unit and organization commanders or individuals using the telephone lines will be held financially responsible for usage by military personnel of local telephones which have not been requisitioned. This applies to any unit of Allied Forces.

5. All applications submitted to Signal Officer, RAAC, will contain the following information:

- a. Name of Unit or Organization.
- b. Name and rank of responsible officer.
- c. Location (Address or map coordinates).

2 October 1944 (Cont)

d. Telephone numbers of lines now working and date of original usage.

e. Special information such as directory listing of individuals, etc.

f. Authorization, if for billet phone.
(Refer to page 4 of R.M.C. telephone directory, 5th Edition, for ruling on billet telephones).

g. Individual to contact (in event more information is required).

6. Inasmuch as reimbursement for civil telephones will eventually result in government expense, all unit commanders or individuals will be held responsible for notification to Signal Officer, R.M.C., upon cessation of military necessity so that line may be disconnected.

For the Commanding General:

I. E. Cheek
I. E. CHEEK
Captain AGD
Adjutant General

HEADQUARTERS
ALLIED CONTROL COMMISSION

25 August 1944

SUBJECT: Inter-Office Communication

TO : Capt. Lawrence E. Kearin - Super Garage

1. Reference your letter 24 August with list of internal telephone which you desire installed and connected to the internal dial system in the super garage.

2. R.A.A.C. signals advises me of serious shortage of telephone instruments and recommend that they first connect eight telephones as requested in my letter of 21 August of which copy was sent to you.

3. Thus it appears be the best procedure for you to select the most needed eight telephones from your list and when the T.E.T.I. Company civilian installers arrive to do the work designate the location to them of the initial selection of eight. Obviously it would be best to select those located at the farthest points to reduce travel for messenger service.

4. It is the custom to provide the civilian workmen with transport for men and materials when they cannot manage with the limited transport furnished them by R.A.A.C. so you may receive such request.

5. As soon as the initial eight telephones are installed if you will advise me which of ones on your list are left I will make applications for them also
