To : Regional Commissioner Piemonte Region
(Att: Major Cooper, Commerce Officer).

1. Lt. Divine of Commerce Sub-Commission has informed this Sub-Commission that you were unable to accede to request for release of tyres and tubes for Dr. Mario Fano: (a) As you were unable to find any record of a car having been released to Dr. Fano and, (b) Dr. Fano's application stated that transport was still available to Dr. Fano through A.C. and A.M.G.

2. With reference to (a) enclosed is release dated 28th September 1945 covering car which you will note bears Regional Transportation Officers stamp.

3. With reference to (b) no transport is being supplied to Dr. Fano through A.C. or A.M.G.

4. It is hoped that you will arrange for release of tyres and tubes as requested and it is requested that release be returned to this Sub-Commission.

HHS/ec

T.27.89.CS

5 December, 1945

SUBJECT: Tires

TO : Ministry of Industry and Commerce

1. There is transmitted to you the inclosed letter addressed to this Sub-Commission by the Società Edison requesting assignment of tires and tubes.

2. As you know the Allied Commission no longer makes any assignment of tires and tubes to civilians all existing stocks having been turned over to your Ministry and future supplies being made available to you for distribution.

3. In the case of the attached request it would be very much appreciated if favorable action could be taken, since the Società Edison is engaged in work essential to maintenance of telecommunications in Italy, notably on the State Underground Cable. This Cable is the only means of telephone communication between the main cities of Italy and unless the Società Edison is supplied with tires it is unable to carry out its work and hence there is grave risk of interruption of communications vital to the economic life of the country.

Enclosure: Letter of "Società Edison".

(Traduzione della lettera qui retro)

SOGGETTO: Copertoni

Al Ministero dell'Industria e Commercio.

Vi rimettiamo la lettera, qui acclusa, indirizzata a questa Sottocommissione dalla Società Edison, con la quale si richiede l'assegnazione di copertoni e camere d'aria.

Come Voi sapete la Commissione Alleata non effettua più assegnazioni di copertoni e camere d'aria a civili, tutte le scorte esistenti essendo state passate al Vostro Ministero ed essendo già stato disposto per future distribuzioni a voi.

Nel caso della acclusa richiesta, sarà assai gradito, se agirete nel minor tempo possibile poichè la Società Edison è impegnata in lavoro essenziale per il mantenimento delle telecomunicazioni in Italia specialmente nel cavo sotterraneo Nazionale. Questo cavo è il solo mezzo delle comunicazioni telefoniche tra le principali città d'Italia e se la Società Edison non è rifornita di copertoni non può portare avanti il suo lavoro per cui si corre il grave rischio di interrompere le comunicazioni vitali per la vita economica del paese.

18th October 1945

REF.: 496130/C.A.2

SUBJECT: Permit for using Allied tires.

(83)

The Posts Provincial Direction of Macerata informed us that the Scipioni Raffaele firm, operating postal transport services in that province, is not in a position to fulfill any more its job, because its permit for using Allied tires, formerly given them by the Allied Military Command, was out of force.

Having in view that the transport service carried out by the above said Firm are vitally important for postal communications, will you please renew, as quickest as possible, the permit in question, bearing in mind that the tires should be put on the following cars:

Autofurgoncino I- 100	Targa 5149 MC
Bianchi	" 345 MC
Berlina 509	" 353 MC

all assigned to post transport service.

We ~~XXXXX~~ thank you in advance, awaiting your kind answer on the matter.

ESPRESSO

La Direzione Provinciale delle Poste di Macerata informa che la Ditta Scipioni Raffaele, esercente servizi di trasporti postali in quella provincia, non è più in condizioni di effettuare il servizio, perchè le è scaduto il permesso di usare gomme alleate, già rilasciato *le*, precedentemente, dal Comando Militare Alleato.

