TO/ Prefecture Caserta.

SUBJECT: Derequisition of locations via Annibale Ceccano in favour of Marespe.

From the Azienda Nazionale delle Strade Statali del Compartimento di Caserta arrives the order to let free, within the 14 Jan.47, the locals occupied by the Marespe and requisitioned by the Allies with decree n.1952/A Gab of 10 June 46; on the basis of a provision from this Prefecture of which in folio 7100 Gab of 7 Dec.46.

As this Marespe Regional Directorate took charge, by order and under the Allied control, of the maintenance of the allied telegraph network, service which still is made on all the regional zones, the opportunity of such a provision is not understood.

Please let us know if the mentioned Azienda should be satisfied in its request, considering that, no direct communication has been received from this Prefecture, and considering that, as from previous allied provisions, already known by this Prefecture, the telegraph service controlled by the Allies cannot undergo interruptions nor displacement of plants without the Allies' authority.

The matter is of an exceptional importance. Please reexamine it, therefore, for any further revocation of the provision.

In the Meantime we are informing the competent Allied Authorities and the Sup.Ministry, in order to intervene in the matter.

Awaiting your reply.

 Prot. N. 4643/II/Capp *et* p.o. Direzione Centrale Marespe

O G G E T T O: Dequisizione locali Via Annibale Ceccano a favore Marespe.

Dall' Azienda Nazionale Autonoma delle Strade Statali del Compartimento di Caserta perviene l'ingiunzione di lasciar liberi, entro il 14 gennaio 1947, i locali occupati dal Marespe e requisiti dagli Alleati con ordinanza prefettizia nr. 1952/A Gab del 10 giugno 1946; in virtù di una disposizione di codesta Prefettura di cui al foglio 7100 Gab del 7 dicembre 1946.

Poichè questa Direzione Regionale Marespe è subentrata per ordine e sotto il controllo degli Alleati alla sorveglianza e manutenzione della rete telegrafica alleata, servizio che tuttora viene svolto su tutte le arterie regionali, non si comprende l'opportunità di tale disposizione.

Si prega di voler far conoscere se la predetta Azienda possa essere soddisfatta in quanto chiede, dato che, da codesta Prefettura non è pervenuta a questa Direzione alcuna comunicazione diretta, e dato che, come da precedenti disposizioni alleate, già note a codesta Prefettura, il servizio telegrafico controllato dagli Alleati non può subire interruzioni e spostamenti di impianti senza l'autorizzazione dei medesimi.

18 October 1946

SUBJECT: Foggia - Derequisition of office space in P.T. building.

As you know the P.T. building of Foggia is still partly requisitioned by the Signal Office, which occupies rooms on the ground floor and the basement. That obstructs considerably the reactivation of postal and telegraph services, some of which, because of lack of space, are forced to reside in localities far away from the centre.

Considering that the Signal Office could easily find place in the huge office space (ground and basement) of the building of the aqueduct in front, occupied by very few Allied departments, please dispose that the space of the mentioned building P.T. of Foggia be derequisitioned by the Signal Office in order to give our services a better and definite settlement.

Awaiting an early reply.
