1. It has come to the attention of this Sub-Commission that the S.I.R.T.I. is being seriously handicapped in its work due to delays in payment for work carried out in connection with the State Underground cable.

2. As you know, the continued efficient operation of the underground telephone cables is essential to maintenance of Allied Military Communications and it is therefore, requested that the necessary steps be taken so that your Ministry will arrange that sufficient payments for work performed are made to SIRTII so that financial difficulties will not interfere with work of this Company which is of paramount importance to Allied Military communications.

IL DIRETTORE GENERALE

Egregio Colonnello,

unisco alla presente copia di una lettera da noi inviata all'Azienda di Stato, richiamando la Sua cortese attenzione in particolare su quanto esposto nei riguardi delle fatture da noi presentate per i lavori di ricostruzione della rete telefonica il cui pagamento viene dall'Amministrazione differito di mese in mese.

Non so se - in vista del fatto che tali lavori furono eseguiti a suo tempo per ordine del Comando Alleato e che in linea di massima questo ci ha considerato come responsabili sia per i lavori di ricostruzione che per la manutenzione - Ella ritenga di poterci in qualche modo dare un appoggio presso l'Azienda di Stato affinché senza ulteriore indugio si provveda alla definitiva liquidazione e pagamento di quanto dovutoci.

Non le nascondo che il ritardo di questi pagamenti, che nel complesso ammontano a 255 milioni (di cui 115 milioni per i soli lavori di ricostruzione e per la manutenzione dal Gennaio corrente anno), ha ripercussioni assai gravi per la nostra Società.

Le sarò assai grato se Ella vorrà dare alla cosa il Suo interessamento.

Nell'attesa di avere il piacere di poterla personalmente rivedere, La prego di voler ricevere i miei più cordiali saluti

mi risulta che in questi giorni dovrebbe essere definita la questione del trapasso degli automezzi alleati attualmente in uso alla Sirti.

Sarebbe per noi molto interessante che tale trapasso potesse avvenire direttamente alla nostra Società, in quanto ciò comporterebbe certamente il minor onere per noi.

Spero che a ciò nulla si opponga e Le sarei estremamente grato se Ella volesse concederci il suo autorevole appoggio per una definizione della questione in questo senso.

To S.I.R.T.I. ORGANISATION

Col. Keith has raised the question of maintaining the continuity of Technical and Administrative Control of the S.I.R.T.I. during the period which will elapse between the liberation of Northern Italy and the reactivation of the S.I.R.T.I. Company HQ. in Milan.

Col. Keith points out that he is anxious to employ at the earliest possible moment any members of the Technical Staff and all skilled operatives of the S.I.R.T.I. who may be located in newly liberated areas; in order that the work being carried out by the S.I.R.T.I. on the reconstruction of communications for the Allied Forces may be accelerated.

It is proposed that during the interim period referred to above continuity of technical and administrative control should be maintained by the absorption of the above mentioned personnel by the recognised S.I.R.T.I. Rome organisation and that as soon as the S.I.R.T.I. Milan HQ. is reconstituted and recognised the latter will take over the technical and administrative control and the S.I.R.T.I. Rome revert to its normal peace time activities.

We are in agreement with the above and are proposing to make the following arrangements:

- Ing. Florenzano will remain in Rome and will be responsible for all current administrative and commercial activities and those arising during the interim period mentioned above.
- Ing. Gianfagna will continue to act as technical Director in respect of the current activities of the S.I.R.T.I. Rome and also be responsible for the technical direction of any SIRT personnel absorbed following the liberation of North Italy, and he will prepare to move to Milan.
- Ing. Panara will be attached to Ing. Gianfagna to deal with commercial questions.

1. It has come to the attention of this Sub-Commission that the S.I.R.T.I. is in financial difficulties due to the fact that administrative procedure has delayed settlement of their bills rendered to the Azienda di Stato.

2. According to report received the best which can be expected is that funds will be made available to permit the Azienda di Stato to settle S.I.R.T.I. invoices the end of December.

3. In order to insure payment of S.I.R.T.I. personnel it is necessary that S.I.R.T.I. receive four million lire at once, and (under present circumstances) a minimum of three million lire monthly thereafter.

4. It is hoped that arrangements can be made to insure that necessary payments are made to S.I.R.T.I. to avoid the possibility that a shortage of funds might interfere vital work on the restoration of the underground telephone cable network.

