AUG. 1944 - NOV. 1945

SIGNAL SECTION
ALLIED COMMISSION
APO 394

8 November 1945

TO WHOM IT MAY CONCERN:

I wish to commend S/Sgt. Frano Smokvina for his work in this Signal Section. He has displayed superior initiative responsibility, judgement and intelligence, and has demonstrated a marked ability to get along with people of all types often under rather trying conditions. While in this Section he has performed his duties in a superior manner, personally initiating an excellent system of checks and records.

I feel confident in recommending S/Sgt. Smokvina whole-heartedly, that he will be a decided asset to an employer in whatever field he enters.

I wish to add that this is strictly an unsolicited recommendation.

JOHN E DURST
Capt., Inf.
Signal Officer

HEADQUARTERS ALLIED COMMISSION
SIGNAL SECTION

21 September 1945

SUBJECT: Enlisted Men, Signal Section, Allied Commission

TO : Office of Executive Commission
Info: Office of Chief Commissioner
Info: Commanding Officer, 2675th Regiment

1. At present the Signal Section, Headquarters Allied Commission has on duty the enlisted personnel listed below. By each man's name is shown his present Adjusted Service Rating Score and his position in the Signal Section.

NAME	POINTS	POSITION
S/Cpt Guerra, Joseph E.	68	Teletype Opr.
S/Sgt Mackinn, Frank (MIA)	66	Chief Clk Sig Sect
Cpl Angilanti, Hugo R.	78	Teletype Opr.
Tec/5 Winniewski, Michael	70	Chief Opr., Telephone
Pfc Bestick, Garland B.	40	Telephone Opr.
Pfc Desjardins, Roger E.	74	Sig Cen Clk
Pfc Fless, George B.	75	Telephone Supervisor
Pfc Helfrich, Paul B.	74	Sig Cen Clk
Pfc Vicino, Philip P.	78	Sig Cen Clk
Pvt Anzaldue, Alfred C.	70	Teletype Opr.
Pvt Custer, Donald C.	61	Sig Cen Clk

2. This office has been informed verbally by the Adjutant, 2675th Regiment, that all men with Adjusted Service Rating Scores of 70 or more will be redeployed within approximately two-three weeks and that all men with Adjusted Service Rating Scores of 60 or more will be redeployed within four-six weeks from this date if redeployment is carried out according to the present schedule.

3. This section is at present functioning ⁴⁵³ twenty-four hour basis. Three of the above listed men can be replaced by Italian Civilian personnel. However, under present Signal Instructions, Chief Signal Officer, AFHQ, and Army Regulations 380-5, teletype operators and Signal Center clerks cannot be replaced by civilians other than Allied Nationals because of classified signal traffic that passes through the Signal Center. There is an average volume of more than 20,000 groups of traffic passing through this Signal Center daily, and such a volume of traffic requires expert and efficient handling if it is expected to be delivered promptly to addressees.

4. G-1 American has verbally informed the undersigned that it cannot replace the nine (9) enlisted men that this section expects to lose under redeployment. In order that this section may continue to function at all, it is urgently requested that the following listed experienced personnel, with low point Adjusted Service Rating Scores and any grade including Staff Sergeant or less, be requisitioned immediately:

Four (4) Teletype Operators (MOS # 237)
Four (4) Signal Center Clerks (MOS # 342)

5. While it is realized that replacement of personnel is extremely difficult at this time, unless the above personnel may be acquired immediately for training in the multiple problems of signals handled by Signal Center, Allied Commission, and so that they may take over the operation, it will be absolutely necessary for this Signal Center to cease operation at the time of redeployment of its present enlisted strength.

WILLIAM B. SIMMONS

HEADQUARTERS ALLIED COMMISSION
SIGNAL SECTION

24 May 1945

SUBJECT: Promotion of Enlisted Men

TO : Commanding Officer, 2675th Regiment, A. C.