Considerato che i trasporti effettuati dalla Ditta sopracitata sono di notevole importanza per le comunicazioni postali, si prega rinnovare, con cortese sollecitudine, il permesso in parola, tenendo presente che le vetture sulle quali dovrebbero essere montate le gomme sono le seguenti: autofurgoncino I-100 Targa 5149MC; Bianchi Targa 345 MC e Berlina 509 Targa 353

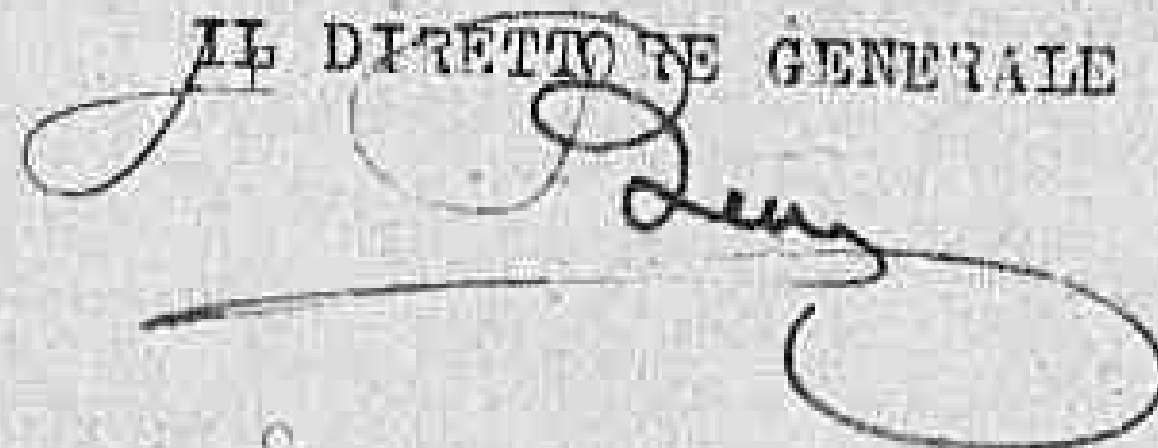

6769/.

OGGETTO: Richiesta pneumatici

Al Capt. COLLYER
 LINE COMMUNICATIONS OFFICE
TORINO

Ci permettiamo ritornare sull'argomento gomme che ha formato più volte oggetto dei nostri colloqui, perchè un ritardo ulteriore nel soddisfare il nostro fabbisogno, aggraverebbe la già precaria situazione in cui viene a trovarsi la nostra Società, i cui mezzi di trasporto per gli impianti e la manutenzione dei cavi e delle reti telefoniche saranno fra poco inutilizzabili dato lo stato di deperimento in cui si trovano i pneumatici.

In allegato si trasmette un elenco riassuntivo del fabbisogno di copertoni e camere d'aria necessari.- Si fa presente che la necessità di gomme della misura 34 X 7 ha per ora carattere meno urgente, avendo avuto, in uso, dal Comando Line Communications N° 7 autocarri FIAT 626 con pneumatici 34 X 7.

La necessità immediata di copertoni riguarda invece le misure inferiori perchè sono i mezzi di limitata portata quelli che più vengono usati dalla Società per impianti e riparazioni.- Vogliamo sperare che conscio dell'importanza del nostro servizio vorrete dare il vostro alto ed autorevole appoggio affinchè la presente richiesta venga favorevolmente accolta.

Del che vi ringraziamo porgendo i nostri più distinti saluti.

SUBJECT : Motor tyres for SPITFIRE -
TO : Regional Commissioner
FROM : Communications Officer

1) - The SPITFIRE Company which is the Concessionary responsible for telephone services throughout Piemonte and Lombardy operates a considerable fleet of vehicles for purposes of repair and maintenance of telecommunications-both civil and military facilities.

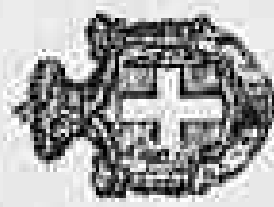

2) - The tyres of many of these vehicles are in deplorable condition and in addition the company requires to purchase new vehicles in replacement of certain no longer serviceable.

3) - I have applied to Major Cooper of Commerce Division for release of some tyres for this purpose (ie. in replacement of blowouts and to equip new vehicles which are supplied without tyres).