NOTE TO ALLIED COMMISSION - COMMUNICATIONS SUB-COMMISSION

Since the arrival of Allied Forces the SIRTI have received no remuneration whatsoever in regard to any work completed after June 44 on the Toll Telephone network.

Since last July the SIRTI have explained to the AZIENDA DI STATO PER I SERVIZI TELEFONICI their precarious financial conditions, and now, if the matter is not immediately looked into, it will not even be possible to pay salaries to their personnel and this will seriously effect their work on the cable.

Financial requirements of the SIRTI are 3.000.000.- (three million) lire monthly.

The SIRTI have already sent to the Azienda di Stato per i Servizi Telefonici invoices for the amount of 7.400.000.- (seven million four thousand) lire, but the Azienda has not the funds to meet them.

It appears that the Azienda di Stato per i Servizi Telefonici had a long time ago asked the Ministero del Tesoro to furnish funds, but these were not granted.

The Azienda di Stato per i Servizi Telefonici has renewed the above request and from information obtained from the Ministero del Tesoro it appears that the provision will be submitted to the next meeting of the Ministers.

It is foreseen that at best funds will not be available to the Azienda di Stato per i Servizi Telefonici before the end of next December.

We therefore beg that:

1. 4.000.000.- (four million) lire be granted immediately to the SIRTI;
2. you explain to the Ministero del Tesoro - Ragioneria Generale dello Stato - the necessity that the:
 - "capitolo di competenza di parte straordinaria" and
 - "capitolo dei residui"
 of the Azienda di Stato per i Servizi Telefonici should be approved with the greatest speed.
3. you renew the request to the Azienda di Stato per i Servizi Telefonici that payments to the SIRTI should receive first priority.

Re: Activities of S.I.R.T.I.

As agreed, I beg to enclose herewith a copy, with English translation, of the letter which I have sent to the firm of S.I.R.T.I. concerning the continuation of its activities both with the Allied Forces and the Italian Government offices.

I also confirm that the directors now in charge have full legal power to engage the firm, which is in a position to continue its activities, having in that respect a complete independence.

I am at your complete disposal for everything which may be wanted and, as far as our possibilities are concerned, the Allied Command may rely on the fullest collaboration on the part of us all.

Further to our conversation with the Allied Control Commission and H.E. Fano, I can now inform you that no commissary will be appointed to your firm, as you have already full legal powers to carry out the activities which your head-office in Milan accomplished in peace time.

It is therefore agreed that Ing. Florenzano and Ing. Gianfagna will continue in their appointments as joint Directors of the firm. In particular:

- a) Ing. Florenzano has to be responsible for all administrative and commercial matters.
- b) Ing. Gianfagna is to be responsible for all technical matters and for contacts with the Allied Forces. All instructions from Allied Forces will be given to him and he will be personally responsible for their execution.

I wish particularly to point out that the Allied Command expects full collaboration on the part of S.I.R.T.I. also in future, especially as regards the terms for completion of the works which will have to be strictly observed, and for which I have at the same time afforded security and taken full responsibility.

Oggetto: Vostra attività

Facendo seguito ai colloqui avuti con la Commissione Alleata di Controllo e con S.E. Pano, Vi comunico che è stato deciso non si farà luogo alla nomina di un commissario per la S.I.R.F.I., essendo Voi già in possesso dei necessari poteri per espletare le attività già di pertinenza della Vo/ Sede Centrale in tempi normali.

Resta inteso che l'Ing. Florenzano e l'Ing. Gianfagna continueranno nella conduzione della Società. In particolare:

- a) l'Ing. Florenzano avrà l'incarico di curare tutte le questioni di carattere amministrativo e commerciale;
- b) l'Ing. Gianfagna avrà l'incarico di curare tutte le questioni di carattere tecnico ed i contatti con le Forze Alleate. Tutte le istruzioni di queste ultime saranno pagate a lui ed egli risponderà personalmente per la loro esecuzione.

Desidero in modo particolare farVi presente che il Comando Alleato si attende anche per il futuro una piena collaborazione da parte della S.I.R.F.I., specialmente per quanto concerne i termini di esecuzione dei lavori che dovranno in modo assoluto essere osservati, e per la quale lo scrivente ha parimenti assunto piena responsabilità e garanzia.

To : H.E. The Under-Secretary of State for P.T.T.

1. As a result of discussions with Lt. Col. Keith, and representatives of S.I.R.T.I. and Pirelli and further to my letter CS/60/1/1 of August 1, 1944, it was agreed that there was no difficulty involved in carrying out the provisions of para. 6 (c).