1. It is requested that the following named Enlisted Men be promoted to the grade shown opposite their names:

Tec/4 Falkland, John F.	31131072	Sig Can Chief	Tec/3
Pfc Angramani, Hugo (NHI)	32194124	Teletype Opr	Tec/3

2. Tec/4 Falkland was under my direct supervision in AFHQ Signal Center from March 1943 to September 1943, at which time he came with the Allied Commission in Brazil. He came again under my direct supervision in July 1944, and has been under my supervision since that date. My own duties have given me close knowledge of Tec/4 Falkland's performance in the interim between September 1943 and July 1944. It has always been of the highest calibre. Working under conditions of extreme adversity, e.g., shortage of personnel, ever increasing traffic load, etc., Tec/4 Falkland has always carried out his duties cheerfully and in an outstanding manner. His contribution to the Signal Center, Allied Commission, has been an outstanding factor in the efficiency of Signal Communications within this headquarters. His excellent performance has meant long, tedious hours, training of new personnel, and going months under high nervous tension without the customary weekly day of rest. More recently, he has efficiently trained a complete new team of Signal Center Clerks for duty within the Signal Center, Allied Commission. Tec/4 Falkland certainly possesses the requisite qualifications of efficiency, initiative, Military Courtesy and Discipline, and neatness of dress in keeping with a non-commissioned officer of the first three grades. He has marked qualities of leadership, and his performance has been of high credit both to the good of the Service and to himself.

3. Pfc Angramani is a teletype operator ⁴⁵³⁴ in the Signal Center, Allied Commission. He has been under my direct supervision since 25 July 1944, and during that time has exhibited all the qualities to be desired in any soldier. He is the most efficient teletype operator in the Signal Center, Allied Commission, being able to transmit cipher text traffic at the rate of at least sixty words per minute. He has always shown

marked qualities of initiative, willingness to work and the highest sense of cooperation with his fellow workers. In my opinion, Pfc Antrasani has more than earned consideration for promotion in his excellent performance for more than thirty-odd months in grade.

HEADQUARTERS ALLIED COMMISSION
SIGNAL SECTION

6 September 1945

SUBJECT: Promotion of Enlisted Man

TO : Commanding Officer, 2675th Regiment (OVH)
(Thru: Adjutant, 2675th Regiment)

1. It is requested by the undersigned that Tec/4 John F. Falkland, A.S.N. 31131072, be reconsidered for promotion to the grade of Staff Sergeant.

2. Tec/4 Falkland is the Non-Commissioned Officer in charge of the Signal Message Center, and as such has done a superior job, having won the Bronze Star Medal for Meritorious Service. He has shown superior qualities of aggressiveness and leadership, and it is chiefly through his efforts that the Signal Center, Allied Commission has rendered the service to the Commission that it has. Tec/4 Falkland was recommended for promotion by the undersigned early in August 1945, along with other members of the Signal Section.

3. In para. 8, Special Order No. 203, Headquarters 2675th Regiment, dated 5 September 1945, Tec/4 Joseph F. Guerra was promoted to the grade of Staff Sergeant. While this letter is not intended to be any reflection against Staff Sergeant Guerra or to take credit from him and his well-deserved promotion, it is pointed out that Tec/4 Falkland is in charge of the section in which Staff Sergeant Guerra works, and such an inequitable distribution of grade will certainly tend to lower Tec/4 Falkland's position within his section.

4. It is urgently and respectfully recommended that Tec/4 Falkland's case be reconsidered. The date of his last promotion was 24 September 1944.

SUBJECT: Pvt. Alfred C. Anzaldua

TO : Whom it may Concern

1. This letter is to certify that the bearer, Pvt. Alfred C. Anzaldua, has been directly under my supervision since 25 July 1944. During that time he has been a tele-typewriter operator in the Signal Message Center, Allied Commission, of which I have been the Officer in Charge.

2. I have always found Pvt. Anzaldua to be a willing and cooperative worker, always displaying excellent qualities of loyalty, cheerfulness and efficiency. He has performed his duties under me in a manner in keeping with the highest traditions of the Military Service, and it is only due to a set of very unfortunate circumstances that he is not more advanced than his present Army grade.

3. In my association with Pvt. Anzaldua I have had no opportunity to observe whatever business or technical skills he may have, but it is my belief that Pvt. Anzaldua possesses the personal qualities desired of any employee, and that he would render the finest service that it is possible for him to do with the qualifications he has. I do not hesitate to recommend him highly.