4) - Major Cooper admits that there are some tyres in Turin, but refuses to state what sizes are available, refuses categorically to release any to the SPITFIRE, and refuses to give a written statement to this effect.

5) - A copy of this letter is being sent to the Director Communications Sub Commission Allied Commission in order that the possibility of securing tyres either by importation or from disused ex German transport may be explored, but the Regional Commissioner will no doubt wish to ensure that the tyres available in Turin are, in fact, being assigned to the best advantage.

- 1.- Riferimento nostra lettera S/32920 del 10 luglio.
- 2.- Poiché, malgrado il gentile interessamento di codesta Sottocommissione, non è stato possibile regolarizzare l'autorizzazione della gomma di riserva della nostra macchina FIAT 1500, targa n 55706, si prega di voler impartire gli ordini necessari al fine di ottenere il rilascio al posto di blocco di Aversa della camera d'aria e della ruota. Si fa presente che al posto di blocco erano stati dati tre giorni di tempo per regolarizzare la questione e che quindi la cosa riveste particolare urgenza.

Copy in ↓

T.26.42.CS

16th June, 1945

SUBJECT: Petrol, Oil and Tires

TO : H.E. The Under-Secretary of State for PP.TT.

1. Reference is made to our conversation of June 13th 1945 during which you informed me that you were unable to obtain from the Ministry of Industry and Commerce sufficient petrol and lubricating oil to insure maintenance of essential telecommunications.

2. Allotment of petrol, oil and tires for use in Italian Government Territory is made to the Ministry of Industry and Commerce for re-allotment to other agencies of the Italian Government. It is the responsibility of the Ministry of Industry and Commerce to insure that equitable distribution is made compatible with the needs of each agency.

3. It is not possible under present conditions to allot sufficient quantities to fulfill entirely the demands made but allotments are sufficient to meet essential needs.

4. It is suggested that you assure yourself that estimated requirements of your Ministry have been and are submitted to the Ministry of Industry and Commerce through channels as laid down by that Ministry, sufficiently in advance of wanted date so as to permit submission of requirements to Allied Commission. This is especially important in the case of any large increase in requirements such as will be occasioned by the turn over to civilian maintenance of lines previously maintained by Allied troops.

H.H. SCUDDER
Lt.Colonel, Sig.C.
Director.

1. The attached copy of a letter addressed to this Headquarters 204/16/0 of 16th March 1945 refers.
2. It would be appreciated if instructions could be issued to all units which are occupying or may occupy the premises, that no removal or alteration to the fittings or fixtures of this plant will be carried out as the plant forms part of the Pirelli Tyre distribution organisation which will eventually become the principal channel for tyre distribution in Italy.
3. When tyre production is sufficiently advanced action will be initiated for the de-requisitioning of the premises.

APO 334

18 Mar. 45

Replying to your letter AC/5545/7/IND dated
5 March 45.

It is pointed out that the Pirelli Building
Catania, is at present occupied by two important Units.

- 1) The Sub Area Bulk Issue Store for NAAFI.
- 2) An RAF Ferry Unit, where they have
considerable stores and a special room for
Parachute Drying.

As there is no other suitable building available
for these Units, it is suggested that possibly a smaller store
could be requisitioned for the Pirelli Tyre Coy as a temporary
measure, until such time as their own building is no longer
required by the Army.

TRANSLATION BY SELAN

54

Rome 14 March 1945

SUBJECT: Derequisition of premises of telegraph building and Tyres

TO : Allied Commission PP.TT. Sub-Commission
APO 394

During a visit recently carried out by the Minister of Posts and Telecommunications at Siena, he remarked on the really bad condition of the telegraph Office of that City, because of the absolute insufficiency of the premises reserved for our Services.

We would be very thankful to your Sub-Commission if steps could be taken in order to have derequisitioned the premises of the main telegraph Office of Siena, still occupied by the Allies.

It was also pointed out to our Ministry the question concerning the supply of tyres for the trucks, used in the City and in the Province for the postal transportation service. In fact the concessionaries operating that service are meeting such difficulties in buying tyres, that it is almost sure that they will be obliged to stop the service in a very short time.

