These bands are required to meet immediate needs in the telephone exchanges of Havana, in particular those of the Florence to Havana area. It is imperative to operate a telephone multiband without reasonably adequate lighting, owing to the small spaces for exchange equipment etc. on the board.

3. The Consiglio Normale del' Economia of Florence informed the T.E.T.I. that application should be made to the HQ for permission to purchase the bulbs.

Translation by G. Galliarli.

Ref. No. I.R.U. sg/a.

2nd January (?) 1945. 7-1SUBJECT:- Supply of electric light lamps.

Our Direction of Florence has informed us that, having completely exhausted their stocks of electric light lamps, on the 1st December 1944 they made a request to the Consiglio Provinciale dell'Economia of Florence for the release of the following lamps:-

100	Lamps of	169 V - 25 W
200	"	" 169 V - 40 "
150	"	" 169 " - 60 "
50	"	" 169 " - 100 "
10	"	" 169 " - 300 "

That request was visaed by Maj. Richard H. Ayre, Telecommunications Officer of the A.M.G. - VIII Region.

Subsequently, however, the Consiglio Provinciale dell'Economia of Florence informed our Direction that to obtain the release of the requested lamps the authorization of the A.A.I. in Rome was necessary.

As these lamps are absolutely indispensable for the illumination of our telephone exchanges and offices of the Florence district, we must ask the Commission to kindly give the necessary instructions so as that the authorization for the release of the abovementioned lamps be granted to us.

The lamps in question could be supplied by the firm of Amos Manetti, Via dei Pucci 37r, Florence.

Awaiting your news in this respect, we thank you.

1. As probably you are already aware of, all the attempts made by our Under-Secretary's Office and by the dependent Bodies in order to carry out a suitable supply of electric lamps for the lighting of the central and other offices have not obtained any result.

No result has also been obtained by the arrangements made in order to purchase from at the Arione Firm the material pointed out by the Commerce Sub-Commission, by which it was believed to be controlled.

2. I would be grateful to you, if you would kindly take steps at the pertaining Authorities so that, as soon as possible, the herewith enlisted stocks of electric lamps could be put at our disposal.

Justification:

The Under-Secretary of State controls about 7000 Post Offices in liberated Italy and a telephone exchange in nearly every village or town. The shortage of lamps is causing a very difficult position especially as regards postal and telegraph services. In Naples, a single sorting ~~center~~ is short of 100 lamps and will have to close down if the lamps cannot be supplied.

The above demands are made in view of the essential nature of the Communications services.

La scrivente ha avuto ordine dal Comando Allente
e dell'Azienda di Stato per i Servizi Telefonici di eseguire
il ripristino di diverse centrali telefoniche interurbane. Da-
to il carattere del lavoro occorre una buona illuminazione elet-
trica per cui richiede l'assegnazione di:

No. 10 lampadine 40 Watt 125 Volt
" 5 " 60 " 125 "
" 3 " 100 " 125 "

Poiché i lavori affidati alla scrivente rivestono
carattere di assoluta urgenza sarebbe necessario che venisse con-
cessa la possibilità di acquisto delle lampade richieste entro mi-
nor tempo possibile.

Distinti saluti.