1. Critical MOS not Subject to Release under the Readjustment Regulations

a. Following is a list of enlisted specialists in scarce categories within the meaning of paragraphs 2 and 34, RR 1-1:

SSN	Title
077	Powerhouse Engineer (with 2 yrs. civilian experience in power station or substation operation)
080	Marine Engineer
167	Repeaterman, Telephone
267	Translator (Asiatic languages)
320	Interpreter (Asiatic languages)
366	Orthopedic Mechanic
409	Medical Technician (COS of 225 or completion of advanced medical technician course, ME-4)
538	Voice Interceptor (Asiatic languages)
543	Radio Intelligence Control Chief
709	Traffic Analyst (Radio)
739	Intercept Operator (CIC)
760	Radio Operator, AMCS
798	Weather Observer-Teletype Technician
798	Transmitter Attendant, Fixed Station
799	Intercept Operator, Fixed Station
801	Cryptographic Repairman (Class 1 and Class 2)
801	Cryptanalysis Technician

487

-1-
RESTRICTED

R E S T R I C T E D

Hq MTOUSA Classification Memo # 1 (Cont'd)

<u>SSN</u>	<u>Title</u>
852	Radar Mechanic, RCM
861	Surgical Technician (COS of 225 or completion of advanced surgical technician course, ME-6B)
952	Radar Repairman, Gun-Laying Equipment (instr)
953	Radar Repairman, Reporting Equipment (instr)
*	Acoustic Technician (Hearing Aid Specialist)
*	Electroencephalographic Specialist

*These specialties are NOT identifiable by any one SSN. Careful examination of all qualification data will be required in these cases.

b. Enlisted personnel qualified as skilled or semi-skilled in one or more of the above listed civilian or military occupational specialties will be considered essential under the provisions of paragraph 26, RR 1-1, and will NOT be eligible for separation regardless of adjusted service rating score. It is not necessary that the current MOS be one of the above. If at any time during the enlisted man's service he was properly given one of such MOS's and is physically and mentally qualified to perform the duties required, he will be classified under such MOS and included on any reports required for such categories. Among these specialists, personnel possessing qualifications of 267 Translator (Asiatic languages) and 320 Interpreter (Asiatic languages) will probably not be found so classified.

c. All personnel will be surveyed with a view to discovering such individuals who have sufficient linguistic ability to qualify as semi-skilled or skilled in such Military Occupational Specialties. Those found qualified will be given such MOS as a primary one and will be reported and handled under this MOS regardless of other MOS or race; and an appropriate entry made on WD AGO Form 20.

2. Selected List--Military Occupational Specialties to be reported under Readjustment Regulations - WD letter AGMP-M 220101 (7 May 1945) dated 12 May 1945, subject; "Report to WD Required by paragraph 30b(1) RA1-1, 15 February 1945", gives the selected list of the specialists who are to be reported. Many such specialists originally trained or qualified in these specialties have been converted or retrained for other duties. It is desired that these skills again be made available to the Army. WD AGO Forms 20 of all enlisted men below the critical adjusted service rating score will be examined, and personnel having one (or more) of the MOS's shown in the list will be reported under that MOS, regardless of later acquisition of another MOS (except for those MOS's designated as so critical as to require retention in the service regardless of adjusted service rating score). Changes in primary MOS will, however, be made only if the individual is physically and mentally capable of serving in such MOS and can be rated semi-skilled or skilled. Most of these MOS's were acquired as the result of extensive training in Army Service Schools and such training must not be wasted. A careful examination of Item 22, Service Schools, on the Form 20 will

R E S T R I C T E D

Hq MTOUSA Classification Memo #1 (Cont'd)

assist in the determination of whether or not to reinstate such MOS as primary.

3. Signal and Communication Specialists - Letter this headquarters, AG 461/440 SIG-O, subject: "Signal and Communication Specialists", dated 31 May 1945, gives a list of SSN and instructions relative thereto. TM 12-427 must be consulted to ascertain the appropriate titles for ease and accuracy in use of the list since the use of the number alone without the title frequently leads to serious error. In this list SSN 231 is given. This SSN is obsolete and is now included with 115 Automatic Telephone System Maintenance Man. Any WD AGO Forms 20 which still carry SSN 231 should be corrected. The identification of the specialists referred to in above letter will be made in the same manner as outlined in paragraph 2, above.

HEADQUARTERS ALLIED COMMISSION
SIGNAL SECTION

24 May 1945

SUBJECT: Promotion of Enlisted Men

TO : Commanding Officer, 2675th Regiment, A. C.