We thank you in anticipation for the interest you will certainly take in the matter.

SUBJECT : Tyres for a private car.

- 1) We beg your Subcommittee kindly to help us to obtain an authorization for getting four American tyres (section 6 x 16) for our private car (Balilla FIAT 43445, ROMA) or to facilitate our efforts to this end; as it thinks fit.
- 2) The above car is absolutely unprovided with tyres. We are carrying out a service for the transport of timber, telegraph poles and personnel for telegraph companies and private firms.
- 3) If this matter does not concern your Subcommittee, will you kindly pass on our request to the proper channel ?

Thanking you in advance for any help you can give us, I am

Sincerely yours

Rome, 7 March 1945

T.27.51.C8

11th March, 1945

SUBJECT: Tires

TO: Commerce Sub-Commission, A.C.

1. P.W.B. is withdrawing from operations in Italian Government territory and is unfortunately withdrawing its transport. In addition to the R.A.I. (E.I.A.R.) for which you have made an emergency issue, the Italcable now finds itself forced to continue essential communications service and has no means of transport. Cars can be obtained but no tires.

2. Request is therefore made for release of:

8 tires and tubes size 6.00 x 16.

3. The necessity of maintaining in operation Radio - Telephone link to the United States, radio telegraph link Rome - Moscow and service to Palermo, Naples, Bari is we believe evident and it is hoped that this request will be given the high priority it deserves.

T.27.49.C3.

10th March 1945.

SUBJECT: Tyres.

TO : Southern Region, (att: Major J.A. Bridgeman).

1. Enclosed herewith release note covering 20 750 x20 new tyres.

2. In view of the nature of the merchandise and its urgent need it is not considered advisable to have shipment made by civilian means.

3. The tyres are urgently needed by E.I.A.R. which has no trucks of its own and it is therefore requested that you arrange to take delivery of tyres and for Military transport to Rome. Tyres should be preferably delivered to R.A.I., att: Ing Passigli, Via Asiago 10, Rome, failing this, delivery should be to HQ's ALCOM Rome for attention of Communications Sub-Commission.

4. It is suggested that you immediately inform Captain Ramsay at the Naples warehouse of your intention to take delivery of these tyres.

19th February, 1945

SUBJECT: Tyres for the Istituto Cauziani e Quiescenza
TO: Transportation Sub-Commission, Roads Division.

Reference your AG/R/25/TNS of 14th February, 1945

1. The above is a charitable institute which has had great difficulty in getting food for the orphans. It lacks funds and must therefore attempt to get food outside Rome.
2. It is deserving therefore of assistance where possible, and this Sub-Commission therefore passed a request from Dr. Fano to the Regional Commissioner with a recommendation.
3. Dr. Fano wrote again to this Sub-Commission such in the same terms as on the attached letter, and he was informed to the effect that, while the objects of the Institute were deserving of support, this Sub-Commission did not feel justified in pressing the Regional Commissioner for an immediate supply when so many demands of considerably greater importance could not be met, and that he should refer again to the Regional Commissioner's office.

TRANSLATION

Ministry of Communications
Undersecretary of State for
Posts and Telephones

Secretary's Office

Rome, 11th February 1945

Ref. No: S/4-15/30819

To: Allied Commission
Th.S/C. - Rome

Subject : Tyres for the "Istituto Cauzioni e Quiescenza"

On November the 27th 1944, reference to the letter 4.15.3.28/CS, the Communications Sub-Commission has informed this Ministry that the Sub-Commission had requested the Regional Commissioner of Lazio Region the assignment of 7 tyres and 7 inner tubes necessary to the truck operating for the "Istituto Cauzioni e Quiescenza" depending from this Ministry.

In that letter it was said that the Regional Commissioner would have sent us a reply. But since up to now we had no reply, we would appreciate very much if you will ask the above mentioned Regional Commission if the allocation can be done.

The question has a certain urgency because the Institute must use the truck to transport food-supplies necessary to feed numerous orphans who are living in the college.