2. It has been pointed out to the S.I.R.T.I. that the responsibility for arranging that operations of the S.I.R.T.I. be not hampered by any lack of cash rests with the Italian Government and that the Azienda di Stato (as the agency directly interested) was prepared to see that sufficient cash was made available to S.I.R.T.I. either thru' prompt settlement of invoices rendered or cash advances.

3. Work performed by S.I.R.T.I. on the State underground cable falls into two classes, (1) work which is purely of military use (2) restoration of facilities which serve or will serve civilian purposes.

4. Payment for both classes of work will be made by the Italian Government, altho' the method of handling statements differs for each class.

5. Statements covering work which is purely of military necessity require a certificate by an Allied officer before submission to the Azienda di Stato. Statements covering work of civilian character are to be made out in accordance with agreement between the S.I.R.T.I. and the Azienda di Stato and do not require any certificate by an Allied officer.

6. In both classes the question of prices charged is one to be settled between the S.I.R.T.I. and the Azienda di Stato. Allied Officer's certificate will only be to the effect that work

done was necessary in the Military service, has been satisfactorily performed and that it has not been included in any other statement.

7. In case of work performed on underground cables of concessionary telephone companies, E.I.A.R., Italcable or other companies or organizations, work of purely military necessity will still be paid for by the Italian Government (thru the Azienda di Stato) and work of civilian character by the entity to which the cable belongs.

8. It would be appreciated if you would confirm being in agreement with the above.

9. The question of payment for maintenance work performed by S.I.R.T.I. is a separate question covering which other correspondence is in hand.

Dear HENDERSON,

You will remember that some time ago when we were discussing the conditions of employment of the SIRTII personnel with the U/G Cable Coy., the question of the various national insurance schemes was considered.

I gathered that, although accident or illness arising out of and in the course of employment with the Allied Military Authorities is covered by G.R.O. 664/43, the whole question was under review by the Italian Government in an endeavour to evolve a scheme whereby these directly employed workmen came within the scope of the normal national insurance schemes.

So far as the SIRTII employees are concerned they are all prepared in fact willing to pay their share of the contributions. The trouble is that there will be no one to pay the employers share until we meet up with the management part and have a grand accounting as between the Government, the SIRTII and ourselves.

In the meantime I would like to be able to assure the men that their interests in the schemes will not be prejudiced as a result of their employment with us.

Would you please discuss this with the Government and let me know if any progress has been made towards solving the problem.

Yours

Subject: S.I.R.T.E.

To: The Minister of Communications.

1. Dr. Baricalla of the Pirelli Company, which has a controlling stock interest in SIRT, has given assurances that the SIRT office in Rome has full legal powers to permit the carrying out of the activities which the SIRT head office in Milan accomplished in peace time.

2. It is therefore not necessary to have a Commissary appointed.

3. It was agreed with Dr. Baricalla that he would arrange for the immediate appointment of Ing. Nicola Gianfagna and Ing. Raffaele Florenzano as joint Directors of the SIRT.

(a) Ing. Gianfagna is to be responsible for all technical matters and for contact with the Allied Forces. All instructions from Allied Forces will be given to him and he will be responsible for their execution.

(b) Ing. Florenzano is to be responsible for all administrative matters.

4. Dr. Baricalla as representative of the majority stock interest in SIRT assumes full responsibility for the proper functioning of the SIRT organization.

5. It was explained to Dr. Baricalla that the establishment of SIRT as a going concern with responsible officials in charge was a first requirement of the Allied Forces and Dr. Baricalla has given assurances that with the appointment of Gianfagna and Florenzano this would be accomplished.

6. A program was given to Dr. Baricalla as follows:-

(a) A joint Sirt - Azienda di Stato proposal to be presented for taking over of maintenance of the State cable, such proposal to be detailed in respect to dates, personnel etc. A proposal has now been received by this Sub-Commission and is being translated.

- (b) Arrangements with Allied Forces (Lt.Col. Keith) for payment of SIRTII personnel now being paid by Allied Forces as of August 1st, 1944 and settlement for payments made ~~to~~ previous to that date. The Allied Forces will require SIRTII to settle such costs incurred in restoration of State cables as are not considered a proper charge to Military operations. It will be SIRTII's responsibility to obtain settlement from the Azienda di Stato for any amounts properly chargeable to the Azienda.