1. It is requested that the following named Enlisted Men be promoted to the grade shown opposite their names:

Tec/4	Falkland, John F.	31131072	Sig Cen Chief	Tec/3
Pfc	Angrasani, Hugo (NMI)	32194124	Teletype Opr	Tec/5

2. Tec/4 Falkland was under my direct supervision in AFHQ Signal Center from March 1943 to September 1943, at which time he came with the Allied Commission in Brindisi. He came again under my direct supervision in July 1944, and has been under my supervision since that date. My own duties have given me close knowledge of Tec/4 Falkland's performance in the interim between September 1943 and July 1944. It has always been of the highest calibre. Working under conditions of extreme adversity, e.g., shortage of personnel, ever increasing traffic load, etc., Tec/4 Falkland has always carried out his duties cheerfully and in an outstanding manner. His contribution to the Signal Center, Allied Commission, has been an outstanding factor in the efficiency of Signal Communications within this headquarters. His excellent performance has meant long, tedious hours, training of new personnel, and going months under high nervous tension without the customary weekly day of rest. More recently, he has efficiently trained a complete new team of Signal Center Clerks for duty within the Signal Center, Allied Commission. Tec/4 Falkland certainly possesses the requisite qualifications of efficiency, initiative, Military Courtesy and Discipline, and neatness of dress in keeping with a non-commissioned officer of the first three grades. He has marked qualities of leadership, and his performance has been of high credit both to the good of the Service and to himself.

3. Pfc Angrasani is a teletype operator in the Signal Center, Allied Commission. He has been under my direct supervision since 25 July 1944, and during that time has exhibited all the qualities to be desired in any soldier. He is the most efficient teletype operator in the Signal Center, Allied Commission, being able to transmit cipher text traffic at the rate of at least sixty words per minute. He has always shown

4568

marked qualities of initiative, willingness to work and the highest sense of cooperation with his fellow workers. In my opinion, Pfc Antrasani has more than earned consideration for promotion in his excellent performance for more than thirty-odd months in grade.

SUBJECT: Promotion of Enlisted Man

TO : Commanding Officer, Headquarters Company
2675 Regiment

1. It is requested that Pvt. Alfred C. Anzaldua, ASN 14124320, be considered for promotion to the grade of Private First Class.

2. In the interim that has elapsed since Pvt. Anzaldua was demoted from the grade of Corporal to Private, he has clearly demonstrated to me and to my section that he is willing, by diligent and conscientious effort, to be a punctual and efficient soldier. In my opinion, Pvt. Anzaldua's performance in the past three months has been of the highest calibre, and I do not hesitate to recommend him for promotion to the next higher grade.

1 May 1945

SUBJECT: Promotion of Enlisted Men

TO : Commanding Officer, Headquarters Company,
2675th Regiment

1. It is requested that the following named Enlisted Men be favorably considered for promotion to the grade shown opposite their names:

Tec/4 Falkland, John A	31131072	Tec/3
Pfc Angrasani, Hugo	32194124	Tec/5

2. Tec/4 Falkland has been with the Allied Commission since its beginning at Brindisi, carrying out his duties in the Signal Center, always willingly and most efficiently. Because of rotation of our Signal Center Chief, Tec/4 Falkland has been assigned Signal Center Chief of the Allied Commission Signal Center in addition to his other duties, a job that he carried out in an excellent and outstanding manner. In ordinary signal units, this job carries a rating of Tec/3, and in my opinion, Tec/4 Falkland possesses the requisite qualifications of efficiency, initiative, military courtesy and discipline in keeping with the next higher grade.

3. Pfc Angrasani is a teletype operator in the Signal Center, Allied Commission. He has been under my direct supervision since 25 July 1944, and during that time has exhibited all the qualities to be desired in any soldier. He is the most efficient teletype operator in the Signal Center Allied Commission, being able to transmit cipher text traffic at the rate of at least sixty words per minute. He has always shown marked qualities of initiative, willingness to work and the highest sense of cooperation with his fellow workers. In my opinion, Pfc Angrasani has more than earned consideration for promotion in his performance for at least thirty months in grade.

HEADQUARTERS ALLIED COMMISSION
SIGNAL SECTION

4 April 1945

SUBJECT: Tec/3 Raymond W. Crane

TO : Whom It May Concern

1. This letter is to certify that I have known Tec/3 Raymond W. Crane, ASN 32307089, for a period of twenty-five months, and during that twenty-five months he has worked under my direct supervision for approximately fourteen months.