We thank you very much for the consideration you will give to our application.

The Under Secretary of State
(sgd. E. Pano)

Subject : Tyres

To : Commerce Sub-Commission

1. By direction of the Supreme Commander P.W.B. is withdrawing from operations in Italian Government territory and is turning back to the E.I.A.R. (National Broadcasting Company) operation of all broadcasting activities in Government territory.

2. The transport question raised by this decision is of prime importance since P.W.B. was employing a large number of military vehicles which they are taking with them. The civilian vehicles requisitioned by P.W.B. from EIAR are being returned to E.I.A.R. but they are few in number and the tyres after 7 months hard use are in a deplorable state.

3. The E.I.A.R. is prepared to and can obtain vehicles without tyres from Italian sources but cannot obtain tyres. Admiral Stone has ruled that supply of tyres to E.I.A.R. is to be given a high priority and this statement is incorporated in the minutes of a meeting called by Admiral Stone on January 16th, 1945 the pertinent part of which reads as follows: "It was further recommended that the applications for tires necessary for transport for Radio be given high priority".

4. The minimum requirement of E.I.A.R. is as follows for casings and inner tubes:

10	4.25 x 17	or 140	x 40
3	5.00 x 15	or 500	x 18
5	4.00 x 15		
3	5.50 x 17		
2	14 x 45		

In addition re-capping is required for the following:

1	5.50 x 17
2	14 x 45
1	5.00 x 15

5. In view of the urgency of the matter and Admiral Stone's ruling as to high priority rating it is requested that

Subject: Tyres for Istituto Cauzioni e Quiescenza.

To: Under Secretary of State for PP.TT.

1. With reference to your letter No. S/4.15/30593 of 1st February, 1945. it is appreciated that the objects of the Istituto are very commendable, but requests for tyres are being received from all sides for very important projects, while the supply is very small.

2. Under the circumstances, this Headquarters does not feel justified in pressing this application again with the Regional Commissioner, especially as certain very important cases have only recently been stressed. It must be left to you therefore to deal with the Regional AC Officers concerned.

J.L.HENDERSON.
Colonel,
Director,

Translation by Selan.

Ref.No. S/4.15/30593.

SUBJECT:- Tyres for Istituto Cauzioni e Quiescenza.

Your Sub-Commission, with letter No. 4/15/3/28 CS dated 27th November, informed us that interest had been taken for the concession of the requested tyres to the "Istituto Cauzioni e Quiescenza".

In the above letter it was stated that the matter had been forwarded to the Lazio Regional Commissioner who should have replied as soon as possible.

Having so far not received any reply on the matter, we would be grateful to you if you would kindly take steps in order to settle the matter, because the "Istituto Cauzioni e Quiescenza" urgently needs to put into operation its truck, for important needs, concerning the work of the said "Istituto".

We thank you in anticipation for the action you will certainly take on the matter, and we await your kind reply.

1. The procedure for obtaining tyres is changed to the extent that this office files applications and submits requisitions in bulk to the tyre Section AC.

2. Each application is given proper priority and when the tyres are actually received by us, we in turn notify the applicant. It is not necessary for the applicant to follow up his request.

3. At the present moment the sizes required are not available.

1. The firm 'Italcable' in normal times operates the Italian Submarine cable links, very many of the main internal telegraph links, and a number of radio stations.
2. The firm at present operates telegraph links to Sicily and Sardinia, and radio stations for P.W.B.
3. It has no transport. A damaged vehicle is under repair but it has no tyres or tubes.
4. In accordance with an instruction from the Transportation Sub-Commission of this Hq. the Director of the Coy was asked by this Hq. to obtain an endorsement of its application from you. The Director has replied with the attached letter.
5. It is considered to be essential for this firm to have transport of some kind, and it would be appreciated therefore if the firm could be endorsed.

OGGETTO Riparazione copertoni.

URGENTE

In relazione alla lettera C.3./4/14/29 del 29 agosto u.s. si precisa che le tre Ditte, segnalate nella lettera stessa, dal Commissario Regionale della quarta regione sono attrezzate per la riparazione dei copertoni teloni, non per i copertoni pneumatici, come si richiedeva con nota n° 3/86/2097 del 1° agosto 1944.