2. During the first six months that Sgt. Crane worked under my supervision, he was chief routing clerk on my duty tour in the Signal Center, AFHQ. There he was confronted with and carried out most capably all problems concerning the routing and handling of signal traffic in fixed-station signal center operation. He came to Italy in September 1943 and helped build the signal center for the Allied Commission from the very beginning. In July 1944, when I came to the Allied Commission, Sgt. Crane was the Chief Clerk of the Allied Commission Signal Center, a position he has occupied to this date under my supervision.

3. I point out the above facts merely to give some idea as to Sgt. Crane's experience in Signal Center work. The records show that he was in the invasion of North Africa and also the invasion of Italy, and immediately after these two invasions he was among the staff that placed two signal centers in efficient operation. In all the months that Sgt. Crane has been under my supervision he has performed his duties in a highly efficient and cooperative manner, always exhibiting the finest qualities of loyalty, willingness to work, Military Courtesy and discipline. In my opinion, his performance has been a great credit both to himself and to the service of his country. I do not hesitate to give Sgt. Crane the highest and most respectful recommendation possible for me to give.

23 March 1945

SUBJECT: Recommendation of British O/I.

TO : Commanding Officer, Headquarters British Detachment
(Thru: Headquarters Commandant, Allied Commission)

1. It is respectfully requested that Pte Horman Thrush, 4758432, of your organization be considered for promotion to the next higher grade.

2. The undersigned has been in direct supervision of Pte Thrush since early September, 1944. I have always found Pte Thrush most efficient, cooperative and conscientious in his duties as Telephone Switchboard Supervisor in the Allied Commission Telephone Exchange. His standards of Military Courtesy and discipline and soldierly appearance have always been excellent and above reproach.

3. Pte Thrush's performance of his duties has, in my estimation, been a credit to both the British Army and to himself, and I do not hesitate to recommend him highly.

WILLIAM B. SIMMONS
1st Lt., Signal Corps
Hq Signal Officer

SUBJECT:- Promotions ORs

P/2/4001.

To:- HQ Signals Officer,
HQ Allied Commission. ✓

Attention Lt. W.B. Simmons, Sigs Corps

4758432 Pte Thrush N.

Ref your letter of recommendation dated 23 Mar 45.

The above letter received, and your remarks in respect of Pte Thrush are noted and very much appreciated.

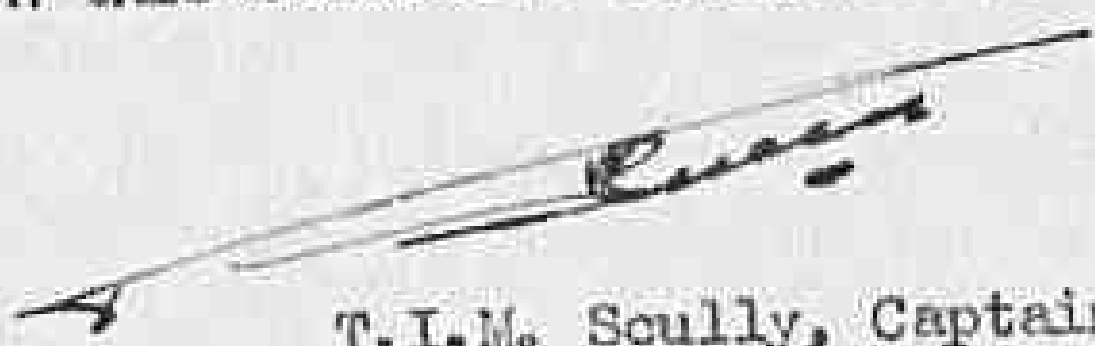

Both the HQ Commandant and the undersigned agree that this soldier is a good worker, and, in consequence, deserves promotion. However, there is what is known as a War Establishment which allots NCOs to duties where they are considered necessary, but unfortunately the telephone exchange is not included. All I can advise Pte Thrush to do, if he is really keen on promotion, is to leave the exchange and take his chance in a Region where there is more scope.

I realize, and in consequence apologize, for not being able to be more helpful in this matter, for as far as promotion is concerned my hands are tied, unless of course, a vacancy exists, and in your Establishment such is not the case.

Your letter will be filed with this soldier's documents and will be used in his favour.

In the Field,
26 Mar 45.

HQ SIGNAL OFFICE
HQ ALLIED COMMISSION

25 JANUARY 1945

SUBJECT: ABSENCE (UNAUTHORIZED) OF ENLISTED MAN

TO : COMMANDING OFFICER, HQ COMPANY, 2675 REGIMENT

1. AT APPROXIMATELY 1500 HOURS 24 JANUARY 1945, I RECEIVED A TELEPHONE CALL FROM CPL ALFRED C. ANZALDUA STATING THAT HE WAS IN NAPLES, ITALY, AND ASKING THAT HE BE GIVEN PERMISSION TO REMAIN THERE UNTIL 25 JANUARY FOR THE PURPOSE OF GETTING MARRIED. I INQUIRED IF HE HAD A PASS (HE WAS SUPPOSED TO GO ON DUTY AT 1800 HOURS 24 JANUARY) AND HE STATED THAT HE DID. I ASKED HIM TO CALL ME BACK AND I WOULD TRY TO MAKE THE ARRANGEMENTS FOR HIM TO STAY OVER.

2. CHECKING WITH THE FIRST SERGEANT OF HEADQUARTERS COMPANY, I WAS INFORMED THAT CPL ANZALDUA DID NOT HAVE A PASS TO NAPLES. I IMMEDIATELY ARRANGED FOR A MAN TO COME IN AT 1800 HOURS AND COVER ANZALDUA'S TOUR OF DUTY AND WHEN ANZALDUA CALLED ME AGAIN AT APPROXIMATELY 1630 HOURS, I INSTRUCTED HIM TO GET BACK TO HOME AS SOON AS POSSIBLE AND REPORT TO THE FIRST SERGEANT OF HEADQUARTERS COMPANY.

3. IT IS RECOMMENDED FROM THIS OFFICE THAT DISCIPLINARY ACTION BE TAKEN TO PREVENT SUCH AN OCCURRENCE IN THE FUTURE. HOWEVER, IT IS POINTED OUT THAT CPL ANZALDUA IS A TRAINED TELETYPE OPERATOR, AND DUE TO DIFFICULTIES OF REPLACEMENT, IT IS HOPED THAT WHATEVER ACTION IS TAKEN IN THIS CASE, THIS OFFICE BE STILL PERMITTED THE SERVICES OF THIS MAN. INCLUDING CPL ANZALDUA. WE HAVE ONLY THREE TELETYPE OPERATORS TO COVER TWENTY-FOUR OPERATION.

11 December 1944

HQC/1

SUBJECT: Recommendation for Promotion.

TO : Commanding Officer, 3141 Signal Service Group,
APC 812.

1. I have meant to write a long time ago to thank you for the most capable personnel that have been attached to this organization from your unit. Their work has always been beyond reproach. The fact that no complaints have ever been lodged against anyone of the men of your unit testify to their efficiency and willingness to cooperate.

2. This beginning is meant to serve as a means of thanking you for your part in contributing towards the smooth running of this organization. Among the personnel that served with this unit was a T/5 John (NMI) Warburger, ASN 12184071. T/5 Warburger has always displayed the characteristics of a good American soldier. His loyalty, willingness to cooperate and at times the performance of work over and beyond the call of duty endeared him to everyone who had contact with him.

3. It would, therefore, be greatly appreciated if T/5 John Warburger be given serious consideration for promotion.

4. T/5 Warburger has been under my observation for over a year, having joined this unit in BRINDISI. I feel, therefore, that I am in a position to know the qualifications possessed by this individual. I, therefore, without hesitation recommend that T/5 Warburger be promoted.

Rome, December 11, 1944

Subject : Letter of Commendation

To : Commanding Officer, Hq. Company, 2675 Regt.

1. The following letter from the office of the Chief of Staff, Hq. Allied Commission, dated 18 November 1944, is a partial quotation, and was signed by Brigadier Lueb, Chief of Staff:

" I would like to commend the Communications Sub-Commission for its very excellent work in producing a new A.C. Headquarters' telephone directory. The format and general layout, and the meticulous way in which the numbers were gathered and printed, mark this effort as definitely superior."

2. It is requested that a copy of this correspondence be placed in the 201 file of Tec/4 Frano Smokvina, ASN 32712642, of your organization. Tec/4 Smokvina was largely responsible for the telephone directory and the above commendation, and the undersigned feels that his loyal and untiring efforts in that particular job and his work in this office be brought to the attention of his Commanding Officer.

4538

3. It is hoped that this correspondence may be used as basis for consideration of promotion for Tec/4 Smokvina.