Pertanto, per poter sostituire i copertoni pneumatici degli automezzi in dotazione ai dipendenti servizi postelegrafonici, torno a pregare la compiacenza di codesta Onorevole Commissione di voler autorizzare questo Sottosegretariato a fruire

looked in

TRANSLATION BY SELAN.

A truck marked 2201 PS is available at the local College for the PPTT personnel, in Via Carlo Spinola, dependent on our "Istituto of Assistenza e Previdenza" for the personnel of the PPTT Receiving Office. It is unfit for use, owing to lack of tyres.

Therefore, without the necessary means of providing and carrying the food necessary for the nourishment of the numerous orphans, guests of such College, the purchasing of all that is necessary for that people is becoming very difficult, owing also to the fact that some items cannot be found on the market.

Being urgent to care of the regular feeding of the aforementioned College, in order to avoid taking extreme measures (for instance to close it), I beg you to kindly take steps at the Allied Command, so that, keeping in mind the critical condition in which the above College is, they authorize the handing over of all that is necessary to put again into efficiency the means of transportation, to which I am referring.

For such purpose 30-5 tyres, or 6,00 x 20 tyres, if the first ones are not available, and 7 autocasings and 7 tubes are needed, of which six to be mounted, and one spare.

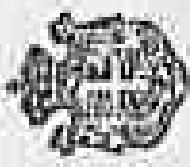

Knowing very well the interest that your Excellency is taking so that the orphans of the PPTT personnel can obtain the best possible assistance, especially during such difficult times, I am sure that this request, thanks to your kind interest on the matter, for which I thank you very much, will be favourably accepted.

THE COMMISSARIO

P. Savini.

R O M A

Via del Seminario

Presso il locale Convitto per i Postelegrafonici in Via Carlo Spinola, dipendente da questo Istituto di Assistenza e di Previdenza per il Personale delle Ricevitorie P.T. esiste un camion targato 2201 PS, che non è utilizzabile per essere privo di gomme.

Venuto così a mancare l'indispensabile mezzo per la provvista ed il trasporto dei generi alimentari occorrenti al mantenimento dei numerosi orfani ospitati nel Convitto stesso, la fornitura di quanto occorre alla detta comunità si è resa quanto mai difficoltosa, data la impossibilità di acquistare direttamente dai produttori circonvicini viveri che non si trovano sulla piazza.

Urgendo quindi provvedere al regolare approvvigionamento del nominato Convitto, per evitare conseguenze che potrebbero anche indurre quest'Amministrazione ad adottare misure estreme, quali la sua eventuale forzata chiusura, mi permetto rivolgere viva preghiera all'E.V. di compiacersi a volere interporre i suoi autorevoli uffici presso il Comando Alleato, perchè, compreso dell'attuale precaria condizione in cui si dibatte il detto Collegio autorizzi la cessione dell'occorrente per rimettere in efficienza il mezzo di trasporto su indicato. A tal fine abbisognano gomme 30 x 5 ed in mancanza 6,00 x 20; 7 copertoni e 7 camere d'aria, di cui 6 montati ed 1 di scorta.

Ben conoscendo quanto stia a cuore all'E.V. che gli orfani della benemerita classe postelegrafonica abbiano la maggiore assistenza possibile, così difficili, sono sicuri

Via del Seminario

Presso il locale Convitto per i Postelegrafonici in Via Carlo Spinola, dipendente da questo Istituto di Assistenza e di Previdenza per il Personale delle Ricevitorie P.T. esiste un camion targato 2201 PS, che non è utilizzabile per essere privo di gomme.

Venuto così a mancare l'indispensabile mezzo per la provvista ed il trasporto dei generi alimentari occorrenti al mantenimento dei numerosi orfani ospitati nel Convitto stesso, la fornitura di quanto occorre alla detta comunità si è resa quanto mai difficoltosa, data la impossibilità di acquistare direttamente dai produttori circoscrivibili viveri che non si trovano sulla piazza.

Urgendo quindi provvedere al regolare approvvigionamento del nominato Convitto, per evitare conseguenze che potrebbero anche indurre quest'Amministrazione ad adottare misure estreme, quali la sua eventuale forzata chiusura, mi permetto rivolgere viva preghiera all'E.V. di compiacersi a volere interporre i suoi autorevoli uffici presso il Comando Alleato, perchè, compreso della precaria condizione in cui si dibatte il detto Collegio autorizzi la cessione dell'occorrente per rimettere in efficienza il mezzo di trasporto su indicato. A tal fine abbisognano gomme 30 x 5 ed in mancanza 6,00 x 20; 7 copertoni e 7 camere d'aria, di cui 6 montati ed 1 di scorta.

Ben conoscendo quanto stia a cuore all'E.V. che gli orfani della benemerita classe postelegrafonica abbiano la maggiore assistenza possibile, specie in momenti così difficili, sono sicuro che la presente richiesta, mercede il Suo benevolo interessamento, per il quale fin da ora mi è gradito porgerle le più sentite azioni di grazie, troverà favorevole accogliamento.

1. Tyres are in very short supply all over liberated Italy. The only possible way of obtaining them through normal official channels is to complete the attached form and send it to the Transportation Sub-Commission of this HQ. When filling in the form it is necessary to complete all items, and the forms are not accepted without car permit Nos., etc.

2. There is normally a long delay in supplying them as a result of such applications but they are worth trying.

Italcable-Transport

1. This Company have lost all transport, except for a small old Fiat vehicle. Even the new 1500 Fiat car which had been requisitioned by C.I.C. has been wrecked and returned to us as such, absolutely beyond repair.

2. We are in possession of a 1100 Fiat car which has been badly damaged some months ago due to road accident; considering our serious lack of transport, we are going to place an order for having it repaired. But we find it impossible to secure the necessary four tires that are missing, without which the repair of the car would be useless.

3. For the said reasons we would very much appreciate any help you could give us in finding four complete tires for 1100 Fiat car (5,00-15) or even a set of Jeep wheels with tires (6,00-16) which we could easily fit on the above car.

SUBJECT: Tyres and inner tubes for bicycles.

On July 28nd 44, we asked the Pirelli Company with a letter signed by M.E. the Under Secretary of State, for a lot of tyres and bicycle inner tubes to be left at disposal of the cyclist of this Administration.

As we have not received an answer to our letter, we have sent a person to the head-office of the Pirelli, with a view to have some information on the matter.

The said person reported that the Company were not able to supply more than four inner tubes; however 200 tyres are likely to be allotted only by permission of the Allied Command.

Given the above paragraph, we will much appreciate if you can take any action with a view to authorizing this Ministry to withdraw 10 bicycle tyres, necessary for deliverance of official messages of the Under Secretary's office and dependant service.

OGGETTO: Copertoni, camere d'aria
per biciclette.-

ALLA COMMISSIONE ALLEATA DI CONTROLLO
Posts And Telecommunications
Sub-Commission

R O M A

Roma, 11 agosto 1944

In data 22 luglio u.s. a firma di S.E. il
Sottosegretario di Stato venne inviata alla Società Pirelli
una lettera colla quale si pregava di mettere a disposizione
dei ciclisti di questa Amministrazione un quantitativo di co-
pertoni e di camere d'aria per biciclette.

Non vedendo risposta lo scrivente ha mandato
persona dell'economato alla sede della Pirelli per avere qual-
che notizia in proposito.

La persona incaricata ha riferito che la Socie-
tà non può mettere a nostra disposizione che quattro camere
d'aria, però ha soggiunto che la medesima dispone di circa
200 copertoni che distribuisce soltanto pel tramite del Coman-
do Alleato.

Premesso quanto sopra, saremmo vivamente grati
a Cotesta Spett. Commissione se volesse ottenere a questo Mini-
stero l'autorizzazione a ritirare 10 copertoni per biciclette
necessari al servizio di recapito comunicazioni ufficiali del
Sottosegretariato e servizi dipendenti.
